TRUMBULL COUNTY**

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE
FISCAL YEAR ENDED DECEMBER 31, 2008**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the County's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B - SUBRECIPIENTS

The County passes-through certain Federal assistance received from Trumbull County Planning Commission, Trumbull County Prosecutor's Office, Trumbull County Board of Mental Retardation and Developmentally Disadvantaged, and the Trumbull County Board of Alcohol, Drug and Mental Health to other governments or not-for-profit agencies (subrecipients). As described in Note A, the County records expenditures of Federal awards to subrecipients when paid in cash.

The subrecipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the County is responsible for monitoring subrecipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements, and that performance goals are achieved.

NOTE C - CHILD NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

NOTE D – FOOD DONATION PROGRAM

Program regulations do not require the County to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the entitlement value of the commodities received.

NOTE E - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The County has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on the accompanying Federal Awards Expenditures Schedule (the Schedule). Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD.

Activity in the CDBG Revolving Loan Fund during 2008 was as follows:

Beginning loan receivable balance as of January 1, 2008:	\$ 787,383
Loans made:	0
Loan principle repaid on loans issued prior to 2008:	<u>(44,493)</u>
Ending loans receivable balance as of December 31, 2008	\$ 742,890
Cash balance on hand in the revolving loan fund at December 31, 2008	\$ 175,365
Administrative costs and other expenses	<u>108,677</u>
Total reported in accompanying schedule	<u>\$ 1,026,932</u>

NOTE F - MATCHING REQUIREMENTS

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE G – HOMELAND SECURITY GRANT CLUSTER

The County reported the following programs for the Homeland Security Grant Cluster on the Federal Awards Expenditures Schedule. Programs for fiscal years 2007 and 2006 were incorporated into the Homeland Security Grant Program (CFDA #97.067) in accordance with guidance from the U.S. Department of Homeland Security:

CFDA #	PROGRAM	AMOUNT
97.073	State Homeland Security Program	\$ 12,524
97.053	Citizens Corp Program	<u>221</u>
97.067	Homeland Security Grant Program	<u>\$ 12,745</u>

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Trumbull County
160 High Street N.W.
Warren, Ohio 44481

To the Board of County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Trumbull County (the County) as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 22, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Other auditors audited the financial statements of Fairhaven Industries Inc., the discretely presented component unit, as described in our opinion of the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the County's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the County's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the County's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses as defined above

We noted certain matters that we reported to the County's management in a separate letter dated June, 22, 2009.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the audit committee, management, Board of County Commissioners, federal awarding agencies, and pass-through entities. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Trumbull County
160 High Street N.W.
Warren, Ohio 44481

To the Board of County Commissioners:

Compliance

We have audited the compliance of Trumbull County (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended December 31, 2008. The summary of auditor's results section of the accompanying schedule of findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Trumbull County complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2008.

Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *control deficiency* in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to administer a federal program such that there is more than a remote likelihood that the County's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the County's internal control will not prevent or detect material noncompliance that we consider to be material weaknesses, as defined above.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Federal Awards Expenditures Schedule

We have also audited the financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Trumbull County as of and for the year ended December 31, 2008, and have issued our report thereon dated June 22, 2009 which indicated we did not audit the financial statements of Fairhaven Industries Inc., and in our opinion, as it relates to the amounts included for Fairhaven Industries Inc., is based on the report of their auditors. Our audit was performed to form opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying federal awards expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, Board of County Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

The Honorable Paul E. Heltzel
The Honorable Frank S. Fuda
The Honorable Daniel E. Polivka

The Honorable Sam C. Lamancusa
Trumbull County Treasurer

Citizens of Trumbull County:

It is my pleasure to present Trumbull County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2008.

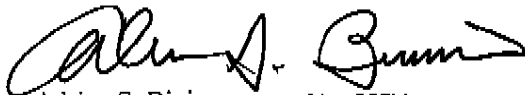

To the best of my knowledge the data presented, herein, is completely accurate in all respects and has been reported in a manner designed to provide complete disclosure of the financial position and the results of operations of the County.

This report was prepared in complete accordance with Generally Accepted Accounting Principles (GAAP) as applicable to governmental entities and with the hope of receiving a twelfth Certificate of Achievement for Excellence in Financial Reporting Guidelines of the Government Finance Officers Association (GFOA) in the history of Trumbull County.

This document represents full disclosure of all Trumbull County's financial activities during the aforementioned year. The Trumbull County Auditor's office, unless otherwise noted, takes full responsibility for the data contained herein. We believe that the report has been prepared in a manner which will easily enable the reader to gain valuable insights into Trumbull County's financial activity.

The preparation of this comprehensive document represents an ongoing commitment to excellence in terms of the financial management of Trumbull County. We intend to reflect this same commitment in ensuing years with similar practices and the continued attainment of this cherished award of achievement.

Yours sincerely,

Adrian S. Biviano, MBA, CPA, CGFM
Trumbull County Auditor

ADRIAN S. BIVIANO, CPA
TRUMBULL COUNTY AUDITOR

Mark Delfrate, CPA
CHIEF DEPUTY AUDITOR

June 22, 2009

Trumbull County Board of Commissioners
160 High Street
Warren, Ohio 44481

Citizens of Trumbull County:

I am pleased to submit the comprehensive annual financial report of Trumbull County for the year ended December 31, 2008.

This report enables the County to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the counties reporting on a GAAP basis to file unaudited general purpose external financial statements with the Auditor of State within 150 days of year end.

Management assumes responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Mary Taylor, CPA, Auditor of State, has issued an unqualified ("clean") opinion on Trumbull County's financial statements for the year ended December 31, 2008. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The County and the Form of Government

Trumbull County, created in 1800, is located in northeast Ohio, on the southern border of Ashtabula County, the eastern borders of Geauga and Portage Counties and the western border of the State of Pennsylvania. The County is approximately forty miles southeast of the City of Cleveland. The County encompasses 24 townships and eleven cities and villages, the largest of which is the City of Warren, the County Seat. The County is in the Youngstown-Warren, Ohio Metropolitan Statistical Area (MSA) comprised of Trumbull, Columbiana and Mahoning Counties, the 54th largest of 264 MSA's in the United States.

The County is served by extensive and diversified transportation facilities. More than eighty motor freight carriers serve the area and 40 contract carriers maintain offices or terminals. The County is presently served by two railroad systems - Conrail and CSX. The Western Reserve Port Authority is located within the County and commercial service is provided by Allegiant Airline. Also, Wyman's Executive Airport is located within the County. Three airports within commuting distance of the County, Cleveland Hopkins International Airport, Akron-Canton Regional Airport and Pittsburgh International Airport, provide additional air transportation services.

One major interstate highway traversing the County, the Ohio Turnpike Interstate 80, is a major coast-to-coast route linking the area with such major national economic centers as New York and Chicago. I-80 and local spur I-680 provide quick access to Cleveland, Akron and Youngstown. In addition to federal highways, the County is crisscrossed with modern state highways. State Routes 11, 45, 46 and 82 and U.S. Route 422 facilitate travel within the County and link the County with the industries of the Ohio Valley Region.

The cities, villages and townships, together with various special districts and other governmental entities operating in the County, are responsible for many local governmental services and make significant expenditures to provide such services to County residents. The County, nonetheless, has significant responsibilities in the areas of general government, administration of justice, road and bridge maintenance, health care, sanitation, public welfare, social services and public assistance.

The County has only those powers, and powers incidental thereto, conferred upon it by the State constitution and statutes. A three-member Board of County Commissioners (the "Board") is the primary legislative and executive body of the County. The Board is elected at-large in even-numbered years for four-year overlapping terms. The Board is responsible for providing and managing the funds used to support the various County activities. The Board exercises its legislative powers in budgeting, appropriating monies, levying taxes, issuing bonds and notes and letting contracts for public works and services to provide this financial management. The Board has certain responsibilities for the management of most County facilities, including various court, correctional and administrative facilities, public assistance and social services facilities and general County facilities.

In addition to the Board, citizens elect eight other County administrative officials, each of whom is independent within the limits of State Statutes affecting the particular office. These officials, elected to four-year terms, are the County Auditor, County Treasurer, County Prosecutor, County Engineer, Coroner, Clerk of Courts, County Recorder and Sheriff. Common Pleas Judges, including the Domestic Relations, Juvenile Court and Probate Court Judges, are also elected on a County-wide basis and serve six-year terms. Court of Appeals Judges are elected on a district-wide basis by the electors of the Counties included in the district for a six-year term.

The County Auditor serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. As the chief fiscal officer, no contract or obligation involving the County can be made without the Auditor's certification that appropriations are sufficient and that funds are available, or are in the process of collection, to ensure that the contract or obligation can be paid. The Auditor is also the central disbursing agent of the County who, by the issuance of County warrants, distributes funds to creditors in payment of liabilities incurred by the County and its departments. In addition, the Auditor is responsible for the preparation of the County payroll and has statutory accounting responsibilities.

As tax assessor, the Auditor is responsible for establishing the tax rates for real estate, personal property and manufactured homes. Once these taxes are collected, the Auditor is responsible for distributing those collections to the other governmental entities in accordance with legally adopted rates. In addition to these duties, the Auditor is the secretary to the County Data Processing Board and serves as the secretary to the County Board of Revision and the County Budget Commission.

The County Treasurer is the custodian of all County funds. The Treasurer is responsible for the investment of idle County funds as specified by Ohio law. The Treasurer is also responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. Daily reconciliations of the total County fund balances of the Auditor and the Treasurer are performed by the two offices, and reconciliations by fund are prepared monthly. The County Budget Commission is comprised of the County Treasurer, Auditor and Prosecutor. The Budget Commission plays an important function in the financial administration of the County government and all other local governments within the County.

The County Engineer, required by Ohio law to be a registered professional engineer and surveyor, serves as the civil engineer for the County and its officials. His primary responsibilities relate to the construction, maintenance and repair of County roads and bridges, related roadside drainage facilities and storm or surface runoff systems. The Board of Commissioners takes bids on and awards contracts for the projects recommended and approved by the County Engineer. The County Engineer also prepares tax maps for the County Auditor.

