INDEPENDENT AUDITOR'S REPORT

FOR THE YEAR ENDED DECEMBER 31, 2006

Mary Taylor, CPA
Auditor of State

Members of Council
City of Canal Fulton
155 East Market Street
Canal Fulton, Ohio 44614

We have reviewed the *Independent Auditor's Report* of the City of Canal Fulton, Stark County, prepared by Varney, Fink & Associates, Inc., for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Canal Fulton is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

City of Canal Fulton
Stark County
155 East Market Street
Canal Fulton, Ohio 44614

To Members of Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Canal Fulton (Stark County), Ohio (the City), as of and for the year ended December 31, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of December 31, 2006, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, Street Maintenance Fund, Police Fund and Fire/EMS Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 18, 2008 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

INDEPENDENT AUDITOR'S REPORT (continued)

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

July 18, 2008

City of Canal Fulton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2006
Unaudited

The discussion and analysis for the City of Canal Fulton's financial statements provide an overall review of the financial activity of the City for the twelve months ended December 31, 2006. The intent of this discussion is to provide a narrative that describes the City's performance as a whole. To obtain a more detailed understanding, one should also review the basic financial statements.

Financial Highlights

Financial highlights for 2006 are as follows:

- Total Net Assets decreased \$80,925. This was primarily the result of a decrease in the Net Assets of Governmental Activities of (\$84,486) which represents a 1.2 percent decrease from 2005.
- Total Assets of Governmental Activities increased \$1,435,429 or 16.3 percent above the 2005 level.
- Total Assets of Business-Type Activities increased \$68,480 for a .6 percent increase from the prior year.
- Total Liabilities of Governmental Activities increased \$1,519,915. This is an increase of 94.7 percent from the previous year.
- Total Outstanding Debt increased \$1,815,206 or 49.1 percent during 2006.

Using this Annual Financial Report

This report consists of a series of financial statements and notes to those statements. These statements are prepared and organized in a manner that allows the reader to look at the financial activities of the City of Canal Fulton as a whole and also allows the reader to obtain a more detailed view of the City's operations, if they prefer.

The Statement of Net Assets and the Statement of Changes in Net Assets provide information from a summary perspective showing the effects of the operations for the year 2006 and how they effected the operations of the City as a whole.

Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City of Canal Fulton as a Whole

Statement of Net Assets and Statement of Activities

The Statement of Net Assets and the Statement of Activities provide summary information concerning the financial position and operations of the City as an entity. They provide a good resource for an overall evaluation of the City's financial performance. These statements include all non-fiduciary assets and liabilities using the accrual basis of accounting. This method takes into account all revenues when they are earned and all expenses when they are incurred. These transactions are booked when they occur and not when the actual cash is received for revenues or when invoices are paid for expenses.

City of Canal Fulton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2006
Unaudited

These two statements report the City's net assets and changes in those assets. The change in net assets is important since it is an indication of whether the financial position of the City is improving or declining. However, to properly evaluate the operation of the City, certain non-cash items should be taken into consideration. These items would include the current economic situation as a whole, the current tax base for the City and the age and condition of the City's buildings and infrastructure.

In the Statement of Net Assets and the Statement of Activities, the City is divided into two major activities:

Governmental Activities – Most of the City's programs and services are reported here including, general government, police, fire, public health and welfare and leisure time activities.

Business-Type Activities – These services are provided on a fee basis to recover all of the expenses of the goods or services provided. The City's business-type activities are water and sewer.

Reporting on the Most Significant Funds of the City of Canal Fulton

Fund Financial Statements

The analysis of the City's major funds begins on page 7. Fund financial reports give a detailed report of the activities within the funds. The City currently has eighteen funds, as presented in this report. These funds are in existence to provide a multitude of services to the citizens of Canal Fulton. Some funds provide for streets, police, fire and emergency medical service protection, capital improvements, water service and sewer service. Some also provide for the purchase of capital assets, while others provide for the payment of principal and interest on debt. Each fund is in some ways an entity unto itself. Each fund, other than the General fund, has a designated revenue stream and restricted uses for the monies within the fund.

In this report, the focus is on seven major funds, the General Fund, the Street Maintenance Fund, the Police Fund, the Fire/EMS Fund, the Capital Improvement Fund, the Water Fund and the Sewer Fund.

Governmental Funds All of the City's major activities (excluding the Utility Department) are reported in the governmental funds. This report shows how monies flow into and out of these funds and also shows what balances are available for future expenditures. The accounting method used to report this activity is the modified accrual method. This method reports cash and like-cash items that can be converted into cash. This shows what level of financial resources are available or will be available to provide the services that the general government will provide in the near future. These services include police, fire and emergency medical service protection, as well as improving and maintaining the City's streets. The relationship between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and the governmental funds is reconciled in the financial statements.

Proprietary Funds Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Long-Term Liabilities, Due in More Than One Year	1,586,152	243,963	2,802,336	2,759,321	4,388,488	3,003,284
Total Liabilities	3,125,223	1,605,308	3,107,956	3,043,037	6,233,179	4,648,345
Net Assets						
Invested in Capital Assets, Net of Debt	4,742,691	5,881,885	6,594,026	6,867,391	11,336,717	12,749,276
Restricted, Restated	2,111,724	782,136	0	0	2,111,724	782,136
Unrestricted	279,789	554,669	2,309,777	2,032,851	2,589,566	2,587,520
Total Net Assets, Restated	\$7,134,204	\$7,218,690	\$8,903,803	\$8,900,242	\$16,038,007	\$16,118,932

Total assets increased in 2006 by \$1,503,909. This increase was the result of an increase in cash of \$1,622,714. The increase in capital assets is mainly due to the purchase of park land and the Fire Station Bond issuance.

