#### INDEPENDENT AUDITOR'S REPORT

Portage Lakes Career Center Summit County 4401 Shriver Uniontown, Ohio 44685

To the Board of Education:

## Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Portage Lakes Career Center, Summit County, Ohio (the Center), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Center's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Center's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Portage Lakes Career Center Summit County Independent Auditor's Report Page 2

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Portage Lakes Career Center, Summit County, Ohio, as of June 30, 2013, and the respective changes in financial position thereof and the respective budgetary comparisons for the General and Adult Education funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the Government's basic financial statements taken as a whole.

The Schedule of Federal Award Receipts and Expenditures presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected the schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Portage Lakes Career Center Summit County Independent Auditor's Report Page 3

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2013, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

September 26, 2013

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

The discussion and analysis of the Portage Lakes Career Center's (the "Career Center") financial performance provides an overall review of the Career Center's financial activities for the fiscal year ended June 30, 2013. The intent of this discussion and analysis is to look at the Career Center's performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Career Center's financial performance.

## Financial Highlights

Key financial highlights for 2013 are as follows:

- Net position decreased \$363,096, which represents a 2.32% decrease from 2012.
- Capital assets increased \$1,787,227, which includes construction in progress for a facilities upgrade project that began during fiscal year 2013.
- During the year, outstanding debt decreased from \$233,336 to \$200,003 due to principal payments made by the Career Center.

## Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the Portage Lakes Career Center as a whole entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole Career Center, presenting both an aggregate view of the Career Center's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Career Center's most significant funds with all other nonmajor funds presented in total in one column. In the case of the Portage Lakes Career Center, the general fund and the adult education fund are by far the most significant funds.

## Reporting the Career Center as a Whole

Statement of Net Position and the Statement of Activities

While the basic financial statements contain the large number of funds used by the Career Center to provide programs and activities, the view of the Career Center as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2013?" The *Statement of Net position* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

These two statements report the Career Center's net position and changes in those assets. This change in net position is important because it tells the reader that, for the Career Center as a whole, the financial position of the Career Center has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the Career Center's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the *Statement of Net Position* and the *Statement of Activities*, Governmental Activities include the Career Center's programs and services, including instruction, support services, and extracurricular activities.

## Reporting the Career Center's Most Significant Funds

#### Fund Financial Statements

The major funds financial statements begin on page 15. Fund financial reports provide detailed information about the Career Center's major funds. The Career Center uses many funds to account for a multitude of financial transactions; however, these fund financial statements focus on the Career Center's most significant funds. The Career Center's major governmental funds are the general fund and the adult education fund.

Governmental Funds Most of the Career Center's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Career Center's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

## Reporting the Career Center's Fiduciary Responsibilities

The Career Center is the trustee, or fiduciary, for some of its scholarship programs. This activity is presented as a private purpose trust fund. The Career Center also acts in a trustee capacity as an agent for individuals, private organizations, other governmental units and/or other funds. These activities are reported in two agency funds. The Career Center's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on pages 21 and 22. These activities are excluded from the Career Center's other financial statements because the assets cannot be utilized by the Career Center to finance its operations.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

#### The Career Center as a Whole

Recall that the Statement of Net Position provides the perspective of the Career Center as a whole. Table 1 provides a summary of the Career Center's net position for 2013 compared to 2012:

Table 1 Net Position

	Governmental Activities						
		2013		2012			
Assets		_					
Current and Other Assets	\$	14,718,560	\$	15,943,844			
Capital Assets		5,888,007		4,100,780			
Total Assets		20,606,567		20,044,624			
Liabilities							
Other Liabilities		4,640,142		3,573,721			
Long-Term Liabilities		648,568		789,950			
Total Liabilities		5,288,710		4,363,671			
Net Position							
Net Investment in Capital Assets		4,788,940		3,867,444			
Restricted		633,098		899,225			
Unrestricted		9,895,819		10,914,284			
Total Net Position	\$	15,317,857	\$	15,680,953			

At year end, capital assets represented 29 percent of total assets. Capital assets include, land, construction in progress, land improvements, buildings, furniture and equipment, and vehicles. Net investment in capital assets were \$4,788,940 at June 30, 2013. These capital assets are used to provide services to students and are not available for future spending. Although the Career Center's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the Career Center's net position, \$633,098, or 4 percent, represents resources that are subject to external restrictions on how they may be used. The balance of government-wide unrestricted net position of \$9,895,819 may be used to meet the government's ongoing obligations to students and creditors.

The Career Center began a \$3.9 million facilities upgrade construction project in fiscal year 2013. This project caused a \$1,225,284 decrease in current assets, as cash was used for construction in progress, which in turn increased capital assets. Other liabilities have increased as the Career Center has entered into several contracts related to the construction project.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

Table 2 shows the changes in net position for fiscal year 2013 and 2012.

