INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Buckeye Local School District
Medina County
3044 Columbia Road
Medina, Ohio 44256

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, Medina County, Ohio, (the District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated August 25, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note a certain matter not requiring inclusion in this report that we reported to the District's management in a separate letter dated August 25, 2010.

We intend this report solely for the information and use of management, the audit committee, the Board of Education, and others within the District. We intend it for no one other than these specified parties.

A handwritten signature in cursive script that reads "Mary Taylor".

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Buckeye Local School District
Medina County
3044 Columbia Road
Medina, Ohio 44256

To the Board of Education:

Compliance

We have audited the compliance of the Buckeye Local School District, Medina County, Ohio, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Buckeye Local School District, Medina County, Ohio complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended June 30, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Federal Awards Receipts and Expenditures Schedule

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Buckeye Local School District, Medina County, Ohio, (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated August 25, 2010. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying Federal Awards Receipts and Expenditures Schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

**NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE
FISCAL YEAR ENDED JUNE 30, 2010**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Buckeye Local School District, Medina County, Ohio, (the District's) federal award programs' receipts and expenditures. The schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

August 25, 2010

Board of Education Members
Buckeye Local School District

We are pleased to submit to you the Buckeye Local School District's 20th Comprehensive Annual Financial Report (CAFR) for fiscal year ended June 30, 2010. This CAFR, prepared by the Treasurer's Office, conforms to generally accepted accounting principles as they apply to governmental entities and contains an opinion from the Ohio Auditor of State. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the School District. We believe that the data presented is accurate in all material aspects and that it is presented in a manner designed to fairly set forth the financial position and results of operations of the School District. This report will provide the taxpayers of Buckeye Local School District with comprehensive financial data in a format that enables them to receive a clearer understanding of the School District's finances.

The School District

The Buckeye Local School District is rated an EXCELLENT school district with DISTINCTION by the State of Ohio for the third consecutive year. Buckeye Local Schools is one of the few districts in Ohio to attain this honorable rating.

The Buckeye Local School District is located west of Medina City, and is about 30 miles south of Cleveland. The Buckeye Local School District covers 70.9 square miles. The District is made up of Litchfield Township, Liverpool Township, York Township and part of Medina City.

On June 12, 1952, the Litchfield, Liverpool, and York Local School Districts consolidated into one school district, to be known as the Buckeye Local School District. At the time of consolidation there were 781 pupils. Currently the enrollment is 2,358 the projected enrollment through 2012 is 2,680 students, a slight increase.

To serve all the pupils of the consolidated district, a high school was built and dedicated on November 24, 1957. In 1973 a new high school was built and the former high school was converted to the junior high. A new elementary school was built in Litchfield in 1978. A new administrative office was built behind the high school in 1990. In 2004 two new elementary buildings were opened to replace two elementary buildings built in the early 1900's.

Buckeye Local School District has a total property tax rate of 59.70 mills, of which the citizens of the Buckeye Local School District have voted in 55.40 mills. Of that amount the District has 51.7 mills for operating funds, with an effective millage rate of 20.00 for residential/agriculture and 21.70 on business/other as of January 2009. A bond issue for \$23.7 million was approved in March 2000 for the construction of building additions and the two replacement elementary buildings. The effective millage of the bond issue was 4.7 mills as of June 30, 2001 and has been reduced to 3.7 mills since January 2008 tax billing. Effective January 2004, the Board of Education approved the moving of 1 inside mill to the permanent improvement fund.

The Buckeye Local School District, an independent school district, offers a wide range of courses for grades Preschool thru 12th grade. The students also have a wide range of extracurricular activities to choose from. Students from the Buckeye Local School District have the option to attend the Medina County Career Center for additional vocational programs. This facility is located in the district boundaries. There are no charter schools or other primary or secondary schools, in the district boundaries.

The Reporting Entity

Buckeye Local School District has reviewed its reporting entity definition in order to ensure conformance with Governmental Accounting Standards Board Statement Number 14, "The Financial Reporting Entity." In evaluating how to define the District for financial reporting purposes, management has considered all funds, departments, boards, organizations, and agencies making up the Buckeye Local School District, the primary government. Numerous entities conduct their activities within the School District's boundaries but these entities have been excluded from the financial statements because they do not meet the definitions. Management has prepared the Management's Discussion and Analysis (MD&A) of the School District. This discussion follows the auditor's opinion, providing a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Services Provided

The School provides a wide variety of instruction and support services as mandated by state statute or public desire. These services include regular instruction, special instruction, vocational instruction, student guidance services, and extracurricular activities. Support services are necessary to complete the educational process. These services include administration, technical, and other community services. Additional services include uniform school supply sales, and a food service operation. Uniform school supply sales consist of workbooks used by the students. The food service operation provides an opportunity for the children to receive a hot meal every school day.

Organization of the School

A five member Board of Education serves as the taxing authority, contracting body, and policy maker for the School District. The Board of Education adopts the annual operating budget, tax budget, and authorizes all expenditures of the School District's tax monies.

The Superintendent is the chief executive officer of the school, responsible to the Board for total education and support operations. The Treasurer is the chief financial officer of the School District, responsible to the Board for maintaining all financial records, issuing checks, making investments, paying liabilities, and maintaining the minutes of all Board of Education meetings. All other employees hired with approval of the Board of Education, ultimately report to the Superintendent.

Economic Condition and Outlook

Our tax base covers the three townships of Liverpool, Litchfield, York and part of Medina City. The three townships are primarily residential and rural, although the District is fortunate to contain two industrial parks,

which provide a large commercial real estate tax base. The School District has not experienced any growth from new construction in residential real estate as they have in the past. Buckeye Local School District had been blessed with a large amount of revenue from personal property taxes in the past. In 2005 state law makers passed legislation that will eliminate all personal property taxes on equipment except public utility personal property. This bill levies a Commercial Activity Tax (CAT) on all businesses having gross profits of one million dollars or more. The Ohio Legislators have earmarked a portion of the CAT tax to offset the loss of revenue the public school districts have experienced from the loss of personal property revenue. The CAT tax reimbursement is based on the 2004 personal property value. This revenue will continue through 2012. The District received \$3. million to offset the reduction of personal property revenue in this fiscal year. The District is expected to receive revenue of \$ 3. million in the next fiscal year.

As the demographics of the community are changing, the School District enrollment has remained constant with a slight increase over the last two years. The projections are that the increases will continue in the near future. In addition, state mandates for classroom size, academic offerings and special education needs within the District challenge the current financial stability of the District.

Long-Term Financial Planning

In order to make sound financial decisions now and in the future, the Buckeye Local School District has established principles for budget and financial management. These principles provide guidance for budget development, financial and debt management, and reserves. One-time surpluses may not be used for continuing expenditures. Rather, they may be used for one-time expenditures such as capital projects. The District maximizes the use of local, state and federal grants as to help preserve general revenues for other needs. The Board of Education has looked at a policy that will define the minimum level of fund balance that will require a levy to be placed on the ballot.

