### **BUTLER COUNTY, OHIO**

SUPPLEMENTAL REPORTS

FOR THE YEAR ENDED DECEMBER 31, 2014

### **ROGER REYNOLDS, CPA, COUNTY AUDITOR**

# Dave Yost • Auditor of State

Board of County Commissioners Butler County 130 High Street Hamilton, Ohio 45011

We have reviewed the *Independent Auditor's Report* of Butler County, prepared by Julian & Grube, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Butler County is responsible for compliance with these laws and regulations.

#### BUTLER COUNTY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2014 (Continued)

#### Notes to the Schedule of Expenditures of Federal Awards:

(A) This schedule was prepared on the cash basis of accounting.

(B) Certain federal programs require the County contribute non-federal funds (matching funds) to support the federally funded programs. The County has complied with the matching requirements. The expenditure of non-federal matching funds are not included on the schedule.

(C) Included as part of the "Child Nutrition Cluster" in determining major programs.

(D) The County acts as the pass through agent for this grant. Funds are passed through to the Alcoholism Council of Butler County.

(E) Grant was received directly from the federal agency.

(F) Included as part of the "Workforce Investment Act Cluster" in determining major programs.

(G) Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

(H) This portion of the program was passed through the Ohio Department of Mental Health.

(I) This portion of the program was passed through the Ohio Department of Developmental Disabilities.

(J) During the calendar year, the County Board of Developmental Disabilities received a settlement for the 2009 Cost Report from the Ohio Department of Developmental Disabilities for the Medicaid Program (CFDA # 93.778) in the amount of \$3,574. The Cost Report settlement was for settlement of the difference between the statewide payment rate and the rate calculated based upon actual expenditures for Medicaid services. This revenue is not listed on the County's Schedule of Expenditures of Federal Awards since the underlying expenses occurred in the prior reporting periods.

#### (K) Pass-through number was unable to be obtained for this grant.

(L) The County has established a revolving loan program to provide low-interest loans to businesses that are creating jobs and meet the other program requirements. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on the accompanying Schedule of Expenditures of Federal Awards (the Schedule). Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on the Schedule.

These loans are collateralized by mortgages on the property. At December 31, 2014, the gross amount of loans outstanding under this program was \$256,961.

(M) The County passes certain federal awards received from the Ohio Department of Development to other governments or not-for-profit agencies (subrecipients). As Note "A" describes above, the County reports expenditures of Federal awards to subrecipients when paid in cash. As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that the subrecipients achieve the award's performance goals. The total amount of federal assistance provided to the subrecipients by the County for each federal program is summarized below:

| Program Title                       | Amounts Provided to Subrecipient | CFDA Number |
|-------------------------------------|----------------------------------|-------------|
| Community Development Block Grant   | \$152,410                        | 14.218      |
| Home Investment Partnership Program | \$393,451                        | 14.239      |

### Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Butler County 130 High Street Hamilton, Ohio 45011

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Butler County, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Butler County's basic financial statements and have issued our report thereon dated June 26, 2015.

### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered Butler County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of Butler County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of Butler County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of County Commissioners Butler County

### **Compliance and Other Matters**

As part of reasonably assuring whether Butler County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of Butler County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering Butler County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance With Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by *OMB Circular A-133* and the Schedule of Expenditures of Federal Awards

Butler County 130 High Street Hamilton, Ohio 45011

To the Board of County Commissioners:

### Report on Compliance for Each Major Federal Program

We have audited Butler County's compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of Butler County's major federal programs for the year ended December 31, 2014. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies Butler County's major federal programs.

### Management's Responsibility

Butler County's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to opine on Butler County's compliance for each of Butler County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about Butler County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on Butler County's major programs. However, our audit does not provide a legal determination of Butler County's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Butler County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2014.

Board of County Commissioners Butler County

### **Report on Internal Control Over Compliance**

Butler County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered Butler County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of Butler County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a federal program of deficiencies, in internal control over compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have also audited the financial statements of the governmental activities, the business-type activities, the discretely-presented component unit, each major fund and the aggregate remaining fund information of Butler County as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Butler County's basic financial statements. We issued our unmodified report thereon dated June 26, 2015. We conducted our audit to opine on Butler County's basic financial statements. The accompanying schedule of expenditures of federal awards presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

130 High Street Hamilton, Ohio 45011

June 26, 2015

To the Citizens and Board of Commissioners of Butler County:

Butler County is required by Ohio law to prepare an annual financial report using generally accepted accounting principles. It is our pleasure to present the Butler County Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2014.

The CAFR is prepared in conformance with generally accepted accounting principles as set forth by the Government Accounting Standards Board (GASB) and other recognized authoritative sources and contains basic financial statements, supplemental statements, and other financial and statistical information, providing complete and full disclosure of all material financial aspects of Butler County for 2014. This report is presented in fulfillment of the financial reporting requirements and is representative of our continual commitment to provide accurate and timely financial information to the citizens of Butler County.

Management assumes full responsibility for the accuracy and completeness of the information contained in this report based upon a comprehensive framework of internal control. Because the cost of internal control should not exceed anticipated benefits, management's objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Our independent auditor, Julian & Grube, Incorporated, has issued an unmodified opinion on Butler County's financial statements for the year ended December 31, 2014. The independent auditor's report is presented as the first component of the financial section of this report.

Management provides a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A, which can be found immediately following the independent auditor's report.

### **REPORTING ENTITY**

Butler County, established in 1803, was one of Ohio's original eight counties. The elected three-member Board of County Commissioners functions as the primary legislative and executive branch of the County. Each commissioner serves a term of four years. In addition, the Auditor, who serves as the chief fiscal officer and real estate property assessor for the County, and the Treasurer, who collects property taxes and is the custodian of all funds, are also elected to four-year terms. Other elected officials serving four-year terms include the Prosecuting Attorney, Sheriff, Engineer, Clerk of Courts, Recorder, and Coroner. Judges presiding over the Court of Common Pleas, Domestic Relations Court, Juvenile Court, Probate Court, and the County Court are also elected on a countywide basis.

The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services, civil and criminal justice system services, road and bridge maintenance, and other general and administrative support services. The County maintains enterprise funds to account for the water and sewer system operations. The County also maintains internal service funds for workers' compensation and health insurance. The financial statements contained within this Comprehensive Annual Financial Report includes all funds, agencies, boards and commissions for which the County elected officials are financially accountable. A complete discussion of the County's reporting entity is provided in Note 1 to the basic financial statements.

### ECONOMIC CONDITION AND OUTLOOK

Butler County is located in Southwestern Ohio between Hamilton and Montgomery Counties; it shares its northern border with Preble County, and its eastern border with Warren County. To the west is the Indiana state line. Eighth largest among the state's 88 counties, Butler County's estimated 2014 population of 374,158 is up slightly from 2013 and reflects an increase of 6,028 people since the 2010 Census – the second largest increase in number among the 88 counties. Ranking 181st in population out of 3,142 counties in the nation, Butler is among the top six percent of all U.S. counties in terms of total population. The County is served by rail lines, interstate highways, two nearby international airports and high-speed fiber-optic data communications making it an ideal location for business to locate and prosper.

A total of 3,929 building/electric permits were issued in 2014 in the unincorporated areas of Butler County with a combined valuation of \$329.9 million. Total permit fees were more than \$2.9 million. While the number of permits was up just 285 over the 2013 total, the valuation increased by nearly \$147 million and fees were up by \$1.2 million. In fact, the valuation and fees in 2014 were the most since 2007 when there were 4,176 building/electric permits issued in the unincorporated areas with a combined valuation of nearly \$474.5 million and total permit fees were just less than \$3.9 million. This reversed a trend of decreasing permits and fees since 2007, providing a very encouraging outlook for developing as we move into 2015.

Butler County continues to be home to several of the largest privately owned businesses in the Cincinnati region, according to the 2014 Deloitte Cincinnati USA Top 100 list, including #2 AdvancePierre Foods of West Chester. In addition, headquartered locally is Baker Concrete Construction of Monroe, which reported 2014 revenues of \$840 million to rank tenth on the list. Performance Automotive Network of Fairfield placed 12<sup>th</sup>, Contech Engineered Solutions of West Chester was 20<sup>th</sup>, Cohen of Middletown placed 25<sup>nd</sup> and Totes Isotoner of West Chester was 28<sup>th</sup> on the list.

Advance Pierre Foods moved its headquarters into Hamilton County in May but did retain 800 manufacturing jobs in West Chester Township and announced that a new support center in West Chester would bring in other jobs.

Unemployment figures continue to drop in the County (at 4.2 percent the lowest in the last ten years) and several companies made big job hiring announcements in 2014 – including Thyssenkrupp Bilstein of America.

Hamilton's largest manufacturer followed up the addition of 130 jobs in 2013 with the announcement it planned to add 214 more jobs by 2017. In addition to more employees, Thyssenkrupp is pouring \$37.6 million into equipment, building improvements and building expansion for its shock absorber business.

Transportation services and logistics company ODW LTS grew too large for its BizTech incubator space and was looking to leave town before reaching an agreement with the City of Hamilton on the 6<sup>th</sup> floor municipal space. The deal keeps the company's \$2 million annual payroll in the city and creates a revenue stream from what was empty sixth floor space. Currently employing 27, company officials have said they believe they can grow to upwards of 90 employees at this location.

At Cincinnati Children's Liberty Campus, an approximately \$160 million investment will lead to 200 more jobs by the end of 2015, according to media reports – bringing the total jobs to 650. Additions include an 80,000-square-foot proton therapy and research center for cancer treatment at the Liberty Campus. Work is also underway to build a fourth floor onto the hospital for 30 new inpatient beds.

Not only is the health care industry growing in Butler County, but U.S. News & World Report rated two County hospitals among the state's best for treating patients with the most life-threatening and rare conditions. The magazine's 25th edition of Best Hospitals has placed West Chester Hospital and Fort Hamilton Hospital among top performers in both the state and region.

In more development news, work continues on Liberty Center (Steiner Project), the mega retail, office and residential complex in Liberty Township that is expected to open in 2015 and bring thousands of jobs to the intersection of Ohio 129, I-75 and Liberty Way.

Sugar Creek Packing Co. announced plans to open a new corporate headquarters, manufacturing, and warehousing facility in West Chester by putting \$2 million into renovating the Thunderbird Lane building formerly occupied by U.S. Foods. Over the next two to three years, the company expects to bring more than 200 jobs to the revamped facility.

The company, which created more than 500 new jobs in the past five years at its combined production storage facility on Muhlhauser Road in West Chester, processes raw and ready-to-eat pork, chicken, bacon, and other food products. Officials said the Muhlhauser Road location would be unaffected by the new facility.

### MAJOR INITIATIVES

### Water System

The water system serves more than 120,000 residents and businesses in the south east portion of Butler County, including Westchester, Liberty, and Fairfield Townships. Additionally, the system serves wholesale water to the City of Monroe. The water system consists of five pump stations, eleven storage facilities and 631 miles of water mains.

Projects during 2014 included the department working with BCEO to relocate water mains that conflict with roadway improvements. Two relocations were completed on Maud Hughes Road. The department also continues to replace the failing polybutylene water service lines from the water main to the meter pits. This service line replacement work is expected to continue for 9 years.

The department executed a new water supply contract with the City of Hamilton which will substantially lower purchased water and operating costs saving over \$3M per year.

### Sewer System

The sewer system consists of 753 miles of sewer mains, 30 pumping stations, four satellite treatment plants, and two regional reclamation facilities (WRF). This system transports and treats wastewater and returns clean water to our rivers and streams.

The Phase Two LeSourdsville Water Reclamation Facility Upgrade was largely completed in 2014 and placed in operational service. This expansion and upgrade increases the treatment capacity from 12 million gallons per day to 15 million gallons per day. It will also increase the ability to accommodate increased wet weather flows and nutrient removal of phosphorus. Also, completed in 2014 was the Gano Relief sewer. This 18" sewer will carry the wet weather flows from Cincinnati Dayton Road to Schumacher Drive.

### Recycling Programs

In 2014 Butler County Recycling & Solid Waste District offered specialized recycling programs to all Butler County residents such as "on-demand" curbside Freon appliance collection; long-term household hazardous waste (HHW) drop off service, and a waste tire amnesty event. The District provided ongoing education to residents about how to manage seasonal waste, ways to manage latex paint, and outlets for unwanted electronic devices including televisions and computers. The District provides year round drop box recycling for common household recyclables such as paper, glass, plastic and cardboard at over 30 residential drop box stations located throughout the County.

The District collaborated with Fairfield Township for the annual Community Clean Up Event April 26 to offer a one day mobile HHW event to residents. The Hazardous Waste Drop Off in Fairfield Township served 360 residents, and captured 33,890 pounds of HHW. The District funded the mobile HHW drop off with a grant awarded by Duke Energy in the amount of \$9,500. The District continued its weekly long term HHW program in West Chester Township at contractor Environmental Enterprises Inc. permanent West Chester Township location from May-October. A total of 209,000 pounds of HHW was collected for safe processing, disposal, or recycling from nearly 3,000 participants.

The District worked closely with Lakota Schools' nutrition department and building maintenance supervisor to establish a school wide recycling program for all twenty-two (22) school district buildings. The District provided signage, collection containers, and technical assistance to help Lakota launch the program in August 2014. As the largest school district in Butler County, all 16,649 students, and 1,630 faculty/staff now have access to recycling in their classrooms and school cafeterias. Students have quickly learned how to manage materials for recycling, resulting in an anticipated 30 percent waste diversion rate. In addition to Lakota, in September 2014 the Solid Waste District launched a recycling program for all elementary, middle, and high school students in the Middletown City School District – a 6,500 student population in 11 school buildings. The District consulted with property management and food services contractor Sodexo to determine the recycling needs and to develop informational tools for the schools. The recycling program expanded to Barnitz Stadium to capture bottles and cans at athletic events.

The District worked to support the governor's glass recycling initiative in the state of Ohio. The District conducted outreach to multi-family apartment communities in the Oxford/Miami University area to expand and/or establish recycling programs. The result has been 12 new apartment complexes, or 1,200 units, now have fully operational recycling service available for their residents.

In 2014 the District Solid Waste Policy Committee embarked on a legislative process to further reduce the county's solid waste generation fee from \$1.00 to \$0.82 per ton on all waste generated in Butler County disposed in Ohio landfills. The new fee became effective January 1, 2015. The District previously reduced the solid waste generation fee from \$2.00 to \$1.00 in 2013.

Finally, in May 2014 the District was awarded a \$250,000 Ohio EPA market development grant which will support the purchase of specialized equipment for Cohen Recycling in Middletown. Cohen will use the funds to expand their E-waste recycling operation and is expected to create a minimum of 4 FTE.

### **Capital Improvements**

The Board of County Commissioners is charged with the responsibility of maintaining the facilities and equipment that serve the primary government offices of the County.

In 2014, the County continued improving the Munis ERP system, the county airport and Butler Warren Road. Other important Capital Improvement Projects in process during 2014 included the Liberty Fairfield Road Widening project, Warren Road Widening, as well as various roundabout intersection projects.

### FINANCIAL INFORMATION

### Basis of Accounting

The County's records are maintained on a cash basis for all funds. At year-end, adjusting entries are prepared for the various funds to convert the cash basis records to the modified accrual basis of accounting for all governmental funds and to the accrual basis for proprietary funds. Modified accrual accounting requires that revenues be recognized when both measurable and available. Expenditures, other than interest and principal on long-term debt, are recorded when fund liabilities are incurred. The accrual basis of accounting used for the proprietary funds recognizes revenues when earned and expenses when incurred.

### Internal Control

The County's system of internal accounting controls is designed to provide reasonable, but not absolute, assurance that (1) financial transactions are processed in accordance with management's authorization, (2) transactions comply with County policies and Ohio law, and (3) financial records are reliable for preparing financial statements and maintaining accountability for assets and obligations. The concept of reasonable assurance recognizes that the cost of internal control should not exceed the benefits likely to be derived from their implementation and that the evaluation of costs and benefits require estimates and judgments by management.

### **Budgetary Control**

By early January, the Board of County Commissioners adopts the annual appropriation measure for all funds, except for agency funds. All disbursements and transfers of cash between funds other than agency funds require appropriation authority from the Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department, and object level. All purchase orders and contracts must be approved by a majority of the Board of County Commissioners except where another board or elected official is given this responsibility by statute.

As contracts and purchase orders are issued to vendors, corresponding amounts of appropriations are reserved by the use of encumbrances to ensure that appropriations are not overspent. Contracts or purchase orders that exceed available appropriations are rejected by the accounting system until additional appropriations are obtained. A description of the various funds and the basis of accounting are included in Note 2 to the basic financial statements.

### Cash Balance Level of Reserves Policy

The Board of County Commissioners adopted a reserve policy for the General Fund and water and sewer funds. This policy was established to achieve and maintain adequate reserves to ensure adequate cash flow and to minimize the impact on services to citizens during economic ups and downs.

Fund reserves for the general fund have been defined as the unencumbered year-end cash balance. The level of General Fund reserves is presented as a percentage, based upon the ratio of year-end reserves to the projected general fund budget for the following year. Policy guidelines recommend a reserve level of 15%-20% of the following year's General Fund budget and not drop below 10%.

