## INDEPENDENT ACCOUNTANTS' REPORT

Barnesville Exempted Village School District  
Belmont County  
210 West Church Street  
Barnesville, Ohio 43713

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Barnesville Exempted Village School District, Belmont County, Ohio (the School District), as of and for the year ended June 30, 2010, which collectively comprise the School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Barnesville Exempted Village School District, Belmont County, Ohio, as of June 30, 2010, and the respective changes in financial position thereof and the respective budgetary comparisons for the General and Schoolwide Pool Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 27, 2010, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the School District's basic financial statements. The Federal Awards Receipts and Expenditures Schedule is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. We subjected the Federal Awards Receipts and Expenditures Schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Mary Taylor".

## **Barnesville Exempted Village School District**

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2010

Unaudited

---

The discussion and analysis of the Barnesville Exempted Village School District's (the School District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

### **Financial Highlights**

Key financial highlights for the fiscal year 2010 are as follows:

- Net assets of governmental activities decreased \$180,968.
- General revenues accounted for \$8,496,190 in revenue or 74 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$2,988,099 or 26 percent of total revenues of \$11,484,289.
- Total assets of governmental activities increased \$266,952 primarily due to the House Bill 264 energy conservation project that occurred during fiscal year 2010, which is offset by depreciation expense.
- The School District had \$11,665,257 in expenses related to governmental activities; only \$2,988,099 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$8,496,190 were not adequate to provide for these programs.
- Total Governmental funds had \$14,488,521 in revenues and other financing sources and \$14,260,200 in expenditures and other financing uses. The total Governmental funds' balance increased \$228,321.

### **Using this Annual Financial Report**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can first understand the Barnesville Exempted Village School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities and conditions.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look as the School District's most significant funds with all other non-major funds presented in total in one column.

***Reporting the School District as a Whole***

*Statement of Net Assets and Statement of Activities*

While this document contains information about the large number of funds used by the School District to provide programs and activities for students, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2010?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Assets and the Statement of Activities, all of the School District's activities are considered to be Governmental Activities.

- Governmental Activities – All of the School District's programs and services are reported here including instruction, support services, operation of non-instructional services, food service operations, and extracurricular activities.

***Reporting the School District's Most Significant Funds***

*Fund Financial Statements*

The analysis of the School District's major funds begins on page 8. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multiple of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Schoolwide Pool Fund, and the Debt Service Fund.

***Governmental Funds*** Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general governmental operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Unaudited

**The School District as a Whole**

Recall that the Statement of Net Assets provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net assets for 2010 compared to 2009.

**Table 1**  
**Net Assets**

	<u>Governmental Activities</u>		
	<u>2010</u>	<u>2009</u>	<u>Change</u>
<b>Assets</b>			
Current and Other Assets	\$6,094,047	\$5,998,268	\$95,779
Capital Assets	16,707,307	16,536,134	171,173
<b>Total Assets</b>	<u>22,801,354</u>	<u>22,534,402</u>	<u>266,952</u>
<b>Liabilities</b>			
Long-Term Liabilities	4,043,959	3,459,580	584,379
Other Liabilities	3,120,311	3,256,770	(136,459)
<b>Total Liabilities</b>	<u>7,164,270</u>	<u>6,716,350</u>	<u>447,920</u>
<b>Net Assets</b>			
Invested in Capital Assets, Net of Debt	13,499,092	13,874,601	(375,509)
Restricted	892,256	904,248	(11,992)
Unrestricted	1,245,736	1,039,203	206,533
<b>Total Net Assets</b>	<u>\$15,637,084</u>	<u>\$15,818,052</u>	<u>(\$180,968)</u>

Total assets increased \$266,952. Current assets increased by \$95,779 primarily due to increased equity in pooled cash and cash equivalents. The increase in capital assets was primarily due to the House Bill 264 energy conservation project that occurred during fiscal year 2010, which is offset by depreciation expense.

Total liabilities increased \$447,920, due primarily to the General Obligation Bonds issued for the energy conservation project which were slightly offset by principal repayments for long-term obligations.

Invested in Capital Assets, Net of Debt decreased \$375,509 due to the energy conservation project, while unrestricted net assets increased slightly in the amount of \$206,533.

**Barnesville Exempted Village School District**

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2010

Unaudited

---

In 2010, 21 percent of the School District's revenues were from property taxes and 51 percent were from unrestricted grants and entitlements. The School District realized decreases in operating grants and contributions and capital grants and contributions from fiscal year 2009. The School District is no longer receiving bus purchase allowance and had no additional capital contributions from outside sources during fiscal year 2010.

Instructional programs comprise approximately 55 percent of total governmental program expenses. Of the instructional expenses, approximately 79 percent is for regular instruction, 16 percent for special instruction, 2 percent for vocational instruction, and 3 percent for Student Intervention. Instructional program expenses decreased \$91,286, or approximately 1 percent from the prior fiscal year and total expenses increased \$168,830 or approximately 1 percent due primarily to increased costs for operation and maintenance of plant.

The Statement of Activities shows the cost of program services and the charges for services, grants, contributions, and interest earnings offsetting those services. Table 3 shows the total cost of services and the net cost of services for fiscal year 2010 compared to fiscal year 2009. In other words, it identifies the cost of those services supported by tax revenue and unrestricted entitlements.

Board of Education	168,099	141,326	168,099	141,326
Administration	970,573	873,825	793,963	720,711
Fiscal	413,277	415,674	336,155	332,423
Business	32,963	21,888	32,963	21,888
Operation and Maintenance of Plant	1,275,773	1,091,571	1,275,773	1,091,571
Pupil Transportation	535,641	542,924	535,641	529,388
Central	133,058	125,598	118,576	107,841
Operation of Non-Instructional Services	44,715	60,375	(36,858)	11,405
Food Service Operations	432,595	435,935	69,045	82,501
Extracurricular Activities	216,623	210,234	67,154	81,221
Interest and Fiscal Charges	144,701	147,339	144,701	147,339
<b>Total Expenses</b>	<b>\$11,665,257</b>	<b>\$11,496,427</b>	<b>\$8,677,158</b>	<b>\$8,488,165</b>

The dependence upon tax revenues and state subsidies for governmental activities is apparent as 74 percent of expenses are supported through taxes and other general revenues.

