#### INDEPENDENT ACCOUNTANTS' REPORT

Honorable County Board of Commissioners Honorable County Auditor Honorable County Treasurer Champaign County 1512 South U.S. Highway 68, Suite A100 Urbana, Ohio 43078

We have audited the accompanying financial statements of Champaign County, (the County), as of and for the year ended December 31, 2006. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-2-03 (B) requires the County to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 1, the accompanying financial statements and notes have been prepared on an accounting basis not in accordance with these generally accepted accounting principles. The accompanying financial statements and notes omit entity wide statements, and assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the accompanying financial statements do not present fairly the financial position, results of operations, and cash flows, where applicable, of the County as of and for the year ended December 31, 2006 in accordance with accounting principles generally accepted in the United States of America.

The County has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 23, 2007, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us Financial Condition Champaign County Independent Accountants' Report Page 2

Mary Taylor

We conducted our audit to opine on the County's financial statements. The Federal Awards Expenditure Schedule presents additional information and is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* It is not a required part of the financial statements. We subjected this schedule to the auditing procedures applied in our audit of the County's financial statements. For reasons stated in the third paragraph, the financial statements do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County, as of December 31, 2006 or its changes in financial position or its cash flows for the year then ended. Therefore we are unable to express, and we do not express, an opinion on the Federal Awards Expenditure Schedule.

Mary Taylor, CPA Auditor of State

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006

#### 1. REPORTING ENTITY AND BASIS OF PRESENTATION

Champaign County, Ohio (the County) was established in 1805 by an act of the Ohio General Assembly. It operates as a political subdivision of the State of Ohio exercising only those powers conferred by the legislature. Champaign County voters elect a total of eleven legislative and administrative county officials. The three-member Board of Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer and tax assessor and the County Treasurer serves as the custodian of all county funds and as tax collector. In addition, there are six other elected administrative officials provided for by Ohio law, which include the Clerk of Courts, Recorder, Coroner, Engineer, Prosecuting Attorney and Sheriff. The judicial branch of the County is comprised of a Common Pleas Judge, and a Probate Judge/Juvenile Judge.

Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County.

#### A. Reporting entity

Governmental Accounting Standards Board indicates that the criteria for including a potential component unit within the reporting entity is the County Commissioner's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of this ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the accountability for fiscal matters and the ability to influence operations significantly.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the County or whether the activity is conducted within the geographic boundaries of the County and is generally available to its residents.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the County is able to exercise oversight responsibility.

Based on the criteria established by the Codification of Governmental Accounting and Financial Reporting Standards (GAFRS), the financial activities of the various potential component units are (1) part of the reporting entity of the County and included in the financial statements; (2) reported as Agency funds in the financial statements; (3) Joint Ventures and disclosed in the notes to the financial statements; or (4) excluded from the reporting entity.

The Champaign County Board of Mental Retardation and Developmental Disabilities is included as a part of the reporting entity and is presented in the financial statements, although governed by its own board, the County Commissioners have oversight responsibility.

The County Treasurer, as the custodian of public funds, invests all public monies held on deposit in the County treasury. In the case of separate agencies, boards and commissions as listed below, the County serves as fiscal agent but does not exercise primary oversight responsibility. Accordingly, the activity of the following districts and entities have been included in the County's financial statements as Agency Funds:

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 1. REPORTING ENTITY AND BASIS OF PRESENTATION (Continued)

District Board of Health
Child and Family First Council
Emergency Management Agency
Tri County Regional Jail
Champaign Countywide Public Safety Communications Center Council of Governments
Soil and Water Conservation District
Mental Health, Drug and Alcohol Services of Logan and Champaign County

Although the following entities meet the scope of public service criterion, the County exercises no oversight responsibility. The entities may be related to the County in that the organizations may share the County name or the County may provide resources to support them as monies are available. The governing authorities of these entities are selected independently of Champaign County officials. Each individual governing authority may: (1) designate its own management; (2) have total control over their operations; (3) be solely responsible for reviewing, approving and revising its own budget; (4) have the ability to issue and be responsible for its own debt; (5) function as fiscal manager by controlling the collection and disbursement of funds and holding title to assets; and (6) have the ability to generate their own revenue. The following organizations are excluded from the reporting entity:

Champaign County Board of Education
Champaign County Agricultural Society
Champaign County Law Library Association
Champaign County Council on Aging
Champaign County Historical Society
Champaign County Community Improvement Corporation
Champaign County Cooperative Extension Services
Champaign County Air Pollution Control Board
Champaign County Conservancy District
Mercy Memorial Hospital

Lawnview Industries, Inc.: Lawnview Industries, Inc. (Lawnview) is a legally separate, not-for-profit corporation, served by a self-appointing board of trustees. Lawnview, under contractual agreement with the Champaign County Board of Mental Retardation and Developmental Disabilities (MRDD), provides sheltered employment, while educating and training the mentally retarded and developmentally disabled citizens of Champaign County. MRDD reimburses and provides certain operating expenses as necessary for the operation of Lawnview. Based on the significant services and resources provided by the County (MRDD) to Lawnview and Lawnview's sole purpose of providing assistance to the mentally retarded or developmentally disabled adults of Champaign County, Lawnview is a component unit of the County. However, the County reports on the cash basis of accounting which does not reflect component units within the financial statements and related note disclosures. Complete financial statements for Lawnview may be obtained from the administrative offices at 1250 East Route 36, Urbana, Ohio 43078.