In 2014, the Board of County Commissioners established a Budget Stabilization reserve funding at a \$2,000,000 level in the general fund. The Budget Stabilization reserve was established to stabilize against cyclical changes in revenues and expenditures. The Budget Stabilization reserve balance is separate from the 15%-20% unencumbered cash balance recommended for the General Fund reserve.

The 2014 general fund reserve ratio is 19.41% excluding the Budget Stabilization reserve fund. The General Fund reserve level is within the recommended policy guidelines of 15%-20%.

Butler County management recognizes the need to maintain adequate levels of cash in the water and sewer funds, while avoiding the accumulation of unnecessarily high levels of cash over extended periods of time. The policy states the desire of the county to maintain a cash balance equating to not less than one-fourth of the operating and maintenance expenses for the year immediately preceding. The policy reflects management's intentions with regard to minimum cash or fund balances, consistent with covenants continued in the various, currently applicable revenue bond indentures, which covenants essentially refer to cash flows and cash balances when addressing fund requirements, fund balances, and debt service coverage, and other financial matters. According to the policy, the cash balance policy requirement for 2014 was \$10.7 million and the total cash balance of the water and sewer funds was \$42,241,555.

### Independent Audit

Included in this report is the Julian & Grube, Incorporated unmodified opinion rendered on the County's basic financial statements as of and for the year ended December 31, 2014. An independent audit of the County's financial statements is part of the annual preparation of the CAFR. This annual independent audit continues to provide a review and comments which strengthen the County's accounting and budgetary controls.

### GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Butler County for its comprehensive annual financial report for the year ended December 31, 2013. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable lega: requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **Acknowledgments**

I would like to acknowledge the efforts and dedication of the entire Fiscal Services staff for their contributions to this report. My appreciation is also extended to the Local Government Services Section, each of whom was invaluable once again in adding their expertise and dedication to the project.

We would also like to thank all of the elected officials, department heads, and their staff for their support and assistance in this endeavor. It is truly a group effort that would not be possible without the cooperation of all County departments.

It is the mission of the Auditor's office to bring a high level of professionalism to Butler County government and to better inform and educate its citizens. Through the issuance of this Comprehensive Annual Financial Report, the County remains accountable to the public, and the public trust with which we have been provided, is retained. This report provides a fair representation of the financial condition of the County as of and for the year ended December 31, 2014. We ask for your continuing support of this project and in our efforts to best serve the citizens of Butler County.

Sincerely,

Roger Reynolds, CPA Butler County Auditor

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

# Independent Auditor's Report

Butler County 130 High Street Hamilton, Ohio 45011

To the Board of County Commissioners:

# **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Butler County, Ohio, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Butler County's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to Butler County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of Butler County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

# **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Butler County, Ohio, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general, developmental disabilities, job and family services/children services agency, and mental health funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

# **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and *Schedules for infrastructure assets accounted for using the modified approach*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

## Supplementary and Other Information

Our audit was conducted to opine on Butler County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and is not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derives from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2015, on our consideration of Butler County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Butler County's internal control over financial reporting and compliance.

Julian & Sube the.

Julian & Grube, Inc. June 26, 2015

Management's Discussion and Analysis offers an introspective look at the finances of Butler County for the year ended December 31, 2014 and provides a readable overview of the County's financial performance. In addition to the information presented here, readers are also encouraged to review the transmittal letter, found on page iv, and the County's financial statements, beginning on page 15, for a more complete picture of Butler County's financial performance.

# **Financial Highlights**

Key financial highlights for 2014 are as follows:

- The overall financial position for Butler County's operating fund, the General Fund, increased by \$6.6 million in 2014. This increase was primarily due to sales tax revenue and an increase in licenses and permits due primarily to the new Steiner development and expansion to the existing Children's and West Chester Hospitals.
- At December 31, 2014, governmental funds ending balance of \$121.0 million was higher than the same balance one year ago. Increases can be attributed to an increase in sales tax revenue, license and permits, and payments in lieu of taxes. Total governmental funds expenditures increased in 2014 by \$7.9 million due to an aggressive debt consolidation initiative that was achieved in 2014.
- At December 31, 2014, Butler County had a total of \$170.2 million (excluding premiums and discounts) in outstanding long-term debt, 9% lower than the prior year. Governmental activities accounted for \$66.3 million, while \$104.0 million helped fund business type activities. Governmental activities long-term debt dropped \$9.0 million due to scheduled maturities and the refunding of the 2004 Various Purpose bonds. Business-type activities long-term debt decreased by \$7.3 million during 2014 due to the difference between scheduled maturity payments and the refunding of the 2005A and 2005B Water bonds and the refunding of the 2004 sewer revenue bond.

# **Overview of the Financial Statements**

This discussion and analysis introduces you to Butler County's basic financial statements, which are made up of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. Other supplementary information is also contained within this report, including required supplementary information (RSI) on infrastructure, the combining financial statements, individual fund schedules and statistical information.

## **Government-Wide Financial Statements**

Butler County's government-wide financial statements include a Statement of Net Position and a Statement of Activities, which report the financial activities of the Butler County government as a whole, giving the reader a summary of County finances with a view of the bottom-line results of the County's operations. These statements are now prepared using the economic resources measurement focus and the accrual basis of accounting, similar to financial statements prepared in the private sector. As a result, all assets and liabilities of the County are accrued, and revenues and expenses are reported in the current year regardless of when the resulting cash flows occur.

The County's financial activities are identified in the government-wide financial statements as governmental activities or business-type activities.

#### **Governmental Activities**

Governmental activities constitute the majority of the County's operations and are financed primarily by operating grants, taxes, charges for services, capital grants, and other intergovernmental revenues. Butler County's governmental activities are accounted for in governmental funds and are classified as follows:

<u>Legislative and Executive</u> - general government operations including the offices of the Commissioners, Auditor, Treasurer, Prosecutor, Recorder, department of development, public defender, information services, board of elections, maintenance department, economic development, and records center.

<u>Legislative and Executive-Intergovernmental</u> – compensation agreements related to tax incremental financing and residential incentive districts where the county is paying the various school districts and townships.

<u>Judicial</u> - court related activities including the operations of the common pleas court, probate court, area courts, juvenile court, domestic relations court, municipal court, court services, court of appeals, and clerk of courts.

<u>Public Safety</u> - activities associated with the protection of the public including the sheriff's operations, juvenile detention center, adult probation department, County paramedics, office of the coroner, and the criminal justice board.

<u>Public Works</u> - activities associated with maintaining county roads and bridges, the Butler County Regional Airport, litter control, and other associated community grant programs.

<u>Public Works-Intergovernmental</u>- these expense lines represent dollars contributed by the county for infrastructure construction projects where the county will not own the asset upon completion and maintenance costs for county roads, bridges and culverts, according to the modified approach for infrastructure.

<u>Health</u>- activities aimed at serving the public health, including activities provided by the Board of Developmental Disabilities, Mental Health Board, and the Alcohol and Drug Addiction Services Board.

<u>Human Services</u>- activities related to the provision of various forms of services and assistance to individuals, children, and families, including services provided or funded by the County Care Facility, Elderly Services Levy, Veterans Service Commission, Children Services Agency, Child Support Enforcement Agency, and the Department of Job and Family Services.

<u>Conservation and Recreation</u>- activities associated with conserving and maintaining the beauty of county lands, including the services provided through the Ohio State Agriculture Program and the Butler County Soil and Water Conservation District.

Interest and Fiscal Charges- activities related to expenditures on County bonds and notes for interest and related costs to issue debt.

#### **Business-type activities**

Business-type activities are those activities accounted for in enterprise funds, including the County's Water and Sewer operations. Business-type activities rely on user fees and other charges to wholly, or to a large extent, fund their operations.

#### Statement of Net Position

The Statement of Net Position reports all assets and deferred outflows of resources, and liabilities and deferred inflows of resources of the County, with net position being the difference between all elements. This statement is useful when evaluating the financial condition of the County. Monitoring the changes to net position over time is one indication of whether the County's financial condition is improving or deteriorating.

## Statement of Activities

The Statement of Activities reports, for the current year, the changes to the County's net position, which is the difference between all other elements in a statement of financial position. However, the format of this statement departs from the more traditional "revenues less expenses equal net position" format you may see in the private sector.

Generally, private sector goals are to generate income, or simply put, maximize revenues. As such, private sector operating statements present revenues first. Expenses, which reduce revenue maximization, are presented next as a deduction against those revenues.

Public sector goals are different in that servicing the needs of the citizens, or spending, is what drives the financial activities. Thus, the Statement of Activities is designed to present expenses before revenues in order to emphasize that service activities dictate the level of resources that are required to be generated.

In the County's Statement of Activities, resources used to fund service activities are identified as either program revenues (resources received from people receiving services or in the form of operating and capital grants and contributions and interest) or general revenues (all non-program revenues, including taxes). Butler County operations have also been classified into distinct governmental or business-type service activities.

These activities are reported in a format that allows the reader to see the extent to which each activity is supported or self-financed by program revenues or drawn from the general resources of the County. Therefore, the statement of activities is useful in assessing the level of self-sufficiency of the various governmental or business-type activities versus management established performance benchmarks.

The government-wide financial statements begin on page 15 of this report.

#### Fund Financial Statements

A fund is an accounting term referring to a segregated group of accounts used to account for and to assist with the management of financial resources received. Various funds may be established to account for specific activities or objectives of the County, and to demonstrate compliance with finance related legal requirements associated with those resources.

Fund financial statements provide additional and more detailed information about the County with an emphasis on major funds. Major funds are those governmental or enterprise funds that have been determined to be the most significant based on a defined set of financial criteria, as well as any other funds deemed to be particularly important to readers because of public interest or to ensure consistency between years. Information is presented separately in the fund financial statements for each of the major funds. Information for all non-major funds is aggregated and presented in a separate column on the fund financial statements. Detailed data for each of the non-major funds is provided in the combining statements and individual fund schedules that follow the basic financial statements.

All funds of Butler County are classified into one of three fund categories: governmental, proprietary or fiduciary.

<u>Governmental Funds</u> - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements, but use a different measurement focus. Governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting, a short-term view focusing on the flow of monies into and out of the funds and the year-end balances available for near-future spending. This is in contrast to the governmental fund financial statements that incorporate a longer-term focus. The reconciliations included in the governmental fund financial statements compare the governmental funds information to the governmental activities information as reported in the government-wide financial statements.

Butler County maintains numerous individual governmental funds, the following of which are considered major funds: General, Developmental Disabilities, Job and Family Services/Children Services Agency and Mental Health. The basic governmental fund financial statements begin on page 18 of this report.

<u>Proprietary Funds</u> - The County uses two types of proprietary funds, enterprise funds and internal service funds. Since the proprietary fund financial statements are prepared using the same measurement focus and basis of accounting as the government-wide financial statements, they provide the same type of information, only in greater detail.

Enterprise funds are used to account for the county's water and sewer operations, which are the business-type activities reported in the government-wide financial statements.

Internal service funds are used to account for the financing of services provided by one department to other departments in the county on a cost-reimbursement basis. The County uses internal service funds to account for its health insurance and workers' compensation. Since these programs mostly benefit governmental rather than business functions, they have been included in the governmental activities in the government-wide financial statements. The basic proprietary fund financial statements begin on page 29 of this report.

<u>Fiduciary Funds</u> -Fiduciary funds are used to account for assets held by the County as an agent for outside parties and are accounted for in a manner similar to proprietary funds. Fiduciary funds are not presented in the government-wide financial statements as their resources are not available to support the County's governmental or business-type activities. The basic fiduciary fund financial statements begin on page 33 of this report.

## Notes to the Financial Statements

The notes to the financial statements are an integral part of the basic financial statements, providing additional important disclosures essential for a complete understanding of the financial data reported in the government-wide and fund financial statements. The notes to the financial statements begin on page 34 of this report.

To summarize, the government-wide financial statements report the County's activities as a whole, using a long-term, economic resources measurement focus while the fund financial statements report financial activities in more detail, with a shorter-term focus and emphasis on major funds. More simply, the primary focus of government-wide financial statements is demonstrating operational accountability, while the primary focus of the governmental fund financial statements is demonstrating fiscal accountability. Butler County management believes these basic financial statements provide the reader with the best information yet available to assess the level of Butler County's fiscal and operational accountability, both short-term and long-term.

## **Government-Wide Financial Analysis**

The County recorded an \$18.1 million decrease in total net position in 2014 due to governmental and business-type activities. Governmental activities decreased \$16.1 million while business-type activities decreased \$2.0 million. Capital assets are used to provide services to residents and do not represent assets that may be used for future spending.

Total assets decreased \$5.6 million in 2014 as shown in table 1. Current and other assets increased \$8.9 million in 2014, while capital assets net, saw a decrease of \$14.6 million as accumulated depreciation exceeded new asset acquisition. Total liabilities increased \$14.0 million as the County incurred long term contractual obligations. Total deferred inflows of resources decreased \$1.7 million due to a decrease in real estate tax receivables and payments in lieu of taxes in 2014.

**Governmental Activities:** Total governmental assets increased \$2.3 million in 2014. Current and other assets were increased \$8.8 million due primarily to an increase in the overall cash and cash equivalents in governmental activities. Capital assets net, displayed a decrease of \$6.4 million due to depreciation exceeding asset acquisitions from capital projects. Long-term liabilities saw an increase of \$20.5 million due primarily to long term contractual obligations to assist in paying the bonds issued by the Butler County Port Authority and the Butler County Transportation Improvement District.

The County's governmental program expenses exceeded program revenues in 2014 by \$137.5 million, and with an infusion of \$121.4 million of general revenues, resulted in a \$16.1 million reduction to governmental activities net position. Program revenues supporting governmental activities increased overall during 2014 to \$124.0 million. Charges for services increased \$3.5 million while operating grants, contributions, and interest were down \$0.4 million due to reductions in intergovernmental revenues. Capital grants, contributions, and interest program revenue increased \$2.5 million due primarily to federal dollars from the Ohio Department of Transportation for road projects.

In addition, expenses increased \$38.2 million in 2014, with the largest areas of increase being in public works and public works - intergovernmental. These expense lines represent dollars contributed by the county for infrastructure construction projects where the county will not own the asset upon completion and maintenance costs for county roads, bridges and culverts, according to the modified approach for infrastructure.

General revenues and transfers increased \$6.7 million in 2014. Sales tax revenues had the largest increase at \$2.7 million. In addition, other local taxes, grants and entitlements, payments in lieu of taxes, and investment earnings not restricted to specific programs and other revenues increased \$4.0 million in 2014.

Table 2 (Continued)

**Business-Type Activities:** The County's sewer and water operations constitute the business-type activities. In 2014, the Water and Sewer combined funds net position declined slightly from 2013.

## **Fund Analysis**

As mentioned above, various funds have been established to account for specific County activities or objectives. A summary of the most significant fiscal activity in the County's funds follows.

Governmental Funds: Governmental funds report County financial activity focusing on the near-term flow of expendable resources and assists in demonstrating fiscal accountability. Thus, fund balances provide us with a snapshot of what resources are available at year-end for near-term spending, and the analysis of changes to fund balances over time, assists in evaluating the degree to which a specific program, or a group of activities, is "living within its means."

At year-end, the governmental funds combined ending fund balance of \$121.0 million was slightly higher than the same balance just one year ago, a \$9.7 million increase overall. Total governmental funds expenditures increased from \$226.9 million in 2013 to \$234.8 million in 2014.

The overall financial position for Butler County's operating fund, the General Fund, increased by \$6.6 million in 2014 primarily due to sales tax revenue, increased investment earnings and a full year of casino tax revenue in 2014, compared to a half year in 2013.

General Fund expenditures increased \$2.1 million in 2014 primarily due to public safety expenses for the merger of the City of Hamilton dispatch into the County as well as juvenile detention center costs. Legislative and Executive and Judicial expenses increased slightly from 2013. Transfers out increased \$0.4 million as the General Fund contributed money to other funds primarily for matching grant dollars.

The Butler County Developmental Disabilities (BCDD) Fund increased \$2.4 million in fund balance during 2014. Revenues and expenditures remained fairly consistent in 2014. Revenues exceeded expenditures by \$2.4 million contributing to the increased fund balance.

The Job and Family Services/Children Services Agency Fund experienced an increase to expenditures in 2014 of \$.5 million. Revenues stayed relatively flat with a slight increase in intergovernmental revenues .3 million along with a reduction in transfers in. Job and Family Services/Children Services Agency Fund increased expenditures in personnel costs in 2014. Expenditures exceeded revenues and other financing sources by \$2.0 million.

The Mental Health Fund revenues increased in 2014 by \$0.4 million while expenditures fell \$1.3 million. These changes are due primarily to reductions in Medicaid funding that historically has been given to county mental health boards. These Medicaid dollars will now remain at the State level.

Only a portion of the \$121.0 million fund balance in the governmental funds is available for spending in next year's budget. This is referred to as restricted, committed and assigned fund balance, and at December 31, 2014, the restricted, committed, and assigned fund balances for the governmental funds had increased to \$112.2 million.

The nonspendable fund balance of \$5.7 million includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact such as prepaid items, materials and supplies inventory, loans receivable, trust funds and interfund loans. The assigned fund balance of \$2.7 million, consisting of encumbrances is intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed.

*Proprietary Funds*: The proprietary funds financial statements provide the same information as seen in the governmentwide financial statements, only in more detail. A summary of financial activity occurring in the Sewer and Water Enterprise Funds follows.