**The School District Funds**

Information about the School District's major funds starts on page 13. These funds are accounted for using the modified accrual basis of accounting. The School District has three major funds, the General Fund, Schoolwide Pool Fund, and the Debt Service Fund. The General Fund had \$8,727,657 in revenues and \$6,893,292 in expenditures. Overall, including other financing uses, the General Fund's balance increased \$166,250. The Schoolwide Pool Fund had \$2,277,244 in expenditures and transfers in, leaving no fund balance. The Debt Service Fund had \$276,216 in revenues and \$259,500 in expenditures. The Debt Service Fund's balance increased \$16,716.

## **Barnesville Exempted Village School District**

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2010

Unaudited

---

### ***General Fund Budgeting Highlights***

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2010, the School District amended its general fund appropriations, and the budgetary statement reflects both the original and final appropriated amounts. There were decreases for instructional expenditures between the final budget and actual expenditures that reflected actual School District operational costs.

### **Capital Assets and Debt Administration**

#### ***Capital Assets***

At the end of fiscal year 2010, the School District had \$16,707,307 invested in land, buildings, furniture, equipment and vehicles. See Note 9 for more detailed information of the School District's capital assets.

#### ***Debt***

At June 30, 2010, the School District had \$3,282,353 in outstanding bonds including premiums, accretion, and refunding differences. In addition, the School District had \$47,306 in outstanding capital leases. See Note 15 for more detailed information on the School District's debt.

#### ***Economic Factors***

During fiscal year 2008, the Barnesville Exempted Village School District was released from fiscal emergency. The current five year forecast reflects that the School District will encounter deficit spending within the five years being projected; however, the School District's carryover balance is sufficient to ensure that the School District maintains a positive cash balance throughout the five year period.

In fiscal year 2009, the School District applied and was approved for an H.B.264 energy conservation project through the Ohio School Facilities Commission. The total project cost is \$951,728 and there are additional fees for the issuance of the bonds in the amount of \$14,289. The School District chose to pay for \$251,298 of the project with local funds and financed the remaining portion of \$714,719, which includes \$700,430 in project funds and \$14,289 in issuance cost, via the 2009 Qualified School Construction Bond (QSCB) Program. On November 24, 2009, the School District issued debt in the amount of \$714,719 (remaining cost of project after initial payment) to improve energy efficiency in the School District.

The School District continues to rely heavily on state foundation funding. The School District has not solicited voters to support a tax levy in order to generate additional revenue.

*Reconciliation of Total Governmental Fund Balances  
to Net Assets of Governmental Activities  
June 30, 2010*

**Total Governmental Fund Balances** \$2,840,202

*Amounts reported for governmental activities in the  
statement of net assets are different because*

Capital assets used in governmental activities are not financial  
resources and therefore are deferred in the funds. 16,707,307

Other long-term assets are not available to pay for current-  
period expenditures and therefore are deferred in the funds:

Tuition and Fees	14,773
Property Taxes	163,089
	177,862

Total 177,862

Unamortized issuance costs represent deferred charges which  
do not provide current financial resources and, therefore, are  
not reported in the funds. 61,735

Vacation Benefits Payable is recognized for earned  
vacation benefits that are not expected to be paid with expendable  
available financial resources and therefore are not reported in the funds. (96,222)

Long-term liabilities and accrued interest payable  
are not due and payable in the current period  
and therefore are not reported in the funds:

General Obligation Bonds	3,079,719
Capital Appreciation Bonds	94,999
Bond Premium	144,196
Refunding Difference	(96,270)
Accrued Interest Payable	9,841
Capital Leases	47,306
Compensated Absences	714,300
Capital Appreciation Bonds Accretion	59,709
	(4,053,800)

Total (4,053,800)

*Net Assets of Governmental Activities* \$15,637,084

**Barnesville Exempted Village School District**  
*Reconciliation of the Changes in Fund Balances  
of Governmental Funds to the Statement of Activities  
For the Fiscal Year Ended June 30, 2010*

**Net Change in Fund Balances - Total Governmental Funds** \$228,321

*Amounts reported for governmental activities in the statement of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital Asset Additions	995,414	
Current Year Depreciation	(824,241)	
Total	171,173	171,173

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:

Intergovernmental	(7,353)	
Interest	(778)	
Property Taxes	(133)	
Tuition and Fees	(4,005)	
Total	(12,269)	(12,269)

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

General Obligation Bonds	135,000	
Capital Leases	19,225	
Total	154,225	154,225

Interest is reported as an expenditure when due in the governmental funds, but is accrued on outstanding debt on the statement of activities, and the accretion of interest of capital appreciation bonds is reported in the statement of activities

Accretion of Interest	(20,765)	
Accrued Interest	(535)	
Total	(21,300)	(21,300)

Bond premiums are reported as other financing sources in the governmental funds, but are allocated as an expense over the life of the bond on the statement of activities.

11,459

Bond Issuance costs are debt service expenditures in governmental funds when paid, but are reported as deferred charges assets on the statement of net assets and are allocated as an expense over the life of the outstanding debt on the statement of activities.

Bond Issuance Costs Paid	14,289	
Current Year Amortization	(4,285)	
Total	10,004	10,004

The refunding difference is allocated as a reduction of expenses in the statement of activities over the life of the bonds.

(7,651)

Long-term debt proceeds are other financing sources in the governmental funds, but the issuance increases long-term liabilities on the statement of net assets.

