## City of Hilliard, Ohio

Independent Auditors' Report on Internal Control Over Financial Reporting and Compliance

Year Ended December 31, 2014

Members of Council City of Hilliard 3800 Municipal Way Hilliard, Ohio 43026

We have reviewed the *Independent Auditors' Report* of the City of Hilliard, Franklin County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Hilliard is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INDEPENDENT AUDITORS' REPORT

To the City Council City of Hilliard, Ohio:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Ohio (the "City") as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 29, 2015.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

one east fourth street, ste. 1200 cincinnati, oh 45202

www.cshco.com p. 513.241.3111 f. 513.241.1212

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Clark, Schaefer, Hackett & Co.

# INTRODUCTORY SECTION

Real People, Real Possibilities:

DON SCHONHARDT, MAYOR

May 29, 2015

To The Council and The Citizens of the City of Hilliard, Ohio

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the City of Hilliard (the City) for the year ended December 31, 2014. This CAFR is prepared in accordance with generally accepted accounting principles (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) using guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Clark, Schaefer, Hackett & Co. has issued an unmodified ("clean") opinion on the City's financial statements for the year ended December 31, 2014. The Independent Auditors' Report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditors' Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

## Profile of the Government

The City lies in the western half of Franklin County in portions of Norwich, Washington and Brown Townships and is located approximately ten miles northwest of downtown Columbus, the capital of the State of Ohio. The City encompasses an area of approximately 13 square miles. Rail service is provided by CSX and private air service is available five miles to the north and south by Don Scott Field and Bolton Field, respectively. The City is 20 miles from Port Columbus International Airport and has direct access to interstate highways I-70 and I-270 via three major interchanges. The City is situated 833 feet above sea level and experiences mean temperatures of 72 degrees during the summer and 30 degrees during the winter.

The Hilliard area was settled in the early 1800's and was incorporated as a village in 1869. The Village of Hilliard remained primarily agricultural in character until the 1950's when residential growth boomed. By December 12, 1960 the population had reached 5,000 and the Village of Hilliard became a City. The Mid-Ohio Regional Planning Commission estimates the population for the City to be 28,723 for 2014.

The City is serviced by the Hilliard City School District, which is an independent political subdivision not under the control or supervision of the City in any respect. The geographic boundaries of the School District are much larger than the City, encompassing some 60 square miles, and portions of several other municipalities (including the City of Columbus) as well as unincorporated areas of Franklin County. The School District estimates that 38.8 percent of its students reside in the City.

The City operates under a Charter first adopted by the voters in 1963 and most recently changed by voter approval November 3, 2009 effective January 1, 2010. The most notable changes eliminated term limits and provided for Council to utilize Executive Session to discuss employment issues, real estate purchases, pending court action, and employee contract negotiations. The laws of the State of Ohio prevail when conflicts exist between Charter and State Constitution and in matters where the Charter is silent. The Charter provides for a Mayor-Council form of government. The legislative body of the City consists of a seven-member Council, all elected at-large for four year overlapping terms. The Mayor is elected for a four-year term and serves as the Chief Executive Officer of the City. The Council fixes compensation levels of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriations, indebtedness, licensing of regulated business and trades and other municipal purposes.

The Mayor serves full-time and appoints the following directors: Safety, Economic Development, Public Service, Human Resources, Parks and Recreation and Public Lands and Buildings who serve as department heads and report directly to the Mayor. The Director of Finance and the Director of Law are appointed by the Mayor with the advice and consent of the Council and serve both the Mayor and Council. The Director of Finance is the Chief Fiscal and Accounting Officer of the City. The responsibilities of this office include preparation and management of the capital and operating budgets and debt and treasury programs of the City.

The reporting entity is comprised of the primary government. The primary government consists of all the funds and departments which provide various services including police, recreation and parks, engineering, water services, sewer services, street maintenance and repair, zoning, municipal court, income tax collection and support services (i.e. payroll processing and accounts payable). The Mayor has direct responsibility for these activities.

Component units are organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organizations resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also

include organizations for which the City approves their budget, the issuance of their debt or the levying of their taxes. Currently, the City does not have any component units.

The City's charter requires the Mayor to submit to Council on or before November 15<sup>th</sup> of each year a budget for the following year. Council sets the date and place of a public hearing on the budget and gives notice of the meeting time and place in a newspaper of general circulation at least five days prior to the hearing date. The budget is on file with the City Clerk and available for inspection prior to the hearing date. Council adopts the budget either as submitted or amended after the public hearing but no later than January 31. This budget serves as the appropriation ordinance and is filed with the Franklin County Auditor's office.

This annual budget serves as the foundation for the City of Hilliard's financial planning and control. The 2014 budget was prepared by fund and department and object level. Department heads may transfer resources within the object as they see fit. The budget was approved by Council as required by the City's Charter.

## Local Economy and Long-term Financial Planning

The City is included in the Columbus Metropolitan Statistical Area (MSA) which is ranked 32nd in the nation by population. This MSA had an annual average unemployment rate at the end of 2014 of 3.7 percent while the State of Ohio was at an annual average 5.6 percent unemployment rate at the end of 2014 according to the Ohio Labor Market Information site for the Ohio Department of Jobs and Family Services. Our employment mix insulates us somewhat from what is happening elsewhere in the state. Our largest employer is the Hilliard City School District which is the ninth largest district in the state according to the Ohio Department of Education. The list of our ten largest employers can be found in our statistical section and includes telecommunications, financial services, technology, marketing, insurance and manufacturing businesses.

The City's ability to provide opportunities for expansion of its residential, commercial, and industrial tax base is greatly influenced by its aggressive development strategy, excellent school system, recreational programs, police department, city services, and probably, most importantly, the annual five year Capital Improvement Program. The Capital Improvement Program provides the City with the framework to upgrade the infrastructure to make it possible to handle a growing and prosperous city. The Capital Improvement Program is a comprehensive five-year plan that is updated every year to prioritize projects and provide improvements to everything from streets and sewer and waterlines to ball fields, traffic signals, and the municipal complex.

## Relevant financial policies

Income tax remains the primary source of revenue for the City and supports the five-year Capital Improvement Program. Income tax revenue is divided among the General Fund, Street Improvement Municipal Tax Special Revenue Fund, and Capital Improvement Municipal Tax Capital Projects Fund. The Street Improvement Municipal Tax Special Revenue Fund and the Capital Improvement Municipal Tax Capital Projects Fund provide funding for the City's capital needs by paying debt service or cash funding projects. The City issues debt for capital projects only.

The City uses historical revenue and expenditure trends in the budget process and provides monthly revenue and expenditure reports, income tax collections and projections reports and detailed quarterly reviews that include budget to actual year-to-date information to Council.

During 2014, Council adopted a General Fund balance policy that targets the fund reserve to be twenty five percent of annual operating expenditures on a budget basis. In 2014, the City exceeded this target.

The City adheres to the Uniform Depository Act of the State of Ohio to determine eligible investments for City funds. The City further limits investments to maturities of a maximum of two years. Cash flow forecasting and the use of short-term investments, such as repurchase agreements and the State Treasurer's Asset Reserve account (STAROhio), allow the City to earn interest on all funds.

### Major initiatives

### Development

The City has adopted a proactive development strategy that combines successful public-private partnerships with a robust complement of development incentives. In 2014, these efforts resulted in over 147 new jobs attracted, and projected \$53,000,000 new private investment planned in 2015.

The City will have continued economic growth in 2015 due to new development as well as the relocation of Verizon Wireless from Dublin to Hilliard. This relocation brought in 1,500 jobs to the City with an increased workforce projection by an additional 700 additional employees. The Hilliard Dana Manufacturing Site Development project started development in 2013 and came into flourishing in 2014. This consisted of 90,000 square feet of new offices in two buildings (tenants – Ohio Health and Nationwide Children's Hospital); 89,000 square foot Giant Eagle grocery with a GET-GO gas station, car wash and convenience store; 13,000 square feet of additional retail; two restaurants; and a 420 unit Lifestyle Communities development.

## Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Hilliard, Ohio for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2013. This was the twenty-third consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

We wish to convey our appreciation to the City Administration and to the City Council for their support and for providing the necessary funds to prepare and publish this report.

The entire Finance Department played a part in preparing this report; they worked with extreme dedication to the project. Special thanks to Gregory A. Tantari, Deputy Finance Director and Karrie M. Martin, Fiscal Officer, for their special attention to the project.

Respectfully submitted,

David D. Delande

# FINANCIAL SECTION

#### INDEPENDENT AUDITORS' REPORT

To City Council City of Hilliard, Ohio:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Ohio (the "City") as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

one east fourth street, ste. 1200 cincinnati, oh 45202

www.cshco.com p. 513.241.3111 f. 513.241.1212

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Ohio, as of December 31, 2014, and the respective changes in financial position and, where applicable cash flows and the respective budgetary comparisons for the General Fund, Street Maintenance and Repair Fund, Street Improvement Municipal Tax Fund, Water and Sewer Revenue Fund and TIF Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 - 13 be presented to supplement the basic financial statements. Such information, although not a party of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hilliard's basic financial statements. The combining and individual nonmajor fund financial statements and schedules and introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 29, 2015 on our consideration of the City of Hilliard's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Hilliard's internal control over financial reporting and compliance.

## CITY OF HILLIARD, OHIO Management's Discussion and Analysis Year Ended December 31, 2014

Unaudited

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Hilliard's discussion and analysis of the annual financial report provides an overview of the City's financial activities for the year ended December 31, 2014.

#### FINANCIAL HIGHLIGHTS

- The City's total net position increased \$3,931,352 in 2014.
- ➤ General revenues accounted for \$32,450,092 or 65% of total revenue. Program specific revenues in the form of charges for services, grants, contributions, and interest accounted for \$17,229,821 or 35% of total revenues of \$49,679,913.
- ➤ The City had \$45,748,561 in expenses related to governmental activities. Program revenues of \$17,229,821 reduced the net cost of the City's functions to be financed from the City's general revenues to \$28,518,740.
- ➤ The City's unassigned fund balance of the General Fund totaled \$10,340,785 at year end, or 52% of General Fund expenditures.

#### **USING THIS ANNUAL FINANCIAL REPORT**

This annual report consists of a series of financial statements. These statements are presented so that the reader can understand the City of Hilliard's financial situation as a whole and also give a detailed view of the City's fiscal condition.

The Statement of Net Position and Statement of Activities provide information about the activities of the City as a whole and present a long-term view of the City's finances. The fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term, as well as the amount of funds available for future spending. The fund financial statements focus on the City's most significant funds, with all other nonmajor funds presented in total in one column.

#### REPORTING THE CITY AS A WHOLE

Statement of Net Position and the Statement of Activities

The analysis of the City as a whole begins with the Statement of Net Position and the Statement of Activities. These statements provide information that will help the reader to determine if the City of Hilliard is financially better off or worse off as a result of the year's activities. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by private sector companies. All current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes to that position. These changes inform the reader whether the City's financial position, as a whole, has improved or diminished. In evaluating the overall financial health, the reader of these financial statements needs to take into account non-financial factors that also impact the City's financial well-being. Some of these factors include the City's tax base and the condition of capital assets.

#### REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

#### Fund Financial Statements

Fund financial statements provide detailed information about the City's major funds – not the City as a whole. Some funds are required by State law and bond covenants. Other funds may be established by the Finance Director, with the approval of the City Council, to help control, manage, and report money received for a particular purpose or to show that the City is meeting legal responsibilities for the use of grants. The City of Hilliard's major funds are the General Fund, the Street Maintenance and Repair, Street Improvement Municipal Tax, Water and Sewer Revenue, and TIF Special Revenue Funds, and the Capital Improvement Municipal Tax Capital Projects Fund.

Governmental Funds – Most of the City's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or less financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

**Proprietary Fund** – Proprietary funds use the same measurement focus and basis of accounting as the Government-Wide Financial Statements. The internal service fund is used to report activities that provide services to the City's other funds and departments; therefore it has been included in the governmental activities in the Government-Wide Financial Statements.

**Fiduciary Funds** – The City's fiduciary funds are agency funds. All of the City's fiduciary funds are reported in a separate Statement of Fiduciary Assets and Liabilities – Agency Funds. We exclude these activities from the City's other financial statements, because the City cannot use these assets to finance its own operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Fiduciary funds use the accrual basis of accounting.

#### THE CITY AS A WHOLE

As stated previously, the Statement of Net Position looks at the City as a whole. Table 1 provides a summary of the City's net position for 2014 compared to 2013.

Table 1
Net Position

	Governmental Activities			
	2014	2013		
Assets				
Current and other assets	\$ 48,279,268	\$ 45,263,033		
Capital assets	240,217,331	240,860,545		
Total Assets	288,496,599	286,123,578		
Deferred Outflows of Resources	1,814,901	1,499,841		
Liabilities				
Long-term liabilities	72,307,955	69,767,796

Total Liabilities	75,345,067	71,941,835		
Deferred Inflows of Resources	5,530,073	10,176,576		
Net Position				
Net investment in capital assets	174,263,501	178,545,386		
Restricted	19,459,624	13,239,396		
Unrestricted	15,713,235	13,720,226		
Total Net Postion	\$ 209,436,360	\$ 205,505,008		

The largest portion of the City's net position (83%) reflects its investment in capital assets, less any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (9%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$15,713,235 is unrestricted and may be used to meet the City's ongoing obligations to its citizens and creditors.

At the end of the current year, the City is able to report positive balances in all reported categories of net position. The same situation held true for the prior year. The City's overall net position increased \$3,931,352 from the prior year. The reasons for this overall increase are discussed in the following section.

Table 2 shows the changes in net position for the years ended December 31, 2014 and 2013.

The 2.0 percent income tax is generally the largest source of revenue for the City of Hilliard. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City bimonthly, monthly, or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. The City allows a credit for income taxes paid to another municipality up to 100 percent of the City's current tax rate.

The City's employment picture remains stable. All of the top ten employers for 2014 were included in the top ten listing for 2013. The largest employer spot was overtaken by Verizon Wireless during the year, with their relocation from Dublin to Hilliard.

In 2014, total revenue increased \$8,359,295 as compared to 2013. The increase in total General Revenues was \$4,134,808, while total Program Revenues increased \$4,224,487.

Under program revenues, the City experienced increases in capital grants and contributions, as the City received \$4.3 million in developer donated infrastructure during the year.

Under general revenues, the most significant changes occurred in municipal income taxes, as the City experienced continued growth, along with the relocation of Verizon Wireless into the City, and payments lieu of taxes, in which the City continued to receive catch up payments on delinquent payments from prior tax years.

Table 3 for governmental activities, indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges of services and sales, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by general revenues.

Table 3

	Total Cost of Services 2014	Net Cost of Services 2014	Total Cost of Services 2013	Net Cost of Services 2013
General government	\$ 6,234,614	\$ (5,487,556)	\$ 4,396,977	\$ (3,568,231)
Security of persons and property	11,406,237	(10,438,338)	8,377,988	(7,371,511)
Public health	194,357	(194,357)	186,809	(186,809)
Leisure time activities	3,347,217	(2,309,712)	3,282,870	(1,799,241)
Community environment	3,437,303	(639,361)	3,571,243	(670,180)
Basic utility services	7,407,729	330,529	8,804,498	(4,750,697)
Transportation	11,946,188	(8,005,029)	8,523,821	(5,792,203)
Interest and fiscal charges	1,774,916	(1,774,916)	 2,326,249	(2,326,249)
	\$45,748,561	<u>\$(28,518,740)</u>	\$ 39,470,455	<u>\$(26,465,121)</u>

It should be noted that 38% of the costs of services for governmental activities are paid by program revenues, including charges for services, operating grants, capital grants and other contributions. As shown by the total net costs of \$28,518,740, the majority of the City programs are funded by general revenues. A significant portion of the total general revenues consists of income taxes, property taxes and payments in lieu of taxes.

