Board of Trustees Hocking Technical College 3301 Hocking Parkway Nelsonville, Ohio 45764

We have reviewed the *Independent Auditor's Report* of the Hocking Technical College, Athens County, prepared by Millhuff-Stang, CPA, Inc., for the audit period July 1, 2009 through June 30, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Hocking Technical College is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Board of Trustees Hocking Technical College 3301 Hocking Parkway Nelsonville, Ohio 45764

We have audited the accompanying financial statements of the business-type activities of Hocking Technical College, Athens County (the College), and its discretely presented component unit, as of and for the year ended June 30, 2010, which collectively comprise the College's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Hocking Technical College, Athens County as of June 30, 2010, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2010 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide on opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The schedule of expenses by function and object is not a required part of the College's basic financial statements. The accompanying schedule of federal awards revenues and expenditures is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements take as a whole.

Management's Discussion and Analysis

The discussion and analysis of Hocking Technical College's (the College) financial statements provides an overview of the College's financial activities for the fiscal year ended June 30, 2010. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College's management.

Management's Discussion and Analysis (MD&A) is an element of the reporting models adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34 "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" and Statement No. 35 "Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities." Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Using this Report

This annual report consists of a series of financial statements and notes to those statements. These statements are presented following the requirements of GASB Statement No. 34 and Statement No. 35, and are organized so the reader can understand the College as a financial whole, an entire operating entity.

This discussion and analysis is intended to serve as an introduction to the College's basic financial statements. The College's basic financial statements are comprised of two components: the government- wide financial statements and notes to the basic financial statements.

Financial Highlights

The College's financial position increased during the fiscal year ended June 30, 2010. The current assets decreased \$0.7 million or 3.8% from the previous fiscal year due primarily to a decrease in intergovernmental receivables. The capital assets increased \$1.3 million or 3.1% from the previous fiscal year due primarily to an increase in buildings. The current liabilities decreased \$0.3 million or 3.0% from the previous fiscal year due primarily to a decrease in deferred revenue. The long-term liabilities decreased \$0.5 million or 8.9% from the previous fiscal year due to principal payments made on capital lease obligations.

During the fiscal year ended June 30, 2010, the College's revenue and other support exceeded expenses creating an increase in net assets of \$1.3 million (the College experienced a \$3.9 million increase in the previous fiscal year).

The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets

One of the most important questions asked about the College's finances is, "Is the College as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets report information on the College as a whole and on its activities in a way that helps answer this question. When revenues and other support exceed expenses, the result is an increase in net assets. When the reverse occurs, the result is a decrease in net assets. The relationship between revenues and expenses may be thought of as the College's operating results.

These two statements report the College's net assets and changes in them. You can think of the difference between assets and liabilities as one way to measure the College's financial health, or financial position. Over time, increases or decreases in the College's net assets are one indicator of whether its financial health is improving or deteriorating.

You will need to consider many other nonfinancial factors, such as the trend in College applicants, student retention, condition of the buildings, and strength of the faculty, to assess the overall health of the College.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The following is a comparative analysis of the major components of the net assets of the College:

^{*} Certain reclassifications have been made for consistency in reporting between years.

Operating Revenues

Operating revenues include all transactions that result from the sales of goods and services such as tuition and fees, educational department transactions and auxiliary service fees from Hocking Residence Hall, and operations of the College Bookstore, The Inn at Hocking College and Hocking Hills Travel Agency. In addition, certain federal, state, and local grants are considered operating if they are not for capital purposes and are considered a contract for services.

Operating revenue changes were primarily the result of the following factors:

 Student tuition and fee revenue increased \$2.8 million or 15.1 % and the increase is primarily the result of increased course fees due to expanding courses offered and increased enrollment.

Operating Expenses

Operating expenses are all the costs necessary to perform and conduct the programs and primary purposes of the College. The operating expense changes were primarily the result of the following factors:

- Scholarship and fellowship costs increased \$3.9 million or 69.6 % due to an increase in scholarship funds available for disbursement, which increases both tuition and fee revenues, and scholarship and fellowship expenses.
- Instructional and departmental research costs increased \$2.2 million or 8.7 % primarily as a result of increased spending for salaries and benefits and increases in rental and repair costs.
- Operation and maintenance of plant costs increased \$ 0.6 million or 28.6 % due primarily to the College expanding the number of buildings and campuses that need to be maintained.

Nonoperating Revenues

Nonoperating revenues are all revenue sources that are primarily nonexchange in nature. They consist primarily of certain federal grants, State appropriations and investment income.

Nonoperating revenue increase is the result of increased student financial aid awards and the new State fiscal stabilization funds.

