

2015 AUDITED FINANCIAL STATEMENTS

July 1, 2014 - June 30, 2015

Board of Directors Ohio Housing Finance Agency 57 East Main Street Columbus, Ohio 43215

We have reviewed the *Independent Auditor's Report* of the Ohio Housing Finance Agency, Franklin County, prepared by Kennedy Cottrell Richards LLC, for the audit period July 1, 2014 through June 30, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Ohio Housing Finance Agency is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

Ohio Housing Finance Agency 57 East Main Street Columbus. Ohio 43215

To the Board of Directors:

Report on the Financial Statements

We have audited the accompanying financial statements of the Single-Family Mortgage Revenue Program Fund, General Fund, and Federal Program Fund of the Ohio Housing Finance Agency, Franklin County, Ohio (OHFA), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise OHFA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' Government Auditing Standards. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to OHFA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of OHFA's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Single-Family Mortgage Revenue Program Fund, General Fund, and Federal Program Fund of the Ohio Housing Finance Agency, Franklin County, Ohio, as of June 30, 2015, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As d iscussed in Note 2 to the financial statements, during the year ended June 30, 2015, OHFA adopted the provisions of Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions, and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. Our opinion is not modified with respect to this matter.

Ohio Housing Finance Agency Independent Auditors' Report Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis, as well as pension information schedules, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on OHFA's basic financial statements taken as a whole.

The combining financial statements present additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards also presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The statements and schedule are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and the schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and the schedule are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 21, 2015, on our consideration of OHFA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering OHFA's internal control over financial reporting and compliance.

Management's Discussion and Analysis June 30, 2015 Unaudited

> Management's discussion and analysis (MD&A) of the Ohio Housing Finance Agency's (OHFA) financial performance provides an overview of OHFA's financial activities for the fiscal year (FY) ended June 30, 2015 compared to restated June 30, 2014. The MD&A should be read in conjunction with the Independent Auditor's Report, financial statements and accompanying Notes. Notes to the financial statements provide additional information that is essential to a full understanding of the information provided in the financial statements.

> This MD&A is being presented to provide additional information regarding the activities of OHFA and to meet certain disclosure requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements — and Management's Discussion and Analysis – for State and Local Governments and Statement No. 37, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus—an amendment of GASB Statements No. 21 and No. 34.

> OHFA is a self-supporting, public purpose financial entity and follows enterprise fund reporting. The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, wherein revenues are recognized when earned and expenses are recorded when incurred. Enterprise fund statements offer short-term and long-term financial information about OHFA's activities.

> The selected financial information presented was derived from OHFA's financial statements audited by the firm of Kennedy Cottrell Richards LLC for FY 2015 and FY 2014.

Overview of the Financial Statements

The basic financial statements include the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows, and accompanying Notes to the Financial Statements.

The Statement of Net Position provides information about the financial position of OHFA at a specific date. Individually listed are the amounts of financial and capital resources (assets), consumption of net assets that is applicable to a future reporting period (deferred outflows of resources), the obligations to creditors (liabilities), acquisition of net assets that is applicable to a future reporting period (deferred inflows of resources), and net position. The organization of the statement separates assets and liabilities into current and non-current balances. The statement shows the totals of assets, deferred inflows of resources, liabilities (including net pension liability), deferred outflows of resources and net position.

The Statement of Revenues, Expenses and Changes in Net Position reports revenues, expenses, and the resulting change in net position over the reporting period.

The Statement of Cash Flows lists OHFA's cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities during the reporting period. This statement reflects changes in the Statement of Net Position between two dates and demonstrates how OHFA has generated and disbursed cash within the reporting period.

The financial statements present the activities of OHFA's Single Family Mortgage Revenue Program Fund (Single Family Program), the General Fund, and Federal Program Fund. See Note 1 for a complete description of each of these funds.

*FY 2014 has been restated in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date to present OHFA's net pension liability/ asset for comparative purposes. In addition, FY 2014 has been restated in accordance with GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, to reclassify grant funds from deposits held to unearned revenues.

Note: Year-over-year changes discussed throughout the MD&A are not inclusive of all non-material contributing factors and therefore may not tie to the dollar amounts provided in the explanations.

Management's Discussion and Analysis June 30, 2015 Unaudited

Financial Highlights

The following is a comparative analysis between the years ended June 30, 2015 and June 30, 2014. The information represents significant line items from OHFA's financial statements.

		As of		As of		Dollar	Percentage	
	J	June 30, 2015		June 30, 2014*		Change	Change	
Cash	\$	141,786,009	\$	133,285,374	\$	8,500,635	6.4%

Change in fair value of investments (GASB								
31)		(14,455,019)		40,777		(14,495,796)	-35549.0%	
Operating revenue		98,549,533		149,431,739		(50,882,206)	-34.1%	
Operating expenses		111,059,986		144,327,458		(33,267,472)	-23.0%	
Net income (loss)		(12,510,453)		5,104,281		(17,614,734)	-345.1%	

^{*} FY 2014 restated. See MD&A, Overview of the Financial Statements section, last paragraph, for detailed explanation.

Total net position as of June 30, 2015 was \$564.6 million, a decrease of \$12.5 million or 2.2% under the total net position of \$577.1 million at June 30, 2014. This decrease was primarily due to a \$14.5 million decrease in the fair value of investments partially offset by an increase in current year operating revenues over expenses of \$1.9 million (which excludes change in fair value of investments).

As a result of this year's operations, OHFA's net loss was \$12.5 million, a decrease of \$17.6 million compared to net income of \$5.1 million reported in the prior fiscal year (after restatement for GASB No. 68 pension expense of \$6.5 million). This loss is primarily attributed to a year-over-year decrease in the fair value of investments of \$14.5 million and an aggregate year-over-year decrease in operating revenues over expenses of \$3.1 million (excluding the decrease in fair value of investments) for the Single Family Program, General Fund, and Federal Program Fund. Changes in operating revenues and expenses for each fund are explained in the **Results of Operations and Discussion of Net Income Change** sections that follow later in this MD&A.

Other Highlights:

Cash increased \$8.5 million due to deposits and fees collected for various programs in the General Fund [\$6.9 million], increased
deposits [\$3.0 million] from the To-Be-Announced (TBA) market transactions as reported in OHFA's Market Rate Program (MRP) and
a collateral deposit account [\$8.0 million] established to facilitate MRP hedging positions held in the Single Family Program. These

Management's Discussion and Analysis June 30, 2015 Unaudited

> increases were partially offset by disbursements [\$9.8 million] made primarily to fund Capital Funding to End Homelessness Initiative (CFEHI), Financial Adjustment Factor (FAF), and Tax Credit Assistance Program (TCAP) loans in the Federal Program Fund.

- Investments, at fair value decreased \$66.2 million primarily due to the net effect of mortgage-backed securities (MBS) purchases and sales [\$270.4 million increase], making scheduled debt payments [\$422.9 million], and funding a collateral deposit account of \$8.0 million in the MRP under the Single Family Program. These decreases in investments were partially offset by bond proceeds from the issuance of Single Family Program 2015 Series A bonds [\$31.1 million including premiums], and 2015 Series B [\$ 62.9 million] held in the General Indenture.
- MBS, at fair value decreased \$284.8 million, significantly due to principal repayments and sales of MBS in the Single Family Program of \$547.1 million, net of MBS purchases of \$276.7 million. In addition, unfavorable fair value MBS changes of \$14.5 million contributed to the total decrease. See Note 5 for more information on the fair value of investments.
- Loans receivable increased by \$16.8 million largely as a result of more loans originated in the Housing Development Fund [\$12.3 million] in the General Fund, increased TCAP loans [\$4.7 million] in the Federal Program Fund and increased Down Payment Assistance Product loans [\$3.0 million] from the MRP activity in the Single Family Program. Partially offsetting these increases were 2nd mortgage loan repayments [\$1.1 million] and amortization expenses [\$1.0 million] in the Grants for Grads program in the General Fund.
- Total assets decreased by \$324.7 million primarily due to decreases in investments [\$66.2 million] and MBS [\$284.8 million] at fair value, partially offset by increases in cash [\$8.5 million] and loans receivable [\$16.8 million].
- Deferred outflow of resources decreased by \$20.6 million primarily due to improvements in fair values for interest rate swap contracts resulting from higher current year market variable-rate interest rates relative to fixed-rate payer interest rates and exercising notional calls on interest rate swap contracts.
- Bonds payable decreased \$352.5 million. The decrease in bonds payable in the Single Family Program consists of payments of \$422.9 million made to redeem existing bonds, a \$19.9 million increase for fair value in interest rate swap agreements, and net favorable changes of \$3.1 million in deferred refunding costs. This decrease was partially offset by \$94.1 million in new bonds issued for series 2015 A and 2015 B. See Notes 8, 9, 10 and 11 for more information.
- Total liabilities decreased by \$333.1 million, largely due to decreases in bonds payable of \$352.5 million as well as lower bond interest payable of \$3.3 million in the Single Family Program due to reduced bond volume outstanding. Increased accounts payable of \$17.9 million in the General Fund primarily due to increased loans made in the Housing Development Fund and increased unearned revenues of \$4.6 million in the General Fund partially offset the decrease in total liabilities.
- Total net position decreased by \$12.5 million, primarily due to a \$14.4 million year-over-year decrease in the fair value of investments partially offset by current year increase in operating revenues over expenses of \$1.9 million.
- The current year's operating revenues over expenses of \$1.9 million (which excludes \$14.5 million in fair value change in investments) includes net income in the Single Family Program of \$11.5 million, net loss in the General Fund of \$4.1 million, and net loss in the Federal Program Fund of \$5.4 million. Further details on operating results by each fund are provided in the section **Discussion of Net Income Change** reported later in this MD&A.

Management's Discussion and Analysis June 30, 2015 Unaudited

- Operating revenues decreased by \$50.8 million primarily due to decreased Single Family program MBS interest income of \$16.7 million due to lower volumes of loans outstanding as loans are paid off, decreased other income of \$23.2 million which includes a prior year one-time \$15 million contribution from the Single Family Program to the General Fund for the CFEHI, and \$14.5 million unfavorable year-over-year changes in the fair value of investments and MBS.
- Operating expenses decreased by \$33.3 million due to lower bond interest expenses of \$13.3 million from lower bonds payable outstanding in the Single Family Program, lower trustee and agency fees of \$1.6 million, lower OHFA contributions to bond issues of \$3.6 million, decreases in general and administrative expenses of \$8.5 million, largely due to a prior year pension expense of \$6.5 million, after expense restatement in accordance with GASB No. 68, and an \$11.9 million decrease in insurance and other expense comprised primarily of a prior year one-time \$15.0 million contribution from the Single Family Program to the General Fund for the CFEHI program. Partially offsetting these decreases in operating expenses were increased other grant expense of \$5.3 million due to disbursements to CFEHI [\$4.6 million] funded by the TCAP program in the Federal Program Fund. See the **Results of Operations** section in this MD&A for further explanations.

Results of Operations

					Percentage
	FY 2015	FY 2014*	Do	ollar Change	Change

^{*} FY 2014 restated. See MD&A, Overview of the Financial Statements section, last paragraph, for detailed explanation.

^{**} General and administrative expenses are comprised of payroll and benefits, pension, contracts, maintenance, rent or lease, and purchased services of the General Fund.

Management's Discussion and Analysis June 30, 2015 Unaudited

> OHFA's year-over-year net income decreased by \$17.6 million primarily due to a \$14.5 million decrease in fair value of investments and an aggregate year-over-year decrease in operating revenues over expenses of \$3.1 million (excluding the decrease in fair value of investments and after restatement of FY 2014 for GASB Statement No. 68 and No. 71) for the Single Family Program, General Fund, and Federal Program Fund. Please see **Discussion of Net Income Change** later in this MD&A for further details.

> Declines in MBS' interest income [\$16.7 million] occurred due to a smaller portfolio of securities outstanding as a result of loan prepayments, regularly scheduled payments and MBS sales.