The Administration and City Council base spending decisions on how they will improve the quality of life for the citizens and business in Hilliard. The Administration and City Council committed to maintain and improve the City's investments by providing appropriations for capital assets, equipment and repairs. Overall the City had more capital improvement projects in 2014 than in 2013 and focused on preserving existing assets. These assets include street resurfacing, sidewalk replacements, safety and

street maintenance equipment and vehicles, as well as park and recreation equipment. Additionally during the year, the City invested in public safety with its \$2 million contribution to become a member of the Central Ohio Interoperable Radio System, a jointly governed organization for dispatching emergency response and law enforcement services across the region.

When looking at the sources of income to support governmental activities, it should be noted that charges for services are only 18% of total revenues. Revenues provided by sources other than City residents in the form of operating and capital grants restricted to a certain program comprise another 17% of total revenues. The remaining revenues are primarily generated locally through income taxes. City Council relies on these taxes to furnish the quality of life to businesses and citizens to which they and previous Councils have always been committed.

#### THE CITY'S GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

At December 31, 2014, the City's governmental funds reported combined fund balances of \$35,357,330, an increase of \$5,102,935 in comparison with the prior year. Approximately 29% of this amount (\$10,326,122) constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form (\$26,774), 2) restricted for particular purposes (\$20,434,858), 3) committed for particular purposes (\$4,379,822), or 4) assigned for particular purposes (\$189,754).

The General Fund ended the current year with a fund balance of \$10,779,283. Of this amount, \$10,340,785 is considered unassigned, which represents 52% of current year expenditures. The General Fund continues to rely heavily on the City's income tax as its primary source of revenue for operations. The fund balance increased \$1,268,908 in 2014, which was \$2.6 million less than the prior year's increase in fund balance. Total revenue decreased by about 4%, as business net profit estimated income tax payments were lower due to timing, while total expenditures increased by about 9%, with the start of new police union agreements and a new contract for dispatch services.

The increase of \$76,634 in the Street Maintenance and Repair Special Revenue Fund was consistent with prior year's increase, as the City continued its improvement and resurfacing efforts.

The Street Improvement Municipal Tax Special Revenue Fund decreased by \$455,403. This decrease was \$240,737 more than the prior year's decrease, due primarily to increases in personnel and road salt costs.

The Water and Sewer Revenue Special Revenue Fund's charges for services were adequate to cover its operations, with fund balance increasing by \$350,022. The increase in total revenue of approximately 34% was primarily attributable to increased capacity charges received from several construction projects in 2014.

The TIF Special Revenue Fund increased by \$1,170,403 due to the City continuing to receive catch up payments on delinquent payments from the Hickory Chase development, as new buyers have brought the development out of bankruptcy and property taxes current.

The Capital Improvement Municipal Tax Capital Projects Fund increased by \$2,861,662 primarily due to issuance of \$6.5 million in new notes to finance various capital improvements, with approximately \$1.7 million in unspent proceeds remaining as of December 31, 2014 The ending fund balance for the Capital Improvement Municipal Tax Fund was \$12,638,572.

#### General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, cash disbursements and encumbrances. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council as provided for in the City's charter. The legal level of control has been established by Council at the object level.

During 2014, the total amount of the General Fund budget was increased from \$22,027,562 to \$22,946,633, an adjustment of \$919,071 from the original budget, to account for additional recreational programs. However, actual expenditures were \$2,230,160 less than budgeted, due to lower than expected pool and program utilization and timing of certain projects and planning expenditures not occurring during the year as anticipated.

General Fund original and final budgeted revenues were \$21,406,895. Actual revenues were \$22,879,699, a difference of \$1,472,804 compared to final budget revenues, due to better than expected income tax collections, with increases in employment within the City, and permit revenue, with continued construction activity within the City.

#### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### Capital Assets

At December 31, 2014, the City's capital assets decreased \$643,214 to \$240,217,331.

## Table 4 Capital Assets at Year-End

(Net of Depreciation)

	Governmental Activities			
	2014 20			2013
Land	\$	4,726,587	\$	4,726,587
Construction in progress		4,737,316		-
Buildings		7,146,047		7,478,841
Improvements other than buildings		6,662,279		6,998,166
Machinery and equipment		1,734,756		1,478,039
Furniture and fixtures		180,442		220,773
Vehicles		1,002,804		1,011,830
Infrastructure		214,027,100	2	18,946,309
Totals	\$ 2	240,217,331	\$2	40,860,545

Capital Assets decreased primarily due to the annual depreciation of capital assets of \$11,633,218; partially offset by additions various City assets of \$11,082,310. See Note 7 of the Notes to the Basic Financial Statements for more detailed information.

#### Debt

At December 31, 2014, the City of Hilliard had \$70,392,105 in debt outstanding.

Table 5
Outstanding Debt

	Governmental Activities			
	2014	2013		
OWDA loan payable	\$ 1,419,591	\$ 1,632,497		
OPWC loan payable	2,566,598	2,675,815		
General obligation bonds	47,050,000	50,370,000		
General obligation notes	10,785,000	4,285,000		
Capital leases	5,848,276	6,056,320		
Premiums on bonds issued	2,722,640	2,759,330		
Totals	\$ 70,392,105	\$ 67,778,962		

The increase in outstanding debt is primarily due to the issuance of general obligation notes. In 2014, the City issued \$6,500,000 in new notes for various capital improvements. In addition, the City issued \$5,160,000 in refunding bonds to refund \$4,780,000 in Series 2007 bonds and rolled over \$4,285,000 in notes that were initially issued to fund capital improvements.

Generally, all general obligation bond and note issues will be paid through the Water and Sewer Revenue, Street Improvement Municipal Tax, and TIF Special Revenue Funds, and the Capital Improvements Municipal Tax Capital Projects Fund.

The OWDA and OPWC loans will be paid from the Capital Improvements Municipal Tax Capital Projects Fund.

The City's overall 10.5 percent legal debt margin was \$87,583,120 as of December 31, 2014. The more restrictive unvoted legal debt margin within 5.5 percent was \$44,213,920 as of the same date.

See Note 14 of the Notes to the Basic Financial Statements for more detailed information about the City's debt.

#### CONTACTING THE CITY'S FINANCE DEPARTMENT

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact David Delande, Director of Finance, City of Hilliard, 3800 Municipal Way, Hilliard, Ohio 43026.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended December 31, 2014

Net change in fund balances - total governmental funds	\$	5,102,935
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense:		
Capital outlay		6,765,092
Depreciation expense		(11,633,218)
Governmental funds do not report the revenue from the contribution of capital assets since they do not represent current financial resources. However, the revenue is reported in the		
Statement of Activities as capital contributions.		4,317,218
In the statement of activities, loss on disposal of capital assets is reported, whereas		
only proceeds from sales are reported in the funds.		(92,306)
Revenue in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		1,832,522
Internal service funds are used to charge the costs of certain activities to individual funds.  The net revenue (expense) of the internal service funds is reported with governmental activities.		(88,621)
Some expanses reported in the statement of activities do not require the use current		
Some expenses reported in the statement of activities do not require the use current financial resources and therefore are not reported as expenditures in governmental funds:		
Compensated absences		72,984
Interest on long-term debt		(47,171)
Amortization of bond premiums		245,610
Net change in deferred loss on refunding		315,060
Repayment of long-term obligations is reported as an expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the statement of net position. In the		
current year, these amounts consisted of general obligations bonds, OWDA and OPWC loans, and capital leases.		8,515,167
The issuance and refunding of general obligations bonds and notes are recorded as other		
financing sources and uses in the governmental funds, but are used to adjust bonds and		
notes payables on the statement of net position.		(11,373,920)
Change in net position of governmental activities	\$	3,931,352
g position of governmental activities	Ψ	-,50.,002

#### NOTE 1 – DESCRIPTION OF THE CITY AND REPORTING ENTITY

The City of Hilliard (the "City") is a home rule municipal corporation organized under the laws of the State of Ohio. The City operates under its own Charter. The current Charter, which provides for a Mayor-Council form of government, was adopted January 1, 1963, and was most recently amended November 3, 2009, effective January 1, 2010.

