Independent Accountant's Report

Jeromesville Community Fire District
P.O. Box 414
Jeromesville, Ohio 44840

I have audited the accompanying financial statements and related notes of Jeromesville Community Fire District, Ashland County, (the Government) as of and for the years ended December 31, 2012.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to opine on these financial statements based on my audit. I audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require me to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on my judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, I consider internal control relevant to the Government's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Government's internal control. Accordingly, I express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as my evaluation of the overall financial statement presentation.

I believe the audit evidence I obtained is sufficient and appropriate to support my audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the Government prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy these requirements.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In my opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Government as of December 31, 2012, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In my opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of Jeromesville Community Fire District, Ashland County as of December 31, 2012, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated May 16, 2014, on my consideration of the Government's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of my internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Government's internal control over financial reporting and compliance.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Jeromesville Community Fire District, Ashland County, Ohio, (the District) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District serves three political subdivisions consisting of Plain District, Lake District, and Jeromesville District, which includes Mohican and Perry Districts. The Board of Trustees consists of three members, one member from each of the following: Mohican District, Perry District and Jeromesville District. The principal purpose of the District is to pool the mutual resources and abilities of the member subdivisions and thereby provide adequate and responsible fire protection and emergency medical services (EMS) for the subdivisions.

The District has five part-time employees and uses volunteers to provide most of the fire protection and EMS services. In 2012, volunteers were paid \$10 per call, meeting and training session.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the "primary government". A fundamental characteristic of a primary government is that it is fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. This criteria was considered in determining the reporting entity. The District has no component units.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

The District maintains all cash in one checking account.

**NOTES TO THE FINANCIAL STATEMENTS

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2012 budgetary activity appears in Note 3.

E. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

F. Fund Accounting

The District maintains its accounting records in accordance with the principles of "Fund" accounting. Fund accounting is a concept developed to meet the need of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, and accounting entity that stands separate from the activities reported in other funds. The restrictions associated with each class of funds are as follows:

Governmental Funds

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. EQUITY IN POOLED DEPOSITS

The District maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

Demand Deposits	<u>\$ 3,959</u>
Total Deposits	\$ 3,959
Repurchase Agreement	<u>\$ 133,194</u>
Total Investments	<u>\$ 133,194</u>
Total Deposits and Investments	<u>\$ 137,153</u>

Deposits: Deposits are insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

Investments: The District's financial institution transfers securities to the District's agent to collateralize repurchase agreements. The securities are not in the District's name.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2012 follows:

2012 Budgeted vs. Actual Receipts

Fund Type:	Budgeted Receipts	Actual Receipts	Variance
General	\$ 357,764	\$ 245,283	\$ (112,481)

2012 Budgeted vs Actual Budgetary Basis Expenditures

Fund Type:	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 357,764	\$ 242,787	\$ 114,977

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by District Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31.

If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

DECEMBER 31, 2012**

4. PROPERTY TAX (continued)

Public utilities are also taxed on personal and real property located within the District. Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

5. PENSION PLAN

The Jeromesville Community Fire District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. Members of OPERS contributed 10 percent of their gross salaries from January 1 to December 31 of 2012. The Jeromesville Community Fire District contributed an amount equaling 14 percent of participants' gross salaries from January 1 to December 31 of 2012. The Jeromesville Community Fire District has paid all contributions required through December 31, 2012.

6. RISK MANAGEMENT

Commercial Insurance

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability.
- Vehicles.
- Errors and omissions.

The District also provides health insurance coverage to full time employees through a private carrier.

NOTES TO THE FINANCIAL STATEMENTS

7. FUND BALANCE

Fund balance, consist of one classification based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classification is as follows:

1. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

Within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

8. LEASE-PURCHASE AGREEMENT

On November 30, 2010, the District entered into a lease-purchase agreement with Leasing 2, Inc., for a Sutphen Custom Guardian Pumper, with an annual payment of \$30,442 on June 15, commencing in 2011. The lease expense totaled \$30,392 for the 2012 calendar year.

Future minimum lease payments at December 31, 2012, are as follows:

Year	Principal	Interest	Total
2013	21,604	8,838	30,442
2014	22,551	7,891	30,442
2015	23,538	6,904	30,442
2016	24,569	5,873	30,442
2017	25,645	4,797	30,442
2018 – 2020	63,875	3,800	67,675
Total	<u>\$ 181,782</u>	<u>\$ 38,103</u>	<u>\$ 219,885</u>

9. CONTINGENT LIABILITIES

Management believes there are no pending claims or lawsuits.

Independent Accountant's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards

Jeromesville Community Fire District
P.O. Box 414
Jeromesville, Ohio 44840

I have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Jeromesville Community Fire District, Ashland County, (the Government) as of and for the years ended December 31, 2012, and the related notes to the financial statements and have issued my report thereon dated May 16, 2014 wherein I noted the Government followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of my financial statement audit, I considered the Government's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support my opinion(s) on the financial statements, but not to the extent necessary to opine on the effectiveness of the Government's internal control. Accordingly, I have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Government's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, I did not identify any deficiencies in internal control that I consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Government's financial statements are free of material misstatement, I tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of my audit and accordingly, I do not express an opinion. The results of my tests disclosed no instances of noncompliance or other matters I must report under *Government Auditing Standards*.

I noted certain matters that I reported to management of the Jeromesville Community Fire District's in a separate letter dated May 16, 2014.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and my testing results, and does not opine on the effectiveness of the Government's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Government's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
