Tipp City

Council-Manager
Government

June 18, 2015

To the Honorable Mayor, Members of City Council, and Citizens of the City of Tipp City, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Tipp City, (the City) for the fiscal year ended December 31, 2014 is hereby submitted for your review.

Ohio law requires that cities file their annual financial reports with the Auditor of State's office within 150 days of the close of each fiscal year. Additionally, the Ohio Administrative Code requires that those reports be prepared pursuant to generally accepted accounting principles. The preparation of this CAFR represents the commitment of Tipp City to adhere to nationally recognized standards of excellence in financial reporting.

I believe this report presents financial and operating information about the City's activities during the year which should be useful to its elected officials, citizens, taxpayers, and investors. Responsibility for the accuracy of the data and the completeness and fairness of the presentation including all disclosures rests with the City. To the best of my knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The Ohio State Auditor's office has audited the basic financial statements that are included in this report. They have issued an unmodified ("clean") opinion on the City of Tipp City's financial statements for the year ended December 31, 2014. The Auditors' report is located at the front of the financial section of this report.

As a part of the City's audit, tests are made to determine the adequacy of the internal control structure, as well as to determine that the City has complied with applicable laws and regulations.

This transmittal letter is designed to provide historical information about the City, as well as complement the required Management's Discussion and Analysis (MD&A). Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The City's MD&A, which focuses on the government wide statements, can be found immediately following the Auditor's Report.

***Letter of Transmittal
For the Year Ended December 31, 2014***

PROFILE OF THE CITY

The City of Tipp City is a progressive, growing community located fourteen miles north of Dayton on Interstate 75. The City was incorporated as a village in 1850, and became a City in 1960. Its seven and a half square mile area serves a residential population of 9,689 (2010 Census). The City is served by diversified transportation facilities. Immediate access is to four State Highways and to Interstate Highways 70 and 75. The main line of the CSX Railroad (CSX), between Cincinnati and Toledo, passes through the City. Passenger and freight air service is provided by the Dayton International Airport located approximately 10 miles from the City. Easy access to both Interstates 70 and 75 places Tipp City within approximately a one-hour drive of Columbus, Cincinnati, and Indianapolis.

The City of Tipp City is a home rule municipal corporation operating under its own charter, first adopted by the voters in 1968 and which has been and may be amended by the voters from time to time. The City is also subject to some general laws applicable to all cities. Under the Ohio Constitution the City may exercise all powers of local self-government, and police powers to the extent not in conflict with applicable general laws. The Charter provides for a Council-Manager form of government.

The legislative body of Tipp City consists of a seven-member Council, all of whom are elected at-large for overlapping four-year terms. The City Council appoints a City Manager, and a Council Clerk. The City Manager is the City's chief executive and administrative officer. He appoints all department heads and employees of the City.

The City has reviewed its reporting entity definition in order to insure compliance and conformance with the Governmental Accounting Standards Board Statement Number 14, "The Financial Reporting Entity," as amended by GASB Statement No. 61 "*The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34.*" For financial reporting definition purposes, City management considered all agencies, departments, and organizations comprising the City of Tipp City, the primary government, and its potential component units. Areas of consideration include financial accountability, ability to impose its will, financial benefit, and financial burden.

The primary government consists of all funds and departments which provide various services including police and fire protection, emergency medical response, parks and recreation, planning, zoning, street maintenance, and other governmental services. In addition, the City owns and operates a water distribution system, a wastewater collection system, an electric distribution system, and contracts with a private hauler for refuse collection services, each of which is reported as an enterprise fund. Council and the City Manager have direct responsibility for these activities.

The City has representation on the board of two entities for the treatment of wastewater and production of potable water. The City is associated with the Tri-Cities North Regional Wastewater Authority (Tri-Cities), and the Northern Area Water Authority (NAWA), which are both defined as joint ventures. A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. These organizations are presented in Note 19.

***Letter of Transmittal
For the Year Ended December 31, 2014***

The City also participates in the Miami Valley Risk Management Association, Inc. (MVRMA), a risk sharing insurance pool, which provides property and liability insurance coverage to the City. The pool consists of twenty municipalities who pool risk for property, crime, liability, machinery, flood, earthquake, and public official liability. This separate entity does not meet the established criteria for inclusion in the reporting entity and, accordingly is not included in the City's financial report.

Tipp City Council adopts an operating budget on or about the first business day of the fiscal year. This annual budget serves as the foundation for the City of Tipp City's financial planning and control. The budget is prepared on a cash-encumbrance basis wherein transactions are recorded when cash is received or disbursed, or when a commitment has been recorded as an encumbrance against an applicable appropriation. Budgetary control is maintained by the encumbrance of purchase amounts prior to the release of purchase orders to vendors. Purchase orders are not issued when insufficient appropriations preclude the encumbrance of the amount of the purchase.

ECONOMIC CONDITIONS AND OUTLOOK

Since Tipp City's beginning in 1850, location has played a prime role in its economic well being. What began as a canal town has burgeoned into an extremely attractive place for business and industry due to the city's location just north of the crossroads of America, Interstates I-70 and I-75. Interstate I-75 bisects the city from North to South and is a major factor in the continued success of the City's economic development. Over 50 industries call Tipp City home.

The 2010 census sets the population of Tipp City at 9,689 compared to 9,221 at the 2000 census. This represents a population increase of 468 residents, or 5.08% for the period of 2000 to 2010. The number of residential units increased from 3,851 units in 2000 to 4,194 units in 2010, or an 8.91% increase. There were 333 unoccupied residential units in Tipp City when the 2010 Census count was taken.

Tipp City and the Chamber of Commerce continued their joint participation in the BusinessFirst! Business Retention and Expansion (BR&E) program. This regional BR&E is used in six counties by fifty different jurisdictions. Six meetings were held with Tipp City area businesses and industries utilizing the BusinessFirst protocols. Keeping in touch with our existing local businesses and industries is vital, since studies have shown that 80-85% of job creation is done by existing small businesses. Our Assistant City Manager serves as the City's representative and attends the regional monthly meetings.

Commercial and industrial growth in 2014 invested \$113,635,000 in the community, with seven projects undertaken this year as compared to five projects in 2013. In June, 2014, Meijer announced and started construction on a \$100,000,000 Milk Manufacturing Facility which will add 100 employees over the 3 year project. The Abbott Liquid Nutrition Manufacturing Facility completed their second line and is in full production. A new Dayton Orthopedics building (25,000sf) is in construction on North Weller Drive to provide medical office space with rehabilitation services.

The Dayton metropolitan region's unemployment rate averaged 5.76% in 2014, starting the year at 7.5% then dipping to a low of 4.6% by year end. Miami County's unemployment rate fell from a high of 7.2% in January, 2014 to a low of 4.2% by year-end. These numbers show the marked improvement in employment in the Dayton region with continued commercial/industrial growth over the last 2-3 years.

CITY OF TIPP CITY, OHIO

Letter of Transmittal For the Year Ended December 31, 2014

During 2014, Tipp City had 17 new residential unit starts. This was up from 14 new units in 2013 but down from the 22 new units in 2012. There are currently five active subdivisions being developed: Sycamore Woods, Curry Branch, Bowman Woods, Hunter's Ridge, and Rosewood Creek. The following table outlines the residential growth for the last several years:

Year	Base Units	New Units	Demolished Units	Net% Growth
2006	4110	34	3	.754%
2007	4141	31	3	.676%
2008	4169	21	0	.504%
2009	4190	10	0	.239%
2010	4200	7	1	.143%
2011	4206	11	0	.261%
2012	4217	22	0	.522%
2013	4239	14	2	.283%
2014	4251	17	1	.376%

Over 500 acres of vacant prime industrial land remains available for development within the community. Established industrial parks offer attractive sites for building as well. With its abundant natural resources, low cost utilities and facility of transportation, Tipp City is well situated for further expansion as the economy continues to recover.

MAJOR INITIATIVES

For the Year

Tipp City's primary focus in 2014 continued to be maintenance, repair, and upgrade of capital facilities and infrastructure. In late fall of 2010, City Council established a citizens committee for the purpose of reviewing a ten-year capital improvement plan and recommending a funding option to meet the City's future capital improvement needs in the governmental funds. The committee's recommendation was to place before the City electorate a 0.25% increase in the City's income tax rate (from 1.25% to 1.5%) to be effective July 1, 2011 and a 0.25% increase in the City's income tax rate to be effective January 1, 2013. This second increase replaced an expiring tax levy of the same amount leaving the overall rate at 1.5%. The City's electorate approved the measure on May 3, 2011. These income tax levies will each be collected for a period of 10 years from the enacted dates and are expected to generate approximately \$13 million in additional revenues. The additional revenues are restricted for use for capital improvements to include replacing a 35 year-old aerial ladder truck in the Fire Department (2012), expansion and renovation of the existing Fire/EMS station (2013-2014), street reconstruction and resurfacing (ongoing), and replacement of vehicles and equipment as necessary.

During 2014, the City completed the expansion/renovation of the Westside Fire Station (\$1.8 million project) and reconstructed a portion of Dow Street (\$342,000 project, including utility line replacements). With State and Federal grant assistance, the City spent approximately \$1M on street improvements and resurfacing throughout the community and installed a new box culvert on N. Fourth Street to replace two corrugated steel culvert pipes damaged in a May, 2014 flooding event (\$350,000 project).

