Mary Taylor, CPA  
Auditor of State

Board of Education  
Green Local School District  
4040 Gallia Pike  
Franklin Furnace, Ohio 45629

We have reviewed the *Independent Auditor's Report* of the Green Local School District, Scioto County, prepared by Balestra, Harr & Scherer, CPAs, Inc., for the audit period July 1, 2005 to June 30, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Green Local School District is responsible for compliance with these laws and regulations.

**INDEPENDENT AUDITOR'S REPORT**

Members of the Board  
Green Local School District  
4070 Gallia Pike  
Franklin Furnace, Ohio 45629

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Green Local School District (the District), Scioto County, as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

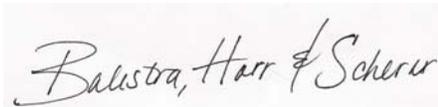

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2006, and the respective changes in financial position thereof, and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2006, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 8 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of federal awards expenditures is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 3 to the basic financial statements, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 42, "*Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*" and GASB Statement No. 46, "*Net Assets Restricted by Enabling Legislation*", and GASB Statement No. 47, "*Accounting for Termination Benefits*".

A handwritten signature in cursive script that reads "Balestra, Harr & Scherer". The signature is written in black ink on a light-colored background.

Green Local School District  
Scioto County, Ohio  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2006

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Green Local School District (the "School District") discussion and analysis of the annual financial report provides a review of the financial performance for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

**FINANCIAL HIGHLIGHTS**

- The School District's assets exceeded its liabilities at June 30, 2006 by \$2,156,300. The School District's net assets of governmental activities decreased \$253,755.
- General revenues accounted for \$4,600,693 in revenue or 71 percent of all revenues. Program specific revenues in the form of charges for services and sales and operating grants and contributions accounted for \$1,885,038 or 29 percent of total revenues of \$6,485,731.
- The School District had \$6,739,486 in expenses related to governmental activities; \$1,885,038 of these expenses was offset by program specific charges for services and sales and operating grants and contributions.

**USING THIS ANNUAL FINANCIAL REPORT**

This annual report consists of a series of financial statements. These statements are presented so that the reader can understand the Green Local School District's financial situation as a whole and also give a detailed view of the School District's financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the School District as a whole and present a longer-term view of the School District's finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as the amount of funds available for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column.

Scioto County, Ohio  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2006

---

**REPORTING THE SCHOOL DISTRICT AS A WHOLE**

The analysis of the School District as a whole begins with the Statement of Net Assets and the Statement of Activities. These statements provide information that will help the reader to determine whether the School District is financially improving or declining as a result of the year's financial activities. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. All current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the School District's net assets and changes to those assets. This change informs the reader whether the School District's financial position, as a whole, has improved or diminished. In evaluating the overall financial health, the user of these financial statements needs to take into account non-financial factors that also impact the School District's financial well-being. Some of these factors include the condition of capital assets, and required educational support services to be provided.

In the Statement of Net Assets and the Statement of Activities, the School District has only one kind of activity.

- Governmental Activities. Most of the School District's programs and services are reported here including instruction and support services.

**REPORTING THE SCHOOL DISTRICT'S MOST SIGNIFICANT FUNDS**

**Fund Financial Statements**

The analysis of the School District's funds begins on page 7. Fund financial statements provide detailed information about the School District's major fund – not the School District as a whole. Some funds are required by State law and bond covenants. Other funds may be established by the Treasurer with approval from the Board to help control, manage and report money received for a particular purpose or to show that the School District is meeting legal responsibilities for use of grants. The School District's major fund is the General Fund.

**Governmental Funds**

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance educational support services. The relationship (or difference) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Fiduciary Funds**

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. The School District's only fiduciary funds are agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. In accordance with GASB 34, fiduciary funds are not included in the government-wide statements.

The School District's fiduciary funds are agency funds which are used to maintain financial activity of the School District's Student Managed Activities.

**THE SCHOOL DISTRICT AS A WHOLE**

As stated previously, the Statement of Net Assets provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net assets for 2006 compared to 2005.