Table 2 Changes in Net Position

	Governmental Activities					
		2013		2012		
Revenues						
Program Revenues:						
Charges for Services	\$	1,266,083	\$	1,551,957

Pupil Transportation		53,905		42,617		
Central		95,757		100,357		
Extracurricular Activities		43,953		14,289		
Total Expenses		7,783,211		8,121,921		
Increase (Decrease) in Net Position	\$	(363,096)	\$	(245,100)		

There was a \$363,096 decrease in net position for fiscal year 2013.

There was a significant decrease in Adult/Continuing Education expenses due to multiple projects being completed during fiscal year 2012. The increase in Instructional Staff expense was largely due to the purchase of online software that expands course offerings to students.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Table 3

Administration		716,947		783,699		706,652		774,317	
Fiscal		428,147		414,726		428,147		414,726	
Operation and Maintenance of Plant		501,057		430,387		501,057		430,387	
Pupil Transportation		53,905		42,617		53,905		42,617	
Central		95,757		100,357		95,757		100,357	
Extracurricular Activities		43,953		14,289		43,953		5,681	
Total Expenses	\$	7,783,211	\$	8,121,921	\$	5,681,943	\$	5,754,244	

The dependence upon general revenues for governmental activities is apparent. Over 73 percent of governmental activities are supported through taxes and other general revenues; such revenues are 72 percent of total governmental revenues. The community, as a whole, is by far the primary support for the Career Center students.

#### Governmental Funds

Information about the Career Center's major funds starts on page 15. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$7,427,680 and expenditures of \$9,721,310 for the fiscal year.

The general fund's net change in fund balance for fiscal year 2013 was a decrease of \$1,997,731. This decrease is largely because of an increase in expenses due to the facilities upgrade project that will continue throughout fiscal year 2014.

The Adult Education fund balance decreased by \$294,099. Enrollment decreased significantly for adult education programs in fiscal year 2103. Additionally, the Career Center charged some capital project costs to this fund to expend a portion of its excess cash carryover balance.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

## General Fund Budgeting Highlights

The Career Center's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2013, the Career Center did amend its general fund budget a few times. The Career Center uses site-based budgeting and budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

For the general fund, actual budget basis revenue was \$6,600,555, which is lower than the final budget basis revenue by \$393,112. Most of this difference is due to an overestimation of intergovernmental and property tax revenue.

Final expenditure appropriations of \$10,847,063 were \$162,965 higher than the actual expenditures of \$10,684,098 as cost savings were recognized for instruction and capital outlay throughout the year.

The Career Center increased its appropriations throughout the year by \$4,025,000 to accommodate the facilities upgrade construction project, which began in 2013.

## Capital Assets and Debt Administration

## **Capital Assets**

At the end of fiscal year 2013, the Career Center had \$5,888,007 invested in capital assets. Table 4 shows fiscal year 2013 balances compared with 2012.

Table 4
Capital Assets at June 30
Net of Depreciation

	Governmental Activities							
		2013		2012				
Land	\$	195,190	\$	195,190				
Construction in Progress		1,773,050		0				
Land Improvements		491,212		258,850				
Buildings and Building Improvements		2,729,977		2,919,462				
Furniture and Fixtures		662,385		684,203				
Vehicles		36,193		43,075				
Totals	\$	5,888,007	\$	4,100,780				

The \$1,787,227 increase in capital assets was attributable to additional purchases exceeding current year depreciation. This is mostly due to construction in progress for the facilities upgrade project that began in 2013. See Note 6 for more information about the capital assets of the Career Center.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

#### Debt

At June 30, 2013, the Career Center had \$200,003 in debt outstanding. See Note 12 for additional details. Table 5 summarizes loans outstanding.

# Table 5 Outstanding Debt at Year End

		Governmental Activities					
		2012					
Loans Payable:							
Vocation School Building Assistance	\$	200,003	\$	233,336			

#### **Current Issues**

Portage Lakes Career Center receives over half of its total General Fund revenue from the Ohio Department of Education. The Career Center receives additional revenue for being on the state guarantee. In fiscal year 2013, the revenue related to the guarantee was \$928,480. The Career Center also receives a significant amount of revenue in open enrollment from the four districts served. In fiscal year 2013, the open enrollment amount totaled \$601,898. Full-time enrollment has remained steady for the past several years, while the number of total students served has increased as a result of expanded satellite programs.