### **Reporting Entity**

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds and departments which comprise the legal entity of the City. The City provides various services including police protection, parks and recreation, planning, zoning, engineering, street maintenance, snow removal, refuse collection, and other governmental services. Water and sewer services are provided by the City of Columbus, although the City of Hilliard maintains the water and sewer lines. Norwich Township provides fire protection.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the organization's budget, the levying of its taxes or the issuance of its debt. The City has no component units.

The City of Hilliard Mayor's Court has been included in the City's financial statements as an agency fund. The Mayor is an elected City official who has a fiduciary responsibility for the collection and distribution of court fees and fines.

The City is associated with the Hilliard Arts Council Corporation which is defined as a related organization. In addition, in 2007 the City entered into agreement with Norwich Township, a legally separate organization, to construct and operate a facility to house the police protection services of the City and the fire protection services of Norwich Township. Finally, the City entered into an agreement to become a member of the Central Ohio Interoperable Radio System, a jointly governed organization. Information about the related organization, the joint venture, and the jointly governed organization is presented in Note 19 to the basic financial statements.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Hilliard have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

### Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation. The statements usually distinguish between those activities of the City that are governmental in nature and those that are considered business-type activities; however, the City has no activities which are reported as business-type.

The Statement of Net Position presents the financial condition of the governmental activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self financing or draws from the general revenues of the City.

### Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented on the face of the proprietary fund statements. Fiduciary funds are reported by type.

### B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds utilized by the City: governmental, proprietary, and fiduciary.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### B. Fund Accounting - continued

#### Governmental Funds

Governmental funds are those through which most governmental functions of the City typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and governmental fund deferred inflows of resources and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund - This fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund's balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the Charter of the City.

Street Maintenance and Repair Fund – This fund is used to account for that portion of the state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of streets within the City.

Street Improvement Municipal Tax Fund – This fund is used to account for a portion of the City's income tax collections to be used for repair and improvement of streets and highways.

Water and Sewer Revenue Fund – This fund is used to account for water and sewer tap fees and water and sewer surcharge revenues collected by the City of Columbus for the City of Hilliard. These revenues are used for upgrading and making minor repairs to water and sewer lines and paying debt related to these projects.

Tax Increment Financing (TIF) Fund – This fund is used to account for payments in lieu of taxes received from various business owners to be used for City-owned infrastructure improvements that will benefit the business owners' property.

Capital Improvement Municipal Tax Fund – This fund is used to account for 25 percent of the City's income tax collections and impact fees which are used for various capital improvements.

The other governmental funds of the City account for grants and other resources whose use is restricted or committed for a particular purpose.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### B. <u>Fund Accounting</u> - continued

### Proprietary Fund

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The City's proprietary fund is an internal service fund.

Internal Service Fund – The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's internal service fund accounts for the payment of all City employees' medical, dental, and vision claims.

### Fiduciary Funds

Fiduciary fund reporting focuses on assets and liabilities and changes in assets and liabilities. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The City's only fiduciary funds are agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City has two agency funds which are used to account for the collection and distribution of court fines and forfeitures and for the collection and distribution of charges for inspections provided by other governments and entities along with capacity charges for another city.

### C. Measurement Focus

#### Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

#### Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### C. <u>Measurement Focus</u> - continued

Like the government-wide statements, the proprietary fund type is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activity.

### D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the internal service and agency funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

### Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined and "Available" means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, municipal income taxes, payments in lieu of taxes, grants, entitlements, shared revenues, and donations. On the accrual basis, revenue from property taxes/payments in lieu of taxes is recognized in the year for which the taxes are levied. Revenue from municipal income taxes is recognized in the year in which the income is earned. Revenue from grants, entitlements, shared revenues, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### D. <u>Basis of Accounting</u> - continued

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: municipal income taxes, charges for services, interest on investments, intergovernmental revenues (including motor vehicle license tax, gasoline tax, and local government assistance), and grants.

### Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

### E. Cash and Cash Equivalents

To improve cash management, cash received by the City, except cash held by a fiscal or escrow agent and cash held in a segregated account, is pooled. Individual fund integrity is maintained through City records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements. Monies held by the Franklin County Engineer are presented in the financial statements as "Cash and Cash Equivalents with Fiscal Agent". Cash and cash equivalents that are held separately for Mayor's Court and not held in the City treasury are recorded on the financial statements as "Cash and Cash Equivalents in Segregated Accounts."

During 2014, the City invested in negotiable certificates of deposit, a money market account, and STAR Plus. STAR Plus is a cash management program that provides Ohio political subdivisions with access to hundreds of FDIC insured banks. Investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements, are reported at cost.

Interest income is distributed to the funds according to Ohio constitutional and statutory requirements. Interest revenue credited to the General Fund during 2014 amounted to \$72,759 which includes \$50,839 assigned from other funds.

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are reported on the financial statements as cash equivalents.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2014, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and expenditure is reported in the year in which services are consumed.

### G. <u>Bond Premium, Deferred Charges on Refunding, and Debt Issuance Costs</u>

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds payable.

The deferred charges on refunding bonds (difference between the reacquisition price and the net carrying amount of the old debt) is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. It is reported as deferred outflows of resources.

Debt issuance costs are expensed when incurred.

### H. Capital Assets

The City's only capital assets are general capital assets and contributions of capital assets from developers. General capital assets usually result from expenditures in governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and deletions during the year. Donated capital assets are recorded at their fair market values on the date received. The City maintains a capitalization threshold of one thousand dollars, except for infrastructure which has a threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All capital assets except for land, road right of way, and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacements.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

#### H. <u>Capital Assets</u> - continued

Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings	20-40 years
Improvements Other Than Buildings	15-30 years
Machinery and Equipment	5-20 years
Furniture and Fixtures	7-20 years
Vehicles	5-20 years
Infrastructure	10-60 years

The City's infrastructure consists of curbs, streets, bridges, traffic signals, sidewalks, water lines, sewer lines, storm sewers, and street lights.

### I. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, payment in lieu of taxes, and unavailable revenue. Receivables from property taxes and payment in lieu of taxes represent amounts that were levied and measurable as of December 31, 2014, but are intended to finance 2015 operations. These amounts have been recorded as deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund financial statements and represent receivables that will not be collected within the available period (sixty days after year-end).

### J. Compensated Absences

Vacation and compensatory time benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation and compensatory time for all employees.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### J. <u>Compensated Absences</u> - continued

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year-end, taking into consideration any limits specified in the City's termination policy.

The entire compensated absences liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are reported as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the funds from which the employees will be paid.

### K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary fund are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Long-term notes, loans, bonds, and capital leases are recognized as liabilities on the governmental fund financial statements when due.

### L. Contributions of Capital

Contributions of capital arise from outside contributions of capital assets, grants or outside contributions of resources restricted to capital acquisitions and construction.

### M. <u>Net Position</u>

Net position represents the difference of assets and deferred outflow of resources, less liabilities and deferred inflow of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes include funds for the operation of recreational activities, improving the living environment of the City, and the operation of police programs.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### M. Net Position - continued

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

The government-wide Statement of Net Position reports \$19,459,624 of restricted net position, of which none was restricted by enabling legislation.