Table 1  
 Net Assets  
 Governmental Activities

	2006	2005
Assets:		
Current and Other Assets	\$ 3,354,979	\$ 3,588,262
Capital Assets, Net	1,967,903	1,940,812
Total Assets	5,322,882	5,529,074
Liabilities:		
Current and Other Liabilities	2,781,273	2,762,181
Long-Term Liabilities	385,309	356,838
Total Liabilities	3,166,582	3,119,019
Net Assets:		
Invested in Capital Assets, Net of Related Debt	1,900,177	1,839,064

Green Local School District  
 Scioto County, Ohio  
 Management's Discussion and Analysis  
 For the Fiscal Year Ended June 30, 2006

**Governmental Activities**

Grants and entitlements, not restricted to specific programs comprised 35 percent of revenue for governmental activities, while Property and other local taxes comprised 28 percent. Charges for services and sales comprised 8 percent of revenue for governmental activities, while operating grants and contributions comprised 21 percent of revenue for governmental activities of the School District for fiscal year 2006.

As indicated by governmental program expenses, instruction is emphasized. Regular Instruction comprised 35 percent of governmental program expenses with Special Instruction comprising 12 percent of governmental expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by unrestricted State entitlements and other general revenues.

Table 3  
 Total and Net Cost of Program Services  
 Governmental Activities

	2006		2005	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Instruction	\$ 3,589,867	\$ 2,523,202	\$ 3,098,935	\$ 2,131,313
Support Services	2,631,572	2,195,113	1,835,323	1,444,477
Operation of Non-Instructional Services	414,619	103,928	212,838	(41,597)
Extracurricular Activities	101,988	30,863	135,619	73,745
Interest and Fiscal Charges	1,440	1,342	3,222	3,222
<b>Total Expenses</b>	<b>\$ 6,739,486</b>	<b>\$ 4,854,448</b>	<b>\$ 5,285,937</b>	<b>\$ 3,611,160</b>

**THE SCHOOL DISTRICT'S FUNDS**

Governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$6,465,522 and expenditures of \$6,778,625.

The fund balance of the General Fund decreased in the amount of \$200,091, due to an increase in the cost of support services. The other governmental funds decreased by \$113,012 due to a large increase in instructional costs and a slight increase in support services.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During 2006, there were several revisions to the General Fund budget. In part, these revisions increased estimated resources by \$425,430 and increased appropriations by \$513,892. The Treasurer has been given the authority by the Board of Education to make line item adjustments within the budget. The General fund's ending unobligated cash balance was \$1,180,095.

Scioto County, Ohio  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2006

---

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

At the end of fiscal year 2006, the School District had \$1,967,903 invested in its capital assets. Table 4 shows the fiscal year 2006 balances compared to 2005.

Table 4  
Capital Assets  
(Net of Accumulated Depreciation)

Governmental Activities

	<u>2006</u>	<u>2005</u>
Land and Land Improvements	\$138,854	\$143,193
Buildings and Improvements	1,004,328	1,054,034
Furniture and Equipment	603,122	513,925
Vehicles	175,257	182,654
Textbooks	46,342	47,006
	<u>                    </u>	<u>                    </u>
Totals	<u>\$1,967,903</u>	<u>\$1,940,812</u>

Changes in capital assets from the prior year resulted from the addition of furniture and equipment and depreciation expense. See Note 8 to the basic financial statements for more detailed information related to capital assets.

**Debt**

At June 30, 2006, the School District had one outstanding capital lease for fitness equipment. The outstanding amount totaled \$67,726. See Note 13 to the basic financial statements for more detailed information related to debt.

**CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the School District's financial condition and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact John Walsh, Treasurer, Green Local School District, 4070 Gallia Pike, Franklin Furnace, Ohio 45629.

**Green Local School District**  
**Reconciliation of the Statement of Revenues, Expenditures and Changes**  
**in Fund Balances of Governmental Funds to the Statement of Activities**  
**For the Fiscal Year Ended June 30, 2006**

---

**Net Change in Fund Balances - Total Governmental Funds** (\$313,103)

**Amounts reported for governmental activities in the statement of activities are different because:**

Governmental funds report capital outlays as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital Asset Additions	116,803	
Current Year Depreciation	(89,712)	
Total	27,091	27,091

Inception of capital leases is recorded as other financing sources in the governmental funds, but is recorded as a capital lease obligation and therefore is not recorded in the statement of activities. (40,519)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Taxes	13,395	
Intergovernmental	47,333	
Total	60,728	60,728

Repayment of capital leases obligations are expenditures in the governmental funds, but the repayment reduces liabilities in the statement of net assets and does not result in an expense in the statement of activities. 74,541

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Increase in Compensated Absences	(62,493)	
Total	(62,493)	(62,493)

**Net Change in Net Assets of Governmental Activities** **(\$253,755)**

---

**NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Green Local School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four-year terms. The School District provides educational services as authorized by state statute and/or federal guidelines.

