INDEPENDENT ACCOUNTANTS' REPORT

Mount Auburn International Academy
Hamilton County
244 Southern Avenue
Cincinnati, Ohio 45219

To the Board of Education:

We have audited the accompanying basic financial statements of Mount Auburn International Academy, Hamilton County, Ohio (the Academy), as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mount Auburn International Academy, Hamilton County, Ohio, as of June 30, 2011, and the changes in financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Academy will continue as a going concern. As discussed in Note 11 to the financial statements, the Academy has suffered recurring losses from operations and has a net asset deficiency **of** $2,382,249 that raise substantial doubt about its ability to continue as a going concern. Note 11 describes Management's plans regarding these matters. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 6, 2012, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the Academy's basic financial statements taken as a whole. The federal awards receipts and expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal awards expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This statement was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The discussion and analysis of the Mount Auburn International Academy Community School's financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Government issued June, 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- In total, net assets decreased ($547,324) from the beginning of the year.
- Total assets increased $41,134 from the beginning of the year. This was a result of additional cash on hand and intergovernmental receivable.
- Total liabilities increased $ 588,458 from the beginning of the year. This is mainly due to increased salaries and benefits for additional staff to accommodate the increased enrollment, unpaid license fees, management fees, and facility rent.

Using this Financial Report

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows.

Statement of Net Assets

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets answer the question, "How did we do financially during 2011?" This statement includes all assets and liabilities, both financial and capital, and short-term and long-term using the accrual basis of accounting and economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Table 1 provides a summary of the School's net assets for fiscal year 2011.

(Table 1)

Total Revenues decreased by $235,973 mainly due to a reduction in Federal and State grants. Total expenses increased by $27,815, mainly due to additional staff to accommodate for the increased enrollment.

Capital Assets

At the end of fiscal year 2011 the School had $43,681 (net of depreciation), invested in furniture, fixtures, and equipment, which represented an increase of $ 5,675 from 2010

Current Financial Issues

The Mount Auburn International Academy was formed in 2008. Hence 2010-2011 is the third year of operation. During the 2010-2011 school year there were approximately 520 students enrolled in the School. The School receives its finances mostly from state aide. Base per pupil aide for fiscal year 2011 amounted to $5,718 per student.

At June 30, 2011, the School had a net deficiency of $2,382,249, meaning that current liabilities were in excess of current assets by this amount.

In order to address the net deficiency the School's Education Provider shall, in its sole discretion, cover any deficits of the School in any year in which there is a deficit as long as the deficit is not due to a unilateral decision by the Board to expend additional funds. In the event that the School, in subsequent years, makes a profit, Education Provider may recover any amounts expended to cover previous deficits. This provision was effective as of July 1, 2008, and applies to all advances (either direct or indirect) previously made to the Board to cover deficits.

Contacting the School's Financial Management

This financial report is designed to provide our citizen's with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional information contact Ed Giese, Business Manager at Mount Auburn International Academy, 244 Southern Ave, Cincinnati, Ohio 45219.

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Mount Auburn International Academy, Hamilton County, Ohio (the School), is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the needs of students in grades kindergarten through eleventh. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School. Mount Auburn International Academy Community School may apply and qualify as an exempt organization under Section 501c (3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax exempt status.

The School was approved for operation under contract with the Board of Trustees of the University of Toledo which is now referred to as Ohio Council of Community Schools (the Sponsor) for a period of five years commencing July 30, 2008. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The School operates under the direction of a five-member Board of Directors. The Board of Directors is responsible for carrying out the provisions of the contract which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board of Directors controls the School's one instructional/support facility staffed by 40 certificated full time teaching personnel who provide services to 520 students.

The School contracts with Cincinnati Education Management LLC as the Education Provider. The Education Provider is not a division, subsidiary, or part of the Board, and functions as an independent contractor to the Board. The responsibilities of the Education Provider include: hire the School Director, with consultation from the Board; hire administrative staff as required; manage and operate the school; secure and maintain insurance; and educate the children enrolled in the School. The Education Provider is responsible and accountable to the Board for the administration, operation and performance of the School in accordance with the Charter.