Relevant Financial Policies

The budget must be structurally balanced so that continuing revenues support continuing expenditures. Budgetary appropriations may not exceed resources, with a balanced budget maintained in each fund.

The inability to obtain new operating levies resulted in the severe spending cuts in the prior fiscal years, including staff reductions, closing an elementary building, reducing busing to State minimums. This fiscal year staffing levels have been increased to accommodate the growth in pupil enrollment. Other spending cuts have remained in effect and will not be reinstated until additional funds are received from the residents or the State of Ohio.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Buckeye Local School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2009. This was the 19th consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

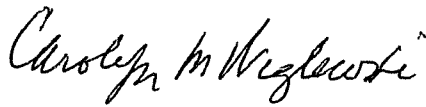

Acknowledgments

We are very proud to submit this 20th Comprehensive Annual Financial Report for the School District. This represents our continuing commitment towards professionalism in the financial reporting of the Buckeye Local School District. This report significantly increases the accountability of the School District to the taxpayers.

This report would have not been possible without the help of several people. We would like to thank the Board of Education and the Buckeye staff for their support and assistance in preparing this report. We would like to thank Rea and Associates Inc, for their expertise in making the conversion from cash basis to a modified accrual and accrual presentation.

We are especially grateful to the Treasurer's staff, Rhonda Schultz, Sue Rehlender, and Debbie Hughes, for their extra effort and willingness to assist in the completion of this report.

Sincerely,

Carolyn M. Weglewski

Medina, Ohio 44256

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, Medina County, Ohio (the District), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Buckeye Local School District, Medina County, Ohio, as of June 30, 2010, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 25, 2010, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining nonmajor fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Mary Taylor, CPA
Auditor of State

August 25, 2010

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

It is a privilege to present to you the financial picture of Buckeye Local School District (the School District). The discussion and analysis of Buckeye Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010 . The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Some key financial highlights for fiscal year 2010 are:

- Total net assets of \$10.9 million increased by \$.2 million which represents a 2.3 percent increase from fiscal year 2009.
- Total revenues of \$23.9 million were comprised of general revenues in the amount of \$21.2 million or 88.7 percent of total revenues and program specific revenues from charges for services, grants and contributions in the amount of \$2.7 million or 11.3 percent.
- Construction was completed on the Soccer Track Field House with a dedication held in April of 2010. Revenue from the .05 percent permissive sales tax was used for the construction of the 9,720 square foot Soccer Track Field House. This structure provides four sets of locker rooms, concession stands, storage for athletic and band equipment, as well as, community restrooms.
- The construction of sixteen additional elementary instructional classrooms, four restrooms, and two green houses were started with the anticipated completion in July 2011. The School District is excited for the use of the additional classrooms, restrooms and green houses for educational purposes. The School District issued a \$3.5 million Certificate of Participation (lease purchase) to pay for this construction.
- The School District purchased new buses for transporting students and updated computer equipment for students and staff.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of two distinct series of financial statements: the district-wide and the fund financial statements.

The district-wide reports are designed to show the School District's overall economic activity. The *Statement of Net Assets* and *Statement of Activities* provide information about the governmental-type activities of the whole School District, presenting both an aggregate view of School District finances and a longer-term view of those finances.

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. In the case of Buckeye Local School District, the General, Debt Service, and Building funds are the most significant funds.

Reporting the School District as a Whole (district-wide)

Statement of Net Assets and the Statement of Activities

The analysis of the School District as a whole begins on page 6. The view of the School District as a whole looks at all financial transactions and asks the questions, "Are we in a better financial position this year than last?" and "Why?" or "Why not?". The Statement of Net Assets and the Statement of Activities provide the basis for answering these questions. The statements include *all assets and liabilities*, excluding fiduciary, using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's *net assets* and any changes in those assets. The change in net assets is important because it tells the reader that, for the School District as a whole, *the financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, including factors not under the School District's control, such as the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

The Statement of Net Assets and Statement of Activities is represented in one type of activity; Governmental Activities. The School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, and pupil transportation as well as food services and uniform school supplies.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 10. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

Governmental Funds - The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual accounting*, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between *governmental activities* (reported

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

in the Statement of Net Assets and the Statement of Activities) and *governmental funds* is reconciled in the financial statements of the *Governmental Funds*. The governmental fund financial statements begin on page 16.

Proprietary Funds - Proprietary funds have historically operated as *enterprise* and *internal service funds* using the same basis of accounting as business-type activities. The School District recognizes that the many subsidies received by the food service fund preclude it from being considered a business-type activity. The latchkey fund and the uniform school supplies fund have also been reported as special revenue funds due to the lack of profitability and subsidies received from other funds. The internal service fund accounts for the self-insurance fund and is reported separately as the School District's only proprietary fund. The proprietary fund financial statements begin on page 21.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary funds are used to account for assets held for the benefit of parties outside the School District. The School District has one agency fund that accounts for student activity programs. The School District's one private purpose trust fund accounts for scholarships as specified in trust agreements. These funds are not reflected on the government-wide statements because their resources are not available to support the School District's programs. The fiduciary fund financial statements are on page 24.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 27.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net assets for 2010 compared to 2009:

Table 1
Net Assets

	2010	2009
Assets		
Current and Other Assets	\$ 16,967,237	\$ 15,745,614
Capital Assets	28,695,237	26,554,660
Total Assets	45,662,474	42,300,274
Liabilities		
Other Liabilities	11,999,562	11,911,614
Long-Term Liabilities	22,762,019	19,732,223
Total Liabilities	34,761,581	31,643,837
Net Assets		
Invested in Capital		
Assets Net of Related Debt	7,559,670	7,531,660
Restricted	2,857,585	1,695,132
Unrestricted	483,638	1,429,645
Total Net Assets	\$ 10,900,893	\$ 10,656,437

Total assets increased by approximately \$3.4 million. Taxes receivable had a \$.5 million increase partially due to an increase in delinquent taxes. Intergovernmental receivables also increased \$.2 million over fiscal year 2009. Capital assets increased \$2.1 million due to the elementary school expansion in process and completion of the field house.

Total liabilities increased by \$3.1 million. Of that amount, long term liabilities increased by \$3.0 million and current liabilities had an increase of \$87,948. Long term liabilities increased mostly due to the issuance of the \$3.5 million Certificate of Participation.

Buckeye Local School District

Table 2 shows the changes in net assets for fiscal year 2010 compared to 2009.