*Sewer Fund:* The Sewer Fund's \$28.3 million in current assets at the end of 2014, which is principally comprised of \$26.1 million in equity in pooled cash and cash equivalents, as compared with current liabilities of \$6.1 million at yearend, leaving a \$22.2 million safety margin of working capital (current assets less current liabilities) for ongoing operations, additional debt service, and contingencies.

Operating revenues during 2014 were \$19.0 million, while operating expenses were \$21.7 million resulting in an operating loss of \$2.7 million for 2014. In comparing 2014 to 2013, depreciation and amortization expense continues to be the largest category and, for 2014, at \$9.7 million, remained fairly consistent. The next-largest category, personal services, comprising employees' salaries and fringe benefits, reduced slightly in 2014 from \$5.7 million in 2013 to \$5.5 million. Contractual services increased \$1.4 million for 2014, while materials and supplies remained fairly consistent at \$1.3 million for 2014.

*Water Fund*: The Water Fund's current assets of \$12.7 million consisted largely of equity in pooled cash and cash equivalents at \$10.7 million. The current assets of \$12.7 million compared to current liabilities of \$6.8 million which leaves a safety margin of working capital of \$5.9 million for ongoing operations, additional debt service, and contingencies.

Operating revenues during 2014 were \$20.4 million. Operating expenses were \$24.2 million resulting in an operating loss of \$3.8 million for 2014. Contractual services made up the largest category of operating expenses at \$13.9 million for 2014, and represented a slight increase over 2013. Depreciation and amortization expense remained consistent at \$6.6 million. Personal services, comprised of employees' salaries and fringe benefits, remained consistent at \$2.7 million in 2014. Overall net position dropped \$1.8 million as expenses exceeded overall revenues in 2014.

## **General Fund Budget Analysis**

Several events influenced the budgetary process and actual results for the year of 2014. The General Fund's final 2014 appropriation budget, at \$74.8 million excluding other financing uses, was 5% higher than the original appropriation budget. The final budget included an additional \$1.4 million for legislative and executive and an additional \$1.8 million for public safety. The increases in budget were due primarily to unexpected maintenance items, legal fees, a telephone system upgrade, the establishment of a centralized human resources department and negotiated salary and benefit increases. The General Fund final revenue budget increased from \$78.4 million to \$84.0 million. An increase of \$2.7 million in sales tax revenues as well as a \$1.2 million increase in license and permits contributed to the major changes in revenue. The remaining County General Fund final budget and actual items remained fairly consistent with original and final budget estimates.

# **Capital Asset and Debt Administration**

# **Capital Assets**

Capital assets include County owned land and easements, land improvements, buildings and improvements, furniture, fixtures and equipment, vehicles, infrastructure, water rights, water and sewer mains, and construction in progress. Butler County's total investment in capital assets for governmental and business-type activities (net of accumulated depreciation) amounts to \$696.5 million as of December 31, 2014. Table 3 contains a summary of capital assets as of December 31, 2014, compared to assets owned by the County at year-end 2013.

|                                   | Governmental Activities |    |             |    | Business-ty | ре | Activities  |    | Тс          | otal     |             |

Table 3 Butler County Captial Assets

Significant capital asset activity (See Note 10) occurring during 2014 included the following:

Governmental activities capital assets decreased \$6.5 million from 2013 to 2014. Land and easements improvements remained the same as reported in 2013. Land improvements, building improvements, and furniture fixtures and equipment decreased as depreciation expense offset any asset additions in 2014. Infrastructure saw an increase due to activity in 2014 related to a variety of construction projects including improvements to Cincinnati Dayton and Liberty Fairfield Road

Business-Type Activities capital assets decreased \$8.1 million in 2014. All asset categories other than land, and construction in progress decreased as depreciation expense offset any asset additions in 2014. Construction in progress increased \$3.2 million with the continued construction of the LeSoursdville sewer plant expansion and Liberty Fairfield Water projects. In addition, water and sewer projects included Polybutylene Service Line replacements, Queen Acres Erosion and Mill Creek Confluence Restoration.

<u>Infrastructure Assets</u>: Infrastructure assets refer to county roads, bridges, and culverts, and are reported in the governmental activities. Butler County, through the Engineer's Office, maintains an infrastructure asset system that incorporates the "modified approach" method of reporting infrastructure as provided for in Governmental Accounting Standards Board Statement No. 34. Under the modified approach, the County does not use historical cost-based depreciation as a measure of the cost of use for infrastructure assets. Instead, all expenditures made for infrastructure assets that preserve the useful life of the assets are expensed during the year incurred. Expenditures that increase the capacity or efficiency of the infrastructure assets (additions or improvements) are capitalized. The County ensures that infrastructure assets are being preserved at, or above, previously established condition-levels by performing periodic conditional assessments of the infrastructure. Based on these assessment findings, a budget is prepared for the maintenance and repair of these assets. During 2014, the County budgeted \$6.1 million for roads, \$2.8 million for bridges and \$0.1 million for culvert improvements.

Butler County manages its roadway system through the performance of three year conditional assessments, using factors such as age of pavement, surface condition and traffic volume and type. Roads are assigned a pavement rating based on a scale of one to four, with one being excellent and four being poor. It is the County's policy to maintain the county roadway system where at least 90% of the roads have a rating of three (3) or better. A fifteen-year paving plan is developed in order to keep the County's roads at condition levels established per policy. Actual maintenance spending on county roads in 2014 was \$5.2 million and the most recent roadway system assessment (2014) indicates that 95% of county roads are currently assessed at a rating of three or better.

The County manages its bridges using a General Appraisal and Operational Status condition coding system as developed by the Federal Highway Administration. The condition of a bridge is rated from zero to nine, with nine being excellent condition and zero meaning the bridge is in a failed or closed condition. Bridges are inspected on an annual basis as required by Ohio law and rated for infrastructure GAAP reporting every three years.

It is the policy of the County Engineer to maintain the bridges such that 85% of the structures have a General Appraisal rating of five (5 - Fair) or better. The County spent \$2.4 million in 2014 to maintain the bridges and the most recent bridge system assessment (2014) indicates that 92% of County bridges are currently assessed at a rating of five or better.

The Engineer inspects culverts on a three year basis, and conditional assessments are given based on a rating scale of one to four, with one meaning the culvert is in good condition and does not require repair, while a four rating means the culvert is in critical condition and is no longer functioning as designed. It is the policy of the County Engineer to maintain 75% of the culverts in a condition of two (2 - Fair) or better. The County spent \$0.1 million in 2014 to maintain culverts and the most recent culvert system assessment (2014) indicates that 78% of the culverts are currently assessed at a rating of two or better. Additional information regarding capital assets can be found in Note 10 to the financial statements and the Required Supplementary Information on page 83 for additional infrastructure information.

# Long-Term Debt

At December 31, 2014, Butler County had a total of \$170.2 million (excluding premiums and discounts) in outstanding long-term debt, 8.7% lower than the prior year. Funded governmental activities accounted for \$66.3 million, while \$104.0 million helped fund business type activities. Governmental activities long-term debt dropped \$9.0 million due to scheduled maturities and the refunding of the 2004 various purpose issue. Business-type activities long-term debt decreased by \$7.3 million during 2014 due to the difference between scheduled maturity payments, refunding of the 2005 Water Bonds and 2004 sewer revenue bond, as well as the issuance of additional loans for the Lesourdsville, Polybutelyene, and Liberty-Fairfield Water Main projects.

Table 4 Butler County Outstanding Long-Term Debt

The County's long-term debt consisted of \$90.7 million in obligations backed by the full faith and credit of Butler County, including \$59.4 million in general obligation bonds, \$23.7 million in water judgment bonds, and \$7.6 million in special assessment bonds, for which Butler County is liable in case of default of the property owners subject to the assessment. A total of \$79.5 million of the total outstanding debt represent bonds secured by specified revenue sources, including water and sewer revenues, and sales tax revenues.

Ohio law, through its direct and indirect debt limitations, restricts the amount of debt the County may issue. The County's total direct debt limit at December 31, 2014 was \$184.0 million and the legal debt margin (debt limit minus net debt) was \$158.0 million. The County's unvoted direct debt limit was \$74.4 million and the unvoted direct debt margin was \$48.2 million. The debt margins for total debt and unvoted debt reflect a slight increase over the previous year due to reductions in general obligation bonds and notes.

Ohio's indirect debt limitation, referred to as the ten-mill limitation, further limits the total unvoted general obligation debt that may be issued among overlapping subdivisions to a maximum of 10 mills per dollar of assessed valuation. Since the 10 mills must be shared by the overlapping subdivisions, and is available on a first-come, first serve basis, the level of debt issued by any overlapping political subdivision thus affects the County's ability to issue unvoted general obligation debt.

For example, depending on how much room is available under the 10-mill limitation, a relatively small debt issuance by an overlapping subdivision with a low assessed valuation could significantly hinder, or temporarily lock out, the County's ability to issue unvoted general obligation debt. This limitation would continue until unvoted general obligation debt was retired by either subdivision, or until the total assessed value of the subdivision or the County increased, which occurs around December of each year. The County continues to monitor the debt activity of all overlapping subdivisions for the potential effect on future financings.

Butler County's general obligation bond issues are rated at Aa2 and the sales tax bonds are Aa2 by Moody's Investors Services. The water and sewer district currently maintains a credit rating from Moody's of Aa3.

Besides the long-term bonds outstanding, the County also is liable for other long-term obligations in the form of capital leases payable, claims payable, compensated absences payable and long term contracts payable. Governmental activities capital leases totaled \$31 thousand at year-end, for various equipment and vehicles throughout the County. Claims payable at year-end was \$2.7 million representing outstanding workers' compensation claims against the County. Compensated absences payable at year-end was \$7.1 million for governmental activities and \$0.8 million for business-type activities. The total liability for capital leases, claims, and compensated absences payable for governmental and business-type activities was \$10.6 million at December 31, 2014.

Contracts payable represent long term agreements for the payment of bonds issued by the Butler County Transportation Improvement District and the Butler County Port Authority for economic growth. The County has pledged revenues from the Voice of America TIF as one of the primary sources of revenue for these securities. The liability remaining at the end of 2014 for these contracts is \$29.6 million. Additional information about the County's long-term obligations can be found in Note 17 to the financial statements.

## **Economic and Other Potentially Significant Matters**

Despite the recent decline in the economy, inquiries from potential businesses looking at developing or relocating to Butler County remain steady. University Pointe and West Chester Hospital, which opened in 2009, have drawn dozens of medical-related facilities to the uptown area. In addition, Steiner and Associates began construction in Butler County for a \$300 million mixed-use development that is being built near the intersection of Interstate 75 and Ohio 129 in Liberty Township with phase I opening in late 2015.

# **Requests for Information**

The Management's Discussion and Analysis is intended to provide a general overview of Butler County's finances. Questions concerning any of the information provided in this report, or requests for additional financial information should be addressed to the Butler County Auditor, 130 High Street, Hamilton, Ohio, 45011.

# NOTE 1 – REPORTING ENTITY

## REPORTING ENTITY

Butler County, Ohio (The County) was created in 1803. The County is governed by a board of three commissioners elected by the voters of the County. The County Commissioners serve as the taxing authority, the contracting body, and the chief administrators of public services for the County. Other elected officials include the Auditor, Treasurer, Recorder, Sheriff, Coroner, Clerk of Courts, Prosecutor, Engineer, twelve Common Pleas Court Judges and three County Court Judges.

The services provided by the above officials and their departments comprise the primary governmental unit of the County. They have therefore been included as part of the reporting entity.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the County are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Butler County, this includes the Board of Developmental Disabilities, the Job and Family Services/Children Services Agency, the Board of Mental Health, the Alcohol and Drug Addiction Services Board, the Veterans Service Board, the Board of Elections and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the County, in that the County approves the organizations budget, the issuance of its debt, or the levying of its taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

## Component Unit

The component unit column in the combined financial statements identifies the financial data of the County's component unit, Butler County Land Reutilization Corporation. It is reported separately to emphasize that it is legally separate from the County

## Butler County Land Reutilization Corporation

The Butler County Land Reutilization Corporation was created by resolution of the County Commissioners and organized under chapter 1724 of the Revised Code to act on behalf and cooperate with the county in exercising the powers and performing the duties of the county under chapter 5722 of the Ohio Revised Code. The purpose of the organization is to reduce the existence of nonproductive land within Butler County. The corporation takes title of nonproductive properties and gives them to the requesting cities participating in the program. The cities will improve the properties and return them to a revenue generating status or devote them to public purpose.

The Butler County Commissioners and Butler County Treasurer comprise the voting majority of the land reutilization corporation. Because the County makes up a voting majority of the board, the County is able to impose its will on the operations of the Land Bank. The component unit column of the financial statements identifies the financial data of the discretely presented component unit. It is reported separately to emphasize that it is legally separate from the County. Separately issued financial statements can be obtained from the Butler County Treasurer, 315 High Street, 10<sup>th</sup> floor, Hamilton, Ohio 45011. Disclosures can be found in NOTE 23.

The County participates in the following jointly governed organizations, risk sharing pool, insurance purchasing pool and related organizations. These organizations are presented in NOTE 21 to the basic financial statements and are excluded from the accompanying financial statements except as noted.

Butler County Emergency Management Agency Transportation Improvement District of Butler County Ohio Kentucky Indiana Regional Council of Governments Butler/Clermont/Warren Workforce Policy Board Community-Based Correctional Facility Southwest Ohio Council of Governments County Risk Sharing Authority (CORSA) Butler Health Plan County Employee Benefits Consortium of Ohio, Inc. (CEBCO) Regional Transit Authority (RTA) Butler County Convention and Visitor Bureau Butler County Port Authority Metroparks of Butler County

As the custodian of public funds, the County Treasurer invests all public moneys held on deposit in the County Treasury. In the case of the legally separate agencies, boards and commissions listed below, the County serves as fiscal agent, but the organizations are not considered a part of Butler County. Accordingly, the activity of the following districts and agencies are presented as agency funds within the County's financial statements:

# Butler County Emergency Management Agency

The Butler County Emergency Management Agency consists of twenty-six members of the advisory council that are appointed as follows: one County Commissioner and the chief elected official of each of the thirteen townships, five cities, and seven villages. The degree of control exercised by any participating government is limited to its representation on the Board. The Agency does not have any outstanding debt. The County does not have an equity interest in the Agency.

## Regional Transit Authority (RTA)

The County Commissioners are responsible for appointing the board of directors of the RTA; however, the County Commissioners cannot influence the RTA's operations, nor does the RTA represent a potential financial benefit or burden to the County. Although the County does serve as the taxing authority and may issue tax related debt on behalf of the RTA, its role is limited to a ministerial function.

## Butler County General Health District

The Board of Health is elected by a District Advisory Council comprised of a township trustees, mayors of participating municipalities, and a representative of the county commissioners which oversee the operation of the Health District. The Board adopts its own budget, which is subject to a compliance oriented review by the County. The District hires and fires its own staff, and operates autonomously from the County.

## Butler County Soil and Water Conservation District

The Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision of the state. The supervisors of the Soil and Water Conservation District are elected officials authorized to contract and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, and do not tax or issue debt.

## Metroparks of Butler County

The District Commissioners are appointed by the Probate Judge of the County. The Commissioners adopt their own budget, authorize expenditures, hire and fire staff, and do not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District fiscally dependent on the County. The District serves as its own taxing and debt issuance authority and is a related organization of the County.

## Twelfth District Court of Appeals

The State of Ohio is divided into twelve district courts of appeals. The twelfth district includes the counties of Brown, Clermont, Butler, Warren, Clinton, Fayette, Madison, and Preble. The district court is a separate entity from the County. The three judges who are responsible for the court system are elected in the general election by the populous of the above listed counties. The court system sets its own budget, appoints staff, and relies on the County for only the County's proportionate contribution for operations as required by state statue.

# Butler/Clermont/Warren Workforce Policy Board (Area 12)

The Workforce Investment Area (WIA) Twelve is made up of Butler, Clermont and Warren counties. Butler County is currently the fiscal agent for the WIA area which is reported in an agency fund. The duties of the fiscal agent include budgeting, reporting and disbursing grant funding to Clermont and Warren counties as well as Butler County Job and Family Services Agency from the Ohio Department of Job and Family Services.

The State of Ohio required Area Twelve to form a board to set goals, agendas, and come up with a plan to best meet the needs of the program. The board is made up of representatives from the local communities and a commissioner from each County. All expenses involved with the operation of the board are paid by Butler, Clermont, or Warren County as part of the administration cost allotted in the WIA program. The board is a jointly governed organization.

## Community-Based Correctional Facility

The Community-Based Correctional Facility serves Butler, Clermont, and Warren Counties. The Judicial Advisory Board includes at least one common pleas court judge from each county. The Community-Based Correctional Facility provides a wide range of programs addressing offender needs such as chemical dependency, education, employment, and family relationships.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Butler County have been prepared in conformity with the generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. The more significant of the County's accounting policies are described below.

## BASIS OF PRESENTATION

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

### **Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for goods and services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

# Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

### Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

### Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources.

Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities plus deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

<u>General</u> - This fund accounts for and reports the general operating revenues and expenditures of the County not recorded elsewhere. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of the State of Ohio.