(714,719)

Some expenses reported in the statement of activities, such as compensated absences and vacation benefits payable do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Vacation Benefits Payable	6,717	
Compensated Absences Payable	(6,928)	
Total	(211)	(211)

*Changes in Net Assets of Governmental Activities* (\$180,968)

## **Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

### **NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Barnesville Exempted Village School District (the "School District") operates under a locally-elected Board form of government and provides educational services as authorized by state statute and federal guidelines. The Board controls the School District's 4 instructional/support facilities staffed by 43 non-certified employees, 84 certificated personnel and 10 administrative employees to provide services to 1,144 students and other community members.

The School District was established in 1855 as the Barnesville Public Schools, with the first high school being established in 1878. In 1957, the Barnesville Exempted Village School District combined the former Warren Township Rural Local School District, the Somerset Township Rural Local School District, the Kirkwood Township Rural Local School District and portions of the Wayne Township Rural School District. The School District is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. There is no authority for a school district to have a charter or adopt local laws. The legislative power of the School District is vested in the Board of Education, consisting of five members elected at-large for staggered four year terms.

The School District serves an area of approximately 126 square miles. It is located in Belmont County, including all of the Village of Barnesville, Warren Township, Somerset Township and Kirkwood Township, along with portions of Wayne Township, Flushing Township and Goshen Township.

#### *Reporting Entity:*

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For the Barnesville Exempted Village School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes.

No separate governmental units meet the criteria for inclusion as a component unit. The following activity is included within the reporting entity:

*Private Schools* – Within the School District boundaries, Olney Friends School and Barnesville Independent Elementary are operated as private schools. Current State legislation provides funding to these schools. These monies are received and disbursed on behalf of the schools by the Treasurer of the School District, as directed by the schools. These State monies are reflected in a Special Revenue fund for financial reporting purposes.

The School District is involved with five organizations, four of which are defined as jointly governed organizations and one which is defined as a related organization. These organizations are the Ohio Mid-Eastern Regional Educational Service Agency (OME-RESA), the Coalition of Rural and Appalachian Schools (CORAS), the Educational Regional Service System Region 12 (ERSS), the Belmont-Harrison

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

Vocational School District, and the Barnesville Hutton Memorial Library. These organizations are presented in Notes 17 and 18 to the basic financial statements.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Barnesville Exempted Village School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the School District's accounting policies are described below.

**A. Basis of Presentation**

The School District's general purpose financial statements consist of government-wide statements, including a Statement of Net assets and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

***Government-wide Financial Statements*** The Statement of Net Assets and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements usually distinguish between those activities of the School District that are governmental (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). The School District, however; has no business-type activities.

The Statement of Net Assets presents the financial condition of the governmental activities of the School District at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

***Fund Financial Statements*** During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

**B. Fund Accounting**

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The activities of the School District are reported using two categories of funds: governmental and fiduciary.

## **Barnesville Exempted Village School District**

### *Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

**Governmental Funds** Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major governmental funds:

**General Fund** - The General Fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Schoolwide Pool Fund** – The Schoolwide Pool Fund is used to account for all financial resources required to operate the elementary school. Other School District funds, including the General Fund and various federal funds, transfer the amounts needed to pay costs associated with operating the elementary school into this fund which then pays all related costs.

**Debt Service Fund** - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term principal, interest, and related costs.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

**Fiduciary Fund Type** Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. The School District's fiduciary funds include private-purpose trust and agency funds. Private-purpose trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. The School District has a private purpose trust which accounts for various college scholarships for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency fund accounts for student activities.

### **C. Measurement Focus**

**Government-wide Financial Statements** The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e., revenues) and decreases (i.e., expenses) in the total net assets.

**Fund Financial Statements** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is reported using the economic resources measurement focus.

### *Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

#### **D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

***Revenues - Exchange and Non-Exchange Transactions*** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which taxes are levied (See Note 6). Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

***Deferred Revenue*** Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

***Expenses/Expenditures*** On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

## **Barnesville Exempted Village School District**

### *Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

#### **E. Cash and Cash Equivalents**

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

During fiscal year 2010, investments were limited to non-negotiable certificates of deposit.

Following Ohio statutes, the Board of Education may, by resolution, specify the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2010 amounted to \$38,976 which includes \$2,728 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements to be cash equivalents. Investments with an initial maturity of more than three months not purchased from the pool are reported as investments.

#### **F. Restricted Assets**

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other government or imposed by law through constitutional provisions or enabling legislation. Restricted assets in governmental funds include unexpended revenues restricted for the purchase of buses.

#### **G. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2010, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

#### **H. Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/ expensed when used. Inventory consists of expendable supplies held for consumption and purchased and donated food held for resale.

#### **I. Capital Assets**

The only capital assets of the School District are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The School District was able to estimate the historical cost for the initial reporting of assets by backtrending (i.e., estimating current replacement cost of the asset to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

All reported capital assets are depreciated except for land and construction in process. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land	N/A
Construction in Process	N/A
Land Improvements	20 Years
Buildings and Improvements	5-50 Years
Furniture and Equipment	5-20 Years
Vehicles	8 Years

**J. Interfund Balances**

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated on the Statement of Net Assets.

**K. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for vacation eligible employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire sick leave benefit liability is reported on the government-wide financial statements.

On the government fund financial statements, sick leave benefits are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured severance payable" in the fund from which the employee will be paid.

**L. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that are paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the governmental fund financial statements when due.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

**M. Bond Premiums, Discounts, Gains/Losses on Refinancing and Issuance Costs**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Assets. Bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recorded as deferred charges and amortized over the term of the related debt.

Bond discounts on the capital appreciation bonds are deferred and accreted over the term of the bonds.

Any difference (gain/loss) on refunding is allocated over the life of the old debt or the new debt whichever is shorter.

On the governmental fund financial statements, issuance costs, bond premiums, and bond discounts are recognized in the current period. The face amount of the debt issue is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**N. Interfund Activity**

Transfers within governmental activities on the government-wide statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**O. Fund Balance Reserves**

The School District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, property taxes and bus purchases.