Table 2
Changes in Net Assets

	2010	2009
Revenues		
<i>Program Revenues:</i>		
Charges for Services and Sales	\$ 1,136,723	\$ 1,036,570
Operating Grants and Contributions	1,562,727	1,111,352
<i>General Revenue:</i>		
Property Taxes	11,058,541	11,441,120
Grants and Entitlements, not Restricted to Specific Programs	9,174,365	8,713,491
Capital Grants not Restricted to Specific Programs	648,047	733,040
Other	364,283	231,691
<i>Total Revenues</i>	23,944,686	23,267,264
Program Expenses		
Instruction	12,979,246	13,232,644
Support Services		
Pupil and Instructional Staff	2,396,255	2,345,354
Board of Education, Administration, Business and Fiscal	2,204,982	2,427,257
Operation and Maintenance of Plant	1,764,223	1,700,022
Pupil Transportation	1,587,550	1,301,115
Central	44,292	21,859
Food Service Operations	626,408	535,720
Community Services	35,301	70,124
Extracurricular Activities	721,326	749,565
Interest and Fiscal Charges	1,340,647	1,328,382
<i>Total Expenses</i>	23,700,230	23,712,042
Increase (Decrease) in Net Assets	\$ 244,456	\$ (444,778)

General revenues increased by \$.1 million while program revenues were up \$.6 million over fiscal year 2009. Federal stimulus money contributed to the increase in operating grants.

Total governmental activities expenses remained consistent with fiscal year 2009. Instruction expenses comprise 54.8 percent of total expenses while support services and interest and fiscal charges are 33.7 percent and 5.7 percent, respectively. Other expenses make up the remaining 5.8 percent.

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Governmental Activities

The last new operating levy was approved by the voters in August 1994. This was the first operating levy to add additional revenues for Buckeye Local Schools in 26 years. This levy was renewed in 2004 and maintains 1994 tax revenue levels.

The most recent request for an additional levy was placed on the ballot in fiscal year 2007. In May 2010 a 6.5 mill emergency property tax was placed on the ballot and was rejected. The School District is attempting another emergency property tax in August 2010 of 6.8 mills. The needs of the School District are not disappearing but with the economic climate of the State the increased mills is a reflection of the decreased property tax valuation.

The Statement of Activities shows the cost of program services and the charges for these services and offsetting grants. Table 3 shows the total cost and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

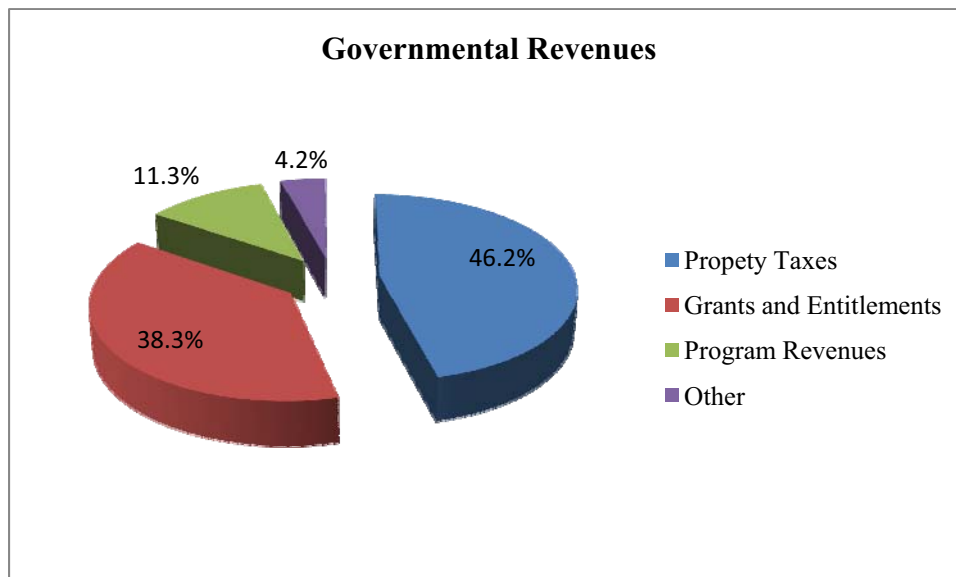

While the food service fund, uniform school supplies fund and the latchkey fund will continue to be segregated in fund accounting, the combined presentation of governmental activities will show those costs in program expenses related to food service operations, regular instruction and community services.

Table 3
Governmental Activities

	2010		2009	
	Total Cost of Service	Net Cost of Service	Total Cost of Service	Net Cost of Service
Instruction	\$ 12,979,246	\$ 11,861,466	\$ 13,232,644	\$ 12,296,188
Support Services:				
Pupil and Instructional Staff	2,396,255	2,007,880	2,345,354	2,126,550
Board of Education, Administration and Fiscal	2,204,982	2,171,929	2,427,257	2,427,257
Operation and Maintenance of Plant	1,764,223	1,496,761	1,700,022	1,653,411
Pupil Transportation and Central	1,631,842	1,610,711	1,322,974	1,291,427
Food Service Operations	626,408	195,266	535,720	79,896
Community Services	35,301	28,334	70,124	70,124
Extracurricular Activities	721,326	287,786	749,565	290,885
Interest and Fiscal Charges	1,340,647	1,340,647	1,328,382	1,328,382
Total Expenses	\$ 23,700,230	\$ 21,000,780	\$ 23,712,042	\$ 21,564,120

The \$21.0 million total expenses, net cost of services in fiscal year 2010 reveals that these services are not self-supporting, but are supported by tax revenues and unrestricted State entitlements.

Property taxes made up 46.2 percent of revenues for the School District in fiscal year 2010 versus 49.2 percent in fiscal year 2009. Program revenues include charges for services, grants and contributions that are program specific. Program revenues provided 11.3 percent of revenues with 88.7 percent of all

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

governmental activities supported through property taxes, grant and entitlements, and other general revenues. The 38.3 percent provided by grants and entitlements portion of general revenues included monies received from the CAT tax, the county sales tax, Ohio Department of Education, State Foundation Program and property tax relief such as the utility tax reimbursement, and the homestead exemption and roll backs provided by HB920. The property tax revenues provided by the community remains the primary support for Buckeye Local School District students.

Financial Analysis of the District's Funds

Governmental Funds

The focus of the School District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the School District's net resources available for spending at year-end.

The School District's governmental funds (as presented on the balance sheet on page 18) reported a total fund balance of \$2.5 million, which is \$.7 million over last year's balance of \$1.8 million. The most significant changes within the School District's major funds were reported in the general fund with an increase in fund balance of \$.2 million and the building fund with an increase in fund balance of \$.4 million.

General Fund

The general fund is the main operating fund of the School District. At the end of fiscal year 2010, the fund balance in the general fund was \$.1 million, which is an increase of \$.2 million from fiscal year 2009. General fund revenues remained fairly consistent with the prior year. General fund expenditures saw a decrease from the prior year of \$.8 million. Although most expenditures saw a decrease, it was most significant in building operation and maintenance expenditures.

Debt Service Fund

The debt service fund is the School District fund that accumulates tax revenues to pay general obligation bonds. The debt service fund had an ending fund balance of \$.9 million, an increase of less than \$.1 million from fiscal year 2009.

