We have reviewed the *Independent Auditors' Report* of Jefferson Township, Muskingum County, prepared by Wolfe, Wilson, & Phillips, Inc. for the audit period January 1, 2004 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State's Office (AOS). Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditors' Report* on your financial statements. While the AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditors' Report* also includes an opinion on the financial statements using the regulatory format the AOS permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Jefferson Township is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Jefferson Township
Muskingum County
1620 Main Street
Dresden, Ohio 43821

We have audited the accompanying financial statements of Jefferson Township, Muskingum County as of and for the years ended December 31, 2005 and 2004. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Township has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America. Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, we presume they are material.

Revisions to GAAP would require the Township to reformat its financial statement presentation and make other changes effective for the year ended December 31, 2005 and 2004. Instead of the combined funds the accompanying financial statements present for 2005 and 2004, the revisions require presenting entity wide statements and also to present its larger (i.e. major) funds separately for 2005 and 2004. While the Township does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Township has elected not to reformat its statements. Since this Township does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Jefferson Township's combined funds as of December 31, 2005 and 2004, and their changes in financial position.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Jefferson Township, Muskingum County, as of December 31, 2005 and 2004, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

The aforementioned revision to generally accepted accounting principles also require the Township to include Management's Discussion and Analysis for the year ended December 31, 2005 and 2004. The Township has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated July 24, 2006, on our consideration of Jefferson Township's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Township of Jefferson, Muskingum County, is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by a publicly-elected three member Board of Trustees and a publicly elected Fiscal Officer. The Township provides road and bridge maintenance, and fire protection. The Township contracts with the Village of Dresden Fire Department to provide fire services.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and cash disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report expenditures when a commitment is made (i.e., when an encumbrance is approved.)

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

All cash is maintained in an interest-bearing checking account.

D. Fund Accounting

The Township uses fund accounting to segregate cash that is restricted as to use. The Township classifies its funds into the following types:

General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required by law or contract to be restricted.

Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds:

D. Fund Accounting (Continued)

Special Revenue Funds (Continued)

Gasoline Tax Fund – This fund receives gasoline tax receipts for constructing, maintaining and repairing Township roads and bridges.

Road and Bridge Fund – This fund receives property tax money for the construction, repair and maintenance of Township roads.

Motor Vehicle License Tax Fund – This fund receives motor vehicle license tax money for the construction, repair and maintenance of Township roads.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year-end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget commission must also approve estimated resources.

Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year-end are canceled and reappropriated in the subsequent year. The Township did not properly encumber all commitments required by Ohio law.

A Summary of 2005 and 2004 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

4. PROPERTY TAX

Real property taxes become a lien on January 1 proceeding the October 1 date for which rates are adopted by Board of Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the county by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

Tangible personal property tax is assessed by the property owners who must file a list of such property to the County by each June 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT
OF FINANCIAL STATEMENT PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.**

Jefferson Township
Muskingum County
1620 Main Street
Dresden, Ohio 43821

We have audited the financial statements of Jefferson Township as of and for the years ended December 31, 2005 and 2004, and have issued our report thereon dated July 24, 2006, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jefferson Township's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Jefferson Township's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings as item 2005-02.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not believe the reportable condition described above is a material weakness. We also noted other matters involving internal control over financial reporting that we have reported to management in a separate letter dated July 24, 2006.

Compliance and Other matters

As part of obtaining reasonable assurance about whether Jefferson Township's combined financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings as item 2005-01. We also noted immaterial instances of noncompliance that we have reported to the management of Jefferson Township in a separate letter dated July 24, 2006.

This report is intended for the information of the Board of Trustees, and the Auditor of State and is not intended to be and should not be used by anyone other than these specified parties.

**JEFFERSON TOWNSHIP
MUSKINGUM COUNTY**

**SCHEDULE OF FINDINGS
DECEMBER 31, 2005 AND 2004**

**FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2005-01

Ohio Revised Code Section 5705.41(D) states in part that no subdivision shall make any contract or give any order involving the expenditure of money unless there is attached thereto a certificate of fiscal officer of the subdivision. The fiscal officer must certify that the amount required to meet such a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

Prior certification was not obtained for 30% in 2005 and 29% in 2004 of the expenditures tested.

The Fiscal Officer should certify funds before each payment is made through the issuance of a regular, blanket, or super blanket purchase order. Blanket certificates should be issued for a certain sum of money not in excess of an amount established by resolution or ordinance adopted by a majority of the members of council against any specific line item account over a period not running beyond the end of the current fiscal year. A super blanket purchase order can be completed for any amount for expenditures and contracts from a specific line item appropriation account in a specified fund for most recurring or reasonable predictable operating expenditures. This is not to extend beyond the current year. More than one super blanket may be outstanding at one particular time for a particular line item appropriation account.

Also, as an alternative, the Township can issue then and now certificates for expenses up to \$3,000. Then and now certificates allow the Fiscal Officer to certify that both at the time the expenditure was made and at the time that the certification is completed, sufficient funds are available. These certificates can be certified by the Fiscal Officer without subsequent authorization from the Trustees. However, then and now certificates issued by the Fiscal Officer over \$3,000 must be authorized by the Trustees within thirty days after payment.

Client Response: Client agrees with finding, will review expenditures and try to certify prior to disbursement.

FINDING NUMBER 2005-02 Reportable Condition

The Township did not have a control in place to ensure that amended certificates of estimated resources as certified by the County Auditor are reconciled to estimated resources that were posted to the accounting system.

As a result, the amounts certified by the County Auditor did not agree to the amounts posted in the financial records. If the amounts posted do not agree to those authorized, the Township may pass appropriations based on inaccurate estimates.

We recommend that procedures be implemented to ensure that estimated resources are accurately posted to the revenue ledger. The budgetary amounts listed in Note 3 Budgetary Activity are the amounts certified by the County Auditor.

Client Response: Client agrees with finding, will properly post estimated resources to receipt ledger.
