INDEPENDENT AUDITOR'S REPORT

Village of Ottoville Putnam County P.O. Box 488 Ottoville, Ohio 45876-0488

To the Village Council:

Report on the Financial Statements

We have audited the accompanying financial statements and related notes of the Village of Ottoville, Putnam County, Ohio (the Village) as of and for the years ended December 31, 2014 and 2013.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Village's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the Village prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Village does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Village as of December 31, 2014 and 2013, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of the Village of Ottoville, Putnam County, Ohio as of December 31, 2014 and 2013, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2015, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Village of Ottoville, Putnam County, (the Village) as a body corporate and politic. A publicly-elected six-member Council directs the Village. The Village provides water and sewer utilities, park operations, and police services: The Village appropriates general fund money to support a volunteer fire department.

The Village participates in the Public Entities Pool of Ohio (PEP), a risk sharing pool available to Ohio local governments. Note 8 to the financial statements provides additional information for this entity.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

C. Deposits

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant Special Revenue Fund:

<u>Street Construction, Maintenance and Repair Fund</u> - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining, and repairing Village streets.

4. Capital Project Funds

These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Village had the following significant Capital Project Fund:

<u>Village Improvement Fund</u> – This fund is used for major projects in the Village, such as the Auglaize Street project which is funded by Ohio Public Works Commission (OPWC) grant, loan monies, and transfers from the General Fund.

5. Enterprise Funds

These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs of providing certain goods or services through user charges. The Village had the following significant Enterprise Funds:

<u>Water Fund</u> - This fund receives charges for services from residents to cover water service costs.

<u>Sewer Fund</u> - This fund receives charges for services from residents to cover sewer service costs.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2014 and 2013 budgetary activity appears in Note 3.

F. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Nonspendable

The Village classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. Committed

Council can *commit* amounts via formal action (resolution). The Village must adhere to these commitments unless the Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Village Council or a Village official delegated that authority by resolution, or by State Statute.

5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

G. Property, Plant, and Equipment

The Village records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. EQUITY IN POOLED DEPOSITS

The Village maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2014	2013
Demand deposits	\$525,825	\$442,439
Certificates of deposit	251,887	251,186
Total deposits	\$777,712	\$693,625

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by securities specifically pledged by the financial institution to the Village.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2014 and 2013 follows:

2014 Budgeted vs. Actual Receipts

	Budgeted		
Fund Type	Receipts	Receipts	Variance
General	\$696,701	\$714,340	\$17,639

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

5. LOCAL INCOME TAX

The Village levies a municipal income tax of 1 percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Village either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually. Income tax receipts are credited to the General Fund.

6. DEBT

Debt outstanding at December 31, 2014 was as follows:

	Principal	Interest Rate
Ohio Public Works Commission Loan #CT51F	\$115,688	1%
Ohio Public Works Commission Loan #CM08Q	300,633	0%
Ohio Water Development Authority Loan #4324	313,642	0%
Ohio Water Development Authority Loan #4592	213,549	0%
Sewer Plant Bank Loan	54,426	4%
Real Estate Bank Loan	40,293	3.5%
Truck Bank Loan	35,180	3.35%
Total	\$1,073,411	

Ohio Public Works Commission (OPWC) loan #CT51F was entered into in 2002, for the purpose of providing revenues for a wastewater treatment plant sludge handling improvement. The 20 year loan is for \$243,683. The Village began making semiannual installments of \$6,737 in 2004, with final maturity in 2024.

Ohio Public Works Commission (OPWC) loan #CM08Q was entered into in 2013, for the purpose of providing revenues for the Auglaize Street Reconstruction. The 30 year loan is for \$311,000. The Village began making semiannual payments of \$5,183 in 2013, with final maturity of 2044.

Ohio Water Development Authority (OWDA) loan #4324 was entered into in 2005, for the purpose of providing revenues for phase II of a wastewater treatment plant sludge handling improvement. The 20 year loan is for \$522,737. The Village began making annual installments of \$26,137 in 2007, with final maturity in 2027.

Ohio Water Development Authority (OWDA) loan #4592 was entered into in 2006, for the purpose of providing revenues for phase III of a wastewater treatment plant sludge handling improvement. The 20 year loan is for \$353,762.

The loan at Ottoville Bank was entered into in 2006 to retire the Sewage System First Mortgage Revenue Bond which was entered into for the purpose of paying the cost of constructing a municipal sewage collection and treatment system in 1977. The note was refinanced in 2011 and has a 4.00 percent interest rate and is scheduled to be paid in full in 2017.

The loan at Ottoville Bank was entered into in 2012 for the purpose of purchasing real estate. The note has a 3.50 percent interest rate and is scheduled to be paid in full in 2017.