<u>Developmental Disabilities</u> - This fund accounts for and reports the countywide tax levy, federal and State grants restricted to pay the costs of services provided to local citizens with developmental disabilities.

<u>Job and Family Services/Children Services Agency</u> – This fund accounts for and reports the countywide tax levy along with various federal and State grants restricted to support children's services, provide services to the local community for child adoption and foster care needs, provide public assistance to general relief recipients, pay their providers of medical assistance, and pay for certain public social services.

<u>Mental Health</u> – This fund accounts for and reports the countywide tax levy along with various federal, State and local funds restricted to provide mental health services to all citizens of Butler County.

The non major governmental funds of the County account for grants and other resources, whose use is restricted, committed or assigned to a particular purpose.

#### Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

#### Enterprise Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The County maintains the following enterprise funds:

<u>Sewer</u> - This fund accounts and reports fees collected by Butler County Water and Sewer for the processing and disposal of sewage.

<u>Water</u> - This fund accounts and reports fees collected by Butler County Water and Sewer for providing water services to Butler County residents.

#### Internal Service Funds

Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on health insurance programs for medical, dental and vision coverage, and workers compensation.

#### Fiduciary Funds

The County's only fiduciary funds are agency funds. Agency funds are used to report resources held by the County in a purely custodial capacity. The County's agency funds are primarily established to account for the collection and distribution of various taxes, receipts and fees to other local governments and to account for funds of the County Emergency Management Agency, Regional Transit Authority (RTA), General Health District, Soil and Water Conservation District, Metroparks, Twelfth District Court of Appeals, Workforce Investment Area Twelve, and the Community-Based Correctional Facility.

### MEASUREMENT FOCUS

### **Government-Wide Financial Statements**

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net position.

# Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e. revenues and other financing sources) and uses (i.e. expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationships between the government-wide statements and the fund financial statements.

Like the government-wide statements, all proprietary fund types are accounted for using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e. revenues) and decreases (i.e. expenses) in total net position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

# BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows and outflows of resources, and in the presentation of expenses versus expenditures.

# Revenues – Exchange and Non-Exchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the sources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within 31 days of year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, includes sales tax, property taxes, payments in lieu of taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurs. On an accrual basis, revenue from property taxes/revenue in lieu of taxes is recognized in the year for which the taxes are levied or would have been levied (see NOTE 7). Revenue from grants, entitlements, and donations are recognized in the year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: sales tax, state levied locally shared taxes (including gasoline tax and motor vehicle license tax), licenses and permits, fines and forfeitures, grants, interest, and charges for services.

## Payments in Lieu of Taxes

The County has entered into several Tax Increment Financing Agreements with developers. In order to encourage improvements, companies and home owners were granted a 100 percent, 30 year exemption from paying any property taxes on the new construction; however, payments in lieu of taxes are made to the County in an amount equal to the real property taxes that otherwise would have been due in that current year. Payments in lieu of taxes are collected through the real estate tax collection cycle. These payments are being used to finance public infrastructure improvements. Additional payments are made to Fairfield City School District, Lakota Local School District, and Ross Local School District since they are impacted by the exemption. A receivable for the amount of the payments estimated to be received in the next tax collection year has been recorded in the respective TIF funds with a corresponding credit to deferred inflows of resources – revenue in lieu of taxes. On a full accrual basis, the portion of collections relating to delinquencies will be reported as Payments in Lieu of Taxes revenue. While on the modified accrual basis, the revenue has been reported as deferred inflows – unavailable revenue.

# Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources include a deferred charge on refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes and revenue in lieu of taxes. Property taxes and revenue in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2014, but which were levied to finance fiscal year 2015 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County unavailable revenue includes delinquent property taxes, delinquent payment in lieu of taxes, sales taxes, special assessments, due from other governments, charges for services, interest revenue, and other. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

### Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

### Cash and Cash Equivalents

Cash resources of the majority of individual funds are combined to form a pool of cash and investments, which is managed by the County Treasurer. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During 2014, investments were limited to, certificates of deposit, a U.S. Treasury Note, Fifth Third Institutional Government Money Market Mutual Fund, Federal Farm Credit Bank Bonds, Federal Home Loan Bank Bonds, Federal Home Loan Mortgage Corporation Bonds and Federal National Mortgage Association Bonds. Investments are reported at fair value, which is based on quoted market prices, with the exception of certificates of deposit, which are reported at cost. The fair value of the mutual funds is determined by the fund's December 31, 2014, share price. NOTE 6 provides a detailed disclosure regarding cash, cash equivalents and investments held by the County.

Interest earned on investments is distributed to the General Fund, except as stipulated by the Ohio Constitution or State statute. Interest revenue credited to the General Fund during 2014 amounted to \$1,162,250, which includes \$1,049,827 assigned from other County funds.

### Statement of Cash Flows

Funds included within the Treasurer's cash management pool and investments in segregated accounts with original maturities of three months or less when purchased are considered to be cash equivalents.

#### Cash and Cash Equivalents in Segregated Accounts

The County has segregated bank accounts for monies held separate from the County's central bank account. These depository accounts are presented as "Cash and cash equivalents in segregated accounts".

#### Cash and Cash Equivalents with Fiscal Agents

The Southwest Ohio Council of Governments is currently holding deposits that belong to the County which are represented by "Cash and cash equivalents with fiscal agents" on the statement of net position- government wide and also found on the fund financial statements in the developmental disabilities major fund.

Certain trust accounts are held by the Water and Sewer funds to accumulate periodic principal and interest on bonds. These accounts are represented by "Cash and cash equivalents with fiscal agent" on the statement of fund net position for proprietary funds and the statement of net position- government wide.

### Inventories and Prepaid Items

On the government-wide financial statements inventories are presented at the lower of cost or market, on a first-in, first-out (FIFO) basis, and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in first-out basis. The cost of inventory items is recorded as expenditures in the governmental fund types when consumed. Inventories of the enterprise funds are expensed when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items by using the consumption method.

#### Interfund Transactions

On fund financial statements, receivables and payables arising between funds for goods provided or services rendered, are classified as "due from other funds/due to other funds". Long-term interfund loans are classified as "advances to/from other funds" and are classified as non-spendable fund balance which indicates that they are not in spendable form even though it is a component of net current assets. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business type activities which are presented as internal balances.

### Restricted Assets

Restricted equity in pooled cash and cash equivalents consist of Replacement and Improvement (R&I) Funds held by the Department of Water and Sewer that are restricted by bond covenants. The covenants state that transfers must be made into the R&I Funds monthly from the Water and Sewer operating funds until the time that the minimum cash balance of \$1,300,000 in the Water Fund and \$4,000,000 in the Sewer Fund is achieved. These dollars may be used to pay for replacements and improvements to assets in the Water and Sewer systems. In addition, water customer deposits are presented as Restricted Assets: Equity in pooled cash and cash equivalents.

# Capital Assets

Capital assets, which include intangible assets (e.g. water rights, easements and internally generated software) property, plant equipment and infrastructure assets (e.g. roads, bridges and culverts), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets used by the enterprise funds are also reported in the respective funds. The County defines capital assets as assets with an initial individual cost of more than \$15,000 (amount not rounded) and an estimated useful life of one year or any asset with an estimated useful life in excess of ten or more years. Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed.

Donated capital assets are recorded at estimated fair market value at the date of donation. For certain assets estimates were calculated by indexing estimated current costs back to the year of acquisition. The costs of normal maintenance and repairs that do not add to the value of the asset, or do not materially extend the useful life of the asset are not capitalized.

All reported capital assets except for land and easements, construction in process, and infrastructure are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| Description                       | Useful Lives  |
|-----------------------------------|---------------|
| Land and Building Improvements    | 10 - 60 years |
| Furniture, Fixtures and Equipment | 3 - 30 years  |
| Vehicles                          | 7 - 10 years  |
| Water Right Contracts             | 20 years      |
| Water and Sewer Mains             | 40 years      |

Infrastructure assets under GASB Statement No. 34 do not need to be depreciated. The County has chosen to apply the modified approach for reporting infrastructure assets. All infrastructure items including roads, bridges, and culverts are reported. Under the modified approach, the County has developed an asset management system that:

- 1. Keeps an up-to-date inventory of eligible infrastructure assets,
- 2. Performs a conditional assessment of those eligible infrastructure assets at least every three years, using a consistent measurement scale and,
- 3. Estimates each year the annual amount to maintain and preserve those assets at the condition level established and disclosed by the government.

The County documents that the eligible infrastructure assets are being maintained at a level equal to or above the condition level established by the County. Condition appraisals are performed every three years for bridges, roads, and culverts in accordance with the Butler County capital asset policy.

When using the modified approach, expenditures to extend the life of infrastructure assets are charged to expense, while expenditures for additions and improvements to infrastructure assets are capitalized.

### Capitalization of Interest

It is the County's policy to capitalize net interest on proprietary fund construction projects until substantial completion of the project. The amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project and the interest earned from temporary investment of the debt proceeds. Capitalized interest is amortized on the straight-line basis over the estimated useful life of the asset.

### Compensated Absences

Vacation and compensatory benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate employees for the benefits through time off or some other means. Sick leave benefits are accrued as a liability based on the termination method. An accrual for sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the County's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The non-current portion of the liability is not reported in governmental funds. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

### Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are normally due for payment during the current year. Bonds, loans, capital leases, and long term contracts payable that will be paid from governmental funds are recognized as a liability in the fund financial statements when payment is due.

# Fund Balance

Fund balance is divided into five classifications based primarily on the extent of which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The classifications are as follows:

<u>Non-spendable</u>- The non-spendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The non-spendable fund balances include long term loans receivable, prepaid items, materials and supplies inventory, long-term interfund loans, and developmental disabilities trust.

<u>Restricted</u>- The restricted fund balance classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors such as through debt covenants, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions.

<u>Committed</u>- The committed fund balance classification includes amounts that can be used only for specific purposes imposed by formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to commit these amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u>- The assigned fund balance classification is intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned amounts represent intended uses established by the County Commissioners or a County Official delegated that authority by resolution or by State Statute. In the general fund, assigned amounts represent encumbered amounts for outstanding obligations. State statute authorizes the fiscal officer to assign fund balance for purchases on order provided such amounts have been lawfully appropriated.

<u>Unassigned</u>- The unassigned fund balance classification is intended for the General Fund and includes all spendable amounts not contained in the other classifications. In non major governmental funds, the unassigned fund balance classification is used only to report a deficit fund balance.

The County applies restricted resources first when expenditures are incurred for the purpose for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classification could be used.

### Net Position

Net position represents the difference between all other elements in a statement of financial position. Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of non major governments.

Net position restricted for other purposes primarily include funds for the operation of recording fees, tax assessment and collections; services provided by Butler County courts; law enforcement and other public safety services; animal licensing and control; and human services to support victim assistance programs.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available. The County's sewer and water enterprise funds have restricted net position relative to those resources necessary to comply with various covenants of bond financing agreements.

### **Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for wastewater treatment, water distribution, and self-insurance. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund. Revenues and expenses that do not meet these criteria are considered non-operating revenues and expenses and are reported as such. All revenues of the department of Water and Sewer are used as security for revenue bonds issued.

### Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, from grants, outside contributions of resources restricted to capital acquisition and construction, and system capacity charges.

## Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures or expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources or uses in governmental funds. Repayments from funds responsible for particular expenditures or expenses to the funds that initially paid for them are not presented on the financial statements.

### Bond Premiums and Discounts

On the government-wide financial statements (and in the enterprise funds), bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line (bonds outstanding) method, which approximates the effective interest method. Bond premiums/discounts are presented as additions/reductions to the face amount of bonds payable. On the governmental fund financial statements, premiums and discounts are recognized in the period in which the debt is issued.

#### Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### Budgets

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department, and object level.

### Estimated Resources

The certificate of estimated resources may be amended during the year if the County Auditor identifies projected increases or decreases in revenue. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources that was in effect at the time the final appropriations were passed by the County Commissioners.

### Appropriations

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year including all supplemental appropriations.

# BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The statement of revenues, expenditures, and changes in fund balance – budget and actual (budget basis) for the general and major special revenue funds are presented on the budget basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Outstanding year-end encumbrances are treated as expenditures (budget basis) rather than restricted, committed or assigned fund balance (GAAP basis).
- 4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).
- 5. Investments are reported at fair value (GAAP basis) rather than cost (budget basis).

Adjustments necessary to convert the results of operations at the end of the year on the budget basis to the GAAP basis are as follows:

|                       |                | Net Change in Fund Balance |    |               |    |                   |    |              |  |  |  |
|-----------------------|----------------|----------------------------|----|---------------|----|-------------------|----|--------------|--|--|--|
|                       | Job and Family |                            |    |               |    |                   |    |              |  |  |  |
|                       |                |                            | D  | Developmental |    | Services/Children |    |              |  |  |  |
|                       |                | General                    |    | Disabilities  |    | Services          | Me | ental Health |  |  |  |
| GAAP Basis            | \$             | 6,611,696                  | \$ | 2,396,705     | \$ | (1,983,437)       | \$ | 1,348,949    |  |  |  |
| Revenue Accruals      |                | 3,559,297                  |    | (252,500)     |    | 420,091           |    | 42,462       |  |  |  |
| Expenditure Accruals  |                | (2,051,596)                |    | (843,761)     |    | (2,593,983)       |    | (277,452)    |  |  |  |
| Encumbrances          |                | (2,676,684)                |    | (654,173)     |    | (1,104,323)       |    | (19,110)     |  |  |  |
| 2013 Increase in Fair |                |                            |    |               |    |                   |    |              |  |  |  |
| Value of Investments  |                | (322,553)                  |    | -             |    | -                 |    | -            |  |  |  |
| 2014 Increase in Fair |                |                            |    |               |    |                   |    |              |  |  |  |
| Value of Investments  |                | 226,779                    |    | -             |    | -                 |    | -            |  |  |  |
| Advances              |                | (749,573)                  |    | -             |    | -                 |    | -            |  |  |  |
| Budget Basis          | \$             | 4,597,366                  | \$ | 646,271       | \$ | (5,261,652)       | \$ | 1,094,849    |  |  |  |

# NOTE 3 – CHANGES IN ACCOUNTING PRINCIPLES/RESTATMENT OF NET POSITION

# Changes in Accounting Principals

For 2014, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees." This statement clarifies if and when to recognize a liability for financial guarantees for another entity. The implementation of this statement did not result in any change in the County's financial statements.

### Restatement of Net Position

In 2014, the County reviewed the construction in progress (CIP) items that were to become assets. It was discovered that the assets associated with the Butler Warren County Road project included in CIP during 2013 will not belong to Butler County once completed. A prior period adjustment was made to remove the assets listed.

|  | Governmental   |
|--|----------------|
|  | Activities     |
| Net Position, December 31, 2013          | \$ 465,854,129 |
| Construction In Progress                 | (5,608,770)    |
| Net Position, December 31, 2013 Restated | \$ 460,245,359 |

### NOTE 4 - FUND BALANCE

The fund balance for all governmental funds are classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources. The constraints placed on the fund balance for the major governmental funds and non major governmental funds are presented below:

| Fund Balances                          | General       |    | velopmental<br>Disabilities |    | and Family /<br>dren Services | M  | ental Health |    | Non Major<br>overnmental<br>Funds | <br>Total         |
|--|---------------|----|-----------------------------|----|-------------------------------|----|--------------|----|-----------------------------------|-------------------|
| Nonspendable                           |               |    |                             |    |                               |    |              |    |                                   |                   |
| Prepaid Items                          | \$ 594,255    |    | 899                         | \$ | 65,050                        | \$ | 768,841      | \$ | 284,388                           | \$<br>1,713,433   |

| Total Fund Balance                     | \$ 23,343,989 | \$ | 34,978,455                  | \$ | 1,854,698                     | \$ | 13,450,596   | \$ | 47,412,976                        | \$<br>121,040,714 |

In addition to the above fund balance constraints, the County has a General Fund budget stabilization arrangement that does not meet the criteria to be classified as restricted or committed. Pursuant to Ohio Revised Code 5705.13, the County established a budget stabilization by resolution to provide options to stabilize against cyclical changes in revenues and expenditures. Expenditures of a recurring nature are not addressed as through the use of this arrangement. The balance in the reserve at December 31, 2014 is \$2,000,000.

# NOTE 5- ACCOUNTABILITY

At year-end, County Care Facility, All Other Human Services, Technology, Road Improvements, and the Buildings Construction and Renovation non-major capital projects funds had deficit fund balances of \$166,198, \$21,635, \$1,206,056, \$2,871,325 and \$10,873,328, respectfully.

The deficit in the County Care Facility and All Other Human Services funds arise from cash advances from the General Fund in anticipation of receivables. This deficit will be alleviated when the revenues are received and the advances are repaid back to the General Fund.

The deficits in the Technology, Road Improvements, and Buildings Construction and Renovation funds arise from the issuance of short-term bond anticipation notes, which are used to finance the projects until bonds are issued. These deficits will be alleviated when the bonds are issued or when the notes are paid.