The School District was established in 1926 through the consolidation of existing land areas and school districts. The School District serves an area of approximately 36 square miles. It is located in Scioto County, and includes all of Green Township. It is staffed by 31 non-certificated employees, 56 certificated full-time teaching personnel and 3 administrative employees who provide services to 656 students and other community members. The School District currently operates three instructional buildings, one administrative building, and one maintenance building.

*Reporting Entity:*

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Green Local School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District has no component units.

The following organizations which perform activities within the School District's boundaries for the benefit of its residents are excluded from the accompanying financial statements because the School District is not financially accountable for these organizations nor are they fiscally dependent on the School District:

- \* Boosters Clubs
- \* Parent Teacher Organizations

The School District is associated with five organizations, four of which are defined as jointly governed organizations and one as a public entity shared risk pool. These organizations are the South Central Ohio Computer Association (SCOCA), the Scioto County Joint Vocational School, the Coalition of Rural and Appalachian Schools, the Pilasco-Ross Special Education Regional Resource Center, and the Scioto County Regional Council of Governments. These organizations are presented in Notes 14 and 15 to the basic financial statements.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Green Local School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the School District's accounting policies are described below.

**Green Local School District**  
*Notes to the Basic Financial Statements*  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**A. Basis Of Presentation - Fund Accounting**

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

*Government-wide Financial Statements:*

The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net assets presents the financial condition of governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

*Fund Financial Statements:*

During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

**B. Fund Accounting**

The School District's accounts are maintained on the basis of funds, each of which is considered a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to specific School District's functions or activities. The operation of each fund is accounted for within a separate set of self-balancing accounts.

**Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the School District's Major governmental fund:

**General Fund**

The General Fund is the general operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is available to the School District for any purpose provided it is expended or transferred according to the school laws of Ohio.

**Green Local School District**  
*Notes to the Basic Financial Statements*  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The other governmental funds of the School District account for grants and other resources, and capital projects, whose use is restricted to a particular purpose.

**Fiduciary Funds**

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. The School District's only fiduciary funds are agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. In accordance with GASB 34, fiduciary funds are not included in the government-wide statements.

The School District's only fiduciary funds are agency funds which are used to maintain financial activity of the School District's Student Managed Activities.

**Measurement Focus**

*Government-wide Financial Statements* - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

*Fund Financial Statements* - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. The fund financial statements are prepared using either the modified accrual basis of accounting for governmental funds or the accrual basis of accounting for fiduciary funds. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

**Revenues – Exchange and Non-exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined and "available" means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of year-end.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditures requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: property taxes available as an advance, tuition, grants, and fees.

**Deferred Revenue**

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2006, but which were levied to finance fiscal year 2007 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

**Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, except for (1) principal and interest on general long-term debt and capital lease obligations, which is recorded when due, and (2) the costs of accumulated unpaid vacation, personal leave and sick leave are reported as fund liabilities upon the occurrence of employee resignations and retirements. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**C. Budgetary Process**

All funds, other than the agency fund, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution, and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board' authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level. The Treasurer maintains budgetary information at the fund and object level and has the authority to allocate appropriations at the function and object level without resolution by the Board.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statement are based on estimates made before the end of the prior fiscal year. The amounts reported as the final budgeted amounts in the budgetary statement reflect the amounts in the final amended certificate issued during fiscal year 2006.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

**Encumbrances**

Encumbrance accounting is utilized by the School District for all funds in the normal course of operations for purchase orders and contract related expenditures. An encumbrance is a reserve on the available spending authority due to a commitment for a future expenditure and does not represent a liability. On the fund financial statements encumbrances outstanding at fiscal year-end are reported as a reservation of fund balance for subsequent year expenditures for governmental funds. A reserve for encumbrance is not reported on the government-wide financial statements. Encumbrances are reported as part of expenditures on a Non-GAAP budgetary basis in the Statement of Revenues, Expenditures and Changes in Fund Balance- Budget and Actual (Budgetary Basis) – General Fund.