The Board of County Commissioners are required to adopt a final budget by the close of the fiscal year. This annual budget serves as the foundation for the Trumbull County's financial planning and control. The legal level of control has been established by the Commissioners at the object level within each department. Department heads may transfer resources within a department as they see fit. Transfers between departments, however, needs special approval from the governing Board of County Commissioners.

Administration of the Justice System

As a part of its justice system, the County maintains the Court of Appeals and the Common Pleas Court which include a Domestic Relations Division, a Juvenile Division and a Probate Division.

The County Prosecutor's office, the Juvenile Detention Center and the County Jail are also maintained by the County. In addition to the responsibilities as a prosecutor of criminal cases, the County Prosecutor is designated by Ohio law as the chief legal counsel for all County officers, boards and agencies, including the Board of Commissioners, the County Auditor and the County Treasurer and all townships and local school districts. The County Prosecutor is also a member of the County Budget Commission.

The Clerk of Courts keeps all official records of the Common Pleas Court, and when the Court of Appeals holds sessions within the County, she also serves as Clerk of Courts of the Court of Appeals. The office of the Clerk of Courts operates on a system of fees charged for services and is essentially self-supporting.

The County Sheriff is the chief law enforcement officer of the County and provides certain specialized services which include maintaining a special staff of deputies whose duties are to assist local law enforcement officers upon their request and to enforce the law in unincorporated areas of the County. The Sheriff also operates and maintains the County jail and is responsible for its inmates, including persons detained for trial or transfer to other institutions. As an officer of the County courts, the Sheriff is in charge of the service of court documents.

Industry, Commerce and Economic Development

Employment in the County and Metropolitan Statistical Area (MSA) is primarily in the manufacturing sector and within that sector largely in the automobile and steel industries. Average employment in the County rose from 86,243 in 1983 to more than 98,100 in 2008.

Since 1983, the County has assisted business to expand or locate in the County, creating and retaining jobs through an aggressive economic development program. The County has taken advantage of State of Ohio programs such as the Enterprise Zone Program, which permits ad valorem property tax abatements for new real and personal property, and the Community Development Block Grant (CDBG) Program,

which provides funds to create jobs for low and moderate income persons. The County has one of the largest and most successful Enterprise Zones in the State of Ohio, encompassing most political units located within the 625 square-mile area of the County. Over one hundred Enterprise Zone Agreements have been approved by the County Commissioners and seventeen local communities since 1982. The Enterprise Zone has resulted in the creation of thousands of jobs and the retention of tens of thousands jobs. The amount of the investment resulting from projects covered by Trumbull County Enterprise Zone Agreements since 1982 is over one billion dollars. Over 114 Enterprise Zone Agreements have been approved by the Trumbull County Commissioners and 17 communities since 1983. Trumbull County ranks as follows based upon the State's Enterprise Zone Program 2008 Annual Report:

- number of jobs retained (4,668)
- number of Enterprise Zone Agreements (59 active)
- personal property investment (\$685,000,000)
- real property investment (\$176,000,000)
- number of jobs created (1,532); and
- new payroll (\$54,530,000)

Only two new tax abatements were approved in 2008 for business. The reduction in the number of tax abatements is due to the passage of House Bill 66 signed by Governor Taft on June 30, 2005. This reform of Ohio tax law went into effect on July 1, 2005 and affects most Ohio businesses and Ohio income taxpayers. Among the changes are an income tax cut, the phase-out of the tangible personal property and corporation franchise taxes, the elimination of a 10 percent tax rollback on real property classified as commercial, and the introduction of a new low-rate, broad-based Commercial Activity Tax (CAT) on a business's gross receipts. This program may end or be restructured in 2010.

In August 2008, the J.A. McMahan Inc., located in the City of Niles, received a 75 percent tax abatement for ten years on a new real and personal property investment. The minimum investment the company will be required to make is \$1,000,000 and the maximum investment for which abatement will be available is \$1,200,000. This will result in the creation of 6 new jobs.

In October 2008, the Cassen Transport Company, located in the Village of Lordstown, also received a 75 percent tax abatement for ten years on a new real investment. The minimum investment the company will be required to make is \$2,000,000 and the maximum investment for which abatement will be available is \$2,300,000. This will result in the creation of 30 new jobs.

Glunt Industries received a \$280,000 economic development grant and \$100,000 in County Revolving Loan funds which will be used (along with other funding sources) to construct about 4,000 linear feet of sanitary sewer to Glunt Industries and other properties in Warren Township. This will allow for the creation of an additional 30 manufacturing jobs at the site and maintain 100 jobs at that location. This project is scheduled to begin construction in 2009. Glunt Industries and Horvath Mobile were under Environmental Protection Agency mandate to upgrade their septic facilities.

At the end of 2007, 135 acres were added to the Foreign Trade Zone in Trumbull County with the addition of land and existing buildings of Dephi Automotive facilities at the North River Road Facility. Due to downsizing, approximately 1.5 million square feet of vacant industrial buildings will be available for lease. This lease space and the additional 135 acres will now be designated as a Full Authority Foreign Trade Zone (FTZ). All local paperwork was handled by the Trumbull County Planning Commission and on the FTZ committee of the Northeast Ohio Trade and Economic Consortium (NEOTEC). In 2008, the Lordstown Industrial Park was made a Full Authority Foreign Trade Zone which gives an additional 50 plus acres of foreign trade zone land in the County. Trumbull County is one of the largest holders of foreign trade zone designated land in the State of Ohio with well over 1,000 total acres with this current designation.

In 2008, the RPC (Reinvestment Partnership Corporation) who manages the "mini-loan" program along with area banks, provides loans to small and start-up businesses in Trumbull County. This program is administered by WRAP (Warren Redevelopment and Planning) with a member of the Trumbull County Planning Commission to approve loans made outside the City of Warren.

Two loans were granted in the County in 2008 by the board of the RPC, these include \$92,000 to Trumbull Foundry and Alloy in Niles and \$45,000 to Steel Valley Spay Neuter Clinic in Girard. These funds were all matched by the area banks who are members of the RPC. The loan to Trumbull Foundry and Alloy is estimated to create 30 new manufacturing jobs in the County.

An Industrial Site Improvement Fund (ISIF) Grant application was sent to the Ohio Department of Development for the Warren-Trumbull Railroad Project for rail improvements and upgrades of embargoed track from Warren Steel Holdings (WSH) in Champion and Warren Townships to Paige Street in Warren. These upgrades were necessary for the track to be used by WSH. The original ISIF grant for \$750,000 was not granted by the State; however a 629 Roadway Development Grant was given to the County for \$336,100 toward the project. The Mahoning Valley Economic Development Corporation (MVEDC) and the Ohio Rail Commission both put more money into the project and the project was re-engineered. This project should be completed in 2009. This project will help retain 90 manufacturing jobs at Warren Steel Holdings and an additional 25 to 30 jobs at various suppliers to the steel manufacturer on site that require rail service. In addition, Warren Steel is expected to create an additional 25 to 30 jobs at the site within the next two years.

The projection of the production of the Chevy Cobalt at the General Motors Lordstown facility preserved thousands of manufacturing jobs there and created new construction and investment by General Motors supplies in Trumbull County. These include Intier Automotive, Faurecia Exhaust Systems, and Automodular. As of 2008, these suppliers continue to operate in Trumbull County as a result of the new investment by General Motors. The new Chevy Cruze is scheduled to be built at the Lordstown Plant Facility in 2010 and operations at the facility should continue despite the current economic downturn and the closing of many General Motors assembly plants throughout the United States.

The County, in cooperation with the Western Reserve Port Authority, the United States Air Force Reserve Base, the Regional Chamber of Commerce, and the Trumbull County Planning Commission has made capital improvements near the Youngstown-Warren Regional Airport to establish the Air Industrial Complex. A grant from the Economic Development Agency and monies for the State capital budget will fund road, water, and sewer improvements west of the airport. In 2003, the construction of the \$7,000,000 State Route 11 interchange was completed. In addition, Timken Latrobe Steel Distribution has relocated from Youngstown to the Ridge Road area, creating 27 new jobs. The County has provided a \$300,000 loan from the Revolving Loan Fund and tax abatements for this project. Timken will also take advantage of the Foreign Trade Zone which has been established in this area. In 2004, Delphi Automotive Systems completed a \$58,000,000 project at the Air Industrial Park with the construction of a 240,000 square foot plastic injection molding facility. This project will retain 220 jobs and a payroll of approximately \$13,000,000. Tax incentives and State loans were issued for this project.

In 2007, the County obtained a \$400,000 Community Development Block Grant (CDBG) Economic Development grant from the State of Ohio to assist Starr Manufacturing, Inc. Along with \$50,000 from the County's Revolving Loan Fund, the total amount loaned the company was \$450,000. The project will create 18 new jobs in addition to retaining the 60 current jobs held at the facility in Vienna Township. One loan was made through the County's Revolving Loan Fund (RLF) in 2007. The Trumbull County Planning Commission submitted a request to the Ohio Department of Development for a \$400,000 fiscal year 2006 CDBG Economic Development grant to serve as capital for this loan. The County was awarded the grant in 2007. Since 1984, the County has lent over \$3,950,000 in loans through the CDBG and RLF programs assisting businesses with job creation and retention projects.

Delphi Automotive Systems is the world's leading supplier of automotive power and signal distribution systems. The world headquarters for the Delphi Packard Division of Delphi Automotive is located in Trumbull County. Since 2001, Delphi Packard has built a new research and development facility in Champion Township and new injection molding facilities in the City of Cortland and Vienna Township. With the aid of Enterprise Zone Agreements, financing for infrastructure and State grants and loans, approximately 500 jobs were retained and over \$150,000,000 in new investments were made in the County. In 2005, Delphi Packard reorganized its office and manufacturing space, moving from the City

of Warren to its main manufacturing and engineering facility on North River Road in Howland Township. The Delphi Corporation, based out of Troy, Michigan, is currently operating under Chapter 11 bankruptcy protection. In 2006, Delphi Packard Electric employees were offered and accepted lump sum payments of \$35,000 to \$140,000 to retire or quit their jobs. Approximately 660 hourly electrical workers remain on the job after the buyout offer. Over 3,000 of the 3,800 hourly workers in Trumbull County accepted the lump sum buyout offers. According to the Company's Public Relations office, a total of 1,550 workers remain employed in the County in 2008.