The Career Center, in turn, relies on its local property taxpayers for the four districts served. The only operating levy was passed in 1983, for 4.35 mills, on a continuing basis. The effective rate of that levy, relative to Class #1 and Class #2 real estate, is near the statutory minimum of 2 mills. There are no new proposed levies for the forecast period, and it is the intent of current management to continue to operate the Center in a manner which is responsible and sustainable, resulting in no additional sacrifices being necessary from taxpayers.

The Career Center is currently engaged in a comprehensive \$3.9 million renovation project of its main facility on Shriver Road. The Career Center plans to pay for the project from existing reserves. The first phase of the project was approved as an energy conservation project, under House Bill 264. The second phase of the project did not fit within the guidelines of the approved HB264 piece; however, the upgrades and renovations related to the second phase were still deemed to be of great value and significance. Following the completion of the comprehensive upgrades, management expects a significant decrease in utility costs. Management also believes the generational upgrades will help ensure the main building of the Career Center will continue to serve students and staff for decades to come.

The five-year forecast projects positive carryover balances in the general fund for the next five years. This is contingent on the state guarantee remaining in place.

The Career Center's systems of budgeting and internal controls are well regarded. The Career Center's healthy financial reserves will help the Center continue to serve its mission, despite the continued deterioration of regional, state, national and international economic health. The Career Center's focus on sustainability has resulted in the Center maintaining solid finances, while also improving facilities and overall academic achievement.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

# Contacting the Career Center's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Career Center's finances and to show the Career Center's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Christopher Wright, Treasurer/CFO of Portage Lakes Career Center, 4401 Shriver Road, Uniontown, Ohio 44685 or CWright@plcc.edu.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## Note 1 - Description of the Career Center and Reporting Entity

The Portage Lakes Joint Vocational School also known as the Portage Lakes Career Center (the "Career Center") is a vocational high school.

Joint Vocational Career Centers were created by the legislature as one means by which a Career Center can meet its obligation under law to make a vocational education program available to all of its students. The Career Center has four member School Districts. They are: Green Local, Manchester Local, Springfield Local, and Coventry Local Schools.

The Portage Lakes Career Center's Board of Education consists of nine board members. Each local School District is represented by two board members elected from the membership of their local board. Green Local Schools are represented by three board members. Each year, the member School Districts elect or assign board members to represent their board on the Career Center's Board of Education.

# Reporting Entity

The Portage Lakes Career Center is a Career Center corporation governed by an appointed Board of Education. The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the Career Center are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the Career Center.

Component units are legally separate organizations for which the Career Center is financially accountable. The Career Center is financially accountable for an organization if the Career Center appoints a voting majority of the organization's governing board and (1) the Career Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Career Center is legally entitled to or can otherwise access the organization's resources; the Career Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Career Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Career Center in that the Career Center approves the budget, the issuance of debt, or the levying of taxes. Based on the foregoing criteria, the Career Center has no component units.

The Career Center participates in two jointly governed organizations and two public entity risk pools. These organizations are the Northeastern Ohio Network for Educational Technology, the Interval Opportunity School, the Stark County Schools Council of Government and the Ohio School Comp Workers' Compensation Group Rating Program. These organizations are presented in Notes 8 and 13 to the basic financial statements.

## Note 2 - Summary of Significant Accounting Policies

The basic financial statements of the Career Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the Career Center's accounting policies are described below.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## A. Basis of Presentation

The Career Center's basic financial statements consist of government-wide statements, including a statement of net position, a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Career Center as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the Career Center at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Career Center's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Career Center, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each governmental activity is self-financing or draws from the general revenues of the Career Center.

#### **Fund Financial Statements**

During the year, the Career Center segregates transactions related to certain Career Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Career Center at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

#### B. Fund Accounting

The Career Center uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are two categories of funds: governmental and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Career Center's major governmental funds:

**General Fund** The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the Career Center for any purpose provided it is expended or transferred according to the general laws of Ohio.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

**Adult Education Fund** This fund accounts for transactions made in connection with adult education programs.

The other governmental funds of the Career Center account for grants and other resources to which the Career Center is bound to observe constraints imposed upon the use of the resources.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the Career Center under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Career Center's own programs. The Career Center's only trust fund is a private purpose trust fund, which accounts for several scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Career Center's only agency fund accounts for student activities.

#### C. Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the Career Center are included on the statement of net position. The statement of activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Private purpose trust funds are reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

# D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

**Revenues - Exchange and Non-Exchange Transactions** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Career Center, available means expected to be received within thirty days of the fiscal year-end.

Non-exchange transactions, in which the Career Center receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 5). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Career Center must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Career Center on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants and student fees.

**Deferred Revenue** Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2013, but which were levied to finance fiscal year 2014 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

**Expenses/Expenditures** On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

## E. Cash and Investments

To improve cash management, all cash received by the Career Center is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Career Center records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the financial statement. The Career Center has segregated a portion of cash balances, reported as "cash and cash equivalents in segregated accounts" which is used for the scholarships.