Building Fund

The building fund is the School District fund that accounts for buildings and improvements. At the end of fiscal year 2010, the fund balance in the building fund was \$.7 million, which is an increase of \$.4 million over fiscal year 2009. The \$3.5 million Certificate of Participation helped offset the building fund expenditures contributing to this increase.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. During the course of fiscal year 2010, the School District amended its General

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Fund budget numerous times. Many of the amendments are due to changes in expenditure priorities in the buildings. The School District uses a site-based budgeting system designed to tightly control total site budgets but provide flexibility for site management.

For the General Fund, the actual budget basis revenue was \$17.8 million representing a \$40,998 increase from the original budget estimates. The final budget increase was less than 1 percent from the original budgeted amount. For the General Fund actual budget basis expenditures were \$18.4 million representing a decrease from the original budget of 4.3 percent. Every discretionary purchase was reviewed prior to ordering and as a result expenditures were less than budgeted.

Capital Assets

At the end of fiscal year 2010 the School District had \$28.7 million invested in land, land improvements, construction in progress, buildings and improvements, furniture and equipment, and vehicles. Table 4 shows fiscal year 2010 balances compared to fiscal year 2009. More detailed information is presented in Note 8 of the notes to the basic financial statements.

(Table 4)
Capital Assets at June 30
(Net of Depreciation)

	2010	2009	
Land	\$ 773,495	\$ 773,495	
Construction in Progress	2,397,242	852,988	
Land Improvements	690,552	811,206	
Buildings and Improvements	23,229,212	22,815,683	
Furniture and Equipment	887,388	865,936	
Vehicles	717,348	435,352	
Totals	\$ 28,695,237	\$ 26,554,660	

The Construction in Progress reflects costs incurred for the addition to the elementary school. The School District also purchased six new 77-passenger buses and continued to update its technology. The \$2.1 million increase in net capital assets, resulted from acquisitions exceeding depreciation expense.

According to Ohio law a school district must set aside three percent of certain revenues for capital improvements. This is in addition to the three percent set aside for textbooks, materials, and equipment related directly to instruction. For fiscal year 2010, this amounted to \$373,145 for each set aside for School District. Refer to Note 18 for more detail on set asides.

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Debt

At June 30, 2010 the School District had \$18.9 million in net bonds outstanding, with \$880,000 due within one year. Table 5 summarizes bonds outstanding.

Table 5
Outstanding Debt, at June 30

	2010	2009
<i>General Obligation Bonds:</i>		
2000 School Facilities	\$ 330,000	\$ 438,000
2001 School Facilities	7,890,000	8,025,000
2002 School Facilities	2,955,000	3,090,000
2007 School Facilities (Refunding)	7,135,000	7,195,000
Capital Appreciation Bonds (Refunding)	275,000	275,000
Accretion on Capital Appreciation Bonds (Refunding)	120,137	85,388
Unamortized Bond Premiums (Refunding)	465,787	495,838
Accounting Gain/Loss (Refunding)	(308,997)	(328,932)
Totals	\$ 18,861,927	\$ 19,275,294

During fiscal year 2010, a Certificate of Participation was issued totaling \$3.5 million to be used to construct an addition to the elementary school.

On June 30, 2010 the School District's overall debt margin was \$20,610,653. More detailed information is available on the School District's long-term obligations in Note 11 of the notes to the basic financial statements.

For the Future

Life in the Buckeye Local School District is a reflection of Medina County with its farming roots, increased commercial and industrial expansion and residential migration from more populated areas. Contributing to the growth and prosperity in the School District, is its 1,400 acre industrial park in Liverpool Township. The Liverpool Industrial Park is Medina County's largest industrial park and is already the home to several corporate headquarters. Shiloh Industries, Inc is located in the industrial park and is the 7th largest employer in the County. Also located in the School District is Discount Drug Mart, which is the 9th largest employer in the County.

School District residents have a long history of grain farming, raising livestock such as cattle, sheep, dairy cows and hogs, and is still an important part of the County's economy. That being said, however, the County's farming community has decreased in recent years. In the last ten years nearly four thousand farm acres have been lost in the County and this trend continues.

Buckeye Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Residential growth has not eluded the School District over the past few years. Increasing numbers of housing developments are being approved by the townships. However, the current economic environment has reduced the number of developments being approved by the townships. Prices of new homes are in the \$180,000 to over \$500,000 price range. The new developments are attracting retirees, empty nesters, as well as young families to the area. Residential/Agricultural property contributes 80 percent of the School District's real estate valuation.

In May of 2010, a 6.5 mil property tax levy was placed on the ballot and was rejected. After this rejection, the School District placed a 6.8 mil property tax levy on the ballot on August 3, 2010 which was defeated as well. The School District made personnel cuts for the 2010-2011 school year affecting 12 positions. These positions affected all areas of our operation; custodial, busing, cafeteria, tutoring, teaching, and administrative positions. The School District's need for additional revenue will continue and therefore, the Board of Education has voted to place a 1% earned income tax on the ballot in November 2010 as an alternative to property tax levies.

Buckeye Local School District has committed itself to financial excellence for many years. The School District has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting since 1991.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the School District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Carolyn M. Weglewski, Treasurer at Buckeye Local School District, 3044 Columbia Road Medina, Ohio 44256.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 1 - Description of the School District

The Buckeye Local School District (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The School District operates under an elected Board of Education consisting of five members and is responsible for providing public education to residents of the School District.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements of the School District are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Buckeye Local School District, this includes general operations, food service and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves their budget, the issuance of their debt or the levying of their taxes. The School District has no component units.

The School District participates in three jointly governed organizations and two public entity risk pools. These organizations are the Northeast Ohio Network for Educational Technology, the Ohio Schools Council, Medina County Career Center, the Schools of Ohio Risk Sharing Authority and the Ohio Association of School Business Officials Workers' Compensation Group Rating Program. These organizations are presented in Notes 14, 15 and 16 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

The School District applies generally accepted accounting principles that were issued prior to November 30, 1989 by the Financial Accounting Standards Board ("FASB") to its governmental and proprietary funds provided they do not conflict with or contradict GASB pronouncements. The FASB has codified its standards and the standards issued prior to November 30, 1989 are included in the codification.

The most significant of the School District's accounting policies are described below.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The internal activities within “activity” types are eliminated to avoid “doubling up” revenues and expenses.

The statement of net assets presents the financial condition of the governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major governmental funds:

General Fund The general fund is the operating fund of the School District and is used to account for financial resources except those required to be accounted for in another fund.

Debt Service Fund The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Building Fund The building capital projects fund accounts for financial resources to be used for the acquisition, construction, or improvement of major capital facilities.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Proprietary Funds Proprietary funds are used to account for the School District's ongoing activities, which are similar to those found in the private sector. The School District's only proprietary fund is an internal service fund.