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriations under State statute. The reserve for bus purchase is for state funds required to be utilized for the purchase of school buses.

**P. Net Assets**

Net assets represent the difference between assets and liabilities. Net Assets Invested in Capital Assets, Net of Related Debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through

## **Barnesville Exempted Village School District**

### *Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Of the restricted net assets, none has resulted from enabling legislation.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

#### **Q. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence.

#### **R. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **S. Budgetary Data**

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level for all funds of the School District. Any budgetary modifications at this level may only be made by resolution of the Board of Education. The Treasurer is given the authority to further allocate fund appropriations within all funds. Advances in/out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the amended certificate in effect when the final appropriations were passed by the Board.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

**NOTE 3 – CHANGES IN ACCOUNTING PRINCIPLES**

**Changes in Accounting Principles** - For 2010, the School District has implemented Governmental Accounting Standard Board (GASB) Statement No. 51, “Accounting and Financial Reporting for Intangible Assets”, Statement No. 53, “ Accounting and Financial Reporting for Derivative Instruments”, Statement No. 57, “OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans”, and Statement No. 58, “Accounting and Financial Reporting for Chapter 9 Bankruptcies”.

GASB Statement No. 51 establishes accounting and financial reporting requirements for intangible assets to reduce inconsistencies thereby enhancing the comparability of accounting and financial reporting of such assets among state and local governments. The implementation of this statement did not result in any material change to the School District’s financial statements.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. It requires governments to measure derivative instruments, with the exception of synthetic guaranteed investment contracts that are fully benefit-responsive, at fair value in their economic resources measurement focus financial statements. The implementation of this statement did not result in any change in the School District’s financial statements.

GASB Statement No. 57 addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans (that is, agent employers). The requirements in this Statement will allow more agent employers to use the alternative measurement method to produce actuarially based information for purposes of financial reporting and clarify that OPEB measures reported by agent multiple-employer OPEB plans and their participating employers should be determined at the same minimum frequency and as of a common date to improve the consistency of reporting with regard to funded status and funding progress information. The implementation of this statement did not result in any change in the School District’s financial statements.

GASB Statement No. 58 provides accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. The requirements in this Statement will provide more consistent recognition, measurement, display, and disclosure guidance for governments that file for Chapter 9 bankruptcy. The implementation of this statement did not result in any change in the School District’s financial statements.

**NOTE 4 - BUDGETARY BASIS OF ACCOUNTING**

While the School District is reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - General and Schoolwide Pool Funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

- 
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).
  4. Advances in and advances out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
  5. Transfers in and transfers out are balance sheet transactions (GAAP) as opposed to operating transactions (Budget).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General and Schoolwide Pool Funds:

Net Change in Fund Balance

	General	Schoolwide Pool
GAAP Basis	\$166,250	\$0
Revenue Accruals	(26,247)	0
Transfers In	25,245	(285,504)
Transfers Out	285,504	0
Expenditure Accruals	(372,532)	285,504
Encumbrances	(175,618)	0
Budget Basis	<u>(\$97,398)</u>	<u>\$0</u>

**NOTE 5 - CASH AND CASH EQUIVALENTS**

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts (MMDA).

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2).
7. The State Treasurer's investment pool (STAROhio).
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$3,851,897 of the School District's bank balance of \$4,177,543 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

**NOTE 6 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the School District. Real property tax revenue received in calendar 2010 represents collections of calendar year 2009 taxes. Real property taxes received in calendar year 2010 were levied after April 1, 2009, on the assessed value listed as of January 1, 2009, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2010 represents collections of calendar year 2009 taxes. Public utility real and tangible personal property taxes received in calendar year 2010 became a lien December 31, 2008, were levied after October 1, 2009 and are collected in 2010 with real property taxes. Public utility real property is assessed at twenty-five percent of true value.

Beginning in 2001, the Ohio General Assembly reduced the assessment rate for certain tangible personal property of electric and gas utilities from 88 percent to 25 percent. Starting in tax year 2005, the assessment rate for personal property owned by telephone utilities prior to 1995 was being phased down from 88 percent to 25 percent (in tax year 2007) over a three-year period. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes will be levied or collected after calendar year 2010 on local and inter-exchange telephone companies.

The School District receives property taxes from Belmont County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2010 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2010 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2010 was \$198,348 in the General Fund, \$25,078 in the Debt Service Fund, and \$4,560 in the Classroom Facilities Maintenance Special Revenue Fund. The amount available as an advance at June 30, 2009, was \$185,156 in the General Fund, \$21,270 in the Debt Service Fund, and \$3,480 in the Classroom Facilities Maintenance Special Revenue Fund.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified basis the revenue has been deferred.

The assessed values upon which the fiscal year 2010 taxes were collected are:

	2009 Second Half Collections		2010 First Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$96,658,190	95.04%	\$97,564,290	94.90%
Public Utility Personal	5,046,110	4.96%	5,239,070	5.10%
	<u>\$101,704,300</u>	<u>100.00%</u>	<u>\$102,803,360</u>	<u>100.00%</u>
Tax Rate per \$1,000 of assessed valuation		\$43.45		\$43.45

**NOTE 7 - RECEIVABLES**

Receivables at June 30, 2010, consisted of interest, property taxes, and intergovernmental. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. Delinquent property taxes deemed collectible by the County Auditor and recorded as a receivable in the amount of \$163,089 may not be collected within one year. All other receivables are expected to be collected within one year. A summary of the principal items of intergovernmental receivables follows:

	Amounts
<b>Governmental Activities</b>	
Pre-School	\$8,652
IDEA B	7,728
Title IIA	2,609
Drug Free Schools Grant	1,000
Excess Cost Reimbursements	14,773
Total	<u>\$34,762</u>

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

**NOTE 8 – INTERNAL BALANCES AND TRANSFERS**

**A. Interfund Balances**

Interfund balances at June 30, 2010, consist of the following interfund receivables and payables:

	<u>Interfund Receivable</u>
<u>Interfund Payable</u>	<u>Schoolwide Pool Fund</u>
General Fund	<u><u>\$285,504</u></u>

The balance due to the Schoolwide Pool Fund from the General Fund are for costs associated with the operation of the elementary school in accordance with the schoolwide program that will be transferred as cash is needed to fund the program.

