

City Council City of Rocky River 21012 Hilliard Boulevard Rocky River, Ohio 44116

We have reviewed the *Independent Auditor's Report* of the City of Rocky River, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2014 to December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Rocky River is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

October 20, 2015

July 31, 2015

Citizens of the City of Rocky River, Mayor Pamela E. Bobst, and Members of City Council

Transmittal of the Comprehensive Annual Financial Report

The City of Rocky River, Ohio (City) is pleased to submit the Comprehensive Annual Financial Report (CAFR) for the year ending December 31, 2014. The CAFR is a more extensive report than basic financial statements and it is believed that the CAFR demonstrates the City's ongoing commitment to be accountable to its citizenry and to excellence in financial reporting. While no single report can be all things to all people, the goal in presenting this CAFR is to provide any person or entity interested in the City with information needed to gain a fair understanding of the City's financial position, results of operations and cash flows.

The Ohio Revised Code Section 117.38 requires that the City certify and file, within one hundred fifty days after the close of the fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America. The City issues this CAFR for the year ended December 31, 2014 therefore.

The CAFR consists of management's representations concerning the finances of the City. Consequently management assumes responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control system that has been established for that purpose. To provide a reasonable for making these representations, management of the City has established a thorough internal control framework that is designed to both protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in accordance with GAAP. The City strives to maintain a dynamic system of internal controls and procedures – including internal control over financial reporting – designed to ensure reliable financial record-keeping, transparent financial reporting and disclosure and protection of assets. Because the cost of internal control should not exceed anticipated benefits, the objective of the internal control system is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City maintains an active Audit Committee to review the audit process and to report to and make recommendations to City Council. The three Audit Committee members are residents of the City with expertise in financial administration and auditing.

The financial statements of the City have been audited by independent auditor Ciuni & Panichi, Inc. The objective of an audit is to provide reasonable assurance that the financial statements are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based upon the results of

the audit, Ciuni & Panichi, Inc. concluded that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the year ended December 31, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the Financial Section of the CAFR.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this Letter of Transmittal and should be read in conjunction with it.

Profile of the City of Rocky River, Ohio

The City of Rocky River is an established residential community located in northeastern Ohio that covers 4.48 square miles along the southern shore of Lake Erie west of the City of Cleveland, in Cuyahoga County. The Rocky River, which drains into Lake Erie, forms the eastern border of the City. The City's population according to the 2010 Census was 20,213. The City is a home rule municipal corporation established pursuant to the general laws of the State of Ohio and its own charter. The current charter, which provides for the Mayor/Council form of government, was originally adopted in 1960 and last amended in 2014.

The City is governed by a full-time Mayor and seven members of City Council who serve two year terms. The Law Director is also an elected office holder who serves two year terms. The Mayor appoints the heads of the following departments: Building, Economic and Community Development, Engineering, Finance, Office on Aging, Recreation and Safety-Service. As of December 31, the City had 168 full-time employees, including the Rocky River Municipal Court.

The City provides various services including police and fire protection, including emergency medical services, parks and recreation, senior services, street maintenance, sanitary and storm sewer services, planning and zoning, and general government services. Public health services are provided by contract with the Cuyahoga County Board of Health. Located in the City are the Rocky River Wastewater Treatment Plant and the Rocky River Municipal Court. Both provide services to a jurisdiction that extends to several neighboring communities.

In addition to access to services by government entities, City residents may participate in the activities of a variety of local private institutions in the City including the Cleveland Yachting Club; Westwood Country Club; Oakwood Beach; Parklawn Beach; Wagar Beach; Lutheran West High School; Magnificat High School and numerous private elementary schools and churches that contribute to the sense of community in the City.

Economic Conditions

<u>Local Economy</u> Because of the proximity to major cultural, educational and medical facilities in Northeastern Ohio and ease of travel in the area, the City experiences a degree of economic stability. More recently, the City has experienced economic challenges of the northeast Ohio region and nation as a whole. The City seems to benefit from the corporate headquarters located in Westlake, Ohio, a community bordering the City to the west.

A fiscally responsible approach to economic factors associated with managing a built-out suburb and an understanding of mutual benefits to be derived from intergovernmental cooperation with neighboring communities are overriding themes applied in the administration of the City's long-range goals.

The tax base of the City's municipal income tax consists of business (and employees) located within the City as well as individual, resident taxpayers. The largest organizations located within the City generating income tax revenue are the City and the Rocky River City School District. Other significant industries in the City are senior citizen congregate housing and health care; banking; insurance (including health); and retail.

Relative to residents' incomes, the website www.city-data.com reports the estimated median household income in 2013 (the most recent data available) in the City was \$67,456; while for the State of Ohio that amount was \$48,081.

City income tax collections increased by about four and a half percent from 2013. Components of income tax collections are:

Component	2012	2013	2014
Employee Withholding	\$4,565,005	\$4,781,813	\$4,977,855
Business Profit	662,489	779,821	1,007,954
Residence Tax	3,727,641	4,115,447	4,149,847
Penalties & Interest	129,546	157,338	145,905
Total	\$9,084,681	\$9,834,419	\$10,281,561

The ballot issue put forth by City Council in November 2014 to increase the municipal income tax was successful. The purpose of the increase was to provide resources for capital projects and equipment purchases, either directly or through the payment of debt service for those obligations which had previously been supported by estate tax revenue, a State of Ohio shared revenue. The residents voted to raise income tax from 1.5 percent to 2.0 percent and increase the reciprocity credit for income taxes paid to another city from 1.0 percent to 1.5 percent. As indicated in the table above, the City is experiencing some improvement from the income tax revenue source due to a recovering economy.

The local impact to property values of the slow recovery of the real estate market is reflected in the assessed value amounts shown below:

Component	2012	2013	2014
Residential	\$574,355,230	\$575,421,090	\$577,507,960
Commercial	101,218,550	102,015,460	102,497,650
Public Utility	7,450,940	8,289,730	8,706,580
Total	\$683,024,720	\$685,726,280	\$688,712,190

As compiled by the website www.city-data.com, the estimated median house or condo value in 2013 (the most recent data available) was \$188,171 in the City while the State of Ohio estimated amount was \$127,000. On behalf of the State of Ohio, the Cuyahoga County Fiscal Officer establishes real property values within the City for tax purposes.

Both of these revenue sources are expected to be favorably impacted by two recent economic development activity projects. First, a new luxury apartment complex became fully occupied in the third quarter of 2014. The complex brings over 260 additional housing units to the City; its construction straddled the years 2013 and 2014 and the full value of the new construction will be added to the City's tax base in 2015. Construction began on a Whole Foods retail store in late 2014 with an opening expected in August 2015.

The impact of legislation enacted in 2011 by the General Assembly of the State of Ohio to stabilize the financial position of the State is lessening. First, when the tangible personal property tax was phased out effective January 1, 2009, the law provided that the City would be reimbursed for the lost tax revenue on a sliding scale through 2018. With the 2011 legislation, the reimbursement was discontinued. In addition, the distributions by the State of Ohio of the Local Government Fund that were basically frozen at the 2010 distribution level through June 30, 2013, have indicated recovery. Finally, the Estate Tax, which in the last three years it was in place, provided an average of \$1,345,258 in revenue to the City annually, was eliminated effective January 1, 2013.

Major Initiatives

Management of various phases of significant infrastructure improvement projects was the focus of attention of the City during 2014. The table below updates certain of the projects described in last year's CAFR.

Project	Project Cost	Status	Construction Schedule
Valley View Area Sanitary Sewer	\$4,979,520	Project Complete	(Loan amortization to
			begin in 2015.)
Hampton Road Sanitary Sewer	\$5,409,600	Project Complete	(Loan amortization to
			begin in 2015.)
Frazier Drive Sewer Improvement	\$4,681,600	Phase I completed on	10/01/2012 to 12/31/2014
		time; Phase II began	
		in 2013	

Interest free loans, provided by the Ohio Public Works Commission (OPWC), an agency of the State of Ohio, and a local matching commitment provide resources for these projects.

The next project funded in conjunction with an interest free loan from the OPWC is:

Project	Project Cost	Status	Construction Schedule
Avalon Drive Sewer Improvement	\$7,054,000	Engineering for	05/15/2015 to 12/31/2017
		Phase I began in 2013	

These projects have been determined as priorities within the comprehensive sewer maintenance and rehabilitation plan drafted by the City Engineer in 2006. Completion of the projects will serve to mitigate the potential for sanitary sewer overflows and reduce the risk of compliance penalties to the City.

Long-term Financial Planning

The City recovered from the recent declining revenue environment with limited service reductions by 1) staff reductions through attrition; 2) prudent planning; 3) debt refinancing and 4) operating cost control. The City's moderate reserves also served as budget stabilizing force during that time period. The City monitors cash flow in comparison to budget expectations throughout the year and attempts to be in a position to react to unexpected outside influences.

The Municipal Income Tax revenue source is economically sensitive. In 2012 with the modest stabilization that occurred in the economy, the City rebounded to a revenue level similar to 2007. In 2013, the income tax revenue surpassed the 2012 level by about 8.5 percent (non-GAAP budgetary basis) and the 2014 revenue grew further. The City buffers this economically sensitive revenue stream by conservative budgeting. And also, where actual revenue exceeds estimated revenue such excess is not appropriated and carries over in the General Fund budgetary balance to the next year.