Investment income declined by \$1.4 million primarily due to lower investment balances in the Single Family Program.

Realized gain on sale of investment of \$6.2 million increased primarily due to MBS sales in the MRP under the Single Family Program.

Federal financial assistance program revenue decreased \$3.5 million due to a year-over-year decrease in loans issued in the Neighborhood Stabilization Program (NSP) [\$4.1 million] which were partially offset by increased loans made in the HOME Investment Partnership Program (HOME) [\$1.0 million].

Other income decreased by \$20.5 million largely due to a one-time, prior year, Single Family Program payment of \$15.0 million to the General Fund for the CFEHI, decreased Housing Development Assistance Payment (HDAP) administration fees of \$0.6 million in the General Fund, decreased Housing Tax Credit reservation fees of \$1.0 million, and decreased reimbursable fees for the Hardest Hit Fund (HHF) of \$1.7 million.

Interest expense declined \$13.3 million primarily due to lower bonds payable outstanding and lower interest rate swap contract payment expense in the Single Family Program.

OHFA contribution to bond issues decreased \$3.6 million due to reduced funding needs for bond issue and other associated costs in the Single Family Program.

General and administrative expenses decreased \$8.5 million primarily due to pension expense of \$6.5 million in the prior year, as included in restated expenses for GASB Statement No. 68 and No. 71, and due to lower payroll expense of \$2.0 million due to staff retirements, resignations, delays in hiring staff for vacated positions, and the wind down of the HHF program.

Other grant programs expense increased \$5.3 million primarily due to disbursements to the CFEHI [\$4.6 million] funded by the TCAP program in the Federal Program Fund.

Cost of issuance expense increased by \$0.8 million due to new bond issues, 2015 Series A and 2015 Series B, in the Single Family Program.

Insurance and other expense decreased by \$11.9 million largely due to a one-time, prior year \$15.0 million contribution from the Single Family Program to the General Fund for the CFEHI, which was partially offset by the current year \$2.4 million disbursement to the CFEHI funded by the General Fund.

 $^{{\}rm *FY\,2014\,restated.\,See\,MD\&A,\,Overview\,of\,the\,Financial\,Statements\,section,\,last\,paragraph,\,for\,detailed\,explanation.}$

The Single Family Program decrease in loan and MBS interest income of \$16.7 million is mainly due to a smaller portfolio of MBS resulting from prepayments and regularly scheduled payments on mortgage loans in the current fiscal year. Investment income decreased \$1.4 million primarily as a result of lower investment balances. Realized gain on sale of investment increased \$6.2 million in the MRP from a higher volume of MBS sales and net margin in the current period. Bond interest expense, excluding net swap expenses and bond amortization expense, decreased \$8.4 million primarily due to reduced bonds payable outstanding. The \$4.4 million decrease in interest expense due to net swap expenses resulted from lower interest payments on notional amounts remaining under the interest rate swap contracts.

Management's Discussion and Analysis June 30, 2015 Unaudited

> Decreased trustee expense and agency fees of \$1.6 million resulted primarily from lower fees of \$2.5 million paid on a smaller portfolio of MBS outstanding in the General Indenture, Master Indenture, and Tax Exempt Mortgage Participation Securities (TEMPS) Indenture (fees are paid on the outstanding MBS balances) which were partially offset by agency fees paid, of \$1.2 million, on an increased volume of MBS sold in the MRP. The decrease in insurance and other expense of \$15.0 million is due to a one-time contribution made in the prior year from the Single Family Program to the General Fund for the CFEHI. Cost of issuance expense increased by \$0.8 million due to new bonds issued for 2015 Series A and 2015 Series B in the current period.

> The General Fund loan interest income decreased \$1.4 million due to lower loan interest earned on declining loan receivables in the Housing Development Loan Program, 2nd mortgage loans, and TEMPS.

> Decreased service fees and other income (excluding CFEHI) of \$5.5 million are primarily due to lower service release fees earned [\$1.0 million], lower housing tax credit reservations fees collected [\$1.2 million] and lower reimbursable fees billed for the HHF [\$2.4 million] as the program was wound down in the current year. The year-over-year decrease in service fees and other income of \$15.0 million is due to a prior year one-time contribution from the Single Family Program to the General Fund for the CFEHI. The \$3.6 million decrease in contribution to bond series is due to reduced demand for funding new bond issues and other associated costs in the Single Family Program. The \$5.2 million decrease in insurance and other expense is mostly due to a prior year restatement for \$6.5 million pension expense resulting from GASB Statement No. 68, partially offset by a one-time amortization expense of \$1.1 million in the Grants for Grads program. The increase in other grant expense of \$5.3 million is largely due to disbursements for the CFEHI, which were funded by a \$4.6 million transfer in to the General Fund from the Federal Program Fund.

> The Federal Program Fund decrease in federal financial assistance programs income of \$3.5 million is primarily due to lower year-overyear revenues recorded in the NSP [\$4.1 million] partially offset by increased year-over-year revenues of \$1.0 million recorded in the HOME program. Disbursements made from the TCAP to fund the CFEHI were recorded as a transfer out of \$4.6 million, which resulted in an overall net loss of \$7.6 million in the Federal Program Fund.

Debt Administration

At June 30, 2015, OHFA had approximately \$1,266.9 million of bonds outstanding in the Single Family Program. This debt is secured by MBS issued by GNMA, Fannie Mae, and Freddie Mac.

New Business

In the Single Family Program, 2015 Series A bonds were issued to finance the purchase of owner-occupied (one-to-four unit) residences and 2015 Series B bonds were issued to refund OHFA's Residential Mortgage Revenue Bond 2005 Series D and 2005 Series F. OHFA continued utilizing the TBA market to finance new mortgage loans under the MRP. See Note 1 for additional information.

See Notes 8, 9, 10, 11, and 14 for more detailed information on bonds held in the Single Family Program.

Budget

OHFA is a self-supporting organization related to the State of Ohio and not a part of the primary government. The State of Ohio appropriates OHFA's spending authority for payroll and benefits. On a fiscal year basis, OHFA's Board approves its General Fund budget. See Note 1 for additional information.

Ohio Housing Finance Agency

Management's Discussion and Analysis June 30, 2015 Unaudited

Conclusion

The MD&A presented above is intended to provide additional information regarding the financing activities of OHFA and to meet the disclosure requirements of GASB Statement Nos. 34 and 37. Management believes that all requirements of these GASB Statements have been met as they apply to OHFA. If you have questions about the report or need additional financial information, please contact the Chief Financial Officer, Ohio Housing Finance Agency, 57 E. Main Street, Columbus, Ohio 43215, or by telephone at 614-466-7970.

Notes to the Financial Statements June 30, 2015

Note 1 · Authorizing Legislation and Funds

The Ohio Housing Finance Agency (OHFA) was originally created as an Agency within the Ohio Development Services Agency (DSA), formally known as Ohio Department of Development, by House Bill No. 1, effective January 20, 1983, Chapter 175 of the Ohio Revised Code (O.R.C.) implementing Section 14 of Article VIII of the Constitution of Ohio of 1852. On November 30, 2004, the Ohio General Assembly passed Am. Sub. H.B. 431, and on February 1, 2005, Am. Sub. H.B. 431 was signed into law by the Governor (the Act). The Act, effective July 1, 2005, established OHFA as a body corporate and politic performing essential governmental functions of the state, as a separate entity from DSA. On the effective date of the legislation, OHFA assumed the functions, powers, duties and obligations from DSA pertaining to OHFA.

OHFA's mission includes, but is not limited to, assisting with the financing, refinancing, production, development and preservation of safe, decent and affordable housing for occupancy by low- and moderate-income persons; the provision of rental assistance and housing services for low- and moderate-income persons; allocating all state and federal funds in accordance with applicable state and federal laws, including Section 42 of the Internal Revenue Code; and promoting community development, economic stability and growth within Ohio.

Under the Act, the powers of OHFA are vested in its Board of 11 members, consisting of the Director of Ohio Department of Commerce (Commerce), or his or her designee, the Director of DSA, or his or her designee, and nine public members appointed by the Governor, with the advice and consent of the Ohio Senate, for six-year terms. The Governor appoints the Chairperson of OHFA, and the members of the OHFA Board appoint a Vice Chairperson.

OHFA is required to prepare an annual plan to address the state's housing needs; develop policies and program quidelines for the administration of its programs; prepare an annual financial report, including audited financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP) and appropriate accounting standards; and an annual report of all of its programs. OHFA holds its own moneys, which are not deemed to be funds of the State of Ohio or public moneys.

OHFA is a related organization to the State of Ohio and not part of the primary government. No accounts or funds of OHFA are included in the Ohio Comprehensive Annual Financial Report or the State of Ohio Single Audit Report.

Single Family Mortgage Revenue Program Fund

The Single Family Mortgage Revenue Program Fund (the Single Family Program) accounts for proceeds of bond series issued under an open general indenture dated June 1994. In addition, OHFA was awarded funds as part of the New Issuance Bond Program (NIBP) that have been recorded in an open master indenture dated December 2009. Beginning in September 2012, OHFA began issuing Tax Exempt Mortgage Participation Securities (TEMPS) and records the bond proceeds and equivalent securities in stand-alone indentures. Under these programs, qualified loans are pooled by the loan servicer and purchased by the trustee as Government National Mortgage Association (GNMA) Securities, as Federal National Mortgage Association (Fannie Mae) Certificates, or as Federal Home Loan Mortgage Corporation (Freddie Mac) Securities and classified as mortgage-backed securities (MBS) on the financial statements.

In fiscal year 2014, OHFA began utilizing the To-Be-Announced (TBA) market for Single Family homeownership financing. The TBA financings, reported as the Market Rate Program (MRP), allow the Agency to provide competitively priced mortgage loans. Under the MRP, participating lenders issue OHFA loans, the loan servicer purchases and pools the loans into MBS pools, and OHFA purchases the MBS pools from the loan servicer and simultaneously sells the MBS pools to the security purchaser at a predetermined price. This results in funds to pay for the purchase of the MBS pools and the recognition of revenue in the Single Family Program.

The assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses reported in the Single Family Program reflect the use of tax-exempt bond financing (see Note 9), taxable bond financing (see Note 9), and TBA market financing.

Notes to the Financial Statements June 30, 2015

General Fund

The General Fund receives fees for the administration of bond, loan, state and federal programs and certain earnings from the Single Family Program, reported in the Bond Series Program and Escrow Funds. Operational and programmatic expenses of OHFA are paid with these fees. The Housing Development Fund (HDF) includes amounts borrowed from the Commerce Division of Unclaimed Funds to fund loans to qualified housing sponsors to develop affordable housing. Commerce is repaid principal and a portion of the interest as loan payments are received. The Housing Development Assistance Program (HDAP) includes money provided by the Ohio Housing Trust Fund (HTF), administered by the DSA Office of Community Development (OCD), to be used to provide loans and grants to housing communities for low- to moderate-income tenants. Loan repayments are repaid to the HTF. OHFA's General Fund is separate and not related to the State of Ohio's General Revenue Fund.

Federal Program Fund

Under an annual contributions contract among OHFA, the owner of the rental housing property and the U.S. Department of Housing and Urban Development (HUD), monthly Housing Assistance Payments (Section 8) are received from HUD and disbursed to the owner as rent subsidies. The HOME Investment Partnerships Program (HOME) accounts for amounts allocated from the OCD, a designated State administrator for HOME. OHFA utilizes the allocation to fund HDAP and the Community Housing Development Organization (CHDO) Program. Amounts directed to HDAP are used to provide loans and grants to housing communities for low-to moderate-income tenants. Loan repayments are collected by OHFA and returned to OCD and are used to provide future loans and grants. Funds allocated to the CHDO program are awarded to community organizations as grants by OHFA. The Financial Adjustment Factor (FAF) funds are held by OHFA for allocation to eligible projects. The FAF funds are the result of savings generated by the refunding of bonds used for financing Multifamily Mortgage Revenue Bond Program Section 8 housing communities. The National Foreclosure Mitigation Counseling Program (NFMC) and Making Home Affordable (MHA) Outreach and Intake Program are both funded by grants provided by NeighborWorks© America. These federal funds are used to provide homebuyer counseling to current homeowners. The Housing Counseling Program is funded by a grant provided by HUD and is used to provide homebuyer counseling for potential homeowners. The Tax Credit Assistance Program (TCAP) was funded by the American Recovery and Reinvestment Act (ARRA) and financed the construction or acquisition and rehabilitation of qualified low-income developments. The Neighborhood Stabilization Program (NSP) utilized funds from HUD through allocations from DSA to address the abandoned and foreclosed homes crisis.