Other Revenues

Other revenues consist of items that are typically nonrecurring, extraordinary, or unusual to the College. Examples are State of Ohio capital appropriations, and capital grants and gifts from local sources.

The change in other revenues was primarily the result of a decrease in Capital Appropriations from the State of Ohio due to the College's improvements and construction during the fiscal year which was lower than the previous year.

Statement of Cash Flows

Another way to assess the financial health of a College is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The Statement of Cash Flows also helps users assess:

- An entity's ability to generate future net cash flows;
- Its ability to meet its obligations as they come due; and
- Its need for external financing.

Cash Flows for the Year (in millions)				
	2010	2009*	Increase (Decrease)	Percent Change
Net Cash from: Operating Activities	(\$30.1)	(\$26.9)	(\$3.2)	(11.9%)
Noncapital Financing Activities	31.2	26.7	4.5	16.9%
Capital and Related Financing Activities	(1.7)	(1.1)	(0.6)	(54.5%)
Investing Activities	(0.9)	0.7	(1.6)	(2,285.7%)
Net Increase (Decrease) in Cash	(1.5)	(0.6)	(0.9)	(1,500.0%)
Cash - Beginning of Year	4.3	4.9	(0.6)	(12.2%)
Cash - End of Year	\$2.8	\$4.3	(\$1.5)	(34.9%)

^{*} Certain reclassifications have been made for consistency in reporting between years.

The major sources of cash from operating activities are tuition and fees, grants and contracts and auxiliary service charges. Cash outlays include payments for wages, benefits, supplies, utilities, contractual services, and scholarships and fellowships. Overall, net cash from operating activities decreased due to increases in expenses exceeding increases in revenues.

State appropriations and certain federal grants are the primary sources of cash from noncapital financing activities. The reporting standards require that the College reflect these sources of revenue as nonoperating even though the budget of the College depends heavily on these sources to continue the current level of operations. Federal grants increased due to an increase in authorized awards to students in addition to increased enrollment.

The major sources of cash from capital and related financing activities this year is from capital appropriations from the State of Ohio, while cash outlays include payments for the construction project and other capital assets, and principal paid on the leases that were incurred to acquire these capital assets. Net cash from capital and related financing activities decreased due primarily to the payments made for the construction project, which exceeded capital appropriations.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2010, the College had \$43.5 million invested in capital assets, net of accumulated depreciation of \$21.4 million. Depreciation charges totaled \$1.4 million for the current fiscal year compared to \$1.3 million last year. Details of these assets for the past two years are shown below.

Capital Assets - Net of Accumulated Depreciation as of June 30 (in millions)				
	2010	2009	Increase (Decrease)	
Land	\$5.0	\$5.0	\$0.0	
Construction in Progress	0.0	2.2	(2.2)	
Land Improvements	1.3	1.2	0.1	
Buildings and Improvements	34.8	31.4	3.4	
Furniture, Fixtures, and Equipment	2.0	2.0	0.0	
Vehicles/Fleet	0.4	0.4	0.0	
Total	\$43.5	\$42.2	\$1.3	

The major capital addition this year was \$2.1 million for the work performed during the year on the Energy Center in Logan that was completed this year, in addition the reclassification of construction in progress also to the buildings and improvements classification.

More detailed information about the College's capital assets is presented in the notes to the financial statements.

Debt

At June 30, 2010, the College had \$5.5 million in debt outstanding versus \$6.1 million the previous year. The table below summarizes these amounts by type of debt instrument.

Long-Term Debt Outstanding as of June 30 (in millions)				
	2010	2009	Increase (Decrease)	
Bond Anticipation Notes	\$4.5	\$4.5	\$0.0	
Lease Obligations	1.0	1.6	(0.6)	
Total	\$5.5	\$6.1	(\$0.6)	

More detailed information about the College's long-term liabilities is presented in the notes to the financial statements.

Economic Factors That Will Affect the Future

The economic position of the College is closely tied to that of the State. Because of limited economic growth and limited State resources, the current State budget projects that its funding to the College will decrease for the fiscal year ended June 30, 2011. Appropriations for the upcoming fiscal year are projected at \$14.8 million, which is \$1.8 million or 10.8% less than the State support in the previous year. Tuition rates have increased 3.5% per year for fiscal year 2010 and fiscal year 2011, the limit set by the Ohio Legislature.

The College experienced 15% growth in fiscal year 2010 and is anticipating approximately 8% growth in fiscal year 2011.

The College's current financial plans indicate that the loss of State resources will be offset by the increase in tuition rates and the additional revenue generated from student enrollment growth. These additional financial resources generated from the foregoing performance will enable it to maintain its present level of educational services.

NOTE 1 - DESCRIPTION OF THE COLLEGE AND REPORTING ENTITY

A. Description of the College

Hocking Technical College (the College) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio (the State).

