## Auditor of State Betty Montgomery

### INDEPENDENT ACCOUNTANT'S REPORT

Educational Service Center  
Knox County  
308 Martinsburg Road  
Mount Vernon, Ohio 43050

To the Governing Board:

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Educational Service Center, Knox County, Ohio (the Center), as of and for the year ended June 30, 2004, which collectively comprise the Center's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Center's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Educational Service Center, Knox County, Ohio, as of June 30, 2004, and the respective changes in financial position, where applicable, and the respective budgetary comparison for the General fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 3, during the year ended June 30, 2004, the Center implemented a new financial reporting model, as required by the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2004, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

35 N. Fourth St. / Second Floor / Columbus, OH 43215  
Telephone: (614) 466-3402 (800) 443-9275 Fax: (614) 728-7199  
[www.auditor.state.oh.us](http://www.auditor.state.oh.us)

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to form opinions on the financial statements that collectively comprise the Center's basic financial statements. The schedule of federal awards receipts and expenditures is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. We subjected the schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads "Betty Montgomery". The signature is written in a cursive, flowing style.

**Betty Montgomery**

December 8, 2004

## **Knox County Educational Service Center**

*Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2004  
Unaudited*

---

The discussion and analysis of Knox County Educational Service Center's financial performance provides an overall review of the Educational Service Center's financial activities for the fiscal year ended June 30, 2004. The intent of this discussion and analysis is to look at the Educational Service Center's financial performance as a whole. Readers should also review the financial statements and notes to those respective statements to enhance their understanding of the Educational Service Center's financial performance.

### **Financial Highlights**

Key Financial Highlights for 2004 are as follows:

- In total, net assets decreased by \$90,197. Total assets decreased by \$84,852 and total liabilities increased by \$5,345.
- Revenues for governmental activities totaled \$4,122,439 in 2004. Of this total, 2.4 percent consisted of general revenues while program revenues accounted for the balance of 97.6 percent.
- Program expenses totaled \$4,212,636. Instructional expenses made up 59.6 percent of this total while support services accounted for 40.1 percent. Other expenses rounded out the remaining 0.3 percent.

### **Using these Basic Financial Statements**

This annual report consists of a series of financial statements and notes pertaining to those statements. The statements are organized so the reader can understand the Knox County Educational Service Center as a financial whole, or complete operating entity.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole Educational Service Center, presenting both an aggregate and longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements explain how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Educational Service Center's most significant funds with all other non-major funds presented in total in one column. In the case of Knox County Educational Service Center, the general fund is the most significant fund.

### **Reporting the Educational Service Center as a Whole**

#### *Statement of Net Assets and Statement of Activities*

While this document contains all the funds used by the Educational Service Center to provide programs and activities, the view of the Educational Service Center as a whole considers all financial transactions and asks the question, "How did we do financially during 2004?" The *Statement of Net Assets* and *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting, similar to the accounting used by most private-sector companies. Accrual accounting takes into account all of the current year's revenues and expenses, regardless of when cash is received or paid.

These two statements report the Educational Service Center's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the Educational Service Center as a whole, the financial position of the Educational Service Center has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

## Knox County Educational Service Center

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2004  
Unaudited

In the Statement of Net Assets and the Statement of Activities, all of the Educational Service Center's activities are classified as governmental. All of the School District's programs and services are reported here including instruction, support services, operation and maintenance, pupil transportation and extracurricular activities.

### Reporting the Educational Service Center's Most Significant Funds

#### *Fund Financial Statements*

The analysis of the School District's major funds begins on page 7. Fund financial reports provide detailed information about the Educational Service Center's major fund. The Educational Service Center uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental fund is the general fund.