### N. <u>Interfund Transaction</u>

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

### O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the internal service fund. For the City, these revenues are charges for services for employees' health claims. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses that do not meet these definitions are reported as nonoperating.

### P. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### Q. <u>Budgetary Process</u>

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level within each department.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### Q. Budgetary Process - continued

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts set forth in the budgetary statements and schedules as final budgeted amounts represent estimates from the amended certificate in force at the time final appropriations were passed by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year, including all supplemental appropriations.

### **NOTE 3 – BUDGETARY BASIS OF ACCOUNTING**

While reporting financial position and results of operations on the basis of generally accepted accounting principles (GAAP), the budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budget (Non-GAAP) Basis, are presented for the General Fund and the Street Maintenance and Repair, Street Improvement Municipal Tax, Water and Sewer Revenue, and TIF Major Special Revenue Funds to provide a meaningful comparison of actual results with the budget.

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures (budget basis) rather than as a restriction, commitment, or assignment of fund balance (GAAP basis).
- 4. Advances-In and Advances-Out, when applicable, are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).
- 5. Funds budgeted separately.

### NOTE 3 - BUDGETARY BASIS OF ACCOUNTING - continued

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget basis are as follows:

	General	Mai	Street intenance d Repair	Street provement inicipal Tax	•	Vater and Sewer Revenue	TIF
GAAP Basis Funds reclassified Revenue accruals Expenditure accruals Encumbrances	\$ 1,268,908 (37,714) 2,098,523 (531,796) (632,847)	\$	76,634 - (6,177) 6,330 (97,928)	\$ (455,403) - 120,452 (104,540) (513,790)	\$	350,022 - (4,814) 58,533 (429,205)	\$ 1,170,403 - (2) (38,529)
Budget Basis	\$ 2,165,074	\$	(21,141)	\$ (953,281)	\$	(25,464)	<u>\$ 1,131,872</u>

#### **NOTE 4 – DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies are permitted to be deposited or invested in the following securities:

 United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

### NOTE 4 - DEPOSITS AND INVESTMENTS - continued

- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
- 6. The State Treasurer's investment pool (STAROhio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

- 1. Bonds of the State of Ohio:
- 2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and
- 3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

### **Deposits**

Custodial credit risk for deposits is the risk that in the event of bank failure; the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end, \$11,767,729 of the City's bank balance of \$26,917,234 was exposed to custodial credit risk because it was uninsured, and collateralized with securities held by the pledging financial institution.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

### **NOTE 4 – DEPOSITS AND INVESTMENTS - continued**

#### Investments

As of December 31, 2014, the City had the following investments. All investments are in an internal investment pool.

	Fair	Investment Maturities			
	Value	0 to 6 mos	7 to 12 mos	13 to 18 mos	
5/3rd Government Money Market	\$ 2,287,217	\$ 2,287,217	\$ -	\$ -	
Negotiable Certificates of Deposit	6,867,428	2,475,314	1,911,192	2,480,922	
Total	\$ 9,154,645	\$ 4,762,531	\$ 1,911,192	\$ 2,480,922	

Interest Rate Risk – The City's investment policy requires that an investment mature within two years from the date of purchase, unless matched to a specific obligation or debt of the City, and that an investment must be purchased with the expectation that it will be held to maturity. The City's policy states that all investments should be sufficiently liquid to meet all operating requirements that can be reasonably anticipated.

*Credit Risk* –Under normal circumstances, the 5/3<sup>rd</sup> Government Money Market Fund invests at least 80 percent of its assets in U.S. Government securities, repurchase agreements collateralized by these securities, and shares of money market investment companies that invest exclusively in these securities. The City's investment policy limits investments to those authorized by State statute.

Concentration of Credit Risk – The City places no limit on the amount it may invest in any one issuer; however, investments are limited to low risk securities with the expectation of earning market rate of return. The City's investments in 5/3<sup>rd</sup> Government Money Market and negotiable Certificates of Deposit represent 25% and 75%, respectively, of the City's total investments.

#### **NOTE 5 - PROPERTY TAXES**

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2014 for real and public utility property taxes represents collections of 2013 taxes.

2014 real property taxes are levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2014 real property taxes are collected in and intended to finance 2015.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2014 with real property taxes.

### **NOTE 5 – PROPERTY TAXES - continued**

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City of Hilliard. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represents real property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2014, and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been included in deferred inflows of resources, since the current taxes were not levied to finance 2014 operations and the outstanding delinquencies were unavailable. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue while the remainder of the receivable is reported as deferred inflows of resources since the current taxes were levied to finance a future period.

The full tax rate for all City operations for the year ended December 31, 2014, was \$1.60 per \$1,000 of assessed value. The assessed values of real and public utility property upon which 2014 property tax receipts were based are as follows:

	Assessed		
Category		Value	
Real Property	\$	853,468,360	
Public Utility Property		13,915,640	
Totals	\$	867,384,000	

Public Utility Property consists of both real property and tangible personal property.

#### NOTE 6 – MUNICIPAL INCOME TAX

The City levies a municipal income tax of 2.0 percent on all salaries, wages, commissions, other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. However, the City allows a credit for income taxes paid to another municipality up to 100 percent of the City's current tax rate.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

Income tax proceeds are distributed to the General Fund, Street Improvement Municipal Tax Special Revenue Fund, and the Capital Improvements Municipal Tax Capital Projects Fund as required by City Administrative Code.

### **NOTE 7 – CAPITAL ASSETS**

Capital asset activity for the year ended December 31, 2014, was as follows:

	Beginning Balance Additions D		Deletions	Ending Balance	
Governmental Activities					
Capital assets not being depreciated:					
Land	\$ 4,726,587	\$ -	\$ -	\$ 4,726,587	
Construction in progress		4,737,316		4,737,316	
Total capital assets not being depreciated	4,726,587	4,737,316		9,463,903	
Capital assets being depreciated:					
Buildings	11,557,905	5,495	-	11,563,400	
Improvements other than buildings	10,249,009	83,822	(6,900)	10,325,931	
Machinery and equipment	5,499,481	675,283	(282,481)	5,892,283	
Furniture and fixtures	624,127	1,924	(3,570)	622,481	
Vehicles	3,038,687	310,313	(228,005)	3,120,995	
Infrastructure	395,350,431	5,268,157	(454,858)	400,163,730	
Total capital assets being depreciated	426,319,640	6,344,994	(975,814)	431,688,820	
Less accumulated depreciation:					
Buildings	(4,079,064)	(338,289)	-	(4,417,353)	
Improvements other than buildings	(3,250,843)	(414,630)	1,821	(3,663,652)	
Machinery and equipment	(4,021,442)	(418,566)	282,481	(4,157,527)	
Furniture and fixtures	(403,354)	(42,255)	3,570	(442,039)	
Vehicles	(2,026,857)	(315,333)	223,999	(2,118,191)	
Infrastructure	(176,404,122)	(10,104,145)	371,637	(186,136,630)	
Total accumulated depreciation	(190,185,682)	(11,633,218)	883,508	(200,935,392)	
Total capital assets being depreciated, net	236,133,958	(5,288,224)	(92,306)	230,753,428	
Capital assets, net	\$ 240,860,545	\$ (550,908)	\$ (92,306)	\$240,217,331	

For the year ended December 31, 2014, the value of the assets donated to the City was \$4,317,218.

Depreciation expense was charged to the governmental programs as follows:

General government	\$	247,808
Security of persons and property		503,990
Leisure time activities		447,988
Community environment		116,988
Basic utility services	:	5,292,980
Transportation	;	5,023,464
Total depreciation expense	\$1	1,633,218

#### NOTE 8 – RECEIVABLES

Receivables at December 31, 2014, consisted of property and other local taxes, payments in lieu of taxes, municipal income taxes, accounts, intergovernmental receivables arising from grants, entitlements and shared revenues, and interfund receivables. All receivables are considered fully collectible.

