**Auditor of State
Betty Montgomery**

Board of Trustees
Lake County Community College District
7700 Clocktower Drive
Kirtland, Ohio 44094

We have reviewed the *Independent Auditor's Report* of Lake County Community College District, prepared by Plante & Moran, PLLC, for the audit period July 1, 2004 through June 30, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Lake County Community College District is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Betty Montgomery".

Independent Auditor's Report

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

We have audited the accompanying basic financial statements of Lake County Community College District d/b/a Lakeland Community College as of and for the years ended June 30, 2005 and 2004, as listed in the table of contents. These basic financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of The Lakeland Foundation, a discretely presented component unit of Lake County Community College District d/b/a Lakeland Community College, whose statements reflect total assets of \$2,438,620 and \$2,243,264 as of June 30, 2005 and 2004, respectively, and total revenue of \$971,382 and \$580,344 for the years then ended, respectively. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for The Lakeland Foundation, is based solely on the report of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of Lake County Community College District d/b/a Lakeland Community College and its discretely presented component unit as of June 30, 2005 and 2004 and the respective changes in financial position and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 21, 2005 on our consideration of Lake County Community College District d/b/a Lakeland Community College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters for the year ended June 30, 2005. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide opinions on the internal control or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

The management's discussion and analysis presented on pages 3 through 10 is not a required part of the basic financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

The accompanying schedule of federal awards is presented for the purpose of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Plante & Moran, PLLC

September 21, 2005

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited

The discussion and analysis of the Lake County Community College District d/b/a Lakeland Community College's (Lakeland Community College, Lakeland, or the "College") annual financial statements provide an overview of the College's financial activities for the year ended June 30, 2005. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College administration.

Using this Report

The College's annual report consists of a series of financial statements prepared in accordance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by Governmental Accounting Standards Board Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. The financial statements focus on the financial condition, the results of operations, and the impact to cash flows of the College as a whole.

One of the most important questions asked about the College's finances is whether the College as a whole is better off, or worse off, as a result of the current year's activities. The keys to understanding this question are the Statement of Net Assets, Statement of Revenue, Expenses, and Changes in Net Assets, and Statement of Cash Flows. These statements present financial information in a form similar to that used by corporations. The College's net assets are one indicator of its financial health. Over time, increases or decreases in net assets point out the improvement or erosion of the College's financial health when considered with non-financial facts (such as enrollment levels, state changes in funding, facility changes, etc.).

The Statement of Net Assets includes all assets and liabilities of the College. It is prepared using the accrual basis of accounting. Revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the services, regardless of when cash is exchanged.

The Statement of Revenues, Expenses, and Changes in Net Assets presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or nonoperating. The financial reporting model classifies that state and local appropriations, as well as gifts, are treated as nonoperating revenues. Since dependency on State of Ohio and local aid is recognized as nonoperating revenue under accounting principles generally accepted in the United States of America, a public college normally presents operating results as a deficit. The utilization of long-lived assets, primarily capital assets, is in the financial statements as depreciation.

Another important factor to consider when evaluating the College's financial viability is the College's ability to meet financial obligations as they mature. One measure of this factor is the College's working capital or the relationship of its current assets less its current liabilities.

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

The statement of cash flows presents the information related to cash inflows and outflows summarized by operating, capital and non-capital financing and investing activities, and illustrates the College's sources and uses of cash.

During 2004, the College adopted Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations are Component Units*. The impact of implementing this statement brought in The Lakeland Foundation as a discretely presented component unit due to the significant operational and financial relationships maintained with the College. The Lakeland Foundation's purpose is to support and promote excellence at the College by fund-raising via friend raising. It is a legally separate entity governed by its own Board of Directors. Discrete condensed financial information is presented on page 15 and in Notes 1 and 13.

Condensed Statement of Revenue, Expenses, and Changes in Net Assets

	Years Ended June 30		Change	
	2005	2004	Dollars	Percentage
Operating Revenues				
Student tuition and fees - Net	\$ 16,225,303	\$ 15,558,338	\$ 666,965	4.3
Grants, contracts, and other revenues	3,045,964	2,500,768	545,196	21.8
Auxiliary enterprises	5,252,378	5,060,703	191,675	3.8

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

Analysis of Results of Operations

Total revenues for the years ended June 30, 2005 and 2004 were \$55.4 million and \$51.8 million, respectively, of which operating revenues amounted to \$24.5 million and \$23.1 million, respectively. Operating revenues increased \$1.4 million, or 6.1 percent. Total operating expenses for the years ended June 30, 2005 and 2004 were \$56.7 million and \$53.5 million, respectively. Operating expenses increased \$3.2 million, or 6.0 percent. The College's operating loss amounted to \$32.2 million during 2005 compared to \$30.4 million in 2004, which represented an increase of \$1.8 million, or 5.9 percent.