Home Options, Inc.: Home Options, Inc. is a legally separate, not-for-profit corporation. It provides housing exclusively for Board of MRDD clients. MRDD reimburses and provides certain operating expenses as necessary for the operation of Home Options, Inc. Based on the significant services and resources provided by the County (MRDD) to Home Options, Inc. and Home Options' sole purpose of providing assistance to the mentally retarded or developmentally disabled adults of Champaign County, Home Options, Inc. is a component unit of the County. However, the County reports on the cash basis of accounting which does not reflect component units within the financial statements and related note disclosures. Complete financial statements for Home Options, Inc. may be obtained from the administrative offices at 2200 South U.S. Highway 68, Urbana, Ohio 43078.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 1. REPORTING ENTITY AND BASIS OF PRESENTATION (Continued)

#### **B.** Basis of Accounting

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report in accordance with generally accepted accounting principles, the County choose to prepare its financial statements and notes in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare annual financial reports in accordance with generally accepted accounting principles. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved).

These statements include adequate disclosure of material matters, as formerly prescribed or permitted by the Auditor of State.

#### C. Fund Accounting

The County maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each type of funds are as follows:

#### 1. Governmental Fund Types

**General Fund** - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

**Special Revenue Funds** - The Special Revenue Funds are used to account for revenues derived from specific taxes, grants or other restricted revenue sources. Legal or regulatory provisions or administrative action specifies the uses and limitations of each special revenue fund.

**Debt Service Funds** - Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

**Capital Projects Funds** - Capital Project Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

**Permanent Funds** - These funds account for assets held under a trust agreement that are legally restricted to the extent that only earnings, not principal, are available to support the County's programs.

#### 2. Proprietary Fund Types

**Enterprise Funds** - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 1. REPORTING ENTITY AND BASIS OF PRESENTATION (Continued)

**Internal Service Funds** - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County or to other government units on a cost-reimbursement basis.

**3. Fiduciary Fund Types -** Fiduciary funds include private purpose trust funds and agency funds.

**Private Purpose Trust Funds** -Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the County's own programs.

**Agency Funds** – Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The County disburses these funds as directed by the individual, organization or other government.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Budgetary Process

The County is required by state law to adopt annual budgets for all funds, except fiduciary funds specifically exempted by statute. Listed below are the major steps of the budget preparation process:

#### 1. Budget

A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

#### 2. Estimated Resources

The County Budget Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year.

Prior to December 31, the County must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources.

The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include January 1 unencumbered fund balances. However, those fund balances are available for appropriations.

#### 3. Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 4. Encumbrances

The County is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

#### B. Cash and Investments

The County Treasurer invests all active and inactive county funds. Active county funds are invested in overnight money market accounts with local commercial banks. Inactive funds are invested in certificates of deposit. The County pools its cash for investment purposes to capture the highest return. Investment income credited to the General Fund during 2006 amounted to \$680,463. Investments are stated at cost, which approximates fair market value.

During fiscal year 2006, investments of the County were limited to the State Treasury Asset Reserve of Ohio (STAROhio), certificates of deposits, government securities and money market funds. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the state to pool their funds for investment purposes. STAROhio is not registered with the Securities and Exchange Commission (SEC) as an investment company, but does operate in a manner consistent with Rule 2a7 on the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2006. The fair value of the County's investment in the STAR Ohio pool is equal to its position in the pool.

#### C. Property, Plant and Equipment

Fixed assets acquired or constructed for general governmental service are recorded as expenditures. The accompanying financial statements do not report these items as assets and depreciation is not recorded for these fixed assets under the cash basis of accounting.

#### D. Insurance

The County is insured with the Public Entities Pool of Ohio for most risks including, but not limited to, property damage, health care and personal injury.

#### E. Accumulated Leave

In certain instances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

#### F. Total Columns on Combined Financial Statements

Total columns on the combined financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Interfund eliminations have not been made in the aggregation of this data.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 3. CASH AND INVESTMENTS

The Treasurer is responsible for selecting depositories and investing funds. Monies held by the County are classified by State Statute into two categories. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested in the following securities:

- A. United States Treasury Notes, Bills, Bonds or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- B. Bonds, notes, debentures or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- C. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- D. Bond and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
- E. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
- F. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- G. The State Treasurer's investment pool (STAR Ohio);
- H. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in division (1) or (2) or cash or both securities and cash, equal value for equal value;
- I. High grade commercial paper in an amount not to exceed five percent of the County's total average portfolio; and
- J. Bankers acceptances for a period not to exceed 270 days and in an amount not to exceed ten percent of the County's total average portfolio.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 3. CASH AND INVESTMENTS (Continued)

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The County's cash and investments as of December 31, 2006, consisted of the following:

| Cash on hand:                                    | \$          | 14,000            |
|--|-------------|-------------------|
| Deposits:  |             |                   |
| Demand deposits:                                 |             |                   |
| Interest bearing                                 |             | 400,586           |
| Certificates of deposit, 3.26% to 4.88%          | 7           | 7,474,16 <u>5</u> |

#### A. Deposits

Except for items in-transit, the carrying value of deposits by the respective depositories equates to the carrying value by the County. All deposits are collateralized with eligible securities and letters of credit, as described by the Ohio Revised Code, in amounts equal to at least 105% of the County's carrying value of the deposits (demand deposits and certificates of deposit). Such collateral, as permitted by the State of Ohio, is held in each respective depository bank's collateral pool at a federal reserve bank, or member bank other than the depository bank, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds.