#### *Governmental Funds*

All of the Educational Service Center's activities are reported as governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending in future periods. These funds are reported using an accounting method called *modified accrual accounting*, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Educational Service Center's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

### The Educational Service Center as a Whole

You may recall that the *Statement of Net Assets* provides the perspective of the Educational Service Center as a whole. Table 1 provides a summary of the Educational Service Center's net assets for 2004 compared to 2003:

**Table 1**  
**Net Assets**  
**Governmental Activities**

	2004	2003
<b>Assets</b>		
Current and Other Assets	\$1,652,348	\$1,735,348
Capital Assets, Net	71,426	73,278
<b>Total Assets</b>	<b>1,723,774</b>	<b>1,808,626</b>
<b>Liabilities</b>		
Current Liabilities	306,400	308,953
Long-Term Liabilities:		
Due Within One Year	16,259	14,680
Due in More Than One Year	65,038	58,719
<b>Total Liabilities</b>	<b>\$387,697</b>	<b>\$382,352</b>

**Knox County Educational Service Center**

*Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2004  
Unaudited*

	2004	2003
<b>Net Assets</b>		
Invested in Capital Assets	\$71,426	\$73,278
Restricted for:		
Student Activities	6,808	9,483
Staff Development	56,017	56,263
Daycare	9,694	758
Technology	0	9,632
Preschool	0	3,167
SchoolNet	2,086	2,023
Unrestricted	1,190,046	1,271,670
<i>Total Net Assets</i>	<u>\$1,336,077</u>	<u>\$1,426,274</u>

Total assets decreased by \$84,852. This decrease was primarily due to a decrease in receivables from the prior year. Total liabilities increased by \$5,345. Long-term liabilities increased by \$7,898 offset by the decrease of current liabilities of \$2,553.

Table 2 shows the changes in net assets for fiscal year 2004. Since this is the first year that the Educational Service Center prepared financial statements following GASB Statement 34, revenue and expense comparisons to fiscal year 2003 are not available. In future years, when prior year information is available, a comparative analysis of government-wide data will be presented.

**Table 2  
Changes in Net Assets  
Governmental Activities**

	2004
<b>Revenues</b>	
Program Revenues:	
Charges for Services	\$2,883,097
Operating Grants and Contributions	1,140,665
Total Program Revenues	<u>4,023,762</u>
General Revenues:	
Investment Earnings	15,460
Miscellaneous	83,217
Total General Revenues	<u>98,677</u>
Total Revenues	<u>\$4,122,439</u>

**Knox County Educational Service Center**

*Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2004  
Unaudited*

---

	<u>2004</u>
<b>Program Expenses</b>	
Instruction:	
Regular	\$90,263
Special	2,420,030
Support Services:	
Pupils	567,925
Instructional Staff	641,456
Board of Education	30,147
Administration	283,447
Fiscal	72,400
Operation and Maintenance of Plant	93,036
Pupil Transportation	650
Central	2,784
Extracurricular Activities	<u>10,498</u>
Total Program Expenses	<u>4,212,636</u>
Decrease in Net Assets	(90,197)
<i>Net Assets Beginning of Year - Restated</i>	<u>1,426,274</u>
<i>Net Assets End of Year</i>	<u><u>\$1,336,077</u></u>

The vast majority of revenue supporting all governmental activities is program revenue received as grants for special education and charges for services from contracts with local districts. Program revenue totaled \$4,023,762 or 97.6 percent of the total revenue. The remaining amount of revenue received was in the form of general revenues, which equates to \$98,677 or 2.4 percent of total revenue.

***Governmental Activities***

A review of Table 2 shows the Educational Service Center generating roughly 5.6 percent excess of revenues under expenses. The categories of revenues and expenses are subject to interpretation and reclassification. Regardless, the bottom line is the same. Prior year comparison is not available due to the initial year implementation of this accounting presentation.

The Statement of Activities shows the total net cost of program services. Table 3 shows the total cost of services for governmental activities and the net cost of those services. That is, it identifies the cost of these services supported by general revenue.

Total	<u>\$4,212,636</u>	<u>(\$188,874)</u>

## The Educational Service Center's Funds

Information regarding the School District's major funds can be found on page 12. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$4,102,995 and expenditures of \$4,204,553.

## General Fund Budgeting Highlights

The Educational Service Center's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant fund to be budgeted is the main operating fund of the School District, the general fund.

For the General fund, the final budget basis estimated revenue actual totaled \$3,871,029, which was very close to the original estimate of \$3,755,801. Final budget basis appropriations totaled \$5,278,953 compared to the original estimate of \$4,363,814. This difference was primarily due an increase in special education costs.

The general fund's unencumbered ending cash balance totaled \$1,413,300, which was well above the original budgeted amount of \$781,165, due to the Educational Services Center keeping its actual expenditures well below the amount that was appropriated.