### NOTE 6– DEPOSITS AND INVESTMENTS

### <u>CASH</u>

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County, which are not considered as active, are classified as inactive. Inactive monies may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

- United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States; or any book entry zero-coupon United States treasury security that is a direct obligation of the United States;
- Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Time certificates of deposit or savings or deposit accounts, including but not limited to, passbook accounts;
- 4. Bonds and other obligations of the State of Ohio or its political subdivisions;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
- 6. The State Treasurer's investment pool (STAROhio);
- 7. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange similar securities, or cash, equal value for equal value;
- 8. Not more than twenty-five percent of the County's average portfolio is in one of the following:
  - a. Commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars, provided the notes are rated at the time of purchase in the highest classification established by two nationally recognized standard rating services, mature within two hundred seventy days after purchase, and the aggregate value does not exceed ten percent of the aggregate value of the outstanding commercial paper of the issuing corporation;

- Bankers acceptances of banks that are insured by the federal deposit insurance corporation, provided the obligations are eligible for purchase by the federal reserve system and mature within one hundred eighty days after purchase;
- 9. Up to fifteen percent of the County's total average portfolio is in notes issued by corporations that are incorporated under the laws of the United States and that are operating within the United States, or by depository institutions that are doing business under authority granted by the United States or any state and that are operating within the United States, provided the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and mature within two years from the date of purchase;
- 10. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper; and
- 11. A portion of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

# **INVESTMENTS**

As of December 31, 2014, the County had the following investments:

|   | Investment Maturities (in Years) |             |    |            |    |             |    |            |  |
|---|----------------------------------|-------------|----|------------|----|-------------|----|------------|--|
| Investment Type                                 |                                  | Fair Value  | L  | ess Than 1 |    | 1 - 2       |    | 3 - 4      |  |

| U.S. Treasury Note                              |                                  | 6,476,100   |    | -          |    | 6,476,100   |    | -          |  |
| Federal Farm Credit Bank Bonds                  |                                  | 26,621,049  |    | 5,002,570  |    | 21,618,479  |    | -          |  |
| Federal Home Loan Bank Bonds                    |                                  | 27,711,191  |    | 3,000,880  |    | 24,710,311  |    | -          |  |
| Federal Home Loan Mortgage Corporation Bonds    |                                  | 41,282,202  |    | 1,407,627  |    | 29,960,305  |    | 9,914,270  |  |
| Federal National Mortgage Association Bonds     |                                  | 45,249,615  |    | -          |    | 29,396,628  |    | 15,852,988 |  |
| Total Investments                               | \$                               | 147,479,475 | \$ | 9,550,395  | \$ | 112,161,822 | \$ | 25,767,258 |  |

Interest rate risk arises because fixed-income securities will increase or decrease in market value as interest rates fluctuate during the life of such securities. If held to maturity, fixed income securities, owned by Butler County, will pay the face value (par value). The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific future obligation of the County, and approved by the Investment Advisory Committee.

Credit risk refers to the risk of default of principal or interest. Investment assets currently owned by Butler County consist of the Fifth Third Institutional Government Money Market Mutual Fund, Federal Farm Credit Bank Bonds, Federal Home Loan Bank Bonds, Federal Home Loan Mortgage Corporation Bonds and Federal National Mortgage Association Bonds. All issues are currently rated Aa2 by Moody's. The County's policy limits investments to those authorized by the State statue.

The County places no limit on the amount it may invest in any one issuer. The following table indicates the percentage of each investment compared to the County's total portfolio.

| Investment Type                              | Fai | ir Value   | Percentage of Port | folio  |
|--|-----|------------|--------------------|--------|
| Money Market Mutual Fund                     | \$  | 139,318    |                    | N/A    |
| U.S. Treasury Note                           |     | 6,476,100  |                    | 4.40%  |
| Federal Farm Credit Banks Bonds              |     | 26,621,049 |                    | 18.05% |
| Federal Home Loan Banks Bonds                |     | 27,711,191 |                    | 18.79% |
| Federal Home Loan Mortgage Corporation Bonds | 2   | 41,282,202 |                    | 27.99% |
| Federal National Mortgage Association Bonds  | 2   | 45,249,615 |                    | 30.68% |

### NOTE 7- PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in The County. Property tax revenue received during 2014 for real and public utility property taxes represents collections of 2013 taxes.

2014 real property taxes are levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2014 real property taxes are collected in and intended to finance 2015.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes which became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2015 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2014, was \$9.72 per \$1,000 of assessed value. The assessed values of real property and public utility tangible property upon which 2014 property tax receipts were based are as follows:

| Category                         | A  | Assessed Value |
|----------------------------------|----|----------------|
| Real Property                    | \$ | 7,000,079,350  |
| Public Utility Personal Property |    | 437,041,790    |
| Total                            | \$ | 7,437,121,140  |

Ohio law prohibits taxation of property by all overlapping taxing authorities in excess of 10 mills per dollar of assessed value without a vote of the people. Presently, the County levies 1.92 mills of this 10-mill limit. In addition to the 1.92 mills, voted levies in the amount of 7.80 mills have been approved for the Developmental Disabilities Board, Mental Health Board, Children Services Agency, and Senior Citizens Services. A summary of voted levies follows:

|                                  | Voter Levy |                 | Curren | t Year | Final Levy |
|----------------------------------|------------|-----------------|--------|--------|------------|
| Purpose                          | Date       | Authorized Rate | R/A    | C/I    | Year       |
| Developmental Disabilities Board | 2004       | 1.00            | 0.98   | 1.00   | Continuing |
| Developmental Disabilities Board | 2000       | 2.00            | 1.65   | 2.00   | Continuing |
| Mental Health Board              | 1985       | 0.50            | 0.24   | 0.33   | 2014       |
| Mental Health Board              | 2006       | 1.00            | 1.00   | 1.00   | 2015       |
| Children Services Agency         | 2008       | 2.00            | 2.00   | 2.00   | 2017       |
| Senior Citizens                  | 2005       | 1.30            | 1.30   | 1.30   | 2014       |
| Total                            | -          | 7.80            | 7.17   | 7.63   |            |

Ohio law provides for a reduction in the rates of voted levies to offset increased values resulting from a reappraisal of real property. Reduction factors are applied to authorized voted levies so that each levy yields the same amount of property taxes on carry-over property as in the year in which the levy was approved.

Increases to voted levy revenues are restricted to assessments for new construction. The reduction factors are computed annually and applied separately for (R/A) residential/agricultural property and (C/I) commercial/industrial property.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. The collections and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds. Property taxes receivable represents real, public utility taxes, and outstanding delinquencies which were measurable as of December 31, 2014, and for which there is an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2014 operations is offset to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

# NOTE 8– PERMISSIVE SALES TAX

Vendor collections of the permissive sales tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the Office of Budget Management the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. The Tax Commissioner shall then, on or before the twentieth day of the month in which certification is made, provide for payment to the County.

In 2014, \$37,289,664 of permissive sales tax revenue was recognized in the General Fund. The County's total sales tax rate was three-quarters of one percent (.75%).

# NOTE 9- RECEIVABLES

Receivables at December 31, 2014, consisted of taxes, accounts including unpaid utilities, payments in lieu of taxes, intergovernmental receivables arising from grants, entitlements, and shared revenues, accrued interest, special assessments, loans, and interfund receivables. Loans receivable represent General Fund advances to agency funds, loans to the Butler County Port Authority and low-interest loans for development projects and home improvements granted to eligible County residents and businesses under the Federal Community Development Block Grant Program. The Block Grant loans bear interest at annual rates between two and five percent. These loans are to be repaid over periods ranging from two to five years. The payments in lieu of taxes amount relates to dollars collected through real estate taxes that are marked for capital improvements in Butler County and tax incremental financing agreements. All receivables are considered collectible in full, including water and sewer accounts receivable, which, if delinquent, may be certified and collected as a special assessment, subject to foreclosure for nonpayment. Delinquent special assessments at December 31, 2014 totaled \$226,837. The following are receivables expected to be collected in more than one year: Special Assessments \$7,845,361 and Loans Receivable \$653,494.

# A summary of intergovernmental receivables follows:

| Governmental Activities:            | Amount        |
|-------------------------------------|---------------|
| Public Assistance                   | \$ 5,974,723  |

Additions to business-type capital assets being depreciated include \$2,271,976 in assets donated by property developers.

### NOTE 11- RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; damage to, theft of, or destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2014 the County contracted with County Risk Sharing Authority Inc. (CORSA) (a risk-sharing pool - see NOTE 21) for liability, property, and crime damage. Coverage provided by the pool is as follows:

| Building Contents and Equipment<br>Flood         | \$552,104,093<br>100,000,000 |
|--|------------------------------|
| Earthquake                                       | 100,000,000                  |
| Liability Coverage:                              |                              |
| Automobile Liability                             | 6,000,000                    |
| Uninsured Motorist                               | 250,000                      |
| General Liability                                | 6,000,000                    |
| Stop Gap Liability                               | 6,000,000                    |
| Law Enforcement Liability                        | 6,000,000                    |
| Errors and Omissions Liability                   | 6,000,000                    |
| Medical Professional Liability                   | 6,000,000                    |
| Medical Professional Liability-(County Home)     | 2,000,000                    |
| Cyber Liability                                  | 1,000,000                    |
| Crime:   |                              |
| Employee Dishonesty/Faithful Performance         | 1,000,000                    |
| Money and Securities (Inside)                    | 1,000,000                    |

| Boiler and Machinery                             | 100,000,000                  |
| Business Interrruption                           | 1,000,000                    |
| Deductible:                                      |                              |
| Auto Liability, General, Law Enforcement, Cyber, |                              |
| Medial Profession and Error and Omissions        | 25,000                       |
| Property Coverage, Auto Physical Damage, Crimes, | 25,000                       |
| Boiler and Machinery                             | 5,000                        |
| Donor and Machinery                              | 5,000                        |

Settled claims have not exceeded coverage in any of the last three years. The County had no decrease in coverage in 2014.

The County has workers' compensation coverage for all employees, which are accounted for in a selfinsurance internal service fund. The claims liability reported in the workers' compensation internal service fund at December 31, 2014, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. The County maintains a retrospective rating plan for workers' compensation insurance. The historical changes in claims payable (based on 12/31/14 maximum premium) during years December 31, 2013 and 2014 are as follows:

|      |                   | Claims and        |    |          |    |              |
|------|-------------------|-------------------|----|----------|----|--------------|
|      |                   | Changes in Claims |    |          |    |              |
|      | Beginning Balance | Estimates         |    | Payments |    | ling Balance |
| 2013 | \$ 2,778,057      | \$<br>418,912     | \$ | 532,602  | \$ | 2,664,367    |
| 2014 | 2,664,367         | 735,249           |    | 681,774  |    | 2,717,842    |

# NOTE 12- LEASES

### **Operating Leases**

The County leases equipment and buildings for County services under non-cancelable operating leases. The total costs in 2014 were \$771,378 in the governmental funds. The future minimum lease payments for these leases are as follows:

| Year        | Amount          |
|-------------|-----------------|
| 2015        | \$<br>550,869   |
| 2016        | 487,449         |
| 2017        | 494,106         |
| 2018        | 363,005         |
| 2019        | 136,632         |
| 2020 - 2024 | <br>370,920     |
|             | \$<br>2,402,981 |

### Capital Leases

In prior years, the County has entered into capital leases to finance various County purchases. Capital lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements for the governmental funds as well as Enterprise funds. These expenditures are reported as program expenditures or principal and interest in the budgetary statements.

General capital assets consisting of vehicles, software and equipment have been capitalized in the amount of \$6,633,653 in the governmental funds and \$14,906 in the enterprise funds. This amount represents the present value of the minimum lease payments at the time of acquisition. Principal payments in 2014 totaled \$21,119 in the governmental funds and \$2,456 in enterprise funds.

|                                    | Net   | Book Value    | Net Book Value   |         |  |
|------------------------------------|-------|---------------|------------------|---------|--|
| Capital Assets                     | Gover | mmental Funds | Enterprise Funds |         |  |
| Furniture, Fixtures, and Equipment | \$    | 4,742,813     | \$               | 14,906  |  |
| Vehicles                           |       | 1,890,840     |                  | -       |  |
| Less: Accumulated depreciation     |       | (4,938,387)   |                  | (5,962) |  |
| Total Net Book Value               | \$    | 1,695,266     | \$               | 8,944   |  |

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of December 31, 2014

| Year                               | Governmental | Business Type |
|------------------------------------|--------------|---------------|
| 2015                               | 21,511       | 2,981         |
| 2016                               | 10,219       | 2,981         |
| 2017                               | 1,557        | 248           |
| 2018                               | 385          |               |
| Total                              | 33,672       | 6,210         |
| Less Interest                      | (1,761)      | (275)         |
| Total Present Value Lease Payments | \$ 31,911    | \$ 5,935      |

# NOTE 13– DEFINED BENEFIT PENSION PLANS

# OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the traditional plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting <u>https://www.opers.org/investments/cafr.shtml</u>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for public safety and law enforcement employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10 percent of covered payroll for members in the state and local classifications. The Ohio Revised Code authorizes OPERS to calculate employee contribution rates for public safety employees and limits the law enforcement rate to the public safety rate plus an additional percent not to exceed 2 percent. For the year ended December 31, 2014, members in state and local classifications contributed 10 percent of covered payroll while public safety and law enforcement members in the state and local 13 percent, respectively. While members in the state and local classifications exist only within the traditional plan. For 2014, member and employer contribution rates were consistent across all three plans.

The County's 2014 contribution rate was 14 percent, except for those plan members in public safety or law enforcement, for whom the County's contribution was 18.10 percent of covered payroll. The portion of the County's contribution used to fund pension benefits is net of postemployment health care benefits. The portion of the County's contribution allocated to health care for members in both the traditional and combined plans was 2 percent for 2014. Effective January 1, 2015, the portion of the employer contribution allocated to health care remains at 2 percent. Employer contribution rates are actuarially determined.

The County's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2014, 2013, and 2012 was \$8,920,313, \$8,821,095, and \$10,537,525, respectively. For 2014, 92.45 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012. Contributions to the member-directed plan for 2014 were \$315,192 made by the County and \$225,137 made by the plan members.

# STATE TEACHERS RETIREMENT SYSTEM OF OHIO (STRS OHIO)

Plan Description – The County participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plans. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a standalone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad Street, Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 11 percent for members and 14 percent for employers. The statutory maximum employee contribution rate will be increased one percent each year beginning July 1, 2013, until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2014, plan members were required to contribute 11 percent of their annual covered salary. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

The County's required contributions for pension obligations to STRS Ohio for the fiscal years ended December 31, 2014, 2013, and 2012 were \$63,356, \$386,159, and \$513,505, respectively; 99 percent has been contributed for year 2014 with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012. Contributions were not made to the DC and Combined plans for 2014.

# NOTE 14 – POST-EMPLOYMENT BENEFITS

# OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan, a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan, a defined contribution plan; and the Combined Plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, a prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <u>https://www.opers.org/investments/cafr.shtml</u>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers fund post-employment health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, state and local employers contributed at a rate of 14.0 percent of covered payroll, and public safety and law enforcement employers contributed at 18.10 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. For 2014, the portion of employer contributions allocated to health care for members in the Traditional Plan and the Combined Plan was 2.0 percent. Effective January 1, 2015, the portion of employer contributions allocated to healthcare remains at 2 percent for both plans, as recommended by the OPERS Actuary.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2014, 2013, and 2012 were \$3,796,343 \$3,766,356, and \$4,499,905, respectively. For 2014, 92.45 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

# STATE TEACHERS RETIREMENT SYSTEM OF OHIO (STRS OHIO)

Plan Description – The County contributes to the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions.

For the fiscal year ending June 30, 2013, STRS Ohio allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2014, 2013, and 2012 were \$4,571, \$4,715, and \$7,890, respectively; 99 percent has been contributed for 2014 with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012. The STRS Board voted to discontinue the current one percent allocation to the health care fund effective July 1, 2014.

### NOTE 15– OTHER EMPLOYEE BENEFITS

# COMPENSATED ABSENCES

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Unused vacation time may be accumulated, with the approval of the appointing authority, to a maximum of three one-year accruals. All accumulated, unused compensatory time is paid upon separation. Accumulated, unused sick leave is paid at varying rates depending on length of service to employees who retire.

# HEALTH CARE BENEFITS

The County has elected to provide employee medical/surgical benefits through the County Employee Benefits Consortium of Ohio, Inc. (CEBCO). Dental insurance is provided to all employees as a function of the health care plan through Dental Care Plus. Butler County Developmental Disabilities has chosen to provide employee medical/surgical benefits along with dental insurance through the Butler Health Plan (BHP).

During 2014, the County participated with the CEBCO (an insurance purchasing pool – see NOTE 21). CEBCO charges a fixed premium per month per enrolled employee. The premiums, along with an administrative charge, are paid into the Health Insurance internal service fund by the participating County funds and, in turn, the premiums are paid to CEBCO. Premiums charged by CEBCO are based upon the County's claims experience. In addition, Developmental Disabilities participated with the Butler County Health Plan (BHP) (an insurance purchasing pool – see NOTE 21). BHP charges a fixed premium per month per enrolled employee along with an administrative charge paid directly from the Developmental Disabilities fund.

# NOTE 16 – PRIOR YEAR DEFEASANCE OF BONDS

In prior years, the County has defeased various bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust assets and the liability for the defeased bonds are not included in the County's financial statements. As of December 31, 2014, the bonds listed were unmatured and unpaid.

# **GENERAL OBLIGATION BONDS**

All governmental activities general obligation bonded debt are general obligations supported by the full faith and credit of the County. All unvoted general obligation bonds will be retired from the General Fund using unvoted general property tax revenues.