***Letter of Transmittal
For the Year Ended December 31, 2014***

The City continued to work on capital improvement projects in the enterprise funds as well. The City began construction of a new Electric Department Service Center (\$2.5M project), completed the Main Street Sanitary Lift Station renovation and expansion (\$1.2M project), replaced water and sewer lines on North Westedge Drive (\$895,000 project) and performed multiple sanitary sewer sliplining rehabilitation projects throughout the City.

The City continues to focus on building upon its solid financial position through a five-year operational and capital budgeting program, and an aggressive debt repayment schedule.

Tipp City is well known for the Tipp City Mum Festival. The Festival, which takes place the fourth weekend of September, celebrates the long lasting fall flower, the chrysanthemum, and its connection to Tipp City's Springhill Nursery. The chrysanthemum was the inspiration for the City's logo which is presented on the front of this document. Hometown activities featured at the Mum Festival include a street dance, car show, 5K road race, parade and live entertainment.

For The Future

The City of Tipp City faces a bright future. Economic development coupled with the commitment of the residents to fund necessary capital improvements over the next decade, will help ensure the sound financial position of the City. In 2015-2016, the City will continue to focus on capital improvements with its street resurfacing program (approx. \$1 million) and reconstruction of a portion of County Road 25A south of Main Street (\$3.5 million). The County Road 25A project will be financed primarily with federal and state grant funding. The City will replace multiple 4-inch residential water lines throughout the community; and will complete several sanitary sewer slip-lining projects. Tipp City has an aggressive capital improvement program planned for the next few years.

FINANCIAL INFORMATION

Internal Control, Budgetary Control and the Accounting System

Development of the City's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance of the following:

1. The City's assets are protected against loss and unauthorized use or disposition.
2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation.

***Letter of Transmittal
For the Year Ended December 31, 2014***

2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and the Finance Department.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

Budgetary control is maintained at the personal services and other expenditures level for each department within each fund via legislation approved by City Council. Lower levels are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year, which coincides with the calendar year.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Tipp City, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2013. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government finance reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements respective to the reporting entity.

A Certificate of Achievement is valid for a period of one year only. The City of Tipp City has received a Certificate of Achievement for the last fourteen years (2000-2013). We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA.

***Letter of Transmittal
For the Year Ended December 31, 2014***

ACKNOWLEDGMENTS

The preparation of this report requires the combined efforts and assistance of many employees of the City of Tipp City. My sincere appreciation is extended to all City employees whose efforts made this report possible.

I would also like to express appreciation to Roy Porter, CPA, and the rest of the staff of Donald J. Schonhardt and Associates, for their guidance and assistance in preparing this report.

A special thanks is extended to City Council, the City Manager, Assistant City Manager, and the Department Directors of the City. Their contributions to the financial condition of the City cannot be overemphasized. Their guidance and support represent invaluable factors necessary for the City to continue to manage the financial affairs and reporting requirements of municipal government within the Tipp City community.

Respectfully submitted,

John W. Green

INDEPENDENT AUDITOR'S REPORT

City of Tipp City
Miami County
260 South Garber Drive
Tipp City, Ohio 45371

To the Honorable Mayor and City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tipp City, Miami County, Ohio (the City), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tipp City, Miami County, Ohio, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

One First National Plaza, 130 W. Second St., Suite 2040, Dayton, Ohio 45402

Phone: 937-285-6677 or 800-443-9274 Fax: 937-285-6688

www.ohioauditor.gov

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2015 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Dave Yost
Auditor of State
Columbus, Ohio

June 18, 2015

The discussion and analysis of the City of Tipp City's financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2014. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2014 are as follows:

- ❑ In total, net position increased \$2,527,388. Net position of governmental activities increased \$2,237,426, which represents a 4.9% increase from 2013. Net position of business-type activities increased \$289,962 or .7% from 2013.
- ❑ General revenues accounted for \$7.6 million in revenue or 24% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for 76% of total revenues of \$31.8 million.
- ❑ Total net position of governmental activities increased by \$2,237,426. Net capital assets increased by \$1.3 million while current assets (primarily cash) decreased by \$.3 million. This is a reflection of the City's capital improvement program following the 2011 increase in the City's income tax rate (restricted to capital improvements). During 2014 the City completed the expansion of the Westside Fire Station expansion, reconstructed a portion of W. Dow Street, and invested (with Federal and State grant assistance) approximately \$1 million in street resurfacing.
- ❑ The City had \$8.7 million in expenses related to governmental activities; \$3.3 million of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$7.6 million were adequate to provide for these programs.
- ❑ Among major funds, the general fund had \$6.1 million in revenues and \$5.9 million in expenditures and other financing uses. The general fund's fund balance increased \$228,953 to \$5.6 million.
- ❑ Net position for enterprise funds increased by \$289,962. The Electric Fund's net position decreased by \$183,905, the Water Fund increased its net position by \$325,920, and the Sewer Fund increased its net position by \$145,793.
 - ❑ The Electric Fund decrease is a reflection of a decrease in supply inventory related to a May, 2014 flood event which damaged a number of supply items which had not been replaced at year-end and a decrease in claims payable related to payment of 50% of the liability related to the AMPGS electric generation project (See Note 20).
 - ❑ The Water Fund increase is a reflection of an increase in capital assets related to water line replacements on Dow Street, North Westedge, Bowman, Plum, and Warner Drives as well as a reduction in long-term liabilities due to debt retirement.

- The Sewer Fund increase is due primarily to Tipp City's increased participation in the Tri-Cities North Regional Wastewater Authority (Note 19). Each participant's share of plant equity is based on its respective percentage of flows into and treated by the plant. As Tipp City's wastewater flows increased with commercial/industrial development, from 20.75% to 21.16%, the City's equity interest in the plant increased accordingly. As with the Water Fund, the Sewer Fund also experienced a reduction in long-term liabilities due to debt retirement.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis, the basic financial statements and an optional section that presents combining statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of supplementary information that further explains and supports the information in the financial statements.

Government-wide Statements

The government-wide statements report information about the City as a whole using accepted methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how it has changed. Net-position (the difference between the City's assets, liabilities and deferred inflows of resources) is one way to measure the City's financial health or position.

- Over time, increases or decreases in the City's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as the City's tax base, current property tax laws, conditions of the City's streets and continued growth within the City.

The government-wide financial statements of the City are divided into two categories:

- ***Governmental Activities*** – Most of the City's program's and services are reported here including security of persons and property, leisure time activities, community environment, basic utility services, transportation and general government.
- ***Business-Type Activities*** – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's electric, water, sewer, and refuse services are reported as business activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. All of the City's fiduciary activities are reported in the separate Statement of Assets and Liabilities – Agency Funds.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table focuses on the net position of the City's governmental and business- type activities for both 2014 and 2013.

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Current and other assets	\$10,121,194	\$10,420,411	\$23,248,392	\$25,047,814	\$33,369,586	\$35,468,225
Capital assets, Net	44,856,894	43,524,123	28,106,286	26,997,970	72,963,180	70,522,093
Total assets	<u>54,978,088</u>	<u>53,944,534</u>	<u>51,354,678</u>	<u>52,045,784</u>	<u>106,332,766</u>	<u>105,990,318</u>
Noncurrent liabilities	3,988,203	4,582,452	6,356,859	7,363,044	10,345,062	11,945,496
Other liabilities	2,663,366	3,257,161	3,843,910	3,787,793	6,507,276	7,044,954
Total liabilities	<u>6,651,569</u>	<u>7,839,613</u>	<u>10,200,769</u>	<u>11,150,837</u>	<u>16,852,338</u>	<u>18,990,450</u>
Deferred Inflows of Resources	<u>311,135</u>	<u>326,963</u>	<u>217,000</u>	<u>248,000</u>	<u>528,135</u>	<u>574,963</u>
Net position						
Net investment in capital assets	39,136,408	36,793,037	21,107,345	19,488,875	60,243,753	56,281,912
Restricted	3,112,981	3,497,916	0	0	3,112,981	3,497,916
Unrestricted	<u>5,765,995</u>	<u>5,487,005</u>	<u>19,829,564</u>	<u>21,158,072</u>	<u>25,595,559</u>	<u>26,645,077</u>
Total net position	<u>\$48,015,384</u>	<u>\$45,777,958</u>	<u>\$40,936,909</u>	<u>\$40,646,947</u>	<u>\$88,952,293</u>	<u>\$86,424,905</u>

The amount by which the city's assets exceed its liabilities and deferred inflows of resources is called net position. At year-end, the City's net position was \$88.95 million compared to \$86.4 million in 2013. Of that amount, in 2014 approximately \$60.2 million (67.7%) was invested in capital assets, net of debt related to those assets. At year-end 2013, that amount was approximately \$56.3 million (65.1%). For 2014 another \$3.1 million (3.5%) was subject to external restrictions upon its use. The remaining \$25.6 million (28.8%) in 2014 was unrestricted and available for future use. For 2013, this amount was \$26.6 million (30.8%).