The five year cash flow trend of funding data relevant in long term financial planning is as follows:

Source	Percent
Income Tax	31
Property Tax	26
Sewer Charges User Charges	11
Recreation Center User Charges	7
Grants/Loans	6
Other Revenue	4
Estate Tax	4
Gas & License Taxes	3

Local Government Fund	2
Senior Center User Fees	2
Ambulance Fees	2
Fines	1
Interest Earnings	1

The City uses on-going analysis of these and other revenue sources as a basis for its annual budget while balancing the need for reserves. In the most recent five years, the General Fund reserve (non-GAAP budgetary basis) has fallen within a range of 9 to 27 percent for an average of about 16 percent.

Mutual agreements with other governments to provide services to City residents are always a consideration for any projects undertaken. Currently, income tax collection, wastewater treatment, certain safety services, judicial services, park management, air traffic monitoring and marine patrol are provided by contract with other governments or managed by multi-jurisdictional related entities.

And most meaningfully, the Agreement between the Cities of Cleveland and Rocky River for Suburban Distribution Asset Renewal Program Project Reimbursement put in place in 2012, has provided ongoing resources for infrastructure support to City resident needs.

Awards and Acknowledgements

Canada (GFOA) awarded a Certificate of Achievement of Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the year ending December 31, 2013. This was the twenty-seventh year that the City has received this prestigious award. A "Certificate of Achievement" is awarded to the City when its publication is issued with easily readable language; is efficiently organized and comprehensive; and conforms to the programs standards for an annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a one year period only. The City believes the current CAFR continues to meet the award program requirements, and will submit it to determine its eligibility for another certificate

<u>Acknowledgements</u> The publication of the CAFR is a significant step in the ongoing effort toward superior financial reporting. City Council's commitment to excellence of the City in general and support for this project in particular are sincerely appreciated.

The City would like to express its appreciation to the firm of Ciuni & Panichi, Inc. for its professional services for assistance with the preparation of the 2014 CAFR. The CAFR represents a coordinated effort among departments of the City; each department takes pride and care managing the assets of the public that are under its control. This report is meant to demonstrate and document such effort.

Respectfully submitted,

/s/ Michael A. Thomas

Independent Auditor's Report

Members of the City Council Rocky River, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rocky River, Ohio (the "City") as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Members of the City Council Rocky River, Ohio

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General and Recreation Center Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

& Panichi Inc.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2015 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Cleveland, Ohio July 31, 2015

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

The administration of the City of Rocky River, Ohio (the "City") offers this Management's Discussion and Analysis to provide a narrative overview and analysis of the City's financial activities for the year ended December 31, 2014. The intent of the Management's Discussion and Analysis is to look at the City's financial performance as a whole; readers should also review the Transmittal Letter and the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2014 are:

- Total revenues were \$35,555,433, an increase of 15.9 percent from 2013. Total expenses were \$30,900,646, an increase of 10.5 percent from 2013. Based on the increase in total revenue and expenditures, total net position increased \$4,654,787 or 6.5 percent.
- Total assets increased by \$5,146,757 or 4.9 percent from 2013.
- Total liabilities increased by \$580,039 or 2.1 percent from 2013.
- Total capital assets increased by \$4,633,548 or 6.6 percent from 2013.
- Total outstanding long-term liabilities increased \$1,320,069 from 2013, an increase of 5.5 percent.

Using This Comprehensive Annual Financial Report

The Comprehensive Annual Financial Report (CAFR) consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City as a financial whole or as an entire operating entity. The financial statements proceed to provide an increasingly detailed look at the City's specific financial condition.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

Reporting the City of Rocky River as a Whole

Statement of Net Position and Statement of Activities

While this document contains information about the funds used by the City to provide services to citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did the City do financially during 2014?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting method used by the private sector. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

These two statements report the City's *net position* and changes therein. The City's net position, the difference between assets and deferred outflows of resources, what the City owns, and liabilities and deferred inflows of resources, what the City owes, is one way to measure the City's financial health, or financial position. Over time, *increases or decreases* in the City's net position is an indicator of whether its *financial health* is improving or deteriorating. Also other nonfinancial factors such as changes in the City's property tax base, municipal income tax base, and the condition of the City's capital assets (roads, buildings, and sewer lines) should be considered to assess the *overall health* of the City. In the Statement of Net Position and the Statement of Activities, the City is divided into two kinds of activities:

- Governmental activities Most of the City's basic services are reported here, including police, fire, streets, refuse collection, parks, recreation, and general administration. Property taxes, municipal income taxes, state shared revenues, court fines, and recreation fees finance most of these activities.
- Business-type activities The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sanitary sewer activity is reported here.

The Statement of Net Position and the Statement of Activities are divided into the following categories:

- Assets
- Deferred Outflows of Resources
- Liabilities
- Deferred Inflows of Resources
- Net Position (Assets and Deferred Outflows of Resources minus Liabilities and Deferred Inflows of Resources)
- Program Revenues and Expenses
- General Revenues
- Net Position Beginning of Year and Year's End

Reporting the Most Significant Funds of the City of Rocky River

Fund Financial Statements

The presentation of the City's major funds begins on page 20. Fund financial statements provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds that account for the multitude of services, facilities and infrastructure provided to City residents. However, these fund financial statements focus on the City's most significant funds. The City's major funds are the General, Recreation Center, General Obligation Bond Retirement, and Capital Improvement Funds.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Governmental Funds

Most of the City's activities are reported in the governmental funds that focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that are expected to be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Government fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future on services provided to residents. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds

The City maintains two different types of proprietary funds. The first, enterprise funds, are used to report the same functions presented as business-type activities. The City uses an enterprise fund to account for the operations of its Sanitary Sewer Fund. The second, internal service funds, are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City maintains this type of fund to account for health, prescription, and dental related employee benefits. Because this activity predominantly affects governmental rather than business functions, it has been included within the governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found beginning on page 30 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City's administrative oversight. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the City's own programs. The City has an Investment Trust Fund and agency funds to report within the fiduciary fund category. Agency funds are reported on a full accrual basis and only present the Statements of Net Position.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found starting on page 35 of this report.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

The City of Rocky River as a Whole

The Statement of Net Position looks at the City as a whole. Table 1 provides a summary of the City's Net Position for 2014 compared to 2013 balances.

Table 1 Net Position

Net position may serve over time as a useful indicator of a government's financial position. For the City, total assets and deferred outflows of resources exceed total liabilities and deferred inflows of resources by \$75,750,809 as of December 31, 2014.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Net investment in capital assets as of December 31, 2014, was \$54,065,071 which reflects the investments in capital assets (land, construction in progress, buildings, improvements, machinery and equipment, furniture and fixtures, and infrastructure) less any related debt outstanding used to acquire those assets. These capital assets are used to provide services to the City's citizens; consequently, these assets are not available for future spending. Although, the City's investment in its capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Total assets for 2014 increased by \$5,146,757 or 4.9 percent when compared to 2013. The increase in total assets was due primarily to the increase in capital assets related to the City's completion of two major infrastructure projects during 2014. The City's total liabilities increased \$580,039 or 2.1 percent when compared to 2013. The largest increase was due to the issuance of OPWC loans in the current year.

Table 2 shows the changes in net position for the year ended December 31, 2014 compared to 2013.

Governmental Activities

Governmental activities increased the City's net position by \$5,679,748 during 2014, compared to an increase in 2013 of \$2,036,598. The difference between 2014 and 2013 change in net position is attributable primarily to the increase in capital assets.

Both program revenues and general revenues fund the City's governmental activities. The amount that charges for services revenue contributed to total program revenues decreased \$305,210 from 2013 to 2014. Actual Charges for Services received over that period decreased 4.6 percent. The City collects charges for services for the operation of the Rocky River Municipal Court; recreation; senior service; and building department fees.

The municipal income tax is the largest source of the City's general revenues. The municipal income tax rate of 1/2 percent was established by City Ordinance No. 81-67, passed August 28, 1967. The municipal income tax rate was amended on June 24, 1968 by City Ordinance No. 82-68 to increase the municipal income tax rate to one percent and then on March 28, 1977, City Ordinance No. 5-77 approved an increase in the municipal income tax rate to 1-1/2 percent and a change in the tax credit for residents having municipal income taxable in another community. The municipal income tax revenue amount for 2014 was \$10,246,564, a \$511,898 increase from 2013. The City monitors its sources of revenue very closely to react to any changes or fluctuations. The City accounts for municipal income tax revenues in the General Fund.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Property taxes are 34.3 percent of total general revenues. Because economic and real estate economic and real estate market conditions compelled the Cuyahoga County Fiscal Officer, who sets real property values, to decrease the basis for assessed value in the City, this revenue source remained relatively the same compared to 2013, increasing 1.6 percent. Offsetting the overall decline, the City continues to experience favorable collections as well as both commercial and residential investment that will grow the tax base when fully occupied and operational. See page 146 in the Statistical Section of the CAFR.

Grants and entitlements not restricted to specific programs decreased 41.7 percent from 2013 to 2014 due mostly to less estate tax revenue received in 2014. The amounts collected by the City under provisions of the Ohio Revised Code Chapter 5731, estate tax, are recorded as entitlements. During 2014, \$298,532 was received as current distributions. The City accounts for estate tax revenue in the General Fund. There will be reduced revenue from grants and entitlements not restricted to specific programs since the Ohio General Assembly repealed the estate tax effective for dates of the death after January 1, 2013.

Total program expenses for 2014 were \$25,672,557, a 0.2 percent increase from 2013 levels. Program category increases occurred for general government, security of persons and property, public health, transportation and interest and fiscal charges. Moderating those increases were decreases in the program categories of leisure time activities, community development and basic utility service.

