HEALTH CARE BENEFITS PROGRAM OF LAKE COUNTY SCHOOLS COUNCIL

LAKE COUNTY, OHIO

FINANCIAL STATEMENT

JUNE 30, 2005

Auditor of State Betty Montgomery

Board of Directors Health Care Benefits Program of Lake County Schools Council 30 South Park Place, Suite 320 Painesville, Ohio 44077

We have reviewed the *Independent Auditors' Report* of the Health Care Benefits Program of Lake County Schools Council, Lake County, prepared by S.R. Snodgrass, A.C., for the audit period July 1, 2004 through June 30, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Health Care Benefits Program of Lake County Schools Council is responsible for compliance with these laws and regulations.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With <i>Government Auditing Standards</i>	19

Independent Auditors' Report

To the Board of Directors of Health Care Benefits Program of Lake County Schools Council 30 South Park Place #320 Painesville, OH 44077

We have audited the accompanying financial statements of the Health Care Benefits Program of Lake County Schools Council, Lake County, Ohio (the Program) as of and for the year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the Program's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Program as of June 30, 2005, and the changes in financial position and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2 to the financial statements, the Program adopted Governmental Accounting Standards Board Statement No. 34 as of and for the year ended June 30, 2005.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2005 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We applied certain limited procedures, consisting principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

The disclosure of revenue and claims development information as supplemental information has been omitted. Disclosure of the information, which is not considered material to the financial statements taken as a whole, is required by the Governmental Accounting Standards Board.

S. l. Lnodgess AC.

Mentor, Ohio November 1, 2005

LAKE COUNTY SCHOOLS HEALTHCARE CONSORTIUM (LCSHCC) MANAGEMENT'S UNAUDITED DISCUSSION & ANALYSIS FOR FISCAL YEAR 2005

The following "Discussion & Analysis" of the Lake County Schools Health Care Consortium (LCSHCC) fiscal performance provides a general background and review of the Consortium's related financial activities for the fiscal year that ended June 30, 2005. This "Discussion & Analysis" is required with an intended purpose of providing readers a better understanding of LCSHCC's financial performance and fiscal soundness.

Background Related to Fiscal Activities:

The LCSHCC is committed to providing its member districts with the advantages of the "consortium" concept. Advantages of membership include a large member buying pool cooperative for health care and prolongated risk.

LCSHCC is an Administrative Service Contract (ACS) program that collects premiums from members and pays all its claims for medical, dental, vision, prescription and life insurance benefits. Simply stated, we are a self-funded but not totally self-administrated program. The consortium had 10 charter members in 1995, added one in 2002 and lost one in 2005. LCSHCC remains fiscally solvent and responsive to the needs of its members. A significant \$3,000,000 investment of unused reserves validates this fiscal health. The consortium maintains a simplistic approach regarding fiscal matters, owns only data processing equipment and has only two cash accounts. The cash accounts include a checking/wire account for the receipt of member premiums or payout of claims and related health care expenses and an investment account of \$3,000,000 of unallocated reserves invested, per a committee of three, by the LCESC Treasurer.

This discussion and analysis is intended to serve as an introduction to the consortium's basic financial statements, which include the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, the Statement of Cash Flows and the accompanying notes to the financial statements. These statements report information about the consortium as a whole and about its activities. The consortium is a single enterprise fund using proprietary fund accounting, which means these statements are presented in a manner similar to a private-sector business. The statements are presented using the economic resources measurement focus and the accounting.

The Statement of Net Assets presents the consortium's financial position and reports the resources owned (assets), obligations owed (liabilities), and net assets (the difference between assets and liabilities). The Statement of Revenues, Expenses, and Changes in Net Assets presents a summary of how the consortium's net assets changed during the year. Revenue is reported when earned and expenses are reported when incurred. The Statement of Cash Flows provides information about the Association's cash receipts and disbursements during the year. It summarizes net changes in cash resulting from operating, investing and financing activities. The notes to the financial statements provide information that is essential for a full understanding of the financial statements.

