NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) reports the City of Lancaster, Fairfield County, Ohio,(the City's) federal award programs' disbursements. The schedule has been prepared on the cash basis of accounting.

NOTE B - SUBRECIPIENTS

The City passes certain federal awards received from U.S. Department of Housing and Urban Development to other governments or not-for-profit agencies (subrecipients). As Note A describes, the City reports expenditures of Federal awards to subrecipients when paid in cash.

The subrecipient agencies have certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE C - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The City has a revolving loan fund (RLF) program to lend money to eligible persons to rehabilitate home. The federal Department of Housing and Urban Development (HUD) grants money for these loans to the City. The Schedule reports loans made and administrative costs as disbursements on the Schedule. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans.

These loans are collateralized by mortgages on the property.

Activity in the CDBG revolving loan fund during 2013 is as follows:

| Beginning loans receivable balance as of January 1, 2013 | \$ 1,092,357 |
|---|-----------------|
| Loans made | \$ 73,275 |
| Loan principal repaid | \$ (47, 262) |
| Ending loans receivable balance as of December 31, 2013 | \$ 1,118,371 |
| Cash balance on hand in the revolving loan fund as of December 31, 2013 | \$ 19,613 |
| Administrative costs expended during 2013 | \$ - |

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE E - REISSUANCE OF 2013 FEDERAL SCHEDULE

On August 21, 2014, our office released the audit report dated June 25, 2014 for the City of Lancaster, for the year ending December 31, 2013. Subsequent to issuing that report, we became aware that the Schedule of Federal Awards Expenditures was materially misstated. The accompanying revised Schedule of Federal Award Expenditures (schedule) replace the report and schedule for the City's fiscal year ended December 31, 2013, previously issued with our report dated on June 25, 2014. The schedule was revised to include \$9,501 of expenditures for Formula Grants for Other than Urbanized Areas (CFDA #20.509), which were previously omitted, and to remove \$2,349,350 of Highway Planning & Construction Grant (CFDA #20.205) expenditures which were erroneously included in the schedule. These modifications to the schedule resulted in Formula Grants for Other than Urbanized Areas (CFDA #20.509) to be designated as a major federal program.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Lancaster Fairfield County 104 East Main Street Lancaster, Ohio 43130

To the members of City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Lancaster, Fairfield County, Ohio, (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 25, 2014. Our report refers to other auditors who audited the financial statements of the Lancaster Port Authority, reported within the City's business type activities, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a significant deficiency in internal control. We consider finding 2013-002 to be a significant deficiency.

City of Lancaster
Fairfield County
Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance and other matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2013-001.

Entity's Response to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the City's responses and, accordingly, we express no opinion on them.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dave Yost Auditor of State Columbus, Ohio

June 25, 2014

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

City of Lancaster Fairfield County 104 East Main Street Lancaster, Ohio 43130

To the members of City Council:

Report on Compliance for Each Major Federal Program

We have audited the City of Lancaster's (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the City of Lancaster's major federal programs for the year ended December 31, 2013. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the City's major federal program.

Management's Responsibility

The City's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the City's compliance for each of the City's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City's major programs. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Lancaster, Fairfield County, Ohio complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2013.

City of Lancaster
Fairfield County
Independent Auditor's Report on Compliance with Requirements Applicable to the Major
Federal Program, Internal Control Over Compliance Required by OMB Circular A-133
Page 2

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which OMB Circular A-133 requires us to report, described in the accompanying schedule of findings as item 2013-003. This finding did not require us to modify our compliance opinion on each major federal program.

The City's response to our noncompliance finding is described in the accompanying corrective action plan. We did not audit the City's response and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Federal Awards Expenditures Required by OMB Circular A-133

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of City of Lancaster, Fairfield County, Ohio (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 25, 2014. We conducted our audit to opine on the City's' basic financial statements.

City of Lancaster
Fairfield County
Independent Auditor's Report on Compliance with Requirements Applicable to the Major
Federal Program, Internal Control Over Compliance Required by OMB Circular A-133
Page 3

We have not performed any procedures to the audited financial statements subsequent to June 25, 2014. The accompanying schedule of federal awards expenditures presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

On August 21, 2014, our office released the audit report dated June 25, 2014 for the City of Lancaster, for the year ending December 31, 2013. Subsequent to issuing that report, we became aware that the Schedule of Federal Awards Expenditures was materially misstated. This report and the accompanying revised Schedule of Federal Award Expenditures (schedule) replace the report and schedule for the City's fiscal year ended December 31, 2013, previously issued with our report dated on June 25, 2014. The schedule was revised to include \$9,501 of expenditures for Formula Grants for Other than Urbanized Areas (CFDA #20.509), which were previously omitted, and to remove \$2,349,350 of Highway Planning & Construction Grant (CFDA #20.205) expenditures which were erroneously included in the schedule. These modifications to the schedule resulted in Formula Grants for Other than Urbanized Areas (CFDA #20.509) to be designated as a major federal program. Subsequent to issuing our June 25, 2014 report, we determined this matter should have been included in Finding Number 2013-003, referenced above in the Other Matters paragraph.

Dave Yost Auditor of State Columbus, Ohio

June 25, 2014 and May 5, 2015.

THIS PAGE INTENTIONALLY LEFT BLANK

1. SUMMARY OF AUDITOR'S RESULTS

| (d)(1)(i) | Type of Financial Statement Opinion | Unmodified |
|--------------|--|---|
| (d)(1)(ii) | Were there any material control weaknesses reported at the financial statement level (GAGAS)? | No. |
| (d)(1)(ii) | Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)? | Yes. |
| (d)(1)(iii) | Was there any reported material noncompliance at the financial statement level (GAGAS)? | Yes. |
| (d)(1)(iv) | Were there any material internal control weaknesses reported for major federal programs? | No. |
| (d)(1)(iv) | Were there any significant deficiencies in internal control reported for major federal programs? | No. |
| (d)(1)(v) | Type of Major Programs' Compliance Opinion | Unmodified |
| (d)(1)(vi) | Are there any reportable findings under § .510(a)? | Yes. |
| (d)(1)(vii) | Major Programs (list): | CFDA # 20.205, Highway Planning & Construction CFDA # 20.509 Formula Grants for Other than Urbanized Areas |
| (d)(1)(viii) | Dollar Threshold: Type A\B Programs | Type A: > \$ 300,000 Type B: all others |
| (d)(1)(ix) | Low Risk Auditee? | No. |

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Finding Number 2013-001

Finding for Recovery- Repaid under Audit

NONCOMPLIANCE

The City has an agreement with the Lancaster Port Authority for the purchase of natural gas dated April 1, 2008. An amendment to this agreement was approved on July 1, 2010 where the City's contract purchase price was negotiated to set the contract price at index price minus a discount rate of \$0.3700 per MMBtu. In 2013, the discount rate was reduced to \$0.3600 per

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2013 (Continued)

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS (continued)

Finding Number 2013-001 (Continued)

Finding for Recovery-Repaid under Audit (Continued)

NONCOMPLIANCE (Continued)

MMBtu without having a second amendment to the contract approved. This resulted in the Lancaster Municipal Gas department expending an additional \$21,909 in expenditures for the purchase of natural gas above what was allowable under their purchase contract.

In accordance with the foregoing facts and pursuant to **Ohio Rev. Code Section 117.28**, a Finding for Recovery for public monies illegally expended is issued against Mike Pettit in the amount of \$21,909 and in favor of the City's Lancaster Municipal Gas Fund in the amount of \$21,909. The finding was re-paid in full on June 11, 2014 to the Lancaster Municipal Gas Fund during the audit.

Invoices submitted to the City's Auditor's office for payment do not include a breakdown of the index minus the discount rate. In order to help ensure the proper amounts are paid, documentation of breakdown amounts should be included on the invoice so that comparisons can be completed between amounts billed to the City and approved contract amounts.

Official's Response: The Finding concerns a complicated \$350 million prepay gas deal in which the City received a discount rate per unit of gas purchased in the amount of \$0.37, and it obligated the payment of administrative costs to Wells Fargo Bank. Mike Pettit, Lancaster Gas Superintendent and Executive Director of the Port Authority, acted upon the advice and counsel of Angela Weidell-LaBathe, Vice President of Wells Fargo Bank and trustee for the Lancaster Port Authority Gas Supply Variable Rate Revenue Bonds (Series 2008), and agreed to a reduction in the discount rate of \$0.01 in order to replenish the escrow account covering annual fees for the Moody's Evaluation Fee & Trustees Fees. This resulted in payment of \$21,909 to Wells Fargo without prior legislation. This amount was reimbursed to Lancaster Municipal Gas prior to the completion of the audit. We do not take exception to the Finding, but we are adamant that the action taken by Mr. Pettit was in good faith at the instruction of the trustee. We do take exception to the use of the term "illegally," as we believe that unjustly attaches the implication of malice or fraud to an activity that was, at its core, a procedural oversight.

AOS Conclusion: The Auditor of State concluded that the public office did not possess the legal authority for the expenditure in question since no amendment to the contract was approved.

Finding Number 2013-002

Financial Statement Reporting

SIGNIFICANT DEFICIENCY

Sound financial reporting is the responsibility of the City Auditor and the members of City Council and is essential to help ensure information provided to the readers of the financial statements is complete and accurate.

The following adjustments were posted to the audited financial statements, and where applicable, to the accounting records for the year ended December 31, 2013:

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2013 (Continued)

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS continued

Finding Number 2013-002 (Continued)

Financial Statement Reporting (Continued)

SIGNIFICANT DEFICIENCY (Continued)

- To increase accounts payable in the Municipal Gas fund by \$464,118 for projected accounts payable variances.
- To reclassify \$428,098 of restricted cash within the Water Pollution fund as nonrestricted cash

The following variances were identified during the audit but were not adjusted on the financial statements:

- To increase accounts payable in the following funds for projected accounts payable variances: General fund \$68,496; Water fund \$26,257; Water Pollution fund \$42,444; Sanitation fund \$25,057 and Storm Water fund by \$57,276.
- To reclassify \$378,156 unrestricted monies on the statement of net assets to show amounts restricted for public health.

Although the City has implemented various controls over financial reporting, the need to propose audit adjustments suggest controls may not be effective or operating as management intended.

We recommend the City Auditor and members of City Council review the financial statements as prepared in accordance with Generally Accepted Accounting Principles to help ensure controls function as intended allowing any misstatements to be detected and corrected in future reports.

Official's Response: The Significant Deficiency Finding 2013-002 was a GAAP reporting conversion error only and had no impact on the actual cash payments.

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2013 (Continued)

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

| Finding Number | 2013-003 |
|-----------------------------|---|
| CFDA Title and Number | #20.205 Highway Planning & Construction #20.509 Formula Grants for Other than Urbanized Areas |
| Federal Award Number / Year | 2013 |
| Federal Agency | U.S. Department of Transportation |
| Pass-Through Agency | Ohio Department of Transportation |

Federal Schedule Adjustments-

NONCOMPLIANCE

OMB Circular A-133 Subpart C, Section .310(B)(1)-(3) requires the auditee to prepare a schedule of expenditures of Federal awards (the schedule) for the period covered by the auditee's financial statements. At a minimum, the schedule shall provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.

During the 2014 audit, inaccuracies were identified in the City's 2013 federal schedule. Adjustments were made to the schedule prepared by the City in the Highway Planning & Construction Grant major federal program to decrease federal expenditures by \$2,349,350 and to increase expenditures for Formula Grants for Other than Urbanized Areas by \$9,501. The City's 2013 federal schedule has been adjusted and reissued to accurately reflect federal awards expenditures and both programs have been tested for compliance.

We recommend the City implement procedures to help ensure the Schedule of Federal Awards Expenditures is complete and accurate.

Official's Response:

The City reported the Highway Planning & Construction and the Formula Grants for Other than Urbanized Areas Federal monies that were paid out by ODOT in 2013 and were on the City's 2013 Federal Schedule because these were Federal monies spent on City infrastructure. ODOT would not give the City or State Auditors direction as to who was supposed to report these Federal dollars spent, City of Lancaster or ODOT. Due to ODOT's lack of direction, the City reported the money on its Federal Schedule. The City's 2013 Federal Schedule was sent to ODOT for review by the State Audit Staff to make sure that the City reported all Federal money appropriately. ODOT signed off on the City's 2013 Federal Schedule as accurate. The City and the State Audit Staff was informed by ODOT in April of 2015 that these Federal monies were reported on ODOT's Federal Schedule and should not have been reported on the City's Federal Schedule. I believe that the City should not receive a Noncompliance Finding for over reporting Federal monies because ODOT's failure to communicate who was supposed to report these monies. The City of Lancaster is diligent in tracking all Federal monies that are paid on behalf of the City by outside State Agencies.

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2013 (Continued)

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS (continued)

We can only report correctly when the State Agency that is paying out the Federal monies gives us the tools to do so. I believe that ODOT needs to be held accountable for their failure to disburse crucial information to Government Entities so these Federal monies can be reported appropriately.

Corrective action plan – The City will plan to contact ODOT staff on each project to determine the proper reporting requirements to help ensure accurate reporting on the City's federal schedule.

Auditor of State's Conclusion:

The Auditor of State's office did not request direction from the Ohio Department of Transportation (ODOT) during the 2013 audit to determine who was to report the program. In addition, we did not receive notification from the ODOT to indicate the City's 2013 Schedule of Federal Awards Expenditure was inaccurate.

