The notes to the Schedule of Federal Awards Receipts and Expenditures are an integral part of this statement.

# NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES FISCAL YEAR ENDED JUNE 30, 2013

# **NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) reports the Elyria City School District's (the School District's) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

# **NOTE B - CHILD NUTRITION CLUSTER**

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

### **NOTE C - FOOD DONATION PROGRAM**

The School District reports commodities consumed on the Schedule at the entitlement value. The School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Elyria City School District Lorain County 42101 Griswold Road Elyria, Ohio 44035

# To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of Elyria City School District, Lorain County, (the School District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated December 27, 2013.

# Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the School District's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the School District's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

### Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Elyria City School District Lorain County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State Columbus, Ohio

December 27, 2013

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND SCHEDULE OF FEDERAL AWARDS
RECEIPTS AND EXPENDITURES REQUIRED BY OMB CIRCULAR A-133

Elyria City School District Lorain County 42101 Griswold Road Elyria, Ohio 44035

To the Board of Education:

# Report on Compliance for Each Major Federal Program

We have audited the Elyria City School District's (the School District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the Elyria City School District's major federal programs for the year ended June 30, 2013. The *Summary of Audit Results* in the accompanying schedule of findings identifies the School District's major federal programs.

### Management's Responsibility

The School District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

# Auditor's Responsibility

Our responsibility is to opine on the School District's compliance for each of the School District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the School District's major programs. However, our audit does not provide a legal determination of the School District's compliance.

Elyria City School District
Lorain County
Independent Auditor's Report on Compliance with Requirements
Applicable to each Major Federal Program and on Internal Control Over
Compliance Required by OMB Circular A-133 and Schedule of Federal Awards
Receipts and Expenditures Required by OMB Circular A-133
Page 2

### Opinion on Each Major Federal Program

In our opinion, the Elyria City School District's complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2013.

# Report on Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Federal Awards Receipts and Expenditures Required by OMB Circular A-133

We have also audited the financial statements of the governmental activities, the business-type activities, the major fund and the aggregate remaining fund information of Elyria City School District's (the School District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We issued our unmodified report thereon dated December 27, 2013. We conducted our audit to opine on the School Districts' basic financial statements. The accompanying schedule of federal awards receipts expenditures schedule presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates

directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

### INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURE

Elyria City School District Lorain County 42101 Griswold Road Elyria, Ohio 44035

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Elyria City School District (the School District) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy at its meeting on October 17, 2012 to include prohibiting harassment, intimidation, or bullying of any student "on a school bus" or by an "electronic act".

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and is not intended to be and should not be used by anyone other than these specified parties.

# The Elyria City School District

Ensuring that each child reaches his or her full potential

# December 27, 2013

# Dear Members of the Board of Education and Citizens of the Elyria City School Community:

As the Superintendent and Treasurer of the Elyria City School District (the District), we are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) issued by the District. This CAFR for the year ended June 30, 2013 is prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) statement Number 34 using guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The District provides a full range of educational programs and services. These include elementary and secondary curriculum offerings at the general, college preparatory and vocational levels, and a broad range of co-curricular and extracurricular activities, adult and community education offerings, and special education services. Elyria High School juniors and seniors attend the Lorain County Joint Vocational School for vocational training classes and eligible High School students attend Lorain County Community College located in the city of Elyria, under the post-secondary school enrollment option and the Early College Program. In addition, the District provides state-financed assistance to non-public schools located within its boundaries. This assistance is accounted for in a special revenue fund. The non-public school operations and the vocational school operations do not meet the established criteria for inclusion in the reporting entity and, accordingly, are excluded from this report.

# GENERAL INFORMATION CONCERNING THE BOARD AND THE DISTRICT

The Reporting Entity

The District has reviewed its reporting entity definition in order to ensure conformance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity". In evaluating how to define the School District for financial reporting purposes, management has considered all agencies, departments and organizations making up the Elyria City School District (the primary government) and its potential component units.

Numerous entities operate within the District's geographical boundaries. These entities have been excluded from the accompanying financial statements because the District cannot legally access their resources, the District has no obligation to finance deficits or provide financial support to them and the District is not obligated for their debts.

A complete discussion of the District's reporting entity is provided in the Note 1 to the basic financial statements.

# The Board of Education and the Administration

The Board of Education of the Elyria City School District (the "Board") is a political and corporate body charged with the responsibility of managing and controlling affairs of the District and, together with the District, is governed by the general laws of the State of Ohio as set forth in the Ohio Revised Code. The Board is comprised of five members who are elected for overlapping four-year terms.

The Superintendent of Schools (the "Superintendent"), appointed by the Board for a term not longer than five years, is the chief executive officer of the District and has the responsibility for directing and assigning teachers and other employees, assigning the pupils to the proper schools and grades, and performing such other duties as determined by the Board. The current Superintendent, Mr. Paul M. Rigda, has been Superintendent since August 24, 2005; his current contract continues until September 30<sup>th</sup> 2015.

The Treasurer is the Chief Financial Officer of the Board and the District and is, pursuant to statutory requirements, appointed by the Board for a four-year term (following a probationary two-year term) and reports directly to the Board. The present Treasurer, Fred V. Stephens, has been Treasurer since January 1, 2004; his current contract continues until July 31, 2014.

### The District and Its Facilities

The Elyria City School District is located in the city of Elyria in Lorain County, Ohio. In fiscal year 2012-2013, there were 7,574 students enrolled in the District compared to 7,520 students enrolled in the previous year. The District currently operates ten (10) elementary schools, three (3) middle schools, one high school, and one special education pre-school. The District maintains one administrative facility that houses an all-day every day Kindergarten with 284 students and pre-School of 79 students, all central functions for the District including all maintenance functions and a central kitchen for its food service program. The District serves as the primary education provider for high incidence special education programs, which provide special curricula and skills programs for students from all of Lorain County and surrounding school districts.

# **Employee Relations and Benefits**

For FY13, the District employed 778 full and part-time teaching and support personnel. In the fiscal year ended June 30, 2013, the District paid from its general and Poverty Based Assistance fund \$37,227,114 in salaries and \$12,486,108 in fringe benefits and other labor-related costs such as employer retirement contributions, workers' compensation insurance coverage, unemployment compensation, life insurance and medical and dental insurance premiums.

For collective bargaining purposes, the NEA/OEA/Elyria Education Association (EEA) represents the District's teachers and educational specialists. The OEA/NEA Elyria Schools Support Staff (ESSS) represents the District's classified employees.

A collective bargaining agreement with the Elyria Education Association (EEA) expires July 31, 2014. The collective bargaining agreement with the Elyria School Support Staff (ESSS) expires December 31, 2014.

The District provides medical health insurance coverage to its employees through Medical Mutual Insurance Company. The prescription drug program is provided to eligible employees through Caremark. The District provides life insurance and accidental death and dismemberment insurance to eligible employees through Medical Life. Dental insurance is provided to eligible employees through Delta Dental of Ohio and vision insurance is provided through VSP. All District employees participate in either the State Teachers Retirement System (STRS) or the School Employees Retirement System (SERS). The District made required contributions for pension obligations to these Systems on behalf of its employees in the amount of \$6,742,100 during the 2013 fiscal year.

# **ECONOMIC CONDITION AND OUTLOOK**

#### Taxes

Property taxes are a major source of revenue for the District. For property taxation purposes, assessment of real property is performed on a calendar year basis by the elected County Auditor subject to supervision by the State Tax Commissioner, and assessment of public utility property and tangible personal property is performed by the State Tax Commissioner. Property taxes are billed by the County Auditor and collected by the County Treasurer.

Taxes collected from "Real Property" (other than Public Utilities) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year. Taxes collected from "Tangible Personal Property" (other than Public Utilities) in one calendar year are levied in the prior calendar year on assessed values listed as of December 31 of the prior year. Public Utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the year preceding the tax collection year.

The "assessed valuation" of real property is fixed at 35% of true value and is determined pursuant to rules of the State Tax Commissioner, except that real property devoted exclusively to agricultural use is assessed at not more than 35% of its current agricultural use value. Real property devoted exclusively to forestry or timber growing is taxed at 50% of the local tax rate upon its true value.

Generally, tangible personal property used in business (except for public utility) is currently assessed for taxation purposes at 24% of its true value (in general, the same as net book value). Certain public utility tangible personal property (except railroad operating property) currently is assessed at 88% of its true value. The first \$10,000 of taxable value of tangible personal property is exempted from taxation; partial reimbursement of reduced collections resulting from the partial exemption is paid from state sources.