Total liabilities increased by \$1,584,834 in 2006. The total liabilities of governmental activities increased by \$1,519,915 while the liabilities of the business-type activities increased by \$64,919. The increase in governmental activities was due primarily to the issuance of notes. The increase in business-type activities was due to a decrease in accounts and contracts payable and the City paying principal on the OPWC debt.

Governmental Activities

The funding for governmental activities comes from several different sources, the most significant being the City's municipal income tax. Other prominent sources are property taxes, intergovernmental revenue, charges for services, and interest.

The City's income tax was established to be effective January 1, 1984 at a rate of 0.50 percent. This rate was later increased to .75 percent effective January 1, 1996 and further increased to 1.00 percent effective January 1, 2001. In the November, 2004 election, the voters of Canal Fulton elected to increase the income tax rate to 1.10 percent effective January 1, 2005. Effective January 1, 2003, the City allowed a 50 percent credit of the City's income tax rate for taxes paid to other political subdivisions in Ohio. On a full accrual basis, the City received income tax revenue of \$1,106,368.

City of Canal Fulton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2006
Unaudited

The operations of the City's police and fire departments accounts for the largest expenses of the governmental activities, representing 56.6 percent of the total governmental activities expenses. The City's police department is a full-time 24-hour a day, 365-days a year department, with a full-time chief and 7 patrolmen. The fire department is staffed by part-time volunteer firefighters. The police and fire departments each receive a 1.00 mill property tax levy. The remaining amount that is needed to operate the police department is subsidized by the general fund.

Business-Type Activities

The City operates a Utility Department that consists of water and sewer services. The largest part of the utilities is the water utility, which includes water administration, a water treatment plant and water distribution.

The water utility services 2,050 customers which include residents of the City as well as outside-City customers. The City's water rates are \$2.00 per thousand gallons with a minimum rate of \$10.35 for inside City residential customers and \$5.00 per thousand gallons for outside City residential customers.

The City's water treatment plant treats an average of 435,000 gallons of water per day with a capacity to treat an additional 400,000 per day. The raw water is supplied by five wells throughout the City. The water treatment plant was built in 1989.

The City provides sewer treatment services. The City owns and maintains sewer lines throughout the City. The City charges residential customers a minimum rate of \$12.83 and then \$2.62 for each additional 1,000 gallons. For customers who pay sewer only, these residents pay a flat rate of \$20.66. As of December 31, 2006, the City had 43 of these accounts.

The revenues and expenses for both of these utilities are reported under the Business-Type Activities in Table 2. The revenues typically are derived primarily from charges for services. In 2006, this amount of \$1,390,946 accounted for 91.5 percent of the revenues. The total expenses for the utilities were \$1,391,206, resulting in a surplus of revenues over expenses in the amount of \$3,561 for the Business-Type Activities.

The City's Funds

Information about the City's governmental funds begins on page 14. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had revenues of \$2,427,555, excluding transfers in and proceeds of loans and expenditures of \$2,610,367, excluding transfers out. The City's general fund reflected a decrease in fund balance of \$261,141 and carries forward an ending fund balance of \$299,727 to meet times of lower revenues. Overall, the revenue base continues to meet City obligations and reflects the current solid financial condition of the City as a whole.

Information about the proprietary funds starts on page 22. These funds are accounted for on an accrual basis. All business-type funds had operating revenues of \$1,393,135 and an operating gain of approximately \$63,000.

Budgeting Highlights

The City's budget is prepared according to the laws of the State of Ohio and is based on accounting for certain transactions on a cash basis for receipts, expenditures, and encumbrances. The most significant budgeted fund is the general fund. The legal level of budgetary control is at the fund level. Any budgetary modifications at this level may only be made by ordinance of City Council. During 2006, two supplemental appropriation measures were authorized by the City Council. Administrative control of the budget is maintained through the establishment of detailed line-item budgets. Intra-fund transfers within existing appropriations are contained in the annual appropriation measure and are permitted once the permanent appropriation measure has been passed by City Council.

City of Canal Fulton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2006
Unaudited

Strong emphasis is placed on fund balances. The Finance Director reviews the fund balances on a daily basis. Special attention is paid to the City's largest funds, which are the General, Water and Sewer funds. Council receives a monthly report showing the beginning fund balance for all funds at the beginning of the year, monthly and year-to-date revenues, and the current fund balance.

Line item reports are reviewed regularly by the Finance Director. The department heads, as well as the City Manager, also monitor their appropriations to ensure the entire operation of the City operates within the appropriations.

For the General fund, original and final budgeted revenues were \$2,010,978 and \$2,565,738, respectively and actual revenue collections were \$1,814,921. The 2006 budgeted revenues were \$750,817 over the actual revenues.

Also in the General fund, the original budgeted expenditures and final budgeted expenditures were \$609,729 and \$632,729, respectively. The actual expenditures were \$690,419. The City's ending unencumbered cash balance in the general fund was \$931,662 below the final budgeted amount.

Capital Assets and Debt Administration

Capital Assets

**Table 3 - City of Canal Fulton, Ohio - Capital Assets
(Net of Depreciation)**

	Governmental Activities		Business-Type Activities		Total	Total
	2006	2005	2006	2005	2006	2005
Land	\$2,433,800	\$2,433,800	\$313,600	\$313,600	\$2,747,400	\$2,747,400

Water Lines	0	0	3,692,459	3,782,541	3,692,459	3,782,541
Total Capital Assets, Net	\$7,112,886	\$6,982,609	\$9,640,007	\$9,817,900	\$16,752,893	\$16,800,509

Total Capital Assets, Net for the City of Canal Fulton for the year ended December 31, 2006 was \$16,752,893, which reflects a decrease of \$47,616 from the 2005 ending balance of \$16,800,509. The primary cause for this decrease in Capital Assets is due to current year depreciation expense. See Note 11 in the financial statements for more information regarding the City's capital assets.