Student tuition and fees, net are comprised of credit and non-credit instruction revenues. A breakdown and comparison of these revenues follow:

Credit and Non-Credit Instruction Revenues					
	Years Ended June 30		Change		
	2005	2004	Dollars	Percentage	
(Dollars in Millions)					
Credit instruction	\$ 14.1	\$ 13.3	\$ 0.8	5.4	
Non-credit instruction	1.4	1.6	(0.2)	(9.1)	
Other	0.7	0.7	-	-	
Total	<u>\$ 16.2</u>	<u>\$ 15.6</u>	<u>\$ 0.6</u>	<u>4.3</u>	

Student tuition and fees, net, increased 4.3 percent during 2005 as compared to 2004. Credit instruction tuition and fees increased 5.4 percent during 2005 as compared to 2004. This reflects a 0.7 percent enrollment increase in credit instruction during 2005 compared to 2004 (from 160,267 credit hours in 2004 to 161,402 credit hours in 2005). Additionally, the increase reflects a 5.25 percent rate increase to credit instruction tuition and general fees effective with fall term 2005. Non-credit instruction revenue decreased by 9.1 percent during 2005 as compared to 2004 and was attributable to lower enrollments caused by delays in certain Center for Business and Industry program offerings during its management transition in 2005.

Grants, contracts, and other revenues increased by \$0.5 million and is primarily attributable to an increase in federal various private grants, as well as an increase in other sales and services.

Auxiliary enterprises revenues are primarily comprised of bookstore and food service sales and facility rentals. Revenues increased by 3.8 percent for these operations during 2005 compared to 2004, primarily attributable to increased bookstore sales.

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

The College's nonoperating revenues are comprised primarily of State of Ohio (State) and local appropriations. State appropriations include the State's Share of Instructional Support (SSIS) and access challenge funds, as well as replacement state excise taxes.

A breakdown and comparison of State appropriations revenues follows:

	State Appropriations			
	Years Ended June 30		Change	
	2005	2004	Dollars	Percentage
	(Dollars in Millions)			
SSIS and Access Challenge	\$ 16.6	\$ 15.0	\$ 1.6	10.4
Replacement state excise taxes	1.2	1.2	-	-
Total	<u>\$ 17.8</u>	<u>\$ 16.2</u>	<u>\$ 1.6</u>	<u>9.6</u>

SSIS and Access Challenge funds increased by \$1.6 million, or 10.4 percent, during 2005 as compared to 2004. This reflects SSIS and Access Challenge funding based on the Ohio Board of Regents' 2005 distribution schedule and the State of Ohio approved biennium budget.

As part of the legislation that deregulated the electric and natural gas utilities, commencing with calendar year 2002, the College began receiving \$1.2 million in Replacement State Excise taxes at a "100 percent guarantee" each year for a five-year period (to protect the College from lost public utility taxes due to lowered valuations). This amount is being received from the State in two equal semiannual installments. The guarantee will be reduced to an 80 percent level for years 6 through 10, and proportionately reduced to zero in years 11 through 15.

Local appropriations increased by \$0.2 million, or 1.5 percent, during 2005 as compared to 2004. Local appropriations represent the receipt and collection of property taxes for operating and capital purposes from two levies approved by the Lake County voters: a 1.7 mill continuing levy, and a 1.5 mill 10-year levy. The slight increase is primarily attributable to increased real estate taxes, partially offset by a decline in personal property tax receipts.

Other nonoperating income and expenses, net increased slightly and was primarily attributable to an increase in investment income net of interest expense, partially offset by an increase in interest expense on capital debt. The increase in investment income was primarily due to an increase in investment yield, partially offset by lower funds to invest. The increase in interest expense was primarily attributable to a full year of interest expense on the College's \$4 million Tax Anticipation Note issued in November 2003.

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

Operating expenses include educational and general, auxiliary enterprises, and depreciation. A breakdown and comparison of these expenses follows:

Operating Expense Summary				
	Years Ended June 30		Change	
	2005	2004	Dollars	Percentage
(Dollars in Millions)				
Educational and general:				
Salaries and wages	\$ 30.8	\$ 29.5	\$ 1.3	4.4
Benefits	7.9	7.2	0.7	9.7
Operating expenses	<u>10.0</u>	<u>9.3</u>	<u>0.7</u>	<u>7.5</u>
Total educational and general	48.7	46.0	2.7	5.9
Auxiliary enterprises	5.2	4.9	0.3	4.8
Depreciation	<u>2.8</u>	<u>2.6</u>	<u>0.2</u>	<u>10.1</u>
Total	<u>\$ 56.7</u>	<u>\$ 53.5</u>	<u>\$ 3.2</u>	<u>6.0</u>

The increase in salaries and wages during 2005 was primarily attributable to negotiated cost of living and scheduled salary increases for employees, offset by reductions in credit faculty costs (summer 2004) and non-credit faculty costs.

Benefits increased during 2005 by \$0.7 million or 9.7 percent and were attributable to increases in retirement benefits proportional to the increase in salaries and wages, new hires subject to Medicare replacing long-term employees not subject to these employer costs, and an increase in the School Employees Retirement System annual surcharge. Additionally, non-retirement benefit costs increased by 14.6 percent. This increase is attributable to health care benefit costs increasing by 17.3 percent (primarily attributable to increased premiums and a budgeted increase in employees eligible for benefits) and higher worker's compensation premiums. Although increases to these non-retirement programs occurred, the College still benefits from its participation in group buying efforts for health care and workers' compensation.

The increase in non-labor related operating expenses was primarily attributable to higher maintenance costs, utilities, legal and collection fees, various supplies, and advertising offset by reduced rental costs at Lakeland East, lower county auditor fees, and purchases of non-capitalized equipment, as well as various cost-saving measures to offset lower than budgeted revenues.