The General Assembly exercised its power to revise the laws applicable to the determination of assessed valuation of taxable property and the amount of receipts to be produced by taxes levied on that property (HB66), and has continued to make revisions that have eliminated the collection of tangible personal property tax.

Ohio law grants tax credits to offset increases in taxes resulting from increases in the true value of real property. Legislation implementing a 1980 constitutional amendment classified real property between (I) residential and agricultural and (ii) all other real property, and provides for tax reduction factors to be separately computed for and applied to each class. These credits apply to certain voted levies on real property and do not apply to unvoted tax levies to pay debt service on general obligation debt.

# **School Foundation**

The State's School Foundation Program is another major source of revenue for the District's General Fund. The State assists public school districts under a statutory program, which includes direct payments to districts based upon a statutory formula. Such payments are made through the School Foundation Program established by the Ohio Revised Code (the "Code"). School Foundation Program funds distributed to a school district is required to be used for current operating expenses, unless specifically allocated by the State for some other purposes.

Basic eligibility for School Foundation Program payments is based on a school district's compliance with State-mandated minimum standards. The District is in compliance with those standards and has no reason to believe it will not remain in compliance.

During the fiscal year ended June 30, 2013, the School District received \$40,653,509 of school State support for its general fund.

### Local Economy

The Elyria area has a high percentage of its total work force employed in durable goods manufacturing, including automotive assembly, assembly of parts used in the transportation industry, tool and die-casting and metal fabricating. Manufacturing accounted for some 40-45% of the Elyria area's total work force employment during 2013. The rate of unemployment, at the end of the fiscal year 2013, for Lorain County was 7.20%.

The strength of the Elyria area economy is derived from its diversity in small manufacturing companies. Over 150 manufacturing concerns dominate the local economy and provide employment opportunities.

The District contains the "Westfield Shopping Town Midway". The mall, anchored by four major department stores and two major discount stores, Construction completed in recent years, added six new retailing centers, The Home Depot, Dick's Sporting Goods, a major food chain store (Giant Eagle) a large retail department store (Target). With the addition of these centers, the surrounding Westfield Mall area is developing specialty shops and the food service industry.

# MAJOR INITIATIVES AND ACCOMPLISHMENTS

# **Curriculum Initiatives**

• The District has updated the K-5 course of study with new math textbooks. A heavy focus is placed on Common Core Curriculum implementations. Elementary educators also are implementing Wilson Foundations, an early literacy program. The district is in the early stages of a district wide implementation of Powerteacher, a classroom management system supporting central administration. Powerteacher also includes a parent component that allows online parent/teacher communication. The Elyria Schools offers a successful all-day kindergarten program at no cost to parents.

# Classroom Technology

• The District has a standard for use of technology and uses fiber optics and a Wide Area Network (WAN) to all of its building to accommodate the use of administrative and instructional technology. The District's schools are PC based and Smart boards are in use district wide and quickly expanding to meet the needs of all staff and students. Acquisitions of computers are made annually to supplement existing computers to provide students with the latest hardware and software technology and to replace outdated equipment.

# **District Academic Progress**

- The Elyria City School District for 2013 is ranked Continuous Improvement on Ohio's Report Card and has a plan for improvement.
- Elyria Schools met 17 of 26 State Report Card Indicators.

# Elyria High School

- Elyria High school provides its students with the benefits of being in a large high school but with a small school feel. Freshmen are placed on one of five academic teams that provide individualized attention. Each team has its own assistant principal and guidance counselors. The entire school is divided into four houses. Students remain in the same homeroom and house throughout high school.
- Elyria High School has been rebuilt into a state-of-the-art facility with high technology and many green features such as geothermal heating, eco-friendly roofing and windows.
- Elyria High School pilots many academic programs, such as a grant-funded recovery concept that keeps struggling students on track for graduation. Elyria High School graduates nearly 93% of its students in four years; this is up from 63% just 14 years ago. Many college preparatory courses and honors programs are offered.

# **Academic Services**

- Elyria City School district offers numerous academic programs, including honors and advanced placement courses, Gifted and Talented Education opportunities, comprehensive special education programming and services for English-as-a-second-language students.
- Elyria offers a very successful all-day kindergarten program at no additional cost to parents. The program enjoys tremendous success: students enrolled in Elyria's all-day K program show significant achievement in reading and math well past kindergarten years.
- Elyria Schools offers an expansive preschool program.
- Elyria Schools offers more than 550 Smart boards in classrooms throughout the district. Smart boards are redefining how teachers teach and students learn: lesson plans are more interactive and students enjoy the hands-on approach to learning. The boards have helped improve students' attention, classroom participation and behavior.
- Through state and federal funding, Elyria has been able to advance professional development, provide specialized instructors for key content areas, and gain access to sophisticated progress-monitoring technologies. Elyria teachers are 100% highly qualified and trained in many disciplines.

# Special Education

- Elyria's special education department offers a wide continuum of services—13 disability
  areas and many related services. Elyria serves approximately 1,200 students identified with
  a disability. Most of these students are Elyria residents attending Elyria Schools; however a
  number of outside residents are served through the District's comprehensive special
  education programming.
- Elyria enjoys successful inclusion/teaming practices: general education teachers and intervention specialists work together so that students with disabilities have access to the general education curriculum and are involved with typical peers to the fullest extent possible.
- The District has been recognized at the state level for its inclusive efforts: The staffs of Elyria High School and Westwood Junior High School are recipients of the Walter-Horn Award for Partnering for Progress.
- Elyria hosts the yearly regional Special Olympics at Ely Stadium and year-long activities such as bowling, golf and basketball.
- Of the District's alternate assessment scores (Alternate Assessment is a testing option for students with the most severe disabilities), most are accelerated or advanced.

### Treasurers Department Focus

The Treasurer's office is working on continuously improving the department by increasing efficiency and effectiveness.

• Completed the process of converting treasurer and student records to electronic storage and retrieval.

- Use the District's updated web page as a community resource for Board of Education and Financial Service information on the District
- Board Policy manual was converted to an electronic file available to the public on our district website

# For the Future.

The District will continue to implement the cost reduction efforts and monitor the results.

The District continues to develop its technology system to allow all teachers and students access to the Internet. Teachers and administrators will have immediate access to District information on students, budget and staff. The District is implementing Smart Board technology into the classroom and has trained and placed equipment on line for the new school year.

The District passed a bond issue for a new Elyria High School in FY2007. Students moved to the academic wing for the 2011-2012 school year the School is now completed and fully operational.

The State of Ohio approved a new OSFC project to replace all of the District elementary schools. Plans are in place to put a bond issue on the ballot for the local share.

# **FINANCIAL INFORMATION**

Pursuant to accounting procedures prescribed by the Ohio Revised Code (ORC), revenues and expenditures are recorded on a budgetary basis during the fiscal year. The accounting procedures prescribed by the ORC are generally applicable to all school districts in Ohio and differ from GAAP as promulgated by the Governmental Accounting Standards Board.

Annual financial reports on a budgetary basis are prepared by the Treasurer and filed with the State Department of Education as required by state statute. The State Auditor of Ohio requires that the District prepare and publish an annual financial report using accounting principles generally accepted in the United States of America.

# <u>Fiscal Management</u>

The Treasurer, as chief financial officer of the Board of Education and the District, is responsible for receiving, maintaining custody of and disbursing and properly reporting all funds of the Board.

# Budgeting, Tax Levy and Appropriations Procedures

The Ohio Revised Code contains detailed provisions regarding district budgeting, tax levy and appropriation procedures. The procedures involve review by Lorain County (The "County") officials at several stages.

District budgeting for a fiscal year formally begins with the preparation of a tax budget. After a public hearing, this budget is adopted by the Board prior to the fiscal year to which it pertains. Among other items, the tax budget must show the amounts required for debt service, the estimated receipts received from sources other than property taxes and the net amount for which a property tax levy must be made. The tax budget then is presented for review by the County Budget Commission, comprised of the County Auditor, County Treasurer and County Prosecuting Attorney.

The Budget Commission reviews the tax budget. The Code provides that "if any debt charge is omitted from the budget, the commission shall include it therein". Upon approval of the tax budget, the County Budget Commission certifies to the Board its action together with the approved tax rates. Thereafter, the Board levies the approved taxes and certifies them to the proper County officials. The approved and certified tax rates are reflected in the tax bills sent to property owners during the collection year. Real property taxes are payable on a calendar basis, generally in two installments with the first usually in January and the second in July.