The College was formed after the creation of a technical college district, as defined in Chapter 3357 of the Ohio Revised Code. The College operates under the direction of an appointed nine-member Board of Trustees. Three members of this board are appointed by the Governor of the State. The remaining six members are appointed by a caucus of the county, city and exempted village school districts' boards of education that operate in the technical college district. A President is appointed by the Board of Trustees to oversee day-to-day operations of the College. An appointed Vice-President of Financial Services is the custodian of funds and investment officer, and is also responsible for the fiscal controls of the resources of the College which are maintained in the funds described below.

The College is an institution of higher learning dedicated to providing the residents of the technical college district with a low-cost higher education in various academic and vocational technologies, leading to a two-year associate degree.

B. Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the College are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the College.

Component units are legally separate organizations for which the College is financially accountable. The College is financially accountable for an organization if the College appoints a voting majority of the organization's governing board and (1) the College is able to significantly influence the programs or services performed or provided by the organization; or (2) the College is legally entitled to or can otherwise access the organization's resources; the College is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the College is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the College in that the College approves the budget, the issuance of debt, or the levying of taxes.

The Inn at Hocking College and Hocking Hills Travel are considered a part of the reporting entity of the College and are included in the College's financial statements as Auxiliary Services.

The Hocking College Foundation, Inc. (the Foundation), is not a part of the primary government of the College, but due to its relationship with the College, it is discretely presented as a component unit within the College's financial statements. The Foundation is a nonprofit corporation fund-raising organization, dedicated solely to raising scholarships and other funds for the benefit of the College. Specific disclosures relating to the component unit can be found in Note 17.

NOTE 1 - DESCRIPTION OF THE COLLEGE AND REPORTING ENTITY - Continued

The Southeast Ohio Probation Treatment Alternative Center (SEPTA) is a legally separate organization, but only the assets being held and a corresponding liability are included in the financial statements, since the College acts only as fiscal agent for them.

The College is not considered to be a component unit of the State.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting and Presentation

The financial statements of the College have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when they have been reduced to a legal or contractual obligation to pay, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, and Statement No. 35, Basic Financial Statements - and Management's Discussion - and Analysis for Public Colleges and Universities, issued in June and November, 1999. The College now follows the "business-type activities" reporting requirements of GASB Statement No. 34 that provides a comprehensive one-column look at the financial activities of the College.

The College also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its business-type activities provided they do not conflict with or contradict GASB pronouncements. Additionally, the College has the option of applying FASB statements and interpretations issued after November 30, 1989, provided they do not conflict with or contradict GASB pronouncements.

The College maintains separate accounting records for approximately 31 funds, to help assure proper accountability over financial resources restricted to the respective funds. Management has consolidated these funds in these financial statements.

B. Budgetary Process

The budget is an annual plan for the financial operations of the College that establishes a basis of control and evaluation of activities financed through the current funds of the College. Formal adoption of the budget into the accounting records is not legally mandated and thus, the College does not integrate the budget into its accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C. Appropriations

To provide control over expenditures, a budget is prepared by the Vice-President of Finanical Services with input from other administrative deans and presented to the Board of Trustees for their approval near the beginning of the fiscal year. To account for major developments that occur during the first six months, a revised budget may be prepared and presented to the Board for their approval in January of the same fiscal year.

D. Encumbrances

The College utilizes an encumbrance system of accounting to record purchase orders, contracts and other commitments for materials or services as a measure of budgetary control over appropriations. Encumbrances outstanding at June 30, 2010 do not constitute expenses or liabilities and are not reflected in the financial statements.

E. Cash and Investments

To improve cash management, all cash received by the College is pooled in a central bank account, except for the cash received for The Inn at Hocking College and Hocking College Foundation, Inc., which are held separately from the cash management pool of the College. For internal control and accountability purposes, individual fund integrity is maintained through the College records. During fiscal year 2010, investments were limited to certificates of deposit with local institutions, money markey funds, municipal bonds, mutual funds, and stocks.

The College makes investments in accordance with the Board of Trustees' policy, which conforms to the authority granted in the Ohio Revised Code. The purchase of specific investment instruments is at the discretion of the College's Vice-President of Financial Services within these policy guidelines.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

For purposes of the presentation on the Statement of Net Assets, investments of the cash management pool or investments with a maturity of three months or less at the time they are purchased by the College are considered to be cash equivalents.

F. Accounts Receivables

Receivables at June 30, 2010 consist primarily of student tuition and fees, and auxiliary sales and services. Receivables are reported at net using the direct write-off method.