Debt

The outstanding debt for the City of Canal Fulton as of December 31, 2006 was \$5,432,874. This balance reflected an increase of \$1,352,937 from the previous year's balance of \$4,079,937, an increase of 33.2 percent.

Bond Anticipation Notes	750,000	750,000	0	0	750,000	750,000
Total Long Term Debt	\$2,382,297	\$1,100,724	\$3,050,577	\$2,979,213	\$5,432,874	\$4,079,937

The special assessment bonds in the Governmental Activities are for the Elmridge Street Improvement Project. This is a 20 year bond that carries a 6.50 percent interest rate. The bonds will be repaid over a period of 20 years, to expire in 2007 and will be repaid using special assessments.

The general obligation bonds are for the Downtown Improvement Project, Police Station Construction and the Fire Station Construction. These carry a 2.60-4.20 percent interest rate. The bonds will be repaid over a period of time varying from 5 to 10 years. Property tax revenue and general revenues will be used to repay these bonds.

The water bonds in the Business-Type Activities include bonds for the construction and expansion of the wastewater treatment plant. This debt carries interest rates of 2.6 – 4.2 percent. User fees will pay this off over a period of 10 years. This bond will be retired in 2011. The water bonds category also includes a 20 year bond with interest rates of 3.0 – 4.5 percent. This bond will be retired in 2025 and is for the construction of a waterline to the Northwest Schools campus.

The Ohio Public Works Commission Loan (OPWC) is comprised of six separate, zero percent interest loans. The purpose of these loans are for the construction and improvement of various water and sewer projects, most notable is the Water Treatment Plant and Wellfield Expansion project. These loans will be repaid over a period of 20 years by user fees. The loans will be retired anywhere from 2015 to 2024.

See Notes 12 and 13 in the financial statements for more information regarding the City's debt.

Current Financial Issues

Over the past twelve years, income tax collections (on a cash basis) have increased from \$425,403 in 1993, to \$1,220,987 in 2005. In 2006 we collected \$1,264,825, which is an increase of \$43,837 from 2005 collections. In 2006, some major businesses closed down or relocated their offices outside the City. This data is significant because despite the anticipated decline in revenues from these withholding accounts, the personal income tax base is growing. Our income tax collections are distributed to various funds in varying percentages, which are reviewed yearly by City Council. In 2006 all income tax collections were directed to the general fund, which allows the City to be able to accomplish numerous projects throughout Canal Fulton without having to increase the debt burden of the City. At the end of 2007, the City will retire the 20 year Elmridge Street Improvement Bond that funded improvements in an industrial park. The majority of the remaining debt is for the City's water and sewer utilities, including bonds and 0% interest OPWC loans and will be repaid from user fees.

The City will continue to grow through annexation. In 2007, there have been parcels of unimproved farm land that have been annexed. Fulton Landings is a new housing development located on the City's north side that has completed the initial infrastructure improvements and is expected to develop over 40 lots. Additional adjacent land to the City has been sold to developers that have expressed interest in pursuing residential and retail ventures. These new parcels will eventually bring new mixed growth and further strengthen our economic base. The City has capitalized and encouraged annexations and expects to bring in additional land and businesses this next year.

City of Canal Fulton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2006
Unaudited

The City continues to make a conscious effort to keep operating expenses within the previous year's levels. Enrolling in safety programs that are offered by the Bureau of Workers Comp. for reduced premiums and initiating additional safety requirements are some of the new programs that the City has currently adopted. Savings from health and liability insurance, aggressively pricing supply vendors, performing some jobs functions internally and outsourcing others are part of an ongoing cost analysis that strengthens each department's financial position and lends accountability to our residents.

In 2005, the City purchased over 24 acres that is centrally located to develop a community park. This parcel is adjacent to the Police Department and will also be the site of a voter approved new fire station. The \$1.5 million fire station is expected to break ground in 2007 and finish in the fall. The Fire Station and the Police building will consolidate safety forces at one location and be an anchor to the park. The City is actively searching for grants and will continue to apply for grants that will facilitate development of the new park. The new park is within biking distance of the Ohio Erie Canal Towpath and will complement the Visitor Center that opened in 2005. The City's commitment to our residents in maintaining and developing our safety forces and parks remains a high priority.

As we go into 2007, the Administration is aware that operating costs continue to increase. The City Council has passed an Ordinance for a tax increase to be voted on in the November 2007 general election. This tax initiative will increase the income tax rate from its current 1.1% to 1.5%. The increased revenues will be used to expand the current police force, as well as increase projects in the streets and parks departments.

Contacting the City's Finance Department

This report is intended to provide our citizens and anyone interested in the financial aspects of the City of Canal Fulton a general overview of our financial operation. If there are any questions, please feel free to contact the Finance Director Scott M. Svab, City of Canal Fulton, 155 E. Market Street, Canal Fulton, Ohio 44614, telephone (330) 854-6761 or website at www.cityofcanalfulton.org.

City of Canal Fulton, Ohio
Stark County
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2006

Net Change in Fund Balances - Total Governmental Funds \$1,329,927

*Amounts reported for governmental activities in the
statement of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	403,069	
Depreciation Expense	(272,792)	
Total	130,277	130,277

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	7,655	
Local Taxes	(246,308)	
Premium on Bonds	(12,102)	
Total	(250,755)	(250,755)

Long-term note proceeds provide current financial resources to governmental funds, but, issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. This is the amount by which proceeds exceeded repayments.

General Obligation Bonds		(1,500,000)
--------------------------	--	-------------

Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.