If a permanent appropriation measure is not ready for adoption at the beginning of each fiscal year, the Board adopts a temporary appropriation measure to begin that new fiscal year and then, within three months, adopts a permanent appropriation measure for that fiscal year. Permanent appropriation measures may be, and generally are, amended or supplemented during the fiscal year. Annual appropriations may not exceed the County Budget Commission's official estimates of resources. The County Auditor must certify that the Board's appropriation measures, including any supplements or amendments, do not appropriate monies in excess of the amounts set forth in the latest of those official estimates.

# **Budgetary Controls**

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level except for general fund which is on the function level. The District maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered appropriation balances are reviewed prior to the release of purchase orders to ensure funds are available to meet the obligation created by the purchase order. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated. Estimated revenues and appropriations are amended at year-end based on actual revenue, expenditure and encumbrance activity.

# **Internal Controls**

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely derived from its implementation; and, (2) the valuation of cost and benefits requires estimates and judgments by management.

# **FINANCIAL CONDITION**

The District prepares financial statements following GASB Statement 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." GASB 34 creates new basic financial statements for reporting on the District's financial activities as follows:

Government-wide Financial Statements These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by businesses. The government-wide financial statements distinguish between those activities of the District that are governmental and these that are considered business-type activities.

Fund Financial Statements These statements present information for individual major funds rather than fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliations to the governmental activities accrual information presented in the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statement of Budgetary Comparisons These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by the law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

As a part of the new reporting model, management is responsible for preparing a discussion and analysis for the District. This discussion follows this letter of transmittal, providing an assessment of the District's finances for 2013. Because that discussion focuses on major funds other non-major funds are discussed briefly in this letter.

Financial Highlights – Internal Service Fund The only internal service fund carried on the financial records related to self-insurance. This fund accounts for the revenues and expenses related to the provision of dental and medical benefits to the District employees. The District has implemented a medical self-insurance program. The internal service fund had net position of \$1,117,464 including reserve for, FY 2013.

*Financial Highlights – Fiduciary Funds* The trust fund carried on the financial records of the District is a private purpose trust that has net position totaling \$395,525 for, FY 2013.

# **Financial Policies**

The board has incorporated policies to improve the financial viability of the District both in the short and long term. For the last six years the administration has been working on a series of board approved cost reduction plans to keep revenue and expenses in line. The District uses the Five Year Forecast as a tool to plan for the future. The CFO develops the forecast in cooperation with the superintendent to project future outcomes. The board has regular presentations and discussions of our progress. The entire management team is in tune with the financial direction of the District.

This year we implemented (with the aid our joint health insurance committee) modifications that required increased deductibles, co-pays, and employee contributions that improved the financial stability of our self insurance program. Early retirement incentives were used to encourage senior employees at the top of the salary schedule to retire and replace them with less costly new teachers. The District has reduced the number of employees due to our decrease in enrollment and our financial condition for the last six years. To save cost and improve efficiency and effectiveness the Board has closed and consolidated buildings to better fit the student population and adjust for demographic shifts. The unused buildings are in the process of being offered for sale. The remaining buildings are benefiting from the use of group purchasing and consortiums to save on natural gas, electricity and materials and supplies.

The new Elyria High School is one of the first new schools that will earn the environmental LEEDS Certification. The school uses the latest in green technology to improve efficiency and protect the environment. The geothermal heating system will save the district on heating and cooling expense for the life for the school.

On the revenue side the board has focused on early passage of renewals with 100% success. New money was requested in 2010 with a positive result creating a significant impact on our financial position.

Effective board policy and administration have resulted in improved outcomes for both income and expense for this year and in the future.

# **USE OF REPORT**

This report is published to provide the Board of Education, the citizens of the Elyria School District and other interested persons, detailed information concerning the financial condition of the District, with the particular emphasis placed on the utilization of resources during fiscal year 2013. Further, this report will serve as a guide to formulating policies and conducting the District's day-to-day activities. The information is presented in a manner designed to fairly set forth the financial activity of its various funds. All disclosures necessary to enable the reader to gain the maximum understanding of the District's financial affairs have been included.

In today's public awareness environment it is increasingly important that the public agencies prepare soundly conceived annual financial reports independently audited by a qualified firm or agency. It has become essential that such reports be prepared in accordance with generally accepted accounting principles (GAAP). Bond rating agencies review the data presented before determining a public agency's bond rating.

# OTHER INFORMATION

Independent Audit: Provisions of State statute require the School District's financial statements to be subjected to an annual examination by the Auditor of State or an independent auditor contracted by the Auditor of State. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Federal Single Audit Act Amendment of 1996. The Auditor of State performed the audit for the fiscal year ended June 30, 2013. The auditor's unqualified opinion rendered on the School District's basic financial statements, and their report on the combining and individual fund statements and schedules, is included in the financial section of this CAFR.

Pursuant to statute, the State prescribes a uniform accounting system to standardize accounting classification and financial reporting for all governments in Ohio. The District adopted and has been in conformance with that system beginning with its financial reporting for the 1981 fiscal year.

# **AWARDS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Elyria Schools for its Comprehensive Annual Financial Report for the year ended June 30, 2012. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current CAFR, conforms to the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

# **ACKNOWLEDGMENTS**

The preparation of the Comprehensive Annual Financial Report was made possible by the diligence of the Treasurer's staff under the coordination of Fred Stephens, Treasurer/Chief Financial Officer. We truly appreciate the contributions made by each staff member in the preparation of this report.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the Assistant Treasurer, Katie Henes and the staff of the Treasurer's Office; Mary Lou Burnside, MariJane LaFleur, Julie Parker, Judith Peterson and Linda Saltis. We want to express our appreciation to all who assisted and contributed to its preparation. We would like to acknowledge all members of the Board of Education who have expressed their interest and support in planning and conducting the financial operations of the District in a fiscally responsible, professional and progressive manner.

Paul M. Rigda Superintendent

Fred V. Stephens

Treasurer and Chief Financial Officer

# Elyria City School District, Ohio

# Members of the Board of Education

The Board of Education is a body politic and corporate with the responsibility of managing and controlling affairs of the District and is, together with the District, governed by laws of the State of Ohio. The Board is comprised of five members who are elected for overlapping four-year terms. The current members of the Board of Education of the Elyria City School District are:

| Board Members                           | Began Service   | Term Expires      |
|---|-----------------|-------------------|
| Donald Boddy, Member                    | July 28, 1998   | December 31, 2015 |
| Virginia Hawes, Board V.P.              | January 1, 2002 | December 31, 2013 |
| Evelyn France, Board President          | April 23, 1996  | December 31, 2013 |
| Richard Kaplan, Member (passed)         | January 1, 2012 | December 10, 2012 |
| Michael Gebhardt, Member<br>(appointed) | January 2, 2013 | December 31, 2013 |
| Kathryn Karpus, Member                  | January 1, 2004 | December 31, 2015 |

# **Superintendent of Schools**

The Superintendent is the executive officer of the District and is responsible for administering policies adopted by the Board of Education. The superintendent is expected to provide leadership in all phases of policy formulation and is the chief advisory to the Board on all aspects of the educational program and total operation of the District. Superintendent, Paul M. Rigda has Superintendent since August 24, 2005.

# **Treasurer/Chief Financial Officer**

The Treasurer/Chief financial Officer serves as the fiscal officer of the District and, with the Board President, executes all conveyances made by the Board of Education. The Treasurer/Chief Financial Officer, Fred V. Stephens, has held the position since January 1, 2004.

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended

June 30, 2012

Executive Director/CEO

#### INDEPENDENT AUDITOR'S REPORT

Elyria City School District Lorain County 42101 Griswold Road Elyria, Ohio 44035

To the Board of Education:

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of Elyria City School District, Lorain County, Ohio (the School District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Elyria City School District Lorain County Independent Auditor's Report Page 2

# **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of Elyria City School District, Lorain County, Ohio, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### Other Matters

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

### Supplementary and Other Information

Our audit was conducted to opine on the School District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Elyria City School District Lorain County Independent Auditor's Report Page 3

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2013, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State Columbus, Ohio

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

The discussion and analysis of the Elyria City School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2013. The intent of this discussion and analysis is to look at the School District's performance as a whole; readers should also review the transmittal letter, the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

# Financial Highlights

Key financial highlights for 2013 are as follows:

- Net position decreased \$1,301,661, which represents a 3.9% decrease from 2012.
- Capital assets decreased \$2,252,493 during fiscal year 2013.
- During the year, outstanding debt decreased from \$48,746,510 to \$47,831,462 due to principal payments made by the School District

# Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the Elyria City School District as a whole entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the Elyria City School District, the general fund is by far the most significant fund.

#### Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While the basic financial statements contain the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2013?" The *Statement of Net Position* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

These two statements report the School District's net position and changes in those positions. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the *Statement of Net Position* and the *Statement of Activities*, Governmental Activities include the School District's programs and services, including instruction, support services, extracurricular activities, and non-instructional services, i.e., community services.

Both of the government-wide financial statements distinguish functions of the School District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the School District include instruction, support services, operation of non-instructional services, and extracurricular activities. The business-type activity of the School District includes lunchroom/cafeteria.

# Reporting the School District's Most Significant Funds

#### Fund Financial Statements

The major funds financial statements begin on page 17. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions; however, these fund financial statements focus on the School District's most significant funds. All of the funds of the School District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. The School District's major governmental fund is the general fund.

Governmental Funds Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

**Proprietary Funds** The School District maintains two different types of proprietary funds. Enterprise funds are used to report the same function presented as business-type activity in the government-wide financial statements. The School District uses an enterprise fund to account for its cafeteria/lunchroom activity. The internal service fund is an accounting device used to accumulate and allocate costs internally among the School District's various functions. The School District uses its internal service fund to account for its healthcare costs. Because this service predominantly benefits governmental rather than business-type functions, they have been included within governmental activities in the government-wide statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the lunchroom/cafeteria, which is considered to be a non-major fund of the School District.

# Reporting the School District's Fiduciary Responsibilities

The School District is the trustee, or fiduciary, for some of its scholarship and foundation programs. This activity is presented as a private purpose trust fund. The School District also acts in a trustee capacity as an agent for individuals, private organizations, other governmental units and/or other funds. These activities are reported in two agency funds. The School District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on pages 25 and 26. These activities are excluded from the School District's other financial statements because the assets cannot be utilized by the School District to finance its operations.

# The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position for 2013 compared to 2012:

Table 1 Net Position

|                                  | Governmenta   | al Activities | Business-Ty | pe Activities | To            | tal           |
|----------------------------------|---------------|---------------|-------------|---------------|---------------|---------------|
|                                  | 2013          | 2012          | 2013        | 2012          | 2013          | 2012          |
| Assets                           |               |               |             |               |               |               |
| Current and Other Assets         | \$ 50,825,161 | \$ 52,100,793 | \$ 314,702  | \$ 290,473    | \$ 51,139,863 | \$ 52,391,266 |
| Capital Assets                   | 73,288,429    | 75,503,583    | 595,286     | 632,625       | 73,883,715    | 76,136,208    |
| Total Assets                     | 124,113,590   | 127,604,376   | 909,988     | 923,098       | 125,023,578   | 128,527,474   |
| Liabilities                      |               |               |             |               |               |               |
| Current Liabilities              | 39,866,720    | 40,426,441    | 225,801     | 142,240       | 40,092,521    | 40,568,681    |
| Long-term Liabilities            | 52,490,260    | 54,215,075    | 38,010      | 39,270        | 52,528,270    | 54,254,345    |
| Total Liabilities                | 92,356,980    | 94,641,516    | 263,811     | 181,510       | 92,620,791    | 94,823,026    |
| Net Position                     |               |               |             |               |               |               |
| Net Investment in Capital Assets | 26,894,482    | 27,873,333    | 595,286     | 632,625       | 27,489,768    | 28,505,958    |
| Restricted                       | 4,651,069     | 5,382,195     | 0           | 0             | 4,651,069     | 5,382,195     |
| Unrestricted (Deficit)           | 211,059       | (292,668)     | 50,891      | 108,963       | 261,950       | (183,705)     |
| Total Net Position               | \$ 31,756,610 | \$ 32,962,860 | \$ 646,177  | \$ 741,588    | \$ 32,402,787 | \$ 33,704,448 |

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

At year end, capital assets represented 59.1% of total assets. Capital assets include, land, land improvements, buildings and improvements, furniture and equipment, vehicles, library and textbooks. Net investment in capital assets were \$27,489,768 at June 30, 2013. These capital assets are used to provide services to students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the School District's governmental net position, \$4,651,069 or 14.6% represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position of \$211,059 for governmental activities and \$50,891 for business-type activities is unrestricted.

Total assets decreased \$3,503,896. This was primarily due to a decrease of funds in escrow accounts for retainage on the completed Ohio School Facilities Commission project, and a decrease in capital assets due to depreciation exceeding capital asset additions.

Total current liabilities decreased \$476,160, due to a decrease in contracts payable, resulting from the completion of the Ohio School Facilities Commission Project. Long term liabilities decreased due to debt principal payments, capital lease payments and early retirement incentive payments.

This space left blank intentionally

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

# **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School District, assets exceeded liabilities by \$32.4 million at the close of the most recent fiscal year. Table 2 shows the changes in net position for fiscal year 2013 and 2012.

Table 2 Changes in Net Position

|   | Government    | al Activities | Business-Type Activities |            | To            | tal           |
|---|---------------|---------------|--------------------------|------------|---------------|---------------|
|   | 2013          | 2012          | 2013                     | 2012       | 2013          | 2012          |

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

Total expenditures increased \$301,424. Other instruction increased \$1,380,599 due to an increase in community school, open enrollment and other tuition. Operation and maintenance increased \$800,421; the majority of this increase can be attributed to better allocation of depreciation to program provided by the School District.

#### **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The table below shows, for governmental and business-type activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Table 3
Program Expenses

|   | 20            | 113           | 20            | 12            |

| Total Expenses                          | \$ 87,853,588 | \$ 75,750,743 | \$ 87,552,164 | \$ 75,240,815 |

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

Net costs of services has increased as compared to the prior year, as a result of the end of Ohio School Facilities Commission funding.

The dependence upon general revenues for governmental activities is apparent. Around 89.5% of governmental activities are supported through taxes and other general revenues; such revenues are 89.6% of total governmental revenues. The community, as a whole, is by far the primary support for the School District students.

# **Business-Type Activity**

Business-type activity decreased the School District's net position by \$95,411. The only business-type activity for the School District was lunchroom/cafeteria. This decrease was not due to any one significant reason.

Expenses increased by \$486,037. This increase was due an increase in food cost and an increase in contractual services. The increase in cost was mostly offset by an increase in reimbursement through the National Lunch Program.

#### Governmental Funds

Information about the School District's major funds starts on page 17. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$82,736,067 and expenditures of \$84,010,229.

The general fund's net change in fund balance for fiscal year 2013 was a decrease of \$2,283,117. The primary reason for the decrease in fund balance was a decrease in state foundation and transfer of \$1,145,619 to other programs to support them. No significant change in expenses.

**Proprietary Funds** The School District's proprietary funds provides the same type of information found in the government-wide financial statements, but in more detail. Information about the School District's proprietary funds starts on page 22.

Lunchroom/cafeteria net position decreased slightly during the current fiscal year.

#### General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2013, the School District did amend its general fund budget a few times. The School District uses site-based budgeting and budgeting systems are designed to tightly control total site budgets but provide flexibility for site management

For the general fund, actual budget basis revenue was \$2,100,860 lower than the final budget basis revenue of \$73,629,330. Most of this difference is due to an overestimation of intergovernmental and tax revenue.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

Final expenditure appropriations of \$73,975,582 were \$380,845 higher than the actual expenditures of \$73,594,737; no individually significant variance resulted in difference between budget and actual expenditures.

# Capital Assets and Debt Administration

# **Capital Assets**

At the end of fiscal year 2013, the School District had \$73,883,715 invested in capital assets for its governmental and business-type activities. Table 4 shows fiscal year 2013 balances compared with 2012.

Table 4
Capital Assets at June 30
(Net of Depreciation)

The \$2,252,493 decrease in capital assets was attributable to depreciation expense exceeding the capital asset additions. See Note 9 for more information about the capital assets of the School District.

#### **Debt**

At June 30, 2013, the School District had \$47,831,462 in debt outstanding. See Note 11 for additional details. Table 5 summarizes bonds outstanding.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2013

#### Current Issues

The Board of Education and administration closely monitor revenues and expenditures in accordance with the financial forecast. The financial future of the School District is not without its challenges though. The School District must rely heavily on property taxes to fund its operations. The districts lost a new levy for 4.9 mils in November and have three renewals up in the next 2 years totaling 16.2 million. One levy is a current expense for 4.95 mills and 2 emergency issues totaling 15.34 mils, a loss would be catastrophic. State funding continues to evolve with the new state budget for 2014/15 providing an increase in revenues over the past state budgets. Funding of community schools and open enrollment and the upcoming union contract negotiations could impact finances.

Due to the unsettled issues in school funding, management is required to plan carefully and prudently to provide the resources to meet student needs over the next five years.