## Capital Assets

At the end of fiscal year 2004, the Educational Service Center had \$71,426 invested in furniture, fixtures and equipment. Table 4 shows fiscal 2004 values compared to 2003. More detailed information is presented in Note 9 to the basic financial statements.

**Knox County Educational Service Center**

*Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2004  
Unaudited*

---

**Table 4  
Capital Assets at June 30  
Governmental Activities**

	<u>2004</u>	<u>2003</u>
Furniture, Fixtures and Equipment	<u>\$71,426</u>	<u>\$73,278</u>

All capital assets are reported net of depreciation. As one can see, there was a slight decrease in capital assets during the fiscal year. The current depreciation expense was offset due to the Educational Service Center renting space in a brand new building and buying new furniture, fixtures and equipment to replace the older items.

**Current Related Financial Activities**

The Knox County Educational Service Center is financially stable at the present time. The Governing Board and administration closely monitor revenues and expenditures in accordance with Board Policy.

In order to provide better services to the clients of the Educational Service Center, the operation of the Educational Service Center was moved last year to new facilities built by the Knox County Career Center. This will enable the Educational Service Center to expand its services and have more space for meetings, training sessions, and other activities that meet the needs of its clients. For this office and building space, the Educational Service Center is now paying rent to the Career Center. If there is no legislative change in the law, within two years, there will be no revenue for the service center for facilities. In the past, county commissioners provided funding for educational service center facilities by law.

Irrespective of the instability of funding in the state of Ohio, and the uncertainty of the organization of educational service centers due to the implementation of regional service centers, the Knox County Educational Service Center is committed to providing the best services possible and to be fiscally responsible in its operation.

The challenge that faces the Educational Service Center operation is not in providing quality services, but the uncertainty of how the Educational Service Center will deliver services and what those services should be. Proposed legislation and Ohio Department of Education initiatives clearly reinforce the uncertainty of the Educational Service Center's role in delivering services.

The Knox County Educational Service Center relies heavily on not only contracts with local districts, State foundation revenue, but other grants it is able to generate. With declining State support, minimal available revenues, it becomes imperative that the Knox County Education Service Center be able to generate other sources of revenue to sustain the level of quality of services it now provides to its stakeholders. The Educational Service Center continually strives to provide more services to meets its clients' needs in a cost effective manner.

The Educational Service Center has an efficient system of budgetary processes and controls. New internal department budgets were established in the 2003-04 school year to build in additional administrative accountability in administering the budget.

**Knox County Educational Service Center**  
*Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities  
For the Fiscal Year Ended June 30, 2004*

**Net Change in Fund Balances - Total Governmental Funds** (\$101,558)

*Amounts reported for governmental activities in the  
statement of activities are different because*

Governmental funds report capital outlays as expenditures.  
However, in the statement of activities, the cost of those  
assets is allocated over their estimated useful lives as  
depreciation expense. This is the amount by which capital  
outlays exceeded depreciation in the current period.

Capital Asset Additions	25,279
Depreciation	<u>(17,607)</u>

Total	7,672
-------	-------

Governmental funds only report the disposal of capital assets to the extent  
proceeds are received from the sale. In the statement of activities  
a gain or loss is reported for each disposal. (9,524)

Revenues in the statement of activities that do not provide  
current financial resources are not reported as revenues  
in the funds.

Tuition and Fees	16,064
Miscellaneous	<u>3,380</u>

Total	19,444
-------	--------

Some expenses reported in the statement of activities do not  
require the use of current financial resources and therefore  
are not reported as expenditures in governmental funds.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

### **Note 1 - Description of the Educational Service Center and Reporting Entity**

On July 18, 1914, the Knox County Educational Service Center ("Educational Service Center") was formed. The Educational Service Center supplies supervisory, administrative, and other needed services to area school districts.

The Educational Service Center operates under a locally-elected five member Board form of government and provides educational services as mandated by State and federal agencies. The Board controls the Educational Service Center's support facilities staffed by 92 non-certificated and 53 certificated teaching personnel, and seven administrators who provide services to 8,322 students and other community members.

#### *Reporting Entity*

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds that are not legally separate from the Educational Service Center. For the Educational Service Center, this includes general operations and related activities of the Educational Service Center.

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization's governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization's resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt or the levying of taxes. The Educational Service Center has no component units.