G. Inventory

Inventories consist primarily of books and supplies of the bookstore and the warehouse stores inventories which are stated at the lower of cost or market determined on the first-in-first-out (FIFO) basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

H. Capital Assets

Capital assets with a unit cost of over \$5,000 are recorded at cost at the date of acquisition, or if donated, at fair market value at the date of donation. The College has no significant infrastructure assets. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Expenses for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.

Asset Description	Estimated Useful Life (Years)
Land Improvements	5
Buildings and Improvements	20-50
Furniture, Fixtures, and Equipment	5-15
Vehicles/Fleet	3-5

I. Compensated Absences

The College records a liability for sick leave and vacation when the obligation is attributable to services previously rendered, to rights that vest or accumulate, and where payment of the obligation is probable and can be reasonably determined.

J. Pensions

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

K. Operating Revenues

All revenues from programmatic sources are considered to be operating revenues. Included in nonoperating revenues are certain federal grants and contracts, state appropriations, investment income, and gifts.

L. Scholarship Allowances and Student Aid

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid such as loans, funds provided to students as awarded by third parties, and Federal Direct Lending is accounted for as a third party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduces revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a cash basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

M. Federal Financial Assistance Programs

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, Federal Direct Lending, and various other federal programs. Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, the U.S. Office of Management and Budget Revised Circular A-133, *Audit of States, Local Governments and Non-Profit Organizations*, and the OMB Compliance Supplement.

During the fiscal year ended June 30, 2010, the College processed \$29,514,276 for direct lending through the U.S. Department of Education, which is not included as revenues and expenses on the accompanying financial statements.

N. Net Assets

GASB Statement No. 34 reports equity as "net assets" rather than "fund balance." Net assets are classified according to external donor restrictions or availability of assets for satisfying obligations of the College. Expendable restricted net assets represent funds that have been gifted for specific purposes and funds held in federal and state programs.

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the policy of the College is to first apply restricted resources.

The unrestricted net asset balance of \$5,570,286 at June 30, 2010 includes \$947,704 held for auxiliary services, with \$4,622,582 remaining for use at the College's discretion.

O. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CASH AND INVESTMENTS

State statutes classify monies held by the College into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the College treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the College has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are public deposits which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

NOTE 3 - CASH AND INVESTMENTS - Continued

Public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation (FDIC), or may pledge a pool of government securities equal to at least 105% of the total value of public funds on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the College's name. During fiscal year 2010, the College complied with the provisions fo these statutes.

Interim monies are permitted to be deposited or invested in the following securities:

- a. United States Treasury Notes, Bills, Bonds, or other obligations or securities issued by the United States Treasury, or any other obligations guaranteed as to principal and interest by the United States;
- b. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- c. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement exceeds the principal value of the agreement by at least two percent and be marked to fair value daily, and that the term of the agreement must not exceed thirty days;
- d. Bonds and other obligations of the State;
- e. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
- f. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for arbitrage, the use of leverage and short selling are also prohibited. Any investments must mature within five years from the date of purchase unless matched to a specific obligation or debt of the College, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements" and GASB Statement No. 40, "Deposit and Investment Risk Disclosures".

NOTE 3 - CASH AND INVESTMENTS - Continued

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of th public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the College.

At June 30, 2010, the carrying amount of all College deposits was \$7,422,112. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2010, \$6,749,114 of the College's bank balance of \$8,167,144 was exposed to custodial risk as discussed above while \$1,418,030 was covered by Federal Deposit Insurance. The \$6,749,114 exposed to custodial risk was collateralized with securities held by the College or its agency in the College's name.

Investments: As of June 30, 2010, the College had the following investments and maturities:

Investment Type	Fair Value	6 Months or Less	
Common Stock	\$71,619	\$71,619	
Totals	\$71,619	\$71,619	

The classification of cash and cash equivalents, and investments in the financial statements is based on criteria set forth in GASB Statement No. 9, "Reporting Cash Flows of Proprietary and Non-Expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting". For purposes of the Statement of Cash Flows, cash and cash equivalents include investments of the cash management pool and investments with maturities of three months or less at the time of their purchase by the College.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the College's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy does not address credit risk beyond the requirements of the Ohio Revised Code. The credit ratings of the College's investments at June 30, 2010 are as follows:

:k
586
495
123
322
93
619

NOTE 3 - CASH AND INVESTMENTS - Continued

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the College's securitites are either insured and registered in the name of the College or at least registered in the name of the College. The College has no investment policy dealing with investment custodial credit risk beyond the requirements in the state statute that prohibit the payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College places no limit on the amount that may be invested in any one issuer. The College holds 100% of investments in common stock.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2010 was as follows:

	Balance at July 1, 2009	Additions	Reductions	Balance at June 30, 2010
Nondepreciable Capital Assets:

NOTE 5 - TERM-ENDOWMENTS

In 1987, the College was awarded \$446,499 from the U.S. Department of Education to create a term endowment (Corpus I). The stipulation to receiving this award was that the College had to match this grant dollar for dollar and the corpus as well as interest earned on the corpus must be preserved for 20 years. In 1989, the College was awarded an additional \$193,313 from the U.S. Department of Education (Corpus II) with the same stipulation.