In September 2004, the County issued a \$19,255,000 general obligation bond for the purpose of advance refunding \$8,225,000 of existing bonds and to bond \$10,415,000 of short-term bond anticipation notes. The bonds were issued for a twenty-year period, with final maturity in December 2024. The \$10,350,000 in new bond proceeds along with existing Butler County funds were used to pay bond anticipation notes that included the Voice of America TIF, Road Improvement TID series A and the Voice of America Sewer TIF. The \$8,905,000 portion of the bond proceeds were used to advance refund the 1996 General obligations issue, 1996 Union Center Special Assessment, 1994 Wetherington Infrastructure Special Assessment, 1992 Cox Road Special Assessment, 1992 Beacon Pt. Sewer Special Assessment and the 1992 Greencrest Sewer Special Assessment.

In September 2006, the County issued a \$17,500,000 various purpose general obligation bond for the purpose of bonding short-term bond anticipation notes for various construction projects. These projects included building expansions or renovations for Children Services, the Juvenile Detention Center, County Administration Building, Middletown Mall roof, a grand jury room and the building located at 301 South Third Street. Other projects bonded in this issue included the Symmes Road Extension, various computer hardware/software, and construction of the Metro Parks lodge and lake facility at the old Voice of America property. The bonds were issued for a twenty-year period, with the final maturity in December 2026.

In April 2007, the County issued \$12,305,000 in various purpose general obligation bonds for the purpose of advance refunding \$10,820,000 of the 2002 Adult Detention Facility bonds and \$995,000 of the 2002 Fiber Optic Bonds. The bonds were issued for a fourteen-year period, with final maturity in December 2020. In December of 2014, the remaining portion of the Fiber Optic bonds was defeased. The County sent \$1,109,858 to an escrow agent to be held for payment on the bonds as they come due.

In November 2009, the County issued \$1,935,000 in general obligation bonds for the purpose of assisting the Transportation Improvement District in widening the State Route 4 Bypass. The bonds were issued for a twenty-year period, with a final maturity in December 2029.

In August 2010, the County issued \$1,870,000 in general obligation bonds for the construction and improvement of the Butler County Regional Airport. The bonds were issued for a twenty-year period, with a final maturity in December 2029.

In August 2010, the County issued \$9,540,000 in general obligation bonds to bond short-term bond anticipation notes. The \$9,540,000 in new bond proceeds along with existing Butler County funds were used to pay the bond anticipation notes that included the Yankee Road TIF Improvement, Cincinnati-Dayton Road TIF Improvement and the Cincinnati-Dayton Road Widening. The bonds were issued for a twenty five-year period, with a maturity in December 2034.

In September 2010, the County issued \$7,200,000 in general obligation bonds for the purpose of current refunding of the 2005 Sales Tax Bonds. The County used \$190,174 in trust accounts to assist in the refunding. The bonds were issued for a ten-year period, with a final maturity in December 2019.

In June 2012, the County issued \$13,095,000 in general obligation bonds for the purpose of advance refunding \$7,100,000, the remaining portion of the 2002 general obligation bonds, as well as current refunding \$1,785,000 of special assessment bonds issued in 2001, and advance refunding \$4,210,000 of water judgment bonds issued in 2002. The 2002 refunded portion of the general obligation bonds were issued for an eleven-year period, with the final maturity in December 2022.

In September 2014, the County issued \$7,520,000 in general obligation bonds for the purpose of current refunding \$8,030,000 of 2004 various purpose bonds, in order to take advantage of lower interest rates. These bonds are paid from the bond retirement fund and will mature in December 2024. As a result, \$8,030,000 of the 2004 Various Purpose General Obligation Bonds were considered defeased and the liability for the refunded bonds have been removed from the County's financial statements. The County decreased its total debt service payments by \$1,045,517 as a result of the refunding. The County also incurred an economic gain (difference between present value of the old and new debt service payments) of \$927,235, and incurred an accounting gain of \$119,136 (difference between reacquisition price and net carrying amount of the old debt), which is shown in the following table:

2004 Various Purpose Bonds

| Bonds Outstanding   | \$9,310,000 |
|---|-------------|
| Premium on Bonds  | 142,326     |
| Total 2004 Various Purpose Bonds Outstanding              | 9,452,326   |
| Principal Payment   | (1,280,000) |
| Amortization of Premium                                   | (23,190)    |
| Payment to Refunded Bond Escrow Agent-Other Financing Use | (8,030,000) |
| 2014 Various Purpose Bonds Refunding Accounting Gain      | \$119,136   |

The bonds were sold at a premium of \$633,634. Proceeds of \$8,030,000 were deposited into a trust account with an escrow agent where the bonds were called in December 2014.

### SALES TAX BONDS

The sales tax bonds are payable solely through sales tax revenues generated by the County's three-quarters of one percent (.75%) permanent permissive sales tax. These bonds were issued to construct the County's Government Services Center. The County is under no obligation to have such sales tax revenues directly paid to the bond trustees as long as the County finances all principal and interest payments due on the bonds sixty days prior to their payment date. Therefore, all payments made on the sales tax bonds are to be paid using sales tax revenue.

In June 2005, the County issued a \$29,365,000 sales tax bonds for the purpose of advance refunding \$31,185,000 of existing bonds issued to construct the Government Services Center Building. The bonds were issued for a twelve-year period, with final maturity in December 2016.

In September 2010, the County issued a partial refunding of \$7,200,000 general obligation bonds for the \$22,795,000 of existing bonds outstanding from the 2005 issue.

The total interest and principal remaining on the bonds is \$5,162,779 payable through 2016. For the current year, principal and interest paid and sales tax revenues were \$2,586,750 and \$37,838,169 respectively.

### SPECIAL ASSESSMENT BONDS WITH GOVERNMENTAL COMMITMENT

Special assessment debt will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner defaults on an assessment, the County would be responsible for the debt payments. Special assessment bonds are retired from the Debt Service Fund using special assessment revenues.

In August 2005, the County issued a \$1,144,000 special assessment bond for the purpose of bonding shortterm bond anticipation notes for the Venice Gardens Sewer project. The bonds were issued for a forty-year period with final maturity in August 2045.

In April 2007, the County issued \$4,790,000 in special assessment bonds for the purpose of advance refunding \$220,000 of the 2000 Lakota Drive Bonds, \$650,000 of the 2000 Union Center Phase II Bonds and \$3,815,000 of the 2000 Muhlhauser Road Bonds. The bonds were issued for a fourteen-year period, with final maturity in December 2020.

In August 2008, the County issued \$3,315,000 in special assessment bonds for the purpose of bonding shortterm bond anticipation notes for the University Pointe Landscaping and the Liberty Interchange (Cox Road Extension). The bonds were issued for a twenty-year period, with a final maturity in December 2028.

In June 2012, the County issued \$13,095,000 in general obligation bonds, \$1,785,000 for the purpose of current refunding \$1,835,000 of the 2001 special assessment bonds for phase one and three at Union Centre. Bonds were issued for a ten-year period with final maturity in December 2021.

The total interest and principal remaining on the bonds is \$10,422,596 payable through 2045. The purpose, terms and balances outstanding are identified above. For the current year, principal and interest paid and special assessment revenues were \$1,299,480 and \$1,430,871 respectively.

### LONG-TERM LOANS

In 1995, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$1,811,520 to make improvements to Mulhauser Road using proceeds from the loan. The loan was issued for twenty-years with a final payment in July 2015. The loan will be repaid from Motor Vehicle Fund revenues.

In 2005, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$789,748 to make improvements to Cincinnati Dayton Road using proceeds from the loan. The loan was issued for twenty-years with the final payment due in July 2024. The loan will be repaid from Motor Vehicle Fund revenues.

In 2009, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$329,549 for the widening of Tylersville Road between Cincinnati Dayton and Wetherington Drive, including the replacement of an existing bridge using proceeds from the loan. The loan was issued for twenty-years with the final payment due in 2029. The loan will be repaid from Motor Vehicle Fund revenues.

In 2009, the County entered into a loan with the OPWC for \$157,188 for the restoration of the Hamilton Eaton Slip located at the intersection of State Road and Hamilton Eaton Road where Seven Mile Creek has eroded into the roadway area. The loan was issued for twenty-years with the final payment due in 2030. The loan will be repaid from Motor Vehicle Fund revenues.

In 2010, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$305,000 for phase one of the restoration of the Reily Millville Road Slip. The loan was issued for twenty-years with the final payment due in 2030. The loan will be repaid from Motor Vehicle Fund revenues.

In 2010, The County entered into a loan with OPWC for phase two of the restoration of the Reily Millville Road Slip not to exceed \$416,498. The loan was issued for fifteen-years with the final payment due in 2027. The loan will be repaid from Motor Vehicle Fund revenues.

In 2011, the County entered into a loan with OPWC not to exceed \$382,840 for the construction of new left turns lanes on Trenton and Busenbark Road. The loan was issued for twenty-years with the final payment due in 2032. The loan will be repaid from Motor Vehicle Fund revenues.

### OTHER PAYABLES

Capital leases are copiers for the Public Defender, a caravan, lawn mower and copier for the Care Facility, and a copier for Children's Services.

Claims payable represent the County's liability for workers' compensation coverage for all employees. Claims liabilities and expenses are estimated through a case by case review of all claims. The claims liability will be paid from the Workers' Compensation Internal Service Fund.

Compensated absences liability will be paid from the General Fund, Developmental Disabilities, Job and Family Services/Children Services Agency, Child Support Enforcement, All Other Legislative and Executive, Health Insurance, and the Workers Compensation Funds.

Contracts payable represent long-term contractual agreements for the payment of bonds issued by the Butler County Transportation Improvement District (TID) and the Butler County Port Authority.

The County pledged the Voice of America net TIF revenues (collections less debt service and school district payments) as a primary source to the Transportation Improvement District (TID) to assist in paying for the \$41,130,000 of 2007 Butler County Transportation Improvement District Highway Improvement Bonds. There is no set amortization schedule reflecting the amount sent to the TID. The County has recorded a long term obligation in the amount of \$18,616,709, the estimated portion of the bonds to be paid by the net TIF revenues. The County paid \$129,362 on the bonds in 2014.

Excess dollars paid to the TID from the TIF revenues will be returned to the County each year once debt service coverage is met. In the event the dollars are not sufficient to cover the debt requirements the County has pledged one-quarter of its Non-Tax Revenues of the General Fund as a secondary pledge. The TID Bonds have three pledged receipts for payment, which include Butler County along with pledges from Liberty Township and West Chester Township.

During 2014, the County partnered with Liberty Township and the Liberty Community Authority for the construction of public parking garages and infrastructure for the Liberty Center project, also known as the Steiner Development. When the project is complete, the assets will belong to the Liberty Community Authority. The parties entered into a funding agreement and issued \$37,310,000 in bonds for capital financing though the Butler County Port Authority. The bonds were issued November 14, 2014, and will be paid solely from the pledged amounts identified in the funding agreement: the Port Authority shall never be required to use its own funds to make such payments. The County pledged the excess dollars remaining on the Voice of America net TIF revenues for the \$11,085,000 Series A bonds. The series A bonds were issued to assist in constructing public parking garages. In the event the net TIF revenues are not sufficient to cover the debt requirements, the County has pledged one-quarter of its Non-Tax Revenues of the General Fund as a secondary pledge. The Series B bonds in the amount of \$6,045,000 will be paid by Liberty Township and the Series C bonds of \$20,180,000 will be paid by the Liberty Community Authority. In the event the Liberty Community Authority is unable to meet their debt obligation, the County has pledged any remaining dollars in the TIF related to the parcels in the Liberty Center Project as a secondary pledge. No significant activity related to the construction occurred in 2014. The bonds mature in 2032.

Annual debt service requirements to maturity for general obligation bonds, sales tax bonds, special assessment bonds and loans for all governmental activities are as follows:

|           | <br>General Obli | gatic        | on Bonds   |    | Sales Tax | Bonds |          |  |

# GENERAL OBLIGATION BONDS

All business-type activities general obligation bonded debt is supported by the full faith and credit of the County. Enterprise supported general obligation bonds are being paid by Enterprise Funds.

In August 2005, the County issued a \$600,000 general obligation bond for the purpose of bonding short-term bond anticipation notes for the Venice Gardens Sewer project. The bonds were issued for a forty-year period, with final maturity in August 2045.

In September 2006, the County issued a \$3,200,000 general obligation bond for the purpose of bonding shortterm bond anticipation notes for the New Miami Sewer Improvement project. These bonds are registered with the United States Department of Agriculture Rural Development (USDA). The bonds were issued for a fortyyear period, with maximum maturity in August 2046.

In November 2009, the County issued \$10,695,000 in general obligation bonds for the purpose of current refunding \$10,245,000 of the 1999 Water Revenue bonds and \$5,605,000 of the 1999 Sewer Revenue Bonds. The County used \$2,971,790 in trust accounts to assist in the refunding. The bonds were issued for a ten-year period, with a final maturity in December 2019.

### WATER JUDGMENT BONDS

The 2007 and 2012 Water Judgment Bonds are general obligation bonds that were court ordered to settle the water contract dispute between Butler County and the City of Hamilton. The principal and interest are paid from the Water fund.

In April 2007, the County issued \$24,135,000 in water judgment bonds for the purpose of advance refunding \$24,000,000 of the 2002 Water Judgment Bonds. The bonds were issued for a twenty year period, with final maturity in December 2026.

In June 2012, the County issued \$13,095,000 in general obligation bonds, \$4,210,000 of this in water judgment bonds for the purpose of advance refunding \$4,215,000 of the 2002 water judgment bonds. The judgment bonds were issued for a four-year period with final maturity in December 2015.

# REVENUE BONDS

Revenue bonds are supported by user charges and are not backed by the full faith and credit of the County. These bonds have been issued to pay for water and sewer projects.

In June 2005 the County issued a \$19,575,000 Sewer Revenue bond for the purpose of partially advance refunding \$1,485,000 of existing 1997, \$5,490,000 of existing 1998, and \$12,790,000 of existing 1999 Sewer bonds. The bonds were issued for an eighteen year period, with final maturity in December 2023.

In September 2006, the County issued a \$4,000,000 Sewer Revenue bond for the purpose of bonding shortterm bond anticipation notes for the New Miami Sewer Improvement project. These bonds are registered to the United States Department of Agriculture, Rural Development. The bonds were issued for a forty-year period, with the final maturity in December 2045.

In September 2014, the County issued \$9,640,000 of Sewer Revenue Bonds for the purpose of current refunding \$10,150,000 of 2004 Sewer Revenue Bonds, in order to take advantage of lower interest rates. These bonds are paid from the Sewer Fund and will mature in December 2024. As a result, \$10,150,000 of the 2004 sewer revenue bonds were considered defeased and the liability for the refunded bonds have been removed from the County's financial statements. The County decreased total debt service payments by \$1,037,069 as a result of the refunding. The County also incurred an economic gain (difference between present value of the old and new debt service payments) of \$923,563. The difference between the reacquisition price and net carrying amount of the old debt was insignificant.

| Bonds Outstanding                     | \$11,220,000 |
|---------------------------------------|--------------|
| Principal Payment                     | (1,070,000)  |
| Payment to Refunded Bond Escrow Agent | (10,150,000) |
|                                       | <u> </u>     |

In September 2014, the County issued \$7,335,000 of water revenue bonds for the purpose of advance refunding \$7,320,000 of 2005 Water Revenue Bonds, in order to take advantage of lower interest rates. These bonds are paid from the Water Fund and will mature in December 2021. As a result, \$7,320,000 of the 2005 Water Revenue Bonds were considered defeased and the liability for the refunded bonds have been removed from the county's financial statements. The County decreased total debt service payments by \$391,576 as a result of the refunding. The County also incurred an economic gain (difference between present value of the old and new debt service payments) of \$362,193, and incurred an accounting loss of \$86,307(difference between the reacquisition price and the net carrying amount of the old debt), which is shown in the following table:

2005 Water Revenue Bonds

| Bonds Outstanding                                  | \$7,320,000 |
|--|-------------|
| Premium on Bonds                                   | 324,471     |
| Total 2005 Various Purpose Bonds Outstanding       | 7,644,471   |
| Payment to Refunded Bond Escrow Agent              | (7,730,778) |
| 2014 Water Revenue Bonds Refunding Accounting Loss | (\$86,307)  |

As of December 31, 2014, \$6,575,000 of the refunded bonds was not matured and unpaid.

In September 2014, the County issued \$9,345,000 of Water Revenue Bonds for the purpose of advance refunding \$10,275,000 of 2005 Water Revenue Bonds, in order to take advantage of lower interest rates. These bonds are paid from the Water Fund and will mature in December 2025. As a result, \$10,275,000 of the 2005 Water Revenue Bonds were considered defeased and the liability for the refunded bonds have been removed from the County's financial statements. The County decreased total debt service payments by \$798,027 as a result of the refunding. The County also incurred an economic gain (difference between present value of the old and new debt service payments) of \$695,145, and incurred an accounting loss of \$354,617(difference between the reacquisition price and the net carrying amount of the old debt), which is shown in the following table:

#### 2005 Water Revenue Bonds

| Bonds Outstanding                                  | \$10,275,000 |
|--|--------------|
| Premium on Bonds                                   | 309,796      |
| Total 2004 Various Purpose Bonds Outstanding       | 10,584,796   |
| Payment to Refunded Bond Escrow Agent              | (10,939,413) |
| 2014 Water Revenue Bonds Refunding Accounting Loss | (\$354,617)  |

As of December 31, 2014, \$9,610,000 of the refunded bonds was not matured and unpaid.