Notes to the Financial Statements June 30, 2015

Note 2 · Summary of Significant Policies

The financial statements have been prepared in conformity with GAAP as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. OHFA utilizes the economic resource measurement focus and the accrual basis of accounting wherein revenues are recognized when earned and expenses are recorded when incurred.

Under GASB Statement No. 14, The Financial Reporting Entity, OHFA is a related organization to the State of Ohio's primary government as the Governor appoints the Board members and the state is not entitled to OHFA's resources, nor obligated to finance OHFA's deficits or to pay OHFA's debts.

Consistent with Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards published by the GASB, Defining the Reporting Entity, this report includes all funds, activities and functions for which OHFA is financially accountable.

OHFA eliminated intra-Agency balances in the General Fund on the Supplemental Information using elimination entries that reduced fund accounts receivables and payables by \$3,944,726.

GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, establishes accounting and financial reporting standards for nonexchange financial guarantees. In August 2010, OHFA guaranteed up to \$469,000 for the repayment of principal and interest on the loans made by the Ohio Preservation Loan Fund, LLC, a legally separate entity, as outlined in the Restricted Account Agreement. The loan quarantee will terminate on December 31, 2020. In the event, a borrower or borrowers default(s) on a loan(s) and the default is not cured within 90 days after any applicable cure period provided in the loan documents, OHFA will be required to make a payment for its pro rata portion up to the guaranteed amount.

During fiscal year 2015, management reviewed and implemented the provision of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. Statement No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. Statement No. 71 provides clarification concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of Statement No. 68 (See Note 12).

Management also reviewed GASB Statement No. 69, Government Combinations and Disposals of Government Operations and determined it has no impact on the financial statements.

Recently issued accounting pronouncements that will be effective in fiscal year 2016 include GASB Statement No. 72, Fair Value Measurement and Application, GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68, and GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. Other pronouncements that will be effective in fiscal years 2017 and 2018 include GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Management is reviewing these statements to determine the impact they may have on OHFA's financial statements.

In accordance with GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, OHFA reclassified grant amounts received but not yet disbursed from other state agencies from deposits held to unearned revenue.

The financial statements include summarized prior year comparative information. Such information does not include sufficient financial detail and disclosure to constitute a presentation in conformity with GAAP. Accordingly, such prior year summary information should be read

Notes to the Financial Statements June 30, 2015

> in conjunction with OHFA's financial statements for the fiscal year ending June 30, 2014, from which such summarized information was derived.

Assets

Cash

Cash consists of cash on hand, cash held by depository institutions and trustees (see Note 3). Cash in the Single Family Program (with exception of the MRP) and Federal Program Funds are restricted for use in those programs. Designated cash in the General Fund is restricted for specific use based on contractual obligations.

Cash and current investments, including the portions restricted for debt service, are considered to be cash equivalents, as defined in GASB Statement No. 9, for purposes of a Statement of Cash Flows. Current investments consist primarily of money market mutual funds, which can be liquidated at any time.

Investments

The current investments within the Single Family Program are generally restricted by the various bond resolutions to direct obligations of the U.S. government and its agencies or other instruments secured by such obligations. The current investments reported in the Single Family Program, along with current investments reported in the General Fund and Federal Program Fund, are primarily invested in money market mutual funds and securities of federal agencies or instrumentalities held by the trustees. Current investments within the General Fund that are not held by the trustee are invested in the State Treasury Asset Reserve of Ohio (STAR), which is administered by the Ohio Treasurer of State. These current investments are reported at fair value, which is the same as the cost for most current investments (see Notes 3 and 5).

The non-current investments reported in the General Fund are primarily invested in securities of federal agencies or instrumentalities and are held by a trustee. These non-current investments are reported at fair value.

OHFA complies with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools (see Note 5) and Statement No. 40, Deposit and Investment Risk Disclosure (see Note 3).

Excess Revenue Accounts

The Excess Revenue accounts, reported in Series General Trust in the Single Family Program, receive money transferred from the individual Single Family Program series that qualifies as excess revenue under the General Indenture. The assets in the Excess Revenue accounts can be used to redeem bonds, originate or acquire mortgage-backed securities, pay extraordinary trustee fees or be transferred to the related Program Funds of the General Fund provided it does not adversely affect the rating category on the bonds. The amount of investments in the Excess Revenue accounts was \$115,191,005 on June 30, 2015.

Restricted Assets

Current investments in the Single Family Program are restricted primarily for debt service. Other current investment account restrictions are for bond acquisition, bond revenue, bond proceeds, special funds, commitments, costs of issuance, capital reserves, mortgage reserves, mortgage prepayment, debt service reserves, and expenses. Cash and investments are restricted in all the funds of the Federal Program Fund and designated cash in the General Fund is restricted for contractual obligations. OHFA does not use restricted investments to fund unrestricted program costs. Restricted investments used to fund current operations are classified as current assets.

Notes to the Financial Statements June 30, 2015

Mortgage-Backed Securities

MBS reported in the Single Family Program and the General Fund are pass-through securities of GNMA and Freddie Mac and certificates of Fannie Mae, all of which securitize qualified pools of loans or individual loans under the respective programs. They are reported at fair value which may vary from the value of the securities and certificates if held to maturity (see Note 5).

Capital Assets

Office equipment is capitalized at cost in the General Fund and depreciation is provided on the straight-line basis throughout the estimated useful lives. Leasehold improvements are capitalized at cost and amortized on the straight-line basis throughout the term of the building lease. OHFA capitalizes assets with an individual cost equal to or greater than \$5,000 (see Note 7).

Intangible assets are reported in accordance with GASB Statement No. 51 which requires all expenditures associated with the research, development, and testing of internally generated intangible assets be included in the asset's base cost. Routine maintenance and updates of intangible assets are expensed. OHFA uses a time tracking system to gather staff time spent related to computer software development, both external and internal, implementation, and testing. Average compensation factors are applied to these hours; a corresponding entry is entered to reduce payroll expense and increase the cost basis of the intangible asset. OHFA capitalizes intangible assets with an individual cost equal to or greater than \$100,000 (see Note 7).

Intergovernmental Accounts Receivable/Accounts Payable

Activity in the intergovernmental accounts primarily consists of invoiced principal and interest amounts within the HDF Program's subaccounts. Loan payments are billed and received within one HDF sub-account then the corresponding receipts are transferred to other HDF sub-accounts based on the originating funding source. The related amounts offset each other and are eliminated in the supplemental financial statements. The intergovernmental accounts are recorded within the General Fund.

Loan Loss Reserve

Historical losses and the current economic conditions are evaluated by OHFA management as they relate to certain loans in OHFA's portfolio. OHFA records a monthly loan loss reserve based on the total outstanding principal and interest payments in excess of 90 days past due. This is to ensure that all loans of OHFA are presented fairly.

Liabilities

Accounts Payable

Current and non-current accounts payable and other includes general payables of each fund, the arbitrage rebate liability of the Single Family Program, compensated absences, healthcare deficits and amounts owed to Commerce for loans used to fund development programs in the General Fund.

The amounts included in current and non-current accounts payable and other for healthcare deficit liabilities are estimated by OHFA and included as of June 30, 2015.

Debt Refunding

OHFA follows GASB Statement No. 23, Accounting and Financial Reporting for Refunding of Debt Reported by Proprietary Activities. The Statement requires that gains and losses resulting from debt refunding be deferred and amortized over the shorter period of the remaining life of the new debt or the retired debt using the bonds outstanding method (see Note 11).

Notes to the Financial Statements June 30, 2015

Arbitrage Liability

OHFA records rebatable arbitrage as a reduction in investment income (see Note 8).

Deposits Held

Deposits held in the General Fund primarily include insurance claim funds and refundable fees.

Unearned Revenue

Yield reductions resulting from Intercreditor Agreements for interest rate strips on previously refunded series are recorded as an investment and unearned revenue in the General Trust of the Single Family Program until needed for a new issue. The amount of unearned revenue from yield reductions available at June 30, 2015 was \$35,504.

Unearned revenue in Series 2005E&F in the Single Family Program is the result of a swap optionality sale. The total amount received from the sale was \$1,752,000 and is being amortized over the remaining life of the original swap. In fiscal year 2015 the unamortized portion of the swap optionality was \$1,259,771.

The total unearned revenue in the General Fund is primarily housing tax credit reservation and compliance monitoring fees. The accounting of these fees reflects the recording of income when the fees are earned by deferring the recognition of the revenue amount in the Bond Depository and Housing Tax Credit Program funds of the General Fund. Also included are funds granted from other government agencies which have yet to be disbursed. The total amount of unearned revenue in the General Fund at June 30, 2015 was \$26,115,189.

Compensated Absences

The State of Ohio, which governs employee leave benefits and policies, pays compensation to separated employees for leave balances accumulated during the employee's term of service. In accordance with GASB Statement No. 16, Accounting for Compensated Absences, OHFA calculates and records the current and non-current compensated absence liability (see Note 8).

Pension

For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of OPERS and additions to/deductions from OPERS fiduciary net position have been determined on the same basis as they are reported by OPERS. For this purpose, deductions are recorded when the liability is incurred and revenues are recognized when earned. Contributions are recorded in the period the related salaries are earned and become measureable pursuant to formal commitments, statutory and contractual requirements. Accordingly, both member and employer contributions for the year ended December 31, 2014 include year-end accruals based upon estimates derived from subsequent payment activity and historical payment patterns (see Notes 8 and 12).

Employee Benefits

OHFA complies with GASB Technical Bulletin No. 2004-2, Recognition of Pension and Other Post-employment Benefit Expenditures/Expense and Liabilities by Cost-Sharing Employers, in the recognition of expense and liabilities for post-employment benefits and has adopted GASB Statement No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (see Notes 13).

Notes to the Financial Statements June 30, 2015

Operations and Other

Operating Revenues

OHFA considers operating revenues to include interest earned on investments in the General Fund. The interest earned on the General Fund investments is included in operations for purposes of net income and the direct method cash flow statement.

Realized Gain on Sale of Investment

When investments are sold, all realized gains are recorded and reported as such. In addition, GASB Statement No. 53, paragraph 23, states that when hedge accounting is terminated, the balance in the deferred outflows of resources (the fair market value of the associated swap) is to be reported on the Statement of Revenues, Expenses and Changes in Net Position within the investment revenue classification. The investment revenue classification is represented by the Interest and Investment Income section of OHFA's Financial Statements.

Other Mortgage Income - Net

Other mortgage income — net reported in the Single Family Program includes Agency contributions offset by down payment assistance grants, premiums (or inducements paid to lenders) and other items. The total amount of other mortgage income-net at June 30, 2015 was \$123,429.

Federal Financial Assistance Programs

FAF records revenues at the time grant agreements are executed while expenses/loans receivable are recorded when funds are disbursed to a project.

OHFA Contributions to New Bond Issues

Amounts reported on the OHFA contribution to bond issues line include contributions made by OHFA's General Fund for various uses within new Single Family Program bond issues.

Bond Issue Costs

Costs relating to the issuance of bonds are expensed when incurred in accordance with GASB Statement No. 65, Items Previously Reported as Assets and Liabilities.

