INDEPENDENT ACCOUNTANTS' REPORT

Interactive Media and Construction, Inc. Richland County 856 West Cook Road Mansfield, Ohio 44907

To the Board of Directors:

We have audited the accompanying financial statements of Interactive Media and Construction, Inc., Richland County, Ohio, (IMAC), a component unit of the Mansfield City School District, as of and for the year ended June 30, 2011, which collectively comprise IMAC's basic financial statements as listed in the table of contents. These financial statements are the responsibility of IMAC's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Interactive Media and Construction, Inc., Richland County, Ohio, as of June 30, 2011, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 10, 2012, on our consideration of IMAC's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Interactive Media and Construction, Inc. Richland County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011 (UNAUDITED)

The management's discussion and analysis of the Interactive Media and Construction, Inc. ("IMAC") financial performance provides an overall review of IMAC's financial activities for the fiscal year 2011. The intent of this discussion and analysis is to look at IMAC's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of IMAC's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2011 are as follows:

- In total, net assets were \$539,094 at June 30, 2011.
- IMAC had operating revenues of \$443,750, operating expenses of \$709,497, and non-operating revenues of \$146,812 for fiscal year 2011. Total change in net assets for the fiscal year was a decrease of \$118,935.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to these statements. These statements are organized so the reader can understand IMAC's financial activities. The *statement of net assets* and *statement of revenues, expenses and changes in net assets* provide information about the activities of IMAC, including all short-term and long-term financial resources and obligations.

Reporting IMAC's Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during fiscal year 2011?" The statement of net assets and the statement of revenues, expenses and changes in net assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report IMAC's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for IMAC as a whole, the *financial position* of IMAC has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The statement of cash flows provides information about how IMAC finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 9 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011 (UNAUDITED)

The table below provides a summary of IMAC's net assets at June 30, 2011 and June 30, 2010.

Unrestricted		486,306	_	613,594		
Total net assets	\$	539,094	\$	658,029		

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2011, IMAC's net assets totaled \$539,094.

A portion of IMAC's net assets, \$35,000 represents resources that are subject to external restrictions on how they may be used. The balance of unrestricted net assets of \$486,306 may be used to meet IMAC's ongoing obligation to the students and creditors.

At year-end, capital assets represented 3.30% of total assets. Capital assets consisted of equipment. There is no debt related to these capital assets. Capital assets are used to provide services to the students and are not available for future spending.

Current assets decreased due to a decrease in cash and cash equivalents of \$120,352.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 1 - DESCRIPTION OF IMAC

Interactive Media and Construction, Inc. ("IMAC") is a non-profit corporation established pursuant to the Ohio Revised Code Chapters 1702 and 3314 to address the needs of students who have met some graduation requirements for the attainment of a high school diploma or graduation equivalence diploma. IMAC is nonsectarian in its programs, admission policies, employment practices and all other operations. IMAC may sue and be sued, acquire facilities as needed and contract for any services necessary for the operation of IMAC.

IMAC is an innovative initiative that will be a cooperative effort with Mansfield City School District (the "Sponsor"). It is a conversion community school sponsored by the Mansfield City School District. IMAC will provide educational opportunities for students to obtain their high school diploma. IMAC will better serve the population by providing a challenging curriculum, community/parental support, motivation through career skills. Enrollment is open to students within the attendance area of the Mansfield City School District and all bordering school districts. IMAC gives choice to educationally disadvantaged, special education and economically at risk youth.

IMAC was approved for sponsorship under contract resolution on April 11, 2005, with the Sponsor for a period of five years commencing on the first day of the 2005-2006 academic year. The Sponsor has designated three of its administrative officers to represent the Sponsor in the occupants' official capacities as members of IMAC's Board of Directors. The individuals who hold such office with the Sponsor shall be formally instructed by the Sponsor that, as directors of IMAC, they are to represent the Sponsor and its interests. From time to time in its discretion, the Sponsor may substitute other administrative positions for those previously designated for this purpose.

Pursuant to the Sponsor's authority under section 3314.08(G) of the Ohio Revised Code to provide IMAC with services, the Sponsor shall be the fiscal agent of IMAC and shall direct the Sponsor's treasurer to serve as IMAC's Treasurer. The Sponsor shall evaluate the performance of IMAC according to the standards set forth in the Assessment and Accountability Plan. The Sponsor is not legally responsible for the final outcome of the community school. Upon dissolution of IMAC, any assets remaining shall be conveyed to the Sponsor.

The service contract for the fiscal year 2011-2012 between IMAC and the Sponsor was also approved. In agreement with the contract, IMAC shall utilize certain resources converted to IMAC's use by the Sponsor, including, but not limited to, portions of the Sponsor's facilities, staff, equipment, instructional materials, curriculum, and educational strategy, as determined to be appropriate by the Sponsor, in the Sponsor's sole discretion. The price for services rendered by the Sponsor to IMAC is established as the Sponsor's "cost of providing such services including, without limitation, employee salaries and fringe benefits, equipment costs if any, and administrative overhead." All personnel providing services to IMAC on behalf of the Sponsor under the service contract are considered employees of the Sponsor and the Sponsor shall be solely responsible for all payroll functions.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of IMAC have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. IMAC also applied Financial Accounting Standards Board (FASB) guidance issued prior to November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. IMAC had the option to also apply FASB guidance issued after November 30, 1989, subject to this same limitation. IMAC elected not to apply these FASB Statements and Interpretations. IMAC's significant accounting policies are described below.