Various program category functions of both the City's governmental activities as well as its business-type activities increased due to increase in capital asset expenditures during the current year. These increases were primarily due to the completion of two large infrastructure projects during 2014.

Lower costs in the various program category functions of the City's governmental activities as well as its business-type activities were achieved by the City's favorable health claims year. Continuing to contribute to favorable health claim payments are both claim cost reductions as well as lower covered lives due to lower employee headcount.

During 2014, the largest program category function for the City is security of persons and property, which includes police and fire protection. This program accounts for 36.3 percent of expenses and increased by \$98,995 or 1.1 percent from 2013. Compensation levels due to employee turnover as well as operating costs increasing from the prior year caused the overall increase in expenditures within this program.

The general government program category accounts for 26.1 percent of program expenses. This program category reports the accumulated activity of the Rocky River Municipal Court; and other administrative functions of the City. An increase of \$787,082 or 13.3 percent occurred in this program category from 2013 to 2014. The increase in expense is due to the increase in capital outlay expenditures due to the City's progress on multiple road and storm sewer projects in the current year.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

The leisure time activities program category was the third largest for 2014 and comprises 12.5 percent of program expenses which decreased by 9.4 percent from 2013. The decrease was due to City's cost control efforts which resulted in less expenditures overall, within this program during the current year.

Business-Type Activities

For business-type activities of the City, charges for services are the primary source of revenue. The noted decrease in charges for services represents the impact of lower measured water consumption (which is the basis for billing sewer charges for services). Following the restructuring of sanitary sewer rates by eliminating fixed charges and using only water consumption for billing charges, this program revenue is more affected by fluctuations in water consumption. Capital grants and contributions revenue decreased from 2013 to 2014. This revenue category decrease is due to the increase in capital expenditures related to the completion of Phase II and Phase III of the Valley View and Hampton Storm and Sanitary Sewer projects in 2014. The Program Expenses are comprised of charges to operate the Rocky River Wastewater Treatment Plant as well as the cost to operate a crew of six employees to maintain the sanitary sewer collection system.

The City's Funds

Governmental Funds

The focus of the City's governmental funds is to provide information on a near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Information about the City's governmental funds begins on page 20. These funds are accounted for by using the modified accrual basis of accounting.

As of December 31, 2014, the City's governmental funds reported combining ending fund balance of \$12,774,624. Of that amount, \$2,212,279 constitutes unassigned fund balances, which is available for spending at the City's discretion. The \$10,562,345 remainder of fund balance is reported as nonspendable, restricted, or assigned to indicate that it is not available for new spending because it has already been committed to contracts and purchases of prior period(s).

All governmental funds had total revenues of \$27,054,306 and expenditures of \$26,581,870, leaving a \$618,435 current year increase in fund balance, after consideration of \$145,999 in net other financing sources.

The General Fund is the most significant fund as it is the source for providing a significant portion of resources for governmental activities such as police, fire, service, legislative, and administrative functions. In 2014, the General Fund had total revenues and other financing sources of \$18,515,005 and expenditures and other financing uses of \$16,998,705 resulting in an increase in fund balance at December 31, 2014 of \$1,516,300. This represents 8.9 percent of the current year General Fund expenditures and other financing uses. Total revenues and other financing sources were \$525,947 less than last year's. Expenditures and other financing uses were approximately \$1,465,000 less than last year's primarily due to a decrease in transfers – out of \$1,754,700.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

The Recreation Center Fund accounts for the operation and maintenance of the City's recreation facilities and activities. In 2014, the Recreation Center Fund had total revenues and other financing sources of \$2,872,057 and expenditures of \$2,892,555 resulting in a decrease in fund balance of \$20,498 at December 31, 2014. Total revenues and other financing sources were approximately \$180,000 under last year's. Expenditures were \$103,583 under last year's expenditures. Recreation Center Fund revenue decreased primarily due to decreases in fund transfers from \$475,000 to \$275,000. Expenditures decreased due to City's cost control efforts to reduce expenditures related to recreation activities.

The General Obligation Bond Retirement Fund accounts for the repayment of general obligation bonds of the City. In 2014, the General Obligation Bond Retirement Fund had total revenues and other financing sources of \$11,270,688 and expenditures and other financing sources of \$11,165,234 resulting in an increase in fund balance of \$105,454 at December 31, 2014. Total revenues and other financing sources ended \$9,778,813 above last year's and expenditures and other financing sources were \$9,639,584 above than last year's expenditures due to the refinancing of two outstanding general obligation bonds in the current year.

The Capital Improvement Fund accounts for the various projects of the City financed by tax monies and General Fund transfers. In 2014, the Capital Improvement Fund had total revenues of \$1,112,517 and expenditures of \$1,509,493 resulting in a decrease in fund balance of \$396,976 at December 31, 2014. Revenues ended \$333,530 under last year's mainly due to a decrease in transfers, and expenditures increased from 2013 by \$449,420.

General Fund Budgeting Highlights

The City's budget is prepared according to the general laws of the State of Ohio and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. During the course of 2014, the City supplemented the General Fund budget three times. The General Fund's actual expenditures, not including other financing uses, were \$1,462,036 under the final budgeted amount of \$15,158,839.

All capital projects and requests for capital-type purchases are included in the annual appropriations ordinance and any supplemental appropriations ordinance(s) as necessary. Recommendations for budget changes are presented to City Council as a supplemental appropriations ordinance. The City Administration may make budget changes that modify line items within departments within the same fund.

The General Fund supports many major activities such as the police division, fire division, engineer/building, finance, Rocky River Municipal Court, and economic/community development departments as well as the legislative and most executive activities. Some major capital projects are funded with General Fund dollars. These funds are transferred from the General Fund to Capital Improvement Fund where the revenue and expenditures for the capital improvement project are tracked and monitored.

For the General Fund, the original budgeted revenues, not including other financing sources, were \$17,089,744 and increased by \$1,318,000 to \$18,407,744 for final budgeted revenues, not including sale of capital assets. The level of liquidity in the General Fund, measured by the unrestricted cash at year-end, was about 26.6 percent of General Fund revenue and other financing sources.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Capital Assets and Debt Administration

Capital Assets

Table 3 shows fiscal 2014 balances of capital assets, net of any accumulated depreciation, as compared to 2013:

Total capital assets, net for the City as of December 31, 2014 were \$74,842,153, a \$4,633,548 increase from 2013. Capital asset additions of \$6,976,793 were offset by \$2,343,245 of depreciation expense.

The City seeks funding assistance for infrastructure projects as well as improving City facilities. It is through this type of financial assistance as well as grants and careful use of debt that the City proved able to improve upon capital assets and at the same time maintain revenue at a level that enables debt service loads at comfortable margins.

See Note 10 for additional information on capital assets.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Debt

On December 31, 2014, the City had \$21,106,111 in bonds and loans outstanding. Table 4 summarizes bonds and loans outstanding.

Table 4
Outstanding Debt at Year-End

	Governmer	ntal Activities	Business-Type Activities			Total		
	2014	2013	2014		2013	2014		2013

The outstanding general obligation bonds are composed of the following: 1) Refunded General Purpose, Series 2014, of \$4,540,000; 2) Civic Facility Improvements, Series 2005 of \$405,000; 3) Refunded Civic Facility Improvements, Series 2014 of \$4,605,000 and 4) Refunded Municipal Court Facility, Series 2011 of \$1,610,000. There remains unamortized premiums related to these issues of \$630,949.

The principal and interest of the Refunded Series 2014 General Purpose Bonds are paid from monies transferred from the General Fund into the Debt Service Fund. The principal and interest of the Series 2005 and Refunded Series 2014 Civic Facility Improvements Bonds are paid from property tax levy up to 1.0 mill approved for that purpose. The principal and interest of the Refunded Series 2011 Bonds are paid from court costs assessed and collected in accordance with Ohio Revised Code Section 1901.26(B)(1) from the Municipal Court Capital Improvement Fund.

The special assessment bonds consist of Erosion Control A & B Bonds: \$225,000 (Series 1998) and \$165,000 (Series 2000). The principal and interest for these bonds are paid from the Special Assessment Fund with monies collected through the Cuvahoga County Fiscal Officer from the affected taxpayers.

Principal and interest of the Ohio Water Development Authority (OWDA) loans are paid semi-annually from the Sanitary Sewer Fund and will be paid in full in the year 2020.

The City's overall legal debt margin was \$61,393,216 on December 31, 2014.

See Note 18 of the basic financial statements for additional information on the City's debt.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2014

Current Financial Related Activities

The City has had historic steady growth from its economically sensitive income tax revenue which has been balanced with its more foundational property tax revenue. In reacting to the extended economic downturn and slow recovery, the City Administration managed activities and employment levels in a shrinking revenue environment. In addition, some accumulated surpluses were consumed. With the elimination of the estate tax as a revenue source, the City developed the concept of an income tax to provide resources for capital projects and equipment purchases.

The concept enjoyed wide spread community support and during the general election in November 2014, the residents voted to raise income tax from 1.5 percent to 2.0 percent and increase the reciprocity credit for income taxes paid to another city from 1.0 percent to 1.5 percent to provide funding for capital improvements and equipment purchases, either directly or through the payment of debt service for those obligations. The tax increase will be effective January 1, 2015.

Two recent economic development activity projects will very soon contribute to both revenue sources. First, a new luxury apartment complex became fully occupied in the third quarter of 2014. The complex brings over 260 additional housing units to the City. The full value of the new construction will be added to the City's tax base in 2015. Construction began on a Whole Foods retail store in late 2014 with an opening expected in August 2015.