HTF Grant and Loan Revenue and Expense

In compliance with GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance, the HTF grant and loan revenue or expense amounts offset each other and primarily represent the draws paid to HDAP projects funded by HTF.

Interest Expense

OHFA records bond interest and amortized bond discounts and premiums in the *Interest expense* line item.

Notes to the Financial Statements June 30, 2015

A summary for fiscal year 2015 follows:

		Single Family
		Program Fund
Under General Indenture	•	
Bond interest	\$	11,811,408
Interest expense - LOC		-
Swap payment expense		22,098,776
Amortized bond discount or (premium)		(1,778,244)
Total interest expense Under General Indenture	\$	32,131,940
Under Master Indenture		
Bond interest	\$	16,433,564
Interest expense - LOC		-
Swap payment expense		-
Amortized bond discount or (premium)		(782,712)
Total interest expense Under Master Indenture	\$	15,650,852
Under TEMPS Indenture		
Bond interest	\$	4,131,799
Interest expense - LOC		· · · · -
Swap payment expense		-
Amortized bond discount or (premium)		(1,249,037)
Total interest expense Under TEMPS Indenture	\$	2,882,762
Total interest expense	\$	50,665,554

Interest Rate Swaps

OHFA has entered into interest rate swap agreements, which are recognized as derivatives, to reduce its exposure to changes in variable interest rates on bonds financing fixed-rate mortgages. OHFA has adopted GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments (see Note 10) and GASB Statement No. 64, Derivative Instruments: Application of Hedge Accounting Termination Provisions. GASB Statement No. 53 requires each derivative to be tested for effectiveness using one of four defined methods. If found to be effective, the change in fair market value is recorded as a deferred outflow or deferred inflow of resources, as appropriate, with a corresponding entry as part of bonds payable in the Statement of Net Position. If a swap agreement is found to be ineffective, the change in fair market value is recorded against investment income (see Note 10). GASB Statement No. 64 provides additional guidance for the recordation of swap terminations. OHFA did not have any swap terminations in the current fiscal year. OHFA will continue to evaluate the implications of GASB 64 in future years.

Forwards Sales Contracts

OHFA has entered into forward sales contracts to hedge the interest rate risk for loan commitments in the MRP and to sell GNMA and Fannie Mae MBS to investors before the securities are ready for delivery.

Transfers In (Out)

Amounts reported on the Transfers in (out) line include transfers of program income earned after the grant period ended from the TCAP account in the Federal Fund to General Fund for allowable programmatic use.

Non-exchange Transactions

In accordance with GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, OHFA recognizes revenue and expense and assets and liabilities at the time allowable costs are submitted.

Notes to the Financial Statements June 30, 2015

Building Lease

OHFA occupies a leased office and the rent is charged to the Rent or lease expense line item in the Operating Funds of the General Fund (see Note 14).

Pass-Through Grants

OHFA complies with GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance. GASB Statement No. 24 requires that all cash pass-through grants received by a governmental entity be reported in its financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates used in the preparation of the financial statements are based on various factors, including the current interest rate environment, and can significantly affect OHFA's net interest income.

Note 3 · Deposits and Investments

Deposits

Deposits include OHFA's bank deposits in the form of cash. The book and bank balance of OHFA's deposits at June 30, 2015 is \$141,786,009. Of the bank balance, \$50,378,293 is insured by the Federal Deposit Insurance Corporation, and \$4,984,707 is with the Ohio Treasurer of State, not subject to the classification of custodial credit risk. The remainder of \$86,423,009, though subject to custodial credit risk, is collateralized at not less than 105%.

Investments

The Investment Policy adopted by the OHFA Board provides investment guidance for the unrestricted investments in the General Fund. The objective of the Investment Policy is to maintain safety and liquidity with appropriate yield and generally limits the investments to United States Treasury or Agency obligations, certificates of deposits, money market funds, STAR Ohio funds or investment grade commercial paper notes. The credit quality of the investments are generally rated Aaa by Moody's Investors Service (Moody's) and interest rate risk is limited due to the generally short-term nature of the investments. The investments are made in consideration with short and intermediate-term cash requirements. OHFA Board approval is required for investments that do not comply with the Investment Policy.

The Trust Indentures and a Collateral Agreement provides policy for the restricted investments within the Single Family Program. The documents specify whether the financing of the mortgage loans will be by the purchase of MBS and also identifies the investment providers for which liquid account balances are to be invested. The investment agreements specify a minimum credit rating for the investment providers of at least A1/A by Moody's/Standard & Poor's (S&P). If the investment provider's credit rating falls below the minimum allowable specified in the individual investment agreement, OHFA may have the option to withdraw the funds and terminate the investment agreement. The rates of interest on investments are established in the documents and are calculated to provide sufficient present value earnings to service the outstanding bonds through maturity. The MBS are subject to interest rate risks due to prepayments before maturities and the fair value of the securities vary with the change in market interest rates.

The Ohio Treasurer of State is the investment administrator of STAR Ohio as authorized under Section 135.45 of the O.R.C. Information can be obtained by accessing the Ohio Treasurer of State's website at: www.ohiotreasurer.gov.

Notes to the Financial Statements June 30, 2015

As of June 30, 2015, the Agency had the following investments subject to credit risk and custodial credit risk:

		Investment Custodial Credit Risk Categories

Notes to the Financial Statements June 30, 2015

Credit Risk: The risk that an issuer or other counterparty will not fulfill its obligations.

Custodial Credit Risk: The risk that, in the event of the failure of a depository financial institution, OHFA will not be able to recover deposits, the value of investments or collateral securities that are in the possession of an outside party.

Interest Rate Risk: The risk that changes in interest rates will adversely affect the fair value of an investment or a deposit. Trust indentures require OHFA to match its Single Family Program investments with anticipated cash flow requirements for bond debt service.

Concentration of Credit Risk: The risk of loss attributed to the magnitude of OHFA's investment in a single issuer. OHFA places no limit on the amount it may invest in any one issuer. More than 5% of OHFA's investment portfolio is invested with Fannie Mae, \$335,245,312 (21.1%).

Note 4 · Conduit Debt Obligations

To provide lower-cost debt financing for the acquisition, construction, and substantial rehabilitation of multifamily housing for low- and moderate-income residents, to date OHFA has issued \$889,366,484 of tax-exempt mortgage revenue bonds. The bonds issued are limited obligations of OHFA, payable only out of the trust estate specifically pledged to each bond issue. As of June 30, 2015, the total aggregate amount of bonds outstanding is \$297,662,182. No recourse may be taken against any properties, funds, or assets of OHFA for the payment of any amounts owed with respect to these bonds. Bond owners will have no right to compel the payment of any amount owed with respect to these bonds out of any other revenues, funds or assets of OHFA or the State of Ohio, other than the security pledged to each bond issue.

Note 5 · Fair Value of Investments

OHFA complies with GASB Statement No. 31 which requires that investments be reported at fair value as of the Statement of Net Position date and that changes in the fair value during the reporting period be reported as part of operating revenue. In applying GASB Statement No. 31, OHFA determined that it held four classifications of investments.

Interest-Earning Investment Contracts - Under the Single Family Program, certain current investments are invested in GICs. These contracts are not marketable, non-participating, and carried at cost and no change in fair value is reported.

External Investment Pools - Certain current investments held in the General Fund are invested in the STAR Ohio Fund at the Ohio Treasurer of State. The net assets of the pool are equivalent to \$1 per share of the pool, and therefore cost is equal to fair value and no change in fair value is reported. The STAR Ohio Fund issues a separate annual report that may be obtained from the Ohio Treasurer of State's website at: www.ohiotreasurer.gov.

Open-End Mutual Funds - Certain current investments are held by the trustees in mutual funds. Those funds have reported that the net assets are equal to \$1 per share and therefore cost is equal to fair value. No change in fair value is reported for these investments.

Debt Securities - Within the Single Family Program and the General Fund, qualified mortgage loans are securitized by GNMA, Fannie Mae, and Freddie Mac. The resulting securities are considered by GASB Statement No. 31 to be investments and must be carried at fair value. On June 30, 2015, the trustee has provided a market price as reported by recognized pricing firms. Certain other money is invested in federal obligations, which were also reported at fair value by the trustee. Investments with less than one year to maturity at purchase are carried at amortized cost. The net decrease in fair value of \$14,455,019 is reported in the Statement of Revenues, Expenses and Changes in Net Position.

Notes to the Financial Statements June 30, 2015

> One purpose of OHFA is to make low cost loans which, when securitized in GNMA and Freddie Mac securities or Fannie Mae certificates, generally provide a lower-than-market coupon rate and would sell at a loss in the market. The unpredictability of cash flows resulting from mortgage prepayments creates fluctuations during the life of the security that may or may not be reflected in the market as a whole. Unrealized gains or losses will be reversed as the security reaches par value at maturity.

Mortgage-backed securities held at June 30, 2015, valued at fair value and principal outstanding, are as follows:

Total	\$ 1,223,541,029	\$ 500,309,287	\$ 1,723,850,316

See related Notes 9, 10, 11 and 14

Interest calculations were based on rates as of June 30, 2015. As rates vary, variable-rate bond interest payments and net swap payments will vary (see Note 10).

Notes to the Financial Statements June 30, 2015

Note 9 · Bonds Payable

Bonds issued by OHFA consist of fully registered bonds with or without coupons. The variable rate bonds are indexed to a percent of the base lending rate of a designated bank or a specified index, or are set by the remarketing agent. The net proceeds of the bonds issued were primarily used to purchase eligible residential mortgage loans or MBS. The bond indentures also contain various covenants which management believes all bonds are in compliance with at June 30, 2015.

Single Family Program bonds outstanding at June 30, 2015 are as follows:

	Composite		Principal	Carrying
	Interest	Maturity	Amount at	Amount at
Single Family Program Series	Rate	Date	June 30, 2015	June 30, 2015

Total Single Family Program			\$ 1,223,541,030	\$ 1,266,880,127

The difference between the Principal Amount and the Carrying Amount, \$43,339,097, is the amount of unamortized premium or discount and swap fair market value, which can be found in Note 8.

Notes to the Financial Statements June 30, 2015

Note 10 · Derivatives

OHFA utilizes two types of derivative instruments to hedge against interest rate risk; interest rate swaps and forward sales contracts on MBS.

Interest Rate Swaps

OHFA has entered into interest rate swap agreements to reduce its exposure to changes in variable rates on bonds financing fixed-rate mortgages.

Objective of the swaps: As a means of hedging the interest rate risk of its variable rate bonds, OHFA entered into interest rate swap agreements with various counterparties in connection with the 2003C, 2004B, 2004D, 2004F, 2005F, 2006F, 2006I, 2006J, 2006N, 2007B, 2007E, 2008B, 2008E, 2008H, and 2008I bond issues. The swaps serve as hedging tools, which allow OHFA to reduce its exposure to changes in variable interest rates on bonds financing fixed-rate mortgages and effectively changes OHFA's interest rate on the bonds to a synthetic fixed-rate. Under the swap agreements, OHFA has agreed to make payments to the counterparties based on a fixed-rate of interest, and the counterparties have agreed to make payments to OHFA based on a floating rate of interest. These hedge transactions become general obligations of OHFA in the event the Single Family General Indenture cannot fulfill requirements of the swap agreements (see Note 14). The variable rate on the bonds, which is determined based on the rate the remarketing agents deem necessary to maintain a par price on the bonds, approximates the Securities Industry and Financial Markets Association (SIFMA) municipal swap index plus 0.04% for tax-exempt bonds on average over the past six years, or London Interbank Offered Rate (LIBOR) index plus (.03%) for taxable bonds on average over approximately the last three years. As of June 30, 2015, \$365,700,000 of the Single Family Program's outstanding bond principal included associated interest rate swap agreements with an aggregate notional amount of \$515,530,000.

Terms: The notional amounts and basic terms of the swap agreements associated with variable rate bonds at June 30, 2015 are presented. The term of each swap agreement provides for reductions in the notional amounts to coincide with expected redemptions of outstanding amounts of the associated bonds. Please note that the notional amount differs from the outstanding principal by \$149,830,000 as summarized below.