A. Basis of Presentation

IMAC's basic financial statements consist of a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows.

Enterprise reporting focuses on the determination of the change in net assets, financial position and cash flows.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statements of revenues, expenses and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how IMAC's finances and meets the cash flow needs of its activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. IMAC's basic financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Nonexchange transactions, in which IMAC receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which IMAC must provide local resources to be used for a specified purpose and expenditure requirements, in which the resources are provided to IMAC on a reimbursement basis.

Expenses are recognized at the time they are incurred.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in their contract with their sponsor. The contract between IMAC and its Sponsor requires a detailed school budget for each year of the contract; however, the budget does not have to follow the provisions of Ohio Revised Code Section 5705.

E. Cash

Cash held by IMAC is reflected as "cash and cash equivalents" on the statement of net assets. Investments with an original maturity of three months or less at the time they are purchased are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months are reported as investments. During fiscal year 2011, investments were limited to a repurchase agreement. Investments were reported at fair value which is based on quoted market prices.

F. Capital Assets

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. IMAC maintains a capitalization threshold of \$500. IMAC does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Depreciation is computed using the straight-line method. Equipment is depreciated over five years.

G. Prepayments

Certain payments to vendors reflected the costs applicable to future accounting periods and were recorded as prepaid items in the financial statements. These items were reported as assets on the statement of net assets using the consumption method. A current asset for the prepaid amounts was recorded at the time of the purchase and the expense is reported in the year in which services are consumed.

H. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets have been restricted for Federally funded programs.

IMAC applies restricted resources first when an expense is incurred for which both restricted and unrestricted net assets are available.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

I. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from IMAC's primary activities. For IMAC, these revenues are payments from the State Foundation Program. Operating expenses are necessary costs incurred to provide goods or services that are the primary activities of IMAC. All revenues and expenses not meeting this definition are reported as non-operating.

J. Intergovernmental Revenue

IMAC currently participates in the State Foundation Program through the Ohio Department of Education, the American Recovery and Reinvestment Act (ARRA) grants, the Education Jobs grant, the Federal IDEA Part B grant, the Federal Title I-Targeted Assistance grant, the Improving Teacher Quality grant, the Federal Title IV-A Drug Free Schools grant and the Title II-D Technology grant. Revenues from the State foundation program are recognized as operating revenue in the accounting period in which all eligibility requirements had been met. Revenues received from the remaining programs are recognized as non-operating revenues in the accompanying financial statements. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which IMAC must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to IMAC on a reimbursement basis. Federal and State grant revenue for the fiscal year 2011 was \$145,757.

K. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2011, IMAC has implemented GASB Statement No. 54, "<u>Fund Balance Reporting and Governmental Fund Type Definitions</u>", and GASB Statement No. 59, "<u>Financial Instruments Omnibus</u>".

GASB Statement No. 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. GASB Statement No. 54 also clarifies the definitions of governmental fund types. The implementation of GASB Statement No. 54 did not have an effect on the financial statements of IMAC.

GASB Statement No. 59 updates and improves guidance for financial reporting and disclosure requirements of certain financial instruments and external investment pools. The implementation of GASB Statement No. 59 did not have an effect on the financial statements of IMAC.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 4 - DEPOSITS AND INVESTMENTS

A. Deposits with Financial Institutions

At June 30, 2011, the carrying amount of all IMAC deposits was \$(215) A liability was not recorded for the negative carrying amount of deposits because there was no actual overdraft, due to the "zero-balance" nature of IMAC's bank accounts. The negative carrying amount of deposits is due to the sweeping of monies into an overnight repurchase agreement which is reported as "investments". IMAC had a zero bank balance at June 30, 2011.

B. Investments

As of June 30, 2011, the IMAC had the following investments and maturities:

		Investment
		Maturities
		6 months or
<u>Investment type</u>	Fair Value	less
Repurchase agreement	\$ 487,781	\$ 487,781

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, IMAC's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The federal agency securities underlying the repurchase agreement were rated AAA by Standard and Poor's and Aaa by Moody's. IMAC has no investment policy dealing with credit risk beyond the requirements of State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, IMAC will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of IMAC's \$487,781 investment in repurchase agreements, the entire balance is collateralized by underlying securities that are held by the investment's counterparty, not in the name of IMAC. Ohio law requires the market value of the securities subject to repurchase agreements must exceed the principal value of securities subject to a repurchase agreement by 2%. IMAC has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: IMAC places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by IMAC at June 30, 2011:

<u>Investment type</u>		air Value	% of Total	
Repurchase agreement	\$	487,781	100.00

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 8 - RISK MANAGEMENT

IMAC is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to contracted personnel; and natural disasters. For fiscal year 2011, IMAC maintained comprehensive insurance coverage with a private carrier for property and general liability insurance. IMAC provides \$25,000 in bond coverage for the Treasurer through RLI Surety.