OFFICE OF THE AUDITOR 104 E. Main St. Room 107 Lancaster, Ohio 43130 (740) 687-6611

Patricia Nettles, Auditor

June 25, 2014

To the Citizens and Elected Officials of Lancaster, Ohio:

I am pleased to present to you the Comprehensive Annual Financial Report (CAFR), of the City of Lancaster, Ohio, for the year ended December 31, 2013.

While there is no legal requirement for the preparation of this report, it represents a commitment by the City of Lancaster to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. I believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operation of the City; and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been presented.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Lancaster's MD&A can be found immediately following the Independent Auditor's Report.

The Reporting Entity

The City of Lancaster is a statutory city operating under the provisions of the Ohio Revised Code which provides for an elected Mayor, Auditor, Treasurer, Law Director, President of Council, Council (six elected from wards and three at-large members), two Judges of the Municipal Court and a Municipal Court Clerk.

Lancaster is a full-service City, and in order to provide necessary services to its citizens, the City of Lancaster is divided into departments. Services provided include full time police and fire protection, health services and clinic, park and recreational activities, city owned gas company, solid waste disposal, sewage collections and treatment, water treatment and distribution, street maintenance and repair and traffic control. These activities are provided by the City Council through the budgetary process and other elected officials through administrative and managerial policies and procedures and by the statutes of the State of Ohio.

The City's reporting entity includes the financial activities of the Lancaster Port Authority, a blended component unit.

The City participates in the following Jointly Governed Organizations: Fairfield Metropolitan Housing Authority, Lancaster-Fairfield Community Action Agency, Fairfield Regional Planning Commission, Fairfield County Family, Adult and Children First, Fairfield County Multi-System Youth Committee, Community Corrections Board, and Fairfield-Hocking Major Crimes Investigation Unit.

The Lancaster City School District, under the Board of Education, and the Fairfield Medical Center are separate and independent entities and as such, are not included in this report.

A complete discussion of the City's reporting entity is provided in Note 1 of the Notes to the Basic Financial Statements.

City Overview

The City of Lancaster is the county seat of Fairfield County and is located in central Ohio approximately thirty miles southeast of Columbus.

History abounds in Lancaster and the surrounding area. Colonel Ebenezer Zane, a famous trailblazing pioneer and soldier, is generally considered the founding father of Lancaster. In 1796, Zane petitioned Congress to grant him a contract to open a road through Ohio, a distance of two hundred sixty-six (266) miles, which stretched from Wheeling, West Virginia, to Limestone, Kentucky, (1797 "ZANES TRACE" opened). In payment for Zane's work, he received three square mile tracts of land where Lancaster now stands. He sold some of his real estate and the town began to take root and was named New Lancaster. His two sons, Noah and John, laid out the original town from Pearl Street on the east to Front Street (now Memorial Drive) on the west and included Chestnut, Main, Wheeling and Mulberry Streets running east and west between Pearl and Front Streets. The town was named New Lancaster at the request of the early German settlers from Lancaster, Pennsylvania, but was shortened to Lancaster in 1805.

Items of Local Interest

The City of Lancaster is known for its excellent park system, including Rising Park and Mount Pleasant. General William T. Sherman was born in Lancaster, and his home on downtown Main Street is maintained by the State of Ohio as a Civil War Museum. Other important men who have called Lancaster home are U.S. Senator Thomas Ewing and three Governors of Ohio, William Medill, John Brough and John Brown.

Culture and Education

Lancaster is home to the annual Lancaster Festival, the Zane Square Festival and the Fairfield Heritage annual tour of beautiful and historic buildings and homes. The Lancaster Public Library is second-to-none and offers full library services. In addition to the excellent public school system, grades K-12, operated by the Lancaster Board of Education, Ohio University maintains a branch college in the City and offers a variety of Associate, Bachelor and Masters Degree opportunities as well as continuing education programs. The Fairfield County Fair is held in Lancaster every year in the month of October and is the last county fair each year in the State of Ohio.

ECONOMIC CONDITION AND OUTLOOK

2013 was a year of major announcements as the investment in the City continues to build upon other recent successes. Lancaster City Schools is building five new elementary buildings at a cost of over \$80,000,000. The buildings will include todays' technologies to better educate students and prepare them for a world of fast paced change. The Fairfield Medical Center began construction of a \$35,000,000 Surgical Wing and Bed expansion. The hospital will complete renovations of existing rooms as well and all rooms will be individual rooms upon completion. Medical technology is one of the fastest technologies to change and FMC is the leader in Southeastern Ohio to continually adapt to those changes. The Veterans Administration relocated to a larger, more centralized facility and one that was updated by approximately \$500,000 in improvements. The City of Lancaster will invest approximately \$7,000,000 in renovations in an existing building in Downtown Lancaster to house Municipal Courts operations. The facility is much needed as current operations are spread around multiple areas in Lancaster City Hall making security a real concern.

The City also is investing in roadway improvements. Lancaster residents passed a ten-year levy that is solely used for street improvement. A recently completed bikeway that traverses the City also enhances transportation and good health for our residents.

Industrially, the infrastructure the City has built has begun to produce new manufacturing. Phoenix Electrotek, Precision CNC, and Cyclone Power all located in Lancaster in 2013. Other expansions that happened in 2013 are Retriev Technologies and, SRI Ohio.

Retail expansion continues its fast pace. A number of new restaurants, Big Sandy Furniture and Appliances, and ALDI Foods are under construction for 2014 openings.

Lancaster's history of being a manufacturing town is expected to be even more successful as manufacturers are reinvesting in America and bringing production to our heartland. Our marketing efforts with the Fairfield 33 Development Alliance and partners Columbus 2020 are reaching a broad market globally with good leads and site visits from China to Germany and Virginia to California.

Long-term Financial Planning:

The City of Lancaster citizens passed a ten-year 3 mill property tax levy to support the City's ten-year street improvement plan. The ten-year street improvement and ten year STP (Surface Transportation Program) project plans will work together to help the City maintain the street and bridge repairs or replacements that are on the ten-year street improvement plan by trying to utilize the STP funds to help pay for the projects.

The City of Lancaster purchased the Columbian building to renovate for the future site of the Fairfield County Municipal Court. The City will be financing a thirty-year General Obligation Bond to renovate the Columbian building which will be paid from the Courts Special Projects Fund.

MAJOR INIATIVES

Lancaster is one of five "Large Cities" outside of the designated Metropolitan Planning Organizations areas that the Ohio Department of Transportation provides an annual apportionment of federal surface transportation program funds (STP). The use of those funds is limited to Federal-Aid Off-System streets, but those eligible streets are the City's major streets. The funding provides 80 percent of the project costs with the City being responsible for the local 20 percent match. The City has programmed the use of federal surface transportation program (STP) funds for several street rehabilitation projects.

The Pierce Avenue/Fair Avenue Intersection Improvements (FAI-CR54-4.00, PID 92066) will use STP funds to upgrade this major intersection. The project will upgrade the traffic signal equipment and bring the equipment and curb ramps into conformity with current American with Disabilities (ADA) standards. The pavement in the intersection will be resurfaced and curb replacement will also be constructed. Design work began at the end of 2012, with Stage 2 plans having been reviewed; it is in the environmental review stage at year's end.

Another much needed project to use STP funds is the West Fair Avenue/Collins Road Improvements (FAI-CR54/CR68-VAR, PID 94748). This is a "mill and fill" resurfacing project of Collins Road from Fair Avenue north to the railroad and of West Fair Avenue from the railroad to Memorial Drive. The project will include other ancillary work such as pavement repairs, guardrail replacement, traffic sign replacement and curb ramps. Stage 2 project plans were complete at year's end, with a late summer 2014 bid anticipated. The Department of Engineering completed applications to obtain a State Capital Improvement Program loan to cover the local match amount.

The Ohio Department of Transportation (ODOT) designed and let a major contract for the "mill and fill" resurfacing for all of US 22 and SR 158 in the City, and also for SR 37 West and SR 188 East in the City. Other ancillary work is also part of this project. ODOT is performing the project under its Urban Paving Program (UPP) where it pays for 80 percent of the eligible project costs. The City is using its STP funds to cover its local 20 percent match to UPP funds, and is also using STP funds to cover 80 percent of the non-UPP eligible costs. ODOT bid the project in June 2013 and work began late summer of 2013 with work to be completed in July 2014. The low bid on the project was \$7.59M.

The Departments of Engineering and Transportation prepared a 10-year plan of street improvements to its Federal-Aid streets utilizing those STP funds. The plan was submitted to the Ohio Department of Transportation (ODOT) to ensure ODOT the City intends to use those funds. ODOT must approve the use of the STP funds before the City can proceed with a project.

The City of Lancaster filed for funding with ODOT via the Municipal Bridge Program in 2008. The project is being designed in-house. Stage #2 plans were submitted to ODOT District 5 early 2014. The environmental document is being prepared by ODOT District 5 and is in progress. Construction is estimated to take place summer of 2015.

A citizens group spearheaded a successful street levy proposal that will provide \$2M per year for the next ten years for street projects in the City. The City will begin receiving the revenues from this 3.0 mil property tax in 2014. The street levy is much needed since there were limited funds for street maintenance programs, no funds for a local street paving programs and no funds to provide local match monies to outside grants; the City was using outside funding sources to provide match to fund needed projects.

At year's end, the Departments of Engineering and Transportation were working to prepare plans and bidding documents for the 2014 Street Improvement Program that will resurface local streets in several neighborhoods. Also, plans were being developed for using some of the street levy funds to provide for street maintenance activities such as micro-surfacing and an alley maintenance program.

The City submitted an application for a Hazard Mitigation Grant through the Ohio Emergency Management Agency for the Union Mulberry area on the west side of town. This area is subject to surcharged storm sewers during heavy rain. The pre-application was approved for the first portion of the project east of Brumfield Road. The application is currently under review by FEMA for a 2014 grant award.

Amendments to the federal Clean Water Act have directed pollution mitigation efforts to other water pollution sources, one being combined sewer overflows (CSO's). Older cities like Lancaster have combined sewers that carry both sanitary and storm flows in the same conduits. During and after rain events those sewers become filled beyond capacity and the system outlets the excess flow to streams and rivers. Those outlet points are CSO's. The CSO's are permitted under the City's recently issued National Pollution Discharge Elimination System (NPDES) permit. However, under the new permit, the City is required to reduce the number of overflow events at its CSO's. Prior to the new permit, the City retained a consulting engineer to develop a plan of improvements and schedule for construction of those improvements to meet the stricter permit conditions. The City and the Ohio Environmental Protection Agency finalized negotiations of this pollution mitigation plan, and that plan is part of the City's NPDES permit. The City anticipates spending \$70M over the next fifteen years to construct the required improvements to the City's sewerage system. To date the City has reduced the number of CSO locations from 33 in 1995 to 9 at the end of 2013 with completion of the Forest Rose Sewer Separation, Whiley Walnut Sewer Separation and CSO 1026 relief sewer. A major cleaning project for the Hocking River interceptors to restore capacity will start in 2014. The South Broad Street express sewer is under design for bidding in late 2014. A revision to the Long Term Control Plan will be completed in 2014.

The Division of Water continues to work on the East Main St SR 37/US22 loop. The SR 37 and Snoke Hill Road sections of the water line were constructed in 2012. The US 22 portion of the project was constructed in 2013. A small interconnection to connect the two lines is scheduled for 2014.

In 2013, the City entered into a ten-year maintenance agreement for the various water storage tanks. Initial work will include inspection and evaluation with needed maintenance and repairs included in the contract.

The City formerly utilized Clean Ohio Revitalization Funds to remediate the former Frick-Gallagher Manufacturing/Ray-O-Vac Facility on South Ewing Street. The clean-up was completed in 2012, and the property was turned over to the Lancaster Port Authority to market for industrial uses. In 2013 the City's Economic Development Department, working with the Lancaster Port Authority, developed improvement plans to convert the site into an industrial subdivision. The project was bid in late 2013, but no bids were received. The Engineering Department assisted the Economic Development Department by re-designing the site so that various utilities could be sent out for bid. Construction is set to take place spring 2014.

Fairfield County Municipal Court shares historic City Hall with the Mayor's Office, Service-Safety Director, City Auditor, City Treasurer and City Utilities Collection Office. In 2008, the Court began earmarking funds in its "Special Projects Fund" for the purpose of establishing a funding source for a new facility in the future. The Court was made aware of the availability of a historic downtown Lancaster building, known as The Columbian. Following a court-commissioned feasibility study of the building and a review of Special Projects Fund revenues, the Court increased court costs by \$10/case effective July 1, 2011. The City Administration and City Council were extremely supportive of the Court's intention to purchase the building and repurpose it for the Municipal Court. The Court officially purchased The Columbian on April 30, 2012. The estimated total project cost is \$9 million +/-, including purchase of the building. Hard costs of \$8 million +/- (including demolition & construction) will be paid from bonds, with debt service borne by the Court's Special Projects Fund annual revenues. A selection committee comprised of City, County and public representatives selected the architectural firm of Brandstetter Carroll as the project's architect and the City entered into contract with the firm in July, 2012. Elford Construction was selected as construction manager in October, 2013. Contractor bids are currently under review and \$8.3 million general obligation bonds were issued in June, 2014, with construction to start shortly thereafter. There is an approximate 12-month construction schedule.

The City also purchased the former Frick-Gallagher Manufacturing Facility on South Ewing Street in late 2007. A Phase I Environmental Site Investigation was performed at the site in 2002 and a Clean Ohio Assistance Fund grant funded additional studies of the site in 2010. The City was awarded a Clean Ohio Revitalization Fund grant to remediate the site. Site remediation work began in 2011. Some environmental concerns have temporarily suspended the work for further study. Work resumed and was completed in 2012. Preliminary site development plans from the Lancaster Port Authority were under review at year's end to convert the site to an industrial subdivision.

