Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program Montgomery County, Ohio

Audited Financial Statements

For the Fiscal Year Ended June 30, 2016

Executive Board Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefit Program 303 Corporate Center Drive, Suite 208 Vandalia, Ohio 45377

We have reviewed the *Independent Auditor's Report* of the Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefit Program, Montgomery County, prepared by Rea & Associates, Inc., for the audit period July 1, 2015 through June 30, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefit Program is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the Self-Insured Medical Insurance Benefits Program (the "Program") of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Program's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program Independent Auditor's Report

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Self-Insured Medical Insurance Benefits Program of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of June 30, 2016, and the changes in financial position and, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 1, the financial statements of Self-Insured Medical Insurance Benefits Program are intended to present the financial position, the changes in financial position and, where applicable, cash flows of only that portion of the enterprise funds of the Southwestern Ohio Educational Purchasing Council that is attributable to the transactions of the Self-Insured Medical Insurance Benefits Program. They do not purport to, and do not, present fairly the financial position of the Southwestern Ohio Educational Purchasing Council as of June 30, 2016, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 8 and the schedule of claims development on page 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program Independent Auditor's Report

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2016 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Program's internal control over financial reporting and compliance.

Management's Discussion and Analysis June 30, 2016

The discussion and analysis of Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program, (the Program) financial performance provides an overall review of the financial activities for the year ended June 30, 2016. The intent of this discussion and analysis is to assist the reader in focusing on significant financial issues and activities and to identify any significant changes in financial position. We encourage the reader to consider the information presented here in conjunction with the basic financial statements taken as a whole.

The Program:

In accordance with an agreement with the former Trustees of the Program, effective October 1, 2008 the Program became a function of the Southwestern Ohio Educational Purchasing Council (the Council), which is a duly organized and existing Regional Council of Governments formed under the auspices of Chapter 167 of the Ohio Revised Code, which allows it to perform any function or duty performable by its member school districts. The financial activity of the Program is accounted for in a separate enterprise fund in the financial records of the Council.

Risk sharing pools, or self-insurance pools, pay claims submitted by covered employees from contributions collected and maintained by the Program, and therefore, the majority of the risk remains with the Program. For fiscal year 2016, two different plan options were available; Anthem and United HealthCare. Claims submitted under each option are processed by the respective insurance companies, who act as third party administrators (TPA), in accordance with benefits established by the Program. To help minimize the risk exposure of the Program, stop-loss insurance is purchased. For plan year ending September 30, 2016, the stop-loss limit was set at \$500,000 specific for Anthem and United HealthCare.

For fiscal year 2016, the Anthem option plan had 48 participating member school districts with approximately 7,900 covered employees and the United HealthCare plan option had 28 participating member school districts with approximately 5,100 covered employees.

The Program also offers a group life insurance plan option for member school districts. This plan offers life and accidental death and dismemberment coverage to employees of participating districts through fully insured policies with Sun Life Insurance Company. Coverage amounts are determined by the individual participating districts and all insurance contracts are between Sun Life Insurance Company and the districts. As of June 30, 2016 there were 57 participating districts in the program covering approximately 16,000 employees.

Basic Financial Statements and Presentation:

The financial statements presented by the Program are the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows. These statements are presented using the accrual basis of accounting. Revenues are recognized when earned and measurable, not when received. Expenses are recognized when they are incurred, not when paid. The Program is structured as one enterprise fund.

Montgomery County, Ohio

Management's Discussion and Analysis June 30, 2016

The Statement of Net Position:

The Statement of Net Position presents information on all of the Program's assets and liabilities. Assets consist mainly of cash and cash equivalents and investments. Liabilities consist mainly of claims payable and unearned participant contributions.

Table 1 provides a summary of the Program's net position for fiscal year 2016 compared with fiscal year 2015.

TABLE 1 NET POSITION

	2016	2015
Assets:		
Current Assets:		
Cash and cash equivalents	\$42,569,615	\$32,206,353
Non-Current Assets:		
Investments	17,745,657	17,037,020
Total Assets	60,315,272	49,243,373
<u>Liabilities:</u>		
Current Liabilities:		
Reserve for claims payable	12,086,000	11,572,000
Other liabilities	7,416,155	6,924,857
Total Liabilities	19,502,155	18,496,857
Net Position:		
Unrestricted	\$40,813,117	\$30,746,516

The balance of cash and cash equivalent reported at June 30, 2016 was nearly \$10.4 million more than the amount reported at June 30, 2015. This increase in cash was due to the increases reported in contributions exceeding claims as well as prescription rebates for the fiscal year.