During fiscal year 2013, investments were limited to STAR Ohio, money markets, U.S. Government Agency notes and Commercial Paper. Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

STAR Ohio is an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2013.

Following Ohio statutes, the Board of Education has, by resolution, identified the funds to receive an allocation of interest. Interest revenue (loss) credited to the general fund during fiscal year 2013 amounted to \$(3,839), which includes \$(122) assigned from other Career Center funds. This loss was the result of the fair market value of the investments reported being lower than the cost amount.

Investments of the cash management pool and investments with a maturity of three months or less at the time they are purchased by the Career Center are presented on the financial statements as "equity in pooled cash and investments". Investments with an original maturity of more than three months that are not made from the pool are reported as "investments".

#### F. Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund include amounts required by State statue to be set-aside for budget stabilization. See Note 16 for additional information regarding set-asides.

## G. Capital Assets

All capital assets of the Career Center are classified as general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost or fair market value) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Career Center maintains a capitalization threshold of \$2,500. The Career Center does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	15 - 30 Years
Buildings	30 - 60 Years
Furniture and Equipment	5 - 20 Years
Vehicles	8 - 15 Years

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## H. Compensated Absences

The Career Center reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The entire compensated absence liability is reported on the government-wide financial statements.

# I. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Loans are recognized as a liability on the fund financial statements when due.

## J. Net position

Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes consists of operating grants.

The Career Center applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

## K. Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," the Career Center classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The classifications are as follows:

Non-spendable – The non-spendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed or assigned.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Career Center Board of Education. Those committed amounts cannot be used for any other purpose unless the Career Center Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the Career Center for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the Career Center Board of Education. The Board of Education has by resolution authorized the Treasurer to assign fund balance. The Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

*Unassigned* – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The Career Center applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

#### L. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. All transfers between governmental funds have been eliminated within the governmental activities column of the statement of net position. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### M. Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## N. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Career Center Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during fiscal year 2013.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

## O. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2013.

### P. Implementation of New Accounting Policies

For the fiscal year ended June 30, 2013, the Career Center has implemented Governmental Accounting Standard Board (GASB) Statement No. 60, "Accounting and Financial Reporting for Service Concession Arrangements," GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34," GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements," and GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position."

GASB Statement No. 60 improves financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The implementation of GASB Statement No. 60 did not have an effect on the financial statements of the Career Center.

GASB Statement No. 61 improves guidance for including, presenting and disclosing information about component units and equity interest transactions of a financial reporting entity. The implementation of GASB Statement No. 61 did not have an effect on the financial statements of the Career Center.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

GASB Statement No. 62 incorporated into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements. The implementation of GASB Statement No. 62 did not have an effect on the financial statements of the Career Center.

GASB Statement No. 63 provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. It also amends the net asset reporting requirements in GASB Statement No. 34 by incorporating deferred outflows and inflows into the definitions and renaming the residual measure as net position, rather than net assets.

## **Note 3 - Budgetary Basis of Accounting**

While the Career Center is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual, is presented for the general fund and adult education special revenue fund on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

- 1. Revenues and other sources are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures and other uses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as a restricted or assigned fund balance (GAAP).
- 4. Some funds are included in the general fund (GAAP), but have separate legally adopted budgets.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statement to the budgetary basis statement for the general fund and adult education fund.

## **Net Change in Fund Balance**

	General Fund	Adult Education Fund		
GAAP Basis	\$ (1,997,731)	\$	(294,099)	
Net Adjustment for Revenue Accruals	188,562		0	
Net Adjustment for Expenditure Accruals	(5,468,853)		(209,585)	
Funds Budgeted Elsewhere **	27,042		0	
Adjustment for Encumbrances	3,165,820		98,057	
Budget Basis	\$ (4,085,160)	\$	(405,627)	

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

\*\*As part of Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes public school support funds and the rotary fund.

## **Note 4 - Deposits and Investments**

State statutes classify monies held by the Career Center into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Career Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Career Center's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies to be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
- 8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Career Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Custodial credit risk for deposits is the risk that in the event of bank failure, the government's deposits may not be returned to it. Protection of Career Center cash and deposits is provided by the Federal Deposit Insurance Corporation, as well as qualified securities pledged by the institution holding the assets. By law, financial institutions must collateralize all uninsured public deposits. The face value of the pooled collateral must equal at least 105 percent of uninsured public funds deposited. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

Custodial credit risk for an investment is the risk that in the event of failure of the counterparty, the Career Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. These securities, held by the counterparty and not in the Career Center's name, must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. The Career Center's policy is to invest money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