**D. Cash and Cash Equivalents**

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Each funds interest in the pool is presented as Equity in Pooled Cash and Cash Equivalents on the financial statements.

During fiscal year 2006, the School District's investments were limited to funds invested in the State Treasury Assets Reserve of Ohio (STAR-Ohio). StarOhio is an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. StarOhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in StarOhio are valued at StarOhio's share price which is the price the investment could be sold for on June 30, 2006.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2006 amounted to \$84,961 and \$310 for the Food Service Fund (a non major special revenue fund).

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are considered to be cash equivalents.

**E. Capital Assets and Depreciation**

All capital assets of the School District are general capital assets that are associated with governmental activities. General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of \$500. The School District does not possess any infrastructure.

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. The District does not capitalize interest for capital asset purchases.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	10-25 years
Buildings and Improvements	20-25 years
Furniture and Equipment	10-15 years
Vehicles	10-15 years
Textbooks	5-10 years

**F. Compensated Absences**

Vacation and personal leave benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate its employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the termination payment method. The liability includes the employees who are currently eligible to receive severance benefits and those the School District has identified as probable of receiving payment in the future. The accrual amount is based upon accumulated sick leave and accumulated sick leave and employees' wage rates at year-end, taking into consideration any limits specified in the School District's severance policy.

The entire compensated absence liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employee will be paid.

**G. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgements, compensated absences, and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Capital leases are recognized as a liability on the government-wide financial statements when due.

**H. Fund Balance Reserves**

The School District records reservations for portions of fund balance which are legally segregated for a specific future use or which are not available for appropriation. Unreserved undesignated fund balance represents that portion of fund balance reflected for Governmental Funds, which is available for use within the specific purpose of those funds. Fund balance reserves are established for encumbrances, property taxes, textbooks and instructional materials and capital improvements.

**I. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**J. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments. Net Assets restricted for other purposes includes activities for federal and state grants.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Of the District's \$43,089 restricted net assets, none is restricted by enabling legislation.

**K. Restricted Assets**

Restricted assets in the General Fund represent cash and cash equivalents whose use is limited by legal requirements. Restricted assets included amounts required by statute to be set-aside by the School District for the purchase of textbooks and capital acquisition. See Note 16 for additional information regarding set-asides.

**L. Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Interfund transfers within governmental activities are eliminated in the statement of activities. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

**NOTE 3 – ACCOUNTABILITY and COMPLIANCE**

**A. Changes in Accounting Principles**

For the fiscal year 2006, the School District implemented GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*, and GASB Statement No. 47, *Accounting for Termination Benefits*. GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets. GASB Statement No. 46 requires that limitations on the use of net assets imposed by enabling legislation be reported as restricted net assets. GASB Statement No. 47 establishes accounting standards for termination benefits. The application of these new standards did not have a material effect on the financial statements, nor did their implementation require a restatement of prior year balances.

**B. Accountability - Fund Balance Deficits**

At June 30, 2006, the Lunch Room, EMIS, Summer Intervention, Poverty Aid, Title VI-B, Chapter I, and Drug Free Grant Special Revenue Funds had fund balance deficits of \$44,013, \$395, \$833, \$76,626, \$3,686, \$28,273, and \$484, respectively, which were created by the application of accounting principles generally accepted in the United States of America. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 4 - BUDGETARY BASIS OF ACCOUNTING**

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budgetary Basis) presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP (modified accrual) basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis); and
3. Encumbrances are treated as expenditures/expenses for all funds (budget basis) rather than as a reservation of fund balance for governmental fund types (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

Net Change in Fund Balance	
GAAP Basis	\$ (200,091)
Revenue Accruals	(35,785)
Expenditure Accruals	100,211
Encumbrances	<u>(117,871)</u>
Budget Basis	<u><u>\$ (253,536)</u></u>

**NOTE 5 - DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings accounts, including passbook accounts.

Protection of the School Districts deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 5 - DEPOSITS AND INVESTMENTS** (continued)

Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or other obligations of or security issued by the United States treasury or any other obligation guaranteed as to the payment of principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above, provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, its political subdivisions, or other units or agencies of this State or its political subdivisions;
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the District lends securities and the eligible institution agrees to exchange either securities described in division (1) or (2), or cash, or both securities and cash, equal value for equal value;
9. High grade commercial paper in an amount not to exceed five percent of the District's total average portfolio; and
10. Bankers acceptances for a period not to exceed 270 days and in an amount not to exceed ten percent of the District's total average portfolio.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 5 - DEPOSITS AND INVESTMENTS** (continued)

**Deposits** Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of June 30, 2006, \$1,419,307 of the District's bank balance of \$1,519,307 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

**Investments** The School District's investments in STAR Ohio are unclassified investments since they are not evidenced by securities that exist in physical or book entry form.