Under the current agreement, the Educational Provider is paid the following percentage of revenue as fees: license fees, 6%; management fees, 8%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Mount Auburn International Academy Community School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its proprietary activities, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

A. Basis Of Presentation

The School's basic financial statements consist of a statement of net assets, a statement of revenue, expenses and changes in net assets, and a statement of cash flows. The School uses enterprise accounting to monitor its financial records. Enterprise fund reporting focuses on the determination of the change in net assets, financial position and cash flows.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The School's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

Expenses are recognized at the time they are incurred.

D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the School and its sponsor. The contract between the School and its Sponsor requires the school to follow Ohio Revised Code 5705.39.1 and prepare a five year projection. However, no budgetary information is presented in the financial statements.

E. Cash Deposits

All monies received by the School are accounted for by the School's Business Manager. For cash management, all cash received by the chief financial officer is pooled in a central bank account. Total cash for the School is presented as "equity in pooled cash" on the accompanying statement of net assets.

The School had no investments during the fiscal year outside of commercial paper which is represented as a recurring sweep transaction in the operating account.

F. Capital Assets

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School maintains a capitalization threshold of five hundred dollars. The School does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Buildings and Building Improvements	1 - 50 years
Furniture, Fixtures and Equipment	10 - 20 years
Vehicles	3 - 10 years

G. Net Assets

Net assets represent the difference between assets and liabilities. Invested in capital assets, consists of capital assets, net of accumulated depreciation.

H. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities. For the School, these revenues are primarily foundation payments from the state and sales for food service. Operating expenses are necessary costs incurred to provide the goods or service that is the primary activity of the School. Revenues and expenses not meeting this definition are reported as non-operating.

I. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. DEPOSITS

At fiscal year end, the bank balance was $715,955.81. Of the bank balance, $267,995.55 was covered by federal depository insurance.

4. RECEIVABLES

Receivables at June 30, 2011, consisted of inter-governmental receivables. All receivables are considered collectible in full and will be received within one year. A summary of the principal items of intergovernmental receivables follows:

Federal Entitlement Grants	$265,129
Federal Lunch	655
Total Intergovernmental Receivables	$265,784

5. CAPITAL ASSETS

Total Capital assets Being depreciated Net	38,004	5,676	-	43,681
Business Type Activity Capital Assets, Net	38,004	5,676	-	43,681

6. RISK MANAGEMENT

A. Property and Liability

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2011, the School contracted with St. Paul Travelers for general liability and property insurance and National Union for educational errors and omissions insurance. Settled claims have not exceeded this commercial coverage since formation of School.

B. Workers Compensation

The School pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

7. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and
death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling (800) 878-5853 or by visiting the web SERS website at ohsers.org.

Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2011, 11.81 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School's required contributions for pension obligations to SERS for the fiscal year ended June 30, 2011 were $113,786. 100 percent has been contributed for the fiscal year 2011.

B. State Teachers Retirement System of Ohio

The School participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090 or by visiting the STRSOHIO website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less
than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

7. DEFINED BENEFIT PENSION PLANS (Continued)

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance. For the fiscal year ended June 30, 2011, plan members were required to contribute 10.0 percent of their annual covered salaries. The School was required to contribute 14 percent; 14 percent was the portion used to fund pension obligations. For fiscal year 2011, the portion used to fund pension obligations was also 14 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2011 was $ 225,286.24. 100 percent has been contributed for fiscal year 2011. Contributions to the DC and combined plans for fiscal year 2011 were $160,918.74 made by the plan members.

8. POSTEMPLOYMENT BENEFITS

A. State Teachers Retirement System of Ohio

Plan Description - The School contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org under *"Publications"* or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2011, was $16,091.87. For fiscal year 2011 100 percent has been contributed.

8. POSTEMPLOYMENT BENEFITS (Continued)

B. School Employees Retirement System

Plan Description - The School participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Chapter 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2011 was $96.40 and SERS' reimbursement to retirees was $45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "*Media/Financial Reports*".

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2011, 1.43 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statute provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2011, the actuarially determined amount was $35,800. Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The School's contributions for health care (including surcharge) for the fiscal years ended June 30, 2011 was $8,127.19. 100 percent has been contributed for fiscal years 2011.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2011, this actuarially required allocation was 0.76 percent of covered payroll. The School's contributions for Medicare Part B for the fiscal years ended June 30, 2011 was $6,176.97. 100 percent has been contributed for fiscal year 2011.

9. EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave components are derived from policies and procedures approved by the Board of Directors.

Vacation Leave: Calendar year employees who are regularly scheduled to work 25 or more hours per week are eligible for vacation leave. Teachers or employees following the academic year calendar are not eligible for vacation leave. Unused accrued vacation leave days may be carried forward into the next year at the rate of one-half of the employee's annual accrual rate. The vacation carried forward is determined as of August 31 each year. Employees who have one year of service or more have access to 50% of their annual vacation accrual at September 1.

If an employee's employment terminates, only the days fully earned at the time of termination would be accrued. No cash out of vacation accrued from year to year unless specifically granted through approval by the President. Accrued vacation leave in excess of amount allowed to be carried forward at September 1 is lost. Upon resignation and receipt of at least two weeks' notice, the Employer will pay in a lump sum payment an amount equal to the individual's daily rate times the number of unused accrued vacation leave days as of the termination date.

Sick Leave: All staff regularly scheduled to work 25 or more hours per week are eligible for sick leave. Teachers and academic year staff accrue one day per month September through May (up to 9 days accrued in an academic year). Calendar year staff accrues one day per month. Maximum days that can be accrued are 120 days. Accrual ceases until balance falls below maximum days. Sick leave is a privilege and is not to be used for any purposes other than those identified in the sick leave policy. Sick leave is never converted into cash payments.

B. Insurance Benefits
The School provides life, dental and medical/surgical benefits to most employees through Anthem Blue Cross/Blue Shield, Delta Dental and Sun Life.

10. CONTINGENCIES

A. Grants

The School received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grants agreement is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2011.

B. State Funding

The Ohio Department of Education reviews enrollment data and full time equivalency (FTE) calculations made by the schools. These reviews ensure the schools are reporting accurate student enrollment data of the State, upon which state foundation funding is calculated.

11. NET WORKING CAPITAL DEFICIENCY

At June 30, 2011, the School had a net asset deficiency of $2,382,249.

Management has a plan to address the negative net assets through reducing payroll expenses and implementing various cost cutting measures. Negotiations with several outside vendors top reduce pricing to the school were successful.

Every effort is being made in all areas of school operations to minimize ongoing deficits. Further steps will be taken to reduce costs and to increase student enrollment through a proactive marketing campaign.

12. PURCHASED SERVICES

Purchased services were composed of the following:

Utilities	$148,172
Rent	500,000
Advertising	20,537
Sponsor Oversite Fees	103,813
Contract Services	299,967
Royalty Fees	197,801
Management Fees	263,735
Total	$1,534,025

13. OPERATING LEASE

During the year ended June 30, 2011, the School leased classroom facilities and offices for a period of five years. The lease also grants the School an automatic 5 year renewal, upon the renewal of the School’s charter. The lease payments are $ 41,666.66 a month payable in monthly installments. Payments totaled $ 500,000 for fiscal year 2011.

The following is a schedule of the future minimum lease payments required under the operating lease as of June 30, 2011.

Fiscal Year Ending June 30,

2012	$ 550,000
2013	$ 550,000

NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE
FISCAL YEAR ENDED JUNE 30, 2011

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) reports the Mount Auburn International Academy's (the Academy's) federal award programs receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The Academy commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Academy assumes it expends federal monies first.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Mount Auburn International Academy
Hamilton County
244 Southern Avenue
Cincinnati, Ohio 45219

To the Board of Education:

We have audited the basic financial statements of Mount Auburn International Academy, Hamilton County, Ohio (the Academy), as of and for the year ended June 30, 2011, and have issued our report thereon dated February 6, 2012, wherein we noted the accompanying financial statements have been prepared assuming that the Academy will continue as a going concern. As discussed in Note 11 to the financial statements, the Academy has suffered recurring losses from operations and has a net asset deficiency **of** $2,382,249 that raise substantial doubt about its ability to continue as a going concern. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Academy's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the Academy's management in a separate letter dated February 6, 2012.