Governmental Activities

Net position of the City’s governmental activities increased by \$2,237,426 or 4.9%. Net investment in capital assets increased \$2,343,371 or 6.4%. Restricted net position decreased by \$384,935 or 11% while unrestricted net position increased by \$278,990 or 5.1%.

The City receives an income tax, which was increased by a vote of the City electorate from 1.25% to 1.50% effective July, 2011. This income tax is assessed on all salaries, wages, commissions and other compensation earned from residents living within the City and from nonresidents for work done or services performed or rendered in the City. Income tax is the largest source of revenue for the City. 46.7% of the City’s income tax received is designated for capital outlay. Income tax revenue was \$5,344,919 compared to \$5,400,724 in 2013, a decrease of 1%. This follows an increase of 8.9% in 2013. The City did experience a small increase in payroll withholding tax receipts which is reflective of the positive decline in the regions unemployment rate.

Property taxes and income taxes made up 2.8% and 48.7% respectively of revenues for governmental activities for the City in fiscal year 2014. The City’s reliance upon tax revenues is demonstrated by the following graph indicating 52.19% of total revenues comes from general tax revenues:

<u>Revenue Sources</u>	<u>2014</u>	<u>Percent of Total</u>
Unrestricted Shared Revenues	\$936,945	8.54%
Program Revenues	3,326,062	30.32%
General Tax Revenues	5,726,393	52.19%
General Other	982,300	8.95%
Total Revenue	\$10,971,700	100.00%

Business-Type Activities

Net position of the business-type activities increased \$289,962. This increase was primarily attributed to construction of capital assets, reduction in long-term debt levels, and capital contributions from the City’s participation in the Tri-Cities Wastewater Authority joint venture (\$152,554). The increase in capital contributions from the City’s joint venture with Tri-Cities North Regional Wastewater Authority is a reflection of Tipp City’s increased equity share in the joint venture which is based upon percentage of wastewater flows to Tri-Cities and is recalculated annually. Additional information on the City’s participation with its joint ventures can be found in Note 19.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City's governmental funds reported a combined fund balance of \$5,184,239, which is an increase from last year's balance of \$4,863,953. The schedule below indicates the fund balance and the total change in fund balance by fund type as of December 31, 2014 and 2013:

	Fund Balance December 31, 2014	Fund Balance December 31, 2013	Increase (Decrease)
General	\$5,610,294	\$5,381,341	\$228,953
Capital Improvement Reserve	(1,167,914)	(1,493,269)	325,355
Other Governmental	741,859	975,881	(234,022)
Total	<u>\$5,184,239</u>	<u>\$4,863,953</u>	<u>\$320,286</u>

General Fund – The City's General Fund balance had an increase of \$228,953 in 2014. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2014 Revenues	2013 Revenues	Increase (Decrease)
Taxes	\$3,240,572	\$3,256,592	(\$16,020)
Intergovernmental Revenue	936,470	978,435	(41,965)
Charges for Services	1,545,003	1,439,174	105,829
Licenses, Permits and Fees	33,575	19,080	14,495
Investment Earnings	29,358	47,076	(17,718)
Special Assessments	1,197	458	739
Fines and Forfeitures	12,569	14,754	(2,185)
All Other Revenue	299,259	269,456	29,803
Total	<u>\$6,098,003</u>	<u>\$6,025,025</u>	<u>\$72,978</u>

The increase in charges for services is due to increased volume of runs for the Emergency Medical Services Department and helped to offset decreases to in other revenue categories in 2014. The decrease in intergovernmental revenue is due to the State of Ohio's repeal of the State-shared Estate Tax revenues which was effective January 1, 2013.

	2014 Expenditures	2013 Expenditures	Increase (Decrease)
Security of Persons and Property	\$3,364,152	\$3,213,509	\$150,643
Leisure Time Activities	443,590	421,188	22,402
Community Environment	302,715	315,751	(13,036)
Basic Utility Services	226,658	226,353	305
General Government	1,372,472	1,313,890	58,582
Capital Outlay	48,614	21,566	27,048
Total	<u>\$5,758,201</u>	<u>\$5,512,257</u>	<u>\$245,944</u>

General Fund expenditures increased due to negotiated wage increases and increased health care costs. The City approved a 2% wage increase in 2014 for members of management and non-union personnel. Employees represented by bargaining unions received similar increases for 2014.

***Management's Discussion and Analysis
For the Year Ended December 31, 2014***

Capital Improvement Reserve Fund – This fund is the main fund for general capital improvements taking place throughout the City. The balance will fluctuate yearly according to the capital improvement activity taking place in any given year.

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. During the course of fiscal year 2014 the City amended its general fund budget several times. The general fund is monitored closely, looking for possible revenue shortfalls or overspending by individual departments.

Final general fund budgeted revenues changed very little from original budgeted figures. Actual revenues collected were \$6,294,458, a decrease of .08% under the final budget. The City's original budgeted appropriations were increased during the year by \$439,250 to arrive at a final figure of \$6,864,240. \$100,000 of this amount was due to a short-term advance from the General Fund to the Capital Improvement Reserve Fund to facilitate completion of the Dow Street reconstruction project. There was a significant variance between actual expenditures and final budgeted expenditures. Total actual expenditures were \$6,161,302. This is a decrease of \$702,938 from the final budget. City Council and staff continue to monitor expenditures closely. Several cost cutting measures, including staff position consolidations, put in place in 2009 at the height of the local recession continued in operation through 2014.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal 2014 the City had \$72,963,180 net of accumulated depreciation invested in land, construction in progress, buildings, improvements other than buildings, machinery and equipment and infrastructure. Of this total, \$44,856,894 was related to governmental activities and \$28,106,286 to the business-type activities. The following table shows fiscal year 2014 and 2013 balances:

	Governmental Activities		Increase (Decrease)
	2014	2013	
Land	\$13,549,726	\$13,549,726	\$0
Total Non-Depreciable Capital Assets	<u>13,549,726</u>	<u>13,549,726</u>	<u>0</u>
Buildings	8,554,843	8,292,920	261,923
Improvements Other Than Buildings	6,397,357	6,393,339	4,018

Totals	\$28,106,286	\$26,997,970	\$1,108,316

Capital assets, net of depreciation, in governmental activities increased \$1,332,771 (3.1%) in 2014. During 2014 the City completed the expansion of the Westside Fire Station expansion, reconstructed a portion of W. Dow Street, and invested (with Federal and State grant assistance) approximately \$1 million in street resurfacing.

Capital assets, net of depreciation, for the business- type activities had an increase of \$1,108,316 (4.1%). The largest increases in business-type activities were related to replacement of multiple water lines throughout the City, an extensive program to slip-line (cured in place lining) of sanitary sewers throughout the City, and continued work on improvements to the Main Street Sanitary Sewer Lift Station.

As of December 31, 2014, the City has contractual commitments of \$411,419 for various improvements. Additional information on the City's capital assets can be found in Note 10.

Debt

At December 31, 2014, the City had \$1.265 million in bonds outstanding, \$315,000 due within one year. The following table summarizes the City's debt outstanding as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Governmental Activities:		
General Obligation Bonds	\$570,000	\$785,000
Special Assessment Bonds	550,000	595,000
OPWC Loan	970,586	894,586
General Obligation Notes	1,390,300	1,753,900
Compensated Absences	<u>507,317</u>	<u>553,966</u>
Total Governmental Activities	3,988,203	4,582,452
Business-Type Activities:		
General Obligation Bonds	\$145,000	\$220,000
State Loan	0	397,680
OPWC Loans	1,304,841	1,366,915
General Obligation Notes	4,678,700	5,094,100
Compensated Absences	<u>228,318</u>	<u>284,349</u>
Total Business-Type Activities	<u>6,356,859</u>	<u>7,363,044</u>
Totals	<u><u>\$10,345,062</u></u>	<u><u>\$11,945,496</u></u>

During 2014, the City reissued several different general obligation notes for various capital improvement projects to take advantage of the historically low interest rate environment for short-term debt instruments. Detail on the 2014 general obligation note(s) activity can be found in Note 14.

State statutes limit the amount of unvoted general obligation debt the City may issue. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Tipp City lies, is limited to ten mills. At December 31, 2014, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 17.

ECONOMIC FACTORS

Tipp City's future remains bright. Income tax receipts, the largest single source of general operating revenues, remained strong again in 2014 reflecting improvements in the local economy and reduced unemployment numbers. The City has retained existing businesses while attracting business expansion with Abbott, a Fortune 100 company locating a Liquid Nutrition Manufacturing Facility in Tipp City and Meijer announcing a major expansion related to the production of milk products (milk, ice cream, yogurt, etc.). The residents committed in 2011 to increase funding necessary for capital improvement projects over a ten year period. This has, and will continue to, enable the City to complete much needed infrastructure improvement projects. The 2015 operating budget reflects the optimism present in the City. Total 2015 general fund operating revenues are projected at \$6.37 million which is slightly higher than actual revenues received in 2014. While the City expects continued increases in income tax revenues as unemployment declines and local business continues to recover, the budget reflects decreases in estate tax revenues due to the State of Ohio's repeal of the estate tax and slight declines in anticipated interest earnings as the City's fund balances are invested with longer duration.