General Obligation Payments	218,529	
Special Assessments Payments	12,000	
Total	230,529	230,529

Some expenses reported in the Statement of Activities, such as compensated absences which represent contractually required pension contributions and accrued interest, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences	(19,862)	
Accrued Interest	(4,602)	
Total	(24,464)	(24,464)

<i>Change in Net Assets of Governmental Activities</i>		(\$84,486)
--	--	------------

The notes to the financial statements are an integral part of this statement.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

NOTE 1 – DESCRIPTION OF THE CITY AND REPORTING ENTITY

As a result of the 2000 census, Canal Fulton, formerly known as the Village of Canal Fulton became the City of Canal Fulton. The city of Canal Fulton (the “City”) is a charter municipal corporation, incorporated under the laws of the State of Ohio. The City operated under a Mayor-City Manager-Council form of government. The mayor and Council are elected to four year terms. The City Manager is appointed by the Mayor.

Reporting Entity

A reporting Entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. The primary government provides the following services to its citizens: water and sewer utilities, park operations (leisure time activities), street maintenance and repairs, police and fire protection and emergency medical services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization’s governing board; and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization’s resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organizations. Component units may also include organizations for which the City authorizes the issuance of debt or the levying of taxes, or determines the budget. There were no component units included as part of this report.

The City participated in the Stark County Regional Planning Commission, the Stark Council of Governments and the Stark County District Board of Health as jointly governed organizations and the Local Organized Governments in Cooperation, which is defined as a joint venture. Additional information is included in Note 20.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed in the preparation of these basic financial statements are summarized below. These policies conform to generally accepted accounting principles for local governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources. The City applies Financial Accounting Standards Board Statements (FASB) and Interpretations issued on or before November 30, 1989 to its business-type activities and enterprise funds provided they do not conflict with Governmental Accounting Standards Board pronouncements. The City has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989, to its business-type activities and enterprise funds. The most significant of the City’s accounting policies are described below.

A. *Basis of Presentation*

The City’s basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid “doubling up” revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City’s governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary funds principal ongoing operation. The principal operating revenues of the city’s proprietary funds are charges for services, operating expenses for the enterprise fund including personnel and other expenses related to sewer, water and sanitation operations and operating expenses for the internal service fund including claims and administrative expenses. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

B. *Fund Accounting*

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio.

Street Maintenance Special Revenue Fund – The street maintenance fund accounts for other local taxes received to pay for the expenses related to maintaining the roads in the City.

Police Special Revenue Fund – The police fund accounts for property tax proceeds received to pay for the expenses related to police protection in the City.

Fire/EMS Special Revenue Fund – The fire/EMS fund accounts for property tax proceeds received to pay for the expenses related to fire protection and emergency medical services in the City.

Capital Improvement Capital Projects Fund – The capital improvement fund accounts for grant monies used for capital improvements in the City.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Water Fund - The water fund accounts for the provision of water treatment and distribution to its residential and commercial users located within the City.

Sewer Fund - The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The City's only fiduciary fund is an agency fund. The agency fund is used for performance bonds.

C. *Measurement Focus*

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The statement of activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

Fund Financial Statements

All governmental fund types are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet.

The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Agency funds do not report a measurement focus as they do not report operations.

D. *Basis of Accounting*

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within thirty days of year-end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned (See Note 8). Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants, and rentals.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2006, but which were levied to finance year 2007 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

E. *Budgetary Process*

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the fund level for all funds. Any budgetary modifications at this level may only be made by resolution of City Council. The Finance Director has been authorized to allocate appropriations to the department and object level within each fund.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the City Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources in effect at the time the final appropriations were passed by Council.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

F. *Cash, Cash Equivalents and Investments*

To improve cash management, cash received by the City is pooled. Monies for all funds, including the proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

During 2006, investments were limited to Federal Home Loan Bank Bonds.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as overnight repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

Following Ohio statutes, the City has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during the year 2006 amounted to \$112,410, which includes \$102,142 assigned from other City funds.

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents.

**CITY OF CANAL FULTON, OHIO
 STARK COUNTY
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2006**

G. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables.” Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets.

H. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated fixed assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five hundred dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings and Improvements	5 to 50 years	50 years
Machinery and Equipment	3 to 10 years	5 to 10 years
Vehicles	3 to 10 years	5 years
Infrastructure	10 to 75 years	75 years

The City’s current infrastructure consists of read projects, storm sewers and water and sewer lines. For 2003, the City reported governmental activities infrastructure for the first time. The City only reports the amounts acquired after 2002. The City plans to phase in the prior year amounts for roads and bridges in future years.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributed to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all eligible employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination payments and those the City has identified as probable of receiving payment in the future (those employees who have been employed by the City for ten years or more). The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy.

J. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the fund financial statements when due.

K. Fund Balance Reserves

The City records reservations for portions of fund equity which are legally segregated for specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Fund balances are reserved for encumbrances.

L. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the constitutional provisions or enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The government-wide statement of net assets reports \$2,111,214 of restricted net assets, of which \$71,397 is restricted by enabling legislation.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

M. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for waste water treatment, water services and self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as non-operating.

N. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of fixed assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

O. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2006.

Q. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

NOTE 3 – ACCOUNTABILITY AND COMPLIANCE

A. Prior Period Adjustments

A prior period adjustment is required to properly reclassify a grant receivable in 2005 to loan proceeds received in 2006. The effect of this change on Net Assets and Fund Balance is summarized below:

	Governmental Activities
Net assets, December 31, 2005	\$7,550,339
Adjustment to eliminate grant receivable	<u>(331,649)</u>
Restated net assets, January 1, 2006	<u><u>\$7,218,690</u></u>

	Governmental Funds					
	General Fund	Police	Fire/EMS	Capital Improvements	All Other Governmental Funds	Total
Fund Balance, December 31, 2005	\$560,868	\$77,885	(\$53,605)	(\$243,675)	\$208,176	\$549,649
Adjustment to eliminate grant receivable	<u>0</u>	<u>0</u>	<u>0</u>	<u>(331,649)</u>	<u>0</u>	<u>(331,649)</u>
Restated Fund Balance, January 1, 2006	<u><u>\$560,868</u></u>	<u><u>\$77,885</u></u>	<u><u>(\$53,605)</u></u>	<u><u>(\$575,324)</u></u>	<u><u>\$208,176</u></u>	<u><u>\$218,000</u></u>

B. Deficit Fund Balances

The following funds had a deficit in fund balance at December 31, 2006:

Fund	Deficit
Special Revenue Funds:	
Fire/EMS	(\$24,424)
Debt Service Funds:	
Elm Ridge Development Special Assessment	(3,756)

These funds complied with Ohio State law, which does not permit cash basis deficits. The General Fund transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities. These deficits should be eliminated by future intergovernmental revenues not recognized under GAAP at December 31.