The Educational Service Center participates in three jointly governed organizations and one insurance purchasing pool. These organizations are presented in Notes 11 and 12 to the basic financial statements. These organizations are the Knox County Career Center, Tri-Rivers Educational Computer Association, North Central Ohio Special Education Regional Resource Center and the Ohio School Boards Association Workers' Compensation Group Rating Program.

### **Note 2 - Summary of Significant Accounting Policies**

The financial statements of the Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Educational Service Center also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the Educational Service Center's accounting policies are described below.

## Knox County Educational Service Center

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

### **A. Basis of Presentation**

The Educational Service Center's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-wide Financial Statements** The statement of net assets and the statement of activities display information about the Educational Service Center as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net assets presents the financial condition of the governmental activities of the Educational Service Center at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Educational Service Center's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Educational Service Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Educational Service Center.

**Fund Financial Statements** During the year, the Educational Service Center segregates transactions related to certain Educational Service Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Educational Service Center at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

### **B. Fund Accounting**

The Educational Service Center uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. The funds of the Educational Service Center are divided into two categories: governmental and fiduciary.

**Governmental Funds** Governmental funds are those through which most governmental functions of the Educational Service Center typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the Educational Service Center's major governmental fund:

**General Fund** The general fund is the operating fund of the Educational Service Center and is used to account for all financial resources except those required to be accounted for in another fund.

The other governmental funds of the Educational Service Center account for grants and other resources whose use is restricted to a particular purpose.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

***Fiduciary Fund Type*** Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the Educational Service Center under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Educational Service Center's own programs. The Educational Service Center's only trust fund is a private-purpose trust fund established to account for funds from an estate with the interest specifically designated to be used for college scholarships. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Educational Service Center's agency fund accounts for resources for the North Central Ohio Special Education Regional Resource Center.

### ***C. Measurement Focus***

***Government-wide Financial Statements*** The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the Educational Service Center are included on the statement of net assets. The statement of activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

***Fund Financial Statements*** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (e.g., revenues and other financing sources) and uses (e.g., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private-purpose trust fund is reported using the economic resources measurement focus.

### ***D. Basis of Accounting***

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

***Revenues - Exchange and Non-Exchange Transactions*** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of year-end.

## Knox County Educational Service Center

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

Non-exchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements, and donations. On an accrual basis, revenue from grants, entitlements, and donations is recognized on the modified accrual basis in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: grants, interest, tuition, fees and customer services.

***Deferred Revenue*** Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met and receivables that are not collected within the available period are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

***Expenses/Expenditures*** On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

### ***E. Cash and Cash Equivalents***

To improve cash management, cash received by the Educational Service Center is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the Educational Service Center's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

Investments are reported at fair value, which is based on quoted market prices.

During fiscal year 2004, the Educational Service Center invested in STAROhio, an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on June 30, 2004.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2004 amounted to \$15,460, which includes \$835 assigned from other Educational Service Center funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Educational Service Center are presented on the financial statements as cash equivalents.

**Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

***F. Inventory***

Inventories are presented at cost on a first-in, first-out basis and are expensed/expended when used. Inventories consist of donated and purchased food, supplies held for resale and supplies held for consumption.

***G. Capital Assets***

All capital assets of the Educational Service Center are classified as general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Educational Service Center maintains a capitalization threshold of \$500. The Educational Service Center does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Furniture, Fixtures and Equipment	6 - 10 years

***H. Compensated Absences***

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the Educational Service Center's past experience of making termination payments.

***I. Accrued Liabilities and Long-term Obligations***

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

### ***J. Interfund Transactions***

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

### ***K. Fund Balance Reserves***

The Educational Service Center reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances.

### ***L. Net Assets***

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Educational Service Center or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Educational Service Center applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

### ***M. Extraordinary and Special Items***

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence.

### ***N. Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### ***O. Budgetary Data***

The budgetary process that is followed by the Educational Service Center is for control purposes.

The Educational Service Center adopts its budget for all funds on or before the start of the new fiscal year. Included in the budget are the estimated resources and expenditures for each fund. Upon review by the Educational Service Center's Board, the annual appropriation resolution is adopted. After the start of the fiscal year, the estimated resources are revised and accepted by the Board to include any unencumbered cash balances from the preceding fiscal year. The estimated resources may be amended or supplemented throughout the year as circumstances warrant.

