CITY SCHOOL DISTRICT**

Basic Financial Statements

Year Ended June 30, 2013

With Independent Auditors' Report

Dave Yost • Auditor of State

Board of Education
Washington Court House City School District
306 Highland Avenue
Washington Court House, OH 43160

We have reviewed the *Independent Auditors' Report* of the Washington Court House City School District, Fayette County, prepared by Clark, Schaefer, Hackett & Co., for the audit period July 1, 2012 through June 30, 2013. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Washington Court House City School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Washington Court House City School District:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Washington Court House City School District (the School District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards general accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

f. 513.241.1212

Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Washington Court House City School District as of June 30, 2013, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Washington Court House City School District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133 and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2013 on our consideration of Washington Court House City School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Washington Court House City School District's internal control over financial reporting and compliance.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
Unaudited

The discussion and analysis of the Washington Court House City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2013. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review basic financial statements and notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

- In total, the net position of governmental activities decreased \$1,838,688.
- General revenues accounted for \$17,074,700 of all revenues and reflect the School District's continued dependence on property taxes and unrestricted State entitlements.
- The School District had \$24,342,160 in expenses related to governmental activities; only \$5,428,772 of these expenses were offset by program specific charges for services and sales, grants and contributions. General revenues (primarily grants and entitlements and property taxes) of \$17,074,700 were not adequate to provide for the remaining cost of these programs.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Washington Court House City School District as a financial whole. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
Unaudited

Reporting the School District as a Whole

One of the most important questions asked about the School District is “How did we do financially during fiscal year 2013?” The Statement of Net Position and the Statement of Activities, which appear first in the School District’s financial statements, report information on the School District as a whole and its activities in a way that helps answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the School District’s net position and changes in that position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District’s property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District has only one kind of activity:

- Governmental Activities - All of the School District’s educational programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service.

Reporting the School District’s Most Significant Funds

Fund Financial Statements

The analysis of the School District’s major funds begins on page eight. Fund financial reports provide detailed information about the School District’s major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District’s most significant funds, which are the General Fund and the Bond Retirement Debt Service Fund.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
Unaudited

Governmental Funds - Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using the accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds - The School District's fiduciary funds include two private purpose trust funds and an agency fund. The School District has established private purpose trust funds to account for college scholarship programs for its students. The School District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. We exclude these activities from the School District's other financial statements because the School District cannot use these assets to finance its operations. The School District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Fiduciary funds use the accrual basis of accounting.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
 Unaudited

Table 1 provides a summary of the School District's net position for fiscal years 2013 and 2012:

Table 1			
Net Position			
	Governmental Activities		
	2013	2012	Increase/ (Decrease)
Assets			
Current and Other Assets	\$12,459,441	\$13,524,120	(\$1,064,679)
Capital Assets, Net	66,097,884	67,859,786	(1,761,902)
Total Assets	78,557,325	81,383,906	(2,826,581)
Liabilities			
Other Liabilities	2,277,227	2,420,660	(143,433)
Long-Term Liabilities	21,675,722	21,882,978	(207,256)
Total Liabilities	23,952,949	24,303,638	(350,689)
Deferred Inflows of Resources	3,003,856	3,641,060	(637,204)
Net Position			
Net Investment in			
Capital Assets	47,351,284	48,815,228	(1,463,944)
Restricted	3,423,152	4,134,532	(711,380)
Unrestricted (Deficit)	826,084	489,448	336,636
Total Net Position	\$51,600,520	\$53,439,208	(\$1,838,688)

A decrease occurred within Total Assets when compared to the prior fiscal year. Current and Other Assets decreased \$1,064,679, which is the result of the School District receiving over \$800,000 from the Ohio School Facilities Commission which in turn reduced Intergovernmental Receivables for fiscal year 2013. This money was also spent in fiscal year 2013. Capital Assets, Net and Net Investment in Capital Assets decreased \$1,761,902 and \$1,463,944, respectively due to current fiscal year depreciation exceeding current fiscal year additions.

Total Liabilities decreased \$350,689 mostly as a result of debt payments made during the fiscal year.

Restricted Net Position decreased \$711,380 when compared to the prior fiscal year, due to the receipt of monies from the Ohio School Facilities Commission offset by other unspent restricted grant monies. All Ohio School Facilities Commission monies received were spent in fiscal year 2013.

Total Expenses	24,342,160	24,166,590	175,570
Change in Net Position	(1,838,688)	(1,155,504)	(683,184)
Net Position at Beginning of Year	53,439,208	54,594,712	(1,155,504)
Net Position at End of Year	\$51,600,520	\$53,439,208	(\$1,838,688)

Program revenues, which are primarily represented by charges for tuition, fees, sales, and extracurricular activities, as well as restricted intergovernmental revenues, accounted for \$5,428,772 of total revenues for fiscal year 2013. This decrease is primarily the result of the School District receiving the remaining grant monies related to the school facilities project during fiscal year 2013.

As stated previously, general revenues represent \$17,074,700 of the School District's total revenues and decreased insignificantly when compared to the prior fiscal year.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
Unaudited

As should be expected, Instruction costs represent the largest of the School District's expenses, \$13,884,292 for fiscal year 2013. The Instruction category, however, does not include all activities associated with educating students. Other programs which support the instruction process, including Pupils, Instructional Staff, and Pupil Transportation account for \$2,614,846 of governmental expenses. Maintenance of the School District's facilities also represents a significant expense of \$1,890,099. Therefore, \$18,389,237 of the School District's expenses are related to the primary functions of providing facilities and delivering education. The most notable changes in expenses from fiscal year 2013 as compared to fiscal year 2012 are an increase in Special Instruction as the School District strives to meet the maintenance of effort in this area and a reduction of expenses related to the maintenance of facilities.