Settled claims have not exceeded commercial coverage in the past three years. There was no significant reduction in coverage from the prior fiscal year.

NOTE 9 - CONTINGENCIES

A. Grants

IMAC received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of IMAC at June 30, 2011.

B. Litigation

IMAC is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

C. State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated. IMAC anticipates no significant adjustments to State funding for fiscal year 2012, as a result of the reviews which have yet to be completed.

NOTE 10 - SERVICE AGREEMENT

IMAC has contracted with the Sponsor through the 2012 school year. All services are to be provided on a purchased service or reimbursement basis. IMAC paid \$550,436 to the Sponsor for educational, fiscal and administrative services during fiscal year 2011.

NOTE 11 - OPERATING LEASE - LESSEE DISCLOSURE

IMAC along with the Mansfield Elective Academy and the Mansfield Enhancement Academy entered into a one year operating lease commencing September 1, 2009 and ending August 31, 2010 with the City of Mansfield for the use of classrooms and offices. This lease has been renewed on an annual basis with the most recent renewal for an additional one year term commencing September 1, 2010 and ending August 31, 2011. This lease meets the criteria for an operating lease as defined by FASB Statement No. 13 "Accounting for Leases". The lease payment is \$7,200 per month, with payments divided between the three participating schools. IMAC paid \$28,800 in lease payments during fiscal year 2011.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 12 - PENSION PLANS

IMAC has contracted with the Mansfield City School District (the District) to provide all teaching and administrative personnel. Such personnel are employees of the District; however, IMAC is responsible for monitoring and ensuring pension contributions are made on its behalf. The retirement systems consider IMAC as the "Employer of Record", therefore IMAC is ultimately responsible for remitting retirement contributions to each of the systems noted below.

A. School Employees Retirement System

Plan Description - IMAC contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "Media/Financial Reports".

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and IMAC is required to contribute at an actuarially determined rate. The current IMAC rate is 14 percent of annual covered payroll. A portion of IMAC's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2011, 11.77 percent and 0.04 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. IMAC's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2011, 2010 and 2009 were \$1,579, \$736 and \$144, respectively; 100 percent has been contributed for fiscal years 2011, 2010 and 2009.

B. State Teachers Retirement System of Ohio

Plan Description - IMAC participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org, under "Publications".

NOTE 12 - PENSION PLANS - (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2011, plan members were required to contribute 10 percent of their annual covered salaries. IMAC was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

IMAC's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2011, 2010 and 2009 were \$45,560, \$30,321 and \$34,821, respectively; 100 percent has been contributed for fiscal years 2011, 2010 and 2009.

NOTE 13 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - IMAC participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Section 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2011 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "Media/Financial Reports".

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2011, 1.43 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2011, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

IMAC's contributions for health care (including surcharge) for the fiscal years ended June 30, 2011, 2010 and 2009 were \$191, \$26 and \$66, respectively; 100 percent has been contributed for fiscal years 2011, 2010 and 2009.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2011, this actuarially required allocation was 0.76 percent of covered payroll. IMAC's contributions for Medicare Part B for the fiscal years ended June 30, 2011, 2010, and 2009 were \$102, \$44 and \$12, respectively; 100 percent has been contributed for fiscal years 2011, 2010 and 2009.

NOTE 13 - POSTEMPLOYMENT BENEFITS - (Continued)

B. State Teachers Retirement System of Ohio

Plan Description - IMAC contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org, under "Publications" or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. IMAC's contributions for health care for the fiscal years ended June 30, 2011, 2010 and 2009 were \$3,505, \$2,332 and \$2,679, respectively; 100 percent has been contributed for fiscal years 2011, 2010 and 2009.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Interactive Media and Construction, Inc. Richland County 856 West Cook Road Mansfield, Ohio 44907

To the Board of Directors:

We have audited the financial statements of Interactive Media and Construction, Inc., Richland County, Ohio, (IMAC) a component unit of the Mansfield City School District, as of and for the year ended June 30, 2011, which collectively comprise IMAC's basic financial statements and have issued our report thereon dated January 10, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered IMAC's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of IMAC's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of IMAC's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of IMAC's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether IMAC's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to IMAC's management in a separate letter dated January 10, 2012.

We intend this report solely for the information and use of management, the Board of Directors, IMAC's sponsor, and others within IMAC. We intend it for no one other than these specified parties.

To the Board of Directors:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Interactive Media and Construction Inc., Richland County, Ohio, (IMAC) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

Ohio Rev. Code Section 3313.666 required the Board to amend its definition by September 28, 2010.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and is not intended to be and should not be used by anyone other than these specified parties.