**B. Transfers**

Interfund transfers for the fiscal year ended June 30, 2010 consisted of the following:

	<u>Transfer from</u>		
	<u>Major Fund</u>	Other Non-Major	
<u>Transfer to</u>	<u>General</u>	<u>Governmental Funds</u>	<u>Total</u>
<u>Major Fund:</u>			
Schoolwide Pool Fund	<u><u>\$1,668,115</u></u>	<u><u>\$609,129</u></u>	<u><u>\$2,277,244</u></u>

Transfers were used to move receipts from the General and Other Non-Major Governmental Funds to the Schoolwide Pool Fund in accordance with the schoolwide building program.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

**NOTE 9 - CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2010, was as follows:

	Balance 6/30/09	Additions	Deletions	Balance 6/30/10
<b>Nondepreciable Capital Assets:</b>				
Land	\$272,950	\$0	\$0	\$272,950
<b>Total Nondepreciable Capital Assets</b>	<b>272,950</b>	<b>0</b>	<b>0</b>	<b>272,950</b>
<b>Depreciable Capital Assets:</b>				
Land Improvements	884,937	0	0	884,937
Buildings and Improvements	24,308,801	964,430	0	25,273,231
Furniture and Equipment	1,032,457	12,500	0	1,044,957
Vehicles	933,223	18,484	0	951,707
<b>Total Depreciable Capital Assets</b>	<b>27,159,418</b>	<b>995,414</b>	<b>0</b>	<b>28,154,832</b>
<b>Accumulated Depreciation:</b>				
Land Improvements	(463,774)	(43,963)	0	(507,737)
Buildings and Improvements	(9,065,826)	(663,221)	0	(9,729,047)
Furniture and Equipment	(667,706)	(66,434)	0	(734,140)
Vehicles	(698,928)	(50,623)	0	(749,551)
<b>Total Accumulated Depreciation</b>	<b>(10,896,234)</b>	<b>(824,241)</b>	<b>0</b>	<b>(11,720,475)</b>
<b>Total Depreciable Capital Assets, Net</b>	<b>16,263,184</b>	<b>171,173</b>	<b>0</b>	<b>16,434,357</b>
<b>Governmental Capital Assets, Net</b>	<b>\$16,536,134</b>	<b>\$171,173</b>	<b>\$0</b>	<b>\$16,707,307</b>

Depreciation expense was charged to governmental activities as follows:

<b>Instruction:</b>	
Regular	\$409,639
Special	52,360
Vocational	18,695
<b>Support Services:</b>	
Pupils	32,558
Instructional Staff	17,453
Administration	52,360
Fiscal	17,453
Business	3,599
Operation and Maintenance of Plant	64,059
Pupil Transportation	91,937
Central	667
Extracurricular Activities	11,565
Food Service Operations	51,896
<b>Total Depreciation Expense</b>	<b>\$824,241</b>

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

**NOTE 10- RISK MANAGEMENT**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2010 the School District contracted with Indiana Insurance Company for property and inland marine coverage, general liability, and fleet insurance coverage. The Indiana Insurance Company insurance programs are as follows:

Building and Contents-replacement cost (\$1,000 deductible)	\$50,305,382
Automotive Liability (\$500 deductible)	1,000,000
Uninsured Motorist (\$500 deductible)	1,000,000
Medical Payments Limit	5,000
<i>General Liability:</i>	
Each Occurance	1,000,000
Aggregated Limit	2,000,000
Medical Payments Limit	15,000
<i>Employee Benefits Liability:</i>	
Each Occurance	1,000,000
Aggregated Limit	3,000,000
<i>Employer's Liability:</i>	
Each Occurance	1,000,000
Disease - Each Employee	1,000,000
Disease - Limit	1,000,000
<i>Legal Liability - Errors and Omission:</i>	
Each Wrongful Act	1,000,000
Aggregate Limit	1,000,000

Settled claims have not exceeded commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year. The School District pays the State a rate per \$100 of salaries for workers' compensation.

**NOTE 11 - DEFINED BENEFIT PENSION PLANS**

**A. School Employee Retirement System**

Plan Description - The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2009, 9.09 percent of annual covered salary was the portion used to fund pension obligations (the latest date

## **Barnesville Exempted Village School District**

*For the Fiscal Year Ended June 30, 2010*

---

information is available). The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$111,248, \$131,327 and \$118,725 respectively; 37.72 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

### **B. State Teachers Retirement System**

Plan Description - The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2009, (the latest date for which information is available) plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2008, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009, and 2008 were \$589,553, \$577,994 and \$557,938 respectively; 78.56 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

to the DC and Combined Plans for fiscal year 2010 were \$5,588 made by the School District and \$8,571 made by the plan members.

**C. Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2010, three members of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages.

**NOTE 12 - POSTEMPLOYMENT BENEFITS**

**A. School Employee Retirement System**

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2009, (the latest date information is available) 4.16 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2009, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$50,912, \$60,101, and \$54,178 respectively; 37.72 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2010, this actuarially required allocation was 0.75 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$9,179, \$10,836, and \$8,554 respectively; 37.72 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

## **Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

### **B. State Teachers Retirement System**

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2009, (the latest date information is available) STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$43,916, \$43,850, and \$42,070 respectively; 78.56 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

### **NOTE 13 - OTHER EMPLOYEE BENEFITS**

#### **A. Compensated Absences**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees who work 260 days per year earn ten to twenty-five days of vacation per fiscal year, depending upon length of service. Current policy permits vacation leave to be accumulated up to one year. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers and administrators, who work less than 260 days, do not earn vacation time. Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 275 days for administrators and classified employees and 280 days for certified employees. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 68 <sup>3</sup>/<sub>4</sub> for administrators and classified employees and 75 days for certified employees.