**Deposits** At fiscal year-end, the carrying amount of the Career Center's deposits were \$1,092,944, which includes \$500 in petty cash, and the bank balance was \$1,120,390. Of the bank balance:

- 1. \$250,000 of the bank balance was covered by depository insurance; and
- 2. \$870,390 was uninsured and uncollateralized. Although securities serving as collateral were held by the pledging institution in the pledging institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Career Center to a successful claim by the FDIC.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

#### **Investments**

Investments are reported at fair value. As of June 30, 2013, the Career Center had the following investments:

							M	laturity					% of
	Fa	ir Value	0-1	2 Months	13-	24 Months	25-3	6 Months	37-48 1	Months	48-	-60 Months	Investments
First American Treasury													
Money Market	\$	13,606	\$	13,606	\$	0	\$	0	\$	0	\$	0	0.13%
First American Prime													
Money Market		1,500		1,500		0		0		0		0	0.01%
Commercial Paper		404,874		404,874		0		0		0		0	3.81%
STAR Ohio		202,492		202,492		0		0		0		0	1.91%
Federal Home Loan Bank	3	3,390,121	2	,394,242		0		995,879		0		0	31.93%
Federal Home Loan Mtg		823,088		0		0		823,088		0		0	7.75%
Federal National Mtg Assoc	4	4,840,758		401,280		455,190	1,	,819,229	1,70	3,789		461,270	45.59%
U.S. Treasury Note		941,016		941,016		0		0		0		0	8.87%
Total	\$10	0,617,455	\$ 4	,359,010	\$	455,190	\$ 3,	,638,196	\$ 1,70	3,789	\$	461,270	100.00%

**Interest Rate Risk:** The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The Career Center's policy is to follow State statute which is to invest funds with the highest interest rate bid.

**Credit Risk:** The Career Center investments during June 30, 2013 included STAR Ohio, U.S. Government Agency Notes, Commercial Paper and a money market fund. STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAR Ohio as of June 30, 2013, is 58 days and carries a rating of AAAm by Standard and Poor's. Standard and Poor's has rated the U.S. Government Agency Notes as AA+, and Commercial Paper as A-1+.

**Custodial Credit Risk.** For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Career Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Career Center has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

**Concentration of Credit Risk:** The Career Center's investment policy authorizes the Treasurer to invest a maximum of 25 percent of interim funds in either or a combined total of commercial paper and bankers acceptances. This is the only limit placed on the amount that may be invested in any one issuer. The table above includes the percentage of total of each investment type held by the Career Center at June 30, 2013.

#### **Note 5 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis while the Career Center fiscal year runs from July through June. First half tax collections are received by the Career Center in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Property taxes include amounts levied against all real and public utility property located in the Career Center. Real property tax revenue received in calendar year 2013 represents collections of calendar year 2012 taxes. Real property taxes received in calendar year 2013 were levied after April 1, 2012, on the assessed value listed as of January 1, 2012, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2013 represents collections of calendar year 2012 taxes. Public utility real and tangible personal property taxes received in calendar year 2013 became a lien December 31, 2011, were levied after April 1, 2012 and are collected in 2013 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phased out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property was eliminated in calendar year 2009, and the tax on telephone and telecommunications property was eliminated in calendar year 2010. The tax was phased out by reducing the assessment rate on the property each year. The bill replaced the revenue lost by the Career Center due to the phasing out of the tax. In calendar years 2006-2010, the Career Center was fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements are being phased out. On June 30, 2011, House Bill No. 153 was signed into law, which further reduced the amounts of these reimbursements.

The Career Center receives property taxes from Summit County. The County Auditor periodically advances to the Career Center its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2013, are available to finance fiscal year 2013 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2013, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the delayed personal property tax and the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2013 was \$134,428 in the general fund. The amount available as an advance at June 30, 2012, was \$297,166 in the general fund.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

The assessed values upon which the fiscal year 2013 taxes were collected are:

	2012	2 First			2013 First	
	Half Co	ollections		Н	alf Collections	
	Valu	ation	%		Valuation	%
Real Estate	\$ 1,440	),235,340	97.47%	\$	1,446,030,050	97.17%
Public Utility Personal Property	37	7,400,560	2.53%		42,120,400	2.83%
Total Assessed Valuation	\$ 1,477	7,635,900	100.00%	\$	1,488,150,450	100.00%
Tax rate per \$1,000 of assessed valuation	\$	4.35		\$	4.35	

# **Note 6 - Capital Assets**

Capital asset activity for the fiscal year ended June 30, 2013, was as follows:

	Balance 6/30/12	Additions	Reductions	Balance 6/30/13
Governmental Activities				
Capital Assets, not being depreciated:				
Land	\$ 195,190	\$ 0	\$ 0	\$ 195,190
Construction in Progress	0	1,773,050	0	1,773,050
Total Capital Assets, not being depreciated	195,190	1,773,050	0	1,968,240
Capital Assets, being depreciated:				
Land Improvements	328,894	252,820	0	581,714
Buildings	7,486,907	0	0	7,486,907
Furniture and Equipment	1,812,222	56,228	0	1,868,450
Vehicles	61,173	0	0	61,173
Total Capital Assets, being depreciated	9,689,196	309,048	0	9,998,244
Less Accumulated Depreciation:				
Land Improvements	(70,044)	(20,458)	0	(90,502)
Buildings	(4,567,445)	(189,485)	0	(4,756,930)
Furniture and Equipment	(1,128,019)	(78,046)	0	(1,206,065)
Vehicles	(18,098)	(6,882)	0	(24,980)
Total Accumulated Depreciation	(5,783,606)	(294,871)	0	(6,078,477)
Total Capital Assets being depreciated, net	3,905,590	14,177	0	3,919,767
Governmental Activities				
Capital Assets, Net	\$ 4,100,780	\$ 1,787,227	\$ 0	\$ 5,888,007

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Vocational	\$ 282,158
Support Services:	
Administration	1,996
Operation and Maintenance of Plant	 10,717
Total Depreciation	\$ 294,871

#### Note 7 - Receivables

Receivables at June 30, 2013, consisted of property taxes and a workers compensation refund. Taxes receivable is considered collectible in full due to the ability to foreclose for the nonpayment of taxes.

# Note 8 - Risk Management

#### A. Property and Liability

The Career Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Career Center maintains comprehensive insurance coverage with private carriers for real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. Real property and contents are 90 percent coinsured. Settled claims have not exceeded this coverage in any of the past three years, nor has there been any significant reduction in insurance coverage from the prior year.

#### B. Workers' Compensation

The Career Center participates in the Ohio School Comp Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. This represents a merger of individual pooling programs for the Ohio School Boards Association (OSBA) and the Ohio Association of School Business Officials (OASBO). Each year, the participating Career Centers pay an enrollment fee to the GRP to cover the costs of administering the program.

The intent of the GRP is to achieve the benefit of a reduced premium for the Career Center by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating Career Centers is calculated as one experience and a common premium rate is applied to all Career Centers in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to Career Centers that can meet the GRP's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the GRP.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## C. Employee Medical Benefits

The Career Center is a member of the Stark County Schools Council of Government (the Council), through which a cooperative Health Benefit Program was created for the benefit of its members. The Health Benefit Program (the "Program") is an employee health benefit plan which covers the participating members' employees. The Council acts as a fiscal agent for the cash funds paid into the program by the participating Career Centers. These funds are pooled together for the purpose of paying health benefit claims for employees and their covered dependents, administrative expenses of the program, and premiums for stop-loss insurance coverage. The Career Center accounts for the premiums paid as expenditures in the general or applicable fund.

# Note 9 – Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-five days of vacation per year, depending upon length of service. Teachers do not earn vacation time. Administrators employed to work 260 days per year can earn twenty days of vacation annually. Accumulated unpaid vacation is limited to the amount earned during one year. Employees are paid one hundred percent of their accumulated unpaid vacation when they terminate their employment for any reason.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated to a maximum of 315 days. Employees shall receive severance pay equal to 25 percent of 260 days plus 10 percent of accumulated sick leave between 261 and the maximum sick leave.

#### Note 10 - Defined Benefit Pension Plans

#### A. School Employees Retirement System

Plan Description - The Career Center contributes to the School Employees Retirement System of Ohio ("SERS"), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at <a href="https://www.ohsers.org">www.ohsers.org</a> under Employers/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Career Center is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of the Career Center's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2013, 13.05 percent and .05 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The Career Center's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2013, 2012 and 2011 were \$164,866, \$134,367 and \$109,180, respectively; 89 percent has been contributed for fiscal year 2013 and 100 percent for the fiscal years 2012 and 2011.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## B. State Teachers Retirement System

Plan Description - The Career Center participates in the State Teachers Retirement System of Ohio ("STRS Ohio"), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a publicly-available, stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2013, plan members were required to contribute 10 percent of their annual covered salaries. The Career Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employer contributions. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Career Center's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2013, 2012 and 2011 were \$476,625, \$493,299 and \$497,339, respectively; 86 percent has been contributed for fiscal year 2013 and 100 percent for the fiscal years 2012 and 2011. Contributions to the DC and Combined Plans for fiscal year 2013 are available upon request.