The City's commitment to its residents has always been one of full disclosure of financial matters of the City. This CAFR is available to all residents who wish to review it. City of Rocky River, Charter, Article III, Section 19, requires that, "[t]he Comprehensive Annual Financial Report, made to the City shall be filed with the Clerk of Council, who shall retain the then current report for public inspection. Within thirty days after the report is filed with the Clerk of Council, the Director of Finance shall submit a copy of the same report to the Rocky River Public Library." (Amended 11-6-90).

Contacting the City's Finance Department

This CAFR is designed to provide citizens, taxpayers, creditors and investors with a general overview of the City's finances and show the City's accountability for all money it receives, spends, or invests. Any questions about the CAFR or for additional financial information contact the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, (440) 331-0600. Certain information regarding the City is available through the website: www.rrcity.com.

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

<u>December 31, 2014</u>			
Total Governmental Funds Balance			\$ 12,774,624
Amounts reported for governmental activities in the Statement of Net Position are different because:			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			53,438,383
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds. Delinquent Property Taxes Municipal Income Taxes Special Assessments Charges for Services Intergovernmental Total	\$ _	234,458 1,666,738 624,125 122,471 818,132	3,465,924
In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.			(48,491)
Internal service funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position. Net Position Internal Balance Total	_	725,700 (24,084)	701,616
Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds. General Obligation Bonds Deformed Charges on Refunding		(11,790,949)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Yea	ır Ended	December	31.	, 2014

For the Year Ended December 31, 2014		
Net Change in Fund Balances - Total Governmental Funds		\$ 618,435
Amounts reported for Governmental Activities in the Statement of Activities are different because:		
Governmental Funds report Capital Outlay as expenditures. However in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital Outlay Depreciation	\$ 5,691,128 (2,005,500)	
Total		3,685,628
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the Funds.		
Property and Other Local Taxes Municipal Income Taxes Special Assessments Charges for Services Intergovernmental	(9,001) 52,463 (99,627) (13,312) (20,642)	
Total		(90,119)
Repayment of bond principal and payment to refunded escrow agent is an expenditure in the Governmental Funds, but these expenditures reduce long-term liabilities in the Statement of Net Position.		
General Obligation Bonds Special Assessment Bonds Payment to Refunded Escrow Agent Total	1,265,000 40,000 9,644,280	10,949,280
Proceeds from debt issues are Other Financing Sources in the funds, but increase long-term liabilities in the Statement of Net Position Also, Governmental Funds report the effect of premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:		
General Obligation Bonds Premium on General Obligation Bonds Total	(9,180,000) (592,633)	(9,772,633)
		(continued)

Reconciliation of The Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities (continued)

For the Year Ended December 31, 2014

Some expenses reported in the Statement of Activities do not require
the use of current financial resources and therefore are not reported as
expenditures in Governmental Funds.

Accrued Interest on Bonds	1,590
Amortization of Bond Premium	27,611
Loss on Refunding	(16,621)

Total 12,580

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in Governmental Funds.

Compensated Absences 115,685
Police and Fire Pension Liability 33,224

Total 148,909

The Internal Service Fund used by management to charge the costs of insurance to individual funds is not reported in the entity-wide Statement of Activities. Governmental expenditures and related internal service fund revenues are eliminated. The net expense of the Internal Service Fund is allocated amongst the Governmental Activities.

Notes to Basic Financial Statements

For The Year Ended December 31, 2014

Note 1: Description of City and Reporting Entity

The City of Rocky River (City) is a home rule municipal corporation, established under the laws of the State of Ohio and operated under a charter. The charter provides for a Mayor/City Council form of government whereby the Mayor is the administrative officer of the City. The Charter was originally adopted in 1960 and has been amended periodically; most recently in 2014. The Mayor, Law Director and seven-member City Council all serve two-year terms.

Reporting Entity

For financial reporting purposes, the reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the City are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the City.

The City provides various services including police and fire protection, health, parks and recreation, street maintenance, planning and zoning, sewer services, municipal court, senior adult, and general administrative services. The operation of these activities is directly controlled by the City Administration and City Council (through the budgetary process). None of these services are provided by a legally separate organization; therefore, these operations are included in the primary government.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of or provide financial support to the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the issuance of debt, or the levying of taxes. The City has no component units.

The Rocky River Wastewater Treatment Plant (Plant) is a joint venture among the cities of Rocky River, Bay Village, Fairview Park, and Westlake. The Plant has a Management Committee consisting of the Mayor of each Member City or his/her designee and a fifth member who is appointed by the four Mayors. The Director of Finance of the City of Rocky River serves as fiscal agent for the Plant.

The Plant is managed by the City of Rocky River with a report of operational activities made to the Management Committee annually. Personnel at the Plant are employees of the City of Rocky River. Pursuant to the organizing agreement (and amendments), the Plant is jointly owned by the Member Cities with each Member City's share being in proportion to its contribution to the total cost of constructing certain improvements. The Plant is a joint venture in which each Member City has an equity interest.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 1: Description of City and Reporting Entity (continued)

Reporting Entity (continued)

The City has an explicit and measurable equity interest in the Plant. There exists a residual interest in the assets upon dissolution of the joint venture. The City also has an ongoing financial responsibility for its share of the joint venture liabilities. Additionally, the City has an ongoing financial responsibility since the City's participation is essential to the continued existence of the Plant. The Plant is further described in Note 11 of the basic financial statements.

The City participates in other organizations: jointly governed organizations and a related organization. See Notes 19 and 25 to the basic financial statements for further information. The City also participates in two Joint Economic Development Zones, see Note 26 for further information.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" of the related revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business-type activity is self-financing or draws from the general revenues of the City.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The City reports three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of the State of Ohio.

Recreation Center Fund The Recreation Center Fund accounts for membership fees, program fees, General Fund subsidies and levied property tax revenue used for the operation and maintenance of the City's recreation activities.

General Obligation Bond Retirement Fund The General Obligation Bond Retirement Fund accounts for resources that are utilized for the repayment of general obligation bonds of the City.

Capital Improvement Fund The Capital Improvement Fund accounts for the various projects of the City financed by tax monies and General Fund subsidies.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Fund Enterprise funds may be used for any activity for which a fee is charged to external users for goods and services. The City's major enterprise fund accounts for the collection of sanitary sewer charges and the accumulation of resources to rehabilitate through acquisition, construction, or improvement the City's sanitary sewer infrastructure. This fund also accounts for the City's joint venture investment in the Rocky River Wastewater Treatment Plant.

Internal Service Fund Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund accounts for a self-insurance program for employee health benefits.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City's trust fund is an investment trust fund established to account for the investing activity of the Rocky River Wastewater Treatment Plant which is managed by the City. Agency funds are custodial in nature (assets equal liabilities) and thus do not involve measurement of results of operations. The City's agency funds are for deposits, the Tri-City Council of Governments, donations and bequests, Municipal Court, and the S.A.F.E. Council of Governments.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

C. Measurement Focus (continued)

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the Statement of Fund Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within 60 days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income taxes, State of Ohio levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants and entitlements, and rent.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources include a deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2014, but which were levied to finance year 2015 operations. These amounts have been recorded as a deferred inflow on both the government-wide Statement of Net Position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds Balance Sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, special assessments, and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Cash and Cash Equivalents

To improve cash management, cash received by all funds is pooled. Monies for these funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

Investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts and nonnegotiable certificates of deposit are reported at cost.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

E. Cash and Cash Equivalents (continued)

The City has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2014. STAR Ohio is a statewide investment pool managed by the Ohio Treasurer of State. Participation is offered to Ohio political subdivisions as defined in the Ohio Revised Code Section 135.45(F)(2)(a). STAR Ohio is not registered with the Securities Exchange Commission (SEC) as an investment company, but maintains a policy to operate as a "2a7 like pool" in a manner consistent with GASB Statement No. 31 "Accounting and Financial Reporting for Certain Investments and for External Investment Pools." Investments in STAR Ohio are valued at STAR Ohio's share price which is the price at which the investment could be sold.

Investment procedures are restricted by the provisions of the City Charter and the general laws of the State of Ohio. Interest revenue credited to the General Fund during 2014 amounted to \$19,798, which includes \$12,563 assigned from other City funds.

The City serves as fiscal agent for the Rocky River Wastewater Treatment Plant. A related individual investment account is presented, in the Statement of Fiduciary Net Position of the financial statements, as "Cash and Cash Equivalents in Segregated Accounts" and represents deposits or nonnegotiable certificates of deposit which are reported at cost. During 2014, investments purchased through this account were limited to nonnegotiable certificates of deposit and are reported at cost.

F. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable materials and supplies.

G. Deferred Charge on Refunding

The difference between the reacquisition price (funds required to refund the old debt) of various refunding bonds and the net carrying amount of the old debt, the deferred amount (loss) on refunding, is being amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt whichever is shorter, using the effective interest method and is presented as deferred outflows of resources on the Statement of Net Position.