The 2015 appropriation budget for the general fund totals \$6.67 million which is an increase of approximately \$300,000 from the original 2014 appropriations. The City's unencumbered general fund balance has increased in nine of the last ten consecutive years and remains strong at \$5.1 million (cash basis). The City will continue to monitor its receipts and expenditure activity very closely to preserve this fund balance.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Finance Department by calling (937) 667-8424 or writing to City of Tipp City Finance Department, 260 South Garber Drive, Tipp City, Ohio 45371. ***Reconciliation Of The Statement Of Revenues, Expenditures
And Changes In Fund Balances Of Governmental Funds
To The Statement Of Activities
For The Fiscal Year Ended December 31, 2014***

Net Change in Fund Balances - Total Governmental Funds	\$ 355,844
<i>Amounts reported for governmental activities in the statement of activities are different because</i>	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays and capital contributions exceeded depreciation.	1,548,497
The net effect of various miscellaneous transactions involving capital assets (i.e. disposals) is to decrease net position.	(215,726)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(18,319)
The issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net position.	(1,490,391)
The repayment of principal of long-term debt consumes current financial resources of governmental funds, however, it does not effect net position.	2,037,991
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.	8,439
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	11,091
<i>Change in Net Position of Governmental Activities</i>	<u>\$ 2,237,426</u>

See accompanying notes to the basic financial statements

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Tipp City, Ohio (the “City”) is a home-rule municipal corporation created under the laws of the State of Ohio. The City was incorporated as a village in 1850 and became a city in 1960. The City operates under its own Charter. The current Charter, which provides for a Council-Manager form of government, was adopted in 1968 and has been amended four times (in 1977, 1984, 1992 and 2000).

The financial statements are presented as of December 31, 2014 and for the year then ended and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

A. Reporting Entity

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, “*The Financial Reporting Entity*,” as amended by GASB Statement No. 61 “*The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34*,” in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, emergency medical services, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system and an electric distribution system, each of which is reported as an enterprise fund.

The City is a participant in a joint insurance pool, Miami Valley Risk Management Association, Inc. (MVRMA) with other local cities. This organization is a jointly governed organization. The City has no explicit and measurable equity interest in MVRMA and no ongoing financial responsibility for MVRMA. See Note 18 for further information.

1. Joint Venture with Equity Interest

Tri-Cities North Regional Wastewater Authority - The City is a participant with the cities of Huber Heights and Vandalia in a joint venture to provide reliable, reasonably priced and environmentally sound wastewater utility collection and treatment service for their respective communities. See Note 19 for further information.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

1. Joint Venture with Equity Interest (Continued)

Northern Area Water Authority (NAWA) – The City is a participant with the City of Vandalia in a joint venture to provide efficient water treatment services to meet the needs of both communities. See Note 19 for further information.

B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows of resources, fund equity, revenues and expenditures/(expenses). The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

Governmental Funds

The governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of “financial flow” (sources, uses and balances of financial resources). The following are the City's major governmental funds:

General Fund - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the limitations of the City Charter.

Capital Improvement Reserve Fund – This fund is used to account for financial resources used for the major capital projects undertaken by the City.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Proprietary Funds

All proprietary funds are accounted for on an “economic resources” measurement focus. This measurement focus provides that all assets, all liabilities and deferred inflows of resources associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City’s major enterprise funds are:

Electric Fund – This fund is used to account for the operation of the City’s electric service.

Water Fund – This fund is used to account for the operation of the City’s water service.

Sewer Fund – This fund is used to account for the operation of the City’s sanitary sewer service.

Refuse Collection Fund - This fund is used to account for the operation of the City’s refuse collection service.

Fiduciary Funds

Agency Funds - These funds are used to account for assets held by a government unit as an agent for individuals, private organizations, other governmental units, and/or other funds. The City’s agency funds account for contractor fees, employee health insurance withholdings and employee medical reimbursement accounts. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the government-wide Statement of Net Position. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column; however, the interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements – Fund financial statements report detailed information about the City. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets, current liabilities and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses in the accounts and reported in the financial statements, and relates to the timing of the measurements made. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Revenue considered susceptible to accrual at year end includes income taxes, interest on investments, and state levied locally shared taxes (including motor vehicle license fees and local government assistance). Other revenue, including licenses, permits, certain charges for services and miscellaneous revenues are recorded as revenue when received in cash because generally these revenues are not measurable until received.

Special assessment installments including related interest, which are measurable but not available at December 31, are recorded as deferred inflows of resources – unavailable amount. Property taxes measurable as of December 31, 2014 but which are not intended to finance 2014 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflows of resources – property tax levy for next fiscal year as further described in Note 6.

The accrual basis of accounting is utilized for reporting purposes by the government-wide statements, the enterprise funds and the agency funds. Revenues are recognized when they are earned and expenses are recognized when incurred.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds, other than agency funds, are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The legal level of budgetary control is at the personal services and other expenditures level within each department within each fund. Budgetary modifications may only be made by ordinance of the City Council.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

1. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2014.

2. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the personal services and other expenditures level within each department within each fund, and may be modified during the year by ordinance of the City Council. Total fund appropriations may not exceed the current estimated resources as certified by the County Budget Commission. Expenditures may not legally exceed budgeted appropriations at the personal services and other expenditures level within each department within each fund. The allocation of appropriations within a fund may be modified with the approval of the City Council. During 2014, several supplemental appropriations measures were necessary to budget the use of contingency funds and capital improvement projects. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Non-GAAP Budgetary Basis) for the General Fund is presented on the budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

3. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

4. Budgetary Basis of Accounting

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund:

<u>Net Change in Fund Balance</u>	<u>General Fund</u>
GAAP Basis (as reported)	\$232,302
Increase (Decrease):	
Accrued Revenues at December 31, 2014 received during 2015	(711,310)
Accrued Revenues at December 31, 2013 received during 2014	735,179
Accrued Expenditures at December 31, 2014 paid during 2015	317,790
Accrued Expenditures at December 31, 2013 paid during 2014	(329,647)
2013 Prepays for 2014	20,132
2014 Prepays for 2015	(19,900)
Outstanding Encumbrances	(111,390)
Budget Basis	<u>\$133,156</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, State Treasury Asset Reserve (STAR) Plus and certificates of deposit with original maturity dates of three months or less. STAR Plus is a federally insured cash accounts powered by the Federally Insured Cash Account (FICA) Program. STAR Plus enables political subdivisions to generate a competitive yield on cash deposits in a network of carefully selected FDIC insured banks via a single, convenient account. STAR Plus offers attractive yields with no market or credit risk, weekly liquidity and penalty free withdrawals. All deposits with STAR Plus have full FDIC insurance, with no term commitment on deposits.

The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash represents the balance on hand as if each fund maintains its own cash and investments account. For purposes of the statement of cash flows, the proprietary funds' share of equity in investments with original maturities of three months or less are considered to be cash and cash equivalents. See Note 5, "Cash, Cash Equivalents and Investments."

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution, the Ohio Revised Code, and the City's Investment Policies. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the City records all its investments at fair value except for nonparticipating investment contracts (certificates of deposit) which are reported at cost. All investment income, including changes in the fair value of investments, are recognized as revenue in the operating statements. Fair value is determined by quoted market prices. See Note 5, "Cash, Cash Equivalents and Investments."

H. Restricted Assets

Restricted assets in the enterprise funds represent cash and cash equivalents held as customer deposits.

I. Inventory

Inventory is stated at cost (first-in, first-out) in the governmental funds and at the lower of cost or market (first-in, first-out) in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased. Inventories of enterprise funds are expensed when used.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2014, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

K. Capital Assets and Depreciation

Capital assets are defined by the City as assets with an initial, individual cost of more than \$750 and an estimated useful life threshold of three or more years.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at fair market value at the date received. Capital assets include land, construction in progress, buildings, improvements other than buildings, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets, drainage systems and lighting systems.

2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at fair market value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Capital Assets and Depreciation (Continued)

3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation on newly acquired/constructed streets begins in the year following acquisition. Depreciation has been provided using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Governmental and Business-Type Activities Estimated Lives (in Years)</u>
Buildings	50
Improvements Other Than Buildings	10 - 45
Machinery, Equipment, Furniture and Fixtures	3 - 35
Infrastructure	50 - 65

L. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
General Obligation Bonds	General Bond Retirement Fund Water Fund Sewer Fund Electric Fund
General Obligation Notes	Capital Improvement Reserve Fund Abbott Drive Construction Fund 25-A Construction Fund Electric Fund Water Fund Sewer Fund
Special Assessment Bond	Special Assessment Bond Retirement Fund
Compensated Absences	General Fund Street Construction, Maintenance and Repair Fund Municipal Road Fund Electric Fund Water Fund Sewer Fund
State Loan	Sewer Fund
OPWC Loans	Capital Improvement Reserve Fund Water Fund Sewer Fund

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Compensated Absences

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments.

For governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not recorded. For proprietary funds, the entire compensated absences amount is reported as a fund liability.