The School District's Funds

Information about the School District's most significant funds starts on page 14. Governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$22,921,957 and expenditures of \$22,615,491. The net change in fund balance for the General Fund was \$180,151, which is a decrease from the net change in fund balance from the prior year. This is a result of an increase in expenditures in fiscal year 2013 mostly related to Special Instruction needs.

The Bond Retirement Fund balance increased \$85,849. This is the result of the School District receiving property tax revenue during the fiscal year that exceeded necessary debt payments.

General Fund - Budget Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2013, the School District revised its budget as it attempted to deal with unexpected changes in expenditures. Original and final budgeted revenues, in the amount of \$17,528,911 were more than actual revenues of \$17,257,363. This variance is insignificant.

The increase in expenditures from the original to the final budget is insignificant. A decrease of \$476,062 existed from the final budget to the actual expenditures, due to cost controlling measures implemented by the School District.

The General Fund's ending unobligated cash balance was \$204,514 above the final budgeted amount.

Washington Court House City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2013
Unaudited

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2013, the School District had \$66,097,884 invested in capital assets (net of accumulated depreciation), a decrease of \$1,761,902. This decrease is due significantly to current year depreciation on the School District's newly constructed buildings.

For further information regarding the School District's capital assets, refer to Note 8 to the basic financial statements.

Debt

At June 30, 2013, the School District had \$19,779,849 in bonds, accretion, and bond premium outstanding, \$475,000 of which is due within one year. The School District's long-term obligations also include capital lease obligations and compensated absences. For further information regarding the School District's long-term obligations, refer to Note 14 to the basic financial statements.

Current Issues

A major challenge facing the School District is the level of funding by the Ohio Department of Education. The future is always uncertain with regards to State funding. The School District was fortunate to receive an increase in State funding for fiscal years 2014 and 2015 but will still need to monitor spending and the need for additional revenue sources in the later years of the current five year forecast. In the meantime, the School District will continue to be good stewards of taxpayer dollars and control expenditures to within our means. Such sound financial management has allowed the School District to not return to the ballot for additional monies since 1996. The School District is proud of this rare accomplishment and will be conservative in assessing our needs for additional taxpayer dollars moving into the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Becky Mullins, Treasurer at Washington Court House City School District, 306 Highland Avenue, Washington Court House, Ohio 43160 or e-mail becky.mullins@wchcs.org.

*Reconciliation of Total Governmental Fund Balances to
 Net Position of Governmental Activities
 June 30, 2013*

Total Governmental Fund Balances \$6,459,054

***Amounts reported for governmental activities in the
 Statement of Net Position are different because:***

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Land	477,521	
Other capital assets	79,957,654	
Accumulated depreciation	<u>(14,337,291)</u>	
Total capital assets		66,097,884

Some of the School District's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenues in the funds.

Delinquent property taxes	456,468	
Intergovernmental	<u>331,187</u>	
		787,655

In the Statement of Activities, interest is accrued on outstanding general obligation bonds, whereas in governmental funds, an interest expenditure is reported when due. (68,351)

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Bonds payable	(19,570,954)	
Bond premium	(208,895)	
Capital leases	(122,705)	
Compensated absences	<u>(1,773,168)</u>	
Total liabilities		<u>(21,675,722)</u>

Net Position of Governmental Activities \$51,600,520

See accompanying notes to the basic financial statements

*Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2013*

Net Change in Fund Balances - Total Governmental Funds \$306,466

***Amounts reported for governmental activities in the
Statement of Activities are different because:***

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital assets additions	328,461	
Depreciation expense	(2,085,918)	
Excess of depreciation expense over capital outlay		(1,757,457)

The disposal of capital assets resulted in a loss on disposal of capital assets in the Statement of Activities. (4,445)

Because some revenues will not be collected for several months after the School District's fiscal year ends, they are not considered "available" revenues and are reported as unavailable revenues in the governmental funds.

Delinquent property taxes	6,763	
Intergovernmental	(402,334)	
Tuition and Fees	(26)	
Miscellaneous	19,641	
		(375,956)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These amounts consist of:

Decrease in accrued interest	1,437	
Amortization of bond issuance costs	(215,989)	
Accretion on bonds	(178,862)	
Amortization of bond premium	10,190	
		(383,224)

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current fiscal year, these amounts consist of:

Bond payments	460,000	
Capital lease payments	43,757	
Total long-term debt repayment		503,757

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Increase in compensated absences payable		(127,829)
--	--	-----------

Change in Net Position of Governmental Activities (\$1,838,688)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the School District and Reporting Entity

Washington Court House City School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four-year terms. The School District provides educational services as authorized by State statute and federal guidelines.

The heritage of the Washington Court House City Schools began in 1813 when Samuel Loofborrow converted half of his double log cabin at the corner of Hinde and Paint Streets into a subscription school supported by the parents of his pupils.

Numerous one-room schools sprang up throughout the community during the 1800's. By 1856, a site on North Street was purchased and a new two-story eight-room school was built. In 1872, the building was upgraded and shortly thereafter, the system was approved as what was known as a "first grade" school which allowed it to conduct high school level courses.

In 1876, the Washington High School and Fayette County had its first high school graduates when three students, a boy and two girls, received their diplomas after studying Latin, Greek, French, logic, trigonometry, mental and moral philosophy and natural sciences using college textbooks.

The School District owns nine facilities: two elementary buildings (Cherry Hill and Belle Aire), two middle schools (Washington Middle School and historical middle school), one high school (Washington High School), one Educational Service Center (School District office), Gardner Park Sports Complex, High School Athletic Complex, and Liberty Hall.