Income

According to the 2000 U.S. Census reports, the median income for County households was \$38,298, compared to State and National medians of \$40,956 and \$41,994, respectively. In 2006, the United States Department of Housing and Urban Development updated the income limits defining the income criteria for the various grant programs available to low-income persons. The median income listed in the February 2008 publication for the County is \$51,400; however, new official census information will not be available until 2010.

According to the Ohio Department of Taxation, the average federal gross adjusted income for residents of all school districts in the County filing Ohio personal income tax returns in 2008 (for tax year 2007) was \$45,051, compared to the average of \$68,327 for all Ohio school districts.

Housing

The following is 2000 Census information concerning housing in the County with comparative statistics for the City of Warren and the State and the United States. New summary file census data will be available after 2010; however, they have published estimates for the County, State and nation. The housing estimates last updated on July 1, 2006 reflect 96,905 (1.9 percent increase since 2000) housing units in the County, 5,044,709 (5.5 percent increase since 2000) housing units in the State of Ohio and 126,316,181 (9.0 percent increase since 2000) housing units in the United States:

	2002 Median Value of Owner-Occupied Homes	% Constructed Prior to 1940	Number of Housing Units		
			1990	2006	% Change
City of Warren	\$63,400	28.3%	21,785	21,279	(2.3%)
County	85,500	21.1	90,533	96,905	7.0

Major Initiatives

A number of County projects were completed to help the government run more efficiently and help the County compete for future job growth.

Computerization

The Record Retention project is software that the County is developing to enhance record retention along with document imaging.

Disaster recovery is also being developed and implemented at this time.

Other software updates that are under consideration include a new jail management system, internet security system, Computer Assisted Mass Appraisal (CAMA) real estate software and a new accounting system.

Sanitary Engineer - Water and Sewer

The County, through the Sanitary Engineer's Department, is in the process of making various capital improvements which will be funded by special assessments through the enterprise funds. Some other improvements that were in process include the improvement of the McKinley Heights Sewer Improvement(Phase II), Brookfield Center South Sewer project, the State Road Sewer Project, the Scott Street Sewer project, the Cadwallader-Sonk Sewer project, the Brookfield Center North Sewer project, the East Bazetta Sanitary Sewer project, the Little Squaw Creek Interceptor Sewer project, the March Avenue Sewer project, the Henn-Hyde Road Sanitary Sewer project, and the Lakeshore Drive Sanitary Sewer project and expanding and improving the water system in the County through the construction of the Southeast Water District Project and the Champion Water Tower project and various other projects.

Geographic Information System (GIS)

The County has an ongoing project of developing and implementing an interdepartmental County-wide geographic information system (GIS). This system will provide aerial photography, geodetic control, analytical triangulation, GIS photogram metric mapping and property conversion. This computerized property management and informational system will provide the public as well as departments with valuable data and information about the County as a whole.

Long-term financial planning

Trumbull County is currently developing a five (5) year capital budget plan. Commencing with years 2008 thru 2013, this budget will be used as a plan for capital spending projects and will be updated annually to maintain a five year outlook. This budget is meant to provide guidance by the Board of County Commissioners and other elected officials in determining the County's future capital needs.

Within the County's general fund operating budget, the Commissioners appropriate between \$500,000-\$1,000,000 in a contingency account for anticipated capital and other operating needs.

Relevant Financial Policies

The County imposed an additional 0.25 percent sales tax levy for County operations, along with a 0.25 percent levy for public safety services in October 2005. The current annual revenues from these levies are estimated to be \$9.0 million.

Acknowledgments

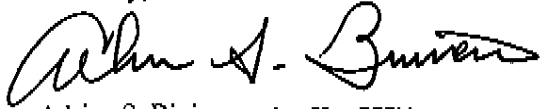

The publication of this CAFR represents an important achievement in the ability of Trumbull County to provide significantly enhanced financial information and accountability to the citizens of Trumbull County, its elected officials, County management and investors. This report continues the aggressive program of the County Auditor's office to improve the County's overall financial accounting, management and reporting capabilities.

I would like to acknowledge the efforts of the entire staff of the Trumbull County Auditor's office and Data Processing Department for their contributions to this report. Special thanks are extended to Trumbull County's accounting staff, for their effort and dedication to this project. The guidance given by Local Government Services of the Auditor of State's Office was greatly appreciated. They provided valuable assistance in a most professional manner.

I would also like to recognize Trumbull County Treasurer Sam C. Lamancusa and his staff for their periodic assistance and to thank the Trumbull County Board of Commissioners for their support of this CAFR.

Lastly, I would like to thank all of the elected officials, department heads and their staffs for their assistance and cooperation with the preparation of this CAFR. I ask for their continued support of this project and of my efforts towards continuing the sound financial management for Trumbull County.

Sincerely,

INDEPENDENT ACCOUNTANTS' REPORT

Trumbull County
160 High Street N.W.
Warren, Ohio 44481

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Trumbull County, Ohio (the County), as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Fairhaven Industries, Inc., which represents 100% of the assets and 100% of the revenues of the discretely presented component unit. Other auditors audited those financial statements. They have furnished their report thereon to us, and we base our opinion, insofar as it relates to the amounts included for Fairhaven Industries, Inc. on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Trumbull County, Ohio, as of December 31, 2008, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General, Public Assistance, County Board of Mental Retardation, Children Services, and Community Mental Health funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2009, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining nonmajor fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We and the other auditors subjected the combining nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, based on our audit and the report of the other auditors, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We and the other auditors did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The discussion and analysis of Trumbull County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2008. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter, financial statements and notes to those respective statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key Financial Highlights for 2008 are as follows:

- In total, net assets increased by \$543,080 or .31 percent. Net assets of governmental activities decreased \$3,010,599 or 2.18 percent from 2007. Net assets of business-type activities increased \$3,553,679, which represents a 9.79 percent increase over 2007.
- All revenues totaled \$182,439,029. General revenues accounted for \$68,170,648 or 37.37 percent of all revenues. Program revenues in the form of charges for services and grants and contributions accounted for \$114,268,381 or 62.63 percent of all revenues.
- Total assets of governmental activities decreased by \$1,207,759 from 2007. Intergovernmental and sales tax receivables increased by \$3,013,365 and \$1,452,340 respectively. These increases were offset by a \$3,014,922 decrease in cash and cash equivalents and a \$4,125,576 decrease in capital assets where depreciation exceeded additions for the year.
- The County had \$166,003,046 in expenses related to governmental activities while only \$99,415,411 of these expenses was offset by program specific charges for services, grants and contributions. Governmental activities general revenues equaled \$67,836,193 in 2008, of which \$55,382,575 were tax monies and the remaining \$12,453,618 was generated from interest, grants and entitlements not related to a specific program and miscellaneous revenues.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the readers can understand Trumbull County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the County to provide programs and activities, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2008?" The Statement of Net Assets and the Statement of Activities answer this question.

These statements include all *assets* and *liabilities* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. The accrual basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the County as a whole, the *financial position* of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's tax base, current property tax laws in Ohio restricting revenue growth and other factors.

In the Statement of Net Assets and the Statement of Activities, the County is divided into two distinct kinds of activities:

Governmental Activities – Most of the County's programs and services are reported here including general government, public safety, public works, health and human services. These services are funded primarily by taxes and intergovernmental revenues including Federal and State grants and other shared revenues.

Business-Type Activities – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided.

Reporting the County's Most Significant Funds

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objective. The County, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the General fund, Public Assistance, County Board of Mental Retardation, Community Mental Health and Children Services special revenue funds, the General Obligation Bond Retirement debt service fund and the Construction capital projects fund.

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses two enterprise funds to account for water and sewer operations. The County's major enterprise funds are the Water and Sewer funds.

Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County's internal service funds report on County departments' gasoline purchases, self insurance programs for employee medical benefits, a telephone communication system and workers' compensation.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds are agency funds.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

The County as a Whole

You may recall that the *Statement of Net Assets* provides the perspective of the County as a whole. Table 1 provides a summary of the County's net assets for 2008 compared to 2007:

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$174,989,485 including \$135,129,663 in governmental activities and \$39,859,822 in business-type activities at the close of the year.

The County's net assets are reflected in three categories, Invested in Capital Assets, Net of Related Debt, Restricted and Unrestricted.

The County's largest portion relates to invested in capital assets, net of related debt. This accounts for 54.17 percent of net assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to pay these liabilities.

The County's next largest portion of net assets relates to restricted assets. This accounts for 31.05 percent of net assets. These net assets represent resources that are subject to external restrictions on how they may be used. Unrestricted net assets accounts for 14.78 percent of total net assets. Unrestricted net assets may be used to meet the County's ongoing obligations to its citizens and creditors.

At the end of the current year, the County is able to report positive balances in all three categories of net assets. Governmental net assets had a negative balance in the unrestricted net assets and positive amounts in both restricted and invested in capital assets, net of related debt. The business-type activities can report a positive in both unrestricted and invested in capital assets, net of related debt.

Sales tax collected in 2008 totaled \$23,262,598 which is a \$1,696,014 or 6.8 percent decrease from 2007 collections of \$24,958,612.

Health and human services accounts for 58.09 percent of governmental expenses. Of the \$166,003,046 in total governmental expenses, \$17,777,902 was covered by direct charges to users of the services. These charges are for fees charged for real estate transfers, for the collection of property taxes throughout the County, and for title and court fees. Safety services charges for services includes items such as fees for boarding prisoners, patrolling subdivisions, and for special details. Health includes charges for services provided to clients of the Mental Retardation's Board and Mental Health Board (ADMH).

Of the \$15,892,903 total business-type expenses, 91.63 percent was covered by the \$14,562,820 direct charges to users of the services. These charges are for water and sewer services.

Additional revenues were provided to the governmental activities by the State and Federal governments for capital improvements.

In order to further understand what makes up the changes in net assets for the current year, the following gives readers further details regarding the results of activities for 2008 and 2007.