The year-end bank balance of all County deposits was 9,111,218. Based on criteria described in GASB Statement No. 3 amounts on deposit with financial institutions, including investments were covered by:

| FDIC insured deposits  | \$         | 500,000   |
|--|------------|-----------|
| Deposits collateralized by securities held by pledging financial |            |           |
| Institution or its agent but not in County's name                | <u>\$8</u> | 3,611,218 |
| Total insured or collateralized                                  | \$9        | 9,111,218 |

Custodial credit risk is the risk that in the event of bank failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Protection of the County's cash and deposits is provided by the Federal Deposit Insurance Corporation as well as qualified securities pledged by the institution holding the assets. By law, financial institutions must collateralize all public deposits. The face value to the pooled collateral must equal at least 105 percent of public funds deposited. Trustees including the Federal Reserve Bank and designated third parties of the financial institutions hold collateral.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 3. CASH AND INVESTMENTS (Continued)

#### **B.** Investments

Monies held in the County Treasury are pooled for the purpose of investment management. The County invests in those instruments identified in Section 135.35 of the Ohio Revised Code. Specifically, authorized investment instruments consist of:

- 1. Bonds, notes or other obligations guaranteed by the United States;
- 2. Bonds, notes or other obligations issued by any federal government agency;
- 3. Certificates of deposit in accordance with Section 135.32 of the Ohio Revised Code;
- 4. Repurchase agreements under the terms of which agreement the County purchases and the seller agrees unconditionally to repurchase any of the securities listed in 1 or 2;
- 5. Bonds and other obligations of Ohio, its political subdivisions, or other units or agencies of Ohio or its political subdivisions; and
- 6. The Ohio State Treasurer's investment pool (STAR Ohio).

All Investments are reported at fair value, which is based on quoted market prices. Investments are reported on the county records (Cash Value) at cost plus accretion or minus amortization. Investment ratings are: Standard & Poor's highest AAA rating for Star Ohio and Standard & Poor's AAA & Moody's AAA rating for US Governments and US Government Agencies held in Champaign National Bank Trust Account (Securities held by Bank of New York).

|  | Cash Value<br>(Book) | Market      | Investment<br>(in years) | Maturities |

| Federal Home Loan Bank                     | 1,501,078            | 1,498,363   | 998,363                  | \$500,000  |
| Federal Farm Credit Bank                   | 750,000              | 749,765     | 749,765                  |            |
| Total                                      | \$7,783,876          | \$7,778,554 | \$7,278,554              | \$500,000  |

The County's deposits and investments, as of December 31, 2006, totaling \$15,672,627 were held in five financial institutions as follows: 18.89% Champaign National Bank, 13.24% Citizens National Bank of Urbana, 38.65% Perpetual Federal Savings Bank, 5.91% Fifth Third Bank, 6.02% First Central National Bank, 1.00% Star Ohio and 16.29% Champaign National Bank Trust (Government Investments held by Bank of New York). Of the 16.29% Government portfolio 18.18% was invested in Federal Home Loan and Mortgage Corporation, 54.56% was invested in Federal Home Loan Bank, and 27.26% was invested in Federal Farm Credit Bank.

Custodial credit risk for investments is the same as listed above under Deposits.

**Interest Rate Risk.** The County's investment policy does not address interest rate risk. Ohio revised code requires that an investment mature within five years from the date of purchase and that an investment must be purchased with the expectation that it will be held to maturity.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 4. NOTES PAYABLE AND LONG-TERM OBLIGATIONS

Obligations at December 31, 2006 were as follows:

The Capital Improvement Bond Anticipation Note was issued for the purpose of constructing building improvements and telephone equipment, including a 911 system. The interest rate varies and equals the difference between the prime rate and 1.5%. The notes mature not more than 5 years from the issuance date.

The County Home Bond Anticipation Note, Series 2005 was issued for the purpose of paying part of the cost of acquiring and constructing improvements to the County Home. The interest rate will be 4.6% until 2011 when it is subject to change to the lenders prime rate less 10 basis points to produce an equivalent tax-exempt yield to the lender. The notes mature not more than 15 years from the issuance date.

The County Building Refunding Bonds issued 2005 were issued for the purpose of interest savings on the County Various Purpose General Obligation Bonds issued 1998. The bonds were issued at 4.5%. The bonds refunded \$1,865,000 principal on the general obligation bonds. The remainder of the principal of the general obligation bonds will be paid over the next 5 years concluding on December 1, 2010. The County Building Refunding Bonds will be paid over the next 12 years.

The County Home Improvement General Obligation Bonds were issued in 1997 for the purpose of building improvements. The bonds mature 12/1/2008 with an interest rate of 5.5%.

The Ohio Public Works Commission loan was obtained for the purpose of funding capital improvement projects. The loan has a 0% interest rate, and will be repaid over 16 years.