According to the grant agreements, only the interest earned on the matching funds of the College is available and can be used for current operations of the College until the 20 year term has ended. The College has only used \$474,736 of the interest earned to this date and has reinvested the remaining interest into the term endowments. As of June 30, 2010, the 20 year term has ended for both of the endowments, and therefore the total principal and interest earnings of \$3,028,975 is released from restriction and reflected as unrestricted net assets on the Statement of Net Assets.

NOTE 6 - STATE SUPPORT

The College is a state-assisted institution of higher education which receives a student based subsidy from the State. This subsidy is determined annually based upon a formula devised by the Ohio Board of Regents.

In addition to the student subsidies, the State provides the funding and constructs major plant facilities on the College's campus. The funding is obtained from the issuance of special obligation bonds by the Ohio Public Facilities Commission (OPFC), which in turn causes the construction and subsequent lease of the facility by the Ohio Board of Regents. Upon completion of a facility, the Board of Regents turns over control to the College, which capitalizes the cost thereof. Neither the obligation for the special obligation bonds issued by the Ohio Public Facilities Commission nor the annual debt service charges for principal and interest on the bonds are reflected in the financial statements of the College. These are currently being funded through appropriations to the Ohio Board of Regents by the Ohio General Assembly.

The facilities are not pledged as collateral for the special obligation bonds. Instead, the bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of the State. If sufficient monies are not available from this fund, a pledge exists to assess a special student fee uniformly applicable to students in state-assisted institutions of higher education throughout the state. As a result of the above described financial assistance provided by the State to the College, outstanding debt issued by the Ohio Public Facilities Commission is not included on the Statement of Net Assets of the College. In addition, appropriations by the Ohio General Assembly to the Ohio Board of Regents for payment of debt service charges are not reflected in the appropriations received by the College, and the related debt service payments are not recorded in the accounts of the College.

NOTE 7 - LONG-TERM LIABILITIES

Long-term liabilities of the College consist of lease obligations, bond anticipation notes, and compensated absences payable. The change in long-term liabilities are as shown below:

	Balance at July 1, 2009	Additions	Reductions	Balance at June 30, 2010	Due Within One Year
Leases and Notes Payable: Lease Obligations; 5.75 - 6.25%	\$1,590,739	\$0	\$591,004	\$999,735	\$588,369
Bond Anticipation Notes; 3.81%	1,498,899	0	0	1,498,899	0
Bond Anticipation Notes; 4.24%	3,000,000	0	0	3,000,000	0
Total Leases and Notes Payable	6,089,638	0	591,004	5,498,634	588,369
Other Liabilities: Compensated Absences Payable	894,219	923,691	822,162	995,748	765,842
Total Other Liabilities	894,219	923,691	822,162	995,748	765,842
Total Long-Term Liabilities	\$6,983,857	\$923,691	\$1,413,166	\$6,494,382	\$1,354,211

The College issued a bond anticipation note in the amount of \$3,000,000 at 3.81% interest dated October 27, 2005 for the purpose of providing funds to pay a portion of the cost of enlarging and renovating the College's hospitality training centers. The note matures and principal is due and payable October 27, 2011.

The College issued a bond anticipation note in the amount of \$3,000,000 at 4.24% interest dated September 7, 2007 for the purpose of designing, constructing and equipping a building to house the Hocking Energy Institute's energy technology center. The note matures and principal is due and payable on September 7, 2013.

NOTE 8 - CAPITAL LEASES - LESSEE DISCLOSURES

The College is obligated under certain leases that are accounted for as capital leases. As of June 30, 2010, \$999,735 in capital lease obligations (excluding interest payments) were payable for computer equipment for the administrative office, maintenance equipment for the main campus, equipment for culinary kitchen and lab and POS system for the bookstore. These leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

Capital assets acquired by lease have been capitalized in the Statement of Net Assets in the amount of \$3,221,512. A corresponding long-term liability was recorded on the Statement of Net Assets. Principal payments in fiscal year 2010 totaled \$591,004.

NOTE 8 - CAPITAL LEASES - LESSEE DISCLOSURES - Continued

The following is a schedule of future minimum lease payments under these capital leases, together with the net present value of the minimum lease payments as of June 30, 2010.