Auxiliary enterprises expense increased by 4.8 percent during 2005. This is attributable to an increase in overall revenues and an improved contribution in Bookstore operations, more than offset by higher food service operating costs. The increase in depreciation expenses during 2005 is attributable to various capital assets acquired during 2005 and 2004.

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

From a budgetary perspective, the College utilizes fund-based accounting to control unrestricted revenues, expenditures, and transfers. A summary for the year ended June 30, 2005 comparison of net changes to fund balance, budget versus actual, to the College's unrestricted funds follows:

Unrestricted Funds Budget to Actual Comparison			
Changes to Fund Balance by Unrestricted Fund Type	2005		
	Adopted Budget	Actual	
(Dollars in Millions)			
General operating	\$ (0.1)	\$ (0.2)	
Auxiliary	(0.4)	(0.4)	
Plant	(0.1)	0.2	
Total	<u>\$ (0.6)</u>	<u>\$ (0.4)</u>	

Net Assets as of June 30, 2005				
	Years Ended June 30		Change	
	2005	2004	Dollars	Percentage
Assets				
Current assets	\$ 26,272,588	\$ 28,500,508	\$ (2,227,920)	(7.8)
Noncurrent assets:				
Capital	32,443,296	32,145,935	297,361	0.9
Other	2,683,617	206,808	2,476,809	1,197.6
Total assets	<u>\$ 61,399,501</u>	<u>\$ 60,853,251</u>	<u>\$ 546,250</u>	<u>0.9</u>
Liabilities

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

Analysis of Overall Financial Position

At June 30, 2005, current assets amounted to \$26.3 million, as compared to \$28.5 million at June 30, 2004, a decrease of \$2.2 million. Current liabilities at June 30, 2005, as compared to June 30, 2004, amounted to \$14.3 million and \$11.6 million, respectively, an increase of \$2.7 million. The College's working capital ratio at June 30, 2005 and 2004 was 1.8 and 2.45, respectively. The decrease in current assets is primarily attributable to a decrease in cash and short-term investments resulting from capital purchases made with the proceeds from the College's issuance of \$4 million in Tax Anticipation Notes in November 2003, lengthening the College's investment portfolio in light of hiring an independent investment advisor and an improvement in overall market interest rates and lower inventories in the bookstore due to timing of purchases and sales offset partially by an increase in intergovernmental receivables from state capital project funding and slightly higher deferral of faculty labor cost from summer 2005. The increase in current liabilities is primarily attributable to higher deferred revenue from summer 2005 tuition and fees, first year principal payments of \$630,000 due on the College's \$4.0 million series 2003 Tax Anticipation Notes, and various timing impacts on accounts payable and other accrued liabilities.

Noncurrent assets are comprised of capital assets, investments, and loans receivable. The increase in the College's capital assets is primarily associated with current year capital additions (Lakeland East facility buildout, intergrated administrative systems implementation) exceeding depreciation expense. The increase in other noncurrent assets is primarily due to a shift in short-term to longer-term investments in the College's investment portfolio as previously explained.

The decrease in the College's noncurrent liabilities is primarily due to an increase in mandatory principal payments associated with the issuance of the Series 2003 Tax Anticipation Notes due in 2006.

The College's net assets amounted to \$41.4 million and \$42.8 million at June 30, 2005 and 2004, respectively. The \$1.4 million decrease in the College's net assets was primarily attributable its change in capital assets invested, net of related debt.

Capital Assets and Long-term Debt Activity

The College utilizes State capital appropriations, internal funds, debt proceeds, and gifts and other grants for capital asset expenditures. State capital appropriations are on a biennium basis, and individual institutions' capital funding allocations are based largely on enrollment. During 2005, the College utilized \$1.0 million in State capital appropriations and \$2.6 million in debt proceeds and internal funds and purchased \$3.6 million of capital assets.

The College's long-term debt is comprised of Series 1999 General Receipts Bonds, Series 2003 Tax Anticipation Notes, and capital lease obligations. During 2005, the College did not issue any additional debt and paid \$0.2 million in connection with debt maturities. The College is in compliance with all of its contractual long-term debt requirements and covenants.

More detailed information about the College's capital assets and long-term debt and lease obligations is presented in Notes 4 and 5 of the financial statements.

Lake County Community College District d/b/a Lakeland Community College

Management's Discussion and Analysis - Unaudited (Continued)

Factors Impacting Future Periods

The level of state and local support, student tuition and fee increases, compensation, and other cost increases impact the College's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

The College places significant reliance on state appropriations. State income and budget constraints may from time to time compel stabilization or reduction to levels of state assistance and support for higher education in general and the College in particular. In addition, the State's share of instructional support and access challenge appropriations are subject to subsequent limitations, which provide in part that if the Governor ascertains that the available revenue receipts and balances for the current fiscal year will in all probability be less than the appropriations for the year, he or she shall issue such orders to prevent their expenditure and incurred obligations from exceeding those revenue receipts and balances.