#### **B. Other Insurance Benefits**

The School District provides life, accidental death and dismemberment and medical/surgical benefits to most employees through the Health Plan of the Upper Ohio Valley HMO. The Board pays 90 percent of the premiums for all certified staff and for the full time classified staff. For the part time classified staff, the board pays 85 percent of the premiums. The total monthly cost of premiums for the coverage through the Health Plan of the Upper Ohio Valley is \$491.16 single and \$1,227.90 family for medical/prescription, and \$4.09 single and \$10.17 family for vision. The School District provides dental coverage from Coresource and life insurance and accidental death and dismemberment insurance through Assurant. The total monthly cost of premiums for dental coverage is \$29.78 single and \$68.64 family. Life insurance coverage is in the amount of \$25,000 per employee at a total monthly premium of \$3.50.

#### **C. Retirement Incentive**

For fiscal year 2010, the School District is not offering a payment to staff for a retirement incentive. Certified employees only have the ability to come back to work for one year at their current salary after retirement.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

**NOTE 14 – CAPITAL LEASES - LESSEE DISCLOSURE**

In prior fiscal years, the School District entered into capitalized leases for copying equipment. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified from functional expenditures and are reflected as debt service expenditures in the basic financial statements for the governmental funds.

Assets acquired by governmental activities capitalized leases are reported net of accumulated depreciation in the amount of \$44,104. Principal payments in fiscal year 2010 totaled \$19,225, in the governmental funds.

Future minimum lease payments through 2013 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>
2011	\$20,821	\$3,032
2012	22,549	1,304
2013	3,936	39
Total	<u>\$47,306</u>	<u>\$4,375</u>

**NOTE 15 - LONG - TERM OBLIGATIONS**

The changes in the School District's long-term obligations during fiscal year 2010 were as follows:

	<u>Principal Outstanding 6/30/09</u>	<u>Additions</u>	<u>Deductions</u>	<u>Principal Outstanding 6/30/10</u>	<u>Amounts Due Within One Year</u>
General Obligation Bonds:					
2000 School Facilities Bonds \$3,267,000

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

*2000 School Facilities General Obligation Bonds* – On March 24, 2000, Barnesville Exempted Village School District issued \$3,267,000 in voted general obligation bonds. The bonds were issued for the purpose of retiring \$3,267,000 in bond anticipation notes. The notes were issued for the purpose of constructing, acquiring, reconstructing, and making additions to classroom facilities under authority of and pursuant to the general laws of the State of Ohio, particularly Chapters 133 and 3318 of the Ohio Revised Code to pay the local share of the school construction under the State of Ohio Classroom Facilities Assistance Program. The bonds were issued for a period of twenty-three years with a final maturity at December 1, 2023. During fiscal year 2007, the School District refunded \$1,685,000 of the term bonds. The advance refunded portion of the bonds were removed from the financial statements of the School District. The remaining outstanding bonds are being retired from the debt service fund. The remaining outstanding portion of the bond issue consists of serial bonds.

In connection with the passage of the bond issue, the School District also passed a half-mill levy for the maintenance of the new building.

Principal and interest requirements to retire the remaining outstanding general obligation bonds for the 2000 School Facilities Bonds outstanding at June 30, 2010 are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2011	\$120,000	\$55,533	\$175,533
2012	125,000	49,113	174,113
2013	135,000	41,175	176,175
2014	150,000	32,265	182,265
2015	160,000	22,365	182,365
2016	175,000	11,725	186,725
Total	<u>\$865,000</u>	<u>\$212,176</u>	<u>\$1,077,176</u>

*2007 School Improvement Refunding General Obligation Bonds* – On February 7, 2007, Barnesville Exempted Village School District issued \$1,684,999 of general obligation bonds. The bonds were issued to refund \$1,685,000 of outstanding 2000 School Facilities General Obligation Term Bonds. The bonds were issued for a 16 year period with final maturity at December 1, 2022. At the date of refunding, \$1,807,411 (including premium and after underwriting fees, and other issuance costs) was deposited in an irrevocable trust to provide for all future debt service payments on the refunded 2000 School Facilities General Obligation Term Bonds. See the Defeased Debt portion of this note below for details of the refunded bonds and escrow account.

These refunding bonds were issued with a premium of \$183,348. The amortization of the premium for fiscal year 2010 was \$11,459. These refunding bonds were issued with an issuance cost of \$60,936. The amortization of the issuance costs for fiscal year 2010 was \$3,809. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$122,411. The amortization of the refunding difference for fiscal year 2010 was \$7,651.

The 2007 bond issue consists of serial, term and capital appreciation bonds, \$120,000, \$1,470,000, and \$94,999, respectively.

The capital appreciation bonds for this issue mature December 1, 2017 and 2018. These bonds were purchased at a substantial discount at the time of issuance. At maturity all compounded interest is paid and the bond holder receives the face value of the bond. As the value of the bond increases, the accretion is reflected as a liability. The maturity amount of outstanding capital appreciation bonds is \$485,000.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2010*

---

The 2010 accretion was recorded at \$20,765, leaving a total bond liability of \$154,708.

The term bonds for this issue are subject to optional and mandatory redemption prior to maturity.

The term bonds due December 1, 2016 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2011, and on each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>December 1</u>	<u>Principal Amount to be Redeemed</u>
2011	\$30,000
2012	30,000
2013	35,000
2014	35,000
2015	35,000
	<u>\$165,000</u>

Unless otherwise called for redemption, the remaining \$230,000 principal amount of the bonds due December 1, 2016 is to be paid at stated maturity.