Governmental Funds – The focus of the County’s governmental-type activities is to provide information on near-term receipts, disbursements, and balances of expendable resources. Such information is useful in assessing the County’s financial requirements. In particular, unreserved fund balance may serve as a useful measure of a County’s net resources available for spending at the end of the calendar year.

As of the end of the current year, the County’s governmental funds reported combined ending fund balances of \$58,224,912. \$47,561,953 of this total represents unreserved fund balance, which is available for appropriation at the government’s discretion within certain legal constraints and purpose restrictions. The remainder of fund balance is reserved to indicate that it is not available for new spending. While a large amount of the governmental fund balances are not reserved in the governmental fund statements, they lead to restricted net assets on the Statement of Net Assets due to their being restricted for use for a particular purpose mandated by the source of the resources such as the State or Federal government or the tax levy.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$16,467,516 with total fund balance of \$17,587,798. Unreserved fund balance represents 41.02 percent of expenditures. This is one measurement of the general fund’s liquidity. The general fund balance increased by \$1,330,637 with revenues exceeding expenditures by \$4,320,737. The increase is primarily due to the increase in sales tax collections.

The Public Assistance, County Board of Mental Retardation and Community Mental Health major special revenue funds and the Construction capital projects fund had decreases in fund balance of \$296,470, \$1,197,953, \$2,355,884, and \$3,020,872 respectively and the decreases are primarily due to increasing operating costs. The Children Services major special revenue fund and General Obligation Bond Retirement debt service fund had increases in fund balance of \$808,402 and \$248,370, respectively. The Children Services major special revenue fund balances increased due to keeping operating costs closer to revenues. The General Obligation Bond Retirement debt service fund balance increased due to an increase in permissive sales tax.

Business Type Funds – The County's water and sewer operations are reported on a full accrual basis. In 2008, the net assets for the water and sewer funds increased by \$107,256 and \$3,218,734 respectively, mainly from increases in charges for services and contributed capital.

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. In 2008, the budget commission processed multiple adjustments to both the original estimated revenues and original appropriations which increased appropriations by \$462,481.

For the General fund, final budgeted revenues were \$40,911,467 and actual revenue collections were \$41,807,037. The major factors contributing to the increase of actual revenues over the final budgeted amounts were better returns on investments and increased revenues from fines, rentals, and charges for services. Final expenditures were \$1,517,148 less than budgeted appropriations.

Outstanding special assessment bonds at December 31, 2008, totaled \$2,323,682 with \$255,545 being retired during the year. Special assessment bonds are backed by the full faith and credit of the County. In the event of payment default by the property owner, the County would be responsible for the debt service payments.

The County has loans outstanding to both the Ohio Public Works Commission (OPWC) and the Ohio Water Development Authority (OWDA). At December 31, 2008, the outstanding balances were \$2,999,229 and \$3,424,077 respectively. During the year the County retired \$195,465 and \$747,106, in OPWC and OWDA loans respectively. The loan proceeds were used for ongoing sewer and water system improvements and are being repaid primarily by usage charges.

The County maintains an A3 credit rating from Moody's Investors Service, Inc. The overall debt margin at December 31, 2008 was \$57,913,390 with an unvoted total debt margin of \$6,707,009.

The County continues to monitor its outstanding debt. Information relative to long-term debt is identified in Note 20 of the basic financial statements.

Net Change in Fund Balances - Total Governmental Funds (\$7,153,100)

Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital Outlay	4,628,442
Capital Contributions	297,707
Depreciation	<u>(9,008,032)</u>

Total (4,081,883)

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. (43,693)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.

Intergovernmental	1,696,186
Special Assessments	798,855
Sales Tax	1,665,266
Delinquent Property Taxes	<u>294,300</u>

Total 4,454,607

Repayment of bond, notes and capital lease is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 12,293,409

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrued Interest on Bonds	36,173
Amortization of Issuance Costs	(23,718)
Amortization of Bond Premium	10,421
Amortization of Accounting Loss	<u>(16,948)</u>

Total 5,928

Some expenses reported in the statement of activities, such as compensated absences do not require the use of current financial resources and therefore are not reported as an expenditure in governmental funds. (477,881)

Other financing sources in the governmental funds increase long-term liabilities in the statement of net assets.

General Obligation Bonds Issued	(5,075,000)
Notes Issued	(2,155,000)
Revenue Bonds Issued	(4,440,000)
OPWC Loans	(10,472)
Premium on Bonds	(5,448)
Inception of Capital Lease	<u>(21,299)</u>

Total (11,707,219)

Bond issuance cost will be amortized over the life of the bonds on the statement of net assets. 110,448

The internal service funds used by management are not reported in the County-internal service fund revenue are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities.

Change in Net Assets	3,694,491
Depreciation	117,374
Compensated Absences	4,609
Internal Balances	<u>(227,689)</u>

Total 3,588,785

Note 1 - Reporting Entity

Trumbull County, Ohio (The County) was created in 1800. The County is governed by a board of three Commissioners elected by the voters of the County. An elected County Auditor serves as chief fiscal officer. In addition, there are seven other elected administrative officials. These officials are: County Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney and Sheriff. Also elected are three Common Pleas Court Judges, a Probate and Domestic/Juvenile Court Judge and two County (Area) Court Judges. Although these elected officials manage the internal operations of their respective departments, the County Commissioners serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County, including each of these departments.

A. Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Trumbull County, this includes the Human Services Department, the Children Services Board, the Veterans Services Department, the Board of Mental Retardation and Developmental Disabilities, the Board of Alcohol Drug Addiction and Mental Health Services, the Emergency Management Agency and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt or the levying of taxes.

Discretely Presented Component Unit - The component unit column in the combined financial statements identifies the financial data of the County's component unit, Fairhaven Workshop, Incorporated. It is reported separately to emphasize that it is legally separate from the County.

Fairhaven Sheltered Workshop, Inc. - Fairhaven Sheltered Workshop, Inc. (Workshop) is a legally separate, non-governmental non-profit organization, served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Trumbull County Board of Mental Retardation and Developmental Disabilities, provides a comprehensive program of services, including employment for mentally retarded and developmentally disabled citizens. The Trumbull County Board of MRDD provides the Workshop with money and personnel for operation of the Workshop including staff salaries and benefits and certain supplies and advertising. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the retarded and handicapped adults of Trumbull County, the Workshop is reflected as a component unit of Trumbull County. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the retarded and handicapped adults of Trumbull County, it was determined that to exclude the workshop from the County's report would make the report incomplete. Separately issued financial statements can be obtained from Fairhaven Sheltered Workshop, Inc., 420 Lincoln Way, Niles, Ohio 44446.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The County participates in a joint venture, jointly governed organizations and related organizations. These organizations are the Geauga/Trumbull Solid Waste District, the Western Reserve Port Authority, the Family and Children First Council, the Northeast Ohio Community Alternative Program, the North East Ohio Network, the Private Industry Council, the Trumbull County Public Library, the Trumbull County Tourism Board and the Trumbull County Metropolitan Park District. These organizations are presented in Notes 16, 23 and 24 to the basic financial statements.

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County Treasury. In the case of several legally separate agencies, boards and commissions, the County serves as fiscal agent, but the organizations are not considered a part of Trumbull County. Accordingly the activity of the Metropolitan Park District, the Soil and Water Conservation District, Emergency Management Agency and the General Health District are presented as agency funds within the County's financial statements.

Information in the notes to the basic financial statements is applicable to the primary government. Information for the component unit is presented in Notes 25 and 27 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

The financial statements of Trumbull County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The County also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its proprietary funds unless those pronouncements conflict with or contradict GASB pronouncements. The County has elected not to apply FASB Statements and Interpretations issued after November 30, 1989, to its business-type activities and its enterprise funds. The more significant of the County's accounting policies are described below.

A. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Public Assistance Fund The public assistance fund accounts for Federal and State grants as well as transfers from the general fund used to provide public assistance to general relief recipients and pay their providers of medical assistance and for certain public social services.

County Board of Mental Retardation Fund The county board of mental retardation fund is used to account for the operations of a school and the costs of administering a workshop for the mentally retarded and developmentally disabled. Revenue sources include a County-wide property tax levy and Federal and State grants.

Community Mental Health Fund The community mental health fund accounts for a County-wide property tax levy and Federal and State grants that are expended primarily to pay the cost of contracts with local mental health agencies that provide services to the public.

Children Services Fund The children services fund accounts for a County-wide property tax levy, Federal and State grants, support collections and VA and Social Security. Major expenditures are for foster homes, emergency shelters, medical care, school supplies, counseling and parental training.

General Obligation Bond Retirement Fund The general obligation bond retirement fund accounts for permissive sales tax and special assessment revenue collections for the payment of general long-term and special assessment debt principal, interest and related costs.

Construction Fund The construction fund accounts for grants and other revenue received for construction projects of the County.

The other governmental funds of the County account for grants and other resources whose use is restricted to a particular purpose.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Water Fund The water fund accounts for revenues generated from the charges for distribution of water to the residential and commercial users of the County.

Sewer Fund The sewer fund accounts for sewer services to County individuals and commercial users in the County. The costs of providing these services are financed primarily through user charges.

Internal Service Funds Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on County departments' gasoline purchases, self insurance programs for employee medical benefits, telephone communication system and workers' compensation.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The County's fiduciary funds are all classified as agency funds. The agency funds account for assets held by the County as agent for the Board of Health and other districts and entities and for various taxes, assessments, and state shared resources collected on behalf of and distributed to other local governments.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the Statement of Net Assets. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes and grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 8). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax (See Note 9), interest, federal and state grants and subsidies, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fees and rentals.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2008, but which were levied to finance year 2009 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Cash and Cash Equivalents

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The general fund made an advance to the Homeland Security special revenue fund to eliminate the fund's negative cash balance. The special revenue fund has an interfund payable for the amount of the advance received from the general fund and the general fund has an interfund receivable for the same amount on the balance sheet.

The County has segregated bank accounts for monies held separate from the County's central bank account. These interest bearing depository accounts are reported as "cash and cash equivalents in segregated accounts" or "investments in segregated accounts" since they are not required to be deposited into the County Treasury.