## Knox County Educational Service Center

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

The annual appropriation resolution is enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the Educational Service Center. The appropriation resolution, by fund, must be within the estimated resources and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the total of any fund appropriation or alter total function appropriations within a fund, or alter object appropriations within functions, must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the budget approved by the State Board of Education. During the year, several supplemental appropriations were enacted; however, none of these amendments were significant. The budget figures, which appear in the statements of budgetary comparisons, represent the final appropriation amounts, including all supplemental appropriations, and do not exceed the certificate of estimated resources that was in effect at the time the final appropriation was passed. Formal budgetary integration is employed as a management control device during the year for all funds.

### **Note 3 - Change in Accounting Principles and Restatement of Fund Balances/Net Assets**

***Changes in Accounting Principles*** For fiscal year 2004, the Educational Service Center has implemented GASB Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments", GASB Statement No. 37, "Basic Financial Statements for State and Local Governments: Omnibus", GASB Statement No. 38, "Certain Financial Statement Note Disclosures", GASB Statement No. 41, "Budgetary Comparison Schedules - Perspective Differences", and GASB Interpretation No. 6 "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements."

GASB Statement No. 34 creates new basic financial statements for reporting on the Educational Service Center's financial activities. The financial statements now include government-wide financial statements prepared on an accrual basis of accounting and fund financial statements which present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Fiduciary funds are reported by type.

On the government-wide financial statements, the beginning net asset amount for governmental activities reflects the change in fund balance for governmental funds at June 30, 2003, and the conversion to the accrual basis of accounting.

GASB Statement No. 37 clarifies certain provisions of Statement No. 34, including the required content of the Management Discussion and Analysis, the classification of program revenues and the criteria for determining major funds. GASB Statement No. 38 modifies, establishes and rescinds certain financial statement note disclosures.

GASB Statement No. 41 allows the presentation of budgetary schedules as required supplementary information based on the fund, organization or program structure that the government uses for its legally adopted budget when significant budgetary perspective differences result in the Educational Service Center not being able to present budgetary comparisons for the general and each major special revenue fund. The implementation of Statement No. 41 did not affect the presentation of the budgetary statements of the Educational Service Center.

GASB Interpretation No. 6 clarifies the application of standards for modified accrual recognition of certain liabilities and expenditures in areas where differences have arisen, or potentially could arise, in interpretation and practice.

**Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

**Restatement of Fund Balance** The new standards for reporting fund obligations for compensated absences in Interpretation No. 6 caused changes in previously reported fund balances. This restatement had the following effect on fund balance of the major and nonmajor funds of the Educational Service Center as they were previously reported. The transition from governmental fund balance to net assets of the governmental activities is also presented.

	<u>General</u>	<u>Nonmajor</u>	<u>Total</u>
Fund Balances, June 30, 2003	\$1,344,056	\$80,467	\$1,424,523
Implementation of GASB Interpretation No. 6	21,622	0	21,622
Adjusted Fund Balance, June 30, 2003	<u>\$1,365,678</u>	<u>\$80,467</u>	<u>\$1,446,145</u>
GASB 34 Adjustments:			
Capital Assets			73,278
Intergovernmental Payable			(19,750)
Long-Term Liabilities:			
Compensated Absences			(73,399)
Governmental Activities Net Assets, June 30, 2003			<u><u>\$1,426,274</u></u>

**Note 4 - Fund Deficits**

Fund Balances at June 30, 2004, included the following individual fund deficits:

Special Revenue Funds:	
EMIS	\$7,922
Alternative Center	718
Technology Equity	166
Preschool	37

The special revenue fund deficit balances resulted from adjustments for accrued liabilities. The general fund is liable for any deficit in these funds and provides operating transfers when cash is required, not when accruals occur.

**Note 5 - Budgetary Basis of Accounting**

While the Educational Service Center is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are:

**Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statement to the budgetary basis statement for the general fund.

Net Change in Fund Balance	
GAAP Basis	(\$87,179)
Net Adjustment for Revenue Accruals	121,627
Net Adjustment for Expenditure Accruals	(6,252)
Encumbrances	(4,074)
Budget Basis	<u><u>\$24,122</u></u>

**Note 6 - Deposits and Investments**

State statutes classify monies held by the Educational Service Center into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Educational Service Center Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim moneys are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the Educational Service Center's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

## Knox County Educational Service Center

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAROhio);
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Educational Service Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Deposits** At fiscal year-end, the carrying amount of the Educational Service Center's deposits was \$316,395 and the bank balance was \$653,710. \$100,000 of the bank balance was covered by federal depository insurance. \$553,710 was uninsured and uncollateralized. Although the securities serving as collateral were held by the pledging institution in the pledging institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Educational Service Center to a successful claim by the FDIC.