Internal Service Funds Internal service funds account for the financing of services provided by one department to other departments of the School District on a cost reimbursement basis. The only internal service fund of the School District accounts for a self-insurance program, which provides prescription and dental benefits to employees.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's private purpose trust fund accounts for scholarships specified in trust agreements. The School District's agency fund account for student activity programs.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All nonfiduciary assets and all liabilities associated with the operation of the School District are included on the Statement of Net Assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the Statement of Net Assets. The Statement of Changes in Fund Net Assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The Statement of Cash Flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities. The private purpose trust fund uses the economic resources measurement focus.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 30 days of year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: property tax advances, tuition, grants, fees and rentals.

Unearned/Deferred Revenue Unearned/deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as unearned/deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

E. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the object level within each fund. The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original revenue budgeted amounts in the budgetary statement reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final revenue budgeted amounts in the budgetary statement reflect the amounts in the final amended certificate issued during fiscal year 2010.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

F. Cash and Investments

The School District's equity in pooled cash and investments are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The School District has segregated a portion of cash balances, reported as "Cash and cash equivalents in segregated accounts" which are used for the construction projects.

During fiscal year 2010, investments were limited to the State Treasurer's Investment Pool, STAROhio, and repurchase agreements. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2010.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

Investments of the cash management pool and investments with a maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as "equity in pooled cash and investments". Investments with an original maturity of more than three months that are not made from the pool are reported as "investments".

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Investment earnings from bond proceeds are statutorily required to be credited to the building fund, which amounted to \$1,954 for fiscal year 2010. Interest revenue credited to the general fund was \$7,920, which includes \$4,070 assigned from other School District funds. The private purpose scholarship trust fund had investment earnings of \$133.

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expensed/expended when used. Inventories consist of expendable supplies held for consumption and purchased and donated food held for resale.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2010 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the internal service fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and are updated for additions and retirements during the year. Donated capital assets are recorded at their fair market value as of the date received. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives
Land	N/A
Construction in Progress	N/A
Land Improvements	10 - 20 Years
Buildings and Improvements	10 - 50 Years
Furniture and Equipment	5 - 20 Years
Vehicles	5 - 10 Years

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

J. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental column of the statement of net assets.

K. Compensated Absences

Compensated absences are absences for which employees will be paid, such as vacation or sick leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the School District and its employees are accounted for in the period in which such services are rendered or such events take place.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

In governmental funds, the liability for unpaid compensated absences is the unused reimbursable leave still outstanding following an employee's resignation or retirement.

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from the proprietary fund are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they have matured and are normally expected to be paid with expendable available financial resources. Bonds and certificates of participation are recognized as a liability on the fund financial statements when due.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At June 30, 2010, there were no net assets restricted by enabling legislation.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

N. Fund Balance Reserves

The School District reserves portions of fund balance which are legally segregated for specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation for expenditures. Unreserved fund balance indicates that portion of fund balance, which is available for appropriation in future periods. Fund balance reserves are established for encumbrances, and tax revenue unavailable for appropriation.

The reserve for tax revenue unavailable for appropriation represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriations under State statute.

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the School District, these revenues are charges for services for self-insurance programs. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as non-operating.

P. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 3 - Accountability

Fund balances at June 30, 2010 included the following individual fund deficits:

	Fund Balance
Nonmajor Governmental Funds:	
Food Service Fund	\$ 57,788
Athletic Fund	41,958
Teacher Development Fund	13
Nutrition Education and Training Program Fund	2,002
Title I Fund	12,000
Preschool Handicapped Fund	31
Improving Teacher Quality Fund	2,129
Miscellaneous Federal Grants Fund	187

The deficits in these nonmajor governmental funds resulted from adjustments for accrued liabilities. The general fund is liable for any deficit in these funds and will provide transfers when cash is required, not when accruals occur.

Note 4 - Budgetary Basis of Accounting

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual, is presented for the general fund on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
4. Advances in and advances out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statement to the budgetary basis statement on a fund type basis for the general fund.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Net Change in Fund Balance

GAAP Basis	\$	166,917
Net Adjustment for Revenue Accruals		(468,544)
Advance In		7,383
Advance Out		(58,352)
Net Adjustment for Expenditure Accruals		(163,007)
Adjustment for Encumbrances		<u>(347,143)</u>
Budget Basis	\$	<u><u>(862,746)</u></u>

Note 5 - Deposits and Investments

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts.

Protection of School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAROhio);
7. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District's deposits may not be returned to it. Protection of School District cash and deposits is provided by the Federal Deposit Insurance Corporation, as well as qualified securities pledged by the institution holding the assets. By law, financial institutions must collateralize all uninsured public deposits. The face value of the pooled collateral must equal at least 105 percent of uninsured public funds deposited. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

Custodial credit risk for an investment is the risk that in the event of failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. These securities, held by the counterparty and not in the School District's name, must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. The School District's policy is to invest money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

Deposits: The carrying value of the School District's deposits totaled \$(8,263) and the bank balances of the deposits totaled \$222,511. The entire bank balance was covered by federal depository insurance. Although the securities serving as collateral were held by the pledging institution in the pledging

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

Investments

Investments are reported at fair value. As of June 30, 2010, the School District had the following investments:

<u>Standard & Poors Rating</u>		<u>Fair Value</u>	<u>Investment Maturity 0 - 6 Months</u>	<u>% Total Investments</u>
N/A	Repurchase Agreement	\$ 649,743	\$ 649,743	12.54%
AAAm	STAROhio	4,530,875	4,530,875	87.46%
	Totals	<u>\$ 5,180,618</u>	<u>\$ 5,180,618</u>	<u>100.00%</u>

Interest Rate Risk: The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The School District's policy manages its exposure to fair value losses arising from increasing interest rates by limiting the modified duration of its investment portfolio to less than twenty-four months.

Credit Risk: The School District's investments at June 30, 2010 in STAROhio is rated AAAm by Standard & Poor's. The School District's investments in the federal agency securities that underlie the School District's repurchase agreement were rated Aaa by Moody's Investor Services.

Concentration of Credit Risk: The School District places no limit on the amount the School District may invest in any one issuer. More than 5 percent of the School District's investments are in the repurchase agreement and STAROhio which are 13 percent and 87 percent, respectively, of the School District's total investments, for the amounts listed above.