Local appropriations in the form of property taxes are another critical element of support. The electors within the County of Lake, Ohio (County) must approve any Lake County Community College District property tax. The District collects property taxes for operating and capital purposes from two levies approved by the County voters: a 1.7 mill stated rate for a continuing period, and a 1.5 mill stated rate for ten years. The current 1.5 mill levy expires with the last collection in calendar year 2012.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note I - Basis of Presentation and Significant Accounting Policies

Lake County Community College District d/b/a Lakeland Community College (the "College") is a two-year community college and a political subdivision of the State of Ohio (the "State"). The College is exempt from filing a federal tax return based upon the ruling it received from the Internal Revenue Service dated August 27, 1968.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Reporting Entity*, the College's financial statements are included as a joint venture on the State of Ohio's consolidated annual financial report.

The accompanying financial statements have been prepared in accordance with criteria established by GASB for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational or financial relationships with the College. Based on application of the criteria, the College has one component unit. A component unit is a separate legal entity that is included in the College's reporting entity because of the significance of its operational financial relationships with the College.

The Lakeland Foundation (the "Foundation") is discretely reported as part of the College's reporting entity (although it is legally separate and governed by its own board of directors) because its sole purpose is to provide support for the College. Separate financial statements of the Foundation may be obtained by contacting The Lakeland Foundation, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

Basis of Accounting - The accompanying financial statements of the College were prepared in conformity with the accounting principles generally accepted in the United States of America (GAAP) as prescribed by the GASB.

Measurement Focus and Financial Statement Presentation - Operating revenues and expenses generally result from providing service in connection with the College's principal ongoing operations. The principal operating revenue is student tuition. The College also recognizes as operating revenue grants and contracts classified as exchange transactions and auxiliary activities. Operating expenses include educational costs, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition, including State and local appropriations, are reported as nonoperating revenues and expenses. When the College incurs an expense for which both unrestricted and restricted net assets are available, it is the College's policy to first apply restricted resources. Activity related to Internal Service Funds is eliminated to avoid "doubling up" revenues and expenses.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note I - Basis of Presentation and Significant Accounting Policies (Continued)

Cash and Cash Equivalents - Cash and cash equivalents are defined as highly liquid investments with a maturity of three months or less when purchased.

Restricted Cash and Cash Equivalents - Restricted cash consists of \$820,511 of unspent bond proceeds that will be spent in the next year as well as \$329,551 for endowment purposes.

Inventories - Inventories primarily consist of books and supplies of the College's bookstore and are valued at the lower of cost (first in, first out) or market.

Investments - All investments are measured at fair value, based on quoted market prices, in the statement of net assets. Investments maturing in one year or less are categorized as short term.

Capital Assets - The College's policy on capitalization and depreciation adheres to the requirement of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. Capital assets include land, land improvements, infrastructure, buildings, building improvements, construction in progress, equipment, furniture, vehicles, software, and library books.

Capital assets greater than \$5,000 are capitalized at cost or, if acquired by donation, at appraised values as of the date received. When capital assets are sold or otherwise disposed of, the carrying value of such assets and any accumulated depreciation are removed from the statement of net assets. The costs of normal maintenance and repairs that do not add to the value of the capital asset or materially extend the capital asset's life are expensed.

Capital assets, other than land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

Land improvements	20-30 years
Infrastructure	20-25 years
Building and building improvements	5-40 years
Equipment, furniture, and vehicles	3-15 years
Software and library books	3-5 years

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

Deferred Revenues - Deferred revenues include tuition and fees for summer sessions and local government revenue. Summer tuition and fee revenue received, and related expenses incurred, are deferred in their entirety to the next fiscal year. This is consistent with the State of Ohio reporting model.

Reserve for Compensated Absences - Compensated absences, including accumulated unpaid vacation benefits and unpaid sick leave, are accrued to conform to GASB Statement No. 16, *Accounting for Compensated Absences*.

Net Assets - Net assets are classified according to external donor restrictions or availability of assets for satisfaction of College obligations. Nonexpendable restricted net assets are gifts that have been received for endowment purposes, the corpus of which cannot be expended. Expendable restricted net assets represent funds that have been gifted or granted for specific purposes, funds used for capital projects, and debt service.

Grants and Contracts - The College receives grants and contracts from federal, state, and private agencies to fund education programs, research, and other activities. Grants and contracts generally provide for the recovery of direct and indirect costs. Indirect costs recovery is recorded as a percentage of direct costs at negotiated fixed rates. Revenues received under grants and contracts are subject to the examination and retroactive adjustments by the awarding agency.

Intergovernmental Receivables and Revenue - Local government revenues are recorded as receivables and revenue when the legal right to the funds has occurred. Other federal and state grants and assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenue when entitlement occurs.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure in the footnotes. Actual results could differ from the estimates.

Reclassifications - Certain balances from the prior year were reclassified to be comparable with current year classifications.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 2 - Cash and Cash Equivalents and Investments

Cash and Cash Equivalents - Ohio law requires that cash amounts be placed in eligible financial institutions located in Ohio. Any public depository in which the College places deposits must pledge as collateral eligible securities of aggregate fair value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation. Further, Ohio law requires such collateral amounts to exceed deposits by 2 percent. Collateral that may be pledged is limited to obligations of the following entities: the United States and its agencies, the State of Ohio, the Ohio Student Loan Commission, and any legally constituted taxing subdivision within the state of Ohio.