The School District is located in Fayette County and is staffed by 95 non-certificated employees, and 159 certificated employees who provide services to 2,246 students and other community members.

Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Washington Court House City School District, this includes general operations, food service, and student related activities of the School District.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District has no component units.

The School District participates in two jointly governed organizations and two insurance purchasing pools. These organizations are presented in Note 16 to the basic financial statements. These organizations are:

Jointly Governed Organizations:

Miami Valley Educational Computer Association
Southwestern Ohio Educational Purchasing Council

Insurance Purchasing Pool:

South Central Ohio Insurance Consortium
Ohio School Plan

The financial statements of the Washington Court House City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The government-wide statements ordinarily distinguish between those activities of the School District that are governmental and those that are considered business-type. However, the School District has no activities that are classified as business-type.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds rather than reporting by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. All funds of the School District fall within two categories: governmental and fiduciary.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Governmental Funds

Governmental funds are those through which most governmental functions of the School District typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General Fund - The General Fund is the operating fund of the School District and is used to account for and report all financial resources not accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Debt Service Fund - The Bond Retirement Debt Service Fund is established to account for and report the accumulation of resources restricted for, and the payment of, general obligation bond principal and interest and certain other long-term obligations when the School District is obligated for the payment.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District has three fiduciary funds; an agency fund, which accounts for student managed activity programs, and two private purpose trust funds, which account for college scholarship programs for students.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust funds are reported using the economic resources measurement focus.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Measurable” means that the amount of the transaction can be determined, and “available” means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year-end.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, revenue in lieu of taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes and revenue in lieu of taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance and grants.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources included property taxes, revenue in lieu of taxes and unavailable revenue. Property taxes and revenue in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2013, but which were levied to finance fiscal year 2014 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet, and represents receivables which will not be collected within the available period. For the School District, unavailable revenue includes delinquent property taxes, and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Cash and Cash Equivalents

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements.

"Cash and Cash Equivalents with Fiscal Agent" represents monies on hand with the fiscal agent for medical insurance cash balances for the self-insurance program which began on July 1, 2007, with the South Central Ohio Insurance Consortium.

During fiscal year 2013, the School District's investments included State Treasury Asset Reserve of Ohio (STAROhio). Investments are reported at fair value which is based on quoted market prices.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's net asset value per share which is the price the investment could be sold for on June 30, 2013.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of investment earnings. Interest revenue credited to the General Fund during fiscal year 2013 amounted to \$11,619, which includes \$8,749 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the General Fund represent cash and cash equivalents legally required to be set aside by the School District for unspent grant monies restricted for the purchase of buses.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expensed/expensed when used. Inventories consist of purchased food held for resale and consumable materials and supplies.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Capital Assets

All capital assets of the School District are general capital assets that are associated with governmental activities. General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost which is determined by indexing the current replacement cost back to the fiscal year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	5 - 20 years
Buildings and Improvements	20 - 50 years
Furniture, Fixtures, and Equipment	5 - 20 years
Vehicles	5 - 10 years
Textbooks	5 - 15 years

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivable" and "Interfund Payable". These amounts are eliminated in the governmental activities column of the Statement of Net Position.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absences liability is reported on the government-wide financial statements.

On the governmental fund financial statements compensated absences are recognized as liabilities and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the funds from which the employees will be paid.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Bonds and capital leases that will be paid from governmental funds are recognized as an expenditure and liability in the governmental fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Nonspendable

The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted

Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed

The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District’s Board of Education. Those committed amounts cannot be used for any other purpose unless the School District’s Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned

Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the Board of Education. In the general fund, assigned amounts represent intended uses established by the Board of Education or a School District official delegated that authority by resolution or by State Statute.

Unassigned

Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and State grants restricted to expenditures for specified purposes.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Budgetary Process

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts reflect the amounts in the amended certificate in effect at the time the final appropriations were passed.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year, including all supplemental appropriations.

Bond Premiums/Issuance Costs/Compounded Interest on Capital Appreciation Bonds

For governmental activities, bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Capital appreciation bonds are accreted each fiscal year for the compounded interest accrued during the fiscal year. Bond premiums and the compounded interest on the capital appreciation bonds are presented as an addition to the face amount of the bonds payable. On the fund financial statements, bond premiums are reported as Other Financing Sources and issuance costs are reported as expenditures when the debt is issued. Accretion on the capital appreciation bonds are not reported.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 2 – FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Bond Retirement	Nonmajor Governmental Funds	Total
<i>Nonspendable</i>				
Materials and Supplies Inventory	\$0	\$0	\$12,204	\$12,204
<i>Restricted for</i>				
Bus Purchases	3,336	0	0	3,336
Debt Payment	0	2,054,303	0	2,054,303
Food Service Operations	0	0	253,569	253,569
School Facilities Maintenance	0	0	1,023,759	1,023,759
District Managed Activities	0	0	174,846	174,846
Miscellaneous Grants	0	0	11,735	11,735
Capital Improvements	0	0	695,184	695,184
<i>Total Restricted</i>	3,336	2,054,303	2,159,093	4,216,732
<i>Committed to</i>				
Severance Payments	39,159	0	0	39,159
<i>Assigned to</i>				
Other Purposes	147,531	0	0	147,531
<i>Unassigned (Deficit)</i>	2,306,668	0	(263,240)	2,043,428
<i>Total Fund Balances</i>	\$2,496,694	\$2,054,303	\$1,908,057	\$6,459,054