Note 6 – Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied annually, on all real and public utility property and business tangible personal property located within the School District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Real property taxes collected were based on assessed value equal to 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. The first payment is due December 31, and the remainder is payable by June 20. Under certain circumstances, State statute permits earlier or later payment dates to be established.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Public utility property taxes attached as a lien on December 31 of the prior year, were levied on April 1 and are collected with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies and railroads. The tax on general business and railroad property was eliminated in calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces the revenue lost by the School District due to the phasing out of the tax. In calendar years 2006-2010, the School District was fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

The assessed values upon which the fiscal year 2010 taxes were collected are:

	2009 Second Half Collections		2010 First Half Collections	
	Amount	Percent	Amount	Percent
Real Property:				
Residential/Agricultural	\$ 349,028,980	83.86%	\$ 353,695,910	83.04%
Commercial/Industrial	53,807,300	12.93%	58,445,630	13.72%
Tangible Personal Property:				
General	850,366	0.20%	420,528	0.10%
Public Utility	12,522,910	3.01%	13,362,710	3.14%
	<u>\$ 416,209,556</u>	<u>100.00%</u>	<u>\$ 425,924,778</u>	<u>100.00%</u>
Tax rate per \$1,000 assessed valuation	\$ 59.70		\$ 59.70	

The School District receives property taxes from Medina County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by year-end are available to finance current fiscal year operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property and public utility taxes which became measurable as of June 30, 2010 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the delayed settlement of personal property tax and the amount of real property taxes available as an advance at June 30 were levied to finance current year operations. The receivable is therefore offset by a credit to unearned/deferred revenue for that portion not intended to finance current year operations. The late settlement and the amount available as an advance at June 30 are recognized as revenue.

The amount available as an advance at June 30, 2010, was \$1,317,180 and is recognized as revenue. \$1,068,900 was available to the general fund, \$195,460 was available to the debt service fund and \$52,820 was available in the permanent improvements fund.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been recorded as deferred revenue.

Note 7 - Receivables

Receivables at June 30, 2010, consisted of accounts, taxes, intergovernmental and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. Intergovernmental receivable at June 30 consisted of excess costs in general fund of \$48,666 and grants receivable of \$807,165 in other governmental funds.

During 2007, the voters of Medina County passed a one-half percent sales tax to be used for capital improvements at all school districts within Medina County. Collection began in October 2007 for a period of 30 years. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. Sales tax is distributed to the school districts of the Medina County based on what is essentially a per pupil distribution formula. A receivable is recognized at year end for an estimated amount to be received based on calendar year 2010 county appropriations yet to be received as of June 30, 2010.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 8 - Capital Assets

Capital asset activity for the fiscal year ended June 30, 2010, was as follows:

	Balance 7/1/09	Additions	Reductions	Balance 6/30/10
Governmental Activities				
<i>Capital Assets, not being depreciated:</i>				
Land	\$ 773,495	\$ 0	\$ 0	\$ 773,495
Construction in progress	852,988	2,397,242	(852,988)	2,397,242
	<u>1,626,483</u>	<u>2,397,242</u>	<u>(852,988)</u>	<u>3,170,737</u>
<i>Capital Assets, being depreciated:</i>				
Land Improvements	1,781,388	25,796	0	1,807,184
Buildings and Improvements	30,552,555	1,009,090	0	31,561,645
Furniture and Equipment	2,564,945	177,659	(18,108)	2,724,496
Vehicles	1,965,125	449,400	(232,985)	2,181,540
	<u>36,864,013</u>	<u>1,661,945</u>	<u>(251,093)</u>	<u>38,274,865</u>
Total Capital Assets, being depreciated	36,864,013	1,661,945	(251,093)	38,274,865
Less Accumulated Depreciation:

Food Service Operations	61,212
Extracurricular Activities	7,177
Total Depreciation	\$ 1,055,383

Note 9 – Defined Benefit Pension Plans

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476 or by calling (800) 878-5853. It is also posted on SERS' Web site, www.ohsers.org, under Employers/Audit Resources.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2009 the amount was 9.09 percent and for fiscal year 2008 the amount was 9.16 percent. The contributions to SERS for pension obligations for the fiscal years ended June 30, 2010, 2009, and 2008 were \$343,745, \$218,285, and \$206,351, respectively; 50 percent has been contributed for fiscal year 2010 and 100 percent for the fiscal years 2009 and 2008. \$188,280 represents the unpaid contribution for fiscal year 2009, and is recorded as a liability within the respective funds.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling 1-888-227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the years ended June 30, 2010, 2009, and 2008 were \$1,163,373, \$1,171,025, and \$1,131,825, respectively. The full amount has been contributed for 2009 and 2008. For 2010, 83 percent has been contributed. Contributions to the DC and Combined Plans for fiscal year 2010 is available upon request. \$208,044 represents the unpaid contribution for fiscal year 2010, and is recorded as a liability within the respective funds.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the School Retirement System. As of June 30, 2010, three members of the Board of Education have elected Social Security. The contribution rate is 6.2 percent of wages.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 10 – Postemployment Benefits

A. School Employees Retirement System

The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by SERS for non-certified retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan included hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14 percent contribution to the Health Care Fund. At June 30, 2010, the health care allocation was .46 percent, at June 30, 2009 and 2008, the health care allocation was 4.16 percent and 4.18 percent, respectively. The District's contributions for the years ended June 30, 2010, 2009 and 2008 were \$12,373, \$137,963, and \$141,467 respectively; 50 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the minimum compensation level was established at \$35,800. For the School District during fiscal year 2010 this amounted to \$59,279.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2010, the actuarially required allocation was .76 percent and for fiscal years 2009 and 2008 the required allocation was .75 percent and .66 percent, respectively. The School District contributions for the fiscal years 2010, 2009 and 2008 were \$20,442, \$15,728, and \$14,868 respectively; 50 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System

The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Ohio law authorized STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14 percent employer contribution rate, 1 percent of covered payroll was allocated to Health Care Stabilization Fund for the years ended June 30, 2010, 2009 and 2008. The School District's contributions for health care for fiscal years ended June 30, 2010, 2009 and 2008 were \$89,490, \$90,079, and \$87,063, respectively.

Note 11 – Long Term Obligations

The changes in the School District's long-term obligations during the year consist of the following:

	Outstanding 7/1/2009	Additions	Reductions	Outstanding 6/30/2010	Amounts Due in One Year
Governmental Activities:

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

2000 School Facilities Construction and Improvement

On August 15, 2000, the School District issued \$10,000,000 general obligation bonds at 4.3-5.3 percent for the school facilities construction and improvements. These bonds were issued for a 25 year period with final maturity on December 1, 2025.

2001 School Facilities Construction and Improvement

On February 1, 2001, the School District issued \$10,000,000 general obligation bonds at 3.1-5.0 percent for the school facilities construction and improvements. The bonds were issued for a 24-year period with final maturity on December 1, 2025.

2002 School Facilities Construction and Improvement

On October 1, 2002, the School District issued \$3,700,000 general obligation bonds at 4.25 percent for the school facilities construction and improvements. These bonds were issued for a 23 year period with final maturity on December 1, 2025.