Elyria School District has committed itself to financial excellence for many years. The School District has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting. The School District has first participated in the GFOA Certificate of Achievement for Excellence in Financial Reporting program in 1999.

In addition, the School District's system of budgeting and internal controls is well regarded. All of the School District's financial abilities will be needed to meet the challenges of the future.

# Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Fred Stephens, Treasurer at Elyria School District, 42101 Griswold Road, Elyria, Ohio 44035.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2013

| Net Change in Fund Balances - Total Governmental Funds  |             | \$<br>(1,258,838) |
|---|-------------|-------------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |             |                   |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. |             |                   |
| Capital Asset Additions   | \$ 667,964  |                   |
| Current Year Depreciation   | (2,883,118) | (2,215,154)       |
| Revenues in the statement of activities that do not provide current financial   |             |                   |
| resources are not reported as revenues in the funds.  |             |                   |
| Grants  | (199,816)   |                   |
| Delinquent Property Taxes   | 655,621     |                   |
| Charges for Services  | (16,506)    | 439,299           |
| In the statement of activities, interest is accrued on outstanding debt, where as   |             |                   |
| in governmental funds, an interest expenditure is reported when due.  |             |                   |
| Funds report the effects of premiums and issuance costs when debt is first issued,  |             |                   |
| whereas these amounts are deferred and amortized in the statement of activities.  |             |                   |
| Accrued Interest  | 10,184      |                   |
| Accretion on Capital Appreciation Bonds   | (330,428)   |                   |
| Bond Issuance Costs Amortization  | (9,173)     |                   |
| Bond Premium Amortization   | 30,323      | (299,094)         |
| Repayment of debt principal is an expenditure in the governmental funds,  |             |                   |
| but the repayment reduces long-term liabilities in the statement of net position.   |             |                   |
| General Obligation Bonds  | 740,000     |                   |
| Capital Leases  | 475,153     | 1,215,153         |
| Compensated absences and early retirement incentive reported in the statement of  |             |                   |
| activities do not require the use of current financial resources and therefore  |             |                   |
| are not reported as expenditures in governmental funds.*  |             | 810,957           |
| The internal service fund used by management to charge the costs of   |             |                   |
| insurance to individual funds is not reported in the district-wide statement  |             |                   |
| of activities. Governmental fund expenditures and related internal service  |             |                   |
| fund revenues are eliminated. The net revenue (expense) of the internal   |             |                   |
| service fund is allocated among the governmental activities.  |             | <br>101,427       |

#### ELYRIA CITY SCHOOL DISTRICT

**Lorain County, Ohio** 

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

# NOTE 1: NATURE OF BASIC OPERATIONS AND DESCRIPTION OF THE ENTITY

The Elyria City School District (the School District) was established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The School District is a school district as defined by Section 3311.02 of the Ohio Revised Code. The School District operates under an elected Board of Education, consisting of five members, and is responsible for providing public education to residents of the School District.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For the Elyria City School District, this includes general operations, food service and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of the debt or levying of taxes. Based on the foregoing criteria, the School District has no component units.

The School District is involved with North Coast Council (NCC), which is defined as jointly governed organization. Additional information concerning the jointly governed organization is presented in Note 15.

#### NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the School District's accounting policies are described below.

# A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

# ELYRIA CITY SCHOOL DISTRICT

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

# **Government-wide Financial Statements**

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is also eliminated to avoid "doubling up" revenues and expenses.

The statement of net position presents the financial condition of the governmental and business-type activities of the School District at year-end. The statement of activities present a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and for the business-type activities of the School District. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business activity or governmental activity is self-financing or draws from the general revenues of the School District.

#### **Fund Financial Statements**

During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. The fiduciary funds is reported by type.

#### **B.** Fund Accounting

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

#### **Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the School District's major governmental fund:

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

*General Fund* The general fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the School District account for grants and other resources to which the District is bound to observe constraints imposed upon the use of the resources.

### **Proprietary Funds**

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The following are the School District's proprietary fund types:

**Enterprise Fund** The enterprise fund may be used to account for any activity for which a fee is charged to external users for goods or services. The School District's enterprise fund is:

*Lunchroom/Cafeteria Fund* This fund accounts for the financial transactions related to the food service operations of the School District.

*Internal Service Fund* The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District, or to other governments, on a cost reimbursement basis. The School District's internal service fund is:

**Self-Insurance Fund** This fund accounts for monies received from other funds as payment for providing medical, hospitalization, dental, vision, life, or other similar employee health benefits. The self-insurance fund may make payments for services provided to employees, for reimbursements to employees who have paid providers, to third party administrators for claim payments or administration, for stop-loss coverage, or other reinsurance or other similar purpose.

# **Fiduciary Funds**

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are, therefore, not available to support the School District's own programs. The School District's only trust fund is a private purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's only agency fund accounts for student activities.

# **Government-wide Financial Statements**

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

### C. Measurement Focus

### **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the fund are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its internal service fund activity.

The private purpose trust fund is reported using the economic resources measurement focus and is excluded from government-wide activities. The agency fund does not report a measurement focus as it does not report operations.

# D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

# Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of the fiscal year-end.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, student fees, and rentals.

### **Deferred/Unearned Revenue**

Deferred/unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2013, but which were levied to finance fiscal year 2014 operations, have been recorded as deferred/unearned revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred/unearned revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

### **Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

# E. Cash and Investments

To improve cash management, all cash received by the School District is pooled. Monies for all funds, including the proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the School District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the financial statements.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

During fiscal year 2013, investments were limited to certificates of deposit and STAR Ohio. Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposit and repurchase agreements are reported at cost.

The School District has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio) during fiscal year 2013. STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on June 30, 2013.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2013 amounted to \$30,957, which includes \$15,574 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as "equity in pooled cash and investments." Investments with an original maturity of more than three months that are not made from the pool are reported as "investments."

### F. Deferred Charges

On the governmental fund statements, bond issuance costs are recorded as an expenditure when incurred. Bond issuance costs are reported as deferred and amortized over the term of the bonds using the bond outstanding method on the government-wide statements since the results are not significantly different from bond outstanding method.

# G. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the government activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the dates received. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of capital assets is not capitalized.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

|                           | Governmental Activities | Business-Type<br>Activities |
|---------------------------|-------------------------|-----------------------------|
| Description               | Estimated Lives         | Estimated Lives             |
| Land Improvements         | 20 years                | N/A                         |
| Building and Improvements | 20-50 years             | N/A                         |
| Furniture and Equipment   | 5-20 years              | 5-20 years                  |
| Vehicles                  | 8 years                 | N/A                         |
| Library and Textbooks     | 6 years                 | N/A                         |

### H. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the statement of net position.

### I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments. The entire compensated absences liability is reported on the government-wide financial statements.

For the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employees who have accumulated leave are paid.

### J. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. In general, liabilities that mature or come due for payment during the fiscal year are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due.

### K. Bond Premiums

Bond premiums are recorded as another financing source on the governmental fund statements. On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bond using the bond outstanding method. Bond premiums are presented as an increase of the face amount of the bonds payable.

# L. Net Position

Net position represent the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

### M. Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," the School District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed or assigned.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or is imposed by law through constitutional provisions.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Committed – The committed fun balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the School District Board of Education. The Board of Education has by resolution authorized the Treasurer to assign fund balance. The Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

*Unassigned* – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

### N. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the School District, these revenues are charges for services for food service operations and charges employee self-insurance program. Operating expenses are necessary costs incurred to provide services that are the primary activity of the fund. All revenues and expenses not meeting these definitions are reported as non-operating.

### O. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

### P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2013.

### Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### R. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level for all funds. The Treasurer has been given the authority to allocate Board appropriations to the function and object levels within each fund.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate in effect when the final appropriations were passed.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the budgetary statements reflect the final appropriations passed by the Board during the year.

### S. Implementation of New Accounting Policies

For the fiscal year ended June 30, 2013, the School District has implemented Governmental Accounting Standard Board (GASB) Statement No. 60, "Accounting and Financial Reporting for Service Concession Arrangements," GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34," GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements," and GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position."

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

GASB Statement No. 60 improves financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The implementation of GASB Statement No. 60 did not have an effect on the financial statements of the School District.

GASB Statement No. 61 improves guidance for including, presenting and disclosing information about component units and equity interest transactions of a financial reporting entity. The implementation of GASB Statement No. 61 did not have an effect on the financial statements of the School District.

GASB Statement No. 62 incorporated into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements. The implementation of GASB Statement No. 62 did not have an effect on the financial statements of the School District.

GASB Statement No. 63 provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. It also amends the net asset reporting requirements in GASB Statement No. 34 by incorporating deferred outflows and inflows into the definitions and renaming the residual measure as net position, rather than net assets.