#### **NOTE 9 – DEFINED BENEFIT PENSION PLANS**

#### **Ohio Public Employees Retirement System**

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions, plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-6701 or (800) 222-7377.

For the year ended December 31, 2014, the members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 10.0 percent of their annual covered salaries. The employer contribution rate for pension benefits for 2014 was 14.0 percent. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2014, 2013, and 2012 were \$762,493, \$800,370, and \$830,769, respectively; 100 percent has been contributed for all three years. Contributions to the member-directed plan for 2014 were \$29,416 made by the City and \$22,791 made by the plan members.

#### NOTE 9 - DEFINED BENEFIT PENSION PLANS - continued

#### Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164 or on OP&F's website at www.op-f.org.

From January 1, 2014 thru July 1, 2014, plan member were required to contribution 10.75 percent of their annual covered salary. From July 2, 2014 thru December 31, 2014, plan members were required to contribute 11.5 percent of their annual covered salary. Throughout 2014, the City was required to contribute 19.5 percent for police officers. The City has no firefighters. Contributions are authorized by State statute. The City's required contributions to the OP&F for the years ended December 31, 2014, 2013, and 2012 were \$890,283, \$828,496, and \$832,229, respectively. The full amount has been contributed for all three years.

#### **NOTE 10 – POSTEMPLOYMENT BENEFITS**

#### **Ohio Public Employees Retirement System**

The Ohio Public Employees Retirement System (OPERS) maintains a cost-sharing multiple employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits, including post-employment health care coverage. In order to qualify for post-employment health care coverage, age-and-service retirees under the traditional pension and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB *Statement No. 45*. The Ohio Revised Code permits, but does not mandate, OPERS to provide the OPEB Plan to its eligible members and beneficiaries. Authority to establish and amend the OPEB Plan is provided in Chapter 145 of the Ohio Revised Code.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care coverage. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, state and local employers contributed at a rate of 14.0 percent of covered payroll, the maximum employer contribution rate permitted by the Ohio Revised Code. Active members do not make contributions to the OPEB Plan.

#### NOTE 10 - POSTEMPLOYMENT BENEFITS - continued

OPERS Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan and Combined Plan was 2.0 percent during calendar year 2014. Effective January 1, 2015, the portion of employer contributions allocated to health care remains at 2 percent for both plans, as recommended by the OPERS actuary.

The OPERS Board of Trustees is also authorized to establish rules for the retiree, or their surviving beneficiaries, to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual City contributions for 2014, 2013, and 2012 which were used to fund postemployment benefits were \$104,945, \$57,146, and \$239,570, respectively.

#### Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postemployment health care coverage to any person who receives or is eligible to receive a monthly service, disability or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Postemployment Benefit (OPEB) as described in *GASB Statement No.45*.

The Ohio Revised Code allows, but does not mandate OP&F to provided OPEB benefits. Authority for the OP&F board of trustees to provide health care coverage to eligible participants and to establish and amend benefits are codified in Chapter 742 of the Ohio Revised Code. The Ohio Revised Code provides for contributions requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan member, currently, 19.5 percent of covered payroll for police. The Ohio Revised Code states that the employer contributions may not exceed 19.5 percent of covered payroll for police employer units. Active members do not make contributions to the OPEB plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F board of trustees.

#### NOTE 10 - POSTEMPLOYMENT BENEFITS - continued

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was 0.5 percent of covered payroll throughout 2014. The amount of employer contributions allocated to the health care plan each year is subject to the trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h).

The OP&F board of trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and coverage selected.

The City's actual contributions for 2014, 2013 and 2012 that were allocated to fund the health care plan for police were \$23,147, \$154,100, and \$288,079, respectively.

#### **NOTE 11 – OTHER EMPLOYEE BENEFITS**

#### **Compensated Absences**

#### Accumulated Unpaid Vacation

City employees earn vacation leave at varying rates based upon length of service. Vacation can accumulate to a maximum of 400 hours. When an employee terminates employment, he/she is paid for 100 percent of their unused vacation leave. City employees can also earn compensatory time. Compensatory time is paid at one and one-half times an employee's regular rate. Employees with time remaining upon termination of their employment will be paid for any unused compensatory time.

#### Accumulated Unpaid Sick Leave

City employees earn sick leave at the rate of four and six tenths hours per eighty hours of service. Sick leave is cumulative without limit. In the case of death or retirement, an employee (or his/her estate) is paid 50 percent of accumulated sick leave up to a maximum payment of 500 hours.

#### **Deferred Compensation**

City employees may participate in Mass Mutual, ING or Ohio Public Employees Deferred Compensation Plans. These plans were created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death, or an unforeseeable emergency.

#### NOTE 12 - CAPITAL LEASES - LESSEE DISCLOSURE

The City has leases for a building, vehicles and equipment. The building lease meets the criteria of a capital lease as the present value of the minimum lease payments at the beginning of the lease equals the fair value of the leased property. While the vehicle and equipment leases meet the criteria which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the Basic Financial Statements for the governmental funds. These expenditures are reflected as program/function expenditures on a budgetary basis

On June 25, 2007, the City entered into an agreement with Norwich Township (the "Township"), a separate legal entity, for the joint construction and management of a public safety building. The building was constructed and is owned and managed by the Township. Initially the Township paid the entire cost of the building construction. The City entered into a 30 year lease agreement with the Township under which the City will pay its allocated portion of the construction cost which totaled \$6,417,386. The lease agreement began upon completion of the building and the first lease payment was made on June 1, 2009. The present value of the minimum lease payments equals the cost of construction allocated to the City and has been included as a capital asset and a long term liability in the Statement of Net Position.

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2014 were as follows:

	Sa	fety Building
	and	d Equipment
Year Ending December 31,		Leases
2015	\$	476,240
2016		476,240
2017		389,679
2018		389,679
2019		389,679
2020-2024		1,948,396
2025-2029		1,948,396
2030-2034		1,948,400
2035-2038		1,558,720
Total	\$	9,525,429
Less: amount representing interest		(3,677,153)
Present value of net minimum lease payments	\$	5,848,276

#### **NOTE 13 - RISK MANAGEMENT**

#### **Property and Liability Insurance**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2014, the City contracted with several different insurance providers for property, liability, and automobile insurance.

Settled claims have not exceeded this commercial coverage in any of the past three years. There was no significant reduction in the level of coverage from the prior year.

#### **Health Insurance**

The City maintains a self-funded health insurance program with claims processed by Central Benefits on behalf of the City. The Insurance Trust Fund (an internal service fund) was created in 1989 to account for and finance the health insurance program. As an integral part of the health insurance program, stop loss coverage has been purchased covering claims in excess of \$75,000 per individual and \$1,000,000 per occurrence.