At June 30, 2005 and 2004, the carrying amount of the College's cash balance was (\$1,672,906) and (\$1,615,163), respectively. The bank balance at June 30, 2005 and 2004 totaled \$21,289 and \$151,507, respectively. The difference represents outstanding checks payable, deposits in transit, and normal reconciling items. A total of \$100,000 of the bank balance was covered by the federal depository insurance. The remainder was secured by collateral pools of the U.S. government and municipal securities. The College also maintains a small on-hand cash balance to maintain day-to-day operations in the cashier's office, bookstore, and food service operations.

Investments - The College's investment policy approved by the Board of Trustees establishes priorities and guidelines regarding the investment management of the College funds. These priorities and guidelines are based upon Chapters 3354.10, 3345.05, and 135.14 of the Ohio Revised Code (ORC) and prudent money management principles.

The investment objectives of the College, in priority order include: compliance with all federal and state laws, safety of principal, liquidity, and yield. Market risks (including interest rate risk and liquidity risk) and credit risk are managed by board policies as described below.

Interest Rate Risk - The market value of securities in the College's portfolio will increase or decrease based upon changes in the general level of interest rates. The effects of market value fluctuations will be minimized by maintaining adequate liquidity to pay current obligations, diversification of maturities, and diversification of assets.

Lake County Community College District

d/b/a Lakeland Community College

Notes to Financial Statements

June 30, 2005 and 2004

Note 2 - Cash and Cash Equivalents and Investments (Continued)

Liquidity Risk - The portfolio remains sufficiently liquid to meet all current obligations of the College. Minimum liquidity levels are established in order to meet all current obligations without having to sell securities. The College forecasts its cash needs and maintains cash balances (related to daily receipts or for immediate expenditure needs) in an overnight "sweep" bank account (that earns interest in overnight repurchase agreements). In addition, funds are also invested in the State of Ohio Treasurer's STAR investment program fund. The remaining portfolio at June 30, 2005 and 2004 is made up of Treasury bills, Treasury notes, and federal agency issues. These investments are structured so that securities mature concurrently with cash needs.

Credit Risk - Credit risk is the risk of loss due to the failure of a security issuer to pay principal or interest, or the failure of the issuer to make timely payments of principal. Eligible investments affected by credit risk include certificates of deposit, commercial paper, and bankers' acceptances. The College did not invest in any of these instruments in 2005 or 2004. In the event the College invests in these instruments in the future, credit risk will be minimized by (1) diversifying assets by issuer, (2) ensuring that required minimum credit ratings exist prior to the purchase of commercial paper and bankers' acceptances, and (3) maintaining adequate collateralization of certificates of deposits.

At June 30, 2005 and 2004, the College's investment portfolio and credit ratings consisted of the following:

	Fair Market Value	Less than One Year	1-2 years	NRSRO Rating
<u>2005</u>				
Repurchase agreements	\$ 1,335,535	\$ 1,335,535	\$ -	AAA

Total investments	<u>\$ 16,193,358</u>	<u>\$ 16,193,358</u>	<u>\$ -</u>	

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 2 - Cash and Cash Equivalents and Investments (Continued)

Custodial Credit Risk - Investments under management are directed by the College's investment manager, United American Capital Corporation. The investment manager shall be either registered with the Securities and Exchange Commission, or be licensed by the division of securities under Section 1707.141 ORC, and will possess experience in the management of public funds, specifically in the area of state and local government investment portfolios, or is an eligible institution referenced in 135.03 ORC.

The investment advisor is authorized to manage the investment funds of the College, which includes the selection of eligible investment assets as defined under applicable sections of the ORC, and the selection of eligible broker/dealer firms based upon the criteria as determined by the investment advisor.

The investment advisor may execute the purchase and/or sale of securities with eligible Ohio financial institutions, primary securities dealers regularly reporting to the New York Federal Reserve Bank, and regional securities firms or broker dealers licensed with the Ohio Department of Commerce, Division of Securities, to transact business in the state of Ohio.

The investment advisor, eligible financial institutions, and broker/dealers transacting investment business with the College are required to sign the College's investment policy as an acknowledgment and understanding of the contents of said policy.

Securities purchased for the College are held in a safekeeping account established by the College (Fifth Third Bank, Northeastern, OH), as provided in Section 135.37 ORC. Securities held in safekeeping by the custodian are evidenced by a monthly statement describing such securities. The custodian may safekeep the College's securities in (1) Federal Reserve Bank book entry form, (2) Depository Trust Company (DTC) book entry form in the account of the custodian or the custodian's correspondent bank, or (3) non-book entry (physical) securities held by the custodian or the custodian's correspondent bank. Therefore, the custodial risk is limited.

Foreign Currency Risk - The College did not invest in any foreign instruments in 2005 or 2004.

Note 3 - Loans and Other Receivables

Loans and other receivables relate to several activities including tuition and fees, auxiliary sales, and miscellaneous sales and services. Loans and other receivables are recorded net of allowances for uncollectible accounts of \$1,024,110 and \$903,495 at June 30, 2005 and 2004, respectively.

Lake County Community College District d/b/a Lakeland Community College

Tax Anticipation Notes, Series 2003 and General Receipts Bonds, Series 1999 - Effective November 13, 2003, the College issued \$4,000,000 of Tax Anticipation Notes (Series 2003 Notes), in anticipation of the proceeds of a 1.5 mill tax levy that began in 2003 and ends in 2012. The proceeds are being used to pay for the costs of an integrated management information system, other technology projects, and other equipment and capital improvements.