#### **NOTE 3: FUND DEFICITS**

Fund balances at June 30, 2013 included the following individual fund deficits:

| Nonmajor Governmental Funds: | Fun | d Balance |
|------------------------------|-----|-----------|
| Capital Building             | \$  | 192,731   |
| Education Jobs               |     | 5,171     |
| Title I                      |     | 105,017   |

The deficit fund balances resulted from adjustments for accrued liabilities. The general fund is liable for any deficit in these funds and provides transfers when cash is required, rather than when accruals occur.

### NOTE 4: BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances —Budget (Non-GAAP Budget Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

- 2. Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures/expenses for all funds (budget basis) rather than as an assignment of fund balance for (GAAP basis).
- 4. Advances in and advances out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- 5. Some funds are included in the general fund (GAAP), but have separate legally adopted budgets.

The following tables summarize the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund:

### **Net Change in Fund Balance**

| GAAP Basis                               | \$ (2,283,117) |
|--|----------------|
| Net adjustments for revenue accruals     | 166,180        |
| Advances in                              | 1,974,291      |
| Net adjustments for expenditure accruals | (537,549)      |
| Advances out                             | (461,687)      |
| Funds budgeted elsewhere**               | 750,054        |
| Adjustments for encumbrances             | (2,075,137)    |
| Budget Basis                             | \$ (2,466,965) |

<sup>\*\*</sup> As part of Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes public school support funds, uniform school supplies, termination benefits, rotary special service funds, and miscellaneous grants.

### **NOTE 5: DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- United States Treasury Notes, Bill, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to payment of principal and interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government
  agency or instrumentality, including but not limited to, Federal National Mortgage Association,
  Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage
  Corporation, Government National Mortgage Association, and Student Loan Marketing
  Association. All federal agency securities shall be direct issuances of federal government
  agencies or instrumentalities;
- Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2% and marked to market daily, and that the term of the agreement must not exceed 30 days;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- The State Treasurer's investment pool (STAROhio and STAR Plus);
- Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred and eighty days in an amount not to exceed 25% of the interim monies available for investment at any one time; and,
- Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

According to State law, public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by FDIC, or may pledge a pool of government securities valued at least 105% of the total value of uninsured public monies on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the School District's name. During 2013, the School District and public depositories complied with the provisions of these statutes.

# **Deposits with Financial Institutions**

Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits may not be returned. According to state law, public depositories must give security for all public funds on deposit in excess of those funds that are insured by the federal deposit insurance corporation (FDIC) or by any other agency or instrumentality of the federal government. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the FDIC, or may pledge a pool of government securities valued at least 105% of the total value of uninsured public monies on deposit at the institution. The School District's policy is to deposit money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

At fiscal year-end, the carrying amount of the School District's deposits was \$10,856,813. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures," as of June 30, 2013, \$9,943,592 of the School District's bank balance of \$10,981,469 was exposed to custodial risk as discussed above, while \$1,037,877 was covered by Federal Deposit Insurance Corporation.

### **Investments**

Investments are reported at fair value. As of June 30, 2013, the School District had the following investments:

|          |              | Investment   |            |
|----------|--------------|--------------|------------|
|          | Fair         | Maturity     | Percent of |
| Entity   | Value        | (0-6) Months | Total      |
| STAROhio | \$ 2,404,002 | \$ 2,404,002 | 100.00%    |

*Interest Rate Risk.* Is the possibility that changes in interest rates will adversely affect the fair value of an investment. The School District's investment policy does not address limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

STAROhio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAROhio to maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAROhio as of June 30, 2013 is 58 days.

*Credit Risk.* STAROhio was rated AAAm by Standard & Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The School District has no investment policy that would further limit its investment choices.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School District's policy is to invest money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

Concentration of Credit Risk. The School District places no limit on the amount that may be invested in any one issuer.

### **NOTE 6: PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2013 represents collections of calendar year 2012 taxes. Real property taxes received in calendar year 2013 were levied after April 1, 2012, on the assessed value listed as of January 1, 2012, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2013 represents collections of calendar year 2012 taxes. Public utility real and tangible personal property taxes received in calendar year 2013 became a lien December 31, 2011, were levied after April 1, 2012 and are collected in 2013 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phased out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property was eliminated in calendar year 2009, and the tax on telephone and telecommunications property was eliminated in calendar year 2010. The tax was phased out by reducing the assessment rate on the property each year. The bill replaced the revenue lost by the School District due to the phasing out of the tax. In calendar years 2006-2010, the School District was fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements are being phased out. On June 30, 2011, House Bill No. 153 was signed into law, which further reduced the amounts of these reimbursements.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

The School District receives property taxes from Lorain County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2013, are available to finance fiscal year 2013 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2013, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the delayed personal property tax and the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2013 was \$2,992,549 in the general fund, \$267,562 in the bond retirement debt service fund, and \$38,254 in the classroom facilities maintenance special revenue fund. The amount available as an advance at June 30, 2012, was \$3,203,345 in the general fund, \$279,542 in the bond retirement debt service fund, and \$42,613 in classroom facilities maintenance special revenue fund.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2013 taxes were collected are:

|                                  | 2012 Second<br>Half Collections |         | 2013 First<br>Half Collections |         |  |
|----------------------------------|---------------------------------|---------|--------------------------------|---------|--|
|                                  | Amount                          | Percent | Amount                         | Percent |  |
| Real Estate                      | \$ 855,116,020                  | 97.39%  | \$ 785,178,820                 | 96.88%  |  |
| Public Utility Personal Property | 22,872,180                      | 2.61%   | 25,282,660                     | 3.12%   |  |
|                                  | \$ 877,988,200                  | 100.00% | \$ 810,461,480                 | 100.00% |  |
| Full Tax Rate per \$1,000        |                                 |         |                                |         |  |
| of assessed value                | \$ 69.73                        |         | \$ 71.35                       |         |  |

### **NOTE 7: RECEIVABLES**

Receivables at June 30, 2013 consisted of taxes, accounts (customer services and student fees), accrued interest, interfund and intergovernmental grants. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All are expected to be received within one year.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

### **NOTE 8: INTERFUND ACTIVITY**

### A. Interfund Balances

Interfund balances at June 30, 2013 consisted of the following:

|                              | Interfund  | Interfund  |
|------------------------------|------------|------------|
|                              | Receivable | Payable    |
| General Fund                 | \$ 461,687 | \$ 0       |
| Nonmajor Governmental Funds: |            |            |
| Building Fund                | 0          | 360,827    |
| Construction Building Fund   | 0          | 927        |

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2013 are reported on the Statement of Net Position.

# B. Interfund Transfers

Transfers made during fiscal year 2013 were as follows:

|                             | Transfers |          | Transfers |           |  |
|-----------------------------|-----------|----------|-----------|-----------|--|
|                             | In        | <u> </u> |           | Out       |  |
| General Fund                | \$        | 0        | \$        | 1,145,619 |  |
| Nonmajor Governmental Funds | 1,14      | 5,619    |           | 0         |  |
|                             | \$ 1,14   | 5,619    | \$        | 1,145,619 |  |

These transfers were made to move unrestricted balances to support programs and projects accounted for in other funds.

| \$ 2,883,118 |
|              |

# NOTE 10: CAPITALIZED LEASES-LESSEE DISCLOSURE

The School District has entered into leases for the renovation of the high school building and acquisition of equipment. These leases meet the criteria of a capital lease as they transfer benefits and risks of ownership to the lessee.

Capital assets acquired by the leases have been capitalized in the amount of \$6,972,014. A corresponding liability was recorded in the statement of net assets and is reduced for each required principal payment.

Lease payments are paid from the general fund.

The future minimum lease obligations and the net present values of these minimum lease payments as of June 30, 2013, were as follows:

|    | Lease     |
|----|-----------|
| F  | Payment   |
| \$ | 633,238   |
|    | 631,695   |
|    | 630,150   |
|    | 633,607   |
|    | 631,967   |
|    | 1,281,402 |
|    | 4,442,059 |
|    | 546,071   |
| \$ | 3,895,988 |
|    | \$        |

### 2007 School Facilities Construction and Improvement General Obligation Bonds

On September 5, 2007 the School District issued \$44,999,971 in voted general obligation bonds, which included serial, term and capital appreciation (deep discount) bonds in the amount of \$14,720,000, \$29,530,000 and \$749,971, respectively. The general obligation bonds were issued for the purpose of constructing a new high school and a portion of the principal of the bonds, together with other monies available for this purpose, was used to retire the School Districts outstanding \$5,000,000 School improvement notes that matured on November 14, 2007.