Single Family Program Series	Bon	ds Outstanding	Notional Amount	Difference
2003C	\$	8,145,000	\$ 7,575,000	\$ (570,000)
2004B		10,490,000	10,125,000	(365,000)
2004D		12,205,000	11,430,000	(775,000)

Notes to the Financial Statements June 30, 2015

> Fair Value: If a swap agreement has a negative fair value and is terminated, OHFA would be obligated to pay the counterparty the fair value amount as of the termination date; a positive fair value would result in an obligation of the counterparty. As of June 30, 2015, all swap agreements had a negative fair value, as reported on the following schedule. Since the coupons on OHFA's variable rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value change. The fair value was estimated using the counterparties' proprietary valuation models on the basis of estimated mid-market quotation levels. The valuation models typically calculate the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future settings for either LIBOR or SIFMA. These payments are then discounted using the future settings implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement of the swap.

Notes to the Financial Statements June 30, 2015

> Swap Payments and Associated Debt: See the following schedule for debt service on bonds and payments on associated interest rate swap agreements. Interest calculations were based on rates as of June 30, 2015. As rates vary, variable-rate bond interest payments and net swap payments will vary.

> Using these rates, debt service requirements of the Single Family Program variable-rate debt (hedged and un-hedged) and net swap payments are as follows:

Fiscal Year	Variable-	Rate B	ond	Interest Rate			_
Ending June 30	Principal		Interest		Swap, Net		Total
2016	\$ 1,175,000	\$	306,357	\$	19,949,103	\$	21,430,460
2017	2,475,000		314,792		19,510,903		22,300,695
2018	5,475,000		312,376		18,958,050		24,745,426
2019	6,910,000		307,080		18,287,019		25,504,099
2020	7,145,000		301,631		17,596,946		25,043,577
2021-2025	38,870,000		1,406,046		78,610,849		118,886,895
2026-2030	62,890,000		1,188,330		59,629,500		123,707,830
2031-2035	106,155,000		831,908		36,056,395		143,043,303
2036-2040	134,605,000		177,386		8,003,560		142,785,946
Total	\$ 365,700,000	\$	5,145,906	\$	276,602,325	\$	647,448,231

Amortization Risk: The risk that the actual redemption of the bonds will differ from the notional principal amortization contained in the swap schedule, possibly producing a mismatch at any given time between the principal amount of the bonds and the notional amount of the swap. This may occur because the timing of mortgage prepayments, normally used to redeem bonds, cannot be predicted. In order to mitigate the risk of amortization mismatch, OHFA purchased cancellation options to allow for adjustments to the swap notional amount in order to better match the amount of associated bonds outstanding. Even with these cancellation options, some risk remains that the speed of mortgage prepayments could differ from expectations and result in an amortization mismatch.

Basis Risk: The risk that arises when interest rates on a hedge and an associated bond are based on different indexes. OHFA pays the counterparties a fixed-rate and receives a variable rate, which may be different than the variable rate payments to be made on the bonds. If the variable rate received on the swap fails to fully offset the variable rate OHFA pays on its bonds, anticipated savings may fail to be realized and OHFA may be exposed to higher costs. For variable swap receipts based upon a taxable index (LIBOR), OHFA assumes the risk of reductions in marginal federal tax rates or the elimination of the tax preference for municipal securities. Those tax changes would increase the interest rates on the underlying variable rate debt but would not impact the variable rate swap receipt based on the LIBOR index. Certain swap agreements contain alternate rate events, including ratings-based events that expose OHFA to added basis risk in the event that the alternate floating rate fails to offset the variable cost of the bonds.

Credit Risk: The risk that a counterparty will not fulfill its obligations. Credit events can trigger certain termination provisions or collateral provisions as outlined in the swap documents. If the negative fair value swaps become positive at some point in the future, the counterparty may be obligated to secure the value of the swaps with eligible collateral at varying thresholds, depending upon the particular swap and the counterparty credit rating. However, if a counterparty suddenly defaulted, prior to being downgraded from a high credit rating, OHFA would be exposed to market-access risk, which is the risk that OHFA may not be able to re-enter the hedge market or that hedging will become more costly.

OHFA has entered into netting arrangements with some of the counterparties whenever there is more than one derivative instrument transaction with a counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its

Notes to the Financial Statements June 30, 2015

> obligations, close-out provisions permit the non-defaulting party to accelerate and terminate all outstanding transactions and net the transactions' fair values so that a single sum will be owed by, or owed to, the non-defaulting party.

> The aggregate fair value of hedging derivative instruments at June 30, 2015, is \$32,564,300. This represents the maximum loss at the reporting date that would be recognized if all the counterparties fail to perform as contracted.

> Interest Rate Risk: OHFA is exposed to interest rate risk on the interest rate swaps. On the pay-fixed, received-variable interest rate swaps, as LIBOR or the SIFMA swap index decreases, OHFA's net payment on the swap increases.

> **Rollover Risk**: The risk that a hedge associated with OHFA's debt does not extend to the maturity of that debt. The following swap agreements do not extend to the maturity dates of the bonds and therefore expose OHFA to market-access risk.

Single Family	Swap	
Program Series	Termination Date	Bond Maturity
2003C	9/1/2021	9/1/2034
2004B	3/1/2021	9/1/2035
2004D	3/1/2020	9/1/2035
2004F	3/1/2025	9/1/2035
2005F	3/1/2028	9/1/2036
2006F	9/1/2036	3/1/2037
2008B	3/1/2039	9/1/2039
20081	3/1/2039	9/1/2039

Termination Risk: The risk that a swap may be terminated involuntarily prior to its scheduled termination date, presenting OHFA with potentially significant unscheduled termination payments to the counterparty or costs to replace the counterparty. The swaps are documented under International Swaps and Derivatives Association Master Agreement, which include standard termination events. The schedules to the master agreement negotiated by OHFA include additional termination events that allow the swaps to be terminated if either the counterparty or OHFA ceases to have a published credit rating above the certain minimum threshold levels. If any of the swap agreements are terminated, OHFA would prospectively pay the variable rates on the associated bonds without the benefit of the hedge to synthetic fixed-rate payments under the swap agreements. The termination of the swap agreements could increase OHFA's total debt service if, at the time of termination, floating rates exceed the fixed-rate payable on the swaps. In addition if the fair value of the swaps were negative to OHFA at the time of termination, OHFA would be exposed to an unscheduled payment liability whose size could be significant.

Commitments: All of OHFA's swaps include provisions that obligate OHFA to secure the value of the swaps with eligible collateral at varying thresholds, depending upon the particular swap and OHFA's issuer credit rating. If OHFA does not post collateral, the derivative instrument may be terminated by the counterparty. As of June 30, 2015, OHFA was not required to post collateral.

Swap Effectiveness: As of June 30, 2015, all interest rate swaps have been determined to be effective. Accordingly, the accumulated changes in fair value of the swaps were reported as deferred outflows of resources of \$32,564,300, of which \$19,970,430 can be attributed to the change in market interest rates in fiscal year 2015. In accordance with GASB Statement No. 53, the fair values of the reassigned swaps are not included in the deferred outflows.

Notes to the Financial Statements June 30, 2015

Forward Sales Contracts

At June 30, 2015, OHFA had \$92,000,000 in forward sales contracts, to hedge the interest rate risk for the loan commitments and to sell GNMA and Fannie Mae MBS to investors before the securities are ready for delivery. These securities represent pools of qualified first mortgage loans originated by participating lenders. The forward sales contracts are expected to settle by September 21, 2015.

The outstanding forward sales contracts for GNMA, summarized by counterparty as of June 30, 2015, are as follows:

Counterparty/				Original Sales	Notional		
Rating	Count	Par	Exposure	Price	Amount	Market Value	Fair Value
Bank of New York	26	\$ 23,200,000	28%	\$ 24,380,762	\$ 23,200,000	\$ 24,352,883	\$ 27,879
$(Aa2^{1}/AA^{-2})$							
Bank of Oklahoma	46	34,150,000	41%	35,695,459	34,150,000	35,657,883	37,576
$(Aa2^{1}/A^{2})$							
Wells Fargo	49	25,750,000	31%	27,175,643	25,750,000	27,075,007	100,636
(Aa2 ¹ /AA- ²)							
Total	121	\$ 83,100,000	100%	\$ 87,251,864	\$ 83,100,000	\$ 87,085,773	\$ 166,091

¹ Moody's Investors Service rating

The outstanding forward contracts Fannie Mae, summarized by counterparty as of June 30, 2015, are as follows:

Counterparty/				О	riginal Sales	Notional			
Rating	Count	Par	Exposure		Price	Amount	М	arket Value	Fair Value
Bank of New York	31	\$ 5,800,000	65%	\$	6,093,304	\$ 5,800,000	\$	6,075,570	\$ 17,734
$(Aa2^{1}/AA^{-2})$									
Bank of Oklahoma	5	750,000	9%		791,328	750,000		789,844	1,484
$(Aa2^{1}/A^{2})$									
Wells Fargo	13	2,350,000	26%		2,467,375	2,350,000		2,459,992	7,383
(Aa2 ¹ /AA- ²)									
Total	49	\$ 8,900,000	100%	\$	9,352,007	\$ 8,900,000	\$	9,325,406	\$ 26,601

¹ Moody's Investors Service rating

Credit Risk: OHFA's forward contracts require the posting of collateral in the event that the fair market value of the contract has decreased by more than a predetermined amount. No collateral was required to be posted at June 30, 2015.

Forward Exposure Risk: The risk that the amount of loss OHFA would incur upon canceling a forward sales contract and entering into a replacement forward sales contract based on the prices at the time of the replacement forward sales contract.

Forward Sales Contract Effectiveness: As of June 30, 2015, all forward sales contracts have been determined to be effective. Accordingly, the accumulated changes in fair value of the forward sales contracts were reported as deferred inflows of resources of \$192.692.

Notes to the Financial Statements June 30, 2015

Note 11 · Current Issues and Defeasance

Single Family Bonds

Issuance

During the fiscal year ending June 30, 2015, OHFA issued Revenue Bonds in the amount of \$93,446,911 net of premiums (discounts) and deferred costs on refunding amounts. The bonds issued in fiscal year ending June 30, 2015 included:

On February 12, 2015 Series 2015A Residential Mortgage Revenue Bonds were issued in the amount of \$30,450,738 with a premium of \$669,916. The Bonds are limited obligations of OHFA and are payable solely out of certain revenues and assets of OHFA pledged therefor under the Trust Indenture, under which the bonds are equally and ratably secured on a parity basis with any Residential Mortgage Revenue Bonds heretofore and hereafter issued pursuant to the Trust Indenture. The Bonds are being issued to finance the purchase of owneroccupied (one-to-four unit) residences located in the State of Ohio by qualified low and moderate income persons.

On April 29, 2015 Series 2015B Taxable Residential Mortgage Revenue Bonds were issued in the amount of \$62,996,173). The Bonds are limited obligations of OHFA and are payable solely out of certain revenues and assets of OHFA pledged therefor under the Trust Indenture, under which the bonds are equally and ratably secured on a parity basis with any Residential Mortgage Revenue Bonds heretofore and hereafter issued pursuant to the Trust Indenture. The Bonds are being issued to refund OHFA's Residential Mortgage Revenue Bonds, 2005 Series D and 2005 Series F, which were originally issued to finance the purchase of owner-occupied (one-to-four unit) residences located in the State of Ohio by qualified low and moderate income persons.