The term bonds due December 1, 2022 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2019, and on each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>December 1</u>	<u>Principal Amount to be Redeemed</u>
2019	\$250,000
2020	260,000
2021	275,000
	<u>\$785,000</u>

Unless otherwise called for redemption, the remaining \$290,000 principal amount of the bonds due December 1, 2022 is to be paid at stated maturity.

The term bonds maturing on December 1, 2022 are subject to optional redemption, in whole or in part on any date in any order of maturity as determined by the Board of Education and by lot within a maturity, at the option of the Board of Education on or after December 1, 2016 at par, which is 100 percent of the face value of the term bonds.

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

Principal and interest requirements to retire general obligation bonds for the 2007 School Improvement Refunding Bonds outstanding at June 30, 2010 are as follows:

Total	<u>\$714,719</u>	<u>\$103,550</u>	<u>\$818,269</u>

The capital lease will be paid from the General Fund. Compensated absences will be paid from the General Fund and Food Service Special Revenue Fund.

The School District's overall legal debt margin was \$7,299,799, with an unvoted debt margin of \$102,563, at June 30, 2009.

## **Barnesville Exempted Village School District**

### *Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

#### **Defeased Debt:**

On February 7, 2007, the School District issued \$1,684,999 of general obligation bonds, as detailed above. The bonds were issued to refund \$1,685,000 of outstanding 2000 School Facilities General Obligation Term Bonds. The bonds were issued for a 16 year period with final maturity at December 1, 2022. At the date of refunding, \$1,807,411 (including premium and after underwriting fees, and other issuance costs) was deposited in an irrevocable trust to provide for all future debt service payments on the refunded 2000 School Facilities General Obligation Term Bonds. As of June 30, 2010, the full amount of refunded bonds remained outstanding and the balance of the escrow trust account was \$1,713,316.

#### **NOTE 16 – CONSTRUCTION COMMITMENT**

On July 29, 2009, the School District was approved for participation in the H.B. 264 School Energy Conservation Financing Program by the Ohio School Facilities Commission, the “Commission”. The School District contracted with H.E.A.T. Total Facilities Solution for the project in the amount of \$951,728. As of June 30, 2010, \$857,141 was paid, leaving a remaining contractual commitment of \$94,587.

#### **NOTE 17 - JOINTLY GOVERNED ORGANIZATIONS**

*Ohio Mid-Eastern Regional Educational Service Agency* - The Ohio Mid-Eastern Regional Educational Service Agency (OME-RESA) was created as a regional council of governments pursuant to State statutes. OME-RESA has twelve participating counties consisting of Belmont, Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Jefferson, Muskingum, Monroe, Noble, and Tuscarawas Counties. OME-RESA operates under the direction of a Board consisting of one representative from each of the participating school district’s elected boards, which possesses its own budgeting and taxing authority. OME-RESA provides financial accounting services, educational management information, internet access, and cooperative purchasing services to member districts. The School District participates in the natural gas sales service program. This program allows schools to purchase natural gas at reduced rates. The participants make monthly payments based on estimated usage. Each June these estimated payments are compared to their actual usage and any necessary adjustments are made. During fiscal year 2010, the total amount paid to OME-RESA from the School District was \$120,352 for cooperative gas purchasing services and \$45,345 for financial accounting services, educational management information, and internet access. The Jefferson County Educational Service Center serves as the fiscal agent and receives funding from the State Department of Education. To obtain financial information write to Ohio Mid-Eastern Regional Educational Service Agency, Treasurer, at 2023 Sunset Blvd., Steubenville, Ohio 43952. Effective July 1, 2010, the information technology portion of the OME-RESA consortium was dissolved. See Subsequent Event Note 21 for further details.

*Coalition of Rural and Appalachian Schools (CORAS)* - The Coalition of Rural and Appalachian Schools is a jointly governed organization including over 100 school districts in southeastern Ohio. The Coalition is operated by a Board which is comprised of fourteen members. The board members are comprised of one superintendent from each county elected by the school districts within that county. The Council provides various in-service for school district administrative personnel; gathers data regarding conditions of education in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Council is not dependent on the continued participation of the School District and the School District does not maintain an equity interest in or financial responsibility for the Council. The School District’s membership fee was \$320 for fiscal year 2010.

## **Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

---

*Educational Regional Service System Region 12* - The School District participates in the Educational Regional Service System Region 12 (ERSS), a jointly governed organization consisting of educational entities within Belmont, Carroll, Coshocton, Guernsey, Harrison, Holmes, Jefferson, Monroe, Muskingum, Noble and Tuscarawas counties. The purpose of the ERSS is to provide support services to school districts, community schools, and chartered nonpublic schools within the region by supporting State and school initiatives and efforts to improve school effectiveness and student achievement with a specific reference to the provision of special education and related services. The ERSS is governed by an advisory council, which is the policymaking body for the educational entities within the region, who identifies regional needs and priorities for educational services and develops corresponding policies to coordinate the delivery of services. They are also charged with the responsibility of monitoring the implementation of State and regional initiatives and school improvement efforts. The Advisory Council is made up of the director of the ERSS, the superintendent of each educational service center within the region, the superintendent of the region's largest and smallest school district, the director and an employee from each education technology center, one representative of a four-year institution of higher education and appointed by the Ohio Board of Regents, one representative of a two-year institution of higher education and appointed by the Ohio Association of Community Colleges, three board of education members (one each from a city, exempted village, and local school district within the region), and one business representative. The degree of control exercised by any participating educational entity is limited to its representation on the Advisory Council. Financial information can be obtained from the Muskingum Valley Educational Service Center, 205 N. Seventh Street, Zanesville, Ohio, 43701.

*Belmont-Harrison Vocational School District* - The Belmont-Harrison Vocational School District is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the seven participating school districts' elected boards, which possesses its own budgeting and taxing authority. To obtain financial information write to the Belmont-Harrison Vocational School, Mark Lucas, who serves as Treasurer, at Fox Shannon Place, St. Clairsville, Ohio 43950.