The bonds were issued with a premium of \$631,723, which is reported as an increase to bonds payable. The amounts are being amortized to interest expense over the life of the bonds using the bonds outstanding method. The amortization of the premium for fiscal year 2013 was \$30,323. The issuance costs of \$191,111 are reported as deferred charges and are being amortized over the life of the bonds using the bond outstanding method. The amortization of the issuance costs for fiscal year 2013 was \$9,173.

### Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

The \$44,999,971 bond issue consists of serial term and capital appreciation bonds. The serial bonds were issued with a varying interest rate of 4.0-5.25%. The term bonds that mature in fiscal year 2028, with an interest rate of 4.75% are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2027 at 100% of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

| Fiscal Year | Principal Amount to be Redeemed |
|-------------|---------------------------------|
| 2026        | \$ 1,925,000                    |
| 2027        | 2,015,000                       |

The term bonds due December 1, 2035, with an interest rate of 5.0%, are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2028, and on each December 1 thereafter at 100% of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

| Principal Amount to be Redeemed |
|---------------------------------|
| \$ 2,345,000                    |
| 2,465,000                       |
| 2,585,000                       |
| 2,855,000                       |
| 3,000,000                       |
| 3,150,000                       |
| 3,435,000                       |
|                                 |

The term bonds maturing after December 1, 2017 are subject to optional redemption, in whole or in part, on any date in order of maturity as determined by the School District and by lot within a maturity, at the option of the board of Education on or after June 1, 2017.

The capital appreciation bonds will mature December 1, 2013 through 2015. These bonds were purchased at a discount at the time of issuance and at maturity all compounded interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semiannually, the value of the bond increases. Therefore, as the value increases, the accretion is booked as interest. The maturity amount of the bonds is \$2,640,000. The fiscal year 2013 accretion amount was \$330,428.

Compensated absences and capital leases will be paid from the general fund and debt payments are paid from the debt service fund.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

The School District provides an early retirement incentive plan for employees. Employees who enroll in the early retirement incentive plan must have declared their intention to retire before June 30, 2013. Certified employees that retired prior to the start of the 2010-2011 school year received two \$12,500 incentive payments in January, 2011 and 2012. Certified employees that retired prior to the 2011-2012 school year received two incentive payments in the amount of \$7,500 in January, 2012 and 2013. Classified employees who retired by June 30, 2011 received an incentive payment equivalent to thirty percent of their annual base salary. This was paid on or about October 1, 2012. This was paid from the termination benefits fund.

Principal and interest requirements to retire general obligation bonds, capital appreciation bonds and the installment loan outstanding at June 30, 2013 are as follows:

| Fiscal Year     | Gen           | eral Obligation B | ond           | Capi       | tal Appreciation I | Bonds        | Total         |               |               |  |  |

### **NOTE 12: RISK MANAGEMENT**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2013, the School District contracted with Indiana Insurance Company for property insurance. Professional liability is protected by Indiana Insurance Company with \$5,000,000 aggregate limit.

Vehicles are covered by Indiana Insurance Company. Automobile liability has \$2,000,000 combined single limit of liability. Settled claims have not exceeded this commercial coverage in any of the past three years. The School District did not reduce their limit of liability in the current year.

The Board President and the Superintendent are covered with surety bonds for \$50,000 with Westfield Ohio Farmers. The Treasurer is covered by a surety bond in the amount of \$1,000,000. This bond is with Ohio Farmers Insurance Company. There is also a separate bond that covers the Treasurer, Assistant Treasurer and the Director of Business Services for \$1,000,000.

The School District participates in the Ohio School Board Association Workers' Compensation Retrospective Rating Program (GRRP), an insurance premium rating pool for public school districts. The GRRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President- Elect and the Immediate Past President of the Ohio School Boards Association. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRRP to cover the costs of administering the program.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

The intent of the GRRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in GRRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRRP rather than its individual rate. The total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of GRRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." The firm of Comp Management provides administrative, cost control and actuarial services to the GRRP.

The School District has established a medical self-insurance fund for School District employees and their covered dependents, in order to minimize the annual cost of medical insurance. The program is administered by the School District and is assisted by an outside third-party administrator. At year end, self-insurance was in effect with stop loss of \$200,000 per member and an aggregate stop-loss of 120% of paid claims for medical and hearing. For fiscal year 2013 this was equal to \$-0-. Excess losses are insured by the Medical Mutual of Ohio plan.

Self-insurance for liability exposure is maintained in an internal service fund. The internal service fund is responsible for collecting interfund premiums from funds having payroll expenditures. The internal service fund is also responsible for paying claim settlements and administrative fees as invoiced by the Medical Mutual of Ohio plan as well as Advanced PCS, which administers the prescription plan.

The claims liability is \$360,632 reported in the self-insurance fund at June 30, 2013 is based on the liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims. The amount was based on an estimate provided by the third-party administrator. The change in the liability for the last two years is presented in the following table.

|      | ]  | Balance  |    |            |    |           | Balance       |
|------|----|----------|----|------------|----|-----------|---------------|

### NOTE 13: DEFINED BENEFIT PENSION PLANS

### A. School Employee Retirement System

Plan Description - The School District contributes to the School Employees Retirement System of Ohio ("SERS"), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Funding Policy - Plan members are required to contribute 10% of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current rate is 14% of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2013, 13.05% and .05% of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amount of 10% for plan members and 14% for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2013, 2012 and 2011 were \$992,384, \$1,023,719 and \$1,120,526, respectively; 54% has been contributed for fiscal year 2013 and 100% for the fiscal years 2012 and 2011.

### B. State Teachers Retirement System

Plan Description - The School District participates in the State Teachers Retirement System of Ohio ("STRS Ohio"), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a publicly-available, stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Funding Policy - For fiscal year 2013, plan members were required to contribute 10% of their annual covered salaries. The School District was required to contribute 14%; 13% was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employer contributions. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2013, 2012 and 2011 were \$4,336,965, \$4,556,929 and \$4,301,686, respectively; 82% has been contributed for fiscal year 2013 and 100% for the fiscal years 2012 and 2011. Contributions to the DC and Combined Plans for fiscal year 2013 were \$176,386 made by the School District and \$125,990 made by the plan members.

### C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2013, certain members of the Board of Education have elected social security. The Board's liability is 6.2% of wages paid.

### **NOTE 14: POSTEMPLOYMENT BENEFITS**

### A. School Employee Retirement System

Plan Description – The School District participates in two cost-sharing, multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug plan is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code Section 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lessor of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2012 (the latest information available) was \$99.90 for most participants, but could be as high as \$319.70 per month depending on their income. SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

# Lorain County, Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2013, .16% of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2013, the actuarially determined amount was \$20,525.

Active members do not contribute to the postemployment benefit plans. The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care (including surcharge) for the fiscal years ended June 30, 2013, 2012, and 2011 were \$153,414, \$44,510, and \$40,332, respectively; 54% has been contributed for fiscal year 2013 and 100% for fiscal years 2012 and 2011.

The Retirement Board, acting with advice of the actuary, allocates a portion of the current employer contribution to the Medicare B Fund. For fiscal year 2013, the actuarially required allocation was 0.74% of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2013, 2012, and 2011 were \$56,058 \$60,695, and \$66,635, respectively; 54% has been contributed for fiscal year 2013 and 100% for fiscal years 2012 and 2011.

### B. State Teachers Retirement System

Plan Description - The School District contributes to the cost sharing, multiple-employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the financial report of STRS. Interested parties can view the most recent Comprehensive Annual Financial Report by visiting <a href="www.strsoh.org">www.strsoh.org</a> or by requesting a copy by calling toll-free (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2013, STRS Ohio allocated employer contributions equal to 1% of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2013, 2012, and 2011 were \$333,613, \$350,533 and \$330,899, respectively; 82% has been contributed for fiscal year 2013 and 100% for fiscal years 2012 and 2011.

**Lorain County, Ohio** 

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

### NOTE 15: JOINTLY GOVERNED ORGANIZATION

North Coast Council The North Coast Council (NCC) is a jointly governed organization among thirty school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of the computers and other electronic equipment to administrative and instructional functions among districts. Each of the governments of these schools supports NCC based upon a per pupil charge, dependent or designated representative from each participating school district and a representative from the fiscal agent. NCC is governed by a Board of Directors chosen from the general membership of the NCC assembly. The Board of Directors consists of a representative from the fiscal agent, and the chairman of each of the operating committees, and at least one Assembly member from each county in which the participating school districts are located.