Fiscal Year Ending June 30	Equipment (2007)	Equipment (2006)	Culinary Kitchen and Lab Equipment	Culinary Kitchen Equipment	Computer Equipment	Equipment (2009)	Total

NOTE 9- OPERATING LEASES

The College leases dormitory buildings and appurtenances from The Hocking College Foundation, Inc. The lease for the Hocking Heights Dormitory is a noncancelable lease which expires March 1, 2062. Monthly rental payments are due and payable through April 2013. There is no base rental due after April 2013. The lease for two other dormitories is also a noncancelable lease. Annual payments are due in the amount of the annual debt service requirements of the Foundation. The following is a schedule of minimum lease payments for the next fixe years under the operating leases together with interest:

Fiscal Year	Hocking Heights	Student	
Ending	Dormitory	Housing	Total
2011	\$154,192	\$1,170,944	\$1,325,136
2012	147,803	1,173,047	1,320,850

Total Payments	\$419,117	\$5,889,132	\$6,308,249

NOTE 10- DEFINED BENEFIT RETIREMENT PLANS

A. State Teachers Retirement System

Plan Description - The College particiates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS Ohio provides retirement and disability benefits, to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity ar age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The College was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The College's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009, and 2008 were \$2,532,719, \$2,238,008, and \$2,267,611 respectively; 100 percent has been contributed for fiscal years 2010, 2009, and 2008. Contributions to the DC and Combined Plans for fiscal year 2010 were \$134,917 made by the College and \$96,369 made by the plan members.

B. School Employees Retirement System

Plan Description - The College contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

NOTE 10- DEFINED BENEFIT RETIREMENT PLANS - Continued

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the College is required to contribute at an actuarially determined rate. The current College rate is 14 percent of annual covered payroll. A portion of the College's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The College's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009, and 2008 were \$1,045,394, \$671,348, and \$712,255, respectively; 91.58 percent has been contributed for 2010 and 100 percent for years 2009 and 2008.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. State Teachers Retirement System

Plan Description - Ohio law authorizes STRS Ohio to offer a cost-sharing, multiple employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the defined benefit or the combined plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums.

The State Teachers Retirement Board has statutory authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

STRS Ohio issues a stand-alone financial report that includes financial information for the health care plan. Interested parties can view the most recent *Comprehensive Annual Financial Report* at www.strsoh.org or obtain a copy by calling (888)227-7877.

Funding Policy - Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14 percent employer contribution rate, 1 percent of covered payroll was allocated to post-employment health care for the years ended June 30, 2010, 2009 and 2008. The 14 percent contribution is the maximum rate allowed under Ohio law.

All STRS benefit recipients pay a portion of the health care cost in the form of a monthly premium. The Districts's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2010, 2009, and 2008 were \$194,825, \$172,154 and \$174,432 respectively; 100 percent has been contributed for years 2010, 2009, and 2008.

STRS pays health care benefits from the Health Care Stabilization Fund. The balance in the Fund was \$2.7 billion at June 30, 2009 (the latest information year available). For the year ended June 30, 2009, net health care costs paid by STRS were \$298,110,000 and STRS had 129,659 eligible benefit recipients.

B. School Employees Retirement System

The Medicare B plan - reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2010 was \$96.40, SERS' reimbursement to retirees was \$45.50.

NOTE 11 - POSTEMPLOYMENT BENEFITS - Continued

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2010, the actuarially required allocation is .76%. Hocking Technical College's contributions for the years ended June 30, 2010, 2009 and 2008 were, \$62,167, \$55,392, and \$51,320, respectively, which equaled the required contributions each year.

Health Care Plan - Ohio law authorizes SERS Ohio to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The Ohio Revised Code (ORC) provides the statutory authority to fund SERS postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2010, the health care allocation is 0.46%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. Hocking Technical College's contributions assigned to health care for the years ended June 30, 2010, 2009, and 2008 were \$37,628, \$307,239 and \$325,025, respectively.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

NOTE 12 - OTHER EMPLOYEE BENEFITS

- A. <u>Compensated Absences:</u> Vacation and sick leave accumulated by employees has been recorded by the College. Upon termination of College service, a fully vested employee is entitled to 25% of their accumulated sick leave not to exceed 45 days for professional staff and 30 days for support staff plus all accumulated vacation. At June 30, 2010, the long-term liability for vested and probable benefits for vacation and sick leave totaled \$229,906, and the short-term liability totaled \$765,842, for a total liability of \$995,748.
- B. <u>Insurance Benefits:</u> Medical/surgical, prescription drugs, and vision insurance is offered to employees through Medical Mutual Benefits Insurance of Ohio. The College pays monthly premiums from the same funds that pay employees' salaries. Dental insurance is provided by CoreSource Insurance Company. The College provides life insurance and accidental death and dismemberment insurance to employees through Standard Insurance Company.