All funds of the City from which employee salaries are paid participate in the health insurance programs and make payments to the Insurance Trust Fund based on the amounts needed to make claim payments. Total contributions to the program during 2014 were \$2,052,813. The claims liability of \$226,000 reported in the Insurance Trust Fund at December 31, 2014, is based on the requirements of *GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues,"* as amended by *GASB Statement No. 30 "Risk Management Omnibus,"* which requires that a liability for claims be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Estimates were calculated by using actual claims reports for several months following the balance sheet date. This estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the Insurance Trust Fund's claims liability amount for 2012, 2013, and 2014 were:

	В	alance at	Current		В	alance at
	В	eginning	Year	Claims		End of
Year		of Year	Claims	Payments		Year
2012	\$	174,000	\$ 1,843,161	\$(1,784,161)	\$	233,000
2013		233,000	1,721,214	(1,812,214)		142,000
2014		142,000	2,141,434	(2,057,434)		226,000

#### **NOTE 14 – LONG -TERM OBLIGATIONS**

Changes in governmental activities long-term obligations during 2014 were as follows:

	Beginning				Ending	Due Within
Type/Issues	Balance	Issued	Retired	Refunded	Balance	One Year
Notes & Loans Payable:						
2005 OWDA Loan 3% \$2,234,466	\$ 1,632,497	\$ -	\$ (212,906)	\$ -	\$ 1,419,591	\$ 219,341
2012 OPWC Loan \$2,730,423	2,675,815	-	(109,217)	-	2,566,598	109,217

Total General Obligation Bonds	50,370,000	5,160,000	(3,700,000)	(4,780,000)	47,050,000	3,565,000
Other Long-Term Obligations:						
Compensated Absences	1,988,834	1,030,992	(1,103,976)	-	1,915,850	1,052,754
Premium on GO Bonds Issued	2,759,330	435,398	(245,610)	(226,478)	2,722,640	-
Capital Leases	6,056,320		(208,044)		5,848,276	216,537
Total Other Long-Term Obligations	10,804,484	1,466,390	(1,557,630)	(226,478)	10,486,766	1,269,291
Total Long-Term Obligations	\$69,767,796	\$17,411,390	<u>\$ (9,864,753)</u>	\$ (5,006,478)	\$72,307,955	\$15,947,849

The OWDA and OPWC loans will be paid from the Capital Improvements Municipal Tax Capital Projects Fund.

Generally, all voted and unvoted general obligation bond issues and notes payable will be paid through the Street Improvement Municipal Tax, Water and Sewer Revenue and Tax Increment Financing Special Revenue Funds and the Capital Improvements Municipal Tax Capital Projects Fund.

#### **NOTE 14 – LONG -TERM OBLIGATIONS - continued**

Capital leases were paid from the Capital Improvement Municipal Tax Capital Projects Fund.

Compensated absences will be paid from the General Fund, the Street Maintenance and Repair, and the Water and Sewer Special Revenue Funds.

In April 2014, the City issued \$5,160,000 of Refunding Bonds, Series 2014A. The bonds were issued to advance refund \$4,780,000 of Series 2007 Various Purpose Bonds. The bonds will mature December 1, 2027 and bear interest rates of 2.0% to 4.0%. The advance refunding reduced the City's total debt service payments over 14 years by \$389,164 to obtain an economic gain (difference between the present values of the debt service payments on the old and new bonds) of \$344,832.

In April 2014, the City issued \$4,285,000 in Series 2014B Various Purpose Tax-Exempt Notes to refinance notes originally issued for construction and improvements to infrastructure and utility systems. The notes bear interest of 1.0% and mature on April 27, 2015.

In April 2014, the City issued \$6,500,000 of Series 2014C Various Purpose Taxable Notes to finance construction, improvements and acquisition of equipment. The notes bear interest of 1.0% and mature on April 27, 2015.

As of December 31, 2014, the City's overall legal debt margin (the ability to issue additional amounts of general obligation bonded debt) was \$87,583,120 with an unvoted debt margin of \$44,213,920.

Principal and interest requirements to retire the City's long-term obligations outstanding at December 31, 2014, are:

	OWDA	Loans	General Oblig	atic		OPWC Loan			
<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	Interest		<u>Principal</u>		<u>Interest</u>	
2015	\$ 219,341	\$ 40,955	\$ 3,565,000	\$	2,364,829	\$	109,217	\$	-
2016	225,971	34,326	3,385,000		2,251,129		109,217		-
2017	232,801	27,495	3,440,000		2,110,429		109,217		-
2018	239,837	20,459	3,500,000		1,736,004		109,217		-
2019	247,086	13,210	3,545,000		1,586,504		109,217		-
2020-2024	254,555	5,741	19,310,000		5,367,598		546,085		-
2025-2029	-	-	9,805,000		1,257,810		546,085		-
2030-2034	-	-	500,000		21,250		546,085		-
2035-2038			 				382,258		
Totals	\$ 1,419,591	<u>\$ 142,186</u>	\$ 47,050,000	\$	16,695,553	\$ 2	2,566,598	\$	

#### NOTE 15 - DUE TO / DUE FROM OTHER FUNDS

Amounts due to/due from other funds at December 31, 2014 were as follows:

	Due From			Due To	
Governmental Funds:					
General Fund	\$	43,556	\$	193,387	
Street Maintenance and Repair Fund		-		19,936	
Water and Sewer Revenue Fund		-		37,610	
Nonmajor Governmental Funds				18,805	
		43,556		269,738	
Internal Service Fund		226,182		<u> </u>	
	\$	269,738	\$	269,738	

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur.

#### **NOTE 16 – FUND BALANCES**

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is "bound to honor constraints on the specific purposes for which amounts in the fund can be spent" in accordance with GASB Statement No. 54. Fund Balance Reporting and Governmental Fund Type Definitions. The components for reporting the City's fund balance are nonspendable, restricted, committed, assigned and unassigned. Restricted fund balance includes those amounts that are restricted by parties outside of the City and pursuant to enabling legislation. Committed fund balance describes the portion of fund balance that has been limited by use by approval of City Council. City Council is the City's highest level of decision making. Fund balance commitments are established, modified, or rescinded by City Council action through passage of an ordinance. Assigned fund balance includes amounts that have an intended use by City, but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amounts that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the City Council. The City Council has authorized the Finance Director to assign fund balance for purchases on order provided those amounts have been lawfully appropriated. The unassigned fund balance represents the residual net resources.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City does not have a formal policy for its use of unrestricted fund balance amounts; therefore, it considers committed amounts used first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

#### **Minimum Fund Balance Policy**

On December 16, 2013, the City adopted an ordinance establishing a reserve fund to maintain a target fund balance of 25% of the City's annual budgeted expenditures in the General Fund for that budget year. This amount is intended to minimize volatility in providing City programs, projects, and levels of service to its citizens. Use of funds must be authorized by passage of an ordinance by City Council and be replenished no later than December 31<sup>st</sup> of the following year.

#### **NOTE 17 – CONDUIT DEBT OBLIGATIONS**

From time to time, the City has issued industrial revenue development bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from the payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2014, there were two series of industrial revenue development bonds outstanding with an aggregate principal amount payable of \$1,315,000.

#### **NOTE 18 – CONTRACTUAL COMMITMENTS**

#### NOTE 18 - CONTRACTUAL COMMITMENTS - continued

#### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities. There were outstanding encumbrances in the six major governmental funds and in the nonmajor funds at December 31, 2014: \$632,847 in the General Fund, \$97,928 in the Street Maintenance and Repair Fund, \$513,790 in the Street Improvement Municipal Tax Fund, \$429,205 in the Water and Sewer Revenue Fund, \$38,529 in the TIF Fund, \$5,869,556 in the Capital Improvement Municipal Tax Fund and \$857,990 in the Nonmajor Funds.

#### **NOTE 19 - RELATED ORGANIZATIONS**

#### **Hilliard Arts Council Corporation**

The Hilliard Arts Council Corporation (the Corporation) is a separately created nonprofit (501(c)(3)) organization. The Corporation is governed by an eleven member Board of Trustees appointed as follows: four members appointed by the Hilliard City Council, one member appointed by the Hilliard Area Chamber of Commerce, one member appointed by the Hilliard Recreation and Parks Director, one member appointed by the Hilliard City School District, and four members appointed by the Mayor of the City of Hilliard. The Trustees adopt their own budget, hire and fire their own staff, authorize expenditures, and do not rely on the City to finance deficits. The City cannot influence the Corporation's operations, nor does the Corporation represent a potential financial benefit or burden to the City.

#### **Norwich Township**

The City and Norwich Township entered into a Joint Construction and Management Agreement which provides for the renovation, construction, management and use of a combined fire and police facility. Renovation was completed in December of 2008 and the City moved to the new facility in early 2009. The facility houses Township administration offices, City of Hilliard Mayor's Court, City of Hilliard Police Department, City of Hilliard Communications and Norwich Township Fire Department. In addition to the joint agreement, the City provides police services to the unincorporated areas of the Township through a separate agreement and dispatching services for the fire department under a separate agreement. The Township provides fire protection and emergency medical services to the incorporated and unincorporated areas of the Township.