C. Change in Accounting Principles

For year 2006, the City has implemented GASB Statement No. 46, “Net Assets Restricted by Enabling Legislation” which establishes and modifies requirements related to restrictions of net assets resulting from enabling legislation. In addition, the District implemented GASB Statement No. 47, “Accounting for Termination Benefits” which establishes standards of accounting and financial reporting for termination benefits. The implementation of GASB Statement 46 and GASB Statement 47 had no material effect on the financial statements of the City.

D. Budgetary Non-Compliance

Contrary to 5705.41 (B) of the Ohio Revised Code, the General Fund, Income Tax Fund, Fire/EMS Fund, State Highway Improvement Fund, Downtown Improvement Fund, Water Fund, and Water Debt Fund had accounts in which expenditures plus encumbrances exceeded appropriations.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements, appropriations, and encumbrances.

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Non-GAAP Basis), presented for the General Fund and Streets Fund are presented on the budgetary basis to provide a relevant comparison of actual results with the budget and to demonstrate compliance with State statute. The major differences between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Outstanding year-end encumbrances are treated as expenditures/expenses (budget) rather than as a reservation of fund balance for governmental types (GAAP).
4. Advances-in and advances-out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements.

**Net Changes in Fund Balance
General and Major Special Revenue Funds**

	General Fund	Street Maintenance	Police	Fire/EMS
GAAP Basis	(\$261,141)	(\$53,612)	(\$62,079)	\$29,181
Net Adjustment for Revenue Accruals	133,670	(1,783)	1,562	3,785
Net Adjustment for Expenditure Accruals	(309,108)	(33,195)	(7,624)	(20,076)
Encumbrances	82,115	15,066	2,147	5,167
Budget Basis	(\$354,464)	(\$73,524)	(\$65,994)	\$18,057

NOTE 5 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

1. Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdraw able on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.
2. Inactive deposits are public deposits that Council has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.
3. Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public money deposited with the institution.

Interim monies are permitted to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAROhio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits – Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At December 31, 2006, of the bank balance of \$1,719,646, \$339,429 was covered by Federal depository insurance and \$1,380,217 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department or agent, but not in the City's name.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities

**CITY OF CANAL FULTON, OHIO
 STARK COUNTY
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2006**

deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105% of the deposits being secured.

Investments

As of December 31, 2006, the City had the following investments and maturities:

	<u>Fair Value</u>	<u>Maturity</u>
Overnight Repurchase Agreement	\$870,000	Daily
Federal Home Loan Bank Bonds	201,990	February 15, 2007
Federal Home Loan Bank Bonds	300,490	March 17, 2008
Federal Home Loan Bank Bonds	301,810	April 5, 2007
Federal Home Loan Bank Bonds	199,220	December 30, 2009
	<u>\$1,873,510</u>	

Interest Rate Risk: Arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City’s investment policy addresses interest rate risk requiring that the City’s investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City investment policy also limits security purchases to those that mature in five years unless specifically matched to a specific cash flow.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investments had the following ratings by Standard & Poors.

First Merit Bank N.A.	Bbb+
Federal Home Loan Bank	Aaa

Concentration of Credit Risk is the possibility of loss attributed to the magnitude of the City’s investment in a single issuer. The City’s investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The City’s investments are in Federal Home Loan Bank Bonds and a repurchase agreement.

NOTE 6 - RECEIVABLES

Receivables at December 31, 2006, consisted primarily of municipal income taxes, property and other taxes, interfund, intergovernmental receivables arising from entitlements, and shared revenues and accounts (billings for utility service).

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant.

NOTE 7 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2006 for real and public utility property taxes represents collections of the 2005 taxes. Property tax payments received during 2006 for tangible personal property (other than public utility property) is for 2006 taxes.

2006 real property taxes are levied after October 1, 2006, on the assessed value as of January 1, 2006, the lien date. Assessed values are established by State law at 35% of appraised market value. 2006 real property taxes are collected in and intended to finance 2007.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35% of true value. 2006 public utility property taxes became a lien December 31, 2005, are levied after October 1, 2006, and are collected in 2007 with real property taxes.

2006 tangible personal property taxes are levied after October 1, 2005 on the value as of December 31, 2005. Collections are made in 2006. Tangible personal property assessments are 25% of true value.

The full tax rate for all City operations for the year ended December 31, 2006, was \$4.50 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2006 property tax receipts were based are as follows:

	<u>Total Assessed Value</u>	<u>%</u>
Real Property	\$83,193,600	93.88%
Tangible Personal Property	4,056,732	4.58%
Public Utility Property	<u>1,366,760</u>	<u>1.54%</u>
Total Valuation	<u><u>\$88,617,092</u></u>	<u><u>100.00%</u></u>

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30; with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Norwalk. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2006 and for which there is an enforceable legal claim. In the governmental fund financial statements, the entire receivable is offset by deferred revenue since the current taxes were not levied to finance 2006 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred.

NOTE 8 - INCOME TAX

The City levies a municipal income tax of 1.10 percent on substantially all earned income arising from employment, residency or business activities within the City. The City allows a credit of 50 percent for the income tax paid to another municipality, not to exceed one percent of taxable income, to a maximum of half the total amount assessed.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. By City ordinance, income tax proceeds, after income tax department expenditures, are credited to the general fund.