FINANCIAL INFORMATION

Internal Control, Budgetary Control and the Accounting System

Development of the City's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance of the following:

- 1. The City's assets are protected against loss and unauthorized use or disposition.
- 2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

- 1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation.
- 2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and the Auditor's Office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

The Auditor's Office is responsible for the auditing and analysis of all purchase orders of the City. Personnel of the Auditor's Office carefully review purchase orders to help ensure the availability of monies in the proper funds and accounts prior to the certification and subsequent payment of approved invoices. The City utilizes a fully-automated accounting system as well as, an automated system of controls for capital asset accounting and payroll. These systems, coupled with the review and examination performed by the City Auditor's Office, help ensure that the financial information generated is both accurate and reliable.

Budgetary control is maintained at the object level for each department within each fund via legislation approved by City Council. Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year, which coincides with the calendar year.

OTHER INFORMATION

Independent Audit

This report includes an unmodified audit report regarding the City's financial statements. The audit was conducted by Dave Yost, Auditor of State. The Auditor's Report on the basic financial statements is included in the financial section of this report. The Auditor's report relating to the Federal Single Audit Act of 1996 is issued separately.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ending December 31, 2012. This was the twenty-sixth year the City has won this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. I believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program's requirements, and I am again submitting it to the GFOA to determine its eligibility for another certificate.

Public Disclosure

The publication of this Comprehensive Annual Financial Report is indicative of the City's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Lancaster, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the City to improve its overall financial accounting, management and reporting capabilities.

Letter of Transmittal For the Year Ended December 31, 2013

Acknowledgments

A special thanks is extended to my staff Amy Burwell, Jody Sheets, Paula Wahl, and Anitra Scott Deputy Auditors, for their assistance in compiling the cash reports and other data. I would like to thank Donald J. Schonhardt & Associates, Inc. for their professional guidance and many hours of hard work that went into preparing this report. The cooperation of many people is required to produce a quality product such as this CAFR.

Sincerely,

Patricia Nettles City Auditor

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

City of Lancaster Fairfield County 104 East Main Street Lancaster, Ohio 43130

To the members of City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lancaster, Fairfield County, Ohio, (the City), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the Lancaster Port Authority, which represent 78 percent, 96 percent, and 16 percent, respectively, of the assets, net position, and revenues of the business type activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for business type activities, is based solely on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement. The other auditors audited the financial statements of the Lancaster Port Authority in accordance with auditing standards generally accepted in the United States of America and in accordance with Government Auditing Standards.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control.

City of Lancaster Fairfield County Independent Auditor's Report Page 2

Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Lancaster, Fairfield County, Ohio, as of December 31, 2013, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General and .45 Police & Fire Levy Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

City of Lancaster Fairfield County Independent Auditor's Report Page 3

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Dave Yost Auditor of State

Columbus, Ohio

June 25, 2014

THIS PAGE INTENTIONALLY LEFT BLANK

Unaudited

The discussion and analysis of the City of Lancaster's financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2013. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2013 are as follows:

- □ In total, net position decreased \$1,298,895. Net position of governmental activities increased \$6,014,734 which represents a 13.4% increase from 2012. Net position of business-type activities decreased \$7,313,629 or 68.0% from 2012.
- □ General revenues accounted for \$23,928,030 in revenue or 27.2% of all revenues. Program specific revenues in the form of charges for services, and grants and contributions accounted for \$63,925,134, 72.8% of total revenues of \$87,853,164.
- □ The City had \$33,097,751 in expenses related to governmental activities; only \$15,184,455 of these expenses were offset by program specific charges for services, grants or contributions.
- □ Among major funds, the general fund had \$17,396,348 in revenues and other financing sources and \$16,095,978 in expenditures and other financing uses. The general fund's fund balance increased from \$5,433,903 to \$6,712,201.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis, the basic financial statements, and an optional section that presents combining and individual statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

- 1. <u>The Government-Wide Financial Statements</u> These statements provide both long-term and short-term information about the City's overall financial status.
- 2. <u>The Fund Financial Statements</u> These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Unaudited

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the City's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net-position (the difference between the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources) is one way to measure the City's financial health or position.

- Over time, increases or decreases in the City's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as the City's tax base and the condition of the City's capital assets.

The government-wide financial statements of the City are divided into two categories:

- <u>Governmental Activities</u> Most of the City's program's and services are reported here including security of persons and property, public health and welfare services, leisure time activities, community environment, transportation and general government.
- <u>Business-Type Activities</u> These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's gas, water, water pollution, storm water and sanitation services are reported as business-type activities.

Fund Financial Statements

Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes. The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed, short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The City's major funds are the General Fund, the .45 Police and Fire Levy Fund and the Capital Improvement Fund. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Unaudited

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match. The proprietary fund financial statements provide separate information for the Gas, Water, Water Pollution, Sanitation, Storm Water, and Port Authority funds, all of which are considered major funds.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. All of the City's fiduciary activities are reported in a separate Statement of Assets and Liabilities.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a summary of the City's net position for 2013 compared to 2012:

| Activities Activities Total Current and other assets \$31,083,268 \$28,455,972 \$501,255,943 \$518,073,925 \$532,339,211 \$546,529,897 Capital assets, Net 42,498,900 38,297,487 124,703,399 127,153,208 167,202,299 165,450,695 Total assets 73,582,168 66,753,459 625,959,342 645,227,133 699,541,510 711,980,592 Deferred outflows of resources 0 0 134,170,385 137,380,372 134,170,385 137,380,372 Long-term debt outstanding 13,379,661 14,475,976 412,429,600 421,496,172 425,809,261 435,972,148 Other liabilities 4,905,657 4,620,273 137,740,441 141,342,600 142,646,098 145,962,873 Total liabilities 18,285,318 19,096,249 550,170,041 562,838,772 568,455,359 581,935,021 Deferred inflows of resources 4,465,105 2,840,199 206,510,285 209,005,703 210,975,390 211,845,902 Net position: Net investment in capital as | | Governi | mental | Busines | ss-type | | |

Governmental Activities

Net position of the City's governmental activities increased by \$6,014,734. This increase is due to a \$3,004,032 increase in capital grants and contributions due to grants for street improvements. In addition, the expense for the City's pollution remediation projects decreased by \$1.6 million in 2013 compared to 2012.

The City receives an income tax, which is based on 1.75% of all salaries, wages, commissions and other compensation and on net profits earned from those working in the City.

Income taxes and property taxes made up 45.9% and 6.7% respectively of revenues for governmental activities for the City in fiscal year 2013. The City's reliance upon tax revenues is demonstrated by the following graph indicating 54.21% of total revenues from general tax revenues:

| | | Percent |
|--------------------------------|--------------|----------|
| Revenue Sources | 2013 | of Total |
| General Tax Revenues | \$21,203,568 | 54.21% |
| Unrestricted Intergovernmental | 1,794,651 | 4.59% |
| Program Revenues | 15,184,455 | 38.82% |
| General Other | 929,821 | 2.38% |
| Total Revenue | \$39,112,495 | 100.00% |

Business-Type Activities

Net position of the business type activities decreased by \$7,313,629. This decrease was the result of recognizing the consumption of the current year portion of the prepaid gas supply. The decrease was partially offset by maintaining revenues over expenses in most of the other business-type activities funds.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City's governmental funds reported a combined fund balance of \$14,924,637, which is an increase from last year's balance of \$13,762,738. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2013 and 2012:

| | December 31, 2013 | December 31, 2012 | (Decrease) |
|--------------------------|-------------------|-------------------|-------------|
| General | \$6,712,201 | \$5,433,903 | \$1,278,298 |
| .45 Police and Fire Levy | (540,425) | 0 | (540,425) |
| Capital Improvement | (366,169) | 493,684 | (859,853) |
| Other Governmental | 9,119,030 | 7,835,151 | 1,283,879 |
| Total | \$14,924,637 | \$13,762,738 | \$1,161,899 |
| | | | |

General Fund – The City's General Fund balance increase is due to several factors. The tables that follow assist in illustrating the financial activities of the General Fund:

| | 2013 | 2012 | Increase |
|-----------------------------|--------------|--------------|---------------|
| | Revenues | Revenues | (Decrease) |
| Taxes | \$11,720,028 | \$17,555,943 | (\$5,835,915) |
| Intergovernmental Revenue | 1,659,844 | 2,020,903 | (361,059) |
| Charges for Services | 2,893,851 | 2,895,955 | (2,104) |
| Licenses, Permits, and Fees | 20,760 | 25,770 | (5,010) |
| Investment Earnings | 111,823 | 297,793 | (185,970) |
| Fines and Forfeitures | 779,170 | 812,108 | (32,938) |
| All Other Revenue | 190,121 | 175,824 | 14,297 |
| Total | \$17,375,597 | \$23,784,296 | (\$6,408,699) |

General Fund revenues in 2013 decreased approximately 26.9% compared to revenues in 2012. This is almost entirely due to the addition of two new funds to account for income tax revenue to be used for police and fire department Intergovernmental revenues were down due to a decrease in Local Government Revenue funds distributed by the State and a fire department grant received in 2012.

| | 2013 | 2012 | Increase |
|------------------------------------|--------------|--------------|---------------|
| | Expenditures | Expenditures | (Decrease) |
| Security of Persons and Property | \$8,651,936 | \$15,263,140 | (\$6,611,204) |
| Public Health and Welfare Services | 285,710 | 262,250 | 23,460 |
| Community Environment | 149,438 | 245,283 | (95,845) |
| General Government | 5,904,463 | 5,601,946 | 302,517 |
| Debt Service: | | | |
| Principal Retirement | 91,026 | 54,014 | 37,012 |
| Interest and Fiscal Charges | 70,854 | 61,935 | 8,919 |
| Total | \$15,153,427 | \$21,488,568 | (\$6,335,141) |

General Fund expenditures decreased by \$6,335,141 or 29.5% compared to the prior year. This is almost entirely due to the addition of two new funds to account for police and fire department operations.

.45 Police and Fire Levy Fund – The decrease in fund balance is due to tax revenue which is not received in the period of availability.

Capital Improvement Fund – The decrease in fund balance is from transfers of funds to new funds created for street projects and to account for a fire levy income tax.

Unaudited

Proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Factors concerning the finances of these funds have been addressed in the discussion of the City's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2013, the City amended its General Fund budget several times. The final budget basis expenditures of \$21,932,719 did not change significantly from the original budget. The positive variance with the final budget of \$2.2 million was the result of the City budgeting at full staffing levels but the City has not filled the vacancies that existed in 2013. All General Fund departments are being conservative on their spending.

For the General Fund, final budget basis revenue of \$19,441,534 did not significantly change from the original budget estimates. The positive variance with final budgeted revenues of \$1.6 million was a result of increased Income Tax collections because of large construction projects beginning in 2013. The City termed out an inter-fund advance by issuing debt for the Aerial Platform Fire Truck along with the City receiving unanticipated Estate Tax and Homestead Rollback real estate settlements.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal 2013 the City had \$167,202,299 net of accumulated depreciation invested in buildings, equipment and vehicles. Of this total, \$42,498,900 was related to governmental activities and \$124,703,399 to the business-type activities. The following table shows 2013 and 2012 balances:

| | Governm Activit | Increase (Decrease) | |
|-----------------------------------|--------------------|------------------------|-------------|
| | 2013 | 2012 | |
| Land | \$18,055,298 | \$17,962,047 | \$93,251 |
| Construction In Progress | 3,861,034 | 1,831,328 | 2,029,706 |
| Buildings | 7,774,652 | 7,661,724 | 112,928 |
| Improvements Other than Buildings | 7,698,515 | 5,691,141 | 2,007,374 |
| Machinery and Equipment | 4,633,283 | 4,312,700 | 320,583 |
| Vehicles | 6,018,633 | 5,909,118 | 109,515 |
| Infrastructure | 21,307,458 | 21,132,163 | 175,295 |
| Less: Accumulated Depreciation | (26,849,973) | (26,202,734) | (647,239) |
| Totals | \$42,498,900 | \$38,297,487 | \$4,201,413 |

The primary increases occurred in construction in progress for street improvements and improvements other than buildings with the completion of the bike trail.

Debt

At December 31, 2013, the City had \$4,360,000 in general obligation bonds outstanding, \$485,000 due within one year; \$356,703,101 in revenue bonds outstanding, \$5,120,000 due within one year; and \$52,496,243 in Ohio Water Development Authority Loans outstanding, \$4,548,078 due within one year. The following table summarizes the City's debt outstanding as of December 31, 2013 and 2012:

| | 2013 | 2012 |
|--|---------------|---------------|
| Governmental Activities: | | |
| General Obligation Bond Payable | \$4,360,000 | \$4,835,000 |
| Special Assessment Bond | | |
| with Government Commitment | 191,000 | 210,000 |
| Housing and Urban Development Loan | 310,000 | 400,000 |
| Ohio Public Works Commission Loan | 45,646 | 54,775 |
| State Infrastucture Bank Loan | 314,502 | 464,867 |
| Ohio Water Development Authority Loans | 361,723 | 376,754 |
| Installment Loan Payable | 1,695,230 | 1,492,108 |
| Compensated Absences | 4,622,037 | 4,487,822 |
| Capital Leases | 114,214 | 184,820 |
| Pollution Remediation Obligation | 1,365,309 | 1,969,830 |
| Total Governmental Activities | \$13,379,661 | \$14,475,976 |
| Business-Type Activities: | | |
| Ohio Water Development Authority Loans | \$52,134,520 | \$56,434,105 |
| Revenue Bonds Payable | 356,703,101 | 361,341,879 |
| Landfill Postclosure Care Liability | 1,271,343 | 1,350,508 |
| Capital Leases | 280,665 | 325,974 |
| Compensated Absences | 2,039,971 | 2,043,706 |
| Total Business-Type Activities | \$412,429,600 | \$421,496,172 |
| Totals | \$425,809,261 | \$435,972,148 |

Under current state statutes, the City's general obligation bonded debt issues are subject to a legal limitation based on 10.5% of the total assessed value of real and personal property. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total assessed value of property. At December 31, 2013, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 13.