The County Home Self Insurance Note in Anticipation of Bonds issued 2006 for the purpose of providing funds to pay the County Home's portion of the cost of establishing and maintaining a self-insurance program. The interest rate will be 7.15% until 2011 when it is subject to change to the lenders prime rate less 10 basis points to produce an equivalent tax-exempt yield to the lender. The note matures not more than seven years from the issuance date.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 4. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

In addition to the above general obligation bonds, the County has limited obligation bonds (conduit debt) totaling \$130,101 with Champaign Residential Services, Inc. and \$2,434,336 with Urbana University. In the event of default by the agencies, the County's obligation would be limited to revenue derived from the rental or sale of buildings.

In 2006 the County entered into an agreement with the County of Lorain (Catholic Health Partners) for Ohio Hospital Facilities Revenue bonds, Series 2006. Proposed bonds would not exceed \$450,000,000. The bonds would not constitute a liability of Champaign County; instead, the bond would be the sole obligation of Catholic Health Partners.

The following table summarizes the County's future debt service requirements for General Obligation Bonds and Enterprise Fund General Obligation Bonds as of December 31, 2006:

| Year<br>Ending<br>12/31 | Various I<br>Bor | •         | Refunding   | g Bonds   | Ohio Public<br>Works<br>Commission |          | Improvement |          | County H<br>Refundin<br>Bonds |          |

| Total                   | \$820,000        | \$114,125 | \$1,995,000 | \$610,276 | \$639,310                          | \$0      | \$170,000   | \$14,300 | \$100,000                     | \$42,900 |

The general obligation bonds contain no sinking fund requirements or significant bond limitations or restrictions and are backed by the full faith and credit of the County. Historically, the County has appropriated enterprise fund revenues for payment of general obligations debt for enterprise system improvements.

#### 5. RISK MANAGEMENT

The County is exposed to various risks of property and casualty losses, and injuries to employees.

The County insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The County belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 5. RISK MANAGEMENT (Continued)

#### A. Casualty Coverage

For an occurrence prior to January 1, 2006, PEP retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. For an occurrence on or subsequent to January 1, 2006, the Pool retains casualty risk up to \$350,000 per occurrence, including loss adjustment expenses. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with PEP.

If losses exhaust PEP's retained earnings, APEEP provides excess of funds available coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 (for claims prior to January 1, 2006) or \$3,000,000 (for claims on or after January 1, 2006) as noted above.

#### **B.** Property Coverage

Through 2004, PEP retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence.

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable values. If the stop loss is reached by payment of losses between \$100,000 and \$250,000, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2006 was \$1,901,127.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal vears.

#### C. Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2006 and 2005:

| Casualty Coverage | 2006         | 2005         |
|-------------------|--------------|--------------|
| Assets            | \$30,997,868 | \$29,719,675 |
| Liabilities       | (15,875,741) | (15,994,168) |
| Retained earnings | \$15,122,127 | \$13,725,507 |
| Property Coverage | 2006         | 2005         |
| Assets            | \$5,125,326  | \$4,443,332  |
| Liabilities       | (863,163)    | (1,068,245)  |
| Retained earnings | \$4,262,163  | \$3,375,087  |

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 5. RISK MANAGEMENT (Continued)

At December 31, 2006 and 2005, respectively, casualty coverage liabilities noted above include approximately \$14.4 million and \$14.3 million of estimated incurred claims payable. The Casualty Coverage assets and retained earnings above also include approximately \$14.4 million and \$14.3 million of unpaid claims to be billed to approximately 447 member governments in the future, as of December 31, 2006 and 2005, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. The County's share of these unpaid claims collectible in future years is approximately \$366,310. This payable includes the subsequent year's contribution due if the County terminates participation, as described in the last paragraph below.

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

| Contributions to PEP |           |  |  |
|----------------------|-----------|--|--|
| 2004                 | \$179,949 |  |  |
| 2005                 | \$175,335 |  |  |
| 2006                 | \$183,155 |  |  |

After completing one year of membership, members may withdraw on each anniversary of the date they joined PEP provided they give written notice to PEP 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

#### D. County Employee Benefit Consortium of Ohio, Inc.

The County is participating in an insurance group purchasing pool for employee benefit plan costs which was established under the authority granted by Section 9.833 of the Ohio Revised Code. The County Employee Benefit Consortium of Ohio, Inc (CEBCO) was established to assist political subdivisions of the State of Ohio in controlling employee benefit plan costs.

CEBCO is responsible for obtaining and providing to members within 90 days after the last day of the fiscal year, a written report by a member of the American Academy of Actuaries concerning the benefit program.

This report shall certify whether the amounts reserved by CEBCO to cover potential cost of health care benefits for eligible officials, employees, and dependents are sufficient and are computed in accordance with accepted loss reserving standards. Each member political subdivision has a voting representative on the CEBCO Board.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 6. PROPERTY TAXES

Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located in the County. Real property taxes collected during 2006 were levied after October 1, 2005 on the assessed value listed as of January 1, 2005, the lien date. Public utility property taxes collected in 2006 attached as a lien on December 31, 2005 and were levied after October 31, 2005. Taxpayers were required to pay one half of these taxes by February 15, 2006, with the remaining half due by July 18, 2006. Tangible personal property taxes collected in 2006, were levied after October 31, 2005 on the value listed as of December 31, 2005. Taxpayers were required to pay one half of these taxes by May 10, 2006 with the remaining balance due on October 20, 2006.