Effective March 15, 1999, the College issued \$1,740,000 of General Receipts Bonds, Series 1999 (Series 1999 Bonds) to pay part of the cost of renovating and adding to the College's Athletic Fitness Center (AFC). The proceeds and related indebtedness outstanding have been recorded as assets and liabilities of the College.

The Series 2003 Notes and Series 1999 Bonds were issued pursuant to a Master Trust Agreement dated March 15, 1999, acting by and through the College's board of trustees and the bond trustee. The Series 2003 Notes are subject to mandatory redemption, with stated interest rates ranging from 2.00 percent to 3.25 percent. The final maturity of the Series 2003 Notes is December 1, 2010. The Series 1999 Bonds are subject to mandatory or optional redemption, with stated interest rates ranging from 3.60 percent to 5.12 percent. The final maturity of the Series 1999 Bonds is December 1, 2019.

The Series 2003 Notes are special obligations of the College. Pursuant to authorizing legislation and the Ohio Revised Code, amounts necessary to pay debt service as it comes due shall be appropriated for that purpose from the proceeds of the 1.5 mill property tax levy approved by the Lake County, Ohio electors at the May 7, 2002 election.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 5 - Noncurrent Liabilities (Continued)

The Series 1999 Bonds are also special obligations of the College. Bondholders have no right to have excises or taxes levied by the State of Ohio General Assembly, or by the College, for their payment. Principal and interest on the bonds are payable solely from and secured by a pledge of the College's general receipts and bond proceeds. State appropriations, local ad valorem property tax receipts, and other restricted receipts are specifically excluded from general receipts. According to bond covenants, the College includes in its budget for each fiscal year amounts from general receipts that are at least sufficient to pay debt service charges payable that fiscal year from general receipts, as well as to satisfy other requirements.

Capital Lease Obligations - Capital lease assets consist of computer hardware and software, implementation costs, and other equipment. During fiscal year 1998, the College entered into a bank-qualified, tax-exempt master lease agreement primarily to finance the acquisition of an integrated management information system. The total amount financed was \$2,502,537. The principal balance at June 30, 2005 and 2004 was \$58,192 and \$164,099, respectively.

Scheduled principal maturities and total debt service on the Series 2003 Notes and Series 1999 Bonds, as well as the present value of net minimum capital lease payments, for fiscal years subsequent to June 30, 2004 are as follows:

	Bonds and Notes Payable			Capital Leases
	Principal	Interest	Total	
2006	\$ 700,000	\$ 166,517	\$ 866,517	\$ 59,891
2007	715,000	150,810	865,810	-
2008	730,000	133,054	863,054	-
2009	750,000	112,243	862,243	-
2010	770,000	77,770	847,770	-
2011-2015	1,180,000	226,193	1,406,193	-
2016-2020	600,000	79,435	679,435	-
Total	<u>\$5,445,000</u>	<u>\$ 946,022</u>	<u>\$6,391,022</u>	59,891
Less amounts representing interest				<u>1,699</u>
Total				<u>\$ 58,192</u>

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 6 - Operating Lease Obligations

The College has entered into various lease agreements, which are considered operating leases. Total rental expense under operating leases during the years ended June 30, 2005 and 2004 amounted to \$137,544 and \$239,891, respectively.

Future minimum lease payments as of June 30, 2005 under operating leases are as follows:

2006	\$	153,716
2007		187,546
2008		191,467
2009		195,506
2010		199,665
Thereafter		<u>692,963</u>
Total	\$	<u>1,620,863</u>

Note 7 - State Appropriations

The College is a state-assisted institution of higher education, and receives student-based support from the State. This support is determined annually based upon a formula devised by the State. In addition to this student support, the State provides funding for the construction of major academic plant facilities on the College campus. The funding is obtained from the issuance of revenue bonds by the Ohio Public Facilities Commission (OPFC) which, in turn, is used for the construction and subsequent transfer of the facility to the College.

College facilities are not pledged as collateral for the OPFC revenue bonds. Instead, these bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of State. If sufficient monies are not available from the fund, the Ohio Board of Regents shall assess a special student fee uniformly applicable to students in state-assisted institutions of higher education throughout the State.

As a result of the above described financial assistance provided by the State to the College, outstanding debt issued by OPFS is not included on the College's statement of net assets. In addition, the appropriations by the General Assembly to the Ohio Board of Regents for payments of debt service are not reflected and the related debt service payments are not recorded in the College's accounts.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 7 - State Appropriations (Continued)

Due to enacted legislation related to deregulating public electric and natural gas utilities, the assessment percentage on various components of public utility tangible personal property was reduced starting with the College's calendar year 2002 tax receipts. The State Tax Commissioner's Office has certified that the annual loss to the College attributable to deregulation commencing with 2002 receipts annually amounts to \$1,238,070. However, with deregulation, the College will recover, under various guarantee provisions (SB3 and SB287) those lost collections through receipts of a replacement state excise tax, which is guaranteed at 100 percent for a five-year period to protect the College for lost public utility tangible personal property taxes; thereafter, the replacement tax will be phased out over an additional 10-year period. The replacement state excise taxes related to the current year operations will be collected in two separate payments during March and September of each year. The College has recognized one-half year of replacement state excise tax as an intergovernmental receivable in both 2005 and 2004. Replacement state excise taxes were measurable at June 30, 2005 and 2004; however, since these revenue collections to be received during the available period are not intended to finance current year operations, the receivable amount is recorded as deferred revenue.

