INDEPENDENT ACCOUNTANTS' REPORT

Mahoning Valley Opportunity Center Mahoning County 496 Glenwood Avenue Youngstown, Ohio 44502

To the Governing Board:

We have audited the accompanying financial statements of the Mahoning Valley Opportunity Center, Mahoning County, Ohio (the "Center"), as of and for the year ended June 30, 2010, which collectively comprise the Center's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Center's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Mahoning Valley Opportunity Center, Mahoning County, Ohio, as of June 30, 2010, and the respective changes in financial position and cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2011, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Mahoning Valley Opportunity Center Mahoning County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 UNAUDITED

The management's discussion and analysis of the Mahoning Valley Opportunity Center's (the "Center") financial performance provides an overall review of the Center's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the Center's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Center's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2010 are as follows:

- In total, net assets were \$721,779 at June 30, 2010.
- The Center had operating revenues of \$969,151, operating expenses of \$984,659, non-operating revenues of \$253,590 and capital contributions of \$58,826 for the fiscal year ended June 30, 2010. The total change in net assets for the fiscal year was an increase of \$296,908.

Using these Basic Financial Statements

This annual report consists of the management's discussion and analysis, the basic financial statements and notes to those statements. These statements are organized so the reader can understand the Center's financial activities. The *Statement of Net Assets* and *Statement of Revenues, Expenses and Changes in Net Assets* provide information about the activities of the Center, including all short-term and long-term financial resources and obligations.

Reporting the Center's Financial Activities

Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; and Statement of Cash Flows

These statements look at all financial transactions and ask the question, "How did we do financially during fiscal year 2010?" The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Center's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the Center as a whole, the *financial position* of the Center has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The Statement of Cash Flows provides information about how the Center finances and meets the cash flow needs of its operations. The Statement of Cash Flows can be found on page 9 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. These notes to the basic financial statements can be found on pages 10-20 of this report.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1 - DESCRIPTION OF THE CENTER

The Mahoning Valley Opportunity Center (the "Center") was established pursuant to Ohio Revised Code Chapter 3314 to establish a new conversion school in the Youngstown City School District (the "Sponsor") addressing the needs of students in grades 9 through 12. The Center, which is part of the State's education program, is nonsectarian in its programs, admission policies, employment practices and all other operations. The Center may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Center. The Center is established and operated as a public benefit corporation in accordance with Chapter 1702 of the Ohio Revised Code.

The Center is designed to provide an educational environment in which students are given the opportunity to become successful learners guided by high expectations, for students in grades 9 through 12, ages 15 through 22. Enrollment is limited to students within Mahoning County. The Center uses the services of the Sponsor to assist with overall operations.

The Center was approved under contract with the Sponsor for a period of two years commencing January 13, 2007 through June 30, 2009. Thereafter, the Sponsor may renew the contract for additional one-year terms from July 1st to June 30th, not to exceed five years from the date of commencement, or June 30, 2010, whichever is sooner. After which, the Center must apply for an additional contract with the Sponsor. The Sponsor is responsible for evaluating the performance of the Center and has the authority to deny renewal of the contract at the expiration of any one-year term. The Sponsor elected to renew the contract for fiscal years 2010 and 2011.

The Sponsor shall evaluate the performance of the Center according to the standards set forth in its Comprehensive Plan and Education Program. The Sponsor is not legally responsible for the final outcome of the community school. Upon dissolution of the Center, any assets remaining shall be conveyed to the Sponsor. The Sponsor, under a purchased services basis with the Center, provides planning, instructional, administrative and technical services.

The Center operates under the direction of a self-appointed five-member Governing Board. The Governing Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, State-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualifications of teachers. The Center is staffed by nine certified full time teaching personnel and nine non-certified staff members who provide services to 130 students, which ranks the Center 803rd out of the 905 public school districts and community schools in the State of Ohio.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Center have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Center also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided it does not conflict with or contradict GASB pronouncements. The Center had the option to also apply FASB guidance issued after November 30, 1989, subject to this same limitation. The Center elected not to apply this FASB guidance.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The Center's significant accounting policies are described below.

A. Basis of Presentation

The Center's basic financial statements consist of a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets and a Statement of Cash Flows.

Enterprise fund accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus

Enterprise fund accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. The Statements of Revenues, Expenses and Changes in Net Assets present increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The Statement of Cash Flows provides information about how the Center finances and meets the cash flow needs of its enterprise activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. The Center's basic financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded upon the accrual basis when the exchange takes place.

Nonexchange transactions, in which the Center receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Center must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Center on a reimbursement basis. Expenses are recognized at the time they are incurred.

D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the Center's contract with its Sponsor. The contract between the Center and its Sponsor requires a detailed budget for each year of the contract; however, the budget does not have to follow the provisions of Ohio Revised Code Chapter 5705.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

E. Cash

All monies received by the Center are deposited in a demand deposit account and recorded on the Statement of Net Assets as "cash and cash equivalents".

F. Capital Assets

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The Center maintains a capitalization threshold of \$5,000. The Center does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method. Furniture and equipment are depreciated over five to ten years.

G. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Center had restricted net assets for State and federally funded programs at June 30, 2010.

The Center applies restricted resources first when an expense is incurred for which both restricted and unrestricted net assets are available.

H. Accrued Liabilities

The Center has recognized certain expenses due, but unpaid as of June 30, 2010. These expenses are reported as accrued liabilities in the accompanying financial statements.

I. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in the Statement of Net Assets. These items are reported as assets on the Statement of Net Assets using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

J. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity. For the Center, these revenues are payments from the State foundation program. Operating expenses are necessary costs incurred to provide goods or services that are the primary activities of the Center. All revenues and expenses not meeting this definition are reported as non-operating.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Intergovernmental Revenue

The Center currently participates in the State foundation program, the State of Ohio Educational Management Information System grant, the Federal Part B IDEA program, the Federal Title I program and various other State and federal grant programs. Revenues received from the State foundation program are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Other grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. State foundation revenue for fiscal year 2010 was \$969,151 and revenues from all other grants and entitlements totaled \$252,986.

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the Center. These reviews are conducted to ensure the Center is reporting accurate enrollment data to the State, upon which State foundation funding is calculated. The review identifies the amount of any overpayment or underpayment to the Center. This amount is reflected as an intergovernmental payable or receivable on the basic financial statements. As of June 30, 2010, the amount of State foundation funding payments made to the Center requires no adjustment.

L. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

M. Capital Contributions

Capital contributions arise from outside contributions of capital assets, from grants, or from outside contributions of resources restricted to capital acquisition and construction. During fiscal year 2010, the Center received capital contributions of \$58,826 from outside sources.

N. Tax Exemption Status

The Center is a community school established under Chapter 3314 of Ohio Revised Code and thus, in the opinion of legal counsel, is exempt from federal income taxes due to the Center's designation as a political subdivision, as defined by Ohio Revised Code §2744.01(F).

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

Change in Accounting Principles

For fiscal year 2010, the Center has implemented GASB Statement No. 51, "<u>Accounting and Financial Reporting for Intangible Assets</u>", GASB Statement No. 53, "<u>Accounting and Financial Reporting for Derivative Instruments</u>", and GASB Statement No. 58, "<u>Accounting and Financial Reporting for Chapter 9 Bankruptcies</u>".

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the Center.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the Center.

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the Center.

NOTE 4 - DEPOSITS

At June 30, 2010, the carrying amount of the Center's deposits was \$506,175. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2010, \$275,693 of the Center's bank balance of \$525,693 was exposed to custodial risk as discussed below while \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial credit risk is the risk that, in the event of bank failure, the Center's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Center. The Center has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Center to a successful claim by the FDIC.

NOTE 9 - RISK MANAGEMENT

A. Property and Liability

The Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2010, the Center contracted with The Netherlands Insurance Company for general liability insurance with a \$1,000,000 each occurrence limit, and a \$2,000,000 annual aggregate. The Center also contracted with The Netherlands Insurance Company for personal property coverage with a limit of \$110,000 and for commercial auto coverage with comprehensive coverage limits of \$50,000 for repairs and liability limits of \$1,000,000 for any one accident or loss.

B. Workers' Compensation

The Center pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross salary by a factor of approximately one and a quarter (1.25) percent.

NOTE 10 - PENSION PLANS

A. School Employees Retirement System

Plan Description - The Center contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under Employees/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Center is required to contribute at an actuarially determined rate. The current Center rate is 14 percent of annual covered payroll. A portion of the Center's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The Center's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$21,154, \$20,799 and \$12,478, respectively; 98.36 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System of Ohio

Plan Description - The Center participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

NOTE 10 - PENSION PLANS - (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2010, plan members were required to contribute 10 percent of their annual covered salaries. The Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Center's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009 and 2008 were \$50,279, \$59,356 and \$35,427, respectively; 100 percent has been contributed for fiscal years 2010, 2009 and 2008.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the SERS/STRS Ohio have an option to choose Social Security or the SERS/STRS Ohio. As of June 30, 2010, certain members of the Governing Board have elected Social Security. The Center's liability is 6.2 percent of wages paid.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - The Center participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Section 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2009 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under Employers/Audit Resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2010, 0.46 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The Center's contributions for health care (including surcharge) for the fiscal years ended June 30, 2010, 2009, and 2008 were \$3,224, \$11,546 and \$7,309, respectively; 98.36 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2010, this actuarially required allocation was 0.76 percent of covered payroll. The Center's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$1,258, \$1,716 and \$899, respectively; 98.36 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Mahoning Valley Opportunity Center Mahoning County 496 Glenwood Avenue Youngstown, Ohio 44502

To the Governing Board:

We have audited the financial statements of Mahoning Valley Opportunity Center, Mahoning County, Ohio (the "Center") as of and for the year ended June 30, 2010, which collectively comprise the Center's basic financial statements and have issued our report thereon dated March 11, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Center's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the Center's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Center's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Center's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the audit committee, the Governing Board, the Community School's sponsor, and others within the Center. We intend it for no one other than these specified parties.