**CITY OF CANAL FULTON, OHIO
 STARK COUNTY
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2006**

NOTE 9 – INTERGOVERNMENTAL RECEIVABLES

	<u>Amount</u>
Governmental Activities	
Gasoline Tax	\$104,956
Local Government	64,914
Homestead and Rollback	22,245
Permissive Tax	<u>22,137</u>
<i>Total Governmental Activities</i>	<u><u>\$214,252</u></u>
Business-Type Activities	
Northwest Local School District Waterline	<u><u>\$978,775</u></u>

NOTE 10 – RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft, damage to or destruction of assets, errors and omissions, employee injuries, and natural disasters. During 2006, the City contracted with The Ohio Plan for various types of insurance. The coverage and deductible are as follows:

<u>Type of Coverage</u>	<u>Deductible</u>	<u>Coverage</u>
General Liability	\$0	\$1,000,000/\$3,000,000
Employers Liability	0	1,000,000
Employee Benefits	0	1000,000/3,000,000
Law Enforcement Officers Liability	\$2,500	1000,000/3,000,000
Public Officials Liability	1,000	1000,000/3,000,000
Automobile	500	1,000,000
Property	1,000	9,308,420
Special Property Coverage	1,000	716,122
Electronic Equipment/Media Coverage	500	29,179
Public Employee Dishonesty	0	10,000
Boiler and Machinery	1,000	9,308,420

There has not been a significant reduction in coverage from the prior year. Settled claims have not exceeded this commercial coverage in any of the past three years.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

4.25% Bond Anticipation Note	\$0	\$750,000	\$0	\$750,000

In 2006, the City issued \$750,000 in Bond Anticipation Notes to purchase a piece of property to be used to expand the City's municipal complex. The notes are bond anticipation notes, are backed by the full faith and credit of the City, and mature November 29, 2007. The note liability is reflected in the fund which received the proceeds and will repay the debt.

The police station bond and the downtown improvement bond will be paid from the downtown improvement debt service fund.

The special assessment bonds were issued to construct streets in the Elm Ridge Industrial Development Park and will be paid from the Elm Ridge Development special assessment debt service fund. The special assessment bonds are backed by the full faith and credit of the City. In the event that an assessed property owner fails to make payments, the City will be required to pay the related debt.

The water treatment plant bonds and the water plant expansion bonds were issued in 2001 to improve and expand the City's water treatment plant. The bonds are paid from user fees in the water fund.

On March 15, 2005, the City issued \$730,000 of Water Improvement Bonds for the purpose of constructing a waterline for the Northwest Local School District. The bonds are subject to mandatory sinking fund redemption before maturity. Interest payments, at rates ranging from 3.00 percent to 4.50 percent per year are payable on March 15 and September 15 of each year, until the principal amount is paid. The bonds are paid from money to be received from the School District.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

Redemption Provisions

Mandatory sinking Fund Redemption The water improvement bonds maturing on March 15, 2025 are term bonds and are subject to mandatory sinking redemption requirements on March 15 in the years (Mandatory Redemption Dates) and in the principal amounts as follows (with the balance of \$55,000 to be paid at maturity on March 15, 2025):

Year	Principal
2021	\$45,000
2022	45,000
2023	50,000
2024	50,000

On June 14 and then on July 6, 2006, the City issued Fire Station Improvement Bonds 2006-1 and 2006-2, respectively. Both bonds were issued for \$750,000 for the purpose of constructing a new fire station. The bonds will be paid from the capital improvement fund.

The OPWC water and sewer loans are to finance various waterline and sanitary sewer projects in the City and will be paid from the water and sewer funds.

Compensated absences will be paid from the general fund, the street maintenance and police special revenue funds, and the water and sewer enterprise funds.

As of December 31, 2006 the City's overall legal debt margin (the ability to issue additional amounts of general obligation bonded debt) was \$9,306,319 and the unvoted legal debt margin was \$4,075,085. Principal and interest requirements to retire the City's long-term obligations outstanding at December 31, 2006 are as follows:

NOTE 14 - DEFINED BENEFIT PENSION PLANS

A. *Public Employees Retirement System*

All employees of the City, with the exclusion of City police officers and firefighters, participate in the Ohio Public Employees Retirement System (OPERS), which administers three separate pension plans as described below:

1. The Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan.
2. The Member-Directed Plan (MD) – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
3. The Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.

Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. The OPERS issues a stand-alone financial report that may be obtained by writing to the Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614)222-6701 or 1-800-222-7377.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2006, member and employer contribution rates were consistent across all three plans. The 2006 member contribution rates were 9.0% for members in local classifications. The 2006 employer contribution rate was 13.70% of covered payroll. The City's required contributions for pension obligations to the OPERS for the years ending December 31, 2006, 2005, and 2004 were \$96,480, \$83,493, and \$76,368, respectively. The full amount has been contributed for 2005 and 2004. 90.54% has been contributed for 2006.

B. *Ohio Police and Fire Pension Fund*

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan. The OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10% of their annual covered salary to fund pension obligations while the City is required to contribute 19.5% for police officers and 24.0% for firefighters. Contributions are authorized by State statute. The City's contributions to the fund for the years ended December 31, 2006, 2005, and 2004 \$47,106, \$47,434, and \$44,093, respectively, equal to the required contributions for each year. The full amount has been contributed for 2005 and 2004. 74.96% has been contributed for 2006 with the remainder being reported as a liability.

C. *Social Security System*

All volunteer firefighters and Council members, not otherwise covered by another retirement system, are covered by Social Security. The City's liability is 6.2% of wages paid.