LAKE COUNTY SCHOOLS HEALTHCARE CONSORTIUM (LCSHCC) MANAGEMENT'S UNAUDITED DISCUSSION & ANALYSIS FOR FISCAL YEAR 2005

Financial Highlights:

- Total income for FY05 in the primary checking account was \$25,237,416 of which \$24,960,843 was paid from member premiums and \$276,573 in other income from co-pays, deductibles, COBRA and miscellaneous sources.
- Total income balance for FY05 was \$626,147 (+2%) over FY04 despite the withdrawl for the last month of the FY of the consortium's largest member.
- Interest income for the FY was \$97,519 reflecting money on investments for eight months from October 2004 through June 2005.
- LCSHCC has expenses of \$30,836,127 related to daily operations for FY05. However, \$5,000,000 of that
 was an internal transfer from the active payables account to a new investment account.
- LCSHCC paid \$451,329 in claims for Mentor Exempted Village School District in June of 2005, the month after they withdrew from the Consortium. Without this payment, the Consortium would have realized a small negative balance of \$49,863 in FY05.
- LCSHCC continues to pay the IBNR/Run Out claims for Mentor into FY06 without Mentor's \$500,000 plus monthly premiums.
- Capital assets of \$9,249 consist of a computer system being depreciated over five years. There was a current year addition of \$1,169 for a computer and accumulated depreciation totaled \$2,541.

Use of the Basic Financial Statements:

This required annual report for LCSHCC consists of the production, review and explanation of the financial statements we use to carry out our mission. We hope to organize these statements so a reader can grasp the consortium's financial activities. The statements that follow are a more specific rendering outlined in the "Financial Highlights" section above. Since this is the first year the consortium prepared financial statements following GASB Statement 34, revenue and expense comparisons to fiscal year 2005 are not available. In future years, when prior year information is available, a comparative analysis of government-wide data will be presented.

Benefits obligations	204,935
Accounts payable	23,897
Total adjustments	 230,394
Net cash used by operating activities	\$ (368,317)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. DESCRIPTION OF THE ENTITY

The following description of the Health Care Benefits Program (the Program) of Lake County Schools Council (the Council) provides only general information of both the Program and the Council. Participants should refer to the Program and Council Agreements for a more complete description of their provisions.

General – The Council was established on December 6, 1994, formed by the Boards of Education of eleven school districts in northeast Ohio, for the purpose of undertaking a joint program for the provision of health care benefits, undertaking other cooperative programs from time to time, and fostering cooperation among those school districts in all areas of educational service. On October 3, 1995, the Council was formed and operates as a legally separate entity as provided under Ohio Revised Code Chapter 167. In addition, the Council maintains By-laws and each participating member signs an Agreement.

The original eleven members were Auburn Vocational School District, Fairport Harbor Exempted Village School District, Lake County Educational Service Center, Kirtland Local School District, Madison Local School District, Mentor Exempted Village School District, Painesville City School District, Painesville Township Local School District, Perry Local School District, Wickliffe City School District and Willoughby-Eastlake City School District.

The Health Care Benefits Program is currently the only program offered by the Council to its members. Organizations that are not members of the Council can contract with the Council to participate in the Program.

Board of Directors – The Assembly is the legislative body of the Council. The Assembly and the Board of Directors are one and the same body so that the Assembly is both the legislative and governing body of the Council. The Assembly elects at its annual meeting the officers who consist of Chairman, Vice-Chairman and Recording Secretary, all of which serve until the next annual meeting. The board of education of each Member appoints its Superintendent or such Superintendent's designee, to be its representative on the Council's Assembly. All of the authority of the Council is exercised by or under the direction of the Board of Directors, the governing body. The Assembly sets and approves all benefit programs to be offered by or through the Program, and all policies and other contracts are accepted or entered into by the Board of Directors. The Board of Directors sets all premiums and other amounts to be paid by the Members, and the Board of Directors serve without compensation.

The Board of Directors has the full powers to manage and conduct affairs of the Program between meetings of the Assembly. The Board of Directors is specifically authorized and directed to review and decide all appeals and challenges by employees, their eligible dependents and designated beneficiaries of adverse determinations by the Plan Administrator or care or coverage under benefit programs offered by the Program. The Assembly may ratify any action authorized or taken by the Board or may rescind and overrule any such action.