### **NOTE 18 - RELATED ORGANIZATION**

*Barnesville Hutton Memorial Library* - The Barnesville Hutton Memorial Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Barnesville Exempted Village School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the School District for operational subsidies. Although the School District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Barnesville Hutton Memorial Library, Brenda G. Brown, Clerk, at East Main Street, Barnesville, Ohio 43713.

### **NOTE 19 - SET-ASIDE CALCULATIONS AND FUND RESERVES**

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

Effective April 10, 2001, through Amended Substitute Senate Bill 345, the requirement for school districts to establish and appropriate money for budget stabilization was deleted from law. A school

**Barnesville Exempted Village School District**

*Notes to the Basic Financial Statements*

*For the Fiscal Year Ended June 30, 2010*

district may still establish reserve balance accounts consistent with Section 5705.13, Revised Code, if it so chooses; however, the requirement is no longer mandatory. In addition, any money on hand in a school district's budget reserve set-aside as of April 10, 2001, may at the discretion of the board be returned to the District's general fund or may be left in the account and used by the board to offset any budget deficit the district may experience in future years. The bill placed special conditions on any Bureau of Workers' Compensation monies remaining in the budget reserve. In prior years, the Board of Education authorized the expenditure of the budget reserve amount pursuant to State Statute, and as a result no budget reserve exists at June 30, 2010.

The following cash basis information describes the change in the year-end set-aside amounts for textbooks and capital improvements. Disclosure of this information is required by State statute.

	<u>Textbooks</u>	<u>Capital Improvements</u>
Set-aside Reserve Balance as of June 30, 2009	\$0	\$0
Current Year Set-aside Requirement	182,735	182,735
Offsetting Revenue	0	(77,868)
Qualifying Expenditures	<u>(251,507)</u>	<u>(490,183)</u>
Fiscal Year 2010 Totals	<u>(\$68,772)</u>	<u>(\$385,316)</u>
Prior Year Carry Forward at June 30, 2009	(293,902)	(3,165,709)
Current Year Expenditures from Bond Proceeds	<u>0</u>	<u>(700,430)</u>
Set-aside Balance Carried Forward to Future Fiscal Years	<u>(\$362,674)</u>	<u>(\$3,866,139)</u>
Set-aside Reserve Balance as of June 30, 2010	<u>\$0</u>	<u>\$0</u>

The School District had qualifying disbursements in the current and prior fiscal years that reduced the textbook set-aside amount below zero. This extra amount may be used to reduce the set-aside requirement of future years. The District also had current and prior year capital expenditures from bond and note proceeds in connection with a House Bill 264 energy conservation project and school facilities project that may be carried forward to offset future set-aside requirements.

*For the Fiscal Year Ended June 30, 2010*

---

**NOTE 20 – CONTINGENCIES**

**A. Grants**

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2010.

**B. Litigation**

The School District is currently party to no legal proceedings.

**NOTE 21 – SUBSEQUENT EVENTS**

**A. Council of Governments**

Effective July 1, 2010, the information technology portion of the OME-RESA consortium has been dissolved. On July 1, 2010, the Ohio Mid-Eastern Regional Educational Service Agency Information Technology Center Council of Governments (OMERESA Council) was established pursuant to Ohio Revised Code Section 167.01. The Board of Education of Barnesville Exempted Village School District has passed a resolution approving membership in the OMERESA Council and is currently receiving information technology services through the Council.

**B. School Employees Retirement System**

Effective July 1, 2010, the SERS has changed the Ohio Department of Education Foundation Program deductions for traditional public schools from a calendar year basis, six month in arrears, to a fiscal year basis, which will coincide with the participating School Districts' fiscal year. As a result, the Foundation deductions which would have been collected six months in arrears became due June 30, 2010. Barnesville Exempted Village School District will have the balance due paid in equal installments over a six year period beginning July, 2010.

**BARNESVILLE EXEMPTED VILLAGE SCHOOL DISTRICT  
BELMONT COUNTY**

**NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Barnesville Exempted Village School District (the School District's) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

**NOTE B - CHILD NUTRITION CLUSTER**

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

**NOTE C – FOOD DONATION PROGRAM**

The School District reports commodities consumed on the Schedule at fair value. The School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Barnesville Exempted Village School District  
Belmont County  
210 West Church Street  
Barnesville, Ohio 43713

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Barnesville Exempted Village School District, Belmont County, Ohio (the School District), as of and for the year ended June 30, 2010, which collectively comprise the School District's basic financial statements and have issued our report thereon dated July 27, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the School District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

### Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an

Belmont County  
Independent Accountants' Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Required by *Government Auditing Standards*  
Page 2

objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the School District's management in a separate letter dated July 27, 2010.

We intend this report solely for the information and use of management, the audit committee, the Board of Education, federal awarding agencies, pass-through entities, and others within the School District. We intend it for no one other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Barnesville Exempted Village School District  
Belmont County  
210 West Church Street  
Barnesville, Ohio 43713

To the Board of Education:

### Compliance

We have audited the compliance of Barnesville Exempted Village School District, Belmont County, Ohio (the School District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended June 30, 2010. The Summary of Auditor's results section of the accompanying Schedule of Findings identifies the School District's major federal programs. The School District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School District's compliance with those requirements.

In our opinion, the Barnesville Exempted Village School District, Belmont County, Ohio, complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2010.

### Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

743 E. State St. / Athens Mall Suite B / Athens, OH 45701-2157  
Telephone: (740) 594-3300 (800) 441-1389 Fax: (740) 594-2110  
[www.auditor.state.oh.us](http://www.auditor.state.oh.us)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted a matter involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the School District's management in a separate letter dated July 27, 2010.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

A handwritten signature in cursive script that reads "Mary Taylor".