N. Net Position

Net position represents the difference between assets and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for Other Purposes include federal grants for security of persons and property and mandatory fines for various court programs.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

O. Pensions

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Q. Interfund Assets/Liabilities

Receivables and payables resulting from transactions between funds for services provided or goods received are classified as “due from other funds” or “due to other funds” on the balance sheet. Long-term interfund loans are classified as “interfund loans receivable/payable to other funds.”

R. Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

Restricted – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Committed – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

R. Fund Balance (Continued)

Assigned – Assigned fund balance consists of amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. The City Charter authorizes the Finance Director to assign fund balance.

Unassigned – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use unrestricted resources first (committed, assigned and unassigned), then restricted resources as they are needed.

S. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for electric generation and distribution, water treatment and distribution, wastewater collection and treatment and collection of solid waste refuse. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

U. Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. On the government-wide statement of net position and the proprietary statement of net position, unearned interest earnings, that will be earned over the term of the lease, are reported as deferred revenue. The governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. The governmental funds report unavailable amounts for delinquent property taxes, income taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 2 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, committed, assigned, and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

<u>Fund Balances</u>	<u>General Fund</u>	<u>Capital Improvement Reserve Fund</u>	<u>Other Governmental Funds</u>	<u>Total Governmental Funds</u>
Nonspendable:				
Prepaid Items	\$19,900	\$1,426	\$5,720	\$27,046
Supplies Inventory	63,928	0	56,375	120,303
Total Nonspendable	<u>83,828</u>	<u>1,426</u>	<u>62,095</u>	<u>147,349</u>
Restricted:				
Transportation Projects	0	0	681,056	681,056
Police Activities	0	0	26,201	26,201
Debt Retirement	0	0	71,080	71,080
Capital Improvements	<u>0</u>	<u>0</u>	<u>72,142</u>	<u>72,142</u>
Total Restricted	<u>0</u>	<u>0</u>	<u>850,479</u>	<u>850,479</u>
Committed:				
Swimming Pool	0	0	6,215	6,215
Police Activities	<u>0</u>	<u>0</u>	<u>1,511</u>	<u>1,511</u>
Total Committed	<u>0</u>	<u>0</u>	<u>7,726</u>	<u>7,726</u>
Assigned:				
Encumbrances	<u>89,394</u>	<u>0</u>	<u>0</u>	<u>89,394</u>
Unassigned:	<u>5,437,072</u>	<u>(1,169,340)</u>	<u>(178,441)</u>	<u>4,089,291</u>
Total Fund Balances	<u>\$5,610,294</u>	<u>(\$1,167,914)</u>	<u>\$741,859</u>	<u>\$5,184,239</u>

This space intentionally left blank.

For the Year Ended December 31, 2014***

NOTE 3 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position of governmental funds as reported in the government-wide statement of net position. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Other long-term assets not available to pay for current-period expenditures:

Deferred/Delinquent Income Tax Revenue	\$562,162
Delinquent Property Tax Revenue	2,189
Shared Revenues	339,717
Interest Revenue	2,436
Special Assessment Revenue	919,368
Deferred Charges for Services	152,726
	<hr/>
	\$1,978,598

Long-Term liabilities not reported in the funds:

General Obligation Bonds Payable	(\$570,000)
General Obligation Notes Payable	(1,390,300)
Special Assessment Bond Payable	(550,000)
Accrued Interest on Long-Term Debt	(16,144)
OPWC Loan Payable	(970,586)
Compensated Absences Payable	(507,317)
	<hr/>
	(\$4,004,347)

This space intentionally left blank.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 3 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government – wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which depreciation exceeded capital outlay in the current period:

Capital Outlay	\$3,288,233
Depreciation Expense	<u>(1,739,736)</u>
	\$1,548,497

Governmental revenues not reported in the funds:

Decrease in Deferred/Delinquent Tax Revenue	(\$15,481)
Increase in Shared Revenue	8,864
Decrease in Special Assessment Revenue	(30,475)
Increase in Interest Revenue	2,436
Increase in Deferred Charges for Services	<u>16,337</u>
	(\$18,319)

Issuance of long-term debt:

General Obligation Notes Issued	(\$1,390,300)
OPWC Loan Issued	<u>(100,091)</u>
	(\$1,490,391)

Amount of bond principal payments:

General Obligation Bond Principal Payment	\$215,000
Special Assessment Bond Principal Payment	45,000
OPWC Loan Principal Payment	24,091
General Obligation Note Principal Payment	<u>1,753,900</u>
	\$2,037,991

Expenses not requiring the use of current financial resources:

Decrease in Compensated Absences Payable	\$46,649
Decrease in supplies inventory	<u>(35,558)</u>
	\$11,091

NOTE 4 – COMPLIANCE AND ACCOUNTABILITY

A. Fund Deficit

The fund deficits at December 31, 2014 of \$1,167,914, \$176,507 and \$1,934 in the Capital Improvement Reserve, Abbott Drive Construction and the OPWC Grant Funds, respectively (capital projects funds), are the result of recording notes payable and accruals in the individual fund balance sheets. The General Fund provides transfers, upon City Council’s approval when cash is required not when accruals occur.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash resources of a majority of individual funds are combined to form a pool of cash and investments. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Cash Equivalents." Ohio law requires the classification of funds held by the City into three categories.

Category 1 consists of "active" funds - those funds required to be kept in a "cash" or "cash equivalent" status for immediate use by the City. Such funds must be maintained either as cash in the City treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing not later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

- * Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- * Interim deposits in eligible institutions applying for interim funds;
- * Bonds and other obligations of the State of Ohio;
- * No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- * The State Treasury Asset Reserve of Ohio (STAR Ohio).

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned. Protection of City cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end the carrying amount of the City's deposits was \$18,003,541 and the bank balance was \$18,164,502. Federal depository insurance covered \$11,479,086 of the bank balance. Of the remaining uninsured bank balance, the City was exposed to custodial risk as follows:

	<u>Balance</u>
Uninsured and collateralized with securities held by the pledging institution's trust department not in the City's name	<u>\$6,685,416</u>
Total Balance	<u><u>\$6,685,416</u></u>

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 5- CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments

The City’s investments at December 31, 2014 were as follows:

	Fair Value	Credit Rating	Investment Maturities (in Years) <u>1-3</u>
FHLB	\$997,628	AA ⁺	\$997,628
FFCB	498,064	AA ⁺	498,064
Freddie Mac	500,116	AA ⁺	500,116
Total Investments	<u>\$1,995,808</u>		<u>\$1,995,808</u>

¹ Standard & Poor’s

Interest Rate Risk – The City’s investment policy generally limits security purchases to those that mature within three years of settlement date.

Investment Credit Risk – The City has no investment policy that limits its investment choices other than the limitation of State statute for “interim” funds described previously.

Concentration of Credit Risk – The City places no limit on the amount the City may invest in one issuer. Of the City’s total investments, 50% are FHLB, 25% are FFCB, 25% are Freddie Mac.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City’s investment policy states that it will diversify its investments to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions but the policy does not specifically address custodial credit risk. All of the City’s investments are collateralized by underlying securities pledged by the investment’s counterparty, not in the name of the City.

C. Reconciliation of Cash, Cash Equivalents and Investments

The classification of cash, cash equivalents and investments on the basic financial statements is based on criteria set forth in GASB Statement No. 9. Certificates of deposit with an original maturity of three months or less are treated as cash equivalents. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statement No. 3.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

C. Reconciliation of Cash, Cash Equivalents and Investments (Continued)

A reconciliation between classifications of cash and investments on the financial statements and the classifications per items A and B of this note are as follows:

	Cash and Cash Equivalents	Investments
Per GASB Statement No. 9	\$17,402,776	\$2,596,573
Certificates of Deposit (with maturities of more than 3 months)	600,765	(600,765)
Per GASB Statement No. 3	<u>\$18,003,541</u>	<u>\$1,995,808</u>

NOTE 6 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property used in business and located in the City. Real property taxes (other than public utility) collected during 2014 were levied after October 1, 2013 on assessed values as of January 1, 2013, the lien date. Assessed values were established by the County Auditor at 35 percent of appraised market value. All property is required to be reappraised every six years and equalization adjustments made in the third year following reappraisal. The last reappraisal was completed in 2007. Real property taxes are payable annually or semi-annually. The first payment is due January 20, with the remainder payable by June 20.

Public utility taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 88 percent of its true value. Public utility property taxes are payable on the same dates as the real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Tipp City. The County Auditor periodically remits to the City its portion of the taxes collected.

The full tax rate for all City operations for the year ended December 31, 2014 was \$1.40 per \$1,000 of assessed value. The assessed value upon which the 2014 levy was based was \$252,767,420. This amount constitutes \$246,235,280 in real property assessed value and \$6,532,140 in public utility assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .140% (1.40 mills) of assessed value.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 6 – TAXES (Continued)

B. Income Tax

The City levies a tax of 1.5% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of the total amount assessed.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

Municipal income tax revenue for 2014 was \$5,344,919. This represents a 1% decrease from 2013 income tax revenue of \$5,400,724.

NOTE 7 - RECEIVABLES

Receivables at December 31, 2014 consisted of taxes, special assessments, interfund receivables, interest, lease receivable, accounts receivable and intergovernmental receivables arising from shared revenues. All receivables other than those offset by deferred inflows of resources are considered collectable in full.

