## INDEPENDENT AUDITOR'S REPORT

District Board of Health  
Belmont County  
68501 Bannock Road  
St. Clairsville, Ohio 43950

To the Members of the Board:

### ***Report on the Financial Statements***

We have audited the accompanying financial statement and related notes of District Board of Health, Belmont County, Ohio (the District), as of and for the year ended December 31, 2013.

### ***Management's Responsibility for the Financial Statement***

Management is responsible for preparing and fairly presenting this financial statement in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on this financial statement based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statement is free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statement, the District prepared this financial statement using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy requirements.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2013, or changes in financial position thereof for the year then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined cash balances of District Board of Health, Belmont County, Ohio as of December 31, 2013, and its combined cash receipts and disbursements for the year then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

***Other Matters***

Our audit was conducted to opine on the financial statement taken as a whole.

The Schedule of Federal Award Expenditures presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the financial statement.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the financial statement. We subjected this schedule to the auditing procedures we applied to the financial statement. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the financial statement taken as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 8, 2014, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013**

**1. Summary of Significant Accounting Policies**

**A. Description of the Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of the District Board of Health, Belmont County (the District), as a body corporate and politic. A six-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services, issues health-related licenses and permits, emergency response planning, and vital statistics.

The District's management believes this financial statement presents all activities for which the District is financially accountable.

**B. Accounting Basis**

This financial statement follows the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

This statement includes adequate disclosure of material matters, as the Auditor of State prescribes or permits.

**C. Deposits and Investments**

As required by the Ohio Revised Code, the Belmont County Treasurer is custodian for the District's deposits. The County's deposit and investment pool holds the District's assets, valued at the Treasurer's reported carrying amount.

**D. Fund Accounting**

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

**1. General Fund**

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund.

**2. Special Revenue Funds**

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District had the following significant Special Revenue Fund:

Women, Infants, and Children (WIC) Fund - This is a Federal grant fund accounts for the Special Supplemental Nutrition Program.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013  
(Continued)**

**1. Summary of Significant Accounting Policies (Continued)**

**E. Budgetary Process**

The Ohio Revised Code requires the District to budget each fund annually.

**1. Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

**2. Estimated Resources**

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

**3. Encumbrances**

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated. The District did not encumber all commitments required by Ohio law.

A summary of 2013 budgetary activity appears in Note 2.

**F. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**1. Nonspendable**

The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**2. Restricted**

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013  
(Continued)**

**1. Summary of Significant Accounting Policies (Continued)**

**F. Fund Balance (Continued)**

**3. Committed**

The Board can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Board amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**4. Assigned**

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by the Board or a District official delegated that authority by resolution, or by State Statute.

**5. Unassigned**

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**G. Property, Plant, and Equipment**

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statement does not report these items as assets.

**H. Accumulated Leave**

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statement does not include a liability for unpaid leave.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013  
(Continued)**

**2. Budgetary Activity**

Budgetary activity for the year ending December 31, 2013 follows:

2013 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$459,046	\$473,886	\$14,840
Special Revenue	1,244,499	1,292,570	48,071
Total	\$1,703,545	\$1,766,456	\$62,911

2013 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$515,046	\$487,666	\$27,380
Special Revenue	1,424,060	1,184,748	239,312
Total	\$1,939,106	\$1,672,414	\$266,692

The Budgetary Expenditures amounts include year-end outstanding encumbrances of \$5,200 for the General fund and \$44,591 for the Special Revenue Funds.

**3. Intergovernmental Funding**

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. The financial statement presents these amounts as intergovernmental receipts.

**4. Retirement Systems**

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2013, OPERS members contributed 10%, respectively, of their gross salaries and the District contributed an amount equaling 14%, respectively, of participants' gross salaries. The District has paid all contributions required through December 31, 2013.

**5. Risk Management**

**Commercial Insurance**

The District has obtained commercial insurance for the following risks:

- Errors and omissions.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013  
(Continued)**

**5. Risk Management (Continued)**

**Risk Pool Membership**

The District is exposed to various risks of property and casualty losses, and injuries to employees.

The District insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formerly known as American Risk Pooling Consultants, Inc.), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles

Casualty and Property Coverage

APEEP provides PEP with an excess risk-sharing program. Under this arrangement, PEP retains insured risks up to an amount specified in the contracts. At December 31, 2012, PEP retained \$350,000 for casualty claims and \$150,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2012 and 2011 (the latest information available):

	<b><u>2012</u></b>	<b><u>2011</u></b>
Assets	\$34,389,569	\$33,362,404
Liabilities	<u>(14,208,353)</u>	<u>(14,187,273)</u>
Net Position	<b><u>\$20,181,216</u></b>	<b><u>\$19,175,131</u></b>

At December 31, 2012 and 2011, respectively, the liabilities above include approximately \$13.1 million and \$13.0 million of estimated incurred claims payable. The assets above also include approximately \$12.6 million and \$12.1 million of unpaid claims to be billed to approximately 466 and 455 member governments in the future, as of December 31, 2012 and 2011, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2012, the District's share of these unpaid claims collectible in future years is approximately \$2,900.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTES TO THE FINANCIAL STATEMENT  
DECEMBER 31, 2013  
(Continued)**

**5. Risk Management (Continued)**

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

<u>Contributions to PEP</u>	
<u>2012</u>	<u>2011</u>
\$3,387	\$3,208

After one year of membership, a member may withdraw on the anniversary of the date of joining PEP, if the member notifies PEP in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to PEP. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**6. Contingent Liabilities**

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**DISTRICT BOARD OF HEALTH  
BELMONT COUNTY**

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Expenditures Schedule (the Schedule) reports the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

# Dave Yost • Auditor of State

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

District Board of Health  
Belmont County  
68501 Bannock Road  
St. Clairsville, Ohio 43950

To the Members of the Board:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statement of District Board of Health, Belmont County, Ohio (the District), as of and for the year ended December 31, 2013, and the related notes to the financial statement, and have issued our report thereon dated May 8, 2014, wherein we noted the District followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statement, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statement. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

### ***Compliance and Other Matters***

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

District Board of Health  
Belmont County  
Independent Auditor's Report on Internal Control Over  
Financial Reporting and on Compliance and Other  
Matters Required by *Government Auditing Standards*

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor of State

Columbus, Ohio

May 8, 2014

# Dave Yost • Auditor of State

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

District Board of Health  
Belmont County  
68501 Bannock Road  
St. Clairsville, Ohio 43950

To the Members of the Board:

### ***Report on Compliance for Each Major Federal Program***

We have audited the District Board of Health's, Belmont County, Ohio (the District), compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the District Board of Health's major federal program for the year ended December 31, 2013. The *Summary of Audit Results* in the accompanying schedule of findings identifies the District's major federal program.

### ***Management's Responsibility***

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

### ***Auditor's Responsibility***

Our responsibility is to opine on the District's compliance for each of the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

### ***Opinion on the Major Federal Program***

In our opinion, the District Board of Health complied, in all material respects with the compliance requirements referred to above that could directly and materially affects its major federal program for the year ended December 31, 2013.

***Report on Internal Control Over Compliance***

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