The County utilizes a financial institution to service bonded debt as principal and interest payments come due. The balances in these accounts are presented on the statement of fund net assets as "cash and cash equivalents with fiscal agents".

During 2008, investments were limited to federal home loan bank bonds, federal national mortgage association bonds, federal home loan mortgage corporation bonds, repurchase agreements, STAROhio and nonnegotiable certificates of deposit.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on December 31, 2008.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2008 amounted to \$2,312,395 which includes \$1,753,922 assigned from other County funds.

Investments with original maturities of three months or less at the time they are purchased and investments of the cash management pool are presented on the financial statements as cash equivalents.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2008, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

H. Restricted Assets

Assets are reported as restricted when limitations on their use change in nature of normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund represent money set aside for unclaimed monies.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

I. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds. Capital Assets used by the internal service fund are reported in both the governmental activities column on the government-wide statement of net assets and in the fund.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of one thousand dollars with the exception of land as land was listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business Type Activities Estimated Lives
Buildings and Improvements	20 - 50 Years	20 - 50 Years
Equipment, Furniture and Fixtures	5 - 20 Years	5 - 20 Years
Vehicles	5 - 10 Years	5 - 10 Years
Infrastructure	10 - 50 Years	20 - 50 Years

For 2008, the County reported infrastructure consisting of roads, bridges and culverts, water and sewer lines and includes infrastructure acquired prior to December 31, 1980.

J. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

L. Bond Issuance Costs

Bond issuance costs for underwriting fees and bond insurance for the general obligation bonds, special assessment bonds and various water and sewer enterprise funds' general obligation bonds are being amortized using the straight-line method over the life of the bonds on the government-wide statements and in the County's enterprise funds. The straight-line method of amortization is not materially different from the effective-interest method. On governmental fund statements bond issuance costs are expended in the year the bonds are issued. Bond issuance costs are paid from the proceeds of the related debt.

M. Bond Premium

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight-line method. Bond premiums are presented as an increase of the face amount of the bonds payable. On governmental fund statements, bond premiums are received in the year the bonds are issued.

N. Deferred Loss on Refunding

The difference between the reacquisition price (funds required to refund the old debt) of the refunding bonds and the net carrying amount of the old debt, the deferred amount (loss) on refunding, is being amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the new or old debt, whichever is shorter, and is presented net of the general obligation bonds payable, special assessment bonds and water and sewer general obligation bonds payable on the statement of net assets.

O. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the governmental fund financial statements when due.

P. Fund Balance Reserves

The County reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. Fund equity reserves have been established for encumbrances, loans receivable (revolving loan monies loaned to local businesses) and unclaimed monies. Under Ohio law, unclaimed monies are not available for appropriation until they have remained unclaimed for five years.

Q. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Net assets for other purposes include child support, senior citizens levy, indigent guardianship and probate court.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, sewer, gasoline rotary, self-insurance programs, telephone rotary and workers' compensation. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

S. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets from the construction capital projects governmental fund, outside contributions of resources restricted to capital acquisition and construction and tap-in fees to the extent they exceed the cost connection to the system.

T. Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

U. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County Administration and that are either unusual in nature or infrequent in occurrence.

V. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

W. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Commissioners may appropriate. The appropriations resolution is the Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control has been established by the Commissioners at the object level within each department. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Auditor. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original and final appropriations were enacted by the Commissioners.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Note 3 – Change in Accounting Principles

For 2008, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 49, "Accounting and Financial Reporting for Pollution Remediation Obligations". GASB Statement No. 49 addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effect of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The implementation of this Statement did not result in any change to the County's financial statements.

Note 4 - Restatement of Prior Year's Net Assets

During 2008, it was determined that OPWC loans were understated in the governmental activities and capital assets were overstated in the business-type activities. These adjustments had the following effect on net assets at December 31, 2007:

	Governmental Activities	Business-Type Activities
Net Assets, December 31, 2007	\$138,718,025	\$41,287,203
OPWC Loans	(577,763)	0
Capital Assets	0	(4,981,060)
Adjusted Net Assets, December 31, 2007	<u>\$138,140,262</u>	<u>\$36,306,143</u>

	Water	Sewer	Internal Service
Net Assets, December 31, 2007	\$17,505,451	\$23,205,163	\$7,367,174
Capital Assets	(716,729)	(4,264,331)	0
Adjusted Net Assets, December 31, 2007	<u>\$16,788,722</u>	<u>\$18,940,832</u>	<u>\$7,367,174</u>

Note 5 – Accountability and Compliance

A. Accountability

The following funds have deficit fund balances/net assets as of December 31, 2008:

Special Revenue Funds:	
Certificate of Title	\$32,255
Homeland Security	6,042
Internal Service Fund:	
Gasoline Rotary	512

The deficits in the special revenue funds are caused by revenues being insufficient to cover expenditures on the modified accrual basis of accounting. The general fund is liable for any deficit in the fund and provides transfers when cash is required, not when accruals occur. Management is currently analyzing the gasoline rotary internal service fund operations to determine appropriate action to alleviate the deficit.

B. Compliance

The County had a negative cash balance of \$6,042 in the homeland security special revenue fund indicating that revenue from other sources was used to pay obligations of this fund contrary to Ohio Revised Code Section 5705.10. Although this cash deficit was not corrected by fiscal year end, management has indicted that cash will be closely monitored to prevent future violations.

Note 6 - Budgetary Basis of Accounting

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - are presented in the basic financial statements for the General Fund and Major Special Revenue funds. The major differences between the budget basis and the GAAP Basis (generally accepted accounting principles) are:

- a) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- b) Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- c) Encumbrances are treated as expenditures for all funds (budget) rather than as a reservation of fund balance (GAAP).
- d) Unrecorded cash, which consists of in-transit court cash and unrecorded interest is not reported by the County on the operating statements (budget), but is reported on the GAAP basis operating statements.
- e) Investments are reported at cost (budget) rather than at fair value (GAAP).

In addition, the County does not budget for various operations in the general fund. The activities of the various general accounts are included in the general fund on the GAAP financial statements.

Note 7 - Deposits and Investments

Monies held by the County are classified by State statute into two categories, active and inactive. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of public monies deposited with the institution.

Monies held by the County, which are not considered active, are classified as inactive. Inactive monies may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States; or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

For the Year Ended December 31, 2008

3. Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly with the County;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above and repurchase agreements secured by such obligations, provided that these investments are made only through eligible institutions;
7. The State Treasurer's investment pool (STAROhio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars rated at the time of purchase, which are rated in the highest qualification established by two nationally recognized standard rating service, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase;
 - b. Banker's acceptances eligible for purchase by the Federal Reserve System and which mature within 180 days after purchase.
10. Fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions that are doing business under authority granted by the U.S. provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase.
11. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper.
12. One percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Reverse repurchase agreements, investments in derivatives, and instruments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Other than corporate notes, commercial paper, and bankers acceptances, an investment must mature within five years from the date of statement unless matched to a specific obligation or debt of the County. Investments must

Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$44,462,601 of the County's bank balance of \$47,089,415 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the County to a successful claim by the FDIC.

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

Investments are reported at fair value. As of December 31, 2008, the County had the following investments:

	Maturity			Total
	Less Than One Year	More Than One Year But Less Than Three Years	More Than Three Years But Less Than Five Years	
Federal Home Loan Bank Bonds	\$0	\$2,564,065	\$3,015,950	\$5,580,015
Federal National Mortgage Association Bonds	0	0	2,067,190	2,067,190
Federal Home Loan Mortgage Corporation Bonds	0	2,014,010	3,003,890	5,017,900
Repurchase Agreements	11,642,659	0	0	11,642,659
STAROhio	28,726,358	0	0	28,726,358
Total Portfolio	\$40,369,017	\$4,578,075	\$8,087,030	\$53,034,122

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

Credit Risk All investments of the County carry a rating of AAA by Standard & Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The County has no investment policy that addresses credit risk.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Concentration of Credit Risk The County places no limit on the amount it may invest in any one issuer. The following is the County's allocation as of December 31, 2008:

Investment	Investments
Federal Home Loan Bank Bonds	10.52 %
Federal National Mortgage Association Bonds	3.90
Federal Home Loan Mortgage Corporation Bonds	9.46
Repurchase Agreements	21.95
STAROhio	54.17

Note 8 - Property Taxes

Property taxes include amounts levied against all real, public utility and tangible personal property located in the County. Property tax revenue received during 2008 for real and public utility property taxes represents collections of the 2007 taxes. Property tax payments received during 2008 for tangible personal property (other than public utility property) are for 2008 taxes.

2008 real property taxes are levied after October 1, 2008 on the assessed value as of January 1, 2008, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2008 real property taxes are collected in and intended to finance 2009.

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2008 public utility property taxes became a lien December 31, 2007, are levied after October 1, 2008, and are collected in 2009 with real property taxes.

2008 tangible personal property taxes are levied after October 1, 2007, on the value as of December 31, 2007. Collections are made in 2008. Tangible personal property assessments are being phased out – the assessment percentage for all property including inventory for 2008 is 6.25 percent. This will be reduced to and zero for 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The full tax rate for all County operations for the year ended December 31, 2008, was \$12.30 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2008 property tax receipts were based are as follows:

Real Property :	
Residential/Agriculture	\$2,653,989,670
Commercial/Industrial/Public Utility	\$635,053,420
Public Utility Personal Property	105,814,580
Tangible Personal Property	118,901,056
Total	\$3,513,758,726

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Property taxes receivable represents real and tangible personal property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2008 and for which there is an enforceable legal claim. In the general, county board of mental retardation, community mental health and children services funds, the entire receivable has been offset by deferred revenue since the current taxes were not levied to finance 2008 operations and the collection of delinquent taxes during the available period are not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and as a revenue while on a modified accrual basis the revenue is deferred.

Note 9 - Permissive Sales and Use Tax

In January, 1993, the County Commissioners by resolution imposed three-quarters of one percent tax on all retail sales made in the County, except sales on motor vehicles, and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to the sales tax. Effective during 2000, the County Commissioners decreased the tax by one-quarter of one percent to one-half of one percent. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection.

The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of the month. The State Office of Budget and Management then has five days in which to draw the warrant payable to the County. Proceeds of the tax are credited to the general fund and the general obligation bond retirement debt service fund.