NOTE 3 – ACCOUNTABILITY

At June 30, 2013, the Race to the Top, the Special Education Part B-IDEA, and the Title II-A Improving Teacher Quality Special Revenue Funds, as well as the New Building Locally Funded Capital Projects Fund had deficit fund balances of \$19,164, \$6,428, \$304, and \$237,344, respectively. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 4 – BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budget Basis) is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).
4. Certain funds are accounted for as separate funds internally within legally adopted budgets (budget basis) that do not meet the definition of special revenue funds under GASB Statement No. 54 and were reported with the General Fund (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

<u>Net Change in Fund Balance</u>	
GAAP Basis	\$180,151
Adjustments:	
Revenue Accruals	(316,426)
Expenditure Accruals	216,271
Transfers	500
Encumbrances	<u>(94,315)</u>
Budget Basis	<u><u>(\$13,819)</u></u>

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 5 – DEPOSITS AND INVESTMENTS

Monies held by the School District are classified by State Statute into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above;
7. The State Treasurer's investment pool (STAROhio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 5 – DEPOSITS AND INVESTMENTS *(continued)*

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Investments: As of June 30, 2013, the School District had the following investments. All investments are in an internal investment pool.

	<u>Fair Value</u>	<u>Investment Maturities in Years</u>	<u>S&P Rating</u>
STAROhio Plus	<u>\$655,040</u>	<u>Less than 1</u> <u>\$655,040</u>	<u>AA+</u>

Interest Rate Risk: As a means of limiting its exposure to fair value losses caused by rising interest rates, the School District’s investment policy requires that, to the extent possible, investments will match anticipated cash flow requirements. No investment shall be made unless the Treasurer, at the time of making the investment, reasonably expects it can be held to its maturity. Unless matched to a specific obligation or debt of the School District, the School District will not directly invest in securities maturing more than five years from the date of investment.

Credit Risk: The S&P ratings of the School District’s investments are listed in the table above. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. The School District’s investment policy limits investments to those authorized by State statute which restricts investments to those that are highly rated or issued by United States government sponsored enterprises.

At June 30, 2013, the School District had a balance of \$1,905,985 with the SCOIC, a risk sharing, claims servicing, and insurance purchasing pool (See Note 16). The balance is held by the claims administrator in a pooled account which is representative of numerous entities and therefore cannot be included in the risk disclosures reported by the School District. Disclosures for the SCOIC as a whole may be obtained from their fiscal agent.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 6 – PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2013 represents collections of calendar year 2012 taxes. Real property taxes received in calendar year 2013 were levied after April 1, 2012, on the assessed value listed as of January 1, 2012, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2013 represents collections of calendar year 2012 taxes. Public utility real and tangible personal property taxes received in calendar year 2013 became a lien December 31, 2011, were levied after April 1, 2012, and are collected in calendar year 2013 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The Fayette County Treasurer collects property taxes on behalf of all local governments in the County. The Fayette County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2013, are available to finance fiscal year 2013 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2013, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources – property taxes.

Washington Court House City School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2013

NOTE6 – PROPERTY TAXES *(continued)*

The amounts available as an advance at June 30, 2013, were \$2,345,123 and are recognized as revenue: \$1,683,697 in the General Fund, \$473,990 in the Bond Retirement Debt Service Fund, and \$187,436 in the Other Governmental Funds. The amounts available as an advance at June 30, 2012, were \$2,283,807 and consisted of: \$1,598,098 in the General Fund, \$493,634 in the Bond Retirement Debt Service Fund, \$192,075 in the Other Governmental Funds.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The assessed values upon which fiscal year 2013 taxes were collected are:

	2012 Second- Half Collections		2013 First- Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$213,839,270	98.07%	\$197,308,770	97.44%
Public Utility Personal	4,199,430	1.93%	5,176,270	2.56%
Total Assessed Value	<u>\$218,038,700</u>	<u>100.00%</u>	<u>\$202,485,040</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed valuation	\$45.15		\$45.15	

Revenue in Lieu of Taxes

The School District is party to Tax Increment Financing (TIF) agreements. Municipalities, townships, and counties can enter into TIF agreements which lock in real property at its unimproved value for up to 30 years in a defined TIF district. Some TIF agreements also require the TIF government to allocate service payments to school districts and other governments to help offset the property taxes these governments would have received had the improvements to real property not been exempted. The service payments that the School District receives as part of TIF agreements are presented on the financial statements as Revenue in Lieu of Taxes.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 7 – RECEIVABLES

Receivables at June 30, 2013, consisted of property taxes, revenue in lieu of taxes, accounts, intergovernmental grants, and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables except for delinquent property taxes are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year. A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
<u>Governmental Activities:</u>	
General Fund:	
SERS Receivable	\$19,641
Other Governmental Funds:	
Title I	216,323
Special Education, Part B-IDEA	95,757
Race to the Top	39,583
Title II-A, Improving Teacher Quality	131,277
Title VI-B, Rural and Low-Income	24,258
Early Childhood Special Education, IDEA	527
Total Intergovernmental Receivables	<u><u>\$527,366</u></u>

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

Pupils	61,383
Instructional Staff	92,924
Board of Education	7,222
Administration	177,328
Fiscal	27,281
Operation and Maintenance of Plant	145,083
Pupil Transportation	112,200
Central	3,421
Operation of Non-Instructional Services:	
Food Service Operations	135,748
Extracurricular Activities	138,339
Total Depreciation Expense	<u><u>\$2,085,918</u></u>

NOTE 9 – RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The School District, along with other school districts in Ohio, participates in the Ohio School Plan (OSP), an insurance purchasing pool. Each individual school district enters into an agreement with the OSP and its premium is based on types of coverage, limits of coverage, and deductibles that it selects. The School District pays this annual premium to Hylant Administrative Services, LLC (See Note 16).