NOTE 12 - OTHER EMPLOYEE BENEFITS - Continued

C. <u>Deferred Compensation:</u> College employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

Under the deferred compensation program, all plan assets are now being held in a trust arrangement for the exclusive benefit of all participants and their beneficiaries as required by the Small Business Job Protection Act of 1996. Under this Act, all existing deferred compensation plans were required to establish such a trust arrangement by January 1, 1999. As a result, the assets of this plan are no longer reflected in the financial statements of the College.

NOTE 13 - THE INN AT HOCKING COLLEGE

The Inn at Hocking College (The Inn) is a full-time motel, restaurant and lounge that serves the public. Employees of The Inn are employees of Hospitality Management Services and auxiliary funded employees of Hocking College.

The Inn is the College's enterprise operation for the training of hotel/restaurant technology students and is ran without a formal franchise agreement with any major hotel brands.

For the fiscal year ended June 30, 2010, revenues and expenses at The Inn were \$1,309,171 and \$1,503,363, respectively.

NOTE 14 - HOCKING HILLS TRAVEL AGENCY

The name of the College's enterprise operation for the training of travel/tourism technology students, formerly the Uniglobe Travel Agency, was changed to Hocking Hills Travel Agency. The Travel Agency was a full-time travel agency and travel bureau to serve the public. Employees of the Agency were employees of the College. Ownership and management of the Agency was retained by the College. During fiscal year 2010, the College ceased operations and closed the Hocking Hills Travel Agency.

For the fiscal year ended June 30, 2010, revenues and expenses at Hocking Hills Travel Agency were \$200,019 and \$253,889, respectively.

NOTE 15 - RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College has addressed these various types of risk and has contracted with Reed and Baur Insurance and Marsh USA, Inc. for liability, property, and fleet insurance. Reed and Baur Insurance also provides public officials bonds. General liability insurance is maintained in the amount of \$1,000,000 for each occurrence and \$3,000,000 in the aggregate. A separate educators legal liability policy is maintained with limits of liability of \$2,000,000 for each occurrence and \$2,000,000 in the aggregate. The College also carries a \$10,000,000 excess liability policy that provides coverage beyond the general liability and fleet coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the last three fiscal years. There has been no significant change in coverage from the prior year.

The College maintains fleet insurance in the amount of \$1,000,000 for any one accident or loss.

NOTE 15 - RISK MANAGEMENT - Continued

The College maintains replacement cost insurance on buildings and contents, excluding The Inn at Hocking College, in the amount of \$95,585,621 with a \$10,000 deductible per occurrence. The College has a separate policy on The Inn at Hocking College in the amount of \$5,692,362 with a \$1,000 deductible per occurrence. The College maintains tuition and fees insurance, room and board insurance and rental insurance in the amount of \$24,491,025. Additionally, the College has a special liquor insurance policy in the amount of \$1,000,000 for the operations of the restaurant and lounge in The Inn at Hocking College. With the operations of the Hocking Hills Travel Agency, the College has a special policy for professional liability for travel agents in the amount of \$1,000,000, which includes terrorism coverage. The travel agency was closed during fiscal year 2010.

The College pays the State Workers' Compensation System a premium based on a rate per each \$100 of total salaries from the prior calender year. This rate is calculated based on accident history and administrative costs.

NOTE 16 - CONTINGENCIES

Grants

The College receives financial assistance from federal and state agencies in the form of grants. The receipt of funds under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability to the College. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the College at June 30, 2010.

Litigation

The College is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The College's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material adverse effect on the overall financial position of the College at June 30, 2010.

NOTE 17 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC.

The Hocking College Foundation Inc. was incorporated with the State of Ohio on October 21, 1992 and created for the purpose of operating exclusively for charitable and educational purposes in support of Hocking Technical College, a state institution of higher learning, authorized and existing under Chapter 3357 of the Ohio Revised Code.

The Internal Revenue Service granted a foundation status classification under 501(a) of the IRS Regulations as an organization described in Section 501(c)(3), granting the Foundation tax-exempt status. The initial five year ruling period ending June 30, 1997, was updated on November 6, 1997 with the IRS reaffirming the Foundation's exempt status under Section 501(a) as described in 501(c)(3) of the Internal Revenue Code.

Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The financial statements of the Hocking College Foundation, Inc. (hereinafter referred to as "the Foundation"), have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

NOTE 17 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, issued in June and November, 1999. Since the Foundation is a component unit of the College, it has adopted these Statements.

The Foundation also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its business-type activities provided they do not conflict with or contradict GASB pronouncements. Additionally, the Foundation has the option of applying FASB statements and interpretations issued after November 30, 1989, provided they do not coffict with or contradict GASB pronouncements.