Fiscal Agent – The Treasurer serves as the Fiscal Agent of the Program and is responsible for administering the financial transactions of the Program. The Lake County Educational Service Center only provides office space for the Program; it has assumed no Fiscal Agent responsibilities. The Fiscal Agent carries out the responsibilities of the Program Fund, enters into contracts on behalf of the Program as authorized by the Directors and carries out such other responsibilities as approved by the Directors and agreed to by the Fiscal Agent.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1. DESCRIPTION OF THE ENTITY (CONTINUED)

Benefits – Member contributions are used to provide and/or purchase health, dental, life and/or other insurance benefits as provided for in the Program Agreement and as established by law. The Assembly determines the insurance benefits to be provided by or through the Program. Benefit selections may vary among the Program Members for any type of benefit program. The Board of Directors determines, at their discretion, which insurance carriers and policies to utilize to provide benefits pursuant to the Program Agreement.

Enrollment by Members – Each Member decides which benefit program(s) offered by or through the Program shall be extended to its employees. Upon joining the Council, each member can participate in the Health Care Benefit Program. Organizations that are not Members of the Council can contract with the Council to participate in the Program.

<u>Program Fund</u> – The Program Fund consists of all payments made to the Fiscal Agent in accordance with the Program Agreement, policy dividends or rate refunds (whether received by the Program or left with the insurance carriers to accumulate with interest), investments made by the Fiscal Agent and income there from, and any other money or property which shall come into the hands of the Program in connection with the administration of the Program.

The Fiscal Agent may use the Program Fund for purposes such as but not limited to:

- 1. Paying all expenses which the Directors consider necessary in establishing and administering the Program;
- 2. Paying premiums of the Program's policies;
- 3. Making investments in accordance with the Agreement;
- 4. Making refunds to Program Members; and
- 5. Providing and/or purchase health insurance, life insurance, dental insurance and/or other insurance benefits.

Investments – The Investment Committee, on behalf of the Council, makes such investments as it may determine in its discretion, provided that such investments conform with investment policy adopted by the Program and limited to investments permitted under Chapter 135 of the Ohio Revised Code for the public monies of school districts.

Termination/Withdrawal of a Council Member – It is the express intention of the Council Members that the Council Agreement and the Council shall continue for an indefinite term, but may be terminated as provided in the Council Agreement. Any Council Member wishing to withdraw from participation in the Council or the Program shall notify the Board of Directors on or before October 15 preceding the first day of the fiscal year the Member will withdraw. Specifics governing the withdrawal of a Program Member and the run out of all claims for such Program Member are addressed in Section 11 of the Program Agreement. The largest participant in the Program, Mentor Exempted Village School District, withdrew from the Program as of May 31, 2005.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1. DESCRIPTION OF THE ENTITY (CONTINUED)

<u>Contributions</u> – Each Member enrolled in a benefit program may require contributions from its employees toward the cost of any benefit program being offered by such Member, and such contributions are included in the payments from such Member to the Fiscal Agent for the benefit program. Contributions are to be submitted by each Member, to the Fiscal Agent, required under the terms of the Program Agreement and any benefit program in which such Member is enrolled to the Fiscal Agent on a monthly basis, or as otherwise required in accordance with any benefit program in which such Member is enrolled. All general administrative costs incurred by the Program that are not covered by the premium payments shall be shared by the Program Members as approved by the Directors.

2. SUMMARY OF ACCOUNTING POLICIES

Reporting Entity – A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the basic financial statements of the Program are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Program. For the Health Care Benefits Program of Lake County Schools Council, this consists of a single enterprise fund.

Component units are legally separate organizations for which the Program is financially accountable. The Program is financially accountable for an organization if the organization appoints a voting majority of the organization's governing board and (1) the Program is able to significantly influence the programs or services performed or provided by the organization; or (2) the Program is legally entitled to or can otherwise access the organization's resources; the Program is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Program is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Program in that the Program approves the budget, the issuance of debt or the levying of taxes. The Program has no component units.

Basis of Presentation – The financial statements of the Program have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The Program also applies Financial Accounting Standards Board (FASB) Statements and Interpretations unless those pronouncements conflict with or contradict GASB pronouncements.

The Program uses a single enterprise fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balance set of accounts.

Enterprise fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services.