H. Investment in Joint Venture

The investment in the Rocky River Wastewater Treatment Plant joint venture is reported using the equity method of accounting.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2014 are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

J. Capital Assets

General capital assets are capital assets which are associated with and arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$2,500. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All capital assets are depreciated except for land; certain land improvements; rights of way and construction in progress. Improvements are depreciated over the estimated remaining useful lives of the related capital assets. For 2014, the City's infrastructure consists of roads, traffic signals, sidewalks, and storm sewers. In addition, the City has recorded construction in progress for City road and sewer projects initiated in 2014. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following estimated useful lives:

Buildings 50 Years
Equipment 5 - 10 Years
Vehicles 5 Years
Infrastructure 18 - 75 Years

K. Interfund Balances

On the fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "Interfund Receivable/Payable." Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the Statement of Net Position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances. See Note 21 for interfund receivables/payables as of December 31, 2014.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

L. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid-time-off or some other means. The City records a liability for all accumulated unused vacation time when earned for all employees with more than one month of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future (those employees who will be eligible to receive termination payments in the next 20 years). The amount is based on accumulated sick leave and employee wage rates at year-end taking into consideration any limits specified in the City's termination policy and employees with two or more years of service.

M. Payables, Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

N. Bond Premiums and Discounts

On the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On fund financial statements, bond premiums are receipted in the year the bonds are issued.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City Council's resolutions).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party, such as citizens, public interest groups, or the judiciary, to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of City Council. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned: Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. These amounts are assigned by City Council. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the City Council or a City official delegated that authority by the City Council or ordinance or State statute. State statute authorized the Finance Director to assign fund balance for purchases on order provided such amounts have been lawfully appropriated.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

O. Fund Balance (continued)

City Council assigned fund balance to cover a gap between estimated revenue and appropriations in the 2015 appropriated budget.

Unassigned: Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

P. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The government-wide Statement of Net Position reports \$7,634,040 of restricted net position, a portion of which is restricted by enabling legislation. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Q. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for sanitary sewer services and self-insurance programs. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

R. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City and that are either unusual in nature or infrequent in occurrence. During 2014, there were no extraordinary or special items.

T. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

U. Budgetary Data

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the alternative tax budget information, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The alternative tax budget information demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount City Council may appropriate. The appropriations ordinance is City Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by City Council. The legal level of control has been established by City Council through the appropriation ordinance at the object level within each department for the General Fund and at the object level for all other funds. Budgetary modifications may only be made by ordinance of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Director of Finance. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by City Council.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 2: Summary of Significant Accounting Policies (continued)

U. Budgetary Data (continued)

The appropriation ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including encumbered amounts carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by City Council during the year.

V. Reclassification

Prior year data presented in the Management's Discussion and Analysis have been reclassified in order to be comparative and provide an understanding of the changes in financial position and operations. Certain reclassifications have been made to the 2013 data in order to conform to the 2014 presentation. In addition, see Note 29 for detail on the restatement of 2013 balances in the current year.

Note 3: Change in Accounting Principles

For 2014, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 69, Government Combinations and Disposals of Government Operations and GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees.

GASB Statement No. 69 establishes accounting and financial reporting standards for mergers, acquisitions, and transfers of operations (i.e., government combinations). The Statement also provides guidance on how to determine the gain or loss on a disposal of government operations. The implementation of this statement did not result in any change in the City's financial statements.

GASB Statement No. 70 establishes accounting and financial reporting standards for situations where a state or local government, as a guarantor, agrees to indemnify a third-party obligation holder under specified conditions (i.e. nonexchange financial guarantees). The issuer of the guaranteed obligation can be a legally separate entity or individual, including a blended or discretely presented component unit. Guidance is provided for situations where a state or local government extends or receives a nonexchange financial guarantee. These changes were incorporated into the City's financial statements; however, there was no effect on the beginning net position/fund balance.

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2014. The City has not determined the impact, if any, that this Statement will have on its financial statements or disclosures.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 4: Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by the general laws of the State of Ohio is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual for the General Fund and Recreation Center Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund and Recreation Center Fund.

Net Change in Fund Balance

	_	General	Recreation Center
GAAP basis	\$	1,516,300 \$	(20,498)
Net adjustment for revenue accruals		(65,796)	2,425
Net adjustment for expenditure accruals		71,905	(59,082)
Encumbrances	_	(131,303)	(69,690)
Budget basis	\$ _	1,391,106 \$	(146,845)

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 5: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on a fund for the major governmental funds and non-major governmental funds are presented below:

	General Fund		Recreation Center		General Obligation Bond Retirement		Capital Improvement		Total Non-major Funds		Total Governmental Funds
Nonspendable:	22 210	ф	6.502	Φ	0	Φ	0	ф	152.002	ф	102.714

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 6: Deposits and Investments

The City follows the guidelines for deposit of funds set forth by the City Charter as well as certain provisions of Ohio Revised Code Chapter 135: Uniform Depository Act.

City of Rocky River, <u>Charter</u>, Article VII, Section 3. provides "The Director of Finance may invest moneys of the City in any or all of the following: Investments consistent with the general laws of the State of Ohio in accordance with the Ohio Uniform Depository Act and any amendments thereto, bonds or notes of this City, bonds or other obligations of the United States or other obligations of any political subdivision or taxing district of the State as to which there is no default of principal or interest, in such manner as is now or hereafter provided by ordinance of City Council or by the laws of the State of Ohio, and the State Treasury Asset Reserve (STAR), an investment pool managed by the Ohio Treasurer of State, as defined in Section 135.45(F)(2)(a) of the Ohio Revised Code."

Ohio Revised Code Section 135.01 classifies public money of the City into three categories: 1) active deposits; 2) inactive deposits, and 3) interim deposits. The City maintains active and interim deposits only.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned from the depository. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited either within the City or a qualified trustee by the financial institution as security for repayment, or by a single collateral pool established by the financial institution. In accordance with Chapter 135 of the Ohio Revised Code, any public depository receiving deposits pursuant to an award of City funds shall be required to pledge security for repayment of all public moneys deposited with the institution.

At year-end, the carrying amount of the City's deposits was \$21,145,323 and the bank balance was \$17,932,718. Of the bank balance \$2,554,540 was covered by the FDIC and \$15,378,178 was uninsured. The entire uninsured bank balance was collateralized with securities held by pledging institutions' agents in its collateral pool. The City has \$5,350 of cash on hand at December 31, 2014.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 7: Property Taxes

Property taxes include amounts levied against real and public utility properties located in the City. Property tax revenue received during 2014 represents collections of the 2013 taxes.

2014 real property taxes were levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by Ohio Revised Code at 35 percent of appraised value. 2014 real property taxes are collected in and intended to finance 2015.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes which became a lien December 31, 2013, were levied after October 1, 2014, and were collected in 2014 with real property taxes.

The full tax rate for all City operations for the year ended December 31, 2014, was \$10.90 per \$1,000 of assessed value. The full rate for the City is the same as the effective rate. The assessed values of real and public utility properties upon which 2014 property tax receipts were based are as follows:

Category	Assessed Value
Real Property	\$ 677,436,550
Public Utility	8,289,730
Total	\$ 685,726,280

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, the Ohio Revised Code permits later payment dates to be established.

The Cuyahoga County Fiscal Officer collects property taxes on behalf of all taxing districts in the county, including the City. The County Fiscal Officers periodically remits to the City its portion of the taxes. Property taxes receivable represents real property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2014 and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been offset by deferred inflows of resources – property taxes, since current taxes were not levied to finance 2014 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 8: Income Taxes

The City levies a municipal income tax of 1.5 percent on substantially all income earned within the City. In addition, residents of the City are required to pay the City municipal income tax on income earned outside the City; however, a credit is allowed for income taxes paid to other municipalities, which reduces the effective tax rate to 0.5 percent for such earnings. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly.

Corporations and other individual taxpayers must pay their estimated tax quarterly and file a declaration annually. All income tax monies are credited to the General Fund.

By contractual agreement, the Central Collection Agency, a division of the City of Cleveland, administers and collects municipal income taxes for the City. Amounts collected are remitted monthly to the City. Collection fees for 2014 were \$361,197.

Note 9: Receivables

Receivables at December 31, 2014, consisted of taxes, accounts (billings for user charged services), special assessments, interest, and intergovernmental receivables. Receivables are recorded net of an allowance for estimated uncollectible amounts. The allowance is based on a percentage of aged accounts receivable and current year revenues. The City has estimated \$16,214 in uncollectible billings for user charged services.

A summary of Intergovernmental Receivables follows:

Governmental Activities:

Homestead and Rollback	\$	457,539
Public Utility and CAT Tax Reimbursements		894
Local Government		186,999
Auto Registration and Gasoline Tax		367,894
Permissive Tax		10,819
Estate Tax		6,492
Other Local Tax		44,974
Miscellaneous	_	8,000
Total Intergovernmental Receivable	\$ _	1,083,611

Special assessments expected to be collected beyond one year amount to \$350,000 in the Special Assessment Bond Retirement Fund. The amount of delinquent special assessments outstanding is \$54,164 at December 31, 2014.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 11: Joint Venture - Rocky River Wastewater Treatment Plant

The Rocky River Wastewater Treatment Plant (Plant) is a joint venture among the cities of Rocky River, Bay Village, Fairview Park, and Westlake. The Plant is governed by a management committee consisting of the elected mayors of the four member cities and a fifth person nominated and elected by the mayors. The committee has authority over all aspects of the Plant's operation. The Plant supplies all participating residents of the member cities with wastewater treatment services. Each city owns the sewage lines located in its city and bills its residents for usage. Continued existence of the Plant is dependent on the City's continued participation, and the City does have an equity interest in the Plant. The City's equity interest is \$5,024,256 which represents 25.31 percent of the total equity in the Plant. The Plant is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City. Complete financial statements can be obtained from the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, who serves as fiscal agent.