In 2003, the County Commissioners, by emergency resolution, imposed a one year additional half percent increase in the County sales tax. This brought the total tax to one percent effective April 1, 2003 to March 31, 2004. The Sales and Use issue was placed on the November 2003 ballot and was rejected by the voters. The one half percent sales tax then expired March 31, 2004.

On April 6, 2005 the County Commissioners passed two resolutions which levied an additional two 0.25 percent County sales and use taxes to become effective on July 1, 2005. The resolutions brought the County's sales and use tax up to 1.0 percent.

Note 10 - Receivables

Receivables at December 31, 2008, consisted of taxes, accounts (billings for user charged services including unbilled utility services), special assessments, interfund, accrued interest, alimony and child support, notes and intergovernmental receivables arising from grants, entitlements, and shared revenues. Except for alimony and child support collected and distributed through an agency fund, receivables are considered collectible in full. All receivables, except property taxes, special assessments, and loans, are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Utility accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

	Accounts Receivable	Estimated Uncollectible	Net Receivable
Alimony and Child Support	\$35,205,159	\$20,587,977	\$14,617,182

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Special assessments expected to be collected in more than one year amount to \$4,151,261 in the general obligation bond retirement fund. At December 31, 2008 delinquent special assessments were \$147,154.

Loans expected to be collected in more than one year amount to \$1,210,007 in the revolving loan special revenue fund. At December 31, 2008 there were no delinquent loans.

A summary of the principal items of intergovernmental receivables follows:

<i>Governmental Activities</i>	<u>Amount</u>
Grants	\$4,003,815
Local Government	2,584,002
Motor Vehicle License Tax	2,464,778
Homestead and Rollback	1,979,556
Motor Vehicle Gas Tax	1,386,438
State Reimbursements	93,429
City of Warren - Correctional Facility	120,096
County Reimbursements	<u>2,158,118</u>
<i>Total Governmental Activities</i>	<u><u>\$14,790,232</u></u>

Note 11 – Capital Leases

The County has existing leases for a street sweeper, an excavator, a vehicle storage tank, a phone system, two vehicles, and many copiers. These lease obligations meet the criteria of a capital lease as defined by Financial Accounting Standards Board Statement Number 13, “Accounting for Leases,” and have been recorded on the government-wide statements. The equipment has been capitalized in the amount of \$1,707,941, the present value of the minimum lease payments at the inception of the lease in governmental activities.

The assets acquired through capital leases are as follows:

	<u>Governmental Funds</u>	<u>Internal Service</u>	<u>Total</u>
<i>Asset:</i>			
Equipment	\$1,121,067	\$586,874	\$1,707,941
Less: Accumulated Depreciation	<u>(374,664)</u>	<u>(586,874)</u>	<u>(961,538)</u>
Total Book Value as of December 31, 2008	<u><u>\$746,403</u></u>	<u><u>\$0</u></u>	<u><u>\$746,403</u></u>

The following is a schedule of the future long-term minimum lease payments required under the capital lease and present value of the minimum lease payments is as follows:

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Year Ending December 31,	Governmental Funds
2009	\$326,792
2010	205,905
2011	157,128
2012	23,130
2013	2,288
Total	715,243
Less: Amount Representing Interest	(102,106)
Present Value of Net Minimum Lease Payments	\$613,137

Capital lease payments have been reclassified and are reflected as debt service in the fund financial statements for the general fund, children services and the motor vehicle gas tax special revenue funds and the telephone rotary internal service fund. These expenditures are reflected as program expenditures on a budgetary basis.

Note 12 - Grants

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management such disallowed claims will not have a material adverse effect on the overall position of the County.

Note 13 - Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. For all County employees, all accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Upon retirement or death, unused sick leave is paid at varying rates depending on length of service.

Note 14 – Pending Litigation

During 2002, the State of Ohio, Environmental Protection Agency (EPA), filed suit against the Trumbull County Board of Commissions as a result of an investigation from the Trumbull County Board of Health for areas in the County failing to have a sewer system which is causing violations in health standards.

Litigation between the State of Ohio, Environmental Protection Agency and the County Commissioners, named as third-party plaintiff and counter-claimant and the Board of Health named as third-party defendant was concluded in January 2007 through the filing of a Consent Judgment Entry. In accordance with the Consent Judgment Entry, the County was able to prioritize the project and set their own timetable for completion of the projects enumerated. It also allows the County to extend the project timetables if, after due diligence, the requisite funding for a specific project cannot be obtained. The County has committed to do the enumerated projects and commit funds of approximately \$50,000,000 from years 2010 through 2020.

Note 16 - Joint Venture

The Geauga/Trumbull Solid Waste District (the District), formerly the Joint Solid Waste District, is a governmental joint venture between Geauga and Trumbull Counties providing services to dispose of industrial waste. The board of directors consists of six members, the three County Commissioners of each of the member counties. The degree of control exercised by any participating County is limited to its representation on the Board. The District has \$550,000 outstanding debt associated with this joint venture. The continued existence of the District is dependent upon the County's continued participation; however, the County does not have an equity interest in the District. The District is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. Due to sufficient revenues from the haulers, it was determined that additional contributions were not needed in 2008. Complete financial statements can be obtained from the Geauga/Trumbull Solid Waste District, Geauga County, Ohio.

Note 17 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2008, the County contracted with CORSA for insurance coverage as follows:

General Liability	\$1,000,000
Law Enforcement Liability	1,000,000
Public Officials Liability	1,000,000
Automobile Liability	1,000,000
Building and Contents - Actual Cash Value	230,638,090
Other Property Insurance:	
Extra Expense	1,000,000
Flood and Earthquakes	100,000,000
Valuable Papers	1,000,000
Comprehensive Boiler and Machinery	100,000,000
Crime Coverage	1,000,000
Excess Liability	1,000,000

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The County has elected to provide medical benefits through a self insured program. The maintenance of these benefits is accounted for in the Hospitalization internal service fund. Specific stop loss threshold covered per person of \$125,000 and \$1,000,000 annual maximum per covered person. Incurred but not reported claims of \$872,091 have been accrued as a liability based on a review of January, 2009 billings provided by the County Auditor's Office. The claims liability reported in the workers' compensation internal service fund at December 31, 2008, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's claims liability amounts for 2007 and 2008 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
2007	\$534,318	\$7,049,165	\$7,105,767	\$477,716
2008	477,716	7,562,955	7,168,580	872,091

The County participates in the State Workers' Compensation retrospective rating and payment system. Once the County receives notice of the 2008 claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. The payable is reclassified from claims payable to intergovernmental payable. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage in addition to the actual claim costs for employees injured in 2008. The minimum premium portion of intergovernmental payable is \$1,995,628 and the actual claim costs are \$508,940. The maintenance of these benefits is accounted for in the Workers' Compensation internal service fund.

Incurred but not reported claims and premium of \$1,187,158 have been accrued as a liability at December 31, 2008, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. The intergovernmental and claims liability reported in the workers' compensation internal service fund at December 31, 2008, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's intergovernmental and claims liability amounts for 2007 and 2008 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Change in Worker's Compensation Estimate	Balance at End of Year
2007	\$2,853,717	\$170,090	\$525,839	(\$23,250)	\$2,474,718
2008	2,474,718	101,786	508,940	(880,406)	1,187,158

Note 18 - Defined Benefit Pension Plan

A. Ohio Public Employees Retirement System

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS).

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the traditional pension plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the traditional pension and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions. For year ended December 31, 2008, members in state and local classifications contributed 10% of covered payroll, public safety members contributed 10%, and law enforcement members contributed 10.1%.

The County's contribution rate for 2008 was 14.0 percent, except for those plan members in law enforcement or public safety, for whom the County's contribution was 17.40 percent of covered payroll. A portion of the County's contribution equal to 7 percent of covered payroll was allocated to fund the post-employment health care plan. Employer contribution rates are actuarially determined. State statute sets a maximum contribution rate for the County of 14 percent, except for public safety and law enforcement, where the maximum employer contribution rate is 18.1 percent.

The County's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2008, 2007, and 2006 were \$4,147,244 \$5,136,553, and \$5,249,362 respectively; 90.95 percent has been contributed for 2008 and 100 percent for 2007 and 2006. Contributions to the member-directed plan for 2008 were \$69,581 made by the County and \$49,701 made by the plan members.

B. State Teachers Retirement System

Plan Description – Certified teachers, employed by the school for Mental Retardation and Developmental Disabilities, participate in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds, divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the members designated beneficiary is entitled to receive the member's account balance.

Funding Policy – For the fiscal year ended June 30, 2008, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2007, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to the STRS Ohio for the years ended December 31, 2008, 2007, and 2006 were \$254,022, \$254,086, and \$249,294, respectively; 82.60 percent has been contributed for 2008 and 100 percent for 2007 and 2006. No contributions to the member-directed plan for 2008 were made by the County or by the plan members.

Note 19 - Postemployment Benefits

A. Ohio Public Employees Retirement System

Plan Description – OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the traditional and combined pension plans. Members of the member-directed plan do not qualify for ancillary benefits, including post-employment health care. The plan includes a medical plan, a prescription drug program and Medicare Part B premium reimbursement.

To qualify for post-employment health care coverage, age-and-service retirees under the traditional and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not require, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in OPERS financial report which may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). State Statute requires that public employers fund post-employment health care through their contributions to OPERS. A portion of each employer's contribution to the traditional and combined plans is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

2008, state and local employers contributed at a rate of 14.0 percent of covered payroll (17.40 percent for public safety and law enforcement). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding post-employment health care benefits. For 2008, the amount of the employer contributions which was allocated to fund post-employment health care was 7.0 percent of covered payroll.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2008, 2007, and 2006 were \$4,147,244, \$3,926,028, and \$2,567,623 respectively; 90.95 percent has been contributed for 2008 and 100 percent for 2007 and 2006.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

B. State Teachers Retirement System

Plan Description – The school for Mental Retardation and Developmental Disabilities contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2008, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2008, 2007, and 2006 were \$19,540, \$19,545 and \$19,176 respectively; 82.60 percent has been contributed for 2008 and 100 percent for 2007 and 2006.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

During 2008, Trumbull County entered into a \$10,472 Ohio Public Works Commission Loan. The proceeds of this loan were used for County infrastructure rehabilitation projects. The County issued \$5,075,000 in general obligation bonds with a premium of \$5,448 with interest rates varying from 3.00 percent to 5.00 percent. The proceeds of the general obligation bonds were used for the Park-Porter Building, computer equipment and a sewer project. The bond issue included serial and term bonds in the amount of \$1,870,000 and \$3,205,000 respectively.