	Fair/Carrying Value	Weighted Average Maturity (Yrs.)
STAR Ohio	64,258	0

**Interest rate risk** – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Although the District does not have an investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio.

**Credit Risk** – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District limits their investments to STAR Ohio and Certificates of Deposit. Investments in STAR Ohio were rated AAAm by Standard & Poor's.

**Concentration of credit risk** – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District does not have an investment policy so it can only have investments in STAR Ohio and Certificates of Deposit. The District has invested 100 percent in STAR Ohio.

**Custodial credit risk** is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District's securities are either insured and registered in the name of the District or at least registered in the name of the District.

**NOTE 6 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property located in the School District. Property tax revenue received during calendar 2006 for real and public utility property taxes represents collections of calendar 2005 taxes. Property tax payments received during calendar 2005 for tangible personal property (other than public utility property) is for calendar 2006 taxes.

2006 real property taxes are levied after April 1, 2006, on the assessed value as of January 1, 2006, the lien date. Assessed values are established by State law at thirty-five percent of appraised market value.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at thirty-five percent of true value. 2005 public utility property taxes became a lien December 31, 2005, are levied after April 1, 2006 and are collected in 2007 with real property taxes. 2006 tangible personal property taxes are levied after April 1, 2005, on the value as of December 31, 2005. Collections are made in 2006. Tangible personal property assessments are twenty-five percent of true value.

Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 6 - PROPERTY TAXES** (Continued)

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The assessed values upon which fiscal year 2006 taxes were collected are:

	2005 Second- Half Collections		2006 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential and Other Real Estate	\$47,054,040	57.58%	\$45,414,590	55.21%
Public Utility	75,220	0.10%	9,318,920	11.33%
Tangible Personal Property	<u>34,584,317</u>	<u>42.32%</u>	<u>27,523,714</u>	<u>33.46%</u>
Total Assessed Value	<u><u>\$81,713,577</u></u>	<u><u>100.00%</u></u>	<u><u>\$82,257,224</u></u>	<u><u>100.00%</u></u>
Tax rate per \$1,000 of assessed valuation	\$25.07		\$25.07	

The School District receives property taxes from Scioto County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2006, are available to finance fiscal year 2006 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property, tangible personal property, and public utility taxes that became measurable as of June 30, 2006 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amounts available as an advance at June 30 were levied to finance current fiscal year operations. The receivable is therefore offset by a credit to deferred revenue for that portion not levied to finance current year operations. The amount available as an advance is recognized as revenue.

The amount available as an advance at June 30, 2006, was \$54,154 in the General Fund.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

**NOTE 7 - RECEIVABLES**

Receivables at June 30, 2006, consisted of taxes, accrued interest, and intergovernmental grants. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
Non-Major Special Revenue Funds:	
Title VI-B	\$ 31,215
Chapter I	21,112
Chapter II	512
Goals 2000	412
Class Reduction	23,737
Total Non-Major Special Revenue Funds	76,988
Total All Funds	\$ 76,988

**NOTE 8 - CAPITAL ASSETS**

Capital assets activity for the fiscal year ended June 30, 2006, was as follows:

	<u>Ending Balance</u> <u>6/30/2005</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u> <u>6/30/2006</u>

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 8 - CAPITAL ASSETS** (Continued)

Depreciation expense was charged to government functions as follows:

Instruction:	
Regular	\$69,775
Special	653
Vocational	1,620
Support Services:	
Instructional Staff	3,341
Administration	3,807
Fiscal	723
Operation and Maintenance of Plant	409
Pupil Transportation	7,438
Operation of Non-Instructional Services	1,946
Total Depreciation Expense	\$89,712

**NOTE 9 – RISK MANAGEMENT**

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2006, the School District contracted with Selective Insurance Company of South Carolina for property and fleet insurance, liability insurance, and inland marine coverage. Coverages provided by Selective Insurance Company of South Carolina are as follows:

Building and Contents-replacement cost (\$2,500 deductible)	\$17,667,000
Inland Marine Coverage (\$1,000 deductible)	17,667,000
Boiler and Machinery (\$1,000 deductible)	17,667,000
Automobile Liability (Buses \$1,000 deductible, all other \$250 deductible)	1,000,000
Uninsured Motorists (Buses \$1,000 deductible, all other \$250 deductible)	1,000,000
Umbrella	1,000,000
General Liability	
Per occurrence	1,000,000
Total per year	3,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant change in coverage from last year.

The School District is a member of the Scioto County Regional Council of Governments, a public entity shared risk pool (Note 15), consisting of school districts within the County offering medical and dental insurance to their employees. Monthly premiums are paid to the South Central Ohio Educational Service Center as fiscal agent, who in turns pays the claims on the School District's behalf. The Council is responsible for the management and operations of the program. Upon termination from the Council, for any reason, the Council shall have no obligation under the plan beyond paying the difference between the claims incurred (even though later filed) and expenses of the Plan due up to the date of termination plus extended benefits, if any, provided under the Plan. Such claims and expenses shall be paid from the funds of the Council.

Workers Compensation coverage is provided by the State of Ohio and is based on a rate per \$100 of salaries. The rate is calculated based on accident history and administrative costs.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 10 - DEFINED BENEFIT PENSION PLANS**

**A. School Employees Retirement System**

The School District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling (614)222-5853.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. For fiscal year 2006, 11.7% was the portion allocated to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2006, 2005, and 2004 were \$537,768, \$394,407, and \$337,222, respectively. 46% has been contributed for fiscal year 2006 and 100% for the fiscal years 2005 and 2004. \$291,596 represents the unpaid contribution for fiscal year 2006.

**B. State Teachers Retirement System**

The School District contributed to the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple employer defined benefit pension plan. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, college, university, institution or other agency controlled, managed and supported in whole or in part, by the state or any political subdivision thereof. STRS Ohio provides retirement and disability benefits, annual cost-of-living adjustments, and death and survivor benefits to plan members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS Ohio issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3371.

Plan Options – Effective July 1, 2001, two new plan options were offered to selected members. New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and the Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

**DB Plan Benefits** – Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the “formula benefit” or the “money-purchase benefit” calculation. Under the “formula benefit,” the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation of every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the “money-purchase benefit” calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 10 - DEFINED BENEFIT PENSION PLANS** (continued)

**B. State Teachers Retirement System** (continued)

**DC Plan Benefits** – Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Combined Plan Benefits** – Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

Eligible faculty of Ohio's public colleges and universities may choose to enroll in either STRS Ohio or an alternative retirement plan (ARP) offered by their employer. Employees have 120 days from their employment date to select a retirement plan.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for a money-purchase benefit or a lump-sum payment in addition to the original retirement allowance.

Benefits are increased annually by 3% of the original base amount.

The Defined Benefit and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A Defined Benefit or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the Defined Benefit Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

Plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent. For fiscal year 2006, 13% was the portion allocated to fund pension obligations. Contribution rates are established by STRS, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The School District's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2006, 2005, and 2004 were \$361,262, \$349,918 and \$267,280, respectively; 83% has been contributed for fiscal year 2006 and 100% for fiscal years 2005 and 2004. \$61,029 represents the unpaid contribution for fiscal year 2006 and is recorded as a liability within the respective funds.

**NOTE 11 - POSTEMPLOYMENT BENEFITS**

The School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 11 - POSTEMPLOYMENT BENEFITS** (Continued)

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Reserve Fund. For the School District, this amount equaled \$28,314 for fiscal year 2006.

STRS pays health care benefits from the Health Care Reserve Fund. At June 30, 2005 (the most recent year available) the balance in the Fund was \$3.1 billion. For the year ended June 30, 2005, net health care costs paid by STRS were \$268,739,000 and STRS had 111,853 eligible benefit recipients.

The Ohio Revised Code gives SERS the discretionary authority to provide postretirement health care to retirees and their dependents. Coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75% of the premium.