Cash and Investments

All cash received by the Foundation is deposited in a central bank account. During fiscal year 2010, investments were limited to certificates of deposit with local institutions, money market accounts, municipal bonds, and stocks.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

For purposes of the presentation on the Statement of Net Assets, investments with an original maturity of three months or less at the time they are purchased by the Foundation are considered to be cash equivalents.

Capital Assets

Capital assets with a unit cost of over \$1,000 are recorded at cost at the date of acquisition, or if donated, at fair market value at the date of donation. The Foundation has no significant infrastructure assets. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Expenses for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.

	Estimated
Asset Description	Useful Life (Years)
Buildings and Improvements	20-50

Cash and Investments

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements" and GASB Statement No. 40, "Deposit and Investment Risk Disclosures".

NOTE 17 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the Foundation's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permited by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Foundation.

At June 30, 2010, the carrying amount of all Foundation deposits was \$399,088. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosures", as of June 30, 2010, \$123,123 of the Foundation's bank balance of \$373,123 was exposed to custiodial risk as discussed above, while \$250,000 covered by Federal Deposit Insurance. Congress enacted temporary legislation to increase FDIC insurance coverage to \$250,000 until December 2013. The \$123,123 exposed to custiodial risk was collateralized with securities held by the Foundation or its agency in the Foundation's name.

Investments: As of June 30, 2010, the Foundation had the following investments and maturities:

Investment Type	Fair Value	Maturity
Common Stock	\$61,777	<1 year
Municipal Bonds	15,009	3-5 years
Corporate Fixed Income	5,078	>5 years
Mutual Funds	102,407	<1 year
Total	\$184,271	

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the Foundation's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Credit risk is the risk that an issuer or other conunterparty to an investment will not fulfill its obligations. The College's investment policy does not address credit risk beyond the requirements of the Ohio Revised Code. The credit ratings of the Foundation's investments at June 30, 2010 are as follows:

Credit Rating (S&P)	Common Stock
AAA	\$8,334
AA	3,792
Α	20,328
BBB	22,454
BB	6,869
Total	\$61,777

NOTE 17 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

Credit Rating (Moody's)	Municipal Bonds	Fixed Income Securities
AA2	\$15,009	\$0
A2	0	5,078
Total	\$15,009	\$5,078
Credit Rating Unrated	Mutua Funds \$102,4	-

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the Foundation's securities are either insured and registered in the name of the Foundation or at least registered in the name of the Foundation. The Foundation has no investment policy dealing with investment custodial credit risk beyond the requirements in the state statute that prohibit the payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Foundation places no limit on the amount that may be invested in any one issuer. The Foundation holds 33.5% of investments in common stock, 8.1% in municipal bonds, 2.8% in fixed income securities, and 55.6% in mutual funds.

The classification of cash and cash equivalents, and investments in the financial statements is based on criteria set forth in GASB Statement No. 9, "Reporting Cash Flows of Proprietary and Non-Expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting". For purposes of the Statement of Cash Flows, cash and cash equivalents include investments of the cash management pool and investments with maturities of three months or less at the time of their purchase by the Foundation.

HOCKING TECHNICAL COLLEGE

Notes to the Schedule of Federal Awards Revenues and Expenditures For the Fiscal Year Ended June 30, 2010

NOTE 1 - Basis of Accounting

The College prepares its Schedule of Federal Awards Revenues and Expenditures (the Schedule) on the accrual basis of accounting. The information in the Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations.*

NOTE 2 – Federal Direct Loan Program

During the fiscal year ended June 30, 2010, the College processed \$29,514,276 of new loans under the Federal Direct Loan Program, CFDA #84.268. The College is responsible only for certain administrative duties with respect to federal guaranteed student loan programs.

NOTE 3 - Child and Adult Food Care Program

Nonmonetary assistance is reported in the Schedule of Federal Awards Revenues and Expenditures at the fair market value of the commodities received and disbursed. Monies are commingled with state grants. It is assumed that federal monies are expended first. At June 30, 2010, the College had no significant food commodities in inventory.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Board of Trustees Hocking Technical College 3301 Hocking Parkway Nelsonville, Ohio 45764

We have audited the financial statements of the business-type activities and the discretely presented component unit of Hocking Technical College, Athens County (the College), as of and for the year ended June 30, 2010, and have issued our report thereon dated December 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Board of Trustees Hocking Technical College 3301 Hocking Parkway Nelsonville, Ohio 45764

Compliance

We have audited Hocking Technical College's, Athens County (the College) compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2010. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the College's compliance with those requirements.

In our opinion, the College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

Internal Control Over Compliance (Continued)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses.