2007 General Obligation Bond Refunding

On September 6, 2007, the School District issued \$7,625,000 in general obligation bonds with an average interest rate of 4.21 percent to advance refund \$7,625,000 of outstanding School Facilities Construction and Improvement Bonds, 2000. The bond proceeds consisted of bond principal and \$550,932 of premium. The net proceeds of \$7,439,548 (after payment of \$185,452 in underwriting fees, insurance, and other issuance costs) was deposited into an irrevocable trust with an escrow agent to provide for future debt payments of the portion of school facilities construction and improvement bonds refunded. These bonds include serial and capital appreciation bonds. Current year additions amounted to \$34,749 which represents the accretion of discounted interest. As a result of this issue, a portion of the school facilities construction and improvement bonds are considered to be defeased and the liability has been removed. The School District advance refunded these bonds to reduce total debt service payments over the following 18 years by \$644,279 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$458,580.

All general obligation bonds will be paid from property taxes.

Compensated absences have been paid from the General and the Food Service Funds in prior years.

Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2010 are as follows:

Note 12 – Capitalized Lease

During fiscal year 2010, the School District entered into a lease-purchase agreement for construction of an addition to the elementary school. The School District is leasing the project site from Stifel, Nicolaus & Company, Inc. Stifel, Nicolaus & Company, Inc. assigned The Bank of New York Mellon Trust Company N.A. as Trustee, transferring rights, title and interest in the project to the Trustee. The School District is acting as an agent for the lessor, and is constructing the facilities from the proceeds provided by the lessor. As part of the agreement, The Bank of New York Mellon Trust Company N.A. deposited \$3,500,000, with a fiscal agent for the construction project. The Bank of New York Mellon Trust Company N.A. has sold certificates of participation in the building lease. The School District will make annual lease payments to The Bank of New York Mellon Trust Company N.A.. Interest rates range between 3.1 percent and 5.0 percent.

The Certificates maturing on and after January 15, 2018 are subject to redemption prior to maturity, at any time on or after July 15, 2017, in whole upon the exercise by the School District of its option to purchase the project facilities pursuant to the lease or in whole or in part in connection with the refunding of Certificates, at the redemption price of 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

As of June 30, 2010, \$2,393,777 of capital assets acquired by lease has been capitalized as construction in progress, the remaining funds have not been disbursed as of June 30, 2010 and will be capitalized as disbursed. Principal payments in fiscal year 2010 totaled \$0. Payments will be made on the lease from the capital grants fund.

Note 13 – Interfund Transactions

The interfund activity represents advances from the General Fund in the amount of \$58,352 to nonmajor Special Revenue funds in anticipation of federal grant reimbursements.

During the year, the School District transferred \$132,873 from the General Fund to the Athletic Fund and \$96,615 to the Food Service Fund to reduce deficits.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 14 – Jointly Governed Organizations

A. Northeast Ohio Network for Educational Technology (NEOnet)

The Northeast Ohio Network for Educational Technology (NEOnet) is a jointly governed organization among 27 school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of these schools supports NEOnet based upon a per pupil charge dependent upon the software package utilized. The NEOnet assembly consists of a superintendent or designated representative from each participating school district and a representative from the fiscal agent. NEOnet is governed by a Board of Directors chosen from the general membership of the NEOnet Assembly. The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and at least three at-large Assembly members. During the fiscal year 2010 the District contributed \$69,420 to NEOnet. Financial information can be obtained by contacting the Treasurer at the Educational Service Center of Summit County, who serves as the fiscal agent, at 420 Washington Avenue, Cuyahoga Falls, OH 44221.

B. Ohio Schools' Council (OSC)

The Ohio Schools' Council (OSC) is a jointly governed organization comprised of 72 school districts. The jointly governed organization was formed for the purpose of promoting cooperative agreements and activities among its members in dealing with problems of mutual concern such as a media center, gas consumption, food service, and insurance. Each member provides operating resources to OSC via a monthly administrative fee and an actual usage charge, except for insurance.

The OSC assembly consists of a superintendent or designated representative from each participating school district and the fiscal agent. OSC is governed by a Board of Directors chosen from the general membership. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Ohio Schools' Council at 8001 Brecksville Road, Brecksville, Ohio 44141.

C. Medina County Career Center

The Medina County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board, consisting of one representative from each participating school district's elected board, which possesses its own budgeting and taxing authority. Accordingly, the Medina County Career Center is not part of the District and its operations are not included as part of the reporting entity. The Career Center provides vocational programs for District high school students. Financial information can be obtained by contacting the Treasurer at the Medina County Career Center, 1101 West Liberty Street, Medina, Ohio 44256.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 15 – Risk Management

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2010 the School District participated in the Ohio Schools Council’s property and fleet insurance program that contracted with the Schools of Ohio Risk Sharing Authority (SORSA) for all coverage.

<u>Type of Insurance</u>	<u>Coverage</u>
Property	\$ 65,260,115
Equipment Breakdown	50,000,000
Crime	100,000
Fleet Insurance, Single Limit	4,000,000
Fleet Insurance, Uninsured	1,000,000
General Liability, per Occurance	4,000,000
General Liability, Aggregate	6,000,000
Professional Liability	4,000,000
Public Employees Blanket Bond	100,000
Public Officials Bond: Treasurer	20,000
Public Officials Bond: Superintendent	10,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

B. Workers’ Compensation

The School District participates in the Ohio Association of School Business Officials Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP.

C. Dental and Prescription Drug

The School District operates and manages employee dental and prescription drug benefits on a self-insured basis; using an internal service fund to account for its dental and prescription drug coverage. The School District pays monthly contributions that are placed in a common fund from which eligible claims are paid for employees and their covered dependents. The monthly premium paid by the School District for dental benefits is \$83.92 for single and for family coverage. Employees with single or family coverage paid \$9.32 per month. The monthly premium paid by the School District for prescription benefits is \$240.34 for single and for family coverage. Employees with single or family coverage paid

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

\$26.70 per month.

The claims liability was estimated to be \$27,734 at June 30, 2010. This is based on the requirements of GASB Statement No. 30 which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. The changes in the fund's claim liability amount in fiscal years 2009 and 2010 were:

	Balance Beginning of Year	Current Year Claims	Claim Payments	Balance End of Year
2009	\$ 26,689	\$ 688,486	\$ 684,762	\$ 30,413
2010	\$ 30,413	\$ 753,660	\$ 756,339	\$ 27,734

D. Health Insurance

The School District has contracted with Medical Mutual to provide medical/surgical benefits for its employees and their covered dependents. The School District provides vision insurance benefits and also provides life insurance and accidental death and dismemberment insurance to employees.

Note 16 – Risk Sharing Pool

The School District participates in the Schools of Ohio Risk Sharing Authority (SORSA), a risk sharing pool with over 65 members. SORSA is a 100 percent member-owned, non-profit insurance risk pool owned and governed by the school district members. SORSA is governed by a Board of Directors comprised of representatives of school districts that participate in the program.

SORSA has agreements with several separate organizations whereby each provides certain administrative, executive, accounting, marketing, underwriting, claim settlement, legal council and other services to SORSA and its members. Pursuant to participation agreements with SORSA, each member school district agrees to pay all funding rates associated with the coverage elected. This coverage includes comprehensive general liability, property insurance and automobile liability insurance. To obtain a copy of the SORSA financial statements, write the SORSA Executive Director at 8050 North High Street, Suite 160, Columbus, Ohio 43235-6483.