ECONOMIC FACTORS

Lancaster is home to a diversified community of businesses. The more than 150 manufacturing operations in the area are supported by an equal number of service operations that provide a comprehensive network of support. In 2013, the City of Lancaster had large construction projects begin but will be completed in 2014 and 2015. We have the Lancaster City Schools breaking ground for new elementary schools, the Fairfield Medical Center began construction on their expansion, and construction began on the River Valley Mall for a new movie theater.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Ms. Patricia Nettles, City Auditor of the City of Lancaster.

Reconciliation Of Total Governmental Fund Balances To Net Position Of Governmental Activities December 31, 2013

| Total Governmental Fund Balances | \$ | 14,924,637 |
|---|----------|--------------|
| Amounts reported for governmental activities in the statement of net position are different because | | |
| Capital Assets used in governmental activities are not | | |
| resources and therefore are not reported in the funds. | | 41,661,230 |
| Other long-term assets are not available to pay for current- | | |
| period expenditures and therefore are deferred in the funds. | | 4,439,582 |
| Internal Service Funds are used by management to charge the costs | | |
| of insurance and information services to individual funds. | | |
| The assets and liabilities of the internal service funds are | | |
| included in governmental activities in the statement of net position. | | 2,850,828 |
| Long-term liabilities, including bonds payable, are not due | | |
| and payable in the current period and therefore are not | | |
| reported in the funds. | | |
| Housing and Urban Development Loan Payable (310,000 |) | |
| Special Assessment Bonds Payable (191,000 |) | |
| Ohio Public Works Commission Loans Payable (45,646 |) | |
| General Obligation Bonds Payable (4,360,000 |) | |
| State Infrastructure Bank Loan Payable (314,502 |) | |
| Ohio Water Development Authority Loan Payable (361,723 |) | |
| Installment Loan (1,451,945 |) | |
| Pollution Remediation Obligation (1,365,309 |) | |

Reconciliation Of The Statement Of Revenues, Expenditures And Changes In Fund Balances Of Governmental Funds To The Statement Of Activities For the Year Ended December 31, 2013

| Net Change in Fund Balances - Total Governmental Funds | | \$ 1,179,299 |
|---|------------------|-----------------|
| Amounts reported for governmental activities in the statement of activities are different because | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as capital outlays. This is the amount by which capital outlay exceeded depreciation expense in the current period. Capital Outlay | 5,314,130 | |
| Depreciation Expense | (1,804,280) | 3,509,850 |
| The net effect of various miscellaneous transactions involving capital assets (i.e. disposals and donations) is to increase net position Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources. | 247,106 | |
| The statement of activities reports losses arising from the disposal of capital assets. Conversely, the governmental funds do not report any loss on the disposal of capital assets. | (21,983) | 225,123 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | | 165,835 |
| The issuance of long-term debt (e.g. notes, leases) provides current financial resources to governmental funds, but has no effect on net position. Capital Lease Payable | (20,751) | |
| Installment Loan Payable | (470,575) | (491,326) |
| Repayment of bond and loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. | | |
| Housing and Urban Development Loan Payable | 90,000 | |
| Special Assessment Bonds Payable | 19,000 | |
| Ohio Public Works Commission Loans Payable General Obligation Bonds Payable | 9,129 475,000 | |
| Ohio Water Development Authority Loan Payable | 15,031 | |
| Installment Loan Payable | 210,738 | |
| State Infrastructure Bank Loan Payable | 150,365 | |
| Pollution Remediation Obligation Payable | 604,521 | |
| Capital Leases Payable | 91,357 | 1,665,141 |
| In the statement of activities, interest is accrued on outstanding bonds, whereas in | | |
| governmental funds, an interest expenditure is reported when due. | | 4,725 |

(Continued)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated Absences (147,513)

Change in Inventory (17,400) (164,913)

Internal Service Funds used by management to charge the costs of insurance, information services to individual funds are not reported in the statement of activities. Governmental fund expenditures and related internal service revenues are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities.

(79,000)

Change in Net Position of Governmental Activities

\$ 6,014,734

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Lancaster, Ohio (the "City") was incorporated in 1831 under the laws of the State of Ohio. The Citizens elect Council members (six wards, three at large and a president) who serve two year terms, and the Mayor, City Auditor, City Solicitor and City Treasurer who all serve four year terms. In addition, two municipal court judges are elected to serve six year terms.

The financial statements are presented as of December 31, 2013 and for the year then ended, and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

A. Reporting Entity

The accompanying basic financial statements comply with the provisions of the GASB Statement No. 14, "The Financial Reporting Entity," in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

The City's financial reporting entity includes a blended component unit, the Lancaster Port Authority, as well as, all funds, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, parks and recreation, cemetery department, planning, zoning, street maintenance, basic utility (water, sewer, electric, gas, and refuse) and other governmental services. The Port Authority, although a legally separate entity, provides services almost entirely to the City by financing the purchase of gas supply for the Gas Fund. The Executive Director of the Port Authority also serves as the General Manager to the Lancaster Municipal Gas Department. In addition, the City Treasurer voluntarily serves as the Treasurer to the Port Authority. Separately issued financial statements can be obtained from Lancaster Port Authority, 104 East Main Street, Lancaster, OH 43130.

The City participates in several Jointly Governed Organizations and an Insurance Pool that are further described in Notes 20 and 21.

B. <u>Basis of Presentation - Fund Accounting</u>

The accounting system is organized and operated on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures or expenses. The following fund types are used by the City:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. <u>Basis of Presentation - Fund Accounting</u> (Continued)

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's major governmental funds:

<u>General Fund</u> - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>.45 Police and Fire Levy Fund</u> – This fund is used to account for a .45% voted income tax levy to be used for the operations of the Police and Fire Departments.

<u>Capital Improvement Fund</u> – This fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Proprietary Funds

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net position.

<u>Enterprise Funds</u> - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

<u>Gas Fund</u> – This fund is used to account for the operation of the City's gas service.

Water Fund – This fund is used to account for the operation of the City's water service.

<u>Water Pollution Fund</u> – This fund is used to account for the operation of the City's sanitary sewer service.

<u>Sanitation Fund</u> – This fund is used to account for the operation of the City's solid waste collection and disposal service.

<u>Storm Water Fund</u> – This fund is used to account for the operation of the City's storm water drainage service.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

<u>Port Authority Fund</u> – This fund is used to account for the operation of the City's economic development.

<u>Internal Service Funds</u> - These funds are used to account for the utilities billing services, information services, and health insurance services provided to other departments or agencies of the governmental unit on a cost-reimbursement basis.

Fiduciary Funds

Agency Funds - These funds are used to account for assets held by a governmental unit as an agent for individuals, private organizations or other governmental units. The agency funds account for deposits held from individuals who intend to excavate portions of the streets or sidewalks, municipal court collections that are distributed to the state and various local governments, and fee collections to be distributed to the law library. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

C. <u>Basis of Presentation – Financial Statements</u>

<u>Government-wide Financial Statements</u> – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal Service fund activity is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. <u>Basis of Presentation – Financial Statements</u> (Continued)

<u>Fund Financial Statements</u> – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which the City considers to be 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Revenues considered susceptible to accrual at year end include income taxes, interest on investments, and state levied locally shared taxes, including motor vehicle license fees and local government assistance. Other revenues, including licenses, permits, certain charges for services, and miscellaneous revenues are recorded when received in cash, because generally these revenues are not measurable until received.

The accrual basis of accounting is utilized for reporting purposes for the government-wide, the proprietary fund and the fiduciary fund financial statements. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds other than agency funds and the Drug Enforcement Fund (special revenue fund) are legally required to be budgeted and appropriated; however, only the general fund and major special revenue funds are required to be reported. The primary level of budgetary control is at the object level within each department. Budgetary modifications may be made only by ordinance of the City Council. More detailed appropriation allocations may be made by the City Auditor as long as the allocations are within Council's appropriated amount.

1. Tax Budget

The Mayor submits an annual tax budget for the following fiscal year to City Council by July 15 for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

2. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2013.

3. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the fund, department and object level (the legal level of control). The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified by the County Budget Commission. The allocation of appropriations among departments and objects within a fund may only be modified during the year by an ordinance of City Council. During 2013, several supplemental appropriations were legally enacted by Council. Administrative control is maintained through the establishment of more detailed line-item budgets. The amounts reported as the original budget amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The budgetary figures which appear on the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual" are presented on a budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

4. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

5. Budgetary Basis of Accounting

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary cash basis statements for the general fund and major special revenue fund:

| Net Change in Fund Balance | | | | |
|----------------------------|-------------|----------------|--|--|
| | General | .45 Police and | | |
| | Fund | Fire Levy Fund | | |
| GAAP Basis (as reported) | \$1,300,370 | (\$540,425) | | |
| Increase (Decrease): | | | | |
| Accrued Revenues at | | | | |
| December 31, 2013 | | | | |
| received during 2014 | (2,360,964) | (443,184) | | |
| Accrued Revenues at | | | | |
| December 31, 2012 | | | | |
| received during 2013 | 3,570,821 | 0 | | |
| Accrued Expenditures at | | | | |
| December 31, 2013 | | | | |
| paid during 2014 | 798,774 | 983,609 | | |
| Accrued Expenditures at | | | | |
| December 31, 2012 | | | | |
| paid during 2013 | (1,812,936) | 0 | | |
| 2012 Prepaids for 2013 | 45,028 | 0 | | |
| 2013 Prepaids for 2014 | (47,637) | 0 | | |
| Adjustment to Fair Value | 170,594 | 0 | | |
| Outstanding Encumbrances | (289,543) | 0 | | |
| Budget Basis | \$1,374,507 | \$0 | | |

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, the State Treasury Asset Reserve (STAR Ohio) and certificates of deposit with original maturity dates of three months or less. See Note 4, "Cash, Cash Equivalents and Investments."

The City pools its cash, except for that held by fiscal and escrow agents and fiduciary fund cash and investments, for maximum investing efficiency. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintained its own cash and investment account. See Note 4, "Cash, Cash Equivalents and Investments."

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the City reports its investments at fair value, except for nonparticipating investment contracts (certificates of deposit) which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements. Fair value is determined by quoted market prices.

The City has invested funds in STAR Ohio during 2013. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2013. See Note 4, "Cash, Cash Equivalents and Investments."

H. Derivative Instruments

The City's derivative financial instruments are accounted for in accordance with GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. In connection with this Statement, the fair value of the City's derivative financial instruments is recorded on the Statement of Net position, with an offsetting deferred asset or liability. At December 31, 2013, the fair value and negative fair value of the City's derivative instruments are offset by a deferred credit and debit, respectively.

Derivative instruments are utilized by the City to manage market risk and reduce its exposure resulting from fluctuations in prices of natural gas in order to meet debt service requirements. These instruments include commodity swap agreements which convert index-priced natural gas revenues to fixed prices for servicing outstanding debt obligations and interest rate swap agreements which effectively convert the City's variable interest rate to a fixed rate. Interest expense in each operating period includes the netting adjustments of the interest rate swap agreements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. <u>Inventory</u>

Inventory is stated at cost in the governmental funds and at the lower of cost or market in the proprietary funds and on a government wide basis using the first-in, first-out (FIFO) method. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and as expenses in the proprietary funds when used.

J. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2013, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

K. Prepaid Gas Supply

The City prepaid for deliveries of natural gas supplies with the proceeds from revenue bonds. Prepaid gas supplies are stated at the present value of the remaining fixed delivery amounts, as determined by the prepay contract. Swap agreements are used to convert the variable index prices to fixed prices sufficient to meet debt service requirements.

L. Capital Assets and Depreciation

Capital assets are defined by the City as assets with an initial, individual cost of more than \$2,500 and more than \$1,000 for the Port Authority.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at fair market value at the date received. Capital assets include land, construction in progress, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Capital Assets and Depreciation (Continued)

2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at fair market value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

3. <u>Depreciation</u>

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

| | Governmental and | |
|-----------------------------------|---------------------------------|--|
| | Business-Type Activities | |
| Description | Estimated Lives (in years) | |
| Buildings | 40 | |
| Improvements other than Buildings | 20-25 | |
| Infrastructure | 10-100 | |
| Machinery and Equipment, Vehicles | 3 - 10 | |

This space intentionally left blank.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

| Obligation | Fund | | |
|---|--|--|--|
| General Obligation Bonds Payable | General Bond Retirement Fund | | |
| Revenue Bonds Payable | Water Fund, Water Pollution Fund, Port Authority Fund | | |
| Ohio Water Development Authority Loans | Street, Construction, Maintenance and Repair Fund, Water Fund, Water Pollution Fund Sanitation Fund | | |
| Ohio Public Works Commission Loan | General Bond Retirement Fund | | |
| Ohio Rail Development Commission Loan | Port Authority Fund | | |
| Special Assessment Bond Payable | Special Assessment Retirement Fund | | |
| State Infrastructure Bank Loan | General Fund, General Bond Retirement Fund | | |
| Installment Loan | General Fund, Street, Construction, Maintenance and Repair Fund, Capital Improvement Fund, Fire Impact- District One Fund, Information Services Fund | | |
| Capital Leases | General Fund, Cemetery Fund, Street Construction, Maintenance and Repair Fund, Parks and Recreation Fund, Water Fund, Storm Water Fund, Utilities Collection Fund | | |
| Housing and Urban Development Loan | Community Development Block Grant Fund | | |
| Compensated Absences | General Fund, Cemetery Fund Street Construction, Maintenance and Repair Fund Parks and Recreation Fund Lancaster Community Development Fund Gas Fund, Water Fund, Water Pollution Fund Sanitation Fund, Storm Water Fund, Utilities Collection Fund, Information Services Fund | | |

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Compensated Absences

City employees earn vacation at varying rates based upon length of service. Vacation leave is accrued on January 1 of every year regardless of employee's anniversary date. One week of vacation time can be carried over with the department superintendent's permission. Upon separation from the City, the employee (or his estate) is paid for accumulated unused vacation leave balance.