NOTE 15 – POSTEMPLOYMENT BENEFITS

A. *Public Employees Retirement System*

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) – a defined contribution plan; and the Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor and post-retirement health care benefits to qualifying members of both the Traditional and the Combined Plans; however, health care benefits are not statutorily guaranteed. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

OPERS provides post-retirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12, "Disclosure of Information on Post-Employment Benefits Other Than Pension Benefits by State and Local Governmental Employers". A portion of each employer's contribution to the OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 2006 employer contribution rate was 13.70% of covered payroll; 4.5% was the portion that was used to fund health care for the year 2006. The City's actual contributions for 2006 which were used to fund post-employment benefits were \$47,191.

The Ohio Revised Code provides the statutory authority requiring employers to fund postretirement health care through their contributions to OPERS.

The assumptions and calculations below were based on OPERS latest actuarial review performed as of December 31, 2005, include a rate of return on investments of 6.5%, an annual increase in active employee total payroll of 4.0% compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll over and above the 4.0% base increase of between .50% and 6.3% based on additional annual pay increases. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from .5% to 6% for the next nine years. In subsequent years (ten and beyond) health care costs were assumed to increase at 4% (the projected wage inflation rate).

An entry-age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of the unfunded actuarial accrued liability.

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets.

OPEB is advance-funded on an actuarially determined basis.

At year end 2006, the Traditional Pension and Combined Plans had 369,214 active contributing participants. The number of active contributing participants for both plans used in the December 31, 2005, actuarial valuation was 358,804. The actual contribution and the actuarially required contribution amounts are the same. OPERS net assets available for payment of benefits at December 31, 2005, (the latest information available) were \$11.1 billion. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$31.3 billion and \$20.2 billion, respectively.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, will be effective January 1, 2007. In addition to the HCPP, OPERS has taken additional action to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

B. *Ohio Police and Fire Pension Fund*

The Ohio Police and Fire Pension Fund (OP&F) provides post-retirement health care coverage to any person who receives or is eligible to receive a monthly benefit check, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending school full-time or on a 2/3 basis. The health care coverage provided by the retirement system is considered an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that health care cost paid from the funds of the OP&F Ohio shall be included in the employer's contribution rate. The total police officer employer contribution rate is 19.5% of covered payroll and the total firefighter employer contribution rate is 24% of covered payroll. The City's actual contributions for 2006 which were used to fund post-employment benefits were \$31,070 for police.

The Ohio Revised Code provides the statutory authority allowing the OP&F Ohio's Board of Trustees to provide health care coverage to all eligible individuals.

Health care funding and accounting is on a pay-as-you-go basis. A percentage of covered payroll, as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.75% of covered payroll in 2005 and 2006. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions. The number of participants eligible statewide to receive health care benefits as of December 31, 2005, the date of the last actuarial valuation available, are 13,922 for police officers and 10,537 for firefighters. The OP&F Ohio's total health care expense for the year ending December 31, 2005, the date of the last actuarial valuation available, was \$108,039,449, which was net of member contributions of \$55,271,881.

NOTE 16 – OTHER EMPLOYEE BENEFITS

A. *Compensated Absences*

Vacation and sick leave benefits are derived from negotiated agreements and State laws. Employees earn ten or more days of vacation per year, depending upon length of service. Only five vacation days may be carried over to the following year. All accumulated unused vacation time is paid upon termination of employment.

Employees earn sick leave at a rate of 4.6 hours for each completed pay period of 80 hours. Sick leave accumulation is unlimited, but upon retirement or death, an employee can be paid twenty-five percent of accumulated, unused sick leave to a maximum of thirty days.

B. *Medical and Dental Insurance*

The City provides medical and dental benefits to employees through HomeTown Health. The City's portions of the monthly premiums for 2006 were \$867.10 for family, \$623.79 for employee and spouse, \$520.26 for employee and children, and \$289.04 for single.

NOTE 17 - CONTINGENT LIABILITIES

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, City management believes such disallowances, if any, will be immaterial.

**CITY OF CANAL FULTON, OHIO
 STARK COUNTY
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2006**

NOTE 18 - INTERFUND TRANSACTIONS

A. Transfers

Interfund transfers for the year ending December 31, 2006 consisted of the following:

Transfers In:	Transfers Out: General
Street Maintenance	\$41,000
Police	619,811
Fire/EMS	383,000
Capital Improvements	250,000
All Other Governmental Funds	185,155
Total	\$1,478,966

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

\$41,000 was transferred from the general fund to the street maintenance fund to supplement the funds available for maintaining City streets. \$619,811 was transferred from the general fund to the police fund to supplement the funds available for police protection. \$383,000 was transferred from the general fund to the fire/EMS fund to supplement the funds available for fire fighting and emergency medical services. \$250,000 was transferred from the general fund to the capital improvement fund to supplement the funds available for capital improvements. \$147,543 was transferred from the general fund to the downtown improvement fund to retire debt. \$37,612 was transferred from the general fund to the Elm Ridge special assessment fund to retire debt.

B. Interfund Balances

Interfund balances at December 31, 2006 consisted of an interfund payable in the Elm Ridge Special Assessment debt service fund and an interfund receivable in the general fund of \$3,756 from the prior year.

NOTE 19 – LITIGATION

The City is not currently a party to any legal proceedings which would have a material impact on the financial statements.

NOTE 20 – JOINTLY GOVERNED ORGANIZATIONS AND JOINT VENTURE

A. Stark County Regional Planning Commission

The City participates in the Stark County Regional Planning Commission (Commission), which is a statutorily created political subdivision of the State. The commission is jointly governed among Stark county, and other cities, villages, and townships. Of the 48 member board, the City appoints one member. The degree of control exercised by any participating government is limited to its representation on the board. The principal aim of the Commission is to provide comprehensive planning, both long and short-term range, dealing with the economic and physical environment of Stark County. The board exercises total authority for the day-to-day operations of the Commission.