Note 17 – Contingencies

The District receives financial assistance from numerous federal and state agencies that is subject to financial and compliance audits. Such audits could lead to a request for reimbursement to the grantor agency for disallowed expenditures. Management believes that such disallowances, if any, would not materially affect the District's financial position.

Buckeye Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Note 18 - Set-Asides

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the year end set-aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

	Capital Improvement Reserve	Textbook Instructional Materials Reserve	Total
Set-Aside Carryover Balance as of June 30, 2009	\$ 0	\$ (446,850)	\$ (446,850)
Current Year Set-Aside Requirement	373,145	373,145	746,290
Qualifying Disbursements	(605,066)	(402,669)	(1,007,735)
Total	<u>\$ (231,921)</u>	<u>\$ (476,374)</u>	<u>\$ (708,295)</u>
Balance Carried Forward to FY 2011	<u>\$ 0</u>	<u>\$ (476,374)</u>	<u>\$ (476,374)</u>

The School District had qualifying disbursements during the year that reduced the textbook reserve set-asides below zero. These extra amounts may be used to reduce the set-aside requirement in future fiscal years.

Note 19 – Contractual Commitments

As of June 30, 2010, the School District had contractual commitments for the expansion and renovations of the primary and intermediate school buildings of \$2,499,504. Of that amount \$2,397,243 has been expended leaving a balance of \$102,262.

*Combining Statements for
Nonmajor Governmental Funds
and
Individual Fund Schedules for
Governmental Funds*

Buckeye Local School District

Combining Statements – Nonmajor Funds

Nonmajor Special Revenue Funds

The Special Revenue Funds are used to account for the proceeds of specific sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. The title of each special revenue fund is descriptive of the activities accounted for therein. The special revenue funds are:

Public School Support Fund - This fund accounts for school site sales revenue and expenditures for field trips, assemblies, and other activity costs approved by board resolutions.

Local Grants Fund - This fund accounts for funds received to promote community involvement and volunteer activities between the school and community.

Underground Storage Tank Fund - This fund accounts for the financial responsibility rules of the State Fire Marshall to cover insurance deductible.

Athletics Fund - This fund accounts for gate receipts and other revenues from athletic events and all costs (except personnel services) of the District's Athletic Program.

Teacher Development Fund – This fund accounts for State monies in support of locally developed seminars and workshops for staff development.

Management Information Systems (MIS) Fund - This fund accounts for State monies that are used solely for costs associated with the requirements of the management information system.

Data Communications Fund – This fund accounts for State monies that provide for equipment and other costs associated with the development of data communication systems.

Parity Aide Fund – This fund is used to account for monies appropriated for poverty based assistance as part of the state foundation system. Programs included are academic intervention, all-day kindergarten, class-size reduction, limited English proficient students, professional development, dropout prevention and community outreach.

School Building Incentives Fund – This fund accounts for monies awarded to school buildings of a school district with great improvement in proficiency testing by the State. This money is to be used for building teams for continuous improvement.

Title VI-B Fund - This fund accounts for Federal monies to assist schools in identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

Buckeye Local School District

Combining Statements – Nonmajor Funds

Nonmajor Special Revenue Funds (continued)

Fiscal Stabilization Fund - This fund accounts for State and Federal revenues from the Education State Fiscal Stabilization Fund to help minimize or avoid reductions in education and essential services.

Title II-D Fund – This fund accounts for Federal monies used primarily for assistive mobility and learning devices for orthopedically handicapped students.

Nutrition Education and Training Program Fund - This fund accounts for monies used to educate children participating or eligible to participate in school lunch and nutrition programs.

Title I Fund - This fund accounts for Federal revenues to implement a variety of programs intended to provide supplemental instruction for children of low income families identified as educationally disadvantaged.

Innovative Education Program Strategy Fund - This fund accounts for Federal revenues that support the implementation of a variety of programs (drug/alcohol abuse, computer education) to benefit children attending public and provide non-profit schools within the community.

Drug-Free School Fund - This fund accounts for Federal revenues that support the implementation of programs for drug abuse education and prevention.

Preschool Handicapped Fund - This fund accounts for Federal monies that provide for the cost of developing a public preschool.

Improving Teacher Quality Fund – This fund accounts for Federal monies used for reduction of class size in grades kindergarten through third.

Miscellaneous Federal Grants Fund – This fund accounts for Federal monies received to help fund technology needs for handicapped students.

Special Trust Fund – This fund accounts for monies held by School District in a trustee capacity for individuals and/or private organizations that benefit the student body or the local community.

Food Service Fund – This fund accounts for financial activity related to the food service operations of the School District.

Uniform School Supplies Fund – This fund accounts for financial activity related to the purchase and sale of school supplies as adopted by the Board of Education for use within the School District.

Latchkey Fund – This fund accounts for financial activity related to providing day care services for district students before school, after school, and during the summer.

Buckeye Local School District

Combining Statements – Nonmajor Funds

Nonmajor Capital Projects Funds

Capital Projects Funds are used to account for financial resources used for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary funds.

Permanent Improvement Fund - This fund accounts for all transactions related to the acquiring, constructing, or improving of such permanent improvements as are authorized by Chapter 5705, Revised Code.

County Sales Tax Fund – This fund accounts for county sales tax charged in Medina County, collected by State of Ohio (1/2 %) distributed back to Medina County which distributes back to the Medina County school districts on a per pupil basis. This money can only be used for capital projects for the individual districts.

Internal Service and Fiduciary Funds

Internal Service Fund

Self Insurance Fund- This fund accounts for the self-insurance program which provides prescription and dental benefits to employees.

Fiduciary Funds

Scholarship Private Purpose Trust Fund - This fund accounts for donations to be used for scholarships. The income may be expended, but the principal must remain intact.

Agency Fund - This fund reflects resources that belong to the student bodies of various schools, accounting for sales and other revenue generating activities.

Statistical Section

Statistical Section

This part of the Buckeye Local School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the School District's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time.	S-2 - S-13
Revenue Capacity These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.	S-14 - S-18
Debt Capacity These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future.	S-19 - S-24
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the School District's financial activities take place.	S-25 - S-26
Operating Information These schedules contain service data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs.	S-27 - S-32

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The School District implemented GASB 34 in 2001; schedules presenting government-wide information include information beginning in that year.

- (1) Real estate value is assessed at 35% of actual value.
- (2) Public utility personal is assessed at 88% of actual value and general business tangible personal property was assessed in previous years at 25% for machinery and equipment and 23% for inventories. General business tangible personal property tax was phased out beginning 2006. For collection year 2006, both types of general business tangible personal property were assessed at 18.75%. The percentage was 12.5% for 2007, 6.25% for 2008 and zero for 2009 and thereafter.