Sick leave is accrued by all employees at the rate of 4.615 hours every two weeks for a total of fifteen days of sick leave accrued per year. Sick leave may be accumulated without limit. Upon separation from the City, employees are paid a prorated amount of accumulated sick leave based on years of service up to a maximum of 960 hours. Employees with over 960 hours receive an additional 25% of amounts over 960 hours. The prorate amount is determined in each negotiated work agreement with the City.

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered and it is probable that the City will compensate the employees for the benefits at termination or retirement. The City uses the vesting method for determining the liability for sick leave. Compensated absences accumulated by governmental fund type and proprietary fund type employees are reported as an expense when earned in the government-wide financial statements. For governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not recorded. For proprietary funds, the entire compensated absences amount is reported as a fund liability.

O. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction of improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

P. Pensions

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one program to another or within the same program are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Interfund services provided and used are not eliminated in the process of consolidation. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

R. Fund Balances

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

Restricted – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Committed – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

Assigned – Assigned fund balance consists of amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The City has no formal policy authorizing a body or official to assign amounts for specific purposes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

R. Fund Balances (Continued)

Unassigned – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use unrestricted resources first (committed, assigned and unassigned), then restricted resources as they are needed.

S. Restricted Assets

Customer deposits, bond reserve accounts, landfill postclosure reserve accounts, and cash with fiscal agent are classified as restricted assets because these funds are being held for specified purposes.

T. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for gas distribution, water treatment and distribution, wastewater collection and treatment, maintenance of storm water collection systems and collection of solid waste refuse. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

U. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as "interfund receivables/payables." The amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

V. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has two items that qualifies for reporting in this category. One is the deferred charge on refunding reported in the government-wide and proprietary statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other is the cumulative decrease from derivative instruments reported in the proprietary statement of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

V. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. On the proprietary statement of net position, the cumulative increase in the hedging derivative is reported as a deferred inflow. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, unavailable amounts, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, income taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

W. Contributions of Capital

Contributions of capital on the governmental and business type activities and the proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources for capital acquisition or construction.

X. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Y. Special Items

Special items are transactions or events that are within the control of the City and that are either unusual in nature or infrequent in occurrence. During 2013, the City had no special items.

NOTE 2 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, committed, assigned, and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

| Fund Balances | General Fund | .45 Police and Fire Levy Fund | Capital Improvement Fund | Other Governmental Funds | Total Governmental Funds |
|-----------------------------|-----------------|-------------------------------|--------------------------|--------------------------------|--------------------------|
| Nonspendable: | | | | | |
| Prepaid Items | \$47,637 | \$0 | \$0 | \$12,662 | \$60,299 |
| Supplies Inventory | 170,725 | 0 | 0 | 303,568 | 474,293 |
| Endowment | 0 | 0 | 0 | 1,001,740 | 1,001,740 |
| Loans Receivable | 0 | 0 | 0 | 1,701,090 | 1,701,090 |
| Total Nonspendable | 218,362 | 0 | 0 | 3,019,060 | 3,237,422 |
| Restricted: | | | | | |
| Transportation Projects | 0 | 0 | 0 | 1,740,983 | 1,740,983 |
| Cemetery | 0 | 0 | 0 | 454,519 | 454,519 |
| Court Projects | 0 | 0 | 0 | 2,486,924 | 2,486,924 |
| Public Safety | 0 | 0 | 0 | 1,505,291 | 1,505,291 |
| Community Development | 0 | 0 | 0 | 204,273 | 204,273 |
| Debt Retirement | 0 | 0 | 0 | 133,948 | 133,948 |
| Total Restricted | 0 | 0 | 0 | 6,525,938 | 6,525,938 |
| Committed: | | | | | |
| Parks and Recreation | 0 | 0 | 0 | 323,988 | 323,988 |
| Capital Improvements | 0 | 0 | 0 | 999,936 | 999,936 |
| Total Committed | 0 | 0 | 0 | 1,323,924 | 1,323,924 |
| Assigned: | | | | | |
| Projected budgetary deficit | 1,181,252 | 0 | 0 | 0 | 1,181,252 |
| Encumbrances | 61,466 | 0 | 0 | 0 | 61,466 |
| Total Assigned | 1,242,718 | 0 | 0 | 0 | 1,242,718 |
| Unassigned: | 5,251,121 | (540,425) | (366,169) | (1,749,892) | 2,594,635 |
| Total Fund Balances | \$6,712,201 | (\$540,425) | (\$366,169) | \$9,119,030 | \$14,924,637 |

NOTE 3 - COMPLIANCE AND ACCOUNTABILITY

The fund deficits at December 31, 2013 of \$366,169 and \$1,749,892 in the Capital Improvement Fund and the Ety Road TIF Project Fund (capital projects funds) are the result of recording interfund loans payable and notes payable amounts in the individual fund balance sheets. The fund deficit of \$540,425 in the .45 Police and Fire Levy Fund (special revenue fund) arises from the recognition of expenditures on the modified accrual basis which are greater that expenditures recognized on a budgetary basis. The accumulated deficit of \$77,052,088 in the Port Authority Fund (enterprise fund) is the result of recording the prepaid gas supply at the present value of the future shipments and the related bonds payable at outstanding par value. At the end of the contract period, the net result will be zero. The General Fund provides transfers, upon City Council's approval when cash is required not when accruals occur.

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash and investments. In addition, investments are separately held by a number of individual funds. The City has adopted an Investment Policy that follows Ohio Revised Code Chapter 135 and applies the prudent person standard. The prudent person standard requires the Auditor and Treasurer to exercise the care, skill and experience that a prudent person would use to manage his/her personal financial affairs and to seek investments that will preserve principal while maximizing income.

Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- Time certificates of deposits or savings or deposit accounts, including, but not limited to, passbook account;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- The State Treasury Asset Reserve of Ohio (STAR Ohio).
- Securities lending agreements in which the City lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
- Commercial paper notes, corporate notes and banker's acceptances; and,
- Debt interest rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned. Protection of City cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. The City has no policy on custodial credit risk and is governed by Ohio Revised Code. Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end the carrying amount of the City's deposits was \$32,815,911 and the bank balance was \$33,566,324. Federal depository insurance covered \$1,059,764 of the bank balance and \$32,506,560 was uninsured. Of the remaining uninsured bank balance, the City was exposed to custodial risk as follows:

| | Balance |
|--|--------------|
| Uninsured and collateralized with securities held by | |
| the pledging institution's trust department not in the City's name | \$32,506,560 |
| Total Balance | \$32,506,560 |

Investment earnings of \$111,823 earned by other funds was credited to the General Fund as required by state statute.

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

B. Investments

The City's investments at December 31, 2013 were as follows:

| | | | Investment Maturities (in Years) | | | |
|--------------------------------|--------------|-------------------------|----------------------------------|-------------|--------------|-------------|
| | Fair Value | Credit Rating | less than 1 | 1-3 | 3-5 | more than 5 |
| STAR Ohio | \$56,240 | AAAm 1 | \$56,240 | \$0 | \$0 | \$0 |
| City of Lancaster Bond Payable | 191,000 | AAA 1 | 20,000 | 43,000 | 47,500 | 80,500 |
| Negotiable CD's ^a | 7,376,624 | AAA^3 | 1,932,264 | 3,945,033 | 1,499,327 | 0 |
| FNMA ^b | 4,491,750 | $AA+^{1}$, Aaa^{2} | 0 | 2,501,282 | 1,990,468 | 0 |
| FNMA Notes ^b | 2,970,230 | $AA+^{1}$, Aaa^{2} | 0 | 0 | 2,970,230 | 0 |
| FHLB ^b | 5,284,250 | $AA+^{1}$, Aaa^{2} | 0 | 0 | 5,284,250 | 0 |
| FFCB ^b | 4,738,405 | AA+ 1, Aaa ² | 0 | 1,495,290 | 3,243,115 | 0 |
| FHLMC ^b | 3,745,085 | $AA+^{1}$, Aaa^{2} | 0 | 1,000,760 | 2,744,325 | 0 |
| Total Investments | \$28,853,584 | | \$2,008,504 | \$8,985,365 | \$17,779,215 | \$80,500 |

¹ Standard & Poor's

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The City has no policy that limits investment purchases beyond the requirements of the Ohio Revised Code.

Investment Credit Risk – The City has no investment policy that limits its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The City places no limit on the amount the City may invest in one issuer. Of the City's total investments, 0.2% are in STAROhio, 0.7% are in municipal bonds, 25.6% are in negotiable CDs, 15.6% are FNMA, 10.3% are FNMA Notes, 18.3% are FHLB, 16.4% are FFCB, and 13.0% are FHLMC.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the City's investment in repurchase agreements, the entire balance is collateralized by underlying securities pledged by the investment's counterparty, not in the name of the City.

² Moody's Investor Service

³ All are fully FDIC insured and therefore have an implied AAA credit rating

^a \$1,235,051 of these negotiable CD's are callable from January 2014 through December 2014.

^b \$5,005,085 of these securities were called in 2014, the remaining securities are callable from January 2014 through June 2018.

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

C. Reconciliation of Cash, Cash Equivalents and Investments

The classification of cash, cash equivalents and investments on the financial statements is based on criteria set forth in GASB Statement No. 9. STAR Ohio is treated as a cash equivalent. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statements No. 3 and 40.

A reconciliation between classifications of cash and investments on the financial statements and the classifications per items A and B of this note are as follows:

| | Cash and Cash | |
|---|---------------|--------------|
| | Equivalents * | Investments |
| Per Financial Statements | \$25,633,664 | \$36,035,831 |
| Certificates of Deposit (with maturities of more than 3 months) | 7,238,487 | (7,238,487) |
| Investments: STAR Ohio | (56,240) | 56,240 |
| Per GASB Statements No. 3 and 40 | \$32,815,911 | \$28,853,584 |

^{*} Includes Cash with Fiscal Agent

NOTE 5 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property, and tangible personal property used in business and located in the City. Real property taxes (other than public utility) collected during 2013 were levied after October 1, 2012 on assessed values as of January 1, 2012, the lien date. Assessed values were established by the County Auditor at 35% of appraised market value. All property is required to be revalued every six years. The last revaluation was completed in 2013. Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 31; if paid semiannually, the first payment is due February and the remainder payable in July. Under certain circumstances, state statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100% of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Lancaster. The County Auditor periodically remits to the City its portion of the taxes collected.

NOTE 5 - TAXES (Continued)

A. Property Taxes (Continued)

The full tax rate for the City's operations for the year ended December 31, 2013 was \$3.40 per \$1,000 of assessed value. The assessed value upon which the 2013 property tax receipts were based was \$727,831,260. This amount constitutes \$708,360,850 in real property assessed value and \$19,470,410 in public utility property. Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .34% (3.40 mills) of assessed value.

B. Income Tax

The City levies a tax of 1.75%, .75% of which is voter approved, on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. The City allows a credit of 100% of the first 1.0% unvoted tax paid to another municipality to a maximum of the total amount assessed.

Employers within the City are required to withhold income tax on employees' compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

NOTE 6 - RECEIVABLES

Receivables at December 31, 2013 consisted of taxes, accounts, special assessments, interest, loans and intergovernmental receivables arising from shared revenues. These amounts are shown separately on the face of the financial statements with the exception of property and income taxes receivable in the amount of 4,733,097 and 3,810,992 respectively. Delinquents are included in the amounts presented.

NOTE 7 – INTERFUND ACCOUNTS

Interfund balances at December 31, 2013 consist of the following individual fund receivables and payables:

| Due from | Due to |
|----------------|--|
| Other Funds | Other Funds |
| | |
| \$0 | \$627,769 |
| 627,769 | 0 |
| 627,769 | 627,769 |
| | |
| 0 | 4,505 |
| 4,505 | 0 |
| 4,505 | 4,505 |
| \$632,274 | \$632,274 |
| Interfund Loan | Interfund Loan |
| Receivable | Payable |
| \$877,100 | \$0 |
| 0 | 877,100 |
| \$877,100 | \$877,100 |
| | \$0 627,769 627,769 0 4,505 4,505 \$632,274 Interfund Loan Receivable \$877,100 0 |

The Due to Other Funds is a payment for gas purchases to the Port Authority. The Interfund Loan consists of short-term notes issued at 3% to other funds to acquire capital purchases. The City expects to repay all interfund balances within the next year.