After the allocation for basic benefits, the remainder of the employer's 14% contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 2.3 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate, provides for maintenance of the asset target level for the health care fund. For the School District, the amount contributed to fund health care benefits, including the surcharge, during the 2006 fiscal year equaled \$180,559.

The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2005, the most recent year available, were \$223,443,805 and the target level was \$335.6 million. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$300.8 million. SERS has approximately 62,000 participants currently receiving health care benefits.

**NOTE 12 - EMPLOYEE BENEFITS**

**A. Compensated Absences**

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time. Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 205 days for classified personnel and 218 days for certified personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 51.25 days for classified and 54.5 days for certified personnel.

**B. Insurance Benefits**

The School District provides life insurance and accidental death and dismemberment insurance to most employees through Sun Life Financial.

**C. Deferred Compensation**

School District employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

**NOTE 13 - LONG-TERM LIABILITIES**

The changes in the School Districts long-term liabilities during fiscal year 2006 were as follows:

	Principal Outstanding 6/30/05	Additions	Deductions	Principal Outstanding 6/30/06	Due in One Year
Capital Leases	101,748	40,519	74,541	67,726	46,329
Compensated Absences	255,090	317,583	255,090	317,583	18,585
Total Long-Term Liabilities	<u>\$356,838</u>	<u>\$358,102</u>	<u>\$329,631</u>	<u>\$385,309</u>	<u>\$64,914</u>

Compensated absences will be paid from the fund from which the employees' salaries are paid. The capital lease will be paid from the General Fund.

The School District's overall legal debt margin was \$7,403,150 with an unvoted debt margin of \$82,257 at June 30, 2006.

**Capital Lease Obligations**

On April 21, 2006, the School District entered into a lease purchase agreement with the U.S. Bancorp Business Equipment Finance Group for a telephone system. The amount of the agreement is \$40,519 with an annual interest rate of 11.5%. Quarterly payments of \$5,742 will continue for 8 quarters with the final payment due April 21, 2008.

On September 1, 2003, the School District entered into a lease purchase agreement with the U.S. Bank National Association as part of the National School Fitness Program for various types of fitness equipment. The amount of the agreement is \$227,936 with an annual interest rate of 2.42%. Monthly payments in the amount of \$6,331.74 are due on the 1<sup>st</sup> day of each month beginning October 1, 2004 and continuing for thirty-six (36) months with the final payment due on September 1, 2006.

The terms of the agreement provide options to purchase the equipment. The lease met all the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13 "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. The Capital lease payments for the lease related to the General Fund have been classified as debt service in the General Fund in the fund financial statements. These expenditures are reflected as program/function expenditures on a budgetary basis.

For the leased assets related to the Governmental Funds, capital assets acquired by the lease have been capitalized in the Government-Wide Financial Statements in an amount equal to the present value of the future minimum lease payments at the time of acquisition. A corresponding liability was recorded in the Government-Wide Financial Statements. The District's future minimum lease payments under capital lease obligations for Governmental Activities as of June 30, 2006 are as follows:

<u>Fiscal Year</u>	<u>Governmental Activities Capital Leases</u>
2007	\$ 50,274
2008	<u>22,967</u>

**NOTE 14 - JOINTLY GOVERNED ORGANIZATIONS**

*South Central Ohio Computer Association* - The School District is a participant in the South Central Ohio Computer Association (SCOCA) which is a computer consortium. SCOCA is an association of public school districts within the boundaries of Adams, Brown, Highland, Lawrence, Pike, Ross, Vinton, and Scioto Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of SCOCA consists of two representatives from each of the eight participating counties, two representatives of the school treasurers plus the fiscal agent. The School District did not incur any expenditures for services provided by SCOCA during this fiscal year. Financial information can be obtained from the fiscal agent, the Pike County Joint Vocational School District, Tonya Cooper, who serves as Treasurer, at P.O. Box 577, 175 Beaver Creek Road, Piketon, Ohio 45661.

*Scioto County Joint Vocational School* - The Scioto County Joint Vocational School is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of five representatives from the City and County Boards within Scioto County, each of which possesses its own budgeting and taxing authority. To obtain financial information write to the Scioto County Joint Vocational School, Brett Butler, who serves as Treasurer, at 951 Vern Riffe Drive, Lucasville, Ohio 45648.