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant decrease in coverage from the prior fiscal year.

The School District pays all elected and appointed officials' bonds by statute.

The School District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated on accident history and administrative costs.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 9 – RISK MANAGEMENT *(continued)*

The School District provides a limited medical, surgical, and prescription drug insurance program for its employees. The School District joined the South Central Ohio Insurance Consortium (SCOIC), an insurance purchasing pool (Note 16), on July 1, 2005. As of July 1, 2005, the School District’s medical, surgical, and prescription drug was considered traditional premium insurance. Beginning July 1, 2007, medical, surgical, and prescription drug were all considered self-insured programs due to the School District retaining the risk. Claims are paid by the School District to the SCOIC. SCOIC contracts with Employee Benefits Management Corporation (EBMC) to service the claims of SCOIC members. The School District pays monthly medical premiums of up to \$1,811 for certified and classified employees for family coverage and up to \$659 for certified and classified employees for single coverage. The premiums paid are used for claims, claim reserves, and administrative costs. The School District had shared risk pool coverage with SCOIC which covered individual claims in excess of \$75,000 up to \$500,000 per employee per year for medical claims. The School District also had a stop loss coverage insurance policy through SCOIC which covered individual claims in excess of \$500,000 per employee per year for medical claims.

The claims liability at June 30, 2013 reported in the General Fund of \$258,711, includes \$252,872 based on an estimate provided by an actuary for medical claims. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in claims activity for the past two fiscal years, including medical, surgical, and prescription drug, are as follows:

	Balance at Beginning of Fiscal Year	Current Fiscal Year Claims	Claims Payments	Balance at End of Fiscal Year
2012	\$181,753	\$2,207,204	\$2,123,249	\$265,708
2013	265,708	2,000,406	2,013,242	252,872

NOTE 10 – DEFINED BENEFIT PENSION PLANS

School Employees Retirement System

Plan Description – The School District participates in the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 10 – DEFINED BENEFIT PENSION PLANS *(continued)*

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2013, the allocation to pension and death benefits was 13.10 percent. The remaining 0.90 percent of the 14 percent employer contribution rate is allocated to the Medicare B and Health Care funds. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2013, 2012, and 2011 were \$290,938, \$301,268, and \$294,000, respectively. The full amount has been contributed for fiscal years 2013, 2012, and 2011.

State Teachers Retirement System of Ohio

Plan Description – The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 10 – DEFINED BENEFIT PENSION PLANS *(continued)*

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The statutory maximum employee contribution rate will be increased one percent each year beginning July 1, 2013, until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2013, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2013, 2012, and 2011 were \$1,125,634, \$1,156,985, and \$1,290,114, respectively. For fiscal year 2013, 83.65 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2012 and 2011.

Contributions made to STRS Ohio for the DC Plan for fiscal year 2013 were \$8,002 made by the School District and \$5,715 made by the plan members. In addition, member contributions of \$23,002 were made for fiscal year 2013 for the defined contribution portion of the Combined Plan.

NOTE 11 – POSTEMPLOYMENT BENEFITS

School Employees Retirement System

Plan Description – The School District participates in two cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plans administrated by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligation to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 11 – POSTEMPLOYMENT BENEFITS *(continued)*

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2013, 0.16 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2013, this amount was \$20,525. During fiscal year 2013, the School District paid \$38,931 in surcharge.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2013, 2012, and 2011 were \$42,484, \$46,418, and \$49,354, respectively. The full amount has been contributed for fiscal years 2013, 2012, and 2011.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare Part B Fund. For 2013, this actuarially required allocation was 0.74 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2013, 2012, and 2011 were \$16,435, \$17,791, and \$7,562, respectively. The full amount has been contributed for fiscal years 2013, 2012, and 2011.

State Teachers Retirement System of Ohio

Plan Description – The School District contributes to the cost-sharing, multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 11 – POSTEMPLOYMENT BENEFITS *(continued)*

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions. For 2013, STRS Ohio allocated employer contributions equal to one percent of covered payroll to postemployment health care. The School District's contributions for health care for the fiscal years ended June 30, 2013, 2012, and 2011 were \$86,587, \$88,999, and \$99,240, respectively. For fiscal year 2013, 83.65 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2012 and 2011.

NOTE 12 – EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Eligible classified employees and administrators earn 10 to 20 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators up to a maximum of 50 days upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 215 days. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 53 days for teachers and classified employees.

Insurance

The School District provides medical, surgical, prescription drug, and vision coverage to employees through the South Central Ohio Insurance Consortium (Note 16).

The School District also provides dental insurance through Delta Dental.

Deferred Compensation

School District employees may participate in the ING Financial Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 13 – LEASES - LESSEE DISCLOSURE

In prior fiscal years, the School District entered into capitalized leases for copier equipment. Capital lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements for the governmental funds. These expenditures are reflected as program/function expenditures on a budgetary basis.

The copier equipment acquired by lease was initially capitalized in the amount of \$228,068 which is equal to the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded on the Statement of Net Position for governmental activities. Principal payments in fiscal year 2013 totaled \$43,757 and were paid from the General Fund and the Permanent Improvement Fund.

The assets acquired through capital leases as of June 30, 2013, are as follows:

	Asset Value	Accumulated Depreciation	Net Book Value
Asset:			
Copier Equipment	\$228,068	(\$106,375)	\$121,693

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2013.