#### NOTE 19 - RELATED ORGANIZATIONS - continued

#### **Central Ohio Interoperable Radio System**

The Central Ohio Interoperable Radio System (COIRS) is a jointly governed organization between the City of Dublin, City of Worthington and Delaware County (the "members"). The intent of the COIRS is for the members to share in providing the financial resources and infrastructure needed to operate a digital 800MHZ public safety radio system used for dispatching emergency response and law enforcement services across the member jurisdictions. The COIRS is contracted by a Governing Board consisting of the County Administrator and the city managers for each city, or their representative. Each member's ability to influence the operations of COIRS is limited to its representation on the Governing Board. Appropriations are adopted by the Governing Board who exercised control over the operation and maintenance of COIRS. Each member initially contributed radio system infrastructure assets, and annually, are assessed a required contribution based on its utilization of the system and related operating costs. In April 2014, the City of Hilliard made a one-time, lump sum cash contribution of \$2,006,865 to become a member of COIRS. The City of Dublin serves as the fiscal agent. Financial information may be obtained from the City of Dublin, 5200 Emerald Parkway, Dublin, Ohio 43017.

#### **NOTE 20 – CONTINGENT LIABILITIES**

#### **Federal and State Grants**

For the year ended December 31, 2014, the City received federal and state grants for specific purposes that are subject to review and audit by grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

#### **NOTE 21 – SUBSEQUENT EVENTS**

In April 2015, the City issued \$8,745,000 in Series 2015A General Obligation Various Purpose Bonds to advance refund \$2,775,000 of the Series 2009 General Obligation Various Purpose Bonds and retire the \$6,500,000 in Series 2014C Notes. The bonds bear interest between 2% - 4% and mature on December 1, 2027. The bonds bear interest of 4% and mature on December 1, 2035.

In April 2015, the City issued \$4,285,000 Series 2015B Various Purpose Notes to currently refund the Series 2014B Various Purpose Notes.

In April 2015, the City issued \$3,000,000 Series 2015C Various Purpose notes to finance various capital projects for the City.

(This page intentionally left blank.)

## **Supplementary Information**

## Combining Statements And Individual Fund Schedules

### **Major Fund Descriptions**

The <u>General Fund</u> is the operating fund and is used to account for all financial resources except for those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

With the implementation of GASB Statement No. 54, certain funds that the City prepares legally adopted budgets for no longer meet the definition to be reported as Special Revenue Funds and have been included with the General Fund in the governmental fund financial statements. The City has only presented the budget schedules for these funds:

The <u>Police Benevolent Fund</u> accounts for various donations and fees received by the City for police-related programs that include Safety Town, DARE, and Police K-9.

The <u>Construction Inspection Fund</u> accounts for the construction inspection fees paid by developers. Expenditures are payments to the inspectors.

#### **Major Special Revenue Funds:**

The <u>Street Maintenance and Repair Fund</u> accounts for the portion of the state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of streets within the City.

The <u>Street Improvement Municipal Tax Fund</u> accounts for a portion of the City's income tax collections to be used for repair and improvement of streets and highways. In 2014, 3% of income tax collections were deposited into the fund.

The <u>Water and Sewer Revenue Fund</u> is used to account for water and sewer tap fees and water and sewer surcharge revenues collected by the City of Columbus for the City of Hilliard. These revenues are used for upgrading and making minor repairs to water and sewer lines.

The <u>Tax Increment Financing Fund</u> accounts for real estate taxes received from various business owners to be used for City-owned infrastructure improvements that will benefit the business owners' property.

#### **Major Capital Project Fund:**

The <u>Capital Improvement Municipal Tax Fund</u> accounts for 25 percent of the City's income tax collections and impact fees which are used for various capital improvements.

## CITY OF HILLIARD, OHIO Nonmajor Fund Descriptions

### SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. The following are descriptions of each Special Revenue Fund:

The <u>County Municipal Motor Vehicle Tax Fund</u> accounts for funds received from the City's permissive motor vehicle license tax and from the County's permissive motor vehicle license tax restricted for use of maintaining certain roadways within the City.

The <u>Park Maintenance Fund</u> accounts for public use fees collected on all lots developed in the City and the expenditures for all park maintenance, repair, and upkeep.

The <u>Police Fund</u> accounts for financial resources used to educate and treat persons with alcohol-related problems, to enhance law enforcement activities as a deterrent to the operation of motor vehicles while under the influence of alcohol, to account for mandatory drug fines, and to account for proceeds received from the sale of property received as a result of the Safety Department's participation in drug investigations or confiscated during drug-related arrests.

The <u>Mayor's Court Computer Fund</u> accounts for court fees to be used to maintain and upgrade the computer system in the Mayor's Court.

The <u>General Government Grants Fund</u> accounts for revenue and expenditures related to grants received from various sources.

The <u>Heritage Trail Dog Park Fund</u> accounts for the receipt and expenditure of donations for the construction of the Heritage Trail Dog Park.

The <u>Storm Water Utility Fund</u> accounts for storm water utility fees which are used to maintain and upgrade the storm water drainage systems.

### **Nonmajor Fund Descriptions**

### **AGENCY FUNDS**

Agency funds are used to account for assets held in a custodial capacity for individuals, private organizations, and other governmental units.

The <u>Mayor's Court Fund</u> accounts for the collection and distribution of court fines and forfeitures.

The <u>Escrow Fund</u> accounts for the collection and distribution of charges for plumbing and electrical inspections provided by the City of Columbus, Franklin County Board of Health, and electrical contractors. This fund also accounts for the collection and remittance of sewer capacity charges and public service department deposits.

# STATISTICAL SECTION

### **Statistical Section**

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

#### **Contents**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how 94 - 99 the City's financial position has changed over time.

#### **Revenue Capacity**

These schedules contain information to help the reader understand and assess the factors affecting the City's ability to generate its most significant local revenue sources, the income and property taxes.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### **Economic and Demographic Information**

These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

<sup>(1)</sup> Assessed valuation for real property is based upon 35 percent of estimated true value set by county appraisal.

<sup>(2)</sup> Prior to 2006, the assessed valuation for personal property was based on varying percentages of true value (25 percent was used in the assessed values above). House Bill 66 (the State's biennial budger for fiscal years 2006-2007) phased out the tax on the tangible personal property of general businesses, telephone and telecommunications, and railroads. The tax on general business and railroad property (which is public utility property) bill be eliminated in 2009, and the tax on telephone and telecommunications property will be eliminated by 2011. The tax is phased out by reducing the assessment rate on the property each year. At the same time, the bill replaces the revenue lost due to phasing out the tax. In the first five years, local governments are reimbursed fully for the lost revenue (based on 2004 values); in the following seven years, the reimbursements are phased out.

Source: Franklin County Auditor

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

<sup>(1)</sup> Percentages determined by dividing each overlapping subdivision's assessed valuation within the City by the subdivision's total assessed valuation.

City of Hilliard, Ohio

<sup>1</sup> The Regional Income Tax Agency (RITA) changed how they reported the number of active income tax accounts for the business and withholding categories in 2011. The City joined RITA in July 2007. In 2009 and 2010 RITA counted businesses that were located in various cities in the city that had the largest amount of withholding and/or the highest amount of tax paid by the business. In 2011, every city that received a return from a business is included in the appropriate category.

#### **CITY OF HILLIARD**

#### **FRANKLIN COUNTY**

#### **CLERK'S CERTIFICATION**

This is a true and correct copy of the report which is required to be filed in the Office of the Auditor of State pursuant to Section 117.26, Revised Code, and which is filed in Columbus, Ohio.

**CLERK OF THE BUREAU** 

Susan Babbitt