NOTE 8 - TRANSFERS

Following is a summary of transfers in and out for all funds for 2013:

| Fund | Transfer In | Transfer Out |
|-----------------------------|-------------|--------------|
| General Fund | \$0 | \$942,551 |
| Capital Improvement Fund | 40,000 | 1,036,336 |
| Nonmajor Governmental Funds | 1,995,399 | 235,200 |
| Internal Service Funds | 178,688 | 0 |
| Total Transfers | \$2,214,087 | \$2,214,087 |

Transfers are used to move revenues from the funds that statute or budget requires to collect them to the funds that statute or budget requires to expend them; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

NOTE 9 - CAPITAL ASSETS

A. Governmental Activities Capital Assets

Summary by category of changes in governmental activities capital assets at December 31, 2013: *Historical Cost:*

| Class | December 31, 2012 | Additions | Deletions | December 31, 2013 |
|---------------------------------------|-------------------|-----------------|---------------|----------------------|
| Capital assets not being depreciated: | | · | | |
| Land | \$17,962,047 | \$93,251 | \$0 | \$18,055,298 |
| Construction in Progress | 1,831,328 | 3,702,863 | (1,673,157) | 3,861,034 |
| Subtotal | 19,793,375 | 3,796,114 | (1,673,157) | 21,916,332 |
| Capital assets being depreciated: | | | | |

| Vehicles | (3,974,871) | (392,246) | 98,091 | (4,269,026) |
| Infrastructure | (34,037,921) | (2,323,724) | 0 | (36,361,645) |
| Total Depreciation | (\$88,073,788) | (\$6,189,394) | \$131,808 | (\$94,131,374) |
| Net Value: | \$127,153,208 | | | \$124,703,399 |

Internal service funds serve both governmental and business-type funds. Accordingly, capital assets for them are included as part of the above totals for governmental and business-type funds. At year-end, \$837,670 and \$68,653 of internal service funds capital assets, net of depreciation are included in the respective above amounts. Also, \$68,912 and \$15,558 of depreciation expense for internal service fund are included in the respective above amounts.

NOTE 10 - DEFINED BENEFIT PENSION PLANS

All of the City's full-time employees participate in one of two separate retirement systems which are costsharing multiple employer defined benefit pension plans.

A. Ohio Public Employees Retirement System ("OPERS")

The following information was provided by OPERS to assist the City in complying with GASB Statement No. 27, "Accounting for Pensions by State and Local Government Employers."

All employees of the City, except full-time uniformed police officers and full-time firefighters, participate in one of the three pension plans administered by OPERS: the Traditional Pension Plan (TP), the Member-Directed Plan (MD), and the Combined Plan (CO). The TP Plan is a cost-sharing multiple employer defined benefit pension plan. The MD Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon. The CO Plan is a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. Under the CO Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the TP Plan. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the TP Plan and CO Plan. Members of the MD Plan do not qualify for ancillary benefits, including postemployment health care benefits. Chapter 145 of the Ohio Revised Code provides statutory authority to establish and amend benefits. The Ohio Public Employees Retirement System issues a stand-alone financial report that includes financial statements and required supplementary information for OPERS. Interested parties may obtain a copy by visiting https://www.opers.org/investments/cafr.shtml, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The ORC provides statutory authority for employee and employer contributions. For 2013, employee and employer contribution rates were consistent across all three plans (TP, MD and CO). The employee contribution rate is 10.0%. The 2013 employer contribution rate for local government employer units was 14.00% of covered payroll, which is the maximum contribution rate set by State statutes. Employer contribution rates are actuarially determined. A portion of the City's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The portion of employer contributions allocated to pension obligations for members in the Traditional and Combined Plans was 13.0% for calendar year 2013. The contribution requirements of plan members and the City are established and may be amended by the OPERS Board. The City's contributions for pension obligations to OPERS for the years ending December 31, 2013, 2012, and 2011 were \$1,706,589, \$1,344,271 and \$1,309,949, respectively, which were equal to the required contributions for each year. Contributions to the member-directed plan for 2013 were \$41,727 made by the City and \$29,805 made by the plan members.

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

B. Ohio Police and Fire Pension Fund ("OP&F")

All City full-time police officers and full-time firefighters participate in OP&F, a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Contribution requirements and benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the ORC. The Ohio Police and Fire Pension Fund issues a stand-alone financial report that includes financial statements and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164, by calling (614) 228-2975, or by visiting www.op-f.org.

From January 1, 2013 through July 1, 2013, plan members were required to contribute 10.0% of their annual covered salary. From July 2, 2013 through December 31, 2013, plan members were required to contribute 10.75% of their annual covered salary. Throughout 2013, employers were required to contribute 19.5% and 24.0% respectively for police officers and firefighters. A portion of the City's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The portion of employer contributions used to fund pension obligations from January 1, 2013 through May 31, 2013 was 14.81% for police officers and 19.31% for firefighters. The portion of employer contributions used to fund pension obligations from June 1, 2013 through December 31, 2013 was 16.65% for police officers and 21.15% for firefighters. The City's contributions for pension obligations to the OP&F Fund for the years ending December 31, 2013, 2012, and 2011 were \$639,326, \$560,767 and \$539,625 for police officers and \$882,076, \$809,093 and \$849,736 for firefighters, respectively, which were equal to the required contributions for each year.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. Ohio Public Employees Retirement System ("OPERS")

Plan Description – OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B Premium reimbursement, to qualifying member of both the Traditional Pension and the Combined Plans. Members of the Member Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

A. Ohio Public Employees Retirement System ("OPERS") (Continued)

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting https://www.opers.org/investments/cafr.shtml, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

Funding Policy – The ORC provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2013, local government employers contributed at a rate of 14.00% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for local government employers. Active members do not make contributions to the OPEB plan.

The OPERS Postemployment Health Care plan was established under, and is administered in accordance with Internal Revenue Code 401(h). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional and Combined Plans was 1.0% for calendar year 2013. Effective January 1, 2014, the portion of employer contributions allocated to healthcare was raised to 2% for both plans, as recommended by the OPERS actuary. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions for health care to the OPERS for the years ending December 31, 2013, 2012, and 2011 were \$131,276, \$537,708 and \$523,980, respectively, which were equal to the required contributions for each year.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

NOTE 11 - POSTEMPLOYMENT BENEFITS

B. Ohio Police and Fire Pension Fund ("OP&F")

Plan Description – The City contributes to the OP&F sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OP&F to provide OPEB benefits. Authority to establish and amend benefits is provided in Chapter 742 of the ORC.

OP&F issues a stand-alone financial report that includes financial information and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

Funding Policy – The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24.0% of covered payroll for police and fire employers, respectively. The ORC states that the employer contribution may not exceed 19.5% of covered payroll for police employer units and 24.0% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2013, the portion of employer contributions allocated to health care was 4.69% of covered payroll from January 1, 2013 through May 31, 2013 and 2.85% of covered payroll from June 1, 2013 through December 31, 2013 for both police officers and firefighters. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h). The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

B. Ohio Police and Fire Pension Fund ("OP&F") (Continued)

The City's contributions for health care to the OP&F for the years ending December 31, 2013, 2012, and 2011 were \$103,993, \$296,877 and \$285,684 for police and \$148,740, \$316,602 and \$332,506 for firefighters, respectively, which were equal to the required contributions for each year.

NOTE 12 - NOTES PAYABLE

The Ohio Revised Code provides that notes including renewal notes issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of 20 years from the date of issuance of the original notes. Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes or of the bonds anticipated by the notes, or from available funds of the City or a combination of these sources. The City is retiring its notes by the issuance of one year renewal notes with a portion of the principal being retired in accordance with the above provisions.

Internal service funds serve both governmental and business-type funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental and business-type funds. At year-end, \$124,620 and \$212,542 of internal service funds compensated absences are included in the respective above amounts. Also, \$243,285 of an internal service fund installment loan is recorded in governmental activities and \$1,006 of an internal service fund capital lease is recorded in the business-type activities amount.

A special assessment general obligation bond is used to finance central business district street improvements. Debt service is financed by assessments to affected property owners. However, the City is ultimately responsible for the debt service if the assessments are not collected. There were no delinquent special assessments at year end.

In 1999, the City began a downtown revitalization project that was financed by several sources including a Housing and Development Authority Loan in the amount of \$1,570,000, and an Ohio Public Works Commission Loan for \$120,721. Both are being repaid from the General Bond Retirement Fund.

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

A. Gas Supply Revenue Bonds, Series 2008

In March, 2008, the Port Authority issued \$348,750,000 of gas supply revenue bonds to fund the prepayment of 64,655,785 Mmbtus of gas from Royal Bank of Canada with deliveries beginning April 2008 and ending March 2038. The revenue bonds are secured by a pledge of the gas supply revenues derived from the related prepay transaction.

The Port Authority entered into an interest rate swap with Royal Bank of Canada in connection with the Series 2008, Gas Supply Revenue Bonds. Under the swap agreement, the Port Authority pays a fixed amount and receives a variable payment computed at a rate equal to that of the bonds. The interest payments reflected in the table were calculated based on the interest rate swap agreement which converts this issue to an effective fixed rate of approximately 3.7%.

B. Water and Wastewater Revenue Bonds

The City has pledged future customer revenues, net of specified operating expenses, to repay Water Revenue Bonds, series 2004 and 2012. The 2004 bonds were originally issued to pay the cost of constructing two 2 million gallon storage tanks and various water lines. The 2012 bonds were issued to partially refund the 2004 bonds. The principal and interest remaining to be paid on these bonds is \$8,310,842. Principal and interest paid for the current year and total customer net revenues were \$416,144 and \$2,432,197, respectively.

The City has pledged future customer revenues, net of specified operating expenses, to repay Wastewater Revenue Bonds, series 2004, 2008 and 2012. The 2004 bonds were originally issued to pay the cost of acquiring land for a new wastewater treatment plant and installing various sewer lines. The 2012 bonds were issued to partially refund the 2004 bonds. The 2008 bonds were issued to pay the cost of constructing a new wastewater treatment plant. The principal and interest remaining to be paid on these bonds is \$33,842,925. Principal and interest paid for the current year and total customer net revenues were \$1,749,669 and \$7,018,858, respectively.

C. Ohio Water Development Authority Loans

In 1989 and 1990 the City entered into an agreement with the Ohio Water Development Authority (OWDA), as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive \$14,211,847 and \$206,522, respectively, for the Water Pollution Control Plant.

In 1993, the City entered into an agreement with the Ohio Water Development Authority (OWDA), as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive \$13,502,148. The proceeds were used for Water Pollution Control Plant Improvements.

In 1996, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive \$5,047,248. The proceeds were used for Water Pollution Control Plant Improvements.

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

C. Ohio Water Development Authority Loans (Continued)

In 1997, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive \$3,968,355. This loan is payable from sanitation charges for landfill closure and postclosure care costs and the proceeds were used to close the landfill.

In 2001, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan of \$5,464,939. This loan is payable from water charges and the proceeds were used for the water treatment plant.

In 2001, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan of \$21,273,840. The amount is subject to change and has not been finalized. The interest rate on the loans is 3.9%, per annum. This loan is payable from water charges and is received by the City in increments as the project is completed. As of December 31, 2013, the City had received \$21,091,478, from OWDA. The City began repaying the loan in semiannual payments beginning in 2003 based on a loan amount of \$21,273,840 to be paid through 2023. An estimate of future financing requirements has been made based on the loan balance of \$11,932,970 at December 31, 2013.

In 2002, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan of \$199,091. The proceeds were used for the water treatment plant.

In 2009, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan of \$34,397,930. The proceeds are being used to build the Upper Hocking Wastewater Treatment Plant. The amount is subject to change and has not been finalized. The interest rate on the loans is 3.27%, per annum. This loan is payable from water pollution charges and is received by the City in increments as the project is completed. As of December 31, 2013, the City had received \$34,396,999, from OWDA. Subsequent amounts will be received in future years. The City began repaying the loan in semiannual payments in 2012 based on a loan amount of \$34,397,930 to be paid through 2031. An estimate of future financing requirements has been made based on the loan balance of \$31,872,120 at December 31, 2013.

In 2010, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan of \$398,675. The proceeds are being used to build a salt storage barn and wash bays.

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

| Totals | \$52,134,520 | \$13,993,067 | \$356,195,000 | \$208,346,762 |

E. Defeased Debt

In June 2012, the City defeased \$5,915,000 of Water Revenue Bonds dated September, 2004 (the "2004 Bonds") through the issuance of \$5,795,000 of Water Revenue Bonds. The net proceeds of the 2012 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$5,915,000 at December 31, 2013, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In June 2012, the City defeased \$3,665,000 of Wastewater Revenue Bonds dated September, 2004 (the "2004 Bonds") through the issuance of \$3,680,000 of Wastewater Revenue Bonds. The net proceeds of the 2012 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$3,665,000 at December 31, 2013, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

NOTE 14 - CAPITALIZED LEASES

Under capital leases the City leases nine copiers, two street sweepers, two dump trucks, an aerial platform, a mower, and a tractor. The cost of the improvements and equipment obtained under capital leases is included in the appropriate proprietary fund or Governmental Activities Capital Assets and the related liability is included in the appropriate proprietary fund or in the Governmental Activities Long-Term Liabilities. The original cost of the assets acquired under capital lease was \$907,207.