<u>Capital Assets</u> - Capital assets are carried at cost. Depreciation is computed using the stright-line method over the estimated useful lives of the respective assets. Capital assets consist of a computer system and is being depreciated over five years. Depreciation expense for the current year was \$1,733.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

<u>Change in Accounting Principle</u> – During 2005, the Program adopted GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and applied those standards on a retroactive basis. GASB No. 34 establishes standards for external reporting for state and local governments. As allowed by GASB No. 34, the Program has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity-wide reporting. The primary impact for the Program of this adoption is the requirement to include management's discussion and analysis.

<u>Measurement Focus</u> – The enterprise fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Program are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increase (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Program meets the cash flow needs of its enterprise activity.

Basis of Accounting – The Program's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses recognized when incurred. Specifically, contributions from participants are recognized as income when due from Program members, and benefits paid for participants are recognized when incurred.

<u>Cash Equivalents and Investments</u> – The Program's policy is to treat its investments with maturities of 90 days or less as cash equivalents.

Investments were limited to federal agency obligations and nonnegotiable certificates of deposit. Investments are reported at fair value or at amortized cost, which approximates fair value. Investment income includes interest and dividends and realized and unrealized gains and losses.

<u>Net Assets</u> – Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the Program or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Association had no restricted net assts in 2005.

Operating Revenues and Expenses – Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the Program, these revenues are participants' contributions. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

Estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. While actual results could differ from those estimated, management does not expect those differences to be significant to the financial statements.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Extraordinary and Special Items – Extraordinary items are transactions or events that are both unusual and infrequent in occurrence. Special items are transactions or events that are within the control of the Program's Board of Directors and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2005.

3. DEPOSITS AND INVESTMENTS

Deposits – Ohio law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. The Program's practice is to place deposits with commercial banks within its service area. At June 30, 2005, the carrying amount of the Program's deposits was \$ 3,348,750 which \$ 100,000 was covered by Federal depository insurance.

Protection of the remainder of the Program's deposits is provided by the Federal Deposit Insurance Corporation (FDIC) by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer, by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments – In March 2003, the GASB issued Statement No. 40, Deposit and Investment Risk Disclosures. This statement amends GASB Statement No. 3 and addresses additional cash and investment risks to which governments are exposed. Generally, this statement requires that state and local governments communicate key information about such risks. GASB Statement No. 40 was adopted by the Consortium during 2005.

The Program categorizes investments to give an indication of the level of credit risk associated with the Program's custodial arrangements at year end. Category 1 includes investments that are insured or registered or for which the securities are held by the Program or its agent in the Program's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the financial institution's trust department or agent in the Program's name. Category 3 includes uninsured and unregistered investments are held by the financial institution's trust department or agent in the Program's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the financial institution's trust department or agent, but not in the Program's name (the Program had no Category 1 or 3 investments at June 30, 2005).

Categorization of the Program's investments at June 30, 2005 was as follows:

	Category 2	Fair Value
Federal agency obligations	\$ 2,992,346	\$ 2,992,346
Totals	\$ 2,992,346	\$ 2,992,346

Interest Rate Risk - As a means of limited its exposure to fair value of losses caused by rising interest rates, the Consortium's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the Consortium's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

3. DEPOSITS AND INVESTMENTS (CONTINUED)

The Consortium's investment policy requires that investments made must mature within five years, unless they are matched to a separate obligation or debt of the Consortium. The purpose of the investments is to maximize the returns on the Consortium's excess cash balances consistent with safety of these monies and with the desired liquidity of the investments.

Credit Risk -

The Federal Home Loan Bank Bonds carry a rating of AAA by Moody's and Standard and Poor's and Fitch. The Consortium's investment policy limits investments to those authorized by State statute.

<u>Custodial Credit Risk</u> - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Consortium will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The U.S. Agency notes are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the Consortium's name. The Consortium has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

4. PREPAID EXPENSES

Prepaid Expenses – Prepaid expenses consist of the following at June 30, 2005:

Prepaid third party administration fees	\$ 122,525
Stop-loss prepayment	4,492
Totals	\$ 127,017

5. BENEFIT OBLIGATIONS

GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, and GASB Statement No. 30, Risk Financing Omnibus – an amendment of GASB Statement No. 10, establish accounting and financial reporting standards for insurance related activities of state and local governmental entities, and requires that actuarial techniques be utilized to estimate any claims liabilities, including those for claims incurred but not reported. The Program has recorded benefit obligations as of June 30, 2005 totaling \$ 3,079,492, which includes reported claims not yet paid, claims incurred but not reported and an allowance for claim settlement expenses on these estimated unpaid claims. This amount is actuarially determined using historical trends in the lag between the date a claim is incurred and paid.