NOTE 8 - TRANSFERS

Following is a summary of transfers in and out for all funds for 2014:

Fund	Transfer In	Transfer Out
General Fund	\$0	\$107,500
Capital Improvement Reserve Fund	0	358,114
Other Governmental Funds	447,784	10,775
Total Governmental Funds	447,784	476,389
Water Fund	15,687	0
Sewer Fund	12,918	0
Total Proprietary Funds	28,605	0
Totals	\$476,389	\$476,389

Transfers are used to move revenues from the funds that statute or budget requires to collect them to the funds that statute or budget requires to expend them; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 9 - INTERFUND RECEIVABLES AND PAYABLES

Following is a summary of due from other funds and due to other funds for all funds for 2014:

Fund	Due From	Due To
General Fund	\$78,706	\$2,194
Other Governmental Funds	0	170
Total Governmental Funds	78,706	2,364
Electric Fund	4,162	75,581
Water Fund	719	1,802
Sewer Fund	522	786
Refuse Collection Fund	0	3,576
Total Proprietary Funds	5,403	81,745
Totals	\$84,109	\$84,109

The due to / due from balances account for amounts due between funds for utility balances. The interfund loan receivable / payable for \$100,000 between the General Fund and the Capital Improvement Reserve Fund represents a short term loan in anticipation of reimbursement grant proceeds. The interfund loan receivable / payable for \$1,934 between the General Fund and the OPWC Grant Fund represents a short term loan in anticipation of reimbursement grant proceeds.

This space intentionally left blank

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 10 - CAPITAL ASSETS

A. Governmental Activities Capital Assets

Summary by category of changes in governmental activities capital assets at December 31, 2014:

Historical Cost:

Class	December 31, 2013	Additions	Deletions	December 31, 2014
<i>Non-depreciable Capital assets:</i>				
Land	\$13,549,726	\$0	\$0	\$13,549,726
Total Non-depreciable Capital assets	<u>13,549,726</u>	<u>0</u>	<u>0</u>	<u>13,549,726</u>
<i>Capital assets being depreciated:</i>				
Buildings	8,292,920	261,923	0	8,554,843
Improvements Other Than Buildings	6,393,339	4,018	0	6,397,357
Machinery and Equipment	7,862,326	1,059,636	(428,403)	8,493,559

For the Year Ended December 31, 2014***

NOTE 11 – DEFINED BENEFIT PENSION PLANS

All of the City’s full-time employees participate in one of two separate retirement systems which are cost-sharing multiple employer defined benefit pension plans.

A. Ohio Public Employees Retirement System (“OPERS”)

The following information was provided by OPERS to assist the City in complying with GASB Statement No. 27, *“Accounting for Pensions by State and Local Government Employers.”*

All employees of the City, except full-time uniformed police officers, participate in one of the three pension plans administered by OPERS: the Traditional Pension Plan (TP), the Member-Directed Plan (MD), and the Combined Plan (CO). The TP Plan is a cost-sharing multiple employer defined benefit pension plan. The MD Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon. The CO Plan is a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. Under the CO Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the TP Plan. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the TP Plan and CO Plan. Members of the MD Plan do not qualify for ancillary benefits, including postemployment health care benefits. Chapter 145 of the Ohio Revised Code provides statutory authority to establish and amend benefits. The Ohio Public Employees Retirement System issues a stand-alone financial report that includes financial statements and required supplementary information for OPERS. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The ORC provides statutory authority for employee and employer contributions. For 2014, employee and employer contribution rates were consistent across all three plans (TP, MD and CO). The employee contribution rate is 10.0%. The 2014 employer contribution rate for local government employer units was 14.00% of covered payroll, which is the maximum contribution rate set by State statutes. Employer contribution rates are actuarially determined. A portion of the City’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The portion of employer contributions allocated to pension obligations for members in the Traditional and Combined Plans was 12.0% for calendar year 2014. The contribution requirements of plan members and the City are established and may be amended by the OPERS Board. The City’s contributions for pension obligations to OPERS for the years ending December 31, 2014, 2013, and 2012 were \$420,396, \$463,371 and \$345,307, respectively, which were equal to the required contributions for each year.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 11 – DEFINED BENEFIT PENSION PLANS (Continued)

B. Ohio Police and Fire Pension Fund (“OP&F”)

All City full-time police officers participate in OP&F, a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Contribution requirements and benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the ORC. The Ohio Police and Fire Pension Fund issues a stand-alone financial report that includes financial statements and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164, by calling (614) 228-2975, or by visiting www.op-f.org.

From January 1, 2014 through July 1, 2014, plan members were required to contribute 10.75% of their annual covered salary. From July 2, 2014 through December 31, 2014, plan members were required to contribute 11.5% of their annual covered salary. Throughout 2014, employers were required to contribute 19.5% for police officers. A portion of the City’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for 2014, 19.0% of annual covered salary for police was used to fund pension obligations. The City’s contributions for pension obligations to the OP&F Fund for the years ending December 31, 2014, 2013, and 2012 was \$258,874, \$208,247 and \$156,637 for police officers, which were equal to the required contributions for each year.

NOTE 12 - POSTEMPLOYMENT BENEFITS

A. Ohio Public Employees Retirement System (“OPERS”)

Plan Description – OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B Premium reimbursement, to qualifying member of both the Traditional Pension and the Combined Plans. Members of the Member Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. OPERS’ eligibility requirements for post-employment health care coverage changed for those retiring on and after January 1, 2015. Please see the Plan Statement in the OPERS 2013 CAFR for details.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)

A. Ohio Public Employees Retirement System (“OPERS”) (Continued)

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

Funding Policy – The ORC provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for the funding of post retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, local government employers contributed at a rate of 14.00% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for local government employers. Active members do not make contributions to the OPEB plan.

The OPERS Postemployment Health Care plan was established under, and is administered in accordance with Internal Revenue Code 401(h). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional and Combined Plans was 2.0% for calendar year 2014. Effective January 1, 2015, the portion of employer contributions allocated to healthcare remains at 2% for both plans, as recommended by the OPERS actuary. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions for health care to the OPERS for the years ending December 31, 2014, 2013, and 2012 were \$70,066, \$35,643 and \$138,123, respectively, which were equal to the required contributions for each year.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)

B. Ohio Police and Fire Pension Fund (“OP&F”)

Plan Description – The City contributes to the OP&F sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OP&F to provide OPEB benefits. Authority to establish and amend benefits is provided in Chapter 742 of the ORC.

OP&F issues a stand-alone financial report that includes financial information and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F’s website at www.op-f.org.

Funding Policy – The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% for police employers. The ORC states that the employer contribution may not exceed 19.5% of covered payroll for police employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2014, the portion of employer contributions allocated to health care was 0.5% of covered payroll for police officers. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees’ primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h). The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)

B. Ohio Police and Fire Pension Fund (“OP&F”)

The City's contributions for health care to the OP&F for the years ending December 31, 2014, 2013, and 2012 were \$6,812, \$46,710 and \$82,926 for police, which was equal to the required contributions for each year.

NOTE 13 - COMPENSATED ABSENCES

All full-time City employees earn vacation at a rate of between 80 to 200 hours per year of active service based on the employee's years of service. Employees are allowed to carry over up to 120 hours, 160 hours or 360 hours to the following year dependent on their employment contract. Upon separation from the City, the employee (or his estate) receives 100% of all vacation and from 25% (up to a maximum of 30 days) to 75% (up to a maximum of 180 days) of the employee's sick leave balance based on years of service and dependent upon the employment contract.

At December 31, 2014, the City's accumulated, unpaid compensated absences amounted to \$735,635, of which \$507,317 is recorded as a liability of the Governmental Activities and \$228,318 is recorded as a liability of the Business-Type Activities. The amounts are recorded in “Due within One Year” and “Due in More Than One Year” on the Entity Wide Statement of Net position based upon estimated usage.

NOTE 14 - NOTES PAYABLE

The Ohio Revised Code provides that notes, including renewal notes, issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of 20 years from the date of issuance of the original notes. The maximum maturity for notes anticipating general obligation bonds payable from special assessments is five years. Any period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated, and portions of the principal amount of notes outstanding for more than five years must be retired in amounts at least equal to and payable no later than those principal maturities required if the bonds had been issued at the expiration of the initial five year period.

Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes or of the bonds anticipated by the notes, or from available funds of the City or a combination of these sources. The City is retiring its notes payable by the issuance of one-year renewal notes with a portion of the principal being retired in accordance with the above provisions.