#### C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2013, certain members of the Board of Education have elected social security. The Board's liability is 6.2 percent of wages paid.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

#### **Note 11 - Postemployment Benefits**

#### A. School Employees Retirement System

Plan Description – The Career Center participates in two cost-sharing, multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug plan is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code Section 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lessor of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2012 (the latest information available) was \$99.90 for most participants, but could be as high as \$319.70 per month depending on their income. SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2013, .16 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2013, the actuarially determined amount was \$20,525.

Active members do not contribute to the postemployment benefit plans. The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The Career Center's contributions for health care (including surcharge) for the fiscal years ended June 30, 2013, 2012, and 2011 were \$14,869, \$15,130, and \$13,220, respectively; 89 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011.

The Retirement Board, acting with advice of the actuary, allocates a portion of the current employer contribution to the Medicare B Fund. For fiscal year 2013, the actuarially required allocation was 0.74 percent of covered payroll. The Career Center's contributions for Medicare Part B for the fiscal years ended June 30, 2013, 2012, and 2011 were \$9,313, \$7,935 and \$7,026 respectively; 89 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

## B. State Teachers Retirement System

Plan Description - The Career Center contributes to the cost sharing, multiple-employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the financial report of STRS. Interested parties can view the most recent Comprehensive Annual Financial Report by visiting <a href="https://www.strsoh.org">www.strsoh.org</a> or by requesting a copy by calling toll-free (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2013, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The Career Center's contributions for health care for the fiscal years ended June 30, 2013, 2012, and 2011 were \$36,664, \$37,946, and \$38,257, respectively; 86 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011.

#### Note 12 - Long - Term Obligations

The changes in the Career Center's long-term obligations during the year consist of the following:

	utstanding /30/2012	A	dditions	Re	eductions	utstanding /30/2013	amounts Due in ne Year
Governmental Activities:							
Loan Payable: Vocational School Building Assistance Due 6/24/19, 0%	\$ 233,336	\$	0	\$	33,333	\$ 200,003	\$ 33,333
Compensated Absences	 556,614		22,034		130,083	 448,565	 75,961
Total Governmental Activities Long-Term Liabilities	\$ 789,950	\$	22,034	\$	163,416	\$ 648,568	\$ 109,294

In 2004 the Career Center received a \$500,000 interest free loan from the Ohio School Facilities program, which was subsequently used to pay off an improvement note. The retirement of the loan will be made through the debt service fund.

Compensated Absences will be paid from the fund in which the employee is paid. In prior years, this fund has primarily been the general fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Principal requirements to retire the loan outstanding at June 30, 2013 are as follows:

Fiscal Year Ending June 30,	F	Loan Principal				
2014	\$	33,333				
2015		33,334				
2016		33,334				
2017		33,334				
2018-2019		66,668				
Totals	\$	200,003				

**Note 13 - Jointly Governed Organizations** 

# A. Northeastern Ohio Network for Educational Technology

The Northeastern Ohio Network for Educational Technology (NEONET) is a jointly governed organization comprised of 27 members. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions for members. Each of the governments of these members supports NEONET based on a per pupil charge dependent upon the software package utilized. The NEONET assembly consists of a superintendent or designated representative from each participating member and a representative from the fiscal agent. NEONET is governed by a board of directors chosen from the general membership of the NEONET assembly. The board of directors consists of a representative from the fiscal agent, the chairman of each operating committee, and at least one assembly member from each county from which participating members are located. Financial information can be obtained by contacting the Treasurer at the Summit County Educational Service Center which serves as fiscal agent, located at 420 Washington Avenue, Suite 200, Cuyahoga Falls, Ohio 44221. During the year ended June 30, 2013, the Career Center paid approximately \$18,739 to NEONET for basic service charges.

#### B. Interval Opportunity School

The Interval Opportunity School (the School) is a jointly governed organization made up of six area public participants. The function of the School is to provide "at risk students" with possibly a last and a better opportunity to succeed in both their academic and social maturation. Each member School District pays an annual fee based on the number of students serviced by the school. The Career Center paid \$70,000 to the School in fiscal year 2013 for services. The Summit County Education Service Center serves as the fiscal agent of the School. The continued existence of the School is not dependent on the Career Center's continued participation and no equity interest exists.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

# Note 14 – Contingencies and Significant Commitments

#### A. Grants

The Career Center received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the Career Center at June 30, 2013, if applicable, cannot be determined at this time.

#### B. Litigation

The Career Center is not party to any claims or lawsuits that would, in the Career Center's opinion, have a material effect of the basic financial statements.

#### C. Encumbrance Commitments

Outstanding encumbrances for governmental funds include \$2,274,240 in the general fund, \$76,431 in the adult education fund and \$500 in the non-major governmental funds.