Financial information can be obtained by writing the Treasurer at the Educational Service Center of Cuyahoga County, 6393 Oak Tree Boulevard, Independence, Ohio 44131. During fiscal year 2013, the School District contributed \$119,776 to NCC.

### **NOTE 16: CONTINGENCIES**

### A. Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2013, if applicable, cannot be determined at this time.

### **B.** Litigation

The District is not party to any claims or lawsuits that would, in the District's opinion, have a material effect of the basic financial statements.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

### **NOTE 17: SET-ASIDES**

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the fiscal year end set aside amounts for capital acquisition. Disclosure of this information is required by State statute.

|   |    | Capital   |
|---|----|-----------|
|   | Im | provement |
|   |    | Reserve   |
| Set-Aside Restricted Balance, June 30, 2012 | \$ | 0         |
| Current Year Set-Aside Requirement          |    | 1,131,649 |
| Current Year Qualifying Expenditures        |    | (870,714) |
| Current Year Offset                         |    | (466,761) |
| Total                                       | \$ | (205,826) |
| Balance Carried Forward to Fiscal Year 2014 | \$ | 0         |
| Set-Aside Restricted Balance June 30, 2013  | \$ | 0         |

Although the School District had qualifying disbursements during the fiscal year that reduced the set aside amount to below zero for the capital acquisition set-aside, this amount may not be used to reduce the set-aside requirements of future years. This negative balance is therefore not presented as being carried forward to future years.

### **NOTE 18: SIGNIFICANT ENCUMBRANCES**

Outstanding encumbrances for governmental funds include \$1,371,691 for general fund and \$679,949 in nonmajor funds.

# **Lorain County, Ohio**

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2013

# **NOTE 19: FUND BALANCE**

Fund balance can be classified as nonspendable, restricted, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other funds are presented as follows:

|                            | Nonmajor   |      |              |              |  |  |  |  |  |  |
|----------------------------|------------|------|--------------|--------------|--|--|--|--|--|--|
|                            |            |      | Government   | al           |  |  |  |  |  |  |
|                            | Genera     | al   | Funds        | Total        |  |  |  |  |  |  |
| Nonspendable for:          |            |      |              |              |  |  |  |  |  |  |
| Unclaimed Funds            | \$ 5,0     | 623  | \$ (         | \$ 5,623     |  |  |  |  |  |  |
| Restricted for:            |            |      |              |              |  |  |  |  |  |  |

Combining Statements and Individual Fund Schedules Combining Statements – Nonmajor Funds

# Nonmajor Special Revenue Funds:

The Special Revenue funds are used to account for proceeds of specific revenue sources (other than expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes. Following is a description of the School District's Nonmajor special revenue funds:

**Local Grants Fund** – This fund accounts for proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specific purposes.

Classroom Facilities Maintenance Fund – This fund accounts for proceeds for a special levy for the maintenance of facilities.

Athletics and Music Fund – This fund accounts for gate receipts and other revenues from athletic events and costs (except supplemental coaching contracts) of the athletic program, including transportation.

**Auxiliary Services Fund** – This fund accounts for state grant monies that provide services and materials to pupils attending non-public schools within the School District.

**Educational Management Information Systems Fund** – This fund accounts for state monies which support the costs associated with the requirements of the management information systems.

**Public School Preschool Fund** – This fund accounts for state monies used to assist the School District paying the cost of preschool programs for three and four year olds.

**Data Communications Fund** – This fund accounts for revenues received from the state to be used to install and provide support costs for data communication links to connect any school to the local A-site.

SchoolNet Professional Development Fund – This fund accounts for state monies to assist staff in gaining knowledge of technology.

**Alternative Schools Fund** – This fund accounts for monies used for alternative education for new and existing at risk and delinquent youths.

*Miscellaneous State Grants Fund* – This fund accounts for state monies which support academic and enrichment programs for the student body.

**Education Jobs Fund** – This fund provides compensation and benefits and other expenses, such as support services, necessary to retain existing employees, recall or rehire former employees, and to hire new employees, in order to provide early childhood, elementary or secondary educational and related services.

**Race to The Top Fund** – This fund provides for either a new program or expansion of an existing program to support initiatives in the following areas: Standards and Assessments; Using Data to Improve Instruction; Great Teachers and Leaders; and Turning Around the Lowest-Achieving Schools.

# Nonmajor Special Revenue Funds (Continued):

**IDEA Part B Fund** – This fund accounts for federal monies used to assist schools in the identification of handicapped children, development of procedural safeguards, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

*State Fiscal Stabilization Fund* – This fund accounts for federal monies to support and restore state funding for elementary, secondary, post-secondary education and as applicable early childhood programs.

*Title II-D Fund* – This fund accounts for federal monies to improve state academic achievement through technology in schools; to assist student in becoming technologically literate by the end of eighth grade, and; to encourage effective integration of technology with teacher training and curriculum development to establish successful research-based instructional methods.

*Title I School Improvement Fund* – This fund accounts for federal monies to help schools improve the teaching and learning of children failing, or most at risk of failing to meet challenging state academic achievement standards.

*Title III Fund* – This fund accounts for monies to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

*Title I Fund* – This fund accounts for federal monies used to assist the School District in meeting the special needs of educationally deprived children.

**Preschool Handicapped Grant Fund** – This fund accounts for federal monies, which provide for the cost of developing a public school preschool for handicapped and non-handicapped children.

Class Size Reduction Fund – This fund accounts for federal monies used to reduce class sizes in elementary schools.

*Miscellaneous Federal Grants Fund* – This fund accounts for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere.

### Nonmajor Debt Service Fund:

**Bond Retirement Fund** – This fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and fiscal charges.

# **Lorain County, Ohio**

Combining Statements and Individual Fund Schedules Combining Statements – Nonmajor Funds

# Nonmajor Capital Projects Funds:

Capital projects funds account for the acquisition, construction or improvement of capital facilities other than those financed by proprietary funds.

**Permanent Improvement Fund** – This fund accounts for property taxes levied to be used for various capital improvements within the School District.

Capital Building Fund – This fund accounts for monies to be used for building improvements.

*Classroom Facilities Fund* – This fund accounts for monies received and expended in connection with contracts entered into by the School District and the Ohio School Facilities Commission for the building and equipping of classroom facilities.

Individual Fund Schedules of Revenues, Expenses and Changes in Fund Equity – Budget (Non-GAAP Basis) and Actual Proprietary Funds

#### ELYRIA CITY SCHOOL DISTRICT

#### INDIVIDUAL FUND SCHEDULES

#### **Proprietary Funds**

*Lunchroom/Cafeteria Fund* – This fund accounts for the financial transactions related to the food service operations of the School District.

**Self-Insurance Fund** – This fund accounts for monies received from other funds as payment for providing medical, hospitalization, life, dental, vision or any other similar employee benefit. The Self-Insurance Fund may make payments for services provided to employees for reimbursements to employees who have paid providers, to third-party administrators for claim payment or administration for stop-loss coverage or for any other reinsurance or other similar purposes.

Individual Fund Schedules of Revenues, Expenses and Changes in Fund Equity – Budget (Non-GAAP) and Actual Fiduciary Fund

#### ELYRIA CITY SCHOOL DISTRICT

#### COMBINING STATEMENT AND INDIVIDUAL FUND SCHEDULES

#### Fiduciary Funds

Fiduciary funds are used to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and other funds. The following are the School District's fiduciary fund types:

#### Private Purpose Trust Fund

**Scholarship Trust Fund** – This fund accounts for money, securities of land which have been set aside as an investment for public school purposes. The income from such a fund may be expended, but the principal must remain intact.

#### Agency Funds

*District Management Fund* – This fund accounts for those assets held by the School District as an agent for individuals, private organization, and other governmental units.

**Student Managed Activities Fund** – This fund reflects resources that belong to the student bodies of the various schools, accounting for sales and other revenue generating activities.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35% of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25% of true value for railroad property to 88% for electric transmission and distribution property. General business tangible personal property was assess in previous years at 25% for machinery and equipment. General business inventory tangible personal property tax is being phased out beginning in 2006. The listing percentage is 18.75% for 2006, 12.5% for 2007, and zero for 2009.

revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the percent rollback for commercial/industrial The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax property has been eliminated.

- (1) Includes Homestead/Rollback taxes assessed locally, but distributed through the State and reported as Intergovernmental revenue.
- (2) The 2013 information cannot be presented because all collections have not been made by June 30, 2013.
- (3) The County information does not provide the applicable year when in which taxes are collected for, included delinquencies. Thus the "total collections" represent the total collections for the year instead of total collections of a particular tax year. As a result "total collection as a percent of a total levy" can exceed 100% in any particular year.