## Knox County Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2004

**Investments** The Educational Service Center's investments are required to be categorized to give an indication of the level of risk assumed by the Educational Service Center at fiscal year end. Category 1 includes investments that are insured or registered or for which the securities are held by the Educational Service Center or its agent in the Educational Service Center's name. Category 2 includes uninsured and unregistered investments which are held by the counterparty's trust department or agent in the Educational Service Center's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the Educational Service Center's name.

The Educational Service Center invests in STAROhio, the State Treasurer's Investment Pool, which is not classified by degree of credit risk since it is not evidenced by securities that exist in physical or book entry form. The School District's investment in STAROhio had a fair value of \$1,285,967 at June 30, 2004.

The classification of cash and cash equivalents, and investments on the combined financial statements is based on criteria set forth in GASB Statement No. 9. A reconciliation between the classifications of cash and investments on the combined financial statements and the classification per GASB Statement No. 3 is as follows:

	<u>Cash and Cash Equivalents</u>	<u>Investments</u>
GASB Statement No. 9	\$1,602,362	\$0
Investments of the Cash Management Pool:		
STAROhio	(1,285,967)	1,285,967
GASB Statement No. 3	<u>\$316,395</u>	<u>\$1,285,967</u>

### Note 7 - Receivables

Receivables at June 30, 2004, consisted of tuition and intergovernmental grants. All receivables are considered collectible in full and will be received within one year.

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
<b>Governmental Activities</b>	
Tuition	\$146,549
Preschool	4,115
<i>Total Governmental Activities</i>	<u>\$150,664</u>

## Knox County Educational Service Center

Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004

### Note 8 - State Funding

The Education Service Center, under state law, provides supervisory services to the local school districts within its territory. Each city and exempted village school district that entered into an agreement with the Educational Service Center is considered to be provided supervisory services. The cost of the supervisory services is determined by formula under State law. The State Department of Education apportions the costs for all supervisory services among the Education Service Center's local and client school districts based on each school's total student count. The Department of Education deducts each school district's amount from their State Foundation Program settlements and remits the amount to the Educational Service Center. The Educational Service Center may provide additional supervisory services if the majority of local and client school districts agree to the services and the apportionment of the costs to all of the local and client school districts.

The Educational Service Center also receives funding from the State Department of Education in the amount of \$37 times the average daily membership of the Educational Service Center. Average daily membership includes the total student counts of all local school districts within the Educational Service Center's territory and all of the Educational Service Center's client schools districts. This amount is paid from State resources. The State Department of Education also deducts from the State Foundation Program settlement of each of the Education Service Center's local and client school district an amount equal to \$19.00 times the school district's total student count and remits this amount to the Education Service Center.

The Education Service Center may contract with city, exempted village, local, joint vocational, or cooperative education school districts to provide special education and related services or career-technical education services. The individual boards of education pay the costs for these services directly to the Education Service Center.

### Note 9 – Capital Assets

Capital asset activity for the fiscal year ended June 30, 2004, was as follows:

	Balance 7/1/03	Additions	Deductions	Balance 6/30/04
<b>Governmental Activities</b>				
Capital Assets, being Depreciated				
Furniture, Fixtures and Equipment	136,380	25,279	(39,421)	122,238
Less Accumulated Depreciation:				
Furniture, Fixtures and Equipment	(63,102)	(17,607) *	29,897	(50,812)
Governmental Activities Capital Assets, Net	<u>\$73,278</u>	<u>\$7,672</u>	<u>(\$9,524)</u>	<u>\$71,426</u>

## Knox County Educational Service Center

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

\* Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$1,872
Special	6,660
Support Services:	
Instructional Staff	5,790
Administration	3,015
Fiscal	270
Total Depreciation Expense	\$17,607

### Note 10 – Long-Term Obligations

Changes in long-term obligations of the Educational Service Center during fiscal year 2004 were as follows:

	Amount Outstanding 6/30/03	Additions	Deletions	Amount Outstanding 6/30/04	Amounts Due in One Year
<b>Governmental Activities</b>					
Compensated Absences	\$73,399	\$22,578	\$14,680	\$81,297	\$16,259

Compensated absences will be paid from the general fund and public school preschool, alternative center and preschool special revenue funds.