CITY OF TIPP CITY, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 14 - NOTES PAYABLE (Continued)

The City had the following bond anticipation note activity during 2014:

	Maturity Date	Balance December 31, 2013	Issued	(Retired)	Balance December 31, 2014
Capital Projects Notes Payable:					
1.00% 25A Reconstruction	2/17/2015	\$27,000	\$44,000	(\$27,000)	\$44,000
1.00% Kinna Drive Construction	2/17/2015	20,000	100,000	(20,000)	100,000
1.00% Abbott Drive Construction	2/17/2015	320,000	75,000	(320,000)	75,000
1.00% Fire Truck	2/17/2015	82,500	82,500	(82,500)	82,500

1.00% Fire Station Improvement	11/25/2015	1,710,000	1,465,000	(1,710,000)	1,465,000
1.00% South Third Street Reconstruction	11/25/2015	481,000	411,000	(481,000)	411,000
Total Capital Projects Notes Payable		<u>2,702,600</u>	<u>2,239,600</u>	<u>(2,702,600)</u>	<u>2,239,600</u>
Enterprise Notes Payable:					
1.00% Electric Notes	2/17/2015	111,790	111,790	(111,790)	111,790
1.00% Water Notes	2/17/2015	186,010	186,010	(186,010)	186,010
1.00% Sewer Notes	2/17/2015	87,600	512,600	(87,600)	512,600
1.00% Main Street Utility Improvement - Water	11/25/2015	189,000	168,000	(189,000)	168,000
1.00% Main Street Utility Improvement - Sewer	11/25/2015	126,000	112,000	(126,000)	112,000
1.00% Roselyn Water Improvement	11/25/2015	265,000	265,000	(265,000)	265,000
1.00% Roselyn Sewer Improvement	11/25/2015	265,000	265,000	(265,000)	265,000
Total Enterprise Notes Payable		<u>1,230,400</u>	<u>1,620,400</u>	<u>(1,230,400)</u>	<u>1,620,400</u>
Total Notes Payable		<u>\$3,933,000</u>	<u>\$3,860,000</u>	<u>(\$3,933,000)</u>	<u>\$3,860,000</u>

Multiple note issues were rolled over in February 2014 thereby extending their due dates beyond twelve months from the end of 2014. The balances above are expected to be paid for with “current financial resources” within twelve months of fiscal year end. The amounts refinanced in February of 2014 are recorded as long-term debt obligations in Note 17.

NOTE 15 – CONSTRUCTION COMMITMENTS

At December 31, 2014 the City had the following contractual commitments outstanding:

Project	Remaining Contractual Commitment	Estimated Date of Completion
County Road 25A Widening	280,818	12/31/2016
Water Line Replacements - Warner/Bowman/Plum	79,268	6/30/2015
Water Tower #2 Renovation - Design	51,333	12/31/2015
Total Construction Commitments	<u>\$411,419</u>	

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 16 - CAPITAL LEASE RECEIVABLE

The City and the Northern Area Water Authority (NAWA) have entered into a capital lease agreement where the City will finance the lease-purchase of a backup electric generator on behalf of NAWA. The value of the equipment leased under the lease agreement is \$1,245,755. The receivable is recorded within the Electric Fund and is recorded on the Statement of Net Position as lease receivable – current and lease receivable. The following is a schedule of future minimum lease payments, to be received, under the capital lease together with the present value of the net minimum lease payments as of December 31, 2014:

<u>Year Ending December 31,</u>	<u>Business-Type Activities</u>
2015	\$57,000
2016	78,000
2017	76,000
2018	74,000
2019	72,000
2020-2024	330,000
2025-2029	280,000
Minimum Lease Payments	<u>967,000</u>
Less amount representing unearned revenue	<u>(217,000)</u>
Present value of minimum lease payments	<u><u>\$750,000</u></u>

The capital lease agreement was amended in 2011 due to the favorable interest rate environment and the City's intent to reissue the debt as short-term notes through 2014 rather than issuing long-term bonds. Savings on projected interest expense will be passed through to NAWA in the form of lower annual payment on the lease.

This Space Intentionally Left Blank

CITY OF TIPP CITY, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2014**

NOTE 17 - LONG-TERM OBLIGATIONS (Continued)

The principal amount of the City's special assessment bonds outstanding at December 31, 2014, \$550,000, is general obligation debt (backed by the full faith and credit of the City) that is being retired with the proceeds from special assessments levied against benefited property owners. The City is obligated to repay the debt irrespective of the amount of special assessments collected from property owners.

A. Future Long-Term Financing Requirements

The City's future long-term obligation funding requirements, including principal and interest payments as of December 31, 2014, follow:

Years	General Obligation Bonds		Special Assessment Bonds		Loans Payable	
	Principal	Interest	Principal	Interest	Principal	Interest
2015	\$270,000	\$32,753	\$45,000	\$23,623	\$121,080	\$0
2016	135,000	20,663	45,000	21,890	121,080	0

NOTE 18 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. In 1996 the City entered into a joint insurance pool, Miami Valley Risk Management Association, Inc. (MVRMA, Inc.) with other local cities. As of December 31, 2014, the pool has twenty members. The pool has been operational since December of 1988 and was formed in accordance with Section 2744 of the Ohio Revised Code. This jointly governed organization provides real and personal property, crime, surety, general liability, boiler and machinery, employment practices liability, police professional and public official liability coverage up to the limits stated below. Membership in MVRMA is intended to provide broad based coverage up to the limits stated below, with increased emphasis on safety and loss prevention and to create an opportunity for other local governments to participate. MVRMA is a non-profit corporation governed by a twenty member board of trustees, consisting of a representative appointed by each of the member cities. The board of trustees elects the officers of the corporation, with each trustee having a single vote.

Management is provided by an Executive Director, who is assisted by a Claims Manager, a full-time Loss Control Manager and office staff. The board is responsible for its own financial matters and the corporation maintains its own books of account. Budgeting and financing of MVRMA is subject to the approval of the board, and the organization is covered by policies, procedures, and formally adopted bylaws.

The individual MVRMA, Inc. members are not considered "participants having equity interest" as defined by GASB Statement No. 14 since members have no rights to any assets of MVRMA, Inc. other than possible residual claims upon dissolution. The risk of loss is transferred from the City to the pool. Therefore, MVRMA, Inc. is a multi-jurisdictional arrangement that has the characteristics of a joint venture but has additional features that distinguish it, for financial reporting purposes, from the traditional joint venture defined in GASB Statement No. 14.

The following is a summary of insurance coverages at year end:

General/Automobile Liability	\$10,000,000	per occurrence
Public Officials Liability	10,000,000	per occurrence
Property	1,000,000,000	per occurrence
Boiler and Machinery	100,000,000	per occurrence
Flood (Property in Zone A &B)	25,000,000	aggregate
Earthquake (Property)	25,000,000	aggregate

The member deductible per occurrence for all types of claims is \$2,500.

MVRMA issues a stand-alone financial report that includes financial statements and required supplementary information for MVRMA, Inc. Interested parties may obtain a copy by making a written request to 4625 Presidential Way, Kettering, Ohio 45429-5706.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 18 - RISK MANAGEMENT (Continued)

Workers' compensation claims are covered through the City's participation in the State of Ohio's program. The City pays the State Workers' Compensation System a premium based upon a rate per \$100 of payroll. The rate is determined based on accident history and administrative costs.

The City pays unemployment claims to the State of Ohio as incurred.

In August 1994, the City joined the Ohio Benefits Co-operative, Inc., a health co-op comprised of twelve political subdivisions. The co-op was formed to explore the benefits of insurance pooling and collective purchasing strategies for its members. The co-op currently has a contract with Anthem Blue Cross and Blue Shield to handle their health insurance needs. The City pays a premium to Anthem, which handles all claims and benefit processing and assumes all risks.

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three years.

For the Year Ended December 31, 2014***

NOTE 19 - JOINT VENTURES

A. Tri-Cities North Regional Wastewater Authority

Prior to June of 1996 the Miami Conservancy District provided the cities of Tipp City, Vandalia and Huber Heights with wastewater treatment services. The Miami Conservancy District expressed the intent to no longer provide these services to the cities and gave them the option to acquire and operate the facility themselves. In order to do so, the three cities established the Tri-Cities North Regional Wastewater Authority.

Tri-Cities North Regional Wastewater Authority (Tri-Cities) is a joint venture among the cities of Tipp City, Vandalia and Huber Heights. Tri-Cities is governed by a management board consisting of the city managers of the three participating cities. The Board has complete authority over all the aspects of the Plant's operation. Tri-Cities supplies all participating residents of the member cities with sewer services. Each city owns the sewage lines located in its city and bills its residents for usage. Continued existence of Tri-Cities is dependent on the City's continued participation, and the City does have an equity interest. The percentage of equity interest for each city is based on annual usage and is adjusted each year accordingly. The City's equity interest is \$6,541,184 which represents 21.16% of the total equity in Tri-Cities. This reflects an increase of .41% over the City's equity interest of 20.75% in 2013. Tri-Cities is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefits to or burden on the City. During 2014, the City paid \$675,042 to Tri-Cities for services provided. Complete financial statements can be obtained from Tri-Cities North Regional Wastewater Authority, 3777 Old Needmore Road, Dayton, Ohio 45424.

B. Northern Area Water Authority

On March 8, 2002, City officials from Tipp City and Vandalia created a joint venture to plan, finance, construct, and operate a water treatment plant to service the needs of both communities.