The following is a schedule of future minimum lease payments under the capital leases together with the present value of the net minimum lease payments as of December 31, 2013:

| | Governmental | Business-Type |
|---|--------------|---------------|
| Year Ending December 31, | Activities | Activities |
| 2014 | \$92,439 | \$71,000 |
| 2015 | 11,754 | 69,974 |
| 2016 | 7,440 | 69,974 |
| 2017 | 6,831 | 89,273 |
| 2018 | 4,998 | 0 |
| Minimum Lease Payments | 123,462 | 300,221 |
| Less amount representing | | |
| interest at the City's incremental | | |
| borrowing rate of interest | (9,248) | (19,556) |
| Present value of minimum lease payments | \$114,214 | \$280,665 |

NOTE 15 - DERIVATIVE INSTRUMENTS

A. Composition of Derivative Instruments

The fair value balances and notional amounts of derivative instruments outstanding as of December 31,2013, classified by type, are as follows:

| | Notional Amount | Fair Value | Counterparty Credit Rating |
|--|--------------------|------------------|----------------------------|
| Positive Cash Flow Hedge: Pay-variable, receive fixed commodity swap | 52,176,787 mmbtu | \$ 206,510,285 | AA-/A-1+ |
| Negative Cash Flow Hedge: Pay-fixed, receive variable interest rate swap | \$ 327,900,000 | \$ (133,316,983) | A+/A-1 |

All fair values are classified as derivative instruments on the Statement of Net Position. The increase in fair values of these derivatives instruments was \$661,231 for 2013. As these commodity and interest rate swaps are considered hedging derivatives instruments, the change in fair value is reflected within deferred outflows and inflows on the Statement of Net Position. The positive and negative fair values of the commodity and interest rate swaps were not netted. The fair values of the commodity swaps are based on forward prices from established indexes for the applicable region and discounted using established interest rate indexes. The fair values of the interest rate swaps are based on the SIFMA index at year end and discounted using established interest rate indexes.

This space intentionally left blank.

NOTE 15 - DERIVATIVE INSTRUMENTS (Continued)

B. Objective and Terms of Hedging Derivative Instruments

The following table displays the objective and terms of the Port Authority hedging derivative instruments outstanding at December 31, 2013:

| Type | Objective | Maturity Date | Terms |
|---|--|---------------|---|
| Pay-fixed receive variable interest rate swap | The Port Authority entered into an interest rate swap in connection with its Series 2008 Bonds effective on or before the date of the initial issuance of such bonds, to correlate the fixed payments it receives under the related Commodity Swap with its variable rate debt service payment on these bonds. | | The interest rate swap extends to the date of the final maturity of these bonds and requires payments based on a notional amount equal to the scheduled outstanding principal amount of these bonds. Under the interest rate swap, the Port Authority pays the counterparty a fixed payment of 3.7%, on the notional amount and receives a variable payment equal to the rate actually borne by the Series 2008 Bonds, which is based upon the SIFMA index. |
| Pay-variable, receive fixed commodity swap | The Port Authority has entered into a fixed to floating commodity swap in connection with the natural gas prepay transaction. The purpose of the Commodity Swap is to correlate gas sales revenues the Port Authority receives based on floating natural gas indices to a fixed stream of payments necessary to make debt service payments on its Bonds. | 2038 | The commodity swap extends to the date of the final maturity of the related Natural Gas Supply Agreements. The commodity swap requires monthly payments based on a notional quantity of natural gas that corresponds to the volume of natural gas sold pursuant to the related Natural Gas Supply Agreements. Payments under the commodity swap are based on nationally published gas indices at the gas delivery points. |

C. Commodity Swap Risks

Termination Risk: The Commodity Swaps terminate in the event of a "triggering event" under the related Prepaid Natural Gas Sales Agreements, in the event of the Port Authority or counterparty nonperformance, and in connection with other specified events. Under the Commodity Swaps no payment, in the amount of the fair value or otherwise, is to be made by the Swap Counterparty in connection with an early termination of such swap. However, if the Commodity Swaps are terminated as a result of the Port Authority's default or as a result of the termination of the Prepaid Natural Gas Sales Agreements, the Port Authority would be obligated to pay a termination payment to the Swap Counterparty based on the net present value of the remaining notional quantities of gas during the remaining term multiplied by a fixed amount.

NOTE 15 - DERIVATIVE INSTRUMENTS (Continued)

C. Commodity Swap Risks (Continued)

Credit Risk: The Commodity Swaps are tied to related gas prepay transactions and terminate in the event such transactions terminate. Therefore, the only credit risk associated with the Commodity Swaps is for margins lost on future commodity deliveries associated with a termination of the related gas prepay transactions in the event of a counterparty's inability to perform in accordance with the terms of the related Commodity Swaps. Generally, the only amounts due upon termination of the Commodity Swap would be previously accrued but unpaid amounts. If the Swap Counterparty is rated below "A1" by Moody's Investors Service, Inc., the Swap Counterparty is permitted to post collateral or post an alternative security arrangement within twenty-five Local Business Days of such downgrade. The Swap Counterparty must provide the Port Authority adequate assurances of Swap Counterparty's ability to continue performing under all Transactions, which adequate assurances must be satisfactory to the Port Authority.

D. Interest Rate Swap Risks

Termination Risk: The Interest Rate Swaps terminate in the event of a "triggering event" under the related Prepaid Natural Gas Sales Agreements, in the event of the Port Authority or counterparty nonperformance, and in connection with other specified events. Under the Interest Rate Swaps, no termination payment, in the amount of the fair value or otherwise, is to be made by either party in connection with an early termination of such swap.

Credit risk: The Interest Rate Swaps terminate in the event of a "triggering event" under the related Prepaid Natural Gas Sales Agreements, in the event of the Port Authority or Swap Counterparty nonperformance, and in connection with other specified events. The only amounts due upon termination of the Interest Rate Swaps would be previously accrued but unpaid amounts. If the Swap Counterparty is rated below "A1" by Moody's Investors Service, Inc., the Swap Counterparty is permitted to post collateral or post an alternative security arrangement within twenty-five Local Business Days of such downgrade. The Swap Counterparty must provide the Port Authority adequate assurances of Swap Counterparty's ability to continue performing under all Transactions, which adequate assurances must be satisfactory to the Port Authority.

Interest Rate Risk: Under the pay-fixed interest rate swap agreement, the Port Authority is required to pay an amount equal to the notional amount times the rate actually borne by the Series 2008 Bonds, and is to receive an amount equal to the SIFMA index. In the event the rate actually borne by the Series 2008 Bonds exceeds the rate paid by the Swap Counterparty, the Port Authority would be required to pay the Swap Counterparty an amount equal to the notational amount times the difference.

NOTE 16 - INSURANCE AND RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

Insurance for property holds a \$5,000 deductible, general liability holds a \$1,000 deductible. The City carries a \$25,000 deductible for both police and professional liability insurance. The City also has an umbrella policy with Mt. Hawley Insurance Company for claims in excess of \$1,000,000.

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

The City pays unemployment claims to the State of Ohio as incurred.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs. The City contracts with the Industrial Advisors Bureau to review all accidents claimed through Workers' Compensation.

On January 1, 1998, the City established an internal service fund to provide group health, dental, and prescription drug benefits to employees and their eligible dependents through the South Central Ohio Insurance Consortium (SCOIC), an insurance purchasing pool (Note 21). SCOIC currently includes fourteen member school districts and governmental entities. The Liberty Union-Thurston Local School District serves as the fiscal agent for the consortium. Premiums are paid into an internal service fund by all funds having compensated employees based on an analysis of historical claims experience, the desired fund balances and the number of active participating employees. The monies paid into the Health Insurance Management Fund (internal service fund) are available to pay claims.

The agreement with SCOIC considers medical, surgical, and prescription drug programs to also be self insured programs. The City retains the risk for the first \$100,000 of a covered individual medical claim.

Claims are paid by the City to the SCOIC. SCOIC contracts with Employee Benefits Management Corporation for claims servicing. The City has shared risk pool coverage with Jefferson Health Plan for covered individual medical claims in excess of \$100,000 up to \$500,000 per employee per year. The City also has a stop loss coverage insurance policy, purchased through Jefferson Health Plan, for covered individual medical claims in excess of \$500,000 per employee per year. The City has no stop loss coverage for the dental claims.

NOTE 16 - INSURANCE AND RISK MANAGEMENT (Continued)

The claims liability of \$651,557 reported at December 31, 2013 is based on an estimate provided by an actuary for medical and dental claims. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in claims activity for the past two years, including medical, surgical, prescription drug, and dental are as follows:

| | | Current Year | | |
|-------------|--------------|--------------|---------------|-------------|
| | Beginning of | Claims and | | |
| | Year | Changes in | Claims | End of Year |
| Fiscal Year | Liability | Estimates | Payments | Liability |
| 2012 | \$658,237 | \$5,851,196 | (\$6,173,020) | \$336,413 |
| 2013 | \$336,413 | \$6,462,009 | (\$6,146,865) | \$651,557 |

NOTE 17 - CONSTRUCTION COMMITMENTS

As of December 31, 2013, the City had the following commitments with respect to capital improvements:

| Capital Projects | Remaining Construction Commitment |
|----------------------------------|-----------------------------------|
| Wastewater CSO-Mary Burnham Park | \$88,670 |
| Long-term Control Plan | 217,075 |
| South Broad Street Express Sewer | 258,922 |
| Stormwater Projects | 103,861 |

NOTE 18 - SOLID WASTE LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

In 1976, the City stopped accepting waste at the City of Lancaster Landfill. In 1988, the Ohio Environmental Protection Agency filed a complaint against the City. The recognition of a liability for closure and postclosure care costs is based on landfill capacity used to date. The City is at 100% capacity. The consent order was approved in December 1996 by all respective parties involved and filed in January of 1997. The consent order required the City to place a final cover on the landfill site as well as perform certain maintenance and monitoring functions at the site for thirty years after closure.

The City has accrued a liability for landfill closure and postclosure care costs in the Sanitation Fund of \$1,271,343. These costs are funded by a sanitation rate increase that became effective April 1, 1997. The rate will remain in effect for twenty-five years to cover annual postclosure care costs. The remaining five years of postclosure care costs will be funded by \$528,836 which has been placed in a restricted account. The estimated costs of postclosure care are subject to changes corresponding to the effects of inflation, revision of laws and other variables.

NOTE 19 – POLLUTION REMEDIATION OBLIGATION

In an effort to pursue economic development, the City began remediation on property known as the Frick-Gallagher/Ray-O-Vac property. In 2010, the City conducted a site evaluation and was awarded a Clean Ohio Revitalization Grant of \$1,477,238 for asbestos abatement, demolition, soil remediation and general waste removal. In 2012, the City also began the pollution remediation for the Lancaster Glass Property for which it was awarded a Clean Ohio Grant of \$2,499,500. The remediation is expected to be completed in 2014 and a liability of \$399,176 and \$966,133, respectively, has been recorded for these obligations.

NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS

A. Fairfield Metropolitan Housing Authority (the "Authority")

The Authority was created in 1980 and currently operates pursuant of Revised Code section 3735.27. A five-member board operates the Authority of which two are appointed by the City. The remaining three members are appointed by Fairfield County. The Authority adopts their own appropriations, is their own contracting authority, hires/fires personnel, authorizes all expenditures, and does not rely on the City or Fairfield County to finance its deficits. The Authority receives funding from the federal government in the form of grants. Grant funds are received directly by the Authority in the Authority's name. Although the City appoints members to the board, continued existence of the Board is not dependent upon the City's continued participation, no equity interest exists, and no debt is outstanding. Complete financial information can be obtained from the Fairfield Metropolitan Housing Authority, 315 North Columbus Street, Suite 200 Lancaster, Ohio.

B. Lancaster-Fairfield County Community Action Agency (the "Agency")

The Agency is a non-profit corporation organized to plan, conduct, and coordinate programs designed to combat social and economic problems and to help eliminate conditions of poverty within Fairfield County. A fifteen-member board governs the Agency. This board is made up of five representatives from the public sector, five representatives from the private sector, and five representatives from the low-income sector. The Fairfield County Recorder, the Fairfield County Commissioners, and the Fairfield County Sheriff appoint three representatives from the public sector. The Lancaster City Auditor and a village clerk-treasurer appoint the remaining public sector representatives. Continued existence of the Agency is not dependent upon the City's continued participation, nor does the City have an equity interest in the Agency, and no debt is outstanding.

C. Fairfield Regional Planning Commission (the "Commission")

The City participates in this Commission which is a statutorily created political subdivision of the State. The Commission is jointly governed by Fairfield County, municipalities, and townships. The City appoints one of the 48 members of the Commission's board. Monies are contributed to the Commission based on the population of the City which serves as a membership fee. Continued existence of the Commission is not dependent on the City's continued participation. There is no equity interest and no debt is outstanding.

NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS (Continued)

D. Fairfield County Family, Adult and Children First (the "Council")

The Council was created under Ohio Revised Code Section 121.37. Fairfield County has established a Council made up of the following members: the Director of the Fairfield County Community Mental Health Services Recovery Board; the Health Commissioner of the Fairfield County Health Department; the Director of Fairfield County Human Services; the Director of the Children's Services Department; the Superintendent of Fairfield County MRDD; the Fairfield County Juvenile Court Judge; the Superintendent of Lancaster City Schools and Fairfield County Board of Education; the City of Lancaster; the Chair of the Fairfield County Commissioners; the State Department of Youth Services Regional Representative; a representative from the County Head Start Agencies; a representative of the County's early intervention collaborative established pursuant to the federal early intervention program operated under the "Education of the Handicapped Act Amendments of 1986"; and at least three individuals representing the interests of families in the county. Where possible, the number of members representing families shall be equal to twenty percent of the Council's remaining membership. The City participates in the Council. The Council's revenues consist of operating grants along with pooled funding from other government sources. Continued existence of the Council is not dependent on the City's continued participation, no equity interest exists, and no debt is outstanding.