Defeasance

In fiscal year 1995, OHFA deposited assets into an irrevocable trust to provide for debt service on all remaining 1985 Series B bonds. During the fiscal year ended June 30, 2002, OHFA defeased the 1985 Series A Single Family Program bonds by placing the proceeds from the sale of the mortgages in a similar irrevocable trust to provide for all future debt service payments on the remaining bonds. The trust account assets and liabilities for the defeased bonds are not included in OHFA's financial statements. As of June 30, 2015, the escrowed assets and remaining bonds for each were:

Series	Assets			Liabilities		
	Cost		Market			
1985A	\$ 61,609	\$	85,929	\$	65,000	
1985B	\$ 4,175,541	\$	21,993,878	\$	20,090,000	

Retirements

On June 3, 2015, 2005 Series D bonds of \$36,195,000 and 2005 Series F of \$30,215,000 were retired. Due to refunding, OHFA directed the trustee to transfer funds currently invested in 2005 Series D and 2005 Series F to the 2015 Series B. The refunding of these bonds resulted in an economic gain of \$46,207,492 and a difference in cash flow requirements of \$52,720,954.

Subsequent Events

On September 1, 2015, OHFA expects to exercise approximately \$35,020,000 of swap cancellation options.

On August 25, 2015 OHFA expects to issue \$6,000,000 in taxable bonds under the Single Family Program.

Notes to the Financial Statements June 30, 2015

Note 12 · Pension Plans

General information

OHFA employees are provided with pensions through the Ohio Public Employees Retirement System (OPERS) - a cost-sharing, multiple-employer public employee retirement system comprised of three separate pension plans: the Traditional Pension Plan, a defined benefit plan; the Combined Plan, a combination defined benefit/defined contribution plan; and the Member-Directed Plan, a defined contribution plan.

OPERS is administered in accordance with O.R.C. Chapter 145 and is not part of the state of Ohio financial-reporting entity, nor is OPERS a component unit of the state of Ohio. Responsibility for the organization is vested in OPERS's Board of Trustees (BOT); there is no financial interdependency with the State of Ohio. The BOT is the governing body of OPERS, with responsibility for administration and management. OPERS issues a publicly available financial report that can be obtained at https://www.opers.org/investments/cafr.shtml.

Pension benefits

All benefits of OPERS, and any benefit increases, are established by the legislature pursuant to O.R.C. Chapter 145.

New Legislation: Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. Members who were eligible to retire under law in effect prior to SB 343 or will be eligible to retire no later than five years after January 7, 2013, comprise transition Group A. Members who have 20 years of service credit prior to January 7, 2013, or will be eligible to retire no later than 10 years after January 7, 2013, are included in transition Group B. Group C includes those members who are not in either of the other groups and members who were hired on or after January 7, 2013. See the Plan Statement in the OPERS 2014 CAFR at https://www.opers.org/investments/cafr.shtml for additional details.

Age-and-Service Defined Benefits: Benefits in the Traditional Pension Plan for State and Local members are calculated on the basis of age, final average salary (FAS), and service credit. State and Local members in transition Groups A and B are eligible for retirement benefits at age 60 with 60 contributing months of service credit or at age 55 with 25 or more years of service credit. Group C for State and Local is eligible for retirement at age 57 with 25 years of service or at age 62 with 5 years of service. For Groups A and B, the annual benefit is based on 2.2% of final average salary multiplied by the actual years of service for the first 30 years of service credit and 2.5% for years of service in excess of 30 years. For Group C, the annual benefit applies a factor of 2.2% for the first 35 years and a factor of 2.5% for the years of service in excess of 35. FAS represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career. Refer to the age-and-service tables located in the OPERS 2014 CAFR Plan Statement for additional information regarding the requirements for reduced and unreduced benefits. Members who retire before meeting the age and years of service credit requirement for unreduced benefit receive a percentage reduction in the benefit amount. The base amount of a member's pension benefit is locked in upon receipt of the initial benefit payment for calculation of annual cost-of-living adjustment.

Prior to 2000, payments to OPERS benefit recipients were limited under Section 415(b) of the IRC. OPERS entered into a Qualified Excess Benefit Arrangement (QEBA) with the Internal Revenue Service to allow OPERS benefit recipients to receive their full statutory benefit even when the benefit exceeds IRC 415(b) limitations. Monthly QEBA payments start when the total amount of benefits received by the recipients exceeds the IRC limit each year.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the

Notes to the Financial Statements June 30, 2015

> Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

> **Defined Contribution Benefits**: Defined contribution plan benefits are established in the plan documents, which may be amended by the BOT. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS 2014 CAFR at https://www.opers.org/investments/ cafr.shtml.

> Cost-of-Living-Adjustment: Once a benefit recipient retiring under the Traditional Pension Plan has received benefits for 12 months, an annual 3% cost-of-living adjustment is provided on the member's base benefit. Members retiring under the Combined Plan receive a 3% cost-of-living adjustment on the defined benefit portion of their benefit.

> **Other Benefits:** Additional benefits offered through OPERS are disability, survivor, and money purchase annuity benefits along with the early retirement incentive plan, which OHFA has elected to not establish. See the Plan Statement in the OPERS 2014 CAFR at https://www. opers.org/investments/cafr.shtml for additional details.

Contributions

The OPERS funding policy provides for periodic employee and employer contributions to all three plans (Traditional Pension, Combined and Member- Directed) at rates established by the BOT, subject to limits set in statute. The rates established for member and employer contributions were approved based upon the recommendations of OPERS's external actuary. All contribution rates were within the limits authorized by the O.R.C.

Member and employer contribution rates, as a percent of covered payroll, were the same for each covered group across all three plans for the year ended December 31, 2014. Within the Traditional Pension Plan and Combined Plan, member and employer contributions (employer contributions only for the Combined Plan) and an actuarially determined rate of return are adequate to accumulate sufficient assets to pay defined benefits when due. Employee contributions within the Combined Plan are not used to fund the defined benefit retirement allowance. Employer contribution rates as a level percent of payroll dollars are determined using the entry age actuarial funding method. This formula determines the amount of contributions necessary to fund: (1) the current service cost, representing the estimated amount necessary to pay for defined benefits earned by the employees during the current service year; and (2) the prior service cost for service earned prior to the current year and subsequent benefit increases. These contributions represent the amount necessary to fund accrued liabilities for retirement allowances and survivor benefits over a period of time. The annual employer contributions reported for the Traditional Pension Plan for 2014 were \$1,476,074,083; OHFA's portion was \$890,758. Employer contributions for the Combined Plan for 2014 were \$44,196,044; OHFA's portion was \$71,103. Employers, including OHFA, satisfied 100% of the contribution requirements.

Notes to the Financial Statements June 30, 2015

> The contribution rates, as a percent of covered payroll, for OHFA employees is 10.00% and OHFA is 14.00% as a percent of covered payroll for each division for 2014. Based upon the recommendation of OPERS's external actuary, a portion of each employer's contribution to OPERS is set aside for the funding of post-employment health care coverage. The portion of Traditional Pension Plan and Combined Plan employer contributions allocated to health care was 2.0% for 2014.

> The employee and employer contribution rates for the State divisions are currently set at the maximums authorized by the 0.R.C. of 10% and 14%, respectively. O.R.C. Chapter 145 assigns authority to the BOT to amend the funding policy. As of December 31, 2014, the BOT adopted the contribution rates that were recommended by the external actuary. The contribution rates were included in a new funding policy adopted by the BOT in October 2013, and are certified biennially by the BOT as required by the O.R.C. As of December 31, 2014, the date of the last actuarial study, the funding period for all defined benefits of OPERS was 21 years.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to **Pensions**

Within the Traditional Pension Plan, OPERS classifies employees into four divisions: State, Local, Law Enforcement and Public Safety. The Public Safety and Law Enforcement divisions have different contribution rates, benefit formulas, and retirement eligibility requirements than those of the State and Local members. The member and employer contribution rates are set in statute. Both the member and employer contribution rates for Public Safety and Law Enforcement members are higher than those of the State and Local members to recognize the higher cost of these benefits. Accordingly, for the Traditional Pension Plan both member and employer contributions are used to calculate the proportionate shares for employers in the Schedule of Employer Allocations.

The calculation of proportionate shares for the Combined Plan in the Schedule of Employer Allocations is based on employer contributions only as the employer contributions are used to determine the defined benefit portion of the retirement benefit and only the State and Local divisions participate in the Combined Plan and those employer rates are identical.

The Member-Directed Plan is a defined contribution plan in which at retirement members have the option to convert their defined contribution account to a defined benefit annuity. The purchased defined benefit annuities under this plan were immaterial to OPERS and immaterial from a GASB 67 perspective to OPERS combining financial statements as of December 31, 2014; therefore, this information is not included in these schedules.

The member and employer contributions including in OPERS's Statement of Changes in Fiduciary Net Position included in the OPERS 2014 CAFR, presented below, provided the basis for the proportionate share percentages calculated by OPERS and reported in the Schedule of Employer Allocations.

Total Contributions used in Schedule of Employee Allocations	Traditional Pension Plan	Combined Plan
Total Member Contributions	\$ 1,228,144,074	\$ -
Total Employer Contributions	 1,476,074,083	44,196,044
Total Pension Contributions for Proportionate Share Calculations	\$ 2,704,218,157	\$ 44,196,044
OHFA Member Contributions	\$ 742,296	\$ -
OHFA Employer Contributions	 890,758	71,103
OHFA Pension Contributions for Proportionate Share Calculations	\$ 1,633,054	\$ 71,103
OHFA Proportionate Share % of Pension Total	0.06%	0.16%

Notes to the Financial Statements June 30, 2015

> The net pension liability and asset for the Traditional Pension Plan and Combined Plan, respectively, were measured as of December 31, 2014, and the total pension liabilities were determined by an actuarial valuation as of that date. Refer to the table below for the balances by plan as of December 31, 2014 and OHFA's proportionate share of the net pension liability reported at June 30, 2015. Additional information on the changes in net pension liability or asset by plan and contribution information by plan can be found in the required supplementary information of the Financial Section in OPERS 2014 CAFR at https://www.opers.org/investments/cafr.shtml.

Net Pension Liability/(Asset)	Traditional Pension Plan	Combined Plan
Total Pension Liability	\$ 89,017,000,000	\$ 260,000,000
Plan Fiduciary Net Position	 76,956,000,000	298,000,000
Employers' Net Pension Liability/(Asset)	\$ 12,061,000,000	\$ (38,000,000)
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability/(Asset)	86.45%	114.83%
OHFA's Net Pension Liability/(Asset)	\$ 7,302,505	\$ (62,410)

At June 30, 2015, OHFA recognized pension expense of \$838,765. OHFA reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources at June 30, 2015.

Deferred Inflows/(Outflows)	Total Deferred Inflows/(Outflows) Arising in Current Reporting Period	Balance of Deferred oflows/(Outflows) in Current Reporting Period
Traditional Pension Plan		
Difference Between Expected and Actual Experience Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments	\$ 187,484 (487,049)	\$ 128,290 (389,639)
Combined Plan		
Difference Between Expected and Actual Experience Net Difference Between Projected and Actual Investment	21,309	19,044
Earnings on Pension Plan Investments	(4,762)	(3,810)
All Plans		
Contributions Subsequent to the Measurement Date	(520,285)	(520,285)

Notes to the Financial Statements June 30, 2015

> Contributions of \$520,285 subsequent to the measurement date were reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Deferred Outflows and Inflows by Resources by Year to be Recognized in Future Pension Expenses							
Year Ending June 30	Pla	itional Pension n Net Deferred s (Outflows) of Resources	Combined Plan Net Deferred Inflows (Outflows) of Resources				
2016	\$	(38,216)	\$ 1,313				
2017		(38,216)	1,313				
2018		(87,508)	1,313				
2019		(97,409)	1,311				
2020		-	2,265				
Thereafter		-	7,719				

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of the occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2014, using the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuations are presented below.