We intend this report solely for the information and use of management, the Board of Education, the Community School's sponsor, and federal awarding agencies and pass-through entities, and others within the Academy. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Mount Auburn International Academy
Hamilton County
244 Southern Avenue
Cincinnati, Ohio 45219

To the Board of Education:

Compliance

We have audited the compliance of Mount Auburn International Academy, Hamilton County, Ohio (the Academy), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect Mount Auburn International Academy's major federal program for the year ended June 30 2011. The summary of auditor's results section of the accompanying schedule of findings identifies the Academy's major federal program. The Academy's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Academy's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Academy's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Academy's compliance with these requirements.

In our opinion, the Mount Auburn International Academy, Hamilton County, Ohio complied, in all material respects, with the requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2011. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that, while not affecting our opinion on compliance, OMB Circular A-133 requires us to report. The accompanying schedule of findings lists this instance as Finding 2011-01.

Internal Control Over Compliance

The Academy's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Academy's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Academy's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency, described in the accompanying schedule of findings as item 2011-01. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a federal program compliance requirement that is less severe than a material weakness in internal control over compliance yet important enough to merit attention by those charged with governance.

The Academy's response to the finding we identified is described in the accompanying schedule of findings. We did not audit the Academy's response and, accordingly, we express no opinion on it.

We also noted a matter involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the School's management in a separate letter dated February **6**, 2012.

We intend this report solely for the information and use of management, the Board of Education, the Community School's sponsor, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

2 C.F.R. 225 Appendix B Sections 1 through 43 provide principles to be applied in establishing the allowability or unallowability of certain items of cost. These principles apply whether a cost is treated as direct or indirect. A cost is allowable for Federal reimbursement only to the extent of benefits received by Federal awards and its conformance with the general policies and principles stated in Appendix A to this part. Failure to mention a particular item of cost in these sections is not intended to imply that it is either allowable or unallowable; rather, determination of allowability in each case should be based on the treatment or standards provided for similar or related items of cost.

2 C.F.R. 225 Appendix A Section (E) sets the guidelines for determining if a direct cost is considered to be allowable per the federal program. These guidelines state:

1. General. Direct costs are those that can be identified specifically with a particular final cost objective.

2. Application. Typical direct costs chargeable to Federal awards are:

   a. Compensation of employees for the time devoted and identified specifically to the performance of those awards.

   b. Cost of materials acquired, consumed, or expended specifically for the purpose of those awards.

   c. Equipment and other approved capital expenditures.

   d. Travel expenses incurred specifically to carry out the award.

The Academy is required to identify all expenditures that are specifically for the performance of Title I services and determine if the expenditure is allowable per 2 C.F.R. 225 Appendix A before expending money from Title I funds. Failure to properly identify allowable costs to the Title I federal program may lead to monies having to be paid back to the federal program and/or having monies withheld from the federal program in the future.

The Academy did not follow the above guidelines in the following instances:

- Two non-payroll expenses totaling of $8,840.08 were for costs deemed to be unallowable because none of the attendees at the conferences were paid from Title I funds and the training was not for technical or Title I related training. In addition, the school hired a motivational speaker that was for the benefit of the school as a whole and was not related to Title I. The unallowable costs paid from the Title I fund are broken down by category in the following table:

FINIDNG NUMBER 2011-01
(Continued)

Fund	Category	Amount
572	Conference/Seminar for non-Title I employee paid out of Title I funds	$90
572	Reimbursements for travel and honorarium for motivational speaker, Dr. Calvin Mackie.	8,750
Total		$8,840

We recommend the Academy follow 2 C.F.R. 225 Appendix A and B to determine which expenditures are considered to be allowable to be used from federal funds. By following 2 C.F.R. 225 Appendix A and B, the Academy can ensure federal funds are being expended properly, and reduce the possibility of the Academy having to pay back federal funds and/or having federal funds withheld in future years.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Mt. Auburn International Academy
Hamilton County
244 Southern Avenue
Cincinnati, Ohio 45219

To the Board of Trustees:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Mt. Auburn International Academy, Hamilton County, Ohio (the Academy) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy at its meeting on October 11, 2011 to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and is not intended to be and should not be used by anyone other than these specified parties.