7. RETIREMENT SYSTEMS

A. Police and Fire Pension Fund and Ohio Public Employees Retirement System

The Village's certified Fire Fighters and full-time Police Officers belong to the Police and Fire Pension Fund (OP&F). Other employees belong to the Ohio Public Employees Retirement System (OPERS). OP&F and OPERS are cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes these plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2014 and 2013, OP&F participants contributed 10% of their wages through June 30, 2013, then 10.75% through June 30, 2014, and 11.5% through December 31, 2014. For 2014 and 2013, the Village contributed to OP&F an amount equal to 19.5% of full-time police members' wages. For 2014 and 2013, OPERS members contributed 10%, respectively, of their gross salaries and the Village contributed an amount equaling 14%, respectively, of participants' gross salaries. The Village has paid all contributions required through December 31, 2014.

B. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the OP&F/OPERS have an option to choose Social Security or the OP&F/OPERS. As of December 31, 2014, members of Volunteer Fire Department have elected Social Security. The Village's liability is 6.2 percent of wages paid.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

8. RISK MANAGEMENT

Risk Pool Membership

The Village is exposed to various risks of property and casualty losses, and injuries to employees.

The Village insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Village belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

APEEP provides PEP with an excess risk-sharing program. Under this arrangement, PEP retains insured risks up to an amount specified in the contracts. At December 31, 2013, PEP retained \$350,000 for casualty claims and \$100,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and net position at December 31, 2012 and 2013 (the latest information available):

	<u>2012</u>	<u>2013</u>
Assets	\$34,389,569	\$34,411,883
Liabilities	(14,208,353)	(12,760,194)
Net Position	<u>\$20,181,216</u>	<u>\$21,651,689</u>

At December 31, 2012 and 2013, respectively, the liabilities above include approximately \$13.1 million and \$11.6 million of estimated incurred claims payable. The assets above also include approximately \$12.6 million and \$11.1 million of unpaid claims to be billed to approximately 475 member governments in the future, as of December 31, 2012 and 2013, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2013, the Village's share of these unpaid claims collectible in future years is approximately \$11,000.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013 (Continued)

8. RISK MANAGEMENT (Continued)

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

Contribution	Contributions to PEP	
<u>2012</u>	<u>2013</u>	
\$13,641	\$15,384	

After one year of membership, a member may withdraw on the anniversary of the date of joining PEP, if the member notifies PEP in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to PEP. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

10. INTERFUND ADVANCES

During 2014 \$23,000 was advanced from the General Fund to the Sewer Operating Fund and later returned during the year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Ottoville Putnam County P.O. Box 488 Ottoville, Ohio 45876-0488

To the Village Council:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Village of Ottoville, Putnam County, Ohio (the Village) as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements and have issued our report thereon dated June 12, 2015 wherein we noted the Village followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Village's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified a certain deficiency in internal control over financial reporting, that we consider a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Village's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding 2014-001 described in the accompanying schedule of findings to be a material weakness.

Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the Village's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS DECEMBER 31, 2014 AND 2013

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2014-001

Material Weakness - Financial Reporting

Accurate financial reporting is the responsibility of Village management and is essential to ensure the information provided to the readers of the financial statements accurately reflects the Village's activity. The 2014 and 2013 financial statements contained material errors, such as the following:

- Proceeds from the Sale of Notes, for the purchase of a truck for \$77,000, was incorrectly recorded as Other Financing Sources in the Street Construction Maintenance and Repair Fund in 2013
- Intergovernmental Revenue received from the State of Ohio's Petro Underground Storage Fund, in the amount of \$31,853, was misclassified as Miscellaneous Revenue in the General Fund in 2014.
- Intergovernmental Revenue received from Putnam County in the amount of \$24,000 was incorrectly recorded as Fines, Licenses and Permits in the Permissive Motor Vehicle License Fund in 2014.

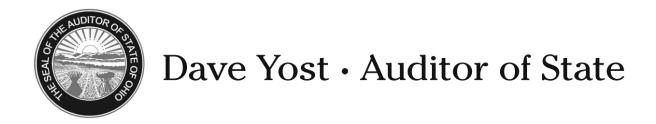

Adjusting entries were posted to the financial statements to correct these and other errors, ranging from \$1 to \$77,000. The Village's lack of a policy regarding financial review contributed to the above errors occurring without detection. To help ensure the Village's financial statements and notes to the statements are complete and accurate, Council should adopt policies and procedures, including a final review of the financial statements, and notes to the financial statements to identify and correct errors and omissions.

Officials' Response:

We did not receive a response from Officials to this finding.