	Fiscal Year Ending June 30,	Total Payments
	2014	\$55,479
	2015	50,002
	2016	30,560
Total		136,041
Less: Amount Representing Interest		(13,336)
Present Value of Net Minimum Lease Payments		\$122,705

NOTE 14 – LONG-TERM OBLIGATIONS

The changes in the School District’s long-term obligations during fiscal year 2013 were as follows:

	Amount Outstanding 6/30/12	Additions	Deductions	Amount Outstanding 6/30/13	Amounts Due in One Year
<u>Governmental Activities:</u>					
General Obligation Bonds:					
2005 Various Purpose School Improvement Bonds:					
Term Bonds 4.375 to 5.00%	\$15,755,000	\$0	\$0	\$15,755,000	\$0
Serial Bonds 3.00 to 4.15%	2,100,000	0	460,000	1,640,000	475,000
Capital Appreciation Bonds 1.452%	1,020,000	0	0	1,020,000	0
Accretion on Capital Appreciation Bonds	977,092	178,862	0	1,155,954	0
Premium on Debt Issue	219,085	0	10,190	208,895	0
Compensated Absences	1,645,339	273,053	145,224	1,773,168	154,174
Capital Leases	166,462	0	43,757	122,705	47,384
Total Governmental Activities					
Long-Term Obligations	<u>\$21,882,978</u>	<u>\$451,915</u>	<u>\$659,171</u>	<u>\$21,675,722</u>	<u>\$676,558</u>

2005 Various Purpose School Improvement General Obligation Bonds

On October 1, 2005, the School District issued \$21,000,000 in voted general obligation bonds for the purpose of constructing new classroom facilities. Current interest bonds were issued in an aggregate principal amount of \$19,980,000. Of these bonds, \$4,225,000 are serial bonds and \$15,755,000 are term bonds. The bonds were issued for a 28 year period with final maturity in December 2033. The bonds will be retired from the Bond Retirement Debt Service Fund.

The term bonds, issued at \$15,755,000 and maturing on December 1, 2033, are subject to mandatory sinking fund redemption at a redemption price of 100 percent of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1, in the fiscal years and in the respective principal amounts as follows:

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 14 – LONG-TERM OBLIGATIONS (continued)

Fiscal Year	Amount
2019	\$625,000
2020	650,000
2021	685,000
2022	720,000
2023	755,000
2024	880,000
2025	925,000
2026	970,000
2027	1,015,000
2028	1,070,000
2029	1,075,000
2030	1,130,000
2031	1,230,000
2032	1,285,000
2033	1,340,000
2034	1,400,000
Total	\$15,755,000

The serial bonds issued at \$4,225,000, with maturity dates of December 1, 2006, to December 1, 2018, are subject to optional redemption, in whole or in part on any date at the option of the issuer on or after December 1, 2010, at the redemption price of 100 percent.

The capital appreciation bonds, issued at \$1,020,000, are not subject to prior redemption. The capital appreciation bonds will mature in fiscal years 2016 and 2017, with a maturity amount of \$1,374,602 and \$1,374,599 in fiscal years 2016 and 2017, respectively. For fiscal year 2013, the capital appreciation bonds were accreted \$178,862.

Compensated absences will be paid from the General Fund. Capital lease obligations will be paid from the General Fund and the Permanent Improvement Fund.

The School District's overall legal debt margin was \$1,862,957 with an unvoted debt margin of \$202,485 at June 30, 2013.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 14 – LONG-TERM OBLIGATIONS *(continued)*

Principal and interest requirements to retire general obligation debt outstanding at June 30, 2013, are as follows:

Various Purpose School Improvement General Obligation Bonds - 2005							
Fiscal Year Ending June 30,	Term Bonds Principal	Term Bonds Interest	Serial Bonds Principal	Serial Bonds Interest	Capital Appreciation Bonds Principal	Capital Appreciation Bonds Interest	Total
2014	\$0	\$0	\$475,000	\$811,305	\$0	\$0	\$1,286,305
2015	0	0	570,000	790,998	0	0	1,360,998
2016	0	0	0	0	513,690	860,912	1,374,602
2017	0	0	0	0	506,310	868,289	1,374,599
2018	0	0	595,000	767,252	0	0	1,362,252
2019-2023	3,435,000	3,361,655	0	0	0	0	6,796,655
2024-2028	4,860,000	2,431,780	0	0	0	0	7,291,780
2029-2033	6,060,000	1,012,985	0	0	0	0	7,072,985
2034	1,400,000	30,625	0	0	0	0	1,430,625
Total	<u>\$15,755,000</u>	<u>\$6,837,045</u>	<u>\$1,640,000</u>	<u>\$2,369,555</u>	<u>\$1,020,000</u>	<u>\$1,729,201</u>	<u>\$29,350,801</u>

NOTE 15 – INTERFUND ACTIVITY

As of June 30, 2013, interfund receivables and payables that resulted from various interfund transactions were as follows:

		Receivable
		General
Payable	Other Governmental Funds	<u>\$318,352</u>

General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receiving of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance.

Transfers from the General Fund of \$2,940 were made to move unrestricted balances to support programs and projects accounted for in other funds.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 16 – JOINTLY GOVERNED ORGANIZATIONS AND INSURANCE PURCHASING POOL

Jointly Governed Organizations

Miami Valley Educational Computer Association

The Miami Valley Educational Computer Association (MVECA) is a jointly governed organization consisting of 24 school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of the governments of these schools supports MVECA and shares in a percentage of equity based on the resources provided. MVECA is governed by a Board of Directors consisting of superintendents and treasurers of the members' school districts. The degree of control exercised by any participating school district is limited to its representation on the Board. The School District paid MVECA \$110,106 for services during the fiscal year. Financial information can be obtained from Dean Reineke, who serves as Director, at 330 E. Enon Road, Yellow Springs, Ohio 45387.