#### D. Construction Commitments

Project	Contract Amount			Expended	Outstanding Commitment		
Fire/Security Upgrades HB264 Project Facilites Upgrades	\$	138,398 1,050,843 2,731,250	\$	52,358 376,191 1,344,501	\$	86,040 674,652 1,386,749	
Total	_\$	3,920,491	\$	1,773,050	\$	2,147,441	

#### **Note 15 - Interfund Transfers**

Transfers made during fiscal year 2013 were as follows:

	Γ	ransfer	Transfer		
Funds		In	Out		
General Fund Other Nonmajor Governmental Funds	\$	0 33,333	\$	33,333	
Total	\$	33,333	\$	33,333	

The general fund transferred \$33,333 to the debt service fund to cover principal paid on the outstanding loan.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

#### Note 16 - Set-Asides

The Career Center is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

Effective April 10, 2001, Senate Bill 345, eliminated the requirement that the Career Center establish and maintain a budget stabilization reserve. The monies which do not represent the Bureau of Workers Compensation (BWC) refunds may be left in the budget reserve set-aside, or returned to the general fund and used at the discretion of the of the Career Center's Board of Education.

The following cash basis information describes the change in the year end set-aside amounts for capital acquisition and budget stabilization. Disclosure of this information is required by State statute.

		Budget		Capital	
	Stabilization		Improvement		Totals
Set Aside Reserve Balance as of June 30, 2012	\$	185,120	\$	0	\$ 185,120
Current Year Set-Aside Requirement		0		68,687	68,687
Current Year Qualifying Expenditures		0		(1,245,437)	 (1,245,437)
Total	\$	185,120	\$	(1,176,750)	\$ (991,630)
Balance Carried Forward to FY 2013	\$	185,120	\$	0	\$ 185,120
Set Aside Reserve Balance June 30, 2013					\$ 38,707

The Career Center had qualifying disbursements during the year that reduced the capital improvements set-aside below zero. This extra amount may not be used to reduce the set-aside requirement of future years. Negatives are therefore not presented as being carried forward to the next fiscal year. The total reserve balance for the set-asides at the end of the fiscal year was \$185,120. Of the \$185,120, \$38,707 represents BWC refunds which are reported as a restricted fund balance. The remaining amount of \$146,413 is reported as unassigned for budget stabilization since the requirements that initially established the reserve were not specific to its use.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

# Note 17 - Fund Balance

Fund balance can be classified as non-spendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Career Center is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other funds are presented as follows:

				O	ther	
			Adult	Gover	nmental	
	 General	E	ducation	Fu	ınds	 Total
Restricted for:	 _			'		 
Adult Education	\$ 0	\$	648,261	\$	0	\$ 648,261
BWC Refund	38,707		0		0	38,707
Other Purposes	0		0		15	15
Total Restricted	38,707		648,261		15	686,983
Committed for:						
Underground Storage Tank	11,000		0		0	11,000
Construction in Progress	2,085,141		0		0	2,085,141
Total Committed	 2,096,141		0		0	2,096,141
Assigned for:						
Encumbrances						
Instruction	130,360		0		0	130,360
Support Services	18,283		0		0	18,283

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Portage Lakes Career Center Summit County 4401 Shriver Road Uniontown, Ohio 44685

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Portage Lakes Career Center, Summit County, (the Center) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements and have issued our report thereon dated September 26, 2013.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Center's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Center's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Portage Lakes Career Center Summit County Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required By Government Auditing Standards Page 2

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State Columbus, Ohio

September 26, 2013

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Portage Lakes Career Center Summit County 4401 Shriver Road Uniontown, Ohio 44685

To the Board of Education:

#### Report on Compliance for Each Major Federal Program

We have audited the Portage Lakes Career Center's (the Center) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Portage Lakes Career Center's major federal program for the year ended June 30, 2013. The *Summary of Audit Results* in the accompanying schedule of findings identifies the Center's major federal program.

# Management's Responsibility

The Center's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

#### Auditor's Responsibility

Our responsibility is to opine on the Center's compliance for each of the Center's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Center's major program. However, our audit does not provide a legal determination of the Center's compliance.

#### Opinion on the Major Federal Program

In our opinion, the Portage Lakes Career Center complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2013.

Portage Lakes Career Center Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133 Page 2

## Report on Internal Control Over Compliance

The Center's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Center's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

#### Independent Accountants' Report on Applying Agreed-Upon Procedure

Portage Lakes Career Center Summit County 4401 Shriver Road Uniontown, Ohio 44685

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Portage Lakes Career Center, (the Center) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy at its meeting on March 17, 2011 to include prohibiting harassment, intimidation, or bullying of any student "on a school bus" or by an "electronic act".

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and is not intended to be and should not be used by anyone other than these specified parties.