E. Fairfield County Multi-System Youth Committee (the "Committee")

The Committee is a group of agencies that coordinates the provision of services to multi-need youth in the area. Members of the Committee include representatives of the Fairfield County Youth Services, the Fairfield County Board of MRDD, the Fairfield County Juvenile Court, the Fairfield County Board of Education, the Fairfield County ADAMHS Board, the Fairfield County Children Services, the Fairfield County Health Department, New Horizons, the local office of the Rehabilitation Services Commission, the Fairfield Drug and Alcohol Recovery Center, and the Lancaster City Board of Education. Operations are paid out of a balance of remaining state and federal grants. The Committee is not dependent upon the continued participation of the City, no equity interest exists, and no debt is outstanding.

F. Community Corrections Board (the "Board")

The Board is created by Ohio Revised Code Section 5149.30 and other related sections. The Board is made up of fifteen members that are appointed in accordance with the by-laws of the Board. Three of the members are City officials and include the Law Director, the City Police Chief, and the Municipal Court Judge. The Board prepares and administers the Community Corrections Planning Grant. This Board was a joint effort of the City and Fairfield County. The County acts as fiscal agent for this Board since the original grant was in the County's name. Continued existence of the Board is not dependent on the City's continued participation. There is no equity interest and no debt is outstanding.

NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS (Continued)

G. Fairfield -Hocking Major Crimes Investigations Unit (the "Unit")

The Unit is a regional council of governments, created in 2001 under Ohio Revised Code Section 167.01. Their purpose is to provide additional police protection to the citizens of Fairfield County and Hocking County to reduce the influence and affects of illegal drug trafficking activities and other major crimes. The Unit has a five member Governing Board which consists of one County Commissioner or designee from each county, and the Mayor, City Manager, or designee from each of the following cities: City of Lancaster, City of Pickerington, and City of Logan. The Unit also has a seven member Operating Board which handles the daily operations and reports to the Governing Board. The Operating Board consists of the following: the Fairfield and Hocking County Sheriffs and Prosecuting Attorneys, and the Chiefs of Police from the three cities listed above. The Unit's revenues will consist of an annual grant applied for by the Fairfield County Commissioners that is given to the Unit to maintain and local matches from the involved entities. Continued existence of the Board is not dependent upon the City's continued participation, no equity interest exists, and no debt is outstanding.

NOTE 21- INSURANCE POOL

The City is a member of the South Central Ohio Insurance Consortium (SCOIC), an insurance purchasing pool. The SCOIC's primary purpose and object is establishing and carrying out a cost effective cooperative health program for its member organizations. The governing board consists of the one designee appointed by each of the members of the SCOIC. Members include the following school districts, governmental entities and county owned hospital: Amanda Clearcreek, Berne Union, Bloom-Carroll, Canal Winchester, Fairfield Union, Liberty Union-Thurston, Logan Hocking Local, Zanes Trace Local, and Miami Trace Local School Districts, Fairfield County Education Service Center, Lancaster and Washington Court House City School Districts, Hocking Valley Community Hospital, and City of Lancaster. The Liberty Union-Thurston Local School District serves as the fiscal agent for the SCOIC.

SCOIC contracts with the Jefferson Health Plan, a risk sharing, claims servicing, and insurance purchasing pool, for medical, and prescription drug coverage on a self-insured basis. The SCOIC members are considered self insured and pay a monthly premium to the fiscal agent that is actuarially calculated based on the participants' actual claims experience which are utilized for the payment of claims within the claims servicing pool up to the self-insurance deductible limit; and for this portion of the plan, all plan participants retain their own risk. An additional fee is paid for participation in the internal pool that is based on the claims of the internal pool in aggregate and is not based on individual claims experience. SCOIC members participate in the shared risk pool through Jefferson Health Plan for individual claims from \$100,000 to \$500,000. SCOIC members are then covered under stop loss coverage for claims over \$500,000. SCOIC contracts with Employee Benefits Management Corporation to service the claims.

NOTE 21 – INSURANCE POOL (Continued)

In the event that the City would withdraw from SCOIC, the City would be required to give a one hundred eighty day notice prior to the end of their three year contract, be responsible for all run-out claims, and would have no rights to share in any surplus funds of SCOIC. To obtain financial information for the SCOIC, write to the fiscal agent, Liberty Union-Thurston Local School District, 1108 S. Main Street, Baltimore, Ohio 43105.

NOTE 22 - CONTINGENCIES

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

For the period January 1, 2013 to December 31, 2013, the City received federal and state grants for specific purposes that are subject to reviews and audit by grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

NOTE 23- SUBSEQUENT EVENTS

In April, 2014, the City authorized \$1,131,000 of general obligation notes for storm water improvements.

In June, 2014, the City issued \$8,300,000 of general obligation bonds for improvements to an existing building to be used by the Municipal Court.

In June, 2014, the Port Authority authorized \$330,000,000 of Gas Supply revenue bonds for prepay gas transactions.

In October 2013, the Port Authority received notification that the pending implementation of Capital Adequacy Requirements Guideline, issued by the Office of Superintendents of Financial Institutions Canada, is viewed by the Royal Bank of Canada (RBC) as an event that will materially adversely affect the prepaid transactions contemplated under the original terms of the prepaid agreement. As such, the Port Authority has been in discussions with the RBC regarding restructuring the prepaid gas agreement in conjunction with the refunding of the Variable Rate Revenue Bonds, Series 2008, through the issuances of five-year Floating Rate Notes with serial hard maturities. While it is anticipated such a restructuring will reduce the "Annual Payment" and the permitted discount from those received under the current agreement, the exact terms and rates of any potential restructuring agreement are not known at this time. Therefore, the impact on the financial statements of the Port Authority cannot be reasonably estimated at this time.

NOTE 23- SUBSEQUENT EVENTS (Continued)

In March 2014, the City and the Port Authority agreed to amend the terms of the cooperative agreement between the two parties which provides that effective April 1, 2014, all of the scheduled "Annual Payment", which was allocated to the City under the previous agreement, will be allocated to the Authority to further the economic development efforts benefiting the City of Lancaster overall. Prior to this agreement, the City was allocated 75 percent of the amount scheduled to be allocated between the City and the Port Authority under the prepaid gas agreement.

NOTE 24 - SIGNIFICANT ESTIMATES AND CONCENTRATIONS

Generally accepted accounting principles require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

A. Major Suppliers

The Port Authority purchased all of its natural gas supply from the Royal Bank of Canada. There are a limited number of national gas suppliers with which the Port Authority could contract under prepay gas transactions and any disruption of deliveries under the supply contracts could have an impact on the Port Authority's operations.

B. Current Economic Conditions

The current protracted economic decline continues to present energy companies with difficult circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments and other assets, declines in revenues, constraints on liquidity and difficulty obtaining financing. The financial statements have been prepared using values and information currently available to the Port Authority.

Although the Port Authority has not currently identified any specific circumstances which would cause the difficulties noted above, economic conditions could make it difficult for consumers to maintain demand and usage levels, which could have an adverse impact on the future operating results of the Port Authority. The Port Authority continually monitors the demand for natural gas against the provisions of the pre-pay transaction to assess the long-term feasibility of continuing the program as it is currently structured. The Port Authority continues to make all financial decisions and commitments with available cash and will not borrow funds against this transaction. The Port Authority is exploring other types of projects as it moves forward to maintain its overall goal of improving the economic development within the City of Lancaster.

Combining and Individual F_{UND} Statements and Schedules

T he following combining statements and schedules include the Major and Nonmajor Governmental Funds, Internal Service Funds and Fiduciary Funds.

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Cemetery Fund

To account for the operation and maintenance of the public cemetery.

Street Construction, Maintenance and Repair Fund

To account for state levied and controlled gasoline tax and motor vehicle registration fees designated for street maintenance and repair.

Street Levy Fund

To account for 3 mill voted levy designated for road improvements. (The Statement of Revenues, Expenditures and Changes in Fund Balances is not presented because there was no activity during the year. This fund only exists on a GAAP basis and is not part of the City's appropriated budget, therefore no budgetary schedule is presented.)

Parks and Recreation Fund

To account for the operation and maintenance of public recreational facilities.

Special Improvement District Fund

To account for fees assessed to all downtown business owners for the up-keep of the grounds surrounding their properties. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Lancaster Public Transit Program Fund

To account for monies from the Rural Transit and Grant Program and the Ohio Elderly and Disabled Transit Fare Assistance Program.

911 Tariff Fund

To account for monies to enhance 911 wireless services.

Edward Byrne Grant Fund

To account for grant monies received from the United States Department of Justice for the purpose of funding special enforcement initiatives in areas which have been identified as high crime risk.

Law Director Victim Assistance Fund

To account for grant funds received to provide assistance to victims of domestic violence.

Lancaster Community Development Fund

To account for grant monies received to provide for redevelopment projects in the City.

(Continued)

Special Revenue Funds (Continued)

Law Enforcement Block Grant Fund

To account for grant monies to be used specifically for the improvement of public safety and the reduction of crime. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Police and Fire Pension Fund

To accumulate property taxes for the partial payment of the current and accrued liability for police and fire disability and pension benefits.

Community Oriented Policing Services (COPS) Hiring Program Fund

To account for grants to provide funding directly to law enforcement agencies to hire and/ or rehire career law enforcement officers in an effort to increase their community policing capacity and crime prevention efforts. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Fairfield County Court Surveillance Fund

To account for grant money from the Ohio Department of Rehabilitation and Corrections directed toward jail diversion of non-violent misdemeanants. Monies cover operating costs, equipment and salary. Jail population reduction is the overall goal of the program.

Indigent Drivers Alcohol Treatment Fund

To account for monies received from OMVI fines and costs collected to pay for alcohol treatment for repeat offenders of the OMVI laws.

Law Enforcement and Education Fund

To account for monies received from OMVI fines from convictions to be used to pay for security of persons and property.

Municipal Court Judicial Computer Fund

To account for monies received from the Municipal Court to be used for computer systems for the Municipal Judges.

Municipal Court Probation Fund

To account for fees assessed to criminal and traffic offenders who are placed by the Municipal Court on probation or other control sanctions to cover the cost of Probation department services and related expenditures.

Municipal Court Computerization Fund

To account for monies received from the Municipal Court to be used for a computer system.

Municipal Court Special Projects Fund

To account for an extra three dollar fee charged by the municipal court on all cases to be used for projects within the municipal court.

(Continued)

Special Revenue Funds (Continued)

Municipal Court Family Violence Fund

To account for fees for family drug abuse and domestic violence programs.

Municipal Drug Court Fund

To account for grant monies to be used for a jail-alternative program, also known as The Fresh Start Program, which targets individuals with significant drug addictions and provides an intensive treatment program with a great deal of accountability.

Ohio Peace Officers Training Fund

To account for monies to be used for continuing professional training programs for law enforcement offices.

DARE Officer Retention Grant Fund

To account for grant monies to be used for the salaries of certified DARE officers training in the local schools.

Safe Routes to School Fund

To account for grant monies to develop programs to enable children to walk or bike to school safely. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

.15 Fire Levy Fund

To accumulate .15% voted income taxes designated for operations of the Fire Department.

Community Development Block Grant (CDBG) Fund

To account for monies received from the federal government under the Community Development Block Grant Program and The Community Housing Improvement Program.

State Highway Fund

To account for that portion of the state gasoline tax and motor vehicle registration fees designated for street maintenance and repair of state highways within the City.

Drug Enforcement Fund

To account for monies received from fines to be used for drug enforcement activities. (This fund is not part of the City's appropriated budget; therefore no budgetary schedule is presented.)

Cemetery Interment Fund

Established to hold cemetery interment costs that have been received in advance.

Debt Service Funds

The Debt Service Funds are used to account for retirement of the City's general obligation and special assessment bonds.

General Bond Retirement Fund

To account for the accumulation of resources for the payment of general obligation debt of the City including self-supporting obligations not otherwise paid from proprietary funds.

Special Assessment Debt Retirement Fund

To accumulate special assessment revenues collected by the County Treasurer and remitted to the City by the County Auditor for payment of assessment debt.

Capital Projects Fund

The Capital Projects Fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary or trust funds.

LDOT (Lancaster Department of Transportation) Improvement Fund

To account for financial resources other than the 3 mill voted levy for road and bridge improvement.

Fire Capital Improvement Fund

To account for financial resources for the purchase of a new medic unit.

Fire Impact - District One Fund

To account for new construction impact fees used for capital projects for the Fire Department.

Ety Road TIF Project Fund

To account for financial resources to be used for Ety Road infrastructure improvements.

Permanent Fund

The Permanent Fund is used to account for the financial resources that are legally restricted in that only the earnings, not the principal, may be used to support the City's programs.

Cemetery Trust Fund

Established to hold trust monies received for the maintenance of the cemetery grounds.

Internal Service Funds

These funds are used to account for the financing of goods or services provided by one department to other departments of the City, on a cost-reimbursement basis.

Utilities Collection Fund

To account for the operation of the utility collections department for services provided to the gas, water, water pollution and sanitation departments. The funds using the utility billing services are charged for the cost of operation.

Information Services Fund

To account for the operation of the information services department for services provided for all departments within the City.

Health Insurance Management Fund

To account for the accumulation and allocation of costs associated with providing health care benefits to employees.

STATISTICAL Section

STATISTICAL TABLES

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

| Contents | |
|---|-------------|
| Financial Trends These schedules contain trend information to help the reader understand how the City's financial position has changed over time. | S 2 – S 13 |
| Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the City's ability to generate its most significant local revenue source which is income tax. | S 14 – S 17 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | S 18 – S 27 |
| Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments. | S 28 – S 31 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs. | S 32 – S 39 |
| Sources Note: | |

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