Public utility property taxes are assessed on tangible personal property at true value, while other tangible personal property assessments are 25% of true value. True value is based on cost and established by the State. Assessed values on real property are established by State law at 35% of appraised market value. A revaluation of all property is required to be completed every sixth year, with a statistical update every third year. The last revaluation was completed in 2001.

The assessed value by property classification, upon which the 2006 tax receipts were based, follows:

| Real property                             | \$606,822,110 |
|---|---------------|
| Public utility real property              | 137,360       |
| Tangible personal property                | 77,973,367    |
| Public utility tangible personal property | 29,687,690    |
| Manufactured Homes                        | 1,420,500     |
| Total                                     | \$716,041,027 |

Ohio law prohibits taxation from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Currently, the County levies 2.2 mills of the first 10 mills of assessed value. During 2006, in addition to the 2.2 mills, 7.7 mills have been levied based upon mills voted for the Senior Citizens, MRDD (Lawnview School), the Children's Service levy, and a 9-1-1 levy.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portion of taxes collected. Collection of the taxes and their remittance to the taxing districts are accounted for in various agency funds of the County.

#### 7. LOCAL SALES TAX

For the purpose of providing additional general revenues, the Champaign County Commissioners have levied a tax at the rate of 1  $\frac{1}{2}$  % percent upon certain retail sales made in the County. Tax receipts are credited to the general fund and amounted to \$4,522,694 for 2006.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 8. PROPERTY LEASE REVENUE

The County leased 150 acres to a farmer for a three-year period beginning March 1, 2004, at an annual rent of \$12,710, with optional annual rental updates. Total rental income on the farm for 2006 was \$12,710 and is reported as rental income in the general fund.

The County leased office space in downtown Urbana at Miami Square. Total rental income from Miami Square for 2006 was \$22,651 and is reported as rental income in the general fund.

The County leased office space in South Point Center to various agencies. Total rental income from South Point for 2006 was \$239,892 and is reported as rental income in the general fund.

#### 9. DEFINED BENEFIT PENSION PLANS

#### A. Ohio Public Employees Retirement System

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

For the year ended December 31, 2006, the members of all three plans, except those in law enforcement participating in the traditional plan, were required to contribute 9 percent of their annual covered salaries. Members participating in the traditional plan who were in law enforcement contributed 10.1 percent of their annual covered salary. The County's contribution rate for pension benefits for 2006 was 13.7 percent, except for those plan members in law enforcement or public safety. For those classifications, the County's pension contributions were 16.93 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 9. DEFINED BENEFIT PENSION PLANS (Continued)

#### **B. State Teachers Retirement System**

The County participates in the State Teachers Retirement System of Ohio (STRS Ohio), a costsharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a standalone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio web site at www.strsoh.org. New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2005, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 10. POSTEMPLOYMENT BENEFITS

#### A. Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and qualified survivor benefit recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statue. The 2006 local government employer contribution rate was 13.7 percent of covered payroll (16.93 percent for public safety and law enforcement); 4.50 percent of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the individual entry age actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2005, include a rate of return on investments of 6.50 percent, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.3 percent based on additional annual pay increases. Health care costs were assumed to increase between .50 and 6.00 percent annually for the next nine years and 4.00 percent annually after nine years.

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually, not to exceed a 12 percent corridor.

The number of active contributing participants in the traditional and combined plans was 369,214. The number of active contributing participants for both plans used in the December 31, 2005, actuarial valuation was 358,804. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2005, (the latest information available) were \$11.1 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$31.3 billion and \$20.2 billion, respectively.

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. To improve the solvency of the Health Care Fund, OPERS created a separate investment pool for health care assets. Member and employer contribution rates increased as of January 1, 2006, and January 1, 2007, which will allow additional funds to be allocated to the health care plan.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 10. POSTEMPLOYMENT BENEFITS (Continued)

#### **B. State Teachers Retirement System**

The County provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis. All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the County, this amount equaled \$200,739 for fiscal year 2006. STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2006, the balance in the Fund was \$3.5 billion. For the fiscal year ended June 30, 2006, net health care costs paid by STRS Ohio were \$282,743,000 and STRS Ohio had 119,184 eligible benefit recipients.

#### 11. PENDING LITIGATION

The County is a defendant in a number of lawsuits pertaining to matters, which are incidental to performing routine governmental and other functions. No material claims are outstanding.

The County participates in certain federal and state assisted grants and programs that are subject to financial compliance audits by the grantor agencies or their representatives. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Such audits could lead to reimbursements to the grantor agencies. It is the opinion of management, that the reimbursement, if any, will not have a material effect on the County's financial position.

#### 12. JOINTLY GOVERNED ORGANIZATIONS

#### A. Central Ohio Youth Center

The Central Ohio Youth Center is a jointly governed organization involving Union, Champaign, Delaware, and Madison Counties. The Center provides facilities for the training, treatment and rehabilitation of delinquent, dependent, abused, or neglected children and was established under Section 2151.34 of the Ohio Revised Code. The operation of the Center is controlled by a joint board of trustees whose membership consists of two appointees of the Union County Commissioners, two appointees of the Delaware County Commissioners, and one appointee from Champaign, Logan, and Madison Counties. Each county's ability to influence the operations of the Center is limited to their representation on the board of trustees. Appropriations are adopted by the joint board of trustees who exercise control over the operation, maintenance, and construction of the Center. Union County serves as the fiscal agent. Each county is charged for their share of the operating costs of the Center based on the number of individuals from their County in attendance. During 2006, Champaign County contributed \$339,598 for operations of the Center.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 12. JOINTLY GOVERNED ORGANIZATIONS (Continued)