Note 12: Related Party Transactions

Since the continued existence of the Plant is dependent upon the participation of each member city, all transactions between the Plant and each member city are considered related party transactions. The Plant's transactions during 2014 involving the City of Rocky River are summarized as follows:

A. Charges for Services and Contributions for Capital Assets Replacement Fund

Charges for services revenue for 2014 consists of amounts charged to the member cities for wastewater treatment services provided to the member cities' residents and contributions to the Plant for plant and equipment replacement, as follows:

As of December 31, 2014, the City of Rocky River owed the Plant \$11,275 for the charges discussed above which is recorded as Accounts Payable.

B. Lease of Land

The Plant is located on property owned by the City. The organizing agreement (as amended) provides for an annual lease payment of \$57,000 from the Plant for use of the land.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 13: Risk Management

The City is exposed to various risks related to damage to, theft of and destruction of assets; torts; errors and omissions; natural disasters; and injuries to employees. During 2014, the City obtained insurance coverage with private insurance carriers to address exposure to certain of these risks.

There has not been a significant reduction in coverage from the prior year and settled claims have not exceeded coverage in any of the past three years.

Protection for employees injured while at work is provided through the two agencies of the State of Ohio: the Bureau of Workers' Compensation (BWC) and the Industrial Commission of Ohio (IC). The BWC has the administrative and insurance function, collecting workers' compensation insurance premiums from employers, and overseeing compensable claims of injured workers. The IC is the claims adjudicative branch that resolves disputes arising from a workers' compensation claim. Also, the City has contracted with a third-party administrator and a managed care organization to provide case management, consulting, and administrative services.

Since May 2002, the City has provided employees (and eligible dependents) medical and prescription drug benefits on a partially self-insured basis; dental benefits are provided on a fully-insured basis.

The City contracts with a third-party administrator to process and pay claims and has obtained stop-loss coverage for claims individually and stop-loss coverage for aggregate per year claims. The City pays a monthly premium into the Self-Insurance Fund for each employee that varies according to employee group. These rates are paid by the fund from which the employees' salary is paid. Incurred but not reported claims of \$137,881 have been accrued as a liability at December 31, 2014 based on an estimate by the third-party administrator.

Changes in the fund's claims liability amount were:

	Balance at uning of Year	_	Current Year Claims	_	Claim Payments	Balance at End of Year			
2010	\$ 90,484	\$	1,800,064	\$	1,783,075	\$	107,473		
2011	107,473		1,657,326		1,640,395		124,404

2013	103,336		1,799,747		1,614,944		288,139		
2014	288,139		1,987,250		2,137,508		137,881		

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 14: Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans: the traditional pension plan, the member-directed plan and the combined plan. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the traditional pension plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor, and death benefits and annual cost-of-living adjustments to members of the traditional pension and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting https://www.opers.org/investments/cafr.shtml, by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

For 2014, the members and employer contribution rates were consistent across all three plans. For the year ended, December 31 2014, the members of all three plans were required to contribute 10 percent of their annual covered salary to fund pension obligations. The City contributed 14 percent of earnable salaries, of which one percent for the traditional pension and combined plans was used to fund health care coverage for retirees. The contribution rate is determined actuarially. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations, excluding the health care portion, to the traditional pension and combined plans for the years ended December 31, 2014, 2013, and 2012 were \$963,771, \$1,057,766, and \$858,596, respectively; 89.83 percent has been contributed for 2014, 100 percent has been contributed for 2013 and 2012. Contributions to the member-directed plan for 2014 were \$36,545 made by the City and \$26,103 made by the plan members.

B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan. The OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 14: Defined Benefit Pension Plans (continued)

B. Ohio Police and Fire Pension Fund (continued)

The OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

From January 1, 2014 thru July 1, 2014, plan members were required to contribute 10.75 percent of their annual covered salary. From July 2, 2014 thru December 31, 2014, plan members were required to contribute 11.5 percent of their annual covered salary. Throughout 2014, employers were required to contribute 19.5 percent for police officers and 24 percent for firefighters. The City's contributions, excluding the health care portion, for the years ended December 31, 2014, 2013, and 2012 for police officers were \$499,309, \$420,050, and \$329,131 and for firefighters were \$576,639, \$493,936, and \$402,717, respectively, equal to the required contributions for each year. The full amount has been contributed for 2012 and 2013, and 84.81 percent for police and 83.60 percent for firefighters in 2014.

Note 15: Post-Employment Benefits

A. Ohio Public Employees Retirement System

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the traditional pension and the combined plans. Members of the member-directed plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the traditional pension and combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and qualified survivor recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45. OPERS' eligibility requirements for post-employment health care coverage changed for those retiring on and after January 1, 2015. Please see the Plan Statement in the OPERS 2013 CAFR for details.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB plan to its eligible members and beneficiaries. Authority to establish and amend the OPEB plan is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting https://www.opers.org/investments/cafr.shtml, by writing to OPERS, 227 E. Town St., Columbus, OH, 43215-4642, or by calling (614)222-5601 or 800-222-7377.

The Ohio Revised Code provides statutory authority requiring employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care. Employer contribution rates are expressed as a percentage of the earnable salaries of active members. In 2014, the City contributed at a rate of 14 percent of earnable salaries.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 15: Post-Employment Benefits (continued)

A. Ohio Public Employees Retirement System (continued)

The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14 percent of earnable salaries for state and local employer units. Active members do not make contributions to the OPEB plan.

OPERS' post-employment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of the post-employment health care benefits.

For 2014, the employer contribution allocated to the health care plan for members in the traditional pension and combined plans was two percent of earnable salaries.

Effective January 1, 2015, the portion of employer contributions allocated to health care was two percent for both plans, as recommended by the OPERS actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2014, 2013, and 2012 were \$160,564, \$81,334, and \$344,679, respectively; 89.83 percent has been contributed for 2014, and 100 percent has been contributed for 2013 and 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved heath care changes, OPERS expects to be able to consistently allocate four percent of the employer contributions toward the health care fund after the end of the transition period.

B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing, multiple-employer defined post-employment health care plan administered by the OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long-term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement 45.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 15: Post-Employment Benefits (continued)

B. Ohio Police and Fire Pension Fund (continued)

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to the Pension Fund, Attention: Chief Financial Officer, 140 E. Town St., Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

The Ohio Revised Code provides for contribution requirements of the participating employers and of the plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24 percent of their covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of the covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was 0.5 percent of covered payroll from January 1, 2014 thru December 31, 2014. The amount of employer contributions allocated to the health care plan each year is subject to the Board of Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's total contributions to OP&F for police and fire for the years ending December 31, 2014, 2013, and 2012 were \$512,448, \$515,696, and \$503,376, and \$588,908, \$581,577, and \$560,302, respectively, of which \$13,324, \$95,705, and \$174,246 and \$12,367, \$87,624, and \$157,585, respectively, was allocated to the health care plan. The full amount has been contributed for 2012 and 2013. For 2014, 84.81 percent for police and 83.60 percent for firefighters has been contributed, respectively, with the remainder being reported as a liability.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 16: Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements, the Ohio Revised Code and City ordinances. Vacation leave is earned at rates which vary depending upon length of service and standard work week. Vacation accumulation is limited to two years. Vacation leave not used within two years is eliminated from the employee's leave balance. All accumulated unused vacation time is paid upon termination of employment.

Employees earn sick leave at the rate of 2.3 hours for every 40 hours worked, except for the fire division where employees earn 9.69 hours for every 168 hours worked. Sick leave accumulation is limited to 960 hours, except for the fire division where a maximum of 1,341 hours may be accumulated. City employees with two or more years of service are paid for their accumulated sick leave upon termination or retirement.

Note 17: Conduit Debt

West Shore Unitarian Universalist Church

In October 2005, the City issued \$1,350,000 Economic Development Revenue Bonds, Series 2005 (Bonds) pursuant to a Loan Agreement dated October 3, 2005 between the City and the West Shore Unitarian Universalist Church (the Borrower). The Bonds were issued for the purpose of making a loan to the Borrower, an Ohio nonprofit corporation to acquire, construct, renovate, furnish, and equip an approximately 12,000 square foot area of the Borrower's facility at 20401 Hilliard Boulevard, Rocky River, which will be used by the Borrower, acting as the "West Shore Child Care Center" in its operation of day care and preschool facilities.

The Bond Service Charges are payable from revenue assigned to secure such payment are not payable from other funds of the City whether raised by taxation or otherwise received. Accordingly, the Bonds are not reported as a liability of the City in the accompanying financial statements. The Bonds are payable in 240 monthly payments from November 1, 2005 through October 1, 2025 inclusive.

General Purpose and General Purpose Refunded General Obligation Bonds will be paid from property taxes and money transferred to the Debt Service Fund.

Municipal Court Facility Refunded General Obligation Bonds will be paid from the Municipal Court Capital Improvement Fund.

The special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that property owners fail to make their special assessment payments, the City is responsible for providing the resources to meet the annual principal and interest payments.

The police and fire pension liability will be paid from levied taxes in the Police and Fire Pension Special Revenue Funds.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 18: Long-Term Obligations (continued)

Compensated absences will be paid from the General Fund, the Recreation Center, Office on Aging, Refuse and Recycling, Motor Vehicle License Tax, and Street Construction and Repair Special Revenue Funds, and the Sanitary Sewer Enterprise Fund.

The OWDA loans will be paid from revenues derived by the City from sanitary sewer charges in the Sanitary Sewer Enterprise Fund. The above represents the monies drawn against this loan and as a result, the debt maturity schedule below does not reflect any amount for principal. When the loan is finalized, the principal will be included below.