Note 8 - Local Appropriations

The College receives local appropriations in the form of property taxes levied against real, public utility, and tangible (used in business) personal property located in the County of Lake, Ohio (the "County"). Real property taxes and public utility taxes are levied after October 1, on assessed value listed as of January 1, the lien date. Taxes collected on "real property" in one calendar year are levied in the preceding calendar year.

Tangible personal property taxes attach as a lien and are levied on January 1. Taxes collected on tangible personal property in one calendar year are levied in the same calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before December 31 of the preceding calendar year and at the tax rates determined in the preceding year.

Public utility (real and tangible personal) taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31, of the second year preceding the tax collection year.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 8 - Local Appropriations (Continued)

The electors within the County must approve any District property tax. The District collects property taxes for operating and capital purposes from two levies approved by the County voters: a 1.7 mill stated rate for a continuing period, and a 1.5 mill stated rate for 10 years. The current 1.5 mill levy expires with the last collection in calendar year 2012.

Revenue authorization is recognized based on the taxing authority's amounts to be distributed to the tax district and their certification of the College's annual budget. The taxing authority does not authorize the distribution of the tax assessment for the calendar year 2005 until October 2005, thus not legally making it available to the College until after the end of the College's fiscal year for that year's calendar assessment. The College has recognized one half year of its real property and public utility property tax receipts due as an intergovernmental receivable in the current fiscal year. Property taxes receivable represent outstanding real property, public utility, and tangible personal property taxes, which were measurable at June 30, 2005. Total property tax collections for the next fiscal year are measurable amounts. However, since these revenue collections to be received during the available period are not intended to finance 2005 operations, the receivable amount is recorded as deferred revenue.

Note 9 - Retirement Plans

All full-time employees of the College are covered by one of two state-administered retirement plans. Faculty and other qualified individuals participate in the State Teachers Retirement System of Ohio (STRS) and all other College employees participate in the School Employees Retirement System (SERS). The retirement programs are cost-sharing, multiple-employer defined benefit plans. In addition, effective July 1, 2001, STRS members have the additional options of a defined contribution plan and a combined plan. STRS and SERS provide retirement and disability benefits, annual cost of living adjustments, and death benefits for plan members and beneficiaries.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 9 - Retirement Plans (Continued)

The State Teachers Retirement System of Ohio Comprehensive Annual Financial Report may be obtained by writing to The State Teachers Retirement System of Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771. The School Employees Retirement System of Ohio Comprehensive Annual Financial Report may be obtained by writing to School Employees Retirement System of Ohio, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. The Ohio Revised Code (ORC) provides statutory authority for employee and employer contributions. The employee contribution rates are 10.0 percent for STRS and SERS of covered payroll and the College is required to contribute 14.0 percent of covered payroll. The STRS defined contribution plan allows members to invest all their member and employer contributions equal to 10.5 percent of earned compensation. The combined plan offers features of the defined benefit and defined contribution plan. The College's contributions to STRS for the years ended June 30, 2005, 2004, and 2003 were \$2,393,322, \$2,279,322, and \$2,036,594 respectively, equal to the required contributions for each year. The College's contribution to SERS for the years ended June 30, 2005, 2004, and 2003 were \$1,805,500, \$1,723,290, and \$1,562,794, respectively.

Amended Substitute House Bill 586 requires all Ohio public colleges to offer at least three alternative retirement plans to certain new and existing full-time employees. For those employees electing to participate in an alternative retirement plan (ARP), the College will contribute 14 percent of covered payroll to the plan for SERS eligible participants. For STRS eligible participants electing the alternative retirement plan, the College will contribute 10.5 percent to the ARP. The difference from the 14 percent overall College distribution rate of STRS employee covered payroll is to be paid to STRS to mitigate any negative financial impact of ARPs on the State system.

Note 10 - Postemployment Benefit

State Teachers Retirement System - STRS provides comprehensive health care benefits to retired teachers and their dependents. Coverage includes hospitalization, physician fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. Pursuant to the ORC, the State Teachers Retirement Board has discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. The ORC grants authority to STRS to provide health care coverage to benefit recipients, spouses, and dependents. By Ohio law, the cost of the coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 10 - Postemployment Benefit (Continued)

The retirement board allocated employer contributions to the Health Care Stabilization Fund (the "Fund") from which health care benefits are paid. For the fiscal year ended June 30, 2002, the board allocated employer contributions equal to 4.5 percent of covered payroll to the health care reserve fund. Effective July 1, 2002, 1 percent of covered payroll will be allocated to the Fund. The balance in the health care reserve fund was approximately \$3.1 billion on June 30, 2004.

For the year ended June 30, 2004, the net health care costs paid by STRS Ohio were approximately \$268.7 million. There were 111,853 eligible benefit recipients.

School Employees Retirement System - SERS provides postretirement health care to retirees and their dependents. Coverage is made available to service retirees with 10 or more years of qualifying service credit and disability and survivor benefit recipients. Members retiring on and after August 1, 1989 with less than 25 years of qualified service credit pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. At June 30, 2003, the allocation rate is 4.91 percent. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal 2005, the minimum pay was established at \$27,400. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund.