The County has pledged future revenues, net of operating expenses, to repay Revenue Bonds, Cincinnati Waterworks Loans, OPWC, and OWDA loans in the Water fund. The debt is payable solely from water customer net revenues and are payable through 2042. The purpose, terms and balances outstanding are identified above. Annual Principal and Interest payments on debt are expected to require 36% of net revenues. The total principal and interest remaining to be paid on the bonds and loans is \$31,756,734. Of this total \$19,474,750 is for the revenue bonds, \$3,841,561 for the Cincinnati Waterworks, and \$8,440,423 for the OPWC/OWDA loans.

Principal and interest paid for the current year and total net revenues were \$2,119,114 and \$5,880,774 respectively. Principal and interest and fiscal charges paid for the current year for Revenue Bonds was \$1,358,672, \$342,633 for the Cincinnati Waterworks loan and \$417,809 for the remaining OPWC/OWDA loans.

The County has pledged future revenues, net of operating expenses, to repay Revenue Bonds and OWDA loans in the Sewer fund. The debt is payable solely from sewer customer net revenues and are payable through 2045. The purpose, terms and balances outstanding are identified above. Annual Principal and interest payments on debt are expected to require 57% of net revenues. The total principal and interest remaining to be paid on the bonds and loans is \$61,358,603. Of this total \$33,921,552 is for the revenue bonds and \$27,437,051 is for the OPWC/OWDA loans.

Principal and interest paid for the current year and total net revenues were \$6,265,982 and \$10,997,695 respectively. Principal and interest and fiscal charges paid for the current year for Revenue Bonds was \$4,865,427 and \$1,400,555 for the OPWC/OWDA loans.

### LONG-TERM LOANS

In 2005, Butler County entered into a contractual agreement with the City of Cincinnati for \$4,634,892 to assist in financing the construction of water lines and a master meter that runs from International Boulevard to Mulhauser Road. This expansion will allow Butler County a secondary water source and provide access to water for future development. Approximately \$549,623 of Butler County water lines were added while intangible assets of \$4,085,629 were recorded as depreciable capital assets, net. The balance owed to the City of Cincinnati at December 31, 2014 as a result of this project is \$2,979,531. This amount has been recorded on the County's books as a long-term liability in the Water Enterprise Fund.

In 2006, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$700,871 and \$874,581 to make improvements to watermains in Butler County using proceeds from OPWC loans. The 2006 cast iron watermain loan was issued for twenty-years with the first payment starting in July 2009 and a final payment due in January 2029. The 2006 watermain improvements loan was issued for twenty-years with the first payment starting in July 2008 and a final payment due in January 2028. Both OPWC loans will be repaid by Water fund user charges.

In 2009, the County entered into a loan with Ohio Public Works Commission (OPWC) for \$470,318 to replace watermains using proceeds from the loan. The loan was issued for thirty-years with the final payment due in 2040. The loan will be repaid by Water Fund revenues.

In 2009, the County entered into a loan with Ohio Water Development Authority (OWDA) for \$3,158,694 to replace over 7,000 failing polybutylene service lines in Butler County. The loan was issued for thirty-years with the final payment due in 2031. The loan will be repaid by Water Fund revenues.

In 2009, the County entered into a loan with Ohio Water Development Authority (OWDA) for \$849,987 to restore and stabilize eroding stream banks of Shaker Creek. The loan was issued for twenty-years with the final payment due in 2029. The loan will be repaid by Sewer Fund revenues.

In 2009, the County entered into a loan with Ohio Water Development Authority (OWDA) for \$1,153,728 to reduce erosion, sedimentation and nutrient enrichment for the Big Monroe project located at Mill Creek. The loan was issued for twenty-years with the final payment due in 2029. The loan will be repaid by Sewer Fund revenues.

In 2009, the County entered into a loan with Ohio Water Development Authority (OWDA) for \$1,587,221 to construct a new sewage receiving facility, a new vactor truck unloading facility, and install a second sludge-dewatering centrifuge. The loan was issued for twenty-years with the final payment due in 2030. The loan will be repaid by Sewer Fund revenues.

In 2010, the County entered into a loan with Ohio Water Development Authority (OWDA) for \$2,466,203 to design and construct a 2.0 million gallon ground-level storage tank that will serve as a buffer, isolating the pump station from other systems that are surrounding the area. In addition, control valves will be included to smooth out flow rates going into the tank and insuring that pressures are not drawn below acceptable levels. The loan was issued for twenty-years with the final payment due in 2030. The loan will be repaid by Water Fund revenues.

In 2010, the County entered into a loan with Ohio Public Works Commission (OPWC) for \$510,468 to replace and improve an existing sanitary force main with a new sanitary force main and gravity sewer. The loan proceeds also were used to increase the height of a cascade wall approximately two feet to prevent overflows that occur during heavy storm events. The loan was issued for thirty-years with the final payment due in 2041. The loan will be repaid by Sewer Fund revenues.

In 2010, the County entered into a loan with Ohio Public Works Commission (OPWC) for \$600,000 to replace over 15,000 feet of failing cast iron watermains for the subdivision of Dalewood located in West Chester Township. The loan was issued for thirty-years with the final payment due in 2042. The loan will be repaid by Water Fund revenues.

In 2011, the County entered into a loan with Ohio Water Development Authority (OWDA) for an amount not to exceed \$35,500,000 to upgrade and improve the LeSourdsville Wastewater Treatment Plant. The project includes upgrading existing systems and equipment at the plant. In 2014, the County received \$1,801,261 of loan proceeds. The loan was issued for twenty-years with the final payment due in 2034. The loan will be repaid by Sewer Fund revenues.

In 2011, the County entered into a loan with Ohio Public Works Commission (OPWC) for an amount not to exceed \$201,000 to replace the aging cast iron water main along West Chester Road from Barret Road to John Street in West Chester Twp. The loan was issued for thirty-years with the final payment due 2042. The loan will be repaid by Water Fund revenues.

In 2011, the County entered into a loan with Ohio Public Works Commission (OPWC) for an amount not to exceed \$580,000 to replace polybutylene water lines in at various locations including Fairfield Township, Liberty Township, and West Chester Township. The loan was issued for thirty-years with the final payment due thirty years after completion of the project. The loan will be repaid by Water Fund revenues.

In 2012, the County entered into a loan with Ohio Public Works Commission (OPWC) for an amount not to exceed \$169,873 to replace a watermain in Liberty-Fairfield Township. The loan was issued for thirty-years with the final payment due 2043. The loan will be repaid by Water Fund revenues.

In 2014, the County entered into a loan with the Ohio Public Works Commission (OPWC) for \$642,040 for polybutylene water line replacement. The total project is for an amount not to exceed \$1,275,000. The 2013 project is anticipated to be completed in 2015 with an estimated loan payoff date in 2045. The loan will be paid from the Water Fund revenues. An amortization schedule is not yet available.

# OTHER PAYABLES

Capital leases are copiers for Water and Sewer.

Compensated absences liability will be paid from Water and Sewer enterprise funds.

Annual debt service requirements to maturity for general obligation bonds, judgement bonds, revenue bonds and loans for all business type activities are as follows:

|           | <br>General Obligation Bonds |    |           |    | Judgment I | Bond | S         |

### MULTIFAMILY HOUSING

The County has served as the issuer of Multifamily Housing bonds. The proceeds were used to acquire, construct, improve, and equip multifamily housing. The Multifamily Housing revenue bonds do not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit or taxing power of the County pledged to make repayment. The amount of revenue bonds outstanding at December 31, 2014 was \$95,255,000.

# INDUSTRIAL DEVELOPMENT REVENUE BONDS

The County has served as the issuer of industrial revenue bonds. The proceeds were used for facilities used by private corporations or other entities. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore they have been excluded entirely from the County's debt presentation. There has not been and is not any condition of default under the bonds or the related financing documents. The principal balance outstanding at December 31, 2014 is \$4,000,000.

# HOSPITAL REVENUE BONDS

The County has served as the issuer of hospital revenue bonds. The proceeds were used to acquire, construct, improve, and equip hospital facilities. The hospital revenue bonds do not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit or taxing power of the County pledged to make repayment. The amount of revenue bonds outstanding at December 31, 2014 was \$482,465,000.

### CAPITAL FUNDING REVENUE BONDS

The capital funding revenue bonds were issued on behalf of the County Commissioners Association of Ohio for their low cost capital pooled financing program. Butler County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore they have been excluded entirely from the County's debt presentation. The principal payments will begin in 2035. The principal balance outstanding at December 31, 2014 was \$47,325,000.

# LEGAL DEBT MARGIN

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County, less the same exempt debt, shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

The effects of the debt limitations described above at December 31, 2014 are an overall debt margin of \$158,209,662 and unvoted debt margin of \$48,152,844.

# NOTE 18– SHORT-TERM OBLIGATIONS

A summary of the short-term bond anticipation notes for all governmental funds are as follows:

|                                       | Balance          |                  |                  |          | Balance    |
|---------------------------------------|------------------|------------------|------------------|----------|------------|
| Fund Type                             | 12/31/13         | Increase         | Decrease         | 12/31/14 |            |
| Capital Projects                      |                  |                  |                  |          |            |
| 0.30% Courts Remodeling and Expansion | \$<br>1,899,000  | \$<br>1,848,000  | \$<br>1,899,000  | \$       | 1,848,000  |

| 0.30% Juvenile Justice Center Roof    | 121,000          | -                | 121,000          |          | -          |
| 0.30% Sheriff Vehicles                | 101,000          | -                | 101,000          |          | -          |
| Total Governmental Funds              | \$<br>16,173,000 | \$<br>14,826,000 | \$<br>16,173,000 | \$       | 14,826,000 |

The notes are issued in anticipation of long-term bond financing and will be refinanced until such bonds are issued. They are backed by the full faith and credit of the County and will mature within one year. The liability for the notes is presented in the fund that received the note proceeds. The notes were issued in July 2014, and will mature in July 2015.

# NOTE 19- INTERFUND BALANCES AND ACTIVITY

Advances From/Advances To balances at December 31, 2014 consist of the following individual fund receivables and payables:

|                        | Advances    |
|------------------------|-------------|
|                        | From        |
| Advances To            | General     |
| Non Major Governmental | \$1,447,398 |

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. In addition, the General Fund received transfers in during 2014 from a surplus declaration from the clerk of courts title fund.

All balances in the Due From/Due To schedule resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

The balance of \$1,447,398 due to the General Fund for advances to Non Major Governmental Funds results from cash flow issues in those funds. The amounts reported as Due From/Due to Other Funds are expected to be repaid within one year; the advances are not.

# NOTE 20- CONTINGENT LIABILITIES

The County has received federal and State grants for specific purposes that are subject to review and audit by the grantor agencies or their representatives. These audits could lead to a request for reimbursement to the grantor agency for any expenses disallowed under terms of the grant. Based on prior experience the County believes such disallowances, if any, will be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County the resolution of these matters will not have a material adverse effect on the financial condition of the County.

# NOTE 21 – JOINTLY GOVERNED ORGANIZATIONS/RISK SHARING POOL/INSURANCE PURCHASING POOL/RELATED ORGANIZATIONS

# BUTLER COUNTY EMERGENCY MANAGEMENT AGENCY

The Butler County Emergency Management Agency is a jointly governed organization among the County, thirteen townships, five cities and seven villages created by a countywide agreement with the Butler County Commissioners. The twenty-six members of the advisory council are appointed as follows: one County Commissioner and the chief elected official of each of the thirteen townships, five cities and seven villages. The degree of control exercised by any participating government is limited to its representation on the Board. The Agency does not have any outstanding debt. The County does not have an equity interest in the Agency.

The Agency is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. In 2014, the County contributed \$50,000. Complete financial statements can be obtained from the Emergency Management Agency, 315 High St. Hamilton, OH 45011.

# TRANSPORTATION IMPROVEMENT DISTRICT OF BUTLER COUNTY

The Transportation Improvement District, a jointly governed organization, provides the opportunity to construct roads, bridges and accompanying improvements within the County. The Transportation Improvement District Board, which consists of representatives from each of the participating governments, including the County, oversees the operation of the District. Complete financial statements can be obtained from the Transportation Improvement District, 315 High St. 6<sup>th</sup> Floor Hamilton, OH 45011.

### OHIO KENTUCKY INDIANA REGIONAL COUNCIL OF GOVERNMENTS

The Ohio Kentucky Indiana Regional Council of Governments (OKI), a jointly governed organization, was formed in 1964. OKI is a council of local governments, business organizations and community groups that work together to improve the economic development of the Tri-State.

# BUTLER/CLERMONT/WARREN WORKFORCE POLICY BOARD (AREA 12)

The Butler/Clermont/Warren Workforce Policy Board is a jointly governed organization with thirty-one board members consisting of representatives from business, education, labor and government. The Butler County Commissioners appoint two of the members of the board. The Policy Board is a regional organization developed as a result of the Workforce Investment Act. The role of the Policy Board is to assess the workforce needs of area employers, assess the employment and training needs of job seekers and to identify fiscal and other available resources to meet current and future workforce needs in the region.

# BUTLER COUNTY, OHIO NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2014

# COMMUNITY-BASED CORRECTIONAL FACILITY

The Community-Based Correctional Facility is a jointly governed organization that provides an alternative to prison incarceration for felony offenders. The Facility is the last step in the continuum of increasing punishment before prison incarceration. The Facility is a minimum-security operation. The Facility's governing board oversees the operations of the organization. Common Pleas Judges from the participating counties comprise a Judicial Advisory Board. The Judicial Advisory Board appoints two-thirds of the members of the Facility's Governing Board and advises the Facility's Governing Board regarding Facility matters. The Board includes at least one Common Pleas Court Judge from each participating county. The Facility serves Butler, Clermont, and Warren County.

The Facility's Governing Board has contracted with Talbert House for daily operational functions, a non-profit organization. Talbert House is responsible for essentially all management decisions related to the Facility, subject to the Facility Governing Board's oversight. Complete financial statements can be obtained from the Community-Based Correctional Facility, 5234 State Route 63, Lebanon, OH 45036.

### SOUTHWEST OHIO COUNCIL OF GOVERNMENTS

The Southwest Ohio Council of Governments was created by the Board of Developmental Disabilities of Butler, Hamilton, Clermont and Warren Counties. The Council consists of four members representing each of the four counties. Any other County Board of Developmental Disabilities may petition for membership to the Council however membership must be approved by two-thirds vote of the Council members.

The role of the Council is to coordinate the powers and duties of the member Boards to better serve and benefit persons with developmental disabilities within the four counties. The Council serves as its own taxing and debt issuance authority and is a jointly governed organization. In 2014, Butler County contributed \$5,000 to the Council. Financial information for the Southwest Ohio Council of Governments may be obtained at 1910 Fairgrove Avenue Suite E, Hamilton Ohio 45011.

# COUNTY RISK SHARING AUTHORITY (CORSA)

The County Risk Sharing Authority (CORSA) is a risk sharing pool made up of sixty-two counties in Ohio. CORSA was formed as an Ohio non-profit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. An elected board of not more than nine trustees manages the affairs of the Corporation. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of certificates. The County's payment for insurance to CORSA in 2014 was \$1,123,052.

# BUTLER HEALTH PLAN

Butler County Board of Developmental Disabilities participates in the Butler Health Plan (BHP), an insurance purchasing pool, formed to provide affordable and desirable dental, life, medical and other disability group insurance for member employees, eligible dependents and designated beneficiaries. The Health Plan is comprised of various public employers. The Board of Trustees consist of seven members which are representatives of participating schools and joint vocational districts that are elected by the majority vote of the board.

# COUNTY EMPLOYEE BENEFITS CONSORTIUM OF OHIO, INC. (CEBCO)

The County purchases commercial health care insurance from the County Employee Benefits Consortium of Ohio, Inc. (CEBCO), an Ohio not-for-profit corporation, and insurance purchasing pool with membership open to Ohio political subdivisions, to collectively pool resources to purchase employee benefits. The entire risk of loss transfers to the commercial insurance carrier.

The business and affairs of the consortium are governed by a board comprised of representatives of counties that participate in the program. Two thirds of the directors are County Commissioners of the member Counties and one third are employees of member Counties. Each member of the consortium is entitled to one vote. At all times one director is required to be a member of the board of directors of the County Commissioners Association of Ohio and another is required to be a board member of the County Risk Sharing Authority, Inc.

# REGIONAL TRANSIT AUTHORITY (RTA)

The Regional Transit Authority (RTA) is a related organization to the County. The County Commissioners are responsible for appointing the board of directors of the RTA; however, the County Commissioners cannot influence the RTA's operations, nor does the RTA represent a potential financial benefit or burden to the County. Although the County does serve as the taxing authority and may issue tax related debt on behalf of the RTA, its role is limited to a ministerial function. Once the RTA determines to present a levy to the voters, including the determination of the rate and duration, the County must place the levy on the ballet. The RTA may issue debtand determine its own budget. Financial information for the RTA may be obtained at 3045 Moser Ct. Hamilton, OH 45011.