Southwestern Ohio Educational Purchasing Council

The School District participates in the Southwestern Ohio Educational Purchasing Council (SOEPC), a purchasing council made up of nearly 126 school districts in 18 counties. The purpose of SOEPC is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by SOEPC. Each member district has one voting representative. Any district withdrawing from SOEPC forfeits its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group. During this time, the withdrawing member is liable for all member obligations during the one year period. During fiscal year 2013, the School District paid \$1,225 to SOEPC for membership. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, who serves as Director, at 303 Corporate Center Drive, Suite 208, Vandalia, OH 45377.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 16 – JOINTLY GOVERNED ORGANIZATIONS AND INSURANCE PURCHASING POOL *(continued)*

Insurance Purchasing Pool

South Central Ohio Insurance Consortium

The School District is a member of the South Central Ohio Insurance Consortium (SCOIC), an insurance purchasing pool. The SCOIC's primary purpose and objective is establishing and carrying out a cost effective cooperative health program for its member organizations. The governing board consists of the superintendent or other designee appointed by each of the members of the SCOIC. Members include the following school districts and governmental entities: Amanda Clearcreek Local School District, Berne Union Local School District, Bloom-Carroll Local School District, Canal Winchester Local School District, Fairfield Union Local School District, Lancaster City School District, Fairfield County Board of DD, City of Lancaster, Liberty Union-Thurston Local School District, Miami Trace Local School District, Zane Trace Local School District, and Washington Court House City Schools. The Liberty Union-Thurston Local School District serves as the fiscal agent for the SCOIC.

SCOIC contracts with the Jefferson Health Plan (formerly, the Ohio Mid-Eastern Regional Educational Service Agency (OME-RESA)), for internal pool and stop loss coverage. The SCOIC members are considered self-insured and pay a monthly premium to SCOIC that is actuarially calculated based on the participants' actual claims experience which are utilized for the payment of claims within the claims servicing pool up to the self-insurance deductible limit; and for this portion of the plan, all plan participants retain their own risk. An additional fee is paid for participation in the internal pool that is based on the claims of the internal pool in aggregate and is not based on individual claims experience. In the event of a deficiency in the internal pool, participants would be charged a higher rate for participation, and in the event of a surplus, the internal pool pays dividends to the participants. SCOIC members participate in the shared risk pool through the Jefferson Health Plan for individual claims from \$75,000 to \$500,000. SCOIC members are then covered under stop loss coverage for claims over \$500,000. In the event that the School District would withdraw from SCOIC, the School District would be required to give a 180 day notice prior to the end of their three year contract, be responsible for all run-out claims, and would have no rights to share in any surplus funds of SCOIC. To obtain financial information for the SCOIC, write to the fiscal agent, Liberty Union-Thurston Local School District, 600 Washington Street, Baltimore, Ohio 43105.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 16 – JOINTLY GOVERNED ORGANIZATIONS AND INSURANCE PURCHASING POOL *(continued)*

Ohio School Plan

The School District participates in the Ohio School Plan (OSP), an insurance purchasing pool. The OSP is created and organized pursuant to and as authorized by Section 2744.081 of the Ohio Revised Code. The OSP is an unincorporated, non-profit association of its members and an instrumentality for each member for the purpose of enabling members of the OSP to provide for a formalized, joint insurance purchasing program to maintain adequate insurance protection, risk management programs and other administrative services. The OSP’s business and affairs are conducted by a 13 member Board of Directors consisting of school district superintendents and treasurers. The OSP has an agreement with Hylant Administrative Services, LLC to provide underwriting, claims management, risk management, accounting, system support services, sales and marketing for the OSP. The Hylant Administrative Services, LLC also coordinates reinsurance brokerage services for the OSP.

NOTE 17 – SET-ASIDE CALCULATIONS

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

The following cash basis information describes the change in the fiscal year-end set-aside amounts for capital acquisitions. Disclosure of this information is required by State statute.

	Capital Acquisitions
Set-aside Balance as of June 30, 2012	\$0
Current Fiscal Year Set-aside Requirement	392,452
Current Fiscal Year Offsets	(361,836)
Qualifying Disbursements	(163,187)
Set-aside Balance as of June 30, 2013	(\$132,571)
Required Set-aside Balances Carried Forward to Fiscal Year 2014	\$0

Although the School District had offsets and qualifying expenditures for capital acquisitions that exceeded the set-aside requirements, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore are not presented as being carried forward to the next fiscal year.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

NOTE 18 – CONTINGENCIES

Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2013.

Litigation

During the fiscal year, the School District was in litigation with Miami Trace Local School District involving the annexation of property. The School District's legal counsel estimates that the potential judgment against the School District resulting from the proceedings would not materially affect the financial statements of the School District. However, an estimated liability is reflected as "Claims Payable" on the School District's financial statements.

NOTE 19 – CHANGES IN ACCOUNTING PRINCIPLES

For fiscal year 2013, the School District has implemented Governmental Accounting Standard Board (GASB) *Statement No. 61, "Financial Reporting Entity: Omnibus," Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB and AICPA Pronouncements," Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," and Statement No. 65, "Items Previously Reported as Assets and Liabilities," and Statement No. 66, "Technical Corrections-2012-an amendment of GASB Statements No. 10 and No. 62."*

GASB Statement No. 61 modifies existing requirements for the assessment of potential component units in determining what should be included in the financial reporting entity, and financial reporting entity display and disclosure requirements. These changes were incorporated in the School District's fiscal year 2013 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 62 incorporates into GASB's authoritative literature certain FASB and AICPA pronouncements issued on or before November 30, 1989. The implementation of this statement did not result in any change in the School District's financial statements.