**CITY OF CANAL FULTON, OHIO
STARK COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006**

These include budgeting, appropriating, contracting and designating management. The City has no financial responsibility for any of the Commission's liabilities. In 2006, the City contributed \$506 to the Commission. Complete financial statements can be obtained from the Stark County Regional Planning Commission, Stark County, Ohio.

B. Stark Council of Governments

The City participates in the Stark Council of Governments (the "Council") which is a statutorily created political subdivision of the State. The Council is jointly governed among Stark County and its municipalities and townships which direct the operations of the Stark County Metropolitan Narcotics Unit and the Stark County Crime Laboratory. Of the 27 members, the City has one appointed member. Each member's control over the operation of the Council is limited to its representation on the board. The board exercises total authority over the operation of the Council including budgeting, appropriation, contracting, and designating management. The City does not have an equity interest in the Council. The Council is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City. The City did not contribute any funds to the Council in 2006. Complete financial statements can be obtained from the Stark Council of Governments, P.O. Box 21451 Canton, Ohio 44701-1451.

C. Stark County District Board of Health

The City participates in the Stark county District Board of Health (the "Health District") which is a statutorily created political subdivision of the State. The Health District is jointly governed by Stark County townships, villages, the City of Canal Fulton, The City of Louisville, and the City of North Canton. Of the 7 board members, the City has one appointed member. The board is made up of various professionals who are equally representative of the general health district. The board exercises total authority over the operation of the Health District including budgeting, appropriation, contracting, and designating management. The City does not have an equity interest in the Health District. The Health District is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City. The City did not contribute any funds to the Health District in 2006. Complete financial statements can be obtained from the Stark County Combined General Health District, 3951 Convenience Circle NW, Canton, Ohio 44718.

D. Local Organized Governments in Cooperation

The City participates in the Local Organized Governments in Cooperation (LOGIC), a statutorily created political subdivision of the State formed in 1986 to provide safety dispatching services. LOGIC is a joint venture among the City, Jackson Township, City of Massillon, and Hills and Dales Village, with each participant providing one representative to serve on the board. Each representative has a membership share based on the percentage of contractual financial contributions to the total funding, and each participant is entitled to vote its percentage share. The board has total authority over the operation of LOGIC, including budgeting, appropriating, contracting, and designating management. Continued existence of LOGIC is dependent on the City's continued participation. LOGIC does not provide specific financial benefits or impose specific financial burdens on the City. During 2006, the City made contributions of \$55,416. Financial statements of LOGIC may be obtained from Local Organized Governments in Cooperation, Canton, Ohio.

**REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

City of Canal Fulton
Stark County
155 East Market Street
Canal Fulton, Ohio 44614

To Members of Council:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Canal Fulton (Stark County), Ohio (the City), as of and for the year ended December 31, 2006, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 18, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as items 2006-02 and 2006-03 to be a significant deficiencies in internal control over financial reporting.

City of Canal Fulton
Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we consider items 2006-02 and 2006-03 to be material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as item 2006-01.

We noted certain matters that we have reported to management of the City in a separate letter dated July 18, 2008.

The City's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. We did not audit the City's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the audit committee, City Council federal agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND RESPONSES

FOR THE YEAR ENDED DECEMBER 31, 2006

Finding 2006-01

Section 5705.14, 5705.15 and 5705.16, Revised Code, provides guidelines pertaining to allowable interfund transfers. Generally, before an interfund transfer can be made, a resolution of the taxing authority of the political subdivision shall be passed by a majority of the governing board and such taxing authority shall prepare a petition to be presented to the tax commissioner and to the Court of Common Pleas of the County requesting approval of said transfers. The following transfer was not authorized by resolution:

<u>Transfer From</u>	<u>Transfer To</u>	<u>Amount</u>
City Income Tax	General	2,500

We noted that transfers were being authorized as part of the appropriation amendments. Transfers are to be authorized by a resolution that is separate from an appropriation resolution.

Corrective Action: Contact Person: Scott Svab, Finance Director

Transfers will be authorized by Council prior to making the transfer and will be authorized by a separate resolution.

Finding 2006-02

SIGNIFICANT DEFICIENCY/ MATERIAL WEAKNESS

A necessary step in the internal control over financial reporting is to prove both the balance of the bank and the balance of cash in the accounting records. A bank reconciliation means accounting for the differences between the balance on the bank statement(s) and the cash and investment balances according to the City's records at a specific point in time.

Without complete and accurate monthly bank reconciliations, the City's internal control is significantly weakened which could hinder the timely detection of errors or irregularities by the City's management. The city has since reconciled the books with the bank and the adjustments have been made to the financial statements.

The City should perform complete and accurate monthly bank reconciliations. Supporting documentation of the reconciliation including outstanding check list, Statement of Cash Position report, deposits in transit and any other reconciling item should be kept in a folder with the bank reconciliation report. All unreconciled differences should be resolved as quickly as possible so they are not carried forward from month-to-month. Also, an employee independent of cash receipt and disbursement activities should review the bank reconciliations for any unusual items and document their approval by initialing the form. This will significantly improve the system of checks and balances necessary for strong cash control.

SCHEDULE OF FINDINGS AND RESPONSES

FOR THE YEAR ENDED DECEMBER 31, 2006
(continued)

Corrective Action: Contact Person: Scott Svab, Finance Director

The Finance Director of the City of Canal Fulton will compile monthly bank reconciliations and have an independent employee review the disbursement activities and bank reconciliations and document their approval by initialing the form.

Finding 2006-03

Net assets for Governmental Activities and the fund balance for the Capital Improvement Fund have been restated as of January 1, 2006 to correct an audit adjustment to the financial statements in 2005. The adjustment recorded a grant receivable at December 31, 2005. It was later determined that the transaction was actually loan proceeds in 2006 and should not have been recorded as a receivable.

Adjustments should be reviewed by the fiscal officer for propriety.

Corrective Action: Contact Person: Scott Svab, Finance Director

Adjustments along with supporting documentation will be reviewed.