#### B. Champaign County Child and Family Council

The Champaign County Child and Family Council was established under Section 121.37 of the Ohio Revised Code to provide help to families seeking government services. These services are provided through coordination, collaboration and cooperation of parents and of public and private agencies and shall foster and develop resources, which minimize barriers and enable families to build on their strengths to enhance their quality of life. Council membership is set by statute and includes the chair of the board of county commissioners, or an individual designated by the board. Appropriations are adopted by the Champaign County Budget Commission and the Champaign County Auditor serves as the fiscal agent. During 2006, the Champaign County Commissioners served as the Council's administrative agent but did not contribute any funds.

#### C. Fairways Regional Council of Governments

The County is a participant in the Fairways Regional Council of Governments (the Council), jointly governed organization with Champaign and Madison Counties. The purpose of the Council is to provide supported living services and family support services for mentally retarded and disabled individuals and their families. The Council started providing these services in September 1998 and is established under section 167 of the Ohio Revised Code. The Council is governed by a three-member board of directors, consisting of the superintendents of the participating Counties MRDD Boards. Champaign County has no ongoing financial responsibility to the Board. During 2006, Champaign County made no contributions towards the operation of the Council.

#### D. Champaign Countywide Public Safety Communications System Council of Governments

The County entered into an agreement in April 2005 with the Champaign Countywide Public Safety Communications System Council of Governments (COG) whereby the City of Urbana and the County created the COG for the purpose of operating an enhanced 9-1-1 system. The COG contracted with Champaign County to serve as its fiscal agent. During 2006 the County made on behalf of contributions to the COG in the amount of \$242,618 for start up capital costs. At December 31, 2006 the County was obligated to the COG for an additional \$346,766 of reimbursable capital expenditures.

#### E. North Central Ohio Solid Waste Management District

Champaign County participates in a Multi-County Solid Waste District (the District), along with Allen, Hardin, Marion, Shelby and Union Counties. The District was established following the requirements of House Bill 592. The Board of Directors consists of County Commissioners from each county. Allen County serves as the fiscal agent for the District. Initial funding for the District was contributed by each county based on the individual county's population as compared to the total of all participating counties' populations.

Champaign County initially contributed approximately 12 percent of the total funds contributed. In 1994, the District became self-supporting and does not anticipate having to rely on future support coming from funds given to the District by the six counties involved. The County did not contribute to the District nor does it anticipate doing so in the future. Complete financial statements can be obtained from the North Central Ohio Solid Waste Management District, Allen County, Ohio.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2006 (Continued)

#### 13. JOINT VENTURE

**Tri-County Regional Jail** – Champaign County is a participant in the Tri-County Regional jail, which is a joint prison capable of minimum, medium, and maximum security. The prison was built to house convicted criminals from Madison, Union and Champaign Counties. The governing board consists of the Champaign County Sheriff and the Common Pleas Judge from each of the aforementioned counties, with the judge from Champaign County chairing the board. The Champaign County Auditor serves as fiscal agent for the Jail. During 2006, Champaign County contributed \$1,374,776 towards the operation of the jail. Financial information can be obtained by writing the Champaign County Auditor, 1512 South U.S. Highway 68, Urbana, OH 43078.

#### 14. DEFFERED COMPENSATION PLANS

Champaign County employees and elected officials may participate in deferred compensation plans created in accordance with Internal Revenue Code Section 457, one offered by the State of Ohio the other by the County Commissioners Association of Ohio. Participation is on a voluntary payroll deduction basis. Each plan permits deferral compensation until future years. According to the plans, the deferred compensation is not available to employees until termination, retirement, or unforeseeable emergency.

#### 15. SUBSEQUENT EVENTS

#### A. Questioned Costs - Champaign County Department of Job and Family Services

On January 2, 2007, the Ohio Department of Job and Family Services issued questioned costs in the amount of \$359,900.38 against Champaign County Department of Job and Family Services. This was the result of an audit for calendar year 2000. Counsel for the Champaign County Department of Job and Family Services is requesting sanctions not be taken in lieu of corrective action.

#### B. Sale of The Wellington Nursing and Rehabilitation Center - County Home

Sealed bids for the purchase of The Wellington Nursing and Rehabilitation Center and for the rights to certify for Medicaid participation for twenty intermediate care facility for the Mentally Retarded Medicaid certified beds were opened August 21, 2007. Bids were accepted for \$3,065,000 and \$402,000, respectively.

The accompanying notes to this schedule are an integral part of the schedule.

## NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES FOR THE YEAR ENDED DECEMBER 31, 2006

#### **NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the County's federal award programs. The schedule has been prepared on the cash basis of accounting.

#### **NOTE B - SUBRECIPIENTS**

The County passes-through certain Federal assistance received from the Ohio Department of Development to other governments or not-for-profit agencies (sub-recipients). As described in Note A, the County records expenditures of Federal awards to sub-recipients when paid in cash.

The sub-recipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the County is responsible for monitoring sub-recipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations and the provisions of contracts or grant agreements, and that performance goals are achieved.