The term bonds maturing on December 1, 2020 are subject to mandatory sinking fund redemption pursuant to the terms of the Bond Legislation. The mandatory redemption is to occur in 2019 (with the balance of \$115,000 principal amount of the Bonds maturing on December 1, 2020 to be paid at maturity) at a redemption price of a percent of the principal amount redeemed plus interest accrued to the redemption date, on December 1 in the year and in the principal amount set forth below:

In 2004, the County defeased various bond issues both General Obligation and Special Assessment in order to take advantage of lower interest rates. The proceeds of the new bonds were placed in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. On December 31, 2008, \$3,384,272 of these bonds outstanding were considered defeased.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

General obligation bonds reported in governmental activities are a direct obligation of the County and will be paid from the general obligation bond retirement debt service fund using property tax revenues. Special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the County. Business type activity general obligation bonds will be paid from user charges. The Ohio Water Development Authority (OWDA) loans will be paid from revenues derived by the County from the operation of the water and sewer system as well as special assessments. The Capital Leases will be paid from the general fund, the motor vehicle gas tax special revenue fund, the children services special revenue fund and the telephone rotary internal service fund.

Compensated absences reported in the "compensated absences payable" account will be paid from the fund from which the employees' salaries are paid. These funds include the general fund, public assistance, county board of mental retardation, community mental health, children services, motor vehicle gasoline tax, bureau of support, real estate assessment, dog and kennel, delinquent real estate tax assessment collector, certificate of title, emergency 911, youth services, probate court, elderly affairs, drug task force, water, sewer, hospitalization and workers' compensation.

The Logan Arms Sewer Replacement, Newton Manor Sewer Replacement, Water Project, Youngstown/Warren Regional Airport Waterline Project, the Warren Township Meadowbrook Waterline Project, King Graves Waterline OPWC loans, and the 5th Avenue Pump Station Replacement will be paid with user charges from the sewer and water enterprise funds respectively. The Precast Structure Project Loan and the Rehabilitation Project will be paid from the motor vehicle gas tax special revenue fund.

The County has pledged future sales tax revenues to repay Revenue Bonds. The Revenue Bonds are payable solely from net revenues and are payable through 2028. Annual principal and interest payments on the bonds are expected to require less than 3 percent of revenues. The total principal and interest remaining to be paid on the bonds is \$5,796,303. Principal and interest paid for the current year were \$0, and sales tax revenue was \$21,597,332.

The County has pledged future water revenues to repay OPWC loans. The OPWC loans are payable solely from net revenues and are payable through 2024. Annual principal payments on the OPWC loans are expected to require 3 percent of net revenues and 1 percent of total revenues. The total principal remaining to be paid on the OPWC loans is \$506,681. Principal paid for the current year were \$43,140, total net revenues were \$1,606,193 and total revenues were \$4,930,278.

The County has pledged future sewer revenues to repay Revenue Bonds, OPWC loans and OWDA loans. All the debt is payable solely from net revenues and are payable through 2047. Annual principal and interest payments on the sewer debt are expected to require 17 percent of net revenues and 5 percent of total revenues. The total principal and interest remaining to be paid on the debt is \$9,932,277. Principal and interest paid for the current year were \$896,376, total net revenues were \$583,210 and total revenues were \$9,966,997.

On March 26, 2008, the County issued \$1,525,000 of bond anticipation notes at a rate of 2.38 percent maturing on March 26, 2009. On August 6, 2008, the County issued \$630,000 of bond anticipation notes at a rate of 2.38 percent maturing on March 26, 2009. These notes were used for various sewer and water improvements throughout the County. The notes are backed by the full faith and credit of Trumbull County.

The following is a summary of the County's future annual principal and interest requirements to retire general obligation, special assessment, OWDA and OPWC long-term obligations:

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The County has entered into contractual agreements for construction loans from the Ohio Water Development Authority (OWDA) during 2008 for Steward Sharon Road and Scott Street Sanitary Sewer. Under the terms of these agreements, the OWDA will reimburse, advance or directly pay the construction costs of approved projects. The OWDA will capitalize administrative costs and construction interest and then add them to the total amount of the final loan. These loans will not have an accurate repayment schedule until the loans are finalized and, therefore, are not included in the schedule of future annual debt service requirements. The balance of these loans are \$717,181.

During 1995, the County entered into a contractual agreement with the City of Warren for the construction of a jail facility which is located in the City. The project is being financed by general obligation bonds issued in 1997 by Trumbull County. All proceeds were received by the County and the County is responsible for the debt retirement. The total amounts owed to Trumbull County by the City of Warren for its share of the bonds are \$120,096, or 10.70 percent of the debt. This amount has been recorded on the County's books as an intergovernmental receivable in the general obligation bond retirement fund.

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

The effects of the debt limitations described above at December 31, 2008, are an overall debt margin of \$57,913,390 an unvoted debt margin of \$6,707,009.

Industrial Development Revenue Bonds

The County has issued seven issues of industrial development revenue bonds in the aggregate outstanding principal amount of \$17,815,000 at December 31, 2008, for facilities used by private corporations or other entities. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore they have been excluded entirely from the County's debt presentation. There has not been and is not any condition of default under the bonds or the related financing documents.

Note 21 – Interfund Transactions

A. Interfund Transfers

Interfund transfers for the year ended December 31, 2008, consisted of the following:

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The general fund transfers to the public assistance special revenue fund were to cover the mandated share of program costs certified by the Ohio Department of Human Services (ODHS). The general fund transfer to the construction fund was for maintenance of the jail construction project per resolution. The remaining general fund transfers were made to move unrestricted balances to support programs and projects accounted for in other nonmajor governmental funds. The water and sewer enterprise funds transfers to the general obligation bond retirement debt service fund were for principal and interest payments on bond issues. The water and sewer enterprise funds transfers to each other were to cover shared annual administrative costs of operations per resolution. The redevelopment special revenue fund and the construction capital projects fund transfers to the general obligation bond retirement debt service fund were for principal and interest payments on bond and note issues. The youth services special revenue fund transfer to the drug prosecution unit special revenue fund was for a local grant match requirement. The revolving loan economic development special revenue fund transfer to the community development fund was to cover the non-federal share of total project costs for the Kinsman Sewer project per resolution.

B. Interfund Balances

Interfund balances at December 31, 2008, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records and (3) payments between funds are made. All are expected to be paid within one year.

Total	<u>\$8,280,000</u>	<u>\$15,455,000</u>	<u>(\$16,050,000)</u>	<u>\$7,685,000</u>

In 2007, the County issued \$8,280,000 to refinance a portion of the notes that matured April 4, 2007. These notes helped finance the Champion Water Tower, Southeast Water District #3, Henn-Hyde Sewer, East Central Sewer, Lakeshore Drive Sewer, Devon Drive Sewer, Sampson Drive Sewer and March Avenue Sewer. These notes matured on March 26, 2008.

On March 26, 2008, the County issued \$7,770,000 of bond anticipation notes at a rate of 2.38 percent maturing on September 26, 2008. These notes helped finance Champion Water Tower, Southeast Water District #3, Henn-Hyde Sewer, East Central Sewer, Devon Drive Sewer, Sampson Drive Sewer and March Avenue Sewer. On September 25, 2008, the County issued bonds to pay off Southeast Water District, Henn-Hyde Sewer and Devon Drive Sewer. The remaining notes were rolled into a new note issued for \$3,820,000 at a rate of 2.50 percent maturing on March 25, 2009.

On March 26, 2008, the County issued \$2,835,000 of bond anticipation notes at a rate of 2.38 percent maturing on March 26, 2009. These notes helped finance Lakeshore Drive, Scott Street Sewer Improvements, Little Squaw Creek Sewer Project and Digester Air System Sewer.

On August 6, 2008, the County issued \$1,030,000 of bond anticipation notes at a rate of 2.38 percent maturing on March 26, 2009. These notes helped finance State Road Sewer Improvements and Golf/Wintergreen Sewer.

All notes are backed by the full faith and credit of Trumbull County and mature within one year. The notes, although issued for a business-type asset, are being paid with governmental monies and therefore are reflected as a governmental liability. The note liability is reflected in the fund which received the proceeds.

Note 23 - Jointly Governed Organizations

A. Western Reserve Port Authority (Port Authority)

The Western Reserve Port Authority is statutorily created as a separate and distinct political subdivision of the State. The eight Port Authority Board Members are appointed equally by the Trumbull and Mahoning County Commissioners. The Port Authority adopts its own budget, authorizes expenditures, and hires and

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

fires its own staff. As of January 2004, the County began collecting a 2 percent Hotel and Lodging Tax to fund the Port Authority's operation. In May 2005, the Board of Trumbull County Commissioners increased the rate to 4 percent and allocated the entire 4 percent collections of the Hotel Lodging Tax for the use by the Western Reserve Port Authority effective May 5, 2005. In addition, the County contributed \$150,000 to the Western Reserve Port Authority in 2004. During 2008, \$50,000 was returned to the County. The Board of County Commissioners passed a new resolution effective as of May 1, 2006, allocating 2 percent of the 4 percent lodging tax to be paid to the Port Authority. The remaining 2 percent is paid to the newly established Trumbull County Tourism Board.

B. *Family and Children First Council*

The Family and Children First Council provides services to multi-need youth in Trumbull County. Members of the Council include Trumbull County Board of Mental Retardation, Mental Health Board, Warren City School District, Trumbull County Children Services Board, Trumbull County Board of Health, Ohio Department of Youth Services, Trumbull County Common Pleas Court, Trumbull County Human Services, Western Reserve Care System, City of Warren, Trumbull County Educational Service Center and Trumbull County Mental Health Center. The operation of the Council is controlled by an advisory committee which consists of a representative from each agency. Funding comes from each of the participants. In 2008, the County did not contribute to the Family and Children First Council.