*Coalition of Rural and Appalachian Schools* - The Coalition of Rural and Appalachian Schools is a jointly governed organization of over one hundred school districts in southeastern Ohio. The Coalition is operated by a board which is composed of fourteen members. The board members are composed of one superintendent from each county elected by the school districts within that county. The Council provides various services for school district administrative personnel; gathers data regarding conditions of education in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Council is not dependent upon the continued participation of the School District and the School District does not maintain an equity interest in or a financial responsibility for the Council. The School District paid \$300 to the Coalition for services provided during the year.

*The Pilasco-Ross Special Education Regional Resource Center* - The Pilasco-Ross Special Education Regional Resource Center (Pilasco-Ross) is a special education service center which selects its own board, adopts its own budget and receives direct Federal and State grants for its operation. The jointly-governed organization was formed for the purpose of initiating, expanding, and improving special education programs and services for children with disabilities and their parents.

Pilasco-Ross is governed by a board composed of superintendents of participating schools, parents of children with disabilities, representatives of chartered nonpublic schools, representatives of county boards of MR/DD, Shawnee State University, and the Southeast Regional Professional Development Center whose terms rotate every year. The degree of control exercised by a participating school district is limited to its representation on the Board. The School District's Superintendent is a member of the Pilasco-Ross Board. Financial information can be obtained by contacting the fiscal agent, Jim Tordiff, Treasurer, at Dawson-Bryant Local School District, 222 Lane Street, Coal Grove, Ohio 45638.

**NOTE 15 - PUBLIC ENTITY SHARED RISK POOL**

*Scioto County Regional Council of Governments* - The School District is a member of the Scioto County Regional Council of Governments, a public entity shared risk pool. Several Scioto County school districts have entered into an agreement with the South Central Ohio Educational Service Center to form the Scioto County Regional Council of Governments. The overall objectives of the council are to formulate and administer a program of health insurance for the benefit of the council members' employees and their dependents, to obtain lower costs for health coverage, and to secure cost control by implementing a program of comprehensive loss control. The Council's business and affairs are managed by a Board of Directors, consisting of the superintendents from each of the participating school districts.

**Green Local School District**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2006**

---

**NOTE 15 - PUBLIC ENTITY SHARED RISK POOL** (Continued)

The School District pays premiums based on what the Council estimates will cover the costs of all claims for which the Council is obligated. If the School District's claims exceed its premiums, there is no individual supplemental assessment; on the other hand, if the School District's claims are low, it will not receive a refund. The Council views its activities in the aggregate, rather than on an individual entity basis. To obtain financial information, write to the fiscal agent, South Central Ohio Educational Service Center at Fourth and Court Streets, Portsmouth, Ohio 45662.

**NOTE 16 SET-ASIDE CALCULATIONS AND FUND RESERVES**

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition or construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in restricted cash at year-end and carried forward to be used for the same purposes in future years.

The following information describes the change in the year-end set-aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

	Textbooks	Capital Acquisition
Set-aside Cash Balance as of June 30, 2005	\$124,448	\$59,587
Current year set-aside requirement	104,703	104,703
Qualifying disbursements	(45,748)	(3,976)
Set-aside Reserve Balance as of June 30, 2006	\$ 183,403	\$160,314

The School District did not have offset and qualifying disbursements during the year that reduced the set-aside amounts below zero in the Textbooks and Capital Acquisition Reserves.

**NOTE 17 - CONTINGENCIES**

**A. Grants**

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2006.

**B. Litigation**

The School District is not party to any legal proceedings.

Green Local School District  
Notes to Schedule of Federal Awards Expenditures  
For the Fiscal Year Ended June 30, 2006

---

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

**NOTE B - FOOD DISTRIBUTIONS**

Non monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. Monies are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2006, the District had no significant food commodities in inventory.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Members of the Board  
Green Local School District  
4070 Gallia Pike  
Franklin Furnace, Ohio 45629

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Green Local School District, Scioto County, Ohio (the District), as of and for the year ended June 30, 2006 and have issued our report thereon dated December 20, 2006, wherein we noted the District adopted Governmental Accounting Standards Board Statement number 42, 46 & 47. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133**

Members of the Board  
Green Local School District  
4070 Gallia Pike  
Franklin Furnace, Ohio 45629

### **Compliance**

We have audited the compliance of the Green Local School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2006. The District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

### **Internal Control Over Compliance**

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit we considered the internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulation, contracts and grants caused by an error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, members of the Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