#### **NOTE C - MATCHING REQUIREMENTS**

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Champaign County 1512 South U.S. Highway 68, Suite A100 Urbana, Ohio 43078

We have audited the financial statements of Champaign County, (the County), as of and for the year ended December 31, 2006, and have issued our report thereon dated August 23, 2007, wherein we noted that the County prepared its financial statements using accounting practices the Auditor of State established rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the County's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the County's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

We consider the following deficiencies described in the accompanying schedule of findings to be significant deficiencies in internal control over financial reporting: 2006-001 through 2006-005.

Financial Condition Champaign County Independent Accountants' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

## Internal Control Over Financial Reporting (Continued)

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the County's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also material weaknesses. However, of the significant deficiencies described above, we believe findings number 2006-001 and 2006-002 are also material weaknesses.

We also noted certain matters that we reported to the County's management in a separate letter dated August 23, 2007.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters that we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2006-001 through 2006-003.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the County's management in a separate letter dated August 23, 2007.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the County's responses and, accordingly, we express no opinion on them.

We intend this report solely for the information and use of the audit committee, management, the Board of County Commissioners, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Mary Taylor, CPA Auditor of State

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Champaign County 1512 South U.S. Highway 68, Suite A100 Urbana, Ohio 43078

#### Compliance

We have audited the compliance of Champaign County, (the County), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended December 31, 2006. The summary of auditor's results section of the accompanying schedule of findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Champaign County complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2006. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that OMB Circular A-133 requires us to report, which is described in the accompanying schedule of findings as item 2006-006.

Financial Condition
Champaign County
Independent Accountants' Report on Compliance with Requirements
Applicable to Major Federal Programs and on Internal Control Over
Compliance in Accordance with OMV Circular A-133
Page 2

#### **Internal Control Over Compliance**

The County's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the County's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A control deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that the entity's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as finding 2006-006 to be a significant deficiency.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the County's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements. We did not consider the deficiency described in the accompanying schedule of findings to be a material weakness.

We noted one matter involving the internal control over federal compliance not requiring inclusion in this report, that we reported to the County's management in a separate letter dated August 23, 2007.

The County's response to the finding we identified is described in the accompanying schedule of findings. We did not audit the County's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of the audit committee, management, the Board of County Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Mary Taylor, CPA Auditor of State

Mary Taylor

| (d)(1)(ix)   | Low Risk Auditee?  | No   |

## 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### FINDING NUMBER 2006-001

#### **Material Noncompliance and Material Weakness**

Ohio Administrative Code Section 117-2-03 (B) requires the County to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP). The County, however, prepared its annual financial report for 2006 in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. The County can be fined. In addition, various other administrative remedies may be taken against the County.

The County is a large and complex government. To provide citizens and other concerned readers of the financial statements access to the assets, liabilities, fund equities, and required disclosures, the County should prepare their annual financial reports in accordance with generally accepted accounting principles.

#### **County Auditor Response:**

The County is considering a GAAP 'look-alike' statement for 2007.

#### **FINDING NUMBER 2006-002**

#### **Material Non-Compliance and Material Weakness**

**Auditor of State Bulletin 2005-005** requires non-GAAP, cash-basis financial statements filers, such as Champaign County, to prepare their annual reports using the same fund categories and the same fund types as provided for in GAAP. The purpose of this change is to provide a level of comparability in terms of fund types among similar governments, regardless of the basis used to prepare their annual financial statements. Effective January 1, 2006 the County was required to classify its expendable and its nonexpendable trust funds as special revenue, permanent or private purpose trust funds using the guidelines presented in the Bulletin. Expendable and nonexpendable fund types were eliminated. The County Auditor did not make the required fund reclassifications for 2006. This resulted in material adjustments to the 2006 financial statements filed with the Auditor of State.

In addition to the incorrect fund classifications, the County's filed financial statements required material adjustments to the budgetary statements, did not include the activity of the Internal Service self insurance fund, nor did the special revenue fund totals agree to support documentation.

To decrease the risk of materially misstating its financial activity in the its Annual Report, the County Auditor should review current bulletins and training materials before preparing the current year's statements. When the statements are complete they should be reviewed for reasonableness and completeness.

#### **County Auditor Response:**

The Auditor will review current bulletins and training materials before preparing the 2007 statements.

Financial Condition Champaign County Schedule of Findings Page 3

#### **FINDING NUMBER 2006-003**

#### **Material Noncompliance and Significant Deficiency**

**Ohio Rev. Code Section 9.38** requires public money must be deposited with the treasurer of the public office or to a designated depository on the business day following the day of receipt. Public money collected for other public offices must be deposited by the first business day of the week following the date of collection.

For example, a government employee other than the fiscal officer collecting funds and issuing a receipt must deposit the funds with the government's fiscal officer on the business day following the day of receipt. As an alternative to depositing the funds with the government's fiscal officer, the employee instead may deposit funds with the government's designated depository on the business day following the day of receipt.

If the amount of daily receipts does not exceed \$1,000 and the receipts can be safeguarded, public offices may adopt a policy permitting their officials who receive this money to hold it past the next business day, but the deposit must be made no later than 3 business days after receiving it. If the public office is governed by a legislative authority (counties, municipalities, townships, and school districts), only the legislative authority may adopt the policy. The policy must include provisions and procedures to safeguard the money during the intervening period. If the amount exceeds \$1,000 or a lesser amount cannot be safeguarded, the public official must then deposit the money on the next business day.