# BUTLER COUNTY CONVENTION AND VISITOR BUREAU

The Butler County Convention and Visitor Bureau is a related organization established to promote economic activity and development through tourism. The County Commissioners appoint fifteen members to serve on the Convention and Visitor Bureau Board. Nine of the Board members represent local community interests. Three members include representatives from existing Convention and Visitor Bureaus already established in the County. The remaining board members consist of a member from Butler County Metroparks, Butler County Chamber Caucus and a board member recommended by the Commissioners.

The County Commissioners passed a three-percent hotel excise tax in August of 2003 pursuant to the regulations in Ohio Revised Code 5739.09. The hotel tax collections are collected by Butler County and can only be distributed to a Convention and Visitor Bureau according to the statute. The County is not required to contribute any of their own resources to the Convention and Visitor Bureau in the event of fiscal stress, nor would Butler County benefit from any significant financial resources of the Butler County Visitor and Convention Bureau. Complete financial statements can be obtained from the Butler County Convention and Visitor Bureau, 315 High Street, Hamilton, OH 45011.

# BUTLER COUNTY PORT AUTHORITY

On July 29, 2004, the Butler County Commissioners established the Butler County Port Authority to undertake various projects that would create or preserve jobs and employment opportunities within the County. The Butler County Port Authority is a related organization of the County. The Port Authority Board consists of 7 voting members of which 4 members must have businesses or places of employment within Butler County. The remaining 3 members of the board need not possess either of the preceding qualifications. The President of the Butler County Transportation Improvement District (BCTID) shall serve as an ex officio member of the Port Authority Board without voting privileges. The Agency is not accumulating significant financial resources or experiencing financial stress which would cause additional financial benefit to or burden on the County. Financial Information for the Butler County Port Authority may be obtained at 315 High Street, Hamilton, OH 45011.

# METROPARKS OF BUTLER COUNTY

The Park District Commissioners are appointed by the Probate Judge of the County. The Commissioners adopt their own budget, authorize expenditures, hire and fire staff, and do not rely on the County to finance deficits. Metroparks provides educational programs along with recreational opportunities throughout the year. The County is not financially accountable for the District nor is the District fiscally dependent on the County. The District serves as its own taxing and debt issuance authority and is a related organization of the County. Financial information for the Metroparks of Butler County may be obtained at 2051 Timberman Road, Hamilton, OH 45013.

#### NOTE 22– CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

The County has several outstanding contracts for construction and professional services. The following amounts remain on these contracts as of December 31, 2014.

| Project                | Outstar | nding Balance |
|------------------------|---------|---------------|
| W. Rogers Construction | \$      | 357,159       |
| Atkins and Stang       |         | 139,000       |
| Hazen and Sawyer       |         | 103,883       |
| Frebco                 |         | 49,938        |
| PCS Technology         |         | 21,471        |
| Total                  | \$      | 671,451       |

### NOTE 23 – COMPONENT UNIT

### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Reporting Entity

Butler County Land Reutilization Corporation (Land Bank) is presented following the provisions of NCGA Statement No 1, "Governmental Accounting and Financial Reporting Principals", as modified by subsequent NCGA and GASB pronouncements.

#### Basis of Presentation

The Land Bank is accounted for using a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities are included on the statement of net position. The Land Bank uses the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned, and expenses are recognized at the time they are incurred.

#### **Deposits and Investments**

At fiscal year end, the carrying amount of the Land Bank's deposits was \$112,919 and the bank balance was \$112,919. The entire bank balance was covered by federal depository insurance. The Land Bank has no investments at year end. There are no significant statutory restrictions regarding the deposit and investment of funds by the not-for-profit corporation.

# NOTE 24– SUBSEQUENT EVENT NOTE

In May 2015, the county issued \$10,015,000 in general obligation bonds to advance refund the 2006 Various Purpose bonds.

Butler County reports its infrastructure assets using the modified approach as outlined in Governmental Accounting Standards Board (GASB) Statement No. 34. The following disclosures pertain to the conditional assessment and budgeted versus actual expenditures for the preservation of these assets. Data for the conditional assessment is presented in each of the following three sections for 2014, 2011, and 2008. Beginning with reporting year 2009, the County moved to a three year conditional assessment rotation cycle.

# County Roads

The condition of road pavement is evaluated and measured using a physical condition rating system. This approach assigns a numerical rating to each road, or section thereof, based on the following criteria: age of pavement, date of last surface maintenance, traffic flow and volume, traffic type and availability of funds. The physical condition rating is determined by a committee of experts from the County Engineer's Office based on the criteria below:

| Pavement | Condition |  |
|----------|-----------|--|
| Rating   | Rating    | Description  |
| 1        | Excellent | Pavements not in need of maintenance. New condition. Typically           |
|          |           | pavements 1-4 years old fall into this category. Older pavements with    |
|          |           | lower traffic counts and low truck traffic also fall into this category. |
| 2        | Good      | Pavement in need of minor maintenance to restore to Excellent condition. |
|          |           | Typically pavements 5-8 years old with high traffic counts or a large    |
|          |           | percentage of truck traffic.   |
| 3        | Fair      | Pavement in need of major maintenance to restore to Excellent condition. |
|          |           | Typically pavements are 9-15 years old.                                  |
| 4        | Poor      | Pavement in need of major repair or heavy overlays to bring to Excellent |
|          |           | condition. Pavements over 15 years old, or with high traffic volume      |
|          |           | and/or high truck traffic could be rated 4.                              |

It is the County policy that at least 90% of the roadways will have a rating of 3 (Fair) or higher. The Butler County Engineer's Office has a goal whereby the total mileage of the roadway in the County will be re-paved on a 15-year rotational basis. Historical data has shown that with yearly inspection and maintenance, the average road of the County will be maintained at a usable level for a 25-year period. Each roadway in the County will be assessed once every three years, with higher emphasis on older and more heavily used pavements.

The following summarizes the physical condition assessment of County roads as of December 31 for 2014, 2011, and 2008:

|                | 20         | 14         | 20         | 11         | 2008       |               |  |  |
|----------------|------------|------------|------------|------------|------------|---------------|--|--|
| Road Condition | Road Miles | % of Total | Road Miles | % of Total | Road Miles | es % of Total |  |  |
| Fair or Better | 254 95%    |            | 241        | 90%        | 263 96%    |               |  |  |
| Less than Fair | 14 5%      |            | 26 10%     |            | 12 4%      |               |  |  |
| Total          | 268 100%   |            | 267        | 100%       | 275        | 100%          |  |  |

The following is a comparison of County budgeted and actual expenditures for preservation of the existing roadways:

| Year | Budgeted Expenditures | Actual Expenditures | Difference |
|------|-----------------------|---------------------|------------|
| 2014 | \$6,078,718           | \$5,171,078         | \$907,640  |
| 2013 | 5,486,762             | 5,486,762           | 0          |
| 2012 | 4,816,346             | 4,781,073           | 35,273     |
| 2011 | 4,306,251             | 3,462,529           | 843,722    |
| 2010 | 2,413,314             | 1,965,281           | 448,033    |
| 2009 | 2,755,258             | 2,626,854           | 128,404    |
| 2008 | 2,747,701             | 2,402,175           | 345,526    |

# County Bridges

The condition of the County's bridges is determined using a general appraisal and operational status rating which is a conditional coding system developed by the Federal Highway Administration. This system is comprised of ratings for the individual elements of the structure. The primary elements of this appraisal system include the following:

- *bridge decks* (riding surface, roadway approaches, end joints, curbing and sidewalks)
- *superstructures* (side rails, above-road piers and overhead truss)
- *substructures* (undercarriage, piers, footings, abutments and erosion protection)

The Federal Highway Administration has defined specific criteria for each element of the bridge, based on its construction. For each element, a 0-9 rating scale is used, where 4 or less is defined as "poor" condition. The ratings of all elements are combined to summarize the structural condition of a bridge as follows:

| Bridge | Condition    |   |
|--------|--------------|---|
| Rating | Rating       | Description   |
| 9      | Excellent    | Superior to present desirable criteria.                                 |
| 8      | Very Good    | Equal to present desirable criteria.                                    |
| 7      | Good         | Better than present minimum criteria.                                   |
| 6      | Satisfactory | Equal to present minimum criteria.                                      |
| 5      | Fair         | Better than minimum adequacy to tolerate being left in place as is.     |
| 4      | Poor         | Meets minimum tolerable condition requiring high priority to repair.    |
| 3      | Serious      | Basically intolerable condition requiring high priority to repair.      |
| 2      | Critical     | Basically intolerable condition requiring high priority of replacement. |
| 1      | Imminent     |   |
| 1      | Failure      | Immediate repair necessary to put back into service.                    |
| 0      | Closed       | Bridge closed.  |

It is the County policy to maintain the bridge system in the County where 85% of the structures have a general appraisal summary of 5 (Fair) condition or higher. *The following is a summary of the conditional assessment for bridges as of December 31 for 2014, 2011, and 2008:* 

|                  | 20        | 14         | 20        | 11         | 2008      |            |  |
|------------------|-----------|------------|-----------|------------|-----------|------------|--|
|                  | Number of |            | Number of |            | Number of |            |  |
| Bridge Condition | Bridges   | % of Total | Bridges   | % of Total | Bridges   | % of Total |  |
| Fair or Better   | 368 92%   |            | 374 94%   |            | 357       | 90%        |  |
| Less than Fair   | 30 8%     |            | 25        | 6 %        | 38        | 10%        |  |
| Total            | 398 100%  |            | 399 100%  |            | 395 100%  |            |  |

The following is a comparison of County budgeted and actual expenditures for preservation of the existing bridges:

| Year | Budgeted Expenditures | Actual Expenditures | Difference |
|------|-----------------------|---------------------|------------|
| 2014 | \$2,761,500           | \$2,357,403         | \$404,097  |
| 2013 | 1,289,620             | 1,289,620           | 0          |
| 2012 | 1,661,825             | 1,661,825           | 0          |
| 2011 | 2,345,182             | 1,885,692           | 459,491    |
| 2010 | 4,789,750             | 4,334,282           | 455,468    |
| 2009 | 6,672,617             | 5,310,974           | 1,361,643  |
| 2008 | 8,232,687             | 7,300,786           | 931,901    |

# County Culverts

The Butler County Engineer maintains a culvert inventory system. All culverts are inspected every three years with any critical structure being inspected as needed, as per the Engineer's internal policy. A committee of experts from the County Engineer's Office determines the condition rating, and a general appraisal of the condition is categorized as follows:

| Culvert | Condition |  |
|---------|-----------|--|
| Rating  | Rating    | Description  |
| 1       | Good      | No repair required.  |
| 2       | Fair      | Minor deficiency, culvert still functioning as designed.                         |
| 3       | Poor      | Major deficiency, culvert in need of repair to continue functioning as designed. |
| 4       | Critical  | Culvert no longer functioning as designed.                                       |

It is the goal of the Butler County Engineer to maintain 75% of culverts in a condition of 2-Fair or better. The following is a summary of the conditional assessment for culverts as of December 31 for 2014, 2011, and 2008:

|                   | 20         | 14         | 20        | 11         | 2008      |            |  |
|-------------------|------------|------------|-----------|------------|-----------|------------|--|
|                   | Number of  |            | Number of |            | Number of |            |  |
| Culvert Condition | Culverts   | % of Total | Culverts  | % of Total | Culverts  | % of Total |  |
| Fair or Better    | 798        | 78%        | 834       | 82%        | 836       | 79%        |  |
| Less than Fair    | 222        | 22%        | 189       | 18%        | 226       | 21%        |  |
| Total             | 1,020 100% |            | 1,023     | 100%       | 1,062     | 100%       |  |

The following is a comparison of County budgeted and actual expenditures for preservation of the existing culverts:

| Year | Budgeted Expenditures | Actual Expenditures | Difference |
|------|-----------------------|---------------------|------------|
| 2014 | \$109,842             | \$76,045            | 33,798     |
| 2013 | 174,572               | 174,572             | 0          |
| 2012 | 135,804               | 115,804             | 20,000     |
| 2011 | 188,159               | 151,293             | 36,866     |
| 2010 | 228,718               | 94,784              | 133,934    |
| 2009 | 204,160               | 121,563             | 82,597     |
| 2008 | 152,429               | 83,107              | 69,322     |

Combining Statements and Individual Fund Schedules

# Combining Statements – Non-major Governmental Funds

# Non-major Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than capital projects) that are legally restricted to expenditures for specified purposes. The following are descriptions of each non-major special revenue fund:

<u>Real Estate Assessment</u> – To account for restricted State mandated county-wide real estate appraisals that are funded by charges to the County's political subdivisions.

<u>All Other Legislative and Executive</u> – To account for restricted state, federal, or local revenue for all other legislative and executive activities not presented on an individual basis.

<u>All Other Judicial</u> – To account for restricted state, federal, or local revenue for all other judicial activities not presented on an individual basis.

<u>All Other Public Safety</u> – To account for restricted state, federal, or local revenue for all other Public Safety activities not presented on an individual basis.

<u>Motor Vehicle</u> – To account for the revenues derived from motor vehicle licenses and gasoline taxes. Expenditures in this special revenue fund are restricted by State law to County roads and bridge repair/improvement programs.

<u>All Other Public Works</u> – To account for restricted state, federal, or local revenue for all other public works activities not presented on an individual basis.

<u>Child Support Enforcement</u> – To account for the poundage fees collected by the Bureau of Child Support that are restricted by State statute to finance the operation of the Child Support Enforcement Agency.

<u>Alcohol and Drug Addiction</u> – To account for Federal and State grants that are restricted to pay the costs of contracts with local agencies that provide services to the public.

<u>County Care Facility</u> – To account for the collection of state and federal restricted Medicaid and fees from residents' families for the operation of the County Home.

<u>Elderly Services Levy</u> – To account for restricted dollars associated with a county-wide property tax and the expenditures of those funds.

<u>All Other Human Services</u> – To account for restricted state, federal, or local revenue for all other human services activities not presented on an individual basis.

<u>All Other Conservation and Recreation</u> – To account for fees collected on permits by the County restricted to State law to finance erosion and sediment control activities.

<u>Residential Incentive Districts and Tax Incremental Financings (RIDS and TIFS)</u> – To account for Residential Incentive Districts and Tax Incremental Financing revenues collected through the real estate tax collection process. This fund is used to hold these State law restricted dollars until payments are required to be made.

# Combining Statements – Non-major Governmental Funds (Continued)

# Non-major Capital Project Funds

Capital project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by the Proprietary funds). The following are descriptions of each non-major capital project fund:

Technology – To account for the financing and related cost of County technology activities.

<u>Other Capital Improvements</u> – To account for all other capital improvements not presented on an individual basis.

<u>Road Improvements</u> – To account for projects related to the construction of roads.

Buildings Construction and Renovations – To account for improvements and new construction of buildings.

# Non-major Bond Retirement

The <u>Bond Retirement Fund</u> is used to account for proceeds and payments on Butler County bonds. The County's Bond Retirement Fund accounts for financing and related costs of issuing and paying County bonds.

# Non-major Permanent Fund

The <u>Developmental Disabilities Permanent Fund</u> is used to account for nonspendable gifts and investment earnings that are donor restricted to assist individuals with developmental disabilities.

# Internal Service Funds

The Internal Service Funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. The following are descriptions of each Internal Service Fund:

<u>Health Insurance</u> – To account for monies received from governmental and proprietary funds and regional governmental agencies to pay for the actual expense of medical, dental and life insurance costs for employees.

<u>Workers' Compensation</u> – To account for funds received from governmental and proprietary funds and regional governmental agencies to pay for the actual expense of workers' compensation benefits.

# Agency Funds

Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results and operations. The following are the County's agency funds:

<u>Undivided Tax</u> – Accounts for various agency funds used for the collection and distribution of taxes by the County.

All Other Agency – Accounts for various individual agency funds combined for reporting purposes.

Statistical Section

This part of Butler County Ohio's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

| Contents  | Page(s) |
|---|---------|
| Financial Trends  | 145-151 |
| These schedules contain trend information to help the reader understand how the County's financial position has changed over time.  |         |
| <b>Revenue Capacity</b><br>These schedules contain information to help the reader understand and assess the factors affecting the County's ability to generate its most significant local revenue source, the property tax.   | 152-162 |
| Debt Capacity   | 163-167 |
| These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.   |         |
| Economic and Demographic Information  | 168-169 |
| These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments. |         |
| Operating Information   | 170-176 |
| These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.  |         |

# Sources:

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in bhio. The assessed value of public utility personal property anges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property in assessed at 25 percent for machinery and equipment and 23 percent for inventories. The general business tangible personal property tax is being phased out beginning in 2006. The listing percentage is 18,75%, for 2006 and zero for 2009, Effective for 2009, telecommunications is the only remaining type of personal property tax. This will be phased out by 2011. The percentages for telecommunications are 10% for 2009, 5% for 2010.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, and 2 12% and howestead exemptions before being billed.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the

Assessed Value Table, generated the property tax revenue billed in that year.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes.

Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

\* Board of Elections Election Pay individuals began being treated as employees in 2009. Not included in employment numbers for Principal Employers \*\* Court of Appeals - 12th District employees are employees paid by the State and not by Butler County beginning in 2014.

NOTE: This report counts employees not positions. Large fluctuations are often a result of employee turnover.