Health care benefits are financed on a pay-as-you-go basis. The target level for the health care reserve is 150 percent of annual health care expenses. For the year ended June 30, 2004, the net health care costs paid by SERS were approximately \$223.4 million. At June 30, 2004, the Retirement System's net assets available for payment of health care benefits was approximately \$300.8 million. The number of retirees and covered dependents currently receiving benefits is approximately 62,182.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 11 - Lake County School's Health Care Consortium

Effective November 1, 2001, the College joined the Lake County Schools Council (LCSC). Under state law, the LCSC was formed as a council of governments and includes a number of the boards of education in Lake County. The purposes of the LCSC are to undertake a joint program for the provision of health care benefits to the employees of those districts and their eligible dependents, as well as fostering cooperation among districts, from time to time, in other areas of educational services. As a related but separate agreement, the LCSC maintains a health care benefits consortium (the "Consortium").

The Consortium allows each political district to maintain its current plan designs (through selected providers), and allows efficiencies and economic benefits to occur through the group's buying power. The College, as well as the other LCSC members, utilizes the LCSC as its health care benefits provider. The LCSC in turn manages various health care benefit organizations to deliver those services.

Since its inception, LCSC has built up its reserves, and at the time of the College's application for membership (November 1, 2001), the reserve balance approximated \$4.7 million. LCSC members are responsible for funding and setting aside reserves to pay its various health care benefit obligations. As part of joining the LCSC, the College's board of trustees authorized payment to the Council in the amount of \$680,239 as the College's assessment for inclusion in the LCSC's Health Care Benefits Program as a member of equal standing. The assessment was in two equal installments (at inception on November 1, 2001 and at November 1, 2002). The entire assessment was expensed in fiscal 2002 since the assessment is not guaranteed to be refunded to the College should the College at any time voluntarily withdraw from the LCSC.

Under its agreements and bylaws, the Consortium's fiscal year ends each June 30, and the treasurer of the LCSC is a position appointed by the board of directors of the LCSC. Prior to the beginning of each fiscal year, health care program and related costs and adjustments (program costs) are estimated and allocated to each member as a required contribution for that fiscal year. If contributions are insufficient to pay actual program costs during any fiscal year, members may be required to share in those additional costs or deficiencies during that fiscal year.

LCSC funds held at July 1, 2004 amounted to \$6.6 million. LCSC member contributions and other income for the year ended June 30, 2005 amounted to \$25.2 million, health care program and related costs amounted to \$25.5 million, leaving \$6.3 million as funds held in agency accounts at June 30, 2005.

Lake County Community College District d/b/a Lakeland Community College

Notes to Financial Statements June 30, 2005 and 2004

Note 12 - Risk Management

Lake County Community College District maintains a broad-based insurance program underwritten by A+ and A++ Superior-rated insurance companies. The College engages the services of an insurance consulting/risk management firm to review and maintain its insurance program. This program includes commercial and umbrella liability, law enforcement liability, school leaders' errors and omissions liability, consultants' professional liability, and medical professional liability coverage. The College also maintains a comprehensive property insurance program. The College did not have any insurance settlements during fiscal 2005 or 2004 that exceeded the coverage outlined in its insurance program.

Through the normal course of operations, the College is occasionally named as a defendant in legal actions and claims. In the opinion of management and legal counsel, any liability, which may ultimately be incurred, will not have a material adverse effect on the financial condition of the College. The College purchases commercial insurance to cover general liability losses.

Note 13 - Foundation

The Lakeland Foundation (the "Foundation") was formed in 1981 to obtain private financing support for the promotion of excellence at the College. The Foundation provides scholarships to financially disadvantaged students and merit scholarships to those students demonstrating excellent academic abilities. The Foundation also provides support to specific educational departments and programs of the College. The accounting records for the Foundation are maintained at the College in Kirtland, Ohio. Certain administrative expenses of the Foundation are borne directly by the College.

Supplemental Information

Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

We have audited the financial statements of Lake County Community College District d/b/a Lakeland Community College as of and for the year ended June 30, 2005 and have issued our report thereon dated September 21, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lake County Community College District d/b/a Lakeland Community College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance

As part of obtaining reasonable assurance about whether Lake County Community College District d/b/a Lakeland Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

This report is intended solely for the information and use of the board of trustees, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Plante & Moran, PLLC

September 21, 2005

Report on Compliance with Requirements Applicable to
Each Major Program and on Internal Control over Compliance
in Accordance with OMB Circular A-133

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

Compliance

We have audited the compliance of Lake County Community College District d/b/a Lakeland Community College with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2005. The major federal program of Lake County Community College District d/b/a Lakeland Community College is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of Lake County Community College District d/b/a Lakeland Community College's management. Our responsibility is to express an opinion on Lake County Community College District d/b/a Lakeland Community College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lake County Community College District d/b/a Lakeland Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Lake County Community College District d/b/a Lakeland Community College's compliance with those requirements.

In our opinion, Lake County Community College District d/b/a Lakeland Community College complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2005.

To the Board of Trustees
Lake County Community College District
d/b/a Lakeland Community College

Internal Control Over Compliance

The management of Lake County Community College District d/b/a Lakeland Community College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Lake County Community College District d/b/a Lakeland Community College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the board of trustees, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