The Department of Buildings and Regulations had 22 instances (or 19% of the transactions tested) where monies were not paid in to the County Treasurer within three days. Some deposits were made up to 25 days after collection. To better safeguard the County's monies, the Department needs to develop and implement procedures to ensure that all deposits to the County Treasurer are made in a timely manner.

#### **Building Regulations Response:**

The Building Regulations office is required by the county commissioners to stay open. It is difficult to meet the time schedule of paying in received monies, because the secretary is the only person in the office 90% of the time. We will be asking the commissioners for permission to close the office for a short period to get payments in on time.

#### **FINDING NUMBER 2006-004**

#### **Significant Deficiency**

#### Receipt Processes and Policies – Building Regulations

The Department of Building Regulations is a significant cash collection point for the County; however controls over receipting were deficient.

- Receipts were not always dated sequentially;
- Individual receipts were not always posted to the system;
- Computer generated receipts were not utilized; manual receipts were written;
- The County Building Regulations software system was used to receipt township zoning fees, however the money collected for these fees was not deposited with the Treasurer;
- In April of 2006 the department converted to Franklin System's software designed for Building Regulations' activity. The system, however, was not used to generate a daily reconciliation. Manual records were used to support the daily pay-in to the Treasurer;
- Only 32% of the revenues collected were posted to the Franklin System; and,
- One employee receipted, posted, and deposited daily revenue without management oversight.

Financial Condition Champaign County Schedule of Findings Page 4

## FINDING NUMBER 2006-004 (Continued)

To strengthen controls over the receipting process and reduce the risk of theft and/or misappropriation of funds, the Department of Building Regulations should:

- Post all revenue collected to the system;
- Use only system generated receipts;
- Provide training to staff to fully utilize the Franklin Systems program, including daily reconciliation reports;
- Consult with Franklin Systems to determine why receipts are not always dated sequentially;
- Deposit all money collected with the County Treasurer; and
- Develop written policies and procedures for the department head to monitor revenue reports from the County Auditor and periodically reconcile those reports to the department's computer generated daily reports.

#### **Building Regulations Response:**

The audit was conducted for the year we were in the process of transferring over to a new bookkeeping and record keeping system. As of January 1, 2007, all monies are receipted through this system. We feel it will take care of the problems encountered during this audit.

#### **FINDING NUMBER 2006-005**

#### **Significant Deficiency**

#### Safeguarding Cash

Significant amounts of cash were receipted daily at the Clerk of Courts Bureau of Motor Vehicles (BMV) office; however safeguards and controls over cash were deficient. The following were observed during audit:

- 1. The door to the safe in the manager's office was open; during the day a till drawer with cash sat on top of the opened safe; the manager's office doors were not closed or locked.
- 2. BMV policy was to remove cash from tills periodically throughout the day. The checks and cash that were removed from the tills were placed in a bank bag that was stored in an unlocked filing cabinet until the end of the day when a deposit was made at the bank.
- Bank to book reconciliations performed monthly were not complete. The check register did not carry a balance and was not reconciled with bank statement balances at the end of each month.

To strengthen controls over cash, the Clerk of Courts should establish policies and procedures for the BMV that ensure cash is secured in a locked office safe. Monthly reconciliations should include the agreeing book balances to the bank balances.

#### The Clerk of Courts Response:

- 1. Purchase of additional equipment (safe), along with policy changes, has provided for all cash to be secured within the employee area and secure from errant customer or employee misdeeds.
- 2. Cash pickups during the day are kept locked.
- 3. Obvious notations on monthly reconciliations are made by the office manager and verified by the clerk. Both occur and are dated and signed off with ink.

#### 3. FINDINGS FOR FEDERAL AWARDS

| Finding Number              | 2006-006 |
|-----------------------------|----------|
| CFDA Title and Number       | All      |
| Federal Award Number / Year | All      |
| Federal Agency              | All      |
| Pass-Through Agency         | All      |

#### **FINDING NUMBER 2006-006**

#### **Material Non-Compliance and Significant Deficiency**

**A-133 § 320(a) & (b)** requires the County Auditor to submit the Federal Single Audit data collection form described in § 320(b) and the reporting package described § 320(c) within the earlier of 30 days after receipt of the auditor's report, or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit. If this is not done, then a federal single audit is considered not "completed" and the County cannot be considered a low-risk-auditee for single audit purposes.

The County Auditor did not submit the December 31, 2005 data collection form or the reporting package within either of the two prescribed time limits. The Federal Clearing House did not receive the required form or report until April 26, 2007. In addition, the form completed contained errors which were not corrected by the County Auditor.

Failure to complete and submit the Federal Single Audit data collection form described in §320(b) and the reporting package described § 320(c) will result in the County's designation as a high risk auditee requiring additional testing of federal programs and the possible loss of federal funding. The County Auditor should implement controls to assist in timely submissions.

#### **County Auditor Response:**

The data collection form will be filed timely in 2007.

#### SCHEDULE OF PRIOR AUDIT FINDINGS OMB CIRCULAR A -133 § .315 (b) DECEMBER 31, 2006

| Finding<br>Number | Finding<br>Summary   | Fully<br>Corrected? | Not Corrected, Partially<br>Corrected; Significantly<br>Different Corrective Action<br>Taken; or Finding No Longer<br>Valid; <i>Explain</i> |