### Note 11 - Jointly Governed Organizations

***Knox County Career Center*** The Knox County Career Center is a joint vocational school. The Knox County Career Center includes six member school districts spread throughout Coshocton, Delaware, Holmes, Knox, Licking, Morrow and Richland counties. It is operated under the direction of a Board consisting of three representatives from Knox County Educational Service Center elected board, three from Mount Vernon City elected board and one from Mid Ohio Educational Service Center elected board, which possesses its own budgeting and taxing authority. Each participant's control is limited to its representation on the board. The Knox County Educational Service Center did not make any payments for services during fiscal year 2004. To obtain financial information write to the Knox County Career Center, 302 Martinsburg Road, Mt. Vernon, Ohio 43050.

***Tri-Rivers Educational Computer Association*** The Tri-Rivers Educational Computer Association (TRECA) is jointly governed organization among 31 member districts. TRECA was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions among member districts. Each of the governments of these schools supports TRECA based upon a per pupil charge dependent upon the software package utilized. TRECA is governed by a board of directors consisting of superintendents of the members' districts. The degree of control exercised by any participating school district is limited to its representation on the board. The Knox County Educational Service Center did not make any payments for services during fiscal year 2004. Audited yearly financial statements are available at TRECA, 2222 Marion-Mt. Gilead Road, Marion, Ohio, 43302.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2004*

---

***North Central Ohio Special Education Regional Resource Center*** North Central Ohio Special Education Regional Resource Center (NCO/SERRC)-NCO/SERRC is a special education service center which selects its own board, adopts its own budget and receives direct federal and State grants for its operation. The jointly governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents. NCO/SERRC is governed by a governing board of 47 members made up of representatives from 42 superintendents of the participating districts, one representative from area colleges and university branches, one representative of the County 169 programs, two parents of children with disabilities, and one non-public representative. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Knox County Educational Service Center, Martinsburg Road, Mount Vernon, Ohio 43050.

### **Note 12 - Insurance Purchasing Pool**

The Educational Service Center participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participants pay an enrollment fee to the GRP to cover the costs of administering the program.

### **Note 13 - Risk Management**

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2004, the Educational Service Center contracted with the Ohio School Plan for property and general liability insurance.

Professional liability is protected by the Ohio School Plan with a \$3,000,000 annual aggregate/\$1,000,000 single occurrence limit and no deductible. Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

For fiscal year 2004, the Educational Service Center participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 12). The intent of the GRP is to achieve the benefit of a reduced premium for the Educational Service Center by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts and educational service centers that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

### **Note 14 - Pension Plans**

#### ***A. School Employees Retirement System***

The Educational Service Center contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476 or by calling (614)222-5853.

Plan members are required to contribute 10 percent of their annual covered salary and the Educational Service Center is required to contribute at an actuarially determined rate. The current Educational Service Center rate is 14 percent of annual covered payroll. A portion of the Educational Service Center's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2004, 9.09 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2003, 8.17 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The Educational Service Center's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2004, 2003 and 2002 were \$108,868, \$101,275 and \$49,091 respectively; 95.10 percent has been contributed for fiscal year 2004 and 100 percent for fiscal years 2003 and 2002.

#### ***B. State Teachers Retirement System***

The Educational Service Center participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2004, plan members were required to contribute 9.3 percent of their annual covered salaries. The Educational Service Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Educational Service Center's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2004, 2003, and 2002 were \$266,695, \$176,579, and \$182,006 respectively; 91.33 percent has been contributed for fiscal year 2004 and 100 percent for fiscal years 2003 and 2002. Contributions to the DC and Combined Plans for fiscal year 2004 were \$1,160 made by the Educational Service Center and \$12,426 made by the plan members.

### **Note 15 - Postemployment Benefits**

The Educational Service Center provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS) and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All retirees who participated in the DB or combined plans and their dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2004, the STRS Board allocated employer contributions equal to 1.0 percent of covered payroll to the Health Care Reserve Fund. For the Educational Service Center, this amount equaled \$20,515 for fiscal year 2004.