During 2009, the City obtained an OPWC interest – free loan for the Valley View Storm and Sanitary Sewer Improvements to be repaid in semi-annual principal payments of \$42,362 for 30 years beginning January 1, 2015. These loans are repaid with revenues derived by the City's sanitary sewer charges.

Also during 2009, the City obtained a second OPWC interest –free loan for the Hampton Road Storm and Sanitary Sewer Improvements to be repaid in semi-annual principal payments of \$54,474 for 30 years beginning July 1, 2015. These loans are repaid with revenues derived by the City's sanitary sewer charges.

During 2010, the City obtained an OPWC interest –free loan for the Frazier Drive Improvements. OPWC has authorized this loan up to \$3,277,120. The above represents the monies drawn against this loan and as a result, the debt maturity schedule below does not reflect any amount for principal. When the loan is finalized, the principal will be included below.

The City's overall legal debt margin was \$61,393,216 at December 31, 2014. Principal and interest requirements to retire long-term obligations outstanding at December 31, 2014, are as follows:

					Governi	nen	tal Activities

Total	\$	140,508	\$	22,079	\$ 5,810,131	\$ 5,950,639	\$ _	22,079

On September 4, 2014, the City issued \$9,180,000 in general obligation bonds for the purpose of refunding the 2004 General Purpose and Civic Facility Improvement general obligation bonds in order to take advantage of lower interest rates. An analysis of the information follows:

		2004	2005
		General	Civic Facility
	-	Purpose	<u>Improvements</u>
Outstanding at December 31, 2013	\$	5,210,000	\$ 5,435,000
Amount refunded		(4,580,000)	(4,640,000)
Principal payment on			
non-refunded portion	_	(630,000)	(390,000)
Outstanding at December 31, 2014	\$	0	\$ 405,000

The bonds were sold at a premium of \$592,633. Proceeds of \$9,772,633 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the various general obligation bonds. As a result, \$9,220,000 of these bonds are considered defeased and the liability for the refunded portion of these bonds has been removed from the City's financial statements.

The City decreased its total debt service payments by \$1,103,837 as a result of the refunding. The City also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$1,044,898.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 19: Jointly Governed Organizations

A. West Shore Council of Governments

The West Shore Council of Governments (West Shore Council) was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Bay Village, Fairview Park, Lakewood, North Olmsted, and Westlake. The West Shore Council was formed to foster cooperation between members in the areas of public health, welfare, police protection, fire protection, and regional development. The West Shore Council oversees both the West Shore Hazardous Materials Committee which provides hazardous material handling training, protection, and assistance and the West Shore Enforcement Bureau which provides SWAT Team training, protection, and assistance.

The West Shore Council is governed by a board comprised of one member from each member city. The board exercises control over the operation of the West Shore Council including budgeting, appropriating, contracting, and administration. The West Shore Council board adopts an annual budget governing its activities for that year. Each city's degree of control is limited to its representation on the board. In 2014, the City contributed \$42,093 to the West Shore Council.

Financial information for the West Shore Council may be obtained from the Fiscal Officer, West Shore Council of Governments, in care of City of Bay Village, 350 Dover Center Road, Bay Village, Ohio 44140.

B. Tri-City Park Council of Governments

The Tri-City Park Council of Governments (Tri-City Park) was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Fairview Park, and Westlake. Tri-City Park was formed to operate a public park to which residents of all member cities have access and which is bordered by all member cities.

Tri-City Park is governed by a board comprised of one member from each member city. The board exercises control over the operation of Tri-City Park including budgeting, appropriating, contracting, and administration. The Tri-City Park board adopts an annual budget governing its activities for that year. Each city's degree of control is limited to its representation on the board. In 2014, the City made no contributions to the Tri-City Park.

Financial information for Tri-City Park may be obtained from the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, who serves as fiscal agent.

C. S.A.F.E. Council of Governments

The Safe Air for the Environment Council of Governments (S.A.F.E. Council) was organized pursuant to the Ohio Revised Code Section 167.01 by the Ohio cities of Rocky River, Bay Village, Fairview Park, and Westlake. The S.A.F.E. Council was formed to oppose and to monitor changes to air traffic patterns of flights from nearby Cleveland Hopkins International Airport.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 19: Jointly Governed Organizations (continued)

C. S.A.F.E. Council of Governments (continued)

The S.A.F.E. Council is governed by a board comprised of one member from each member city. The board exercises control over the operation of the S.A.F.E. Council including budgeting, appropriating, contracting, and administration. The S.A.F.E. Council board adopts an annual budget governing its activities for that year.

Each city's degree of control is limited to its representation on the board. In 2014, the City made no contributions to the S.A.F.E. Council.

Financial information for the S.A.F.E. Council may be obtained from the Director of Finance, City of Rocky River, 21012 Hilliard Boulevard, Rocky River, Ohio 44116, who serves as fiscal agent.

D. Suburban Water Regional Council of Governments

The Suburban Water Regional Council of Governments (Water Council) was organized in 2003 pursuant to the Ohio Revised Code Section 167.01 by the political subdivisions to which the City of Cleveland, Ohio sells water, either by direct service to residents or on a bulk basis. The Water Council was formed to represent such political subdivisions in communications, understandings, uniform approaches, and exchange of information between the members of the Water Council and the City of Cleveland, Ohio.

The Water Council is governed by a Board of Trustees elected from each of nine member groups defined in the organizing agreement. The Mayor represents the City and is eligible to be elected to the Board of Trustees of the Water Council.

The City made no contributions to the Water Council in 2014. The organizing agreement provides for the assessment of dues to members; however, no dues have been assessed since the inception of the Water Council.

The fiscal information of the Water Council may be obtained through the office of the Executive Secretary of the Cuyahoga County Mayors and Managers Association located at 10107 Brecksville Road, Brecksville, Ohio 44141, who serves as the fiscal agent.

Note 20: Litigation

The City management is of the opinion that ultimate disposition of claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 21: Interfund Activity

A. Transfers

The transfers among City funds were made to provide additional resources for current operations and for the payment of debt. The General Fund made the following transfers during the year ended December 31, 2014:

Transfer to	
Recreation Center	\$ 275,000
General Obligation Bond Retirement	815,000
Other Governmental Funds	2,263,300
Total Transfers	\$ 3,353,300

B. Receivable/Payable

During the year ended December 31, 2008, the General Fund advanced the Recreation Center Special Revenue Fund \$500,000, which created an interfund receivable/payable. A \$50,000 payment was made in 2011. The advance was for monies that are expected to be repaid by December 31, 2015. The remaining balance is \$450,000.

Note 22: Accountability and Compliance

A. Accountability

Fund Equity Deficit – Special Revenue Funds

There is a deficit in the Recreation Center Special Revenue Funds of \$400,840 and a deficit in the Federal Emergency Management Funds of \$75,368 caused by the application of accounting principles generally accepted in the United States of America to the funds. The General Fund is liable for any deficit in the funds and provides transfers when cash is required, not when accruals occur.

B. Compliance

The Recreation Center Fund had final appropriations in excess of the final estimated resources plus available balances for 2014, contrary to Ohio Revised Code, Section 5705.39 of \$21,488.

The Municipal Probation Services Fund, and Indigent Driver Alcohol Monitoring Fund had final expenditures in excess of the final appropriations for 2014, contrary to Ohio Revised Code, Section 5705.41 of \$42,104, and \$3,012, respectively.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 23: Significant Commitments

A. Contracts

At December 31, 2014, the City's significant contractual commitments consisted of:

		Contract		Amount		Remaining
Project	_	Amount	_	Paid	<u>C</u>	on Contract
Avalon Drive Sewer Improvement	\$	544,783	\$	221,126	\$	323,657
Equipment Purchases		32,100		3,246		28,854
Frazier/Beachcliff Water Main Improvement		3,997,438		3,489,214		508,224
Rocky River Park Improvement Project		58,500		25,220		33,280
Building Improvements		251,085		90,239		160,846
Spencer Road Sewer Project		52,000		7,705		44,295
Morewood Road Sewer Project		75,000		0		75,000
Professional Services		564,715		508,566		56,149
Paving	_	459,259	_	321,343	_	137,916
Total	\$ _	6,034,880	\$ _	4,666,659	\$ _	1,368,221

The amounts captioned "Remaining on Contract" are encumbered as of the end of the year.

B. Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General Fund	\$	75,496
Recreation Fund		47,034
Capital Improvement Fund		366,069
Other Governmental Funds	_	255,709
Total Governmental	\$ _	744,308
Sanitary Sewer Fund	\$	878.309

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 24: Operating Leases

In August 2006, the City entered into a 15-year lease agreement with Beachcliff Properties L.P. to lease a parking structure at the Beachcliff Market Square to provide free public parking in the downtown retail district. The total rental expense for year ended December 31, 2014 was \$20,000.

Future minimum rental payments for these leases are as follows:

2015	\$ 20,000
2016	20,000
2017	20,000
2018	20,000
2019-2020	 40,000
	\$ 120 000

Note 25: Related Organization

The Rocky River Community Improvement Corporation (CIC) was organized pursuant to the Ohio Revised Code Chapter 1724 in October 2002 as an Ohio nonprofit corporation. The CIC was formed to advance, encourage and promote development of the City by acting as the designated agency of the City for such purposes in accordance with the Ohio Revised Code Section 1724.10.

The CIC is a body politic, separate from the City, which may act as an individual entity to carry out the powers conferred upon it by the general laws of the State of Ohio. The corporate code of regulations provides for a Board of Directors comprised of the Mayor; the members of City Council and the Directors of Community and Economic Development and Finance of the City. The Director of Finance serves as CIC Treasurer. The CIC has neither applied nor qualified for a tax-exemption pursuant to any section of the Internal Revenue Code.