GASB Statement No. 63 provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related note disclosures. These changes were incorporated in the School District's fiscal year 2013 financial statements; however, there was no effect on beginning net position/fund balance.

Washington Court House City School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2013

GASB Statement No. 65 properly classifies certain items that were previously reported as assets and liabilities as deferred outflows of resources or deferred inflows of resources or recognizes certain items that were previously reported as assets and liabilities as outflows of resources (expenses or expenditures) or inflows of resources (revenues). These changes were incorporated in the School District's fiscal year 2013 financial statements.

GASB Statement No. 66 resolves conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting and thereby enhance the usefulness of the financial reports. The implementation of this statement did not result in any change in the School District's financial statements.

NOTE 20 – SUBSEQUENT EVENTS

Debt Refunding

In November 2013, the School District partially refunded the outstanding 2005 Various Purpose School Improvement Bonds. The School District issued \$7,819,999 in Unlimited Tax Refunding Bonds, Series 2013.

Apple, Inc. Lease

In August 2013, the School District entered into a lease agreement with Apple, Inc. for the purchase of laptop computers for staff and high school students. The lease requires annual lease payments of \$123,646 for 5 years that will be made from the Permanent Improvement Capital Projects Fund.

Court Ruling on Annexation of Property

In August 2013, the Court ruled on the appeal of the School District in relation to the litigation with Miami Trace Local School District concerning the annexation of property. The appellate court ruled in the favor of the School District. The total liability due to the Miami Trace Local School District is \$5,839 and has been reflected in the basic financial statements. This liability was paid in November 2013.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS:

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The schedule of expenditures of federal awards is a summary of the activity of the School District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B - FOOD DISTRIBUTION

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

NOTE C - NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Washington Court House City School District:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Washington Court House City School District ("School District") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated December 20, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Washington Court House City School District:

Report on Compliance for Each Major Federal Program

We have audited Washington Court House City School District's ("School District") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2013. The School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2013-001. Our opinion on each major federal program is not modified with respect to this matter.

The School District's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2013-001, that we consider to be a significant deficiency.

The School District's response to the internal control over the compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued:	unmodified
Internal control over financial reporting:	
• Material weakness(es) identified?	none
• Significant deficiency(ies) identified not considered to be material weaknesses?	none
Noncompliance material to financial statements noted?	none

Federal Awards

Internal Control over major programs:	
• Material weakness(es) identified?	none
• Significant deficiency(ies) identified not considered to be material weaknesses?	yes

Type of auditors' report issued on compliance for major programs: unmodified

Any audit findings that are required to be reported in accordance with 510(a) of Circular A-133? yes

Identification of major programs:

CFDA 84.395 – ARRA – Race-to-the-Top

Title I, Part A Cluster:

CFDA 84.010 – Title I Grants to Local Educational Agencies

Special Education Cluster:

CFDA 84.027 – Special Education Grants to States

CFDA 84.173 – Special Education Preschool Grants

Dollar threshold to distinguish between Type A and Type B Programs: \$300,000

Auditee qualified as low-risk auditee? yes

Section II - Financial Statement Findings

None noted.

Section III – Federal Award Findings and Questioned Costs

DEPARTMENT OF EDUCATION

Finding 2013-001- Special Education Cluster - CFDA No's. 84.027, and 84.173 and
Title I Cluster – CFDA No. 84.010

Condition: We performed tests to determine if the School District was properly preparing semi-annual certifications for employees that work solely on a specific federal program to support salaries and wages. We noted these certifications were not prepared for employees to support salaries and wages.

Criteria: OMB Circular A-87, Attachment B states that where employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages are to be supported by periodic certifications that the employee worked solely on that program for the period covered by the certification. These certifications are to be prepared at least semi-annually and will be signed by the employee and supervisor or just the supervisor, if they have firsthand knowledge of the information contained in the certification.

Effect: Lack of proper documentation could result in disallowed costs for the School District's federal programs.

Cause: The School District lacked procedures to ensure the proper completion of time and effort documentation.

Recommendation: We recommend the School District implement procedures for all federal program coordinators which will include a timeline for the semi-annual certifications to be completed.

Management response: *The School District has identified the federal program coordinators who are responsible for ensuring the completeness of time and effort documentation. The required timeline for time semi-annual certifications has been communicated with them and a plan is in place to ensure compliance in the future.*

Finding 2012-1 - Special Education Cluster - CFDA No's. 84.027, 84.391, 84.173, and 84.392
Title I Cluster – CFDA No's 84.010 and 84.389

Condition: We performed tests to determine if the School District was properly documenting time and effort of employees working on federal programs. We noted one employee, who worked 50% of her time on the Special Education Cluster and 50% on the Title I Cluster, completed a semi-annual certification, certifying she worked 100% of her time on both programs.

Recommendation: We recommend the School District implement procedures to ensure employees who work on multiple cost objectives are completing personnel activity reports or equivalent documentation.

Status: Semi-annual certificates were not completed and thus, we have repeated as finding 2013-001.

Independent Accountants' Report on Applying Agreed-Upon Procedure

Washington Court House City School District
306 Highland Avenue
Washington Court House, Ohio 43160

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Washington Court House City School District (the District) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy on July 22, 2013 to include prohibiting harassment, intimidation, or bullying of any student "on a school bus" or through "an electronic act".

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Education and is not intended to be and should not be used by anyone other than these specified parties.