Key Methods and Assumptions Used in Valuation of Total Pension Liability						
Actuarial Information	Traditional Pension Plan	Combined Plan				
Valuation Date	December 31, 2014	December 31, 2014				
Experience Study	5 Year Period Ended December 31, 2010	5 Year Period Ended December 31, 2010				
Actuarial Cost Method	Individual entry age	Individual entry age				
Actuarial Assumptions						
Investment Rate of Return	8.00%	8.00%				
Wage Inflation	3.75%	3.75%				
	4.25% - 10.05%	4.25% - 8.05%				
Projected Salary Increases	(includes wage inflation at 3.75%)	(includes wage inflation at 3.75%)				
Cost-of-living Adjustments	3.00% Simple	3.00% Simple				

Notes to the Financial Statements June 30, 2015

> Mortality rates are the RP-2000 mortality table projected 20 years using Projection Scale AA. For males, 105% of the combined healthy male mortality rates were used. For females, 100% of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males, 120% of the disabled female mortality rates were used, set forward two years. For females, 100% of the disabled female mortality rates were used.

> The allocation of investment assets within the Defined Benefit portfolio is approved by the BOT as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The following table displays the BOT-approved asset allocation policy for 2014 and the long-term expected real rates of return.

Asset Class	Target Allocation for 2014	Weighted Average Long- Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00%	2.31%
Domestic Equities	19.90	5.84
Real Estate Private	10.00	4.25
Private Equity	10.00	9.25
International Equities	19.10	7.40
Other Investments	18.00	4.59
Total	100.00%	5.28%

The long term expected rate of return on defined benefit investment assets was determined using a building-block method in which bestestimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan, and the VEBA Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The moneyweighted rate of return, net of investment expense, for the Defined Benefit portfolio is 6.95% for 2014.

The discount rate used to measure the total pension liability was 8.0% for both the Traditional Pension Plan and the Combined Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for both the Traditional Pension Plan and the Combined Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Notes to the Financial Statements June 30, 2015

Sensitivity of OHFA's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability or asset calculated using the discount rate of 8.0%, and the expected net pension liability or asset if it were calculated using a discount rate that is 1.0% lower or higher than the current rate.

Sensitivity of Net Pension Liability/(Asset) to Changes in the Discount Rate

OHFA's Proportionate Share of the Net Pension Liability/(Asset)	1% Decrease 7.00%	Current Discount Rate 8.00%	1% Increase 9.00%
Traditional Pension Plan	\$ 13,434,515 \$	7,302,505 \$	2,137,873
Combined Plan	8,105	(62,410)	(118,330)

Additional Financial and Actuarial Information

Additional information supporting the preparation of the Schedules of Collective Pension Amounts and Employer Allocations (including the disclosure of the net pension liability/(asset), required supplementary information on the net pension liability/(asset), and the unmodified audit opinion on the combined financial statements) is located in OPERS 2014 CAFR. This CAFR is available at www.opers.org or by contacting OPERS at: OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (800) 222-7377.

Notes to the Financial Statements June 30, 2015

Note 13 · Other Post-Employment Benefits

Public Employees Retirement Systems

OPERS provides retirement, disability, survivor and death benefits and annual cost-of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.

A portion of OHFA's contribution to OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 2013/2014/2015 employer contribution rates for state employers were 14.00% for all three years. The portion of employer contributions allocated to health care for members in the Traditional Plan was 2% during calendar year 2015. The portion of employer contributions allocated to health care for members in the Combined Plan was 2% during calendar year 2015. The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS.

Health Care Coverage—With one exception, OPERS-provided health care coverage is neither quaranteed nor statutorily required benefit. Medicare Part A equivalent coverage for eligible retirees and their eligible dependents is provided by statute. Members that applied for age-and-service retirement with effective dates of December 1, 2014 or earlier and who had 10 or more years of Ohio service credit had access to OPERS-provided health care coverage on a subsidized basis. Beginning in 2014, the following types of service credit will apply to health care eligibility: contributing service, other Ohio retirement system service transfers, interrupted military (USERRA), unreported time, and restored (refunded) service. Access to health care coverage is also available for disability recipients and primary survivor recipients. Dependents of eligible recipients, as defined by the Post-employment Health Care Plan, may be covered through additional premiums.

Currently, the plan provides monthly allowances for health care coverage for retirees and their eligible dependents based on the retiree's years of service. The allowance is determined by the recipient's first eligible date of retirement, his or her years of service at retirement and Medicare status. For those retiring on or after January 1, 2015, health care eligibility will change to age 60 with 20 years of qualifying service or 30 years of qualifying service at any age and the allowance (subsidy) provided by OPERS will be based on age and years of service when a recipient first enrolls in OPERS health care.

Currently, OPERS offers medical and pharmacy plans for recipients yet to enroll in Medicare and those already enrolled in Medicare, typically at age 65. Monthly allowances are used to offset the monthly premium for the coverage provided. The plan for participants who are enrolled in Medicare is a fully insured group Medicare Advantage plan and includes pharmacy coverage through a Medicare Part D prescription drug plan. OPERS is self-insured for participants who are not eligible for Medicare. Beginning in 2016, OPERS will cease offering the group plan to Medicare eligible retirees and instead they will use their allowance to select their plan using the OPERS Medicare Connector. Recipients with household income below 150% of the poverty level may apply for a 30% reduction in the cost of medical and pharmacy premiums. Recipients also have access to dental and vision coverage. These are fully insured products with the retiree paying the total cost of coverage, including premiums, plan deductibles, and out of pocket expenses. Income level and eligibility requirements for this program will change in 2015.

Minimum Earnings

Contributing service credit for health care is accumulated only if the member earns at least \$1,000 per month. Partial health care credit will not be granted for months in which less than \$1,000 is earned. Qualifying credit of less than \$1,000 per month earned prior to Jan. 1, 2014 will continue to count toward health care eligibility.

Notes to the Financial Statements June 30, 2015

> Members participating in the Member-Directed Plan have a portion of the employer contribution credited to a retiree medical account in a Voluntary Employees' Beneficiary Association (VEBA) in the member's name. Currently the account earns a fixed annual interest rate established by the Board and members become vested in the account at a rate of 20% for each year of participation until the member is fully vested at the end of five years. Upon a refund or retirement, distribution of the vested balance in the VEBA Plan may be used for the payment of qualified health, dental, and vision care expenses. The Board approved changes to the vesting schedule of the VEBA effective July 1, 2015.

Disability Retirement

Members receiving a disability benefit became effective prior to Jan. 1, 2014, will have continued access to the OPERS health care plan based on the annual review and approval of their disabled status.

Members receiving a disability benefit that is effective on or after Jan. 1, 2014, will have access to health care coverage for the first five years of their disability based on their continued eligibility and receipt of a disability benefit during that time. Health care coverage for disability recipients will continue past the first five years only if: 1) the recipient meets age and service retirement requirements or, 2) the recipient enrolled in Medicare, due to a disability, prior to the end of the five years and prior to reaching age 65.

A previous disability retirement based on a different condition will not qualify a new disability benefit application for an exception to the five-year rule.

Original Disability

Disability recipients covered under the Original Disability Plan will follow the guidelines above for determining access to health care. However, Original Disability recipients will be required to meet health care age and service requirements at age 65 to continue access to OPERS health care coverage. Medicare will become primary coverage at this point unless the recipient is in an exclusion period for Medicare due to certain medical conditions, such as End Stage Renal Disease. For more information about Medicare eligibility and enrollment please visit medicare.gov or read about it in the OPERS Medicare Guide.

Survivor Benefits

If you die while you are still working, your dependents who are eligible for a monthly benefit may be able to enroll in our health plan if the recipient of the survivor benefit meets the definition of an eligible dependent. If you have a benefit effective date after Jan. 1, 2015, you must have at least 20 years of qualifying OPERS service credit and have reached age 60 (or reached any age with 30 years of qualifying service credit) prior to your death for your dependents to be eligible to enroll. This provision will change in future years.

OPERS Board of Trustees Adopt Changes to the Health Care Plan

Changes to the health care plan were adopted by the OPERS BOT on September 19, 2012, with a transition plan commencing January 1, 2014. With the passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4% of the employer contributions toward the health care fund after the end of the transition period. The portion of OHFA's contributions to OPERS in fiscal year 2015 that were used to fund post-employment benefits was \$155,459.

Notes to the Financial Statements June 30, 2015

NOTE 14 · Commitments

Under the Single Family Program, OHFA operates a continuous lending program. As of June 30, 2015, OHFA has committed to fund \$13,204,860.

OHFA leases office space from Lee Smith Properties with a lease period ending June 30, 2017. The annual rent is as follows:

Fiscal year	2016 & 2017	\$ 933,890
Designated other commi	tments of OHFA are:	
Net Asset Reserv	re Requirement FY2015 (net of Commitments)	\$ 17,564,048
Capital Funding t	to End Homelessness Initiative	7,550,507
Capital Improver	ment Program / Hoover Cottages Advance	2,500,000
Unearned Fees (Tax credit reservation and compliance monitoring fees)	21,914,253
Down Payment A	Assistance	5,022,955
Gap financing re	lated to Housing Tax Credits	20,070,266
Grants for Grads		3,528,014
HDAP advance for	or HOME and HTF draws	3,717,699
Historic Preserva	ition Program	1,681,547
Housing Investm	ent Fund	3,702,554
HUD Lead Based	Paint Control Grant	60,656
MacArthur Gran	t Agency Match funds	614,788
NFMC (Agency C	ontribution)	40,281
NFMC (Round 8)		174,238
NFMC (Round 9)		149,770
Ohio Habitat Inv	estment Partnership (Grant)	28,070
Training and Tec	hnical Assistance Grant Program	68,753
Multifamily Lend	ling Program	10,000,000
2015 Lead Hazar	d Control Grant (ODH)	200,000
Total		\$ 98,588,399

The interest rate swap agreements, disclosed in Note 10, and liquidity facilities are general obligations of OHFA to the extent the specified resources in the individual series' trust indenture and any excess revenues of the general indenture are not sufficient to make payments.

OHFA is party to litigation arising in the ordinary course of business. While the ultimate effect of such actions cannot be predicted with certainty, OHFA expects the outcome of these matters will not result in an adverse material effect on the financial position of OHFA.

Arlington Housing Partners, Inc vs. Ohio Housing Finance Agency, is a complainant in which the plaintiff alleges Breach of Contract for failure to increase Wilbeth Arlington's rents automatically on an annual basis. The initial complaint was filed on July 1, 2009. The plaintiff also alleges that OHFA reduced the Annual Adjustment Factors by .01 for units that were vacant for the contract year. On July 2, 2010, a decision was filed by Judge Schneider denying the plaintiffs complaint that OHFA breached the Housing Assistance Payment Contract. On July 13, 2010 the trial court granted summary judgment in favor of OHFA. The Arlington Housing Partners appealed the decision. The case

Notes to the Financial Statements June 30, 2015

> has been fully briefed and arqued in the court of appeals. Appeals court found in favor of OHFA on most issues but remanded the case for further proceedings to determine if OHFA is liable for unpaid increases in rent for a portion of the 328 units. Neither side appealed to the Ohio Supreme Court. OHFA was reviewing calculation methods to better determine the correct amount owed. A motion to compel OHFA to implead HUD was filed on August 17, 2012 but was later withdrawn. The Attorney General's office drafted a settlement demand to HUD. On December 19, 2012, HUD advised OHFA that it will not negotiate at this stage of the litigation. On January 8, 2013, the court ordered OHFA to either implead HUD or waive its right to do so by February 7, 2013. On February 7, 2013, OHFA filed a third party complaint against HUD. HUD did not remove action to federal court; it sought an answer-deadline extension in order to negotiate with Arlington. The court granted HUD's motion for extension. HUD answered OHFA's third-party complaint on May 14, 2013. A status conference was held on October 8, 2013; all parties agreed to stay the case to allow Arlington and HUD to discuss settlement. On December 17, 2013, Arlington requested formal mediation with the magistrate, who scheduled mediation for February 13, 2014 at 9:00 a.m. All parties submitted mediation statements to the magistrate. Mediation was held as scheduled on February 13, 2014, before Magistrate Watters. Counsel for Arlington, HUD and OHFA participated. The case did not settle. Various pleadings have been filed including a motion for summary judgment on the prejudgment interest issue. Judge Schneider refused to rule on that issue and set the following schedule: discovery to be completed by June 30, 2015, motions for summary judgment to be filed by September 1, 2015; final pretrial conference set for January 7, 2016; and trial set for February 8, 2016. Various discovery requests have been filed on all parties, and discovery continues at this time. Knowing that significant pleadings would need to be drafted as time passed closer to trial, HUD reached out to the parties to schedule a meeting in Washington, D.C. on September 2, 2015 to discuss settlement. At that meeting, the parties agreed upon settlement terms subject to approval by their respective clients/representatives. On September 16, 2015, OHFA's board voted to approve the expenditure of \$50,000 to settle this case, pending the approval of HUD to pay \$150,000. We hope to hear from HUD within the next 30 days. Discussions have been held with Judge Schneider's staff that a settlement will be agreed upon, and all filings have been stayed with the court. Once HUD has approved the settlement, an appropriate dismissal will be entered in the case and it will be completely finalized.