At December 31, 2014, the CIC has no assets or liabilities. The CIC has had no financial activity since 2005.

Note 26: Joint Economic Development Zones

In 2008, pursuant to the Ohio Revised Code Section 715.69, the City entered into a 30-year agreement with 13 other cities in Cuyahoga and Lorain Counties to create and provide for the operation of a joint economic development zone (JEDZ) for the purpose of facilitating new or expanded growth for commercial or economic development. The JEDZ is known as the Nagel-Interstate 90 Joint Economic Development Zone and consists of about 791 acres in the City of Avon, Lorain County, Ohio.

The agreement provides that for any business relocating to the JEDZ from the City, the City of Avon will 1) limit real estate tax abatements; 2) not provide any income tax abatements; and 3) with certain limitations, share income taxes.

The agreement does not provide for a financial contribution by the City.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 26: Joint Economic Development Zones (continued)

In 2012, pursuant to the Ohio Revised Code Section 715.69, the City entered into a 20-year agreement with the City of Cleveland to create a joint economic development zone (JEDZ) to facilitate new or expanded growth for commercial or economic development for the residents of each city and the State of Ohio. The JEDZ is known as the Cleveland – Rocky River Joint Economic Development Zone, the territorial boundaries of which are the combined total area of the two cities.

The agreement provides that for any business relocating to the JEDZ from the City of Cleveland and the City will 1) limit new industrial or commercial real estate tax abatement; 2) not provide any income tax abatement; and 3) with certain limitations, share income taxes.

The agreement does not provide for a financial contribution by the City.

Note 27: Solid Waste Transfer Station

The City operates a solid waste transfer station at 22401 Lake Road. The transfer station has been in operation since 1995 and is used by residents and businesses to dispose of solid waste which is then transported to a commercial landfill outside the City.

In accordance Ohio Environmental Protection Agency regulations promulgated in the Ohio Administrative Code, the City annually provides the required financial assurance through the local government financial test for final closure of the transfer station. Since the initiation of said regulations, the City completed the local government financial test and met the required financial assurances.

When using the local government financial test mechanism, the Ohio Environmental Protection Agency does not require a liability to be recognized provided the City meets the requirements of the financial test.

Further, the City has no plans to close or move the facility. Therefore, no liability is recognized (actual or contingent) in the accompanying financial statements, for the cost to perform and complete transfer station closure activities.

Note 28: Subsequent Events

Effective January 1, 2015, the City's income tax rate will increase from 1.50 percent to 2 percent.

Notes to Basic Financial Statements (continued)

For The Year Ended December 31, 2014

Note 29: Restatement of Prior Year Balances

11000		I cal Dalaites		
				Business-Type Activities
			Governmental	Sanitary Sewer
			Activities	Fund
Net Position,	December 31, 2013	\$	48,572,774	\$ 22,523,248
Restatement			11,971	(11,971)
Net Position,	January 1, 2014, restated	\$	48,584,745	\$ 22,511,277

The December 31, 2013 Net Position balance has been restated due to City's decision to reclassify the Sewer Rehabilitation Fund from governmental activities to business-type activities; thereby combining the Sewer Rehabilitation Fund with the Sanitary Sewer Fund.

In addition, the Sanitary Sewer Fund and the total Governmental Funds are being restated for the same issue as follows:

		1 Otal		
	Go	vernmental		Sanitary
		Funds	_	Sewer Fund
Fund Balance, December 31, 2013	\$	15,178,316	\$	22,502,650

Combining Statements
Non-Major Governmental Funds
Fund Descriptions

Non-major Special Revenue Funds

Special revenue funds are used to account for proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditures for specific purposes.

Law Enforcement Trust Fund – Required by the Ohio Revised Code to account for monies received from various law enforcement agencies designated for law enforcement related purposes.

Community Diversion Program Fund – To account for monies received from Cuyahoga County to be used to help divert youth who are first time offenders of misdemeanor offenses from formal court action and to establish or expand community policing programs.

Indigent Driver Alcohol Treatment Fund – Required by the Ohio Revised Code to account for 50 percent of fines received by the City for convictions related to persons whose drivers license was suspended for driving under the influence of alcohol.

Enforcement and Education Fund – To account for fines imposed under Section 4511.99 (A) of the Ohio Revised Code. These monies are used to pay costs incurred in enforcing Section 4511.99 of the Ohio Revised Code, and to educate the public about laws governing the operation of a motor vehicle under the influence of alcohol and the danger thereof.

Municipal Probation Services Fund – To account for specific court costs used to maintain ongoing probation services.

Mediation Services Fund – To account for the collection of fees for all civil cases except cognovits notes and domestic relations filings pursuant to Ohio Revised Code 1901.26(B)(1).

Federal Emergency Management Agency (FEMA) Fund – To account for federal monies received to pay for expenses incurred during emergencies.

Office on Aging Fund – To account for levied property tax revenues, charges for services, and General Fund subsidies used for the operation of the Senior Center.

Marine Patrol Fund – To account for monies received from the state and General Fund subsidies used for the operation of the City's police boat.

Community Impacts Fund – To account for monies received from a railroad company to be used for costs resulting from increased usage of the Nickel Plate railroad line.

Refuse and Recycling Fund – To account for levied property tax revenue and General Fund subsidies used for the recycling program, as well as the collection and hauling of rubbish.

(continued)

Combining Statements
Non-Major Governmental Funds (continued)
Fund Descriptions

Non-major Special Revenue Funds (continued)

Motor Vehicle License Tax Fund – Required by the Ohio Revised Code to account for monies received from Cuyahoga County for the maintenance of public roads, highways, streets, and bridges within the City.

Street Repair and Maintenance Fund – Required by the Ohio Revised Code to account for state gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

State Highway Fund – Required by the Ohio Revised Code to account for state gasoline tax and motor vehicle registration fees designated for the maintenance of state highways within the City.

Indigent Driver Alcohol Monitoring (IDAM) Fund – To account for mandatory minimum fine amounts established pursuant to Ohio Revised Code Section 4511.19(G)(5)(e) for operating a vehicle under the influence of alcohol or drugs.

Fire Levy Fund – This fund accounts for a voted real estate tax operating levy which pays for the current and accrued past service liability for fire disability and pension benefits.

Police Levy Fund – This fund accounts for a voted real estate tax operating levy which pays for the current and accrued past service liability for police disability and pension benefits.

Non-major Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term and special assessment principal, interest, and related costs.

Special Assessment Bond Retirement Fund – To account for the collection of special assessments levied against the benefited properties for the payment of special assessment bonds and related interest.

Non-major Capital Projects Fund

Capital projects funds are established to account for financial resources to be used for the construction or acquisition of major capital facilities (other than those financed by proprietary funds).

Equipment Replacement Fund – To account for liquor permit revenues and transfers to provide for the future replacement of equipment.

Municipal Court Capital Improvement Fund – To account for specific court costs created to maintain operating and capital needs of the Municipal Court.

Statistical Section

December 31, 2014

This part of the CAFR presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page(s)
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	122 –130
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	131 – 137
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	138 – 143
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	144 – 146
Operating Information These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	147 – 152

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

(1) This amount is calculated for 2014 based on the following percentages:

Real property is assessed at 35 percent of actual value.

Public utility property is assessed at 88 percent of actual value.

Tangible personal property is assessed at 25 percent of true value for capital assets and 23 percent of true value for inventory prior to 2006 tax year. Tangible personal is assessed at 18.75, 12.5, and 6.25 percent of true value for all property inventory for 2006, 2007, and 2008 respectively.

(2) Tax rates are per \$1,000 of assessed value.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements	
Performed in Accordance with Government Auditing Standards	1
Schedule of Findings	3

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Mayor and Members of City Council Rocky River, Ohio

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rocky River, Ohio (the "City"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July, 31 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We identify the deficiency described in the accompanying Schedule of Findings to be a material weakness as item 2014-01.

Honorable Mayor and Members of City Council Rocky River, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Rocky River, Ohio's Response to the Finding

Panichi Inc.

The City's response to the finding identified in our audit is described in the accompanying Schedule of Findings. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cleveland, Ohio July 31, 2015

City of Rocky River

Schedule of Findings

For the year ended December 31, 2014

1. Summary of Auditor's Results

Type of Financial Statement Opinion	Unmodified
Were there any significant deficiencies reported at the financial statement level (GAGAS)?	No
Were there any material weaknesses reported at the financial statement level (GAGAS)?	Yes
Was there any material noncompliance reported at the financial statement level (GAGAS)?	No

2. Findings Related to the Financial Statements Required to be Reported in Accordance With GAGAS

Finding 2014-01

Material Weakness

It was determined that the Sewer Rehabilitation Special Revenue Fund should be combined with the Sanitary Sewer Enterprise Fund based on the revenue source. For this reason the prior year balances had to be restated to reclassify the Sewer Rehabilitation Special Revenue Fund from governmental activities to business-type activities; thereby combining the Sewer Rehabilitation Fund with the Sanitary Sewer Fund.

City's Response

The City agrees with the fund reclassification and the amounts restated therefrom.

CITY OF ROCKY RIVER

CUYAHOGA COUNTY

CLERK'S CERTIFICATION

This is a true and correct copy of the report which is required to be filed in the Office of the Auditor of State pursuant to Section 117.26, Revised Code, and which is filed in Columbus, Ohio.