STRS pays health care benefits from the Health Care Reserve Fund. At June 30, 2004, the balance in the Fund was \$3.1 billion. For the year ended June 30, 2004, net health care costs paid by STRS were \$268,739,000 and STRS had 111,853 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2004, employer contributions to fund health care benefits were 4.91 percent of covered payroll, a decrease of 0.92 percent from fiscal year 2003. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2004,

## **Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

the minimum pay was established at \$25,400. For the Educational Service Center, the amount contributed to fund health care benefits, including the surcharge, during the 2004 fiscal year equaled \$58,806.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2004, were \$223.443 million and the target level was \$335.2 million. At June 30, 2004, SERS had net assets available for payment of health care benefits of \$300.8 million. SERS has approximately 62,000 participants currently receiving health care benefits.

### **Note 16 - Other Employee Benefits**

The criteria for determining vacation and sick leave benefits are derived from State laws. Classified employees, administrators and supervisors earn twenty days of vacation per year. Accumulated unused vacation time is paid upon termination of employment. Teachers do not earn vacation time. All employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to 180 days for 180-day employees and 200 days for 260-day employees. Upon retirement, payment is made for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 45 days. Any employee receiving such payment must meet the requirement provisions set by STRS or SERS.

Life Insurance is provided through Medical Life Insurance Company. The Governing Board pays 100 percent of the premium. Coverage is \$40,000 life and an additional \$40,000 Accidental Death, Dismemberment, and Loss of Sight.

Health insurance is provided through United Health Care. Employees pay \$40 and \$80 monthly for single and family coverage, respectively. Yearly deductible for individuals is \$100 and yearly family deductible is \$300.

### **Note 17 - Contingencies**

#### ***A. Grants***

The Educational Service Center received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Educational Service Center at June 30, 2004.

#### ***B. Litigation***

The Educational Service Center is not a party to legal proceedings.

**Knox County Educational Service Center**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2004*

---

**Note 18 - School State Funding Decision**

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding decision is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient..."

The Educational Service Center is currently unable to determine what effect, if any, this decision will have its future State funding and on its financial operations.

**NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES  
FOR THE YEAR ENDED JUNE 30, 2004**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Receipts and Expenditures (Schedule) is a summary of the activity of the Center's federal award programs. The Schedule has been prepared on the cash basis of accounting.

**NOTE B – MATCHING REQUIREMENTS**

Certain Federal programs require that the Center contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Center has complied with the matching requirements. The expenditure of non-federal matching funds is not included on the Schedule.

**NOTE C – SPECIAL EDUCATION REGIONAL RESOURCE CENTER (SERRC)**

The Schedule includes amounts received and spent by the SERRC. SERRC is a separate entity from the Center and has its own governing body. The Center's responsibility for funding is limited to depositing and disbursing federal monies as directed by the SERRC. SERRC is responsible for compliance with federal requirements, but the federal monies are included within the scope of the Center.

**Auditor of State  
Betty Montgomery**

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Educational Service Center  
Knox County  
308 Martinsburg Road  
Mount Vernon, Ohio 43050

To the Governing Board:

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Educational Service Center, Knox County, Ohio, (the Center) as of and for the year ended June 30, 2004, and have issued our report thereon dated December 8, 2004, in which we noted the Center adopted Governmental Accounting Board Statement No. 34. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the Center's basic financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Center's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**Auditor of State**

December 8, 2004

## Auditor of State Betty Montgomery

### INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Educational Service Center  
Knox County  
308 Martinsburg Road  
Mount Vernon, Ohio 43050

To the Governing Board:

#### Compliance

We have audited the compliance of the Educational Service Center, Knox County, Ohio, (the Center), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2004. The Center's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of Center's management. Our responsibility is to express an opinion on the Center's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Center's compliance with those requirements.

In our opinion, the Center complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2004.

#### Internal Control Over Compliance

The management of the Center is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Center's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

35 N. Fourth St. / Second Floor / Columbus, OH 43215  
Telephone: (614) 466-3402 (800) 443-9275 Fax: (614) 728-7199  
[www.auditor.state.oh.us](http://www.auditor.state.oh.us)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the Governing Board, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Betty Montgomery". The signature is written in a cursive, flowing style.