The Northern Area Water Authority (NAWA) is a joint venture among the cities of Tipp City and Vandalia. NAWA is governed by a five member management board who have complete authority over all aspects of the operation. NAWA supplies all participating residents of the member cities with water services. Each city owns the water lines located in its city and bills its residents for usage. Operations started in 2007. Continued existence of NAWA is dependent on the City's continued participation and the City does have an equity interest. The percentage of equity interest for each city is based on annual usage and is adjusted each year accordingly. The City's equity interest is \$297,196 which represents 50% of the total equity of NAWA on December 31, 2014. NAWA is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefits to or burden on the City. During 2014, the City paid \$1,306,976 to NAWA for services provided. NAWA did file a GAAP basis financial statement in accordance with Ohio Revised Code and copies of this report are available from Northern Area Water Authority, 333 J. E. Bohanan Drive, Vandalia, Ohio 45377.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 20 – AMP GS PROJECT

The City is a member of American Municipal Power (AMP) and has participated in the AMP Generating Station (AMPGS) Project. This project intended to develop a pulverized coal power plant in Meigs County, Ohio. The City's share was 12,000 kilowatts of a total 771,281 kilowatts, giving the City a 1.56 percent share. The AMPGS Project required participants to sign "take or pay" contracts with AMP. As such, the participants are obligated to pay any costs incurred for the project. In November 2009, the participants voted to terminate the AMPGS Project due to projected escalating costs. These costs were therefore deemed *impaired* and participants were obligated to pay costs already incurred. In prior years, the payment of these costs was not considered probable due to AMP's pursuit of legal action to void them. As a result of a March 31, 2014 legal ruling, the AMP Board of Trustees on April 15, 2014 and the AMPGS participants on April 16, 2014 approved the collection of the impaired costs and provided the participants with an estimate of their liability. The City's estimated share at March 31, 2014 of the impaired costs is \$2,085,435. The City received a credit of \$427,162 related to their participation in the AMP Fremont Energy Center (AFEC) Project, and another credit of \$542,698 related to the AMPGS costs deemed to have future benefit for the project participants, leaving a net impaired cost estimate of \$1,115,575. The City is reporting a payable to AMP in its business-type activities and in its electric enterprise fund for these impaired costs. AMP financed these costs on its revolving line of credit. Any additional costs (including line-of-credit interest and legal fees) or amounts received related to the project will impact the City's liability. These amounts will be recorded as they become estimable.

The impaired costs have been included in the business-type activities and the electric enterprise fund as a 2014 Claims Payable expense. The City elected to finance this amount through AMP's revolving line of credit with payment of one-half of the liability paid in the fourth quarter of 2014 of \$557,788, and payment of the remaining balance of \$557,787 in the first half of 2015.

NOTE 21 - CONTINGENCIES

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2014***

NOTE 22 – SUBSEQUENT EVENTS

On January 20, 2015, the City authorized a contract with Westerheide Construction for construction of a new Electric Utility Service Center in the amount of \$2,348,400.

On February 17, 2015, the City issued general obligation bond anticipation notes, in the amount of \$6,069,000 to retire notes previously issued, for the purposes of improving County Road 25A and Kinna Drive, the purchase and installation of an electric generator at the water treatment plant, construction of a one million gallon elevated water storage tank, purchase and installation of an AMR/AMI water metering infrastructure, purchase of an aerial ladder truck for the fire department, Main Street Sanitary Sewer lift station improvements, Water Tower #2 rehabilitation and painting, and the Main Street Utility/Streetscape Improvements. The notes have an interest rate of 1.0 percent and mature on February 16, 2016.

On March 16, 2015, the City authorized a contract with Contract Sweepers and Equipment through the State of Ohio Cooperative Purchasing Plan for the purchase of a street sweeper at a cost not to exceed \$222,513.

On March 16, 2015, the City authorized a contract with Seven Brothers Painting for the repair, renovation, and painting of Water Tower #2 in the amount of \$771,300.

On March 16, 2015, the City authorized a contract with John R. Jurgensen Paving for the City's 2015 asphalt paving program in the amount of \$547,645.

Between March 23, 2015 and April 20, 2015 the City appropriated a portion of eleven (11) parcels of real property for the reconstruction and widening of County Road 25A within the City from State Route 571 (Main Street) south to Evanston Road. This road widening project will be completed in two phases between July, 2015 and December, 2017. The total project is expected to cost approximately \$7 million with Federal and State grants paying for approximately \$6 million of the total project.

On May 4, 2015, the City authorized a 3-year contract with the Fraternal Order of Police, representing the City's uniformed police officers. Significant terms of this contract included annual wage increases of 3%, 2.75%, and 2.75% during the three year term of the agreement.

**Notes to the Basic Financial Statements

NOTE 23 – SIGNIFICANT ENCUMBRANCES

At December 31, 2014 the City had the following significant encumbrances outstanding:

<u>Fund</u>	<u>Total Encumbrances</u>	<u>Significant Encumbrances</u>	<u>Explanation</u>
Major Funds:			
Capital Improvement Reserve	\$ 526,605	\$ 188,000	Lesher Woods Trail Construction
		95,000	Comprehensive Master Plan Update
		60,000	HVAC Replacement - Police Department
		56,000	Asphalt Resurfacing - Kyle Park
Electric	3,921,401	2,865,160	Electric Service Center Construction
		436,203	69 KV Loop
		289,693	County Road 25A Expansion Project
		200,313	Downtown Traffic Signal Replacement
Water	1,631,419	808,004	Water Tower #2 Renovation
		292,233	W. Walnut Water Line
		278,868	Roselyn Waterline
		226,125	Miscellaneous Waterline Improvements
Sewer	631,633	347,000	Roselyn Sewerline
		252,673	Miscellaneous Sewerline Improvements

*COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES*

*THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES INCLUDE
THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS, AND
FIDUCIARY FUNDS.*

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Swimming Pool Fund

To account for revenues and expenditures related to the operations of the Tipp City Municipal Pool.

Street Construction, Maintenance and Repair Fund

To account for state levied and controlled gasoline tax and motor vehicle license fees designated for local street construction, maintenance and repair.

State Highway Improvement Fund

To account for the portion of the state gasoline tax and motor vehicle license fees designated for construction, maintenance and repair of state highways within the City.

Municipal Road Fund

To account for that portion of motor vehicle license fees designated for routine street maintenance and repairs.

Law Enforcement Fund

To account for all monies and expenditures related to property or goods obtained by seizure or forfeiture.

Enforcement and Education Fund

To account for financial resources used to educate the public regarding laws governing the operation of motor vehicles while under the influence of alcohol.

Drug Law Enforcement Fund

To account for monies obtained through fines distributed to the City from drug related offenses or the sale and/or seizure of contraband, and are used to subsidize the City's law enforcement efforts.

Police Donation Trust Fund

To account for revenue from contributions of gifts and donations to the police department.

(Continued)

Debt Service Funds

Debt Service Funds are used to account for retirement of the City's general obligation and special assessment bonds.

General Bond Retirement Fund

To account for the accumulation of resources for the payment of general obligation debt of the City including self-supporting obligations not otherwise paid from proprietary funds.

Special Assesment Bond Retirement Fund

To account for special assessments levied and for the payment of special assessment bonded debt with governmental commitment.

Capital Projects Funds

The Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary or trust funds.

Parks Capital Improvement Fund

To account for various capital improvement projects for our city parks system. Revenues consist of a .25% city income tax levy approved by the voters to fund city park improvements.

Abbott Drive Construction Fund

To account for street improvements to Abbott Drive financed by note proceeds.

25-A Construction Fund

To account for improvements to 25A County Road financed by note proceeds.

Ohio Public Works Commission (OPWC) Grant Fund

To account for street construction projects, partially funded by state grants from the Ohio Public Works Commission.

Tipp City

STATISTICAL TABLES

This part of the city’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city’s overall financial health.

Contents

Financial Trends	S 2 – S 13
These schedules contain trend information to help the reader understand how the city’s financial position has changed over time.	
Revenue Capacity	S 14 – S 17
These schedules contain information to help the reader understand and assess the factors affecting the city’s ability to generate its most significant local revenue sources, the property tax and the income tax.	
Debt Capacity	S 18 – S 27
These schedules present information to help the reader assess the affordability of the city’s current levels of outstanding debt and the city’s ability to issue additional debt in the future.	
Economic and Demographic Information	S 28 – S 33
These schedules offer economic and demographic indicators to help the reader understand the environment within which the city’s financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
Operating Information	S 34 – S 37
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	

Sources Note:

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The city implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Source: City Income Tax Department

Note:

In 2011 the City's income tax rate was increased by voter approval from 1.25% to 1.50%.

The City levies a 1.50% income tax on substantially all income earned within the City. Additional increases in the income tax require voter approval. City residents pay City income tax on income earned outside the City, however; a credit is allowed for income paid to other municipalities.

Employers within the City withhold income tax on employee compensation and remit at least quarterly.

Note:

Due to legal restrictions and confidentiality requirements, the City cannot disclose the amount of withholdings by taxpayer. The City chose not to disclose percentages and number of filers by income level because the City does not require all taxpayers to file a return, therefore it does not have, nor can it obtain, this type of information.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

City of Tipp City
Miami County
260 South Garber Drive
Tipp City, Ohio 45371

To the Honorable Mayor and City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tipp City, Miami County, (the City) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 18, 2015.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".