C. *Northeast Ohio Community Alternative Program (N.E.O.C.A.P.)*

N.E.O.C.A.P. is a community based corrections facility that provided residents of the facility educational, vocational, substance abuse and support counseling services. The facility is administered by a Judicial Corrections Board consisting of seven common pleas court judges. The members consist of two judges each from Trumbull and Lake Counties and one judge each from Ashtabula, Geauga and Portage Counties. The Board adopts its own budget, authorizes expenditures and hires and fires its own staff. Funding comes from the State.

D. *North East Ohio Network (N.E.O.N.)*

N.E.O.N. is a council of governments formed to provide a regional effort in administering, managing and operating programs for certain individuals with developmental disabilities. Participating counties include Trumbull, Columbiana, Geauga, Lake, Mahoning, Medina, Portage and Stark counties. N.E.O.N.'s operation is controlled by their board which is comprised of the superintendent's of Mental Retardation and Developmental Disabilities of each participating county. N.E.O.N. adopts its own budget, authorized expenditures and hires and fires its own staff. During 2008, N.E.O.N received sufficient revenues from State grant monies and no additional funds were needed from the participants.

Note 24 - Related Organizations

A. *Private Industry Council*

The Private Industry Council is statutorily created under Section 1702.26 of the Ohio Revised Code. The twenty-eight members of the Private Industry Council are appointed by the Trumbull County Board of Commissioners. The County is not financially accountable for the Council nor is the Council financially dependent on the County. The Council adopts its own budget, authorizes expenditures, hires and fires staff and does not rely on the County to finance deficits.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

B. Trumbull County Public Library

The Trumbull County Board of Commissioners is responsible for appointing a voting majority of the Trumbull County Public Library Board; however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden on the County. The County serves in a ministerial capacity as the taxing authority for the Library. Once the Library determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County during 2008.

C. Trumbull County Tourism Board

The Trumbull County Tourism Board was created during 2005 to take the place of the Trumbull County Convention and Visitors Bureau which was eliminated. The purpose of the Board is to encourage development for Trumbull County by promoting travel within the County. On May 5, 2005, the Trumbull County Board of Commissioners adopted a resolution establishing the Trumbull County Tourism Board as the designated recipient of 2 percent of the 4 percent lodging excise tax funds.

D. Trumbull County Metropolitan Park District (District)

The Probate Judge of the County appoints the three Park District Commissioners. The District hires and fires staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District financially dependent on the County. The District serves as its own taxing and debt issuance authority and is a related organization of the County. The District received \$75,000 from the County during 2008.

Note 25 - Related Party Transactions

During 2008, Trumbull County provided facilities, certain equipment, transportation and salaries for administration, implementation and supervision of its programs to Fairhaven Sheltered Workshop, Inc. Fairhaven Sheltered Workshop, a discretely presented component unit of Trumbull County, reported \$2,225,885 for such contributions. Fairhaven Sheltered Workshop recorded operating revenues and expenses at cost or fair market as applicable, to the extent the contribution is related to the vocational purpose of the Workshop.

Note 26 - Subsequent Events

On March 24, 2009, the County issued \$7,205,000 of 6-month notes at a rate of 2.75 percent, maturing on September 30, 2010, in anticipation of the issuance of bonds for the following purposes.

Note 27 - Fairhaven Sheltered Workshop, Inc.

A. Summary of Significant Accounting Policies

Fairhaven Sheltered Workshop, Inc. was incorporated in the State of Ohio in May, 1967. Effective January 23, 1996, the Secretary of the State of Ohio, recorded a name change for Fairhaven Sheltered Workshop, Inc. to Fairhaven Industries, Inc. Fairhaven Industries, Inc. (the Organization) provides labor skills training and employment as mandated by the State to be provided to mentally retarded adults. Most of the services are provided directly through Trumbull County's 169 Board. Some of the costs associated with this program are paid directly by the 169 Board. This data is included as part of the statement of activities and changes in net assets.

Income Taxes

The Organization is a publicly-supported nonprofit organization as described in Section 501 (c) (3) of the Internal Revenue Code and is exempt from federal, state and local income taxes and therefore has made no provision for federal income taxes in the accompanying financial statements. In addition, Fairhaven Industries, Inc. has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509 (a) of the Internal Revenue Code. There was no unrelated business income for 2008 or 2007.

Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting.

Basis of Presentation

The Organization adopted Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted, based on the existence or absence of donor-imposed restrictions.

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Public Support and Revenue

The Organization's major source of income is from sales and services to the public and companies. The Organization grants credit to customers on open account (no collateral required), who are generally located in Northeast Ohio. Contributions from the general public are nominal. In addition, the Organization receives support from the Trumbull County 169 Board to cover some of the program costs. These costs, totaling \$2,225,885 as calculated by the 169 Board, are included in the statement of activities as support and in-kind contributions.

Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

Investments are composed of certificates of deposit with maturities of greater than three months. Investments are stated at cost which approximates fair value.

Accounts Receivable

Accounts receivable represent amounts due from charge contracts for services. Substantially all amounts are considered collectible by management. An allowance for bad debts has not been established because it is not considered material.

Capital Assets

Capital assets are recorded at cost. Maintenance, repairs and minor renewals are charged to expense as incurred. When assets are sold, or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any profit or loss arising from such disposition is included as income or expense in the year in which sold. Assets with a cost of over \$1,000 are capitalized.

Depreciation is based on the estimated useful lives computed on the straight-line method.

<u>Description</u>	<u>Estimated Lives</u>
Buildings	20 Years
Furniture and Equipment	5-7 Years

Advertising Costs

Advertising costs are charged to operations in the year incurred and totaled \$1,861 in 2008 and \$693 in 2007.

B. *Property and Equipment*

Property and equipment used in operations and not recorded on the statement of financial position is as follows:

Trumbull County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Description	Acquired	Cost
'85 Chevy Cab & Chassis	12/1/2002	\$51,170
'05 International - 4400 4x2 Truck	2/1/2004	52,468
'06 Econoline Van	8/3/2006	15,000

The cost of the Econoline Van of \$15,000 is recorded as a contribution in the statement of activities. Vehicle titles are transferred to TCBMRDD when purchased.

Terms of contract provide that Fairhaven Industries shall have the responsibility for the purchase of all equipment, except all business vehicles purchased by Fairhaven Industries Inc. shall be titles, licensed, and insured in the name of TCBMRDD. Maintenance and cost of parts for repairs used for Fairhaven Industries shall be the responsibility of TCBMRDD.

The contract further states “that in the termination, dissolution or liquidation of the nonprofit corporation, all assets shall be transferred to the TCBMRDD.”

C. *Functional Allocation of Expenses*

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Construction in Progress of \$26,619, were costs incurred for the intention of constructing a warehouse. No further actions have been taken and with the continued economic downturn in the area, in November the board decided to write off the costs.

D. *Concentration of Credit Risk*

Fairhaven Industries, Inc., maintains cash balances at several financial institutions located in Northeast Ohio. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2008, the Organization had \$0 in excess of the FDIC insurance limits. It is the opinion of management that the solvency of the referenced financial institutions is not of particular concern at this time.

Concentrations of credit risk with respect to accounts receivable include four customers, which constitute 60% of the Organization’s total accounts receivable.

E. *In-Kind*

The value of in-kind services are calculated based in the method prescribed by the State of Ohio, Ohio Department of MRDD and received directly from the Trumbull County 169 Board and is reflected on the accompanying Statement of Activities.

F. *Leases*

Additional leased space is located at Ohio Commerce Center in Lordstown, Ohio for warehouse storage. Minimum annual rental is \$16,044.

G. *Net Assets*

Board designated net assets include \$91,522, which were designated by the board of directors and Trumbull County Board of MRDD for a building storage space.

H. *Donated Services*

The Organization receives donated services from a variety of unpaid volunteers. No amounts have been recognized in the accompanying statement of activities because the criteria for recognition of such volunteer effort under SFAS No. 116 have not been satisfied.

Combining and Individual Fund Statements and Schedules

Nonmajor Special Revenue Funds

To account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) which are legally restricted to expenditure for specified purposes.

Motor Vehicle Gasoline Tax Fund - To account for revenue derived from motor vehicle license and gasoline taxes and interest. Expenditures in this special revenue fund are restricted by State law to County road and bridge repair/improvement programs.

Child Support Fund - To account for Federal, State and local revenues used to administer the County Bureau of Support.

Real Estate Assessment Fund - To account for State-mandated County-wide real estate reappraisals that are funded by charges to political subdivisions located within the County.

Combining Statements – Internal Service Funds

Internal service funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis.

Gasoline Rotary Fund - To account for revenue received from various departments used to pay for gasoline purchased by the County.

Hospitalization Fund - To account for a medical benefits self-insurance program for employees of the County. Monthly fees are paid and any balance on hand is held until used.

Telephone Rotary Fund - To account for the telephone communication system as well as the corresponding lease payments.

Workers' Compensation Fund - To account for revenues used to provide workers' compensation benefits to employees.

Combining Statements – Fiduciary Funds

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Agency Funds

Undivided Taxes Fund - To account for the collection and distribution of various taxes.

Undivided Sales Taxes Fund - To account for the collection and distribution of the sales tax.

Alimony/Support Fund - To account for the collection of alimony and child support payments by the Bureau of Support and the distribution of such monies to the court-designated recipients.

Court Agency Fund - To account for clerk of courts auto title fees, and County court, juvenile court and probate court related receipts.

Emergency Management Agency Fund - To account for monies collected from various member subdivisions to finance the operating costs of the Emergency Management Agency.

Community-Based Correctional Facility Fund - To account for the collection and disbursement of monies for the construction and maintenance of the community-based correctional facility.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property is assessed at 25 percent for machinery and equipment and 23 percent for inventories. The general business tangible personal property tax is being phased out beginning in 2006. For collection year 2008 both types of general business tangible personal property were assessed at 6.25 percent. The percentage will be zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Real property tax rates for voted levies are reduced so that inflationary increases in values do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the County.