Changes in the Program's benefit obligations amount was as follows:

	2005	2004
Balance at beginning of the fiscal year Current year claims Claims paid	\$ 2,874,558 24,186,943 <u>(23,982,009)</u>	\$ 2,405,000 25,226,051 <u>(24,756,493)</u>
Balance at end of the fiscal year	<u>\$ 3,079,492</u>	<u>\$ 2,874,558</u>

6. CONTINGENCY

The largest participant in the Program, Mentor Exempted Village School District, has opted to withdraw from the Program as of May 31, 2005. The financial effects of this withdrawal have not been determined.

7. RISK MANAGEMENT

The Council is a jointly governed organization, which acts as a government risk pool for health insurance for its 10 members.

The Council employs the services of an outside consultant (Robie Consulting Services) to assist them in administering the Program. The Council also uses Medical Mutual of Ohio, Caremark, Inc. and Express Scripts, Inc. as their third party administrators.

No employer, employee, or person claiming benefit by or through an employee shall have any claim against the Council or any property of the Council. The rights and interest of employees and persons claiming by or through employees shall be limited to benefits offered by or through the Council in accordance with the Program Agreement. The Council purchases or otherwise provides for the benefit of itself, the Directors and/or the Fiscal Agent such liability insurance with such limits of coverage deemed necessary and as approved by the Board of Directors. The aggregate claims liability of the Council shall not exceed one hundred twenty-five percent (125%) of expected claims.

Any Program Member who withdraws from the Council pursuant to the Program Agreement has no claim to the Council's assets.

It is not necessary for each member district of the Council to prepare a Governmental Accounting Standards Board (GASB) report. The Council holds all reserves including Incurred But Not Reported (IBNR), Shock, Stabilization and Fluctuation reserves. However, these reserves are allocated to members on a capitated basis for accounting purposes.

The Health Care Benefits Program of Lake County Schools Council is self insured for member district employee health insurance claims but maintains aggregate stop loss insurance with Medical Mutual of Ohio. The Self Insurance Fund pays covered claims to service providers and recovers these costs from premium charges to member districts based on calculations provided by the Council's consultant (Burns Consulting Associates, Inc.). An estimate June 30, 2005 loss reserves estimated by the Council's actuary are as follows:

IBNR Reserve Fluctuation Reserve	\$ 3,079,491 3,238,054
Total Reserve Funds	\$ 6,317,545

8. RESTATEMENT OF UNRESTRICED NET ASSETS

Unrestricted net assets, June 30, 2004, cash basis Capital outlays previously reported as expenditures	\$	6,636,537
	8,080 (808)	
Total	(000)	7,272
Prepaid expenditures previously reported as expenditures Accrued benefits payable not previously reported		126,846 (2,874,557)
Accounts payable not previously reported		(13,129)
Unrestricted net assets, June 30, 2004 as restated	\$	3,882,969

9. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2005, was as follows:

	<u>June 30, 2004</u>		Additions		Deletions		<u>June 30, 2005</u>	
Computers	\$	8,080	\$	1,169	\$	-	\$	9,249
Depreciation		(808)		(1,733)				(2,541)
Computers - Net	\$	7,272	\$	(564)	\$		\$	6,708

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Health Care Benefits Program of Lake County Schools Council 30 South Park Place #320 Painesville, OH 44077

We have audited the financial statements of the Health Care Benefits Program of Lake County Schools Council, Lake County, Ohio (the Program) as of and for the year ended June 30, 2005, and have issued our report thereon dated November 1, 2005. In our report, we noted the Program adopted Governmental Accounting Standards Board Statement No. 34 as of and for the year ended June 30, 2005, and that supplemental information and disclosure of revenue and claims development information was omitted. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Health Care Benefits Program of Lake County Schools Council's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the Program in a separate letter dated November 1, 2005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Health Care Benefits Program of Lake County Schools Council's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board of Directors, and is not intended to be and should not be used by anyone other than those specified parties.