Note 15 · Net Position

Restricted — bond funds of the Single Family Program are for future bond retirements or other requirements under the indentures. See Note 14 for designated other commitments of OHFA.

Restricted – federal funds are for future Federal Program Fund expenditures as required under program quidelines.

Note 16 · Risk Management

OHFA's exposure to various risks of loss events is reduced by participation in the primary government's programs for employee health insurance and other benefits, workers compensation and general insurance. The Ohio Department of Administrative Services arranges programs and contracts for employee benefits and health and property insurance. See the various Notes to the Financial Statements for policies or arrangements regarding the risk management strategies for specific assets or liabilities. OHFA did not make any insurance claims during fiscal year 2015. OHFA has developed a disaster recovery plan for business continuity.

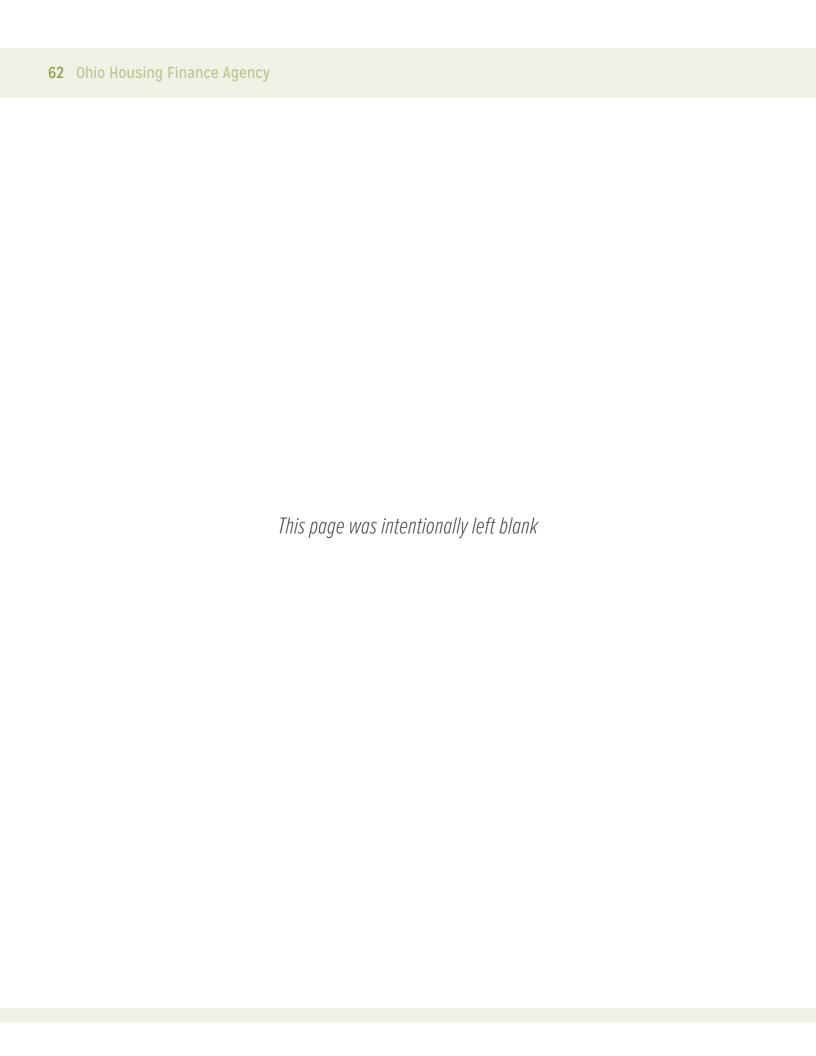

Notes to the Financial Statements June 30, 2015

Note 17 · Prior Period Adjustment

Effective July 1, 2014, as required by GASB Statement No. 68 and GASB Statement No. 71, the Agency began recognizing its proportionate share of net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense. As a result, the beginning year net position has been restated on the financial statement presented for the year ending June 30, 2015, recognizing OHFA's proportionate share of net pension liability/(asset):

Statement of Net Position:

	General Fund
Net position, beginning of year (as reported June 30, 2014)	\$ 154,819,296
Prior period adjustment recorded in fiscal year 2015	(6,522,994)
Net position, beginning of year (as restated)	\$ 148,296,302

Ohio Housing Finance Agency

Schedule of Expenditures of Federal Awards by Federal Agency and Federal Program June 30, 2015

Note 1 - Basis of Presentation

The information in this schedule adheres to the requirements of the Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-profit Organizations. Some amounts presented in this schedule may vary from amounts presented in, or used in the preparation of, the basic financial statements. The Schedule uses the accrual basis of accounting wherein revenues are recognized when earned and expenses when incurred.

OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, revised June 26, 2007, requires a Schedule of Expenditures of Federal Awards (Schedule). OHFA reports this information by both Federal Agency and Federal Program.

The Schedule must report total disbursements for each federal finance assistance program, as listed in the Catalog of Federal Domestic Assistance (CFDA).

Note 2 - Summary of Significant Accounting Policies

Restricted Net Position

Net position is restricted for allowable federal program expenditures.

Administrative Fees

The U.S. Department of Housing and Urban Development (HUD) has approved the accounting method OHFA uses to report the Housing Assistance Payment (HAP) administrative fee earned in the administration of the Section 8 program in Ohio. OHFA records the HAP administrative fee in the General Fund and uses the fee to pay HAP program contract administration expenses and other housing related program expenses of the Agency.

OHFA receives funds from NeighborWorks© America for the National Foreclosure Mitigation Counseling grant program. OHFA records the operational oversight funds as administrative fees earned in the administration of the counseling program.

Both the administrative fee and the operation oversight fee are considered a "fee-for-service" under rule 2 CFR Chapter II, Part 200 titled Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, not a "cost reimbursement" grant, and are available to OHFA for program expenses as outlined in Ohio Revised Code 175.05. For fiscal year 2015, the HAP administrative fee earned is \$25,446 and the earned operational oversight fee for NFMC is \$30,891.

Note 3 - Federal Mortgage Insurance and Guarantees

Certain mortgage loans of OHFA are insured by the Federal Housing Administration (FHA) or guaranteed by the Veterans' Administration (VA). As of June 30, 2015, outstanding FHA-insured loans totaled \$59,132.

Ohio Housing Finance Agency

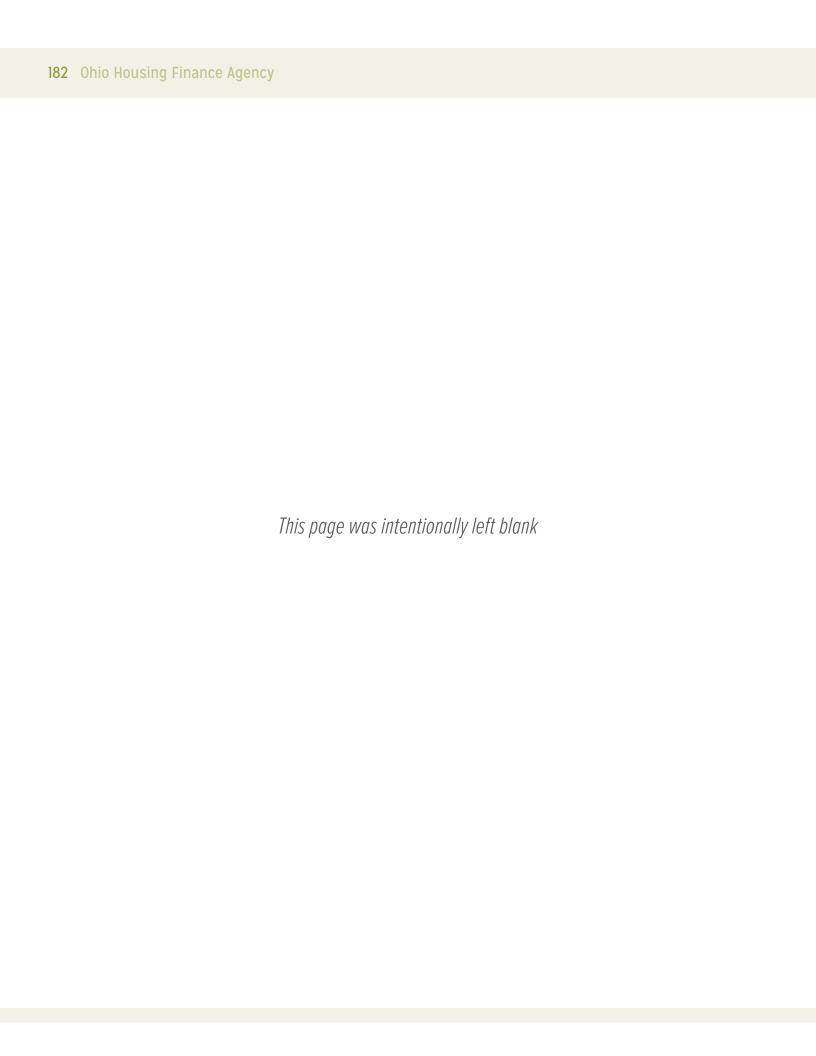

Schedule of Expenditures of Federal Awards by Federal Agency and Federal Program June 30, 2015

Note 4 - Subrecipients

OHFA provided federal awards to sub recipients for the National Foreclosure Mitigation Counseling Program in the amount of \$581,087.

Note 5 - Loans Receivable

No loans were awarded under the federal programs during fiscal year 2015.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Ohio Housing Finance Agency 57 East Main Street Columbus, Ohio 43215

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' Government Auditing Standards, the financial statements of the Single-Family Mortgage Revenue Program Fund, General Fund, and Federal Program Fund of the Ohio Housing Finance Agency, Franklin County, Ohio ("OHFA") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise OHFA's basic financial statements and have issued our report thereon dated September 21, 2015, wherein we noted OHFA adopted the provisions of Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions, and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered OHFA's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of OHFA's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of OHFA's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether OHFA's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under Government Auditing Standards.

184 Ohio Housing Finance Agency

Ohio Housing Finance Agency Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Kennedy Cottrell Richards LLC

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of OHFA's internal control or on compliance. This report is an integral part of an audit performed under Government Auditing Standards in considering OHFA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER **COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Ohio Housing Finance Agency 57 East Main Street Columbus, Ohio 43215

To the Board of Directors:

Report on Compliance for Each Major Federal Program

We have audited the Ohio Housing Finance Agency's ("OHFA") compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that could directly and materially affect each of OHFA's major federal programs for the year ended June 30, 2015. The Summary of Audit Results in the accompanying schedule of findings identifies OHFA's major federal programs.

Management's Responsibility

OHFA's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on OHFA's compliance for each of OHFA's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' Government Auditing Standards; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about OHFA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on OHFA's major programs. However, our audit does not provide a legal determination of OHFA's compliance.

Opinion on Each Major Federal Program

In our opinion, the Ohio Housing Finance Agency complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

OHFA's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered OHFA's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal

Ohio Housing Finance Agency Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133 Page 2

Purpose of this Report

control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of OHFA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