The Program's total net position increased by \$10.1 million during fiscal year 2016, resulting in unrestricted net position at June 30, 2016 being \$40.8 million.

Montgomery County, Ohio

Management's Discussion and Analysis June 30, 2016

The Statement of Revenues, Expenses and Changes in Net Position:

Table 2 shows the changes in net position for the year ended June 30, 2016, as well as revenue and expense comparisons to fiscal year 2015.

TABLE 2 CHANGES IN NET POSITION

	2016	2015
Operating Revenues:		
Net medical contributions	\$ 183,925,689	\$ 160,959,898
Prescription rebates	4,610,840	3,440,422
Life insurance premiums	762,421	639,474
Total Operating Revenues	189,298,950	165,039,794
Operating Expenses:		
Net medical claims expense	164,400,243	146,646,209
Third party administrator expense	10,584,637	7,694,631
Enrollment administration	2,143,721	427,444
Wellness programs	1,616,348	1,085,324
Life insurance policy premiums	700,620	599,619
Other operating expenses	0	1,635,101
Total Operating Expenses	179,445,569	158,088,328
Operating Income	9,853,381	6,951,466
Non-Operating Revenues:		
Investment earnings	213,220	165,126
Change in Net Position	10,066,601	7,116,592
Net Position at Beginning of Year	30,746,516	23,629,924
Net Position at End of Year	\$ 40,813,117	\$ 30,746,516

Other operating expenses were reclassed in 2015 to third party administrator expenses, but not for 2014. Deemed immaterial to correct.

The Statement of Revenues, Expenses and Changes in Net Position present information showing how the Program's net position changed during the year. During 2016, the Program reported an increase in net position of \$10.1 million or 33 percent. The prior year reported an increase in net position of \$7.1 million. The \$24.3 million increase in operating revenue resulted from an increase in medical contributions due to increased members as well as prescription rebates, offset by the increase in claims expense for the current year.

Montgomery County, Ohio

Management's Discussion and Analysis June 30, 2016

With the necessary reserve required for future claims payable, as determined by the actuary, included as a liability, the unrestricted net position totaled \$40.8 million at year end or approximately 23 percent of the Program's operating expenses reported for fiscal year 2016. An increase in net position does not associate with "over-funding" due to the fluctuation in claims experience from year to year. Establishing and maintaining appropriate reserves to address these fluctuations in claims is a necessity of all risk sharing insurance pools.

Net medical contributions increased by 14 percent over those reported for the prior year from an increase in member districts as well as covered employees from prior fiscal year. The Program continues to benefit from the prescription rebates, which increased 34 percent over the amount received during the prior year. The premiums associated with the group life insurance option, which was first offered to member districts in November 2008, are used to purchase corresponding term life insurance coverage through commercial providers.

Total net claims expense reported for fiscal year 2016 increased by \$17.8 million, or 12 percent, over those reported for the prior fiscal year. As shown in table 2, approximately 92 percent of the Program's total expenses reported for fiscal year 2016 were directly related to the settlement of claims submitted by covered employees. Another 6 percent of the expenses were paid to the third party administrator of the self-insured plan to process and administer the submitted claims. The enrollment administration expense is the contractual payment to Benelogic, which is an online enrollment system for the plans implemented for policy year 2010. The increase in net medical claims and third party administrator expenses can be attributed to the increases in members and covered employees.

Contacting the Administration of the Program:

This financial report is designed to provide member school districts and other users with a general overview of the Program's finances and to show accountability for the monies it receives. If you have any questions about this report or need additional financial information, contact Doug Merkle, Benefits Administrator at 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377 or by calling (937) 890-3725.

Notes to the Basic Financial Statements June 30, 2016

1. <u>Description of the Plan</u>:

The Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program (the Program) is a risk sharing pool managed and operated by the Southwestern Ohio Purchasing Council (the Council). Effective October 1, 2008, the Program became a function of and operates under the control of the Council and is managed exclusively by its management. The Program is accounted for as a separate enterprise fund within the Council's accounting records. The Southwestern Ohio Educational Purchasing Council is a duly organized and existing Regional Council of Governments formed under the auspices of Chapter 167 of the Ohio Revised Code, which allows it to perform any function or duty performable by its member school districts.

General

The Program is a function of the Southwestern Ohio Educational Purchasing Council which provides group medical benefits for the employees of participating employers through a risk sharing (self-insurance) pool under two separate plan options: one administered by the Community Insurance Company (dba Anthem) and the other administered by United HealthCare Insurance Company. Claims submitted by covered employees are processed by the third party administrators (TPA), currently United HealthCare and Anthem, in accordance with the benefits negotiated by the participating member school districts of the Program. Payments of these claims are settled by the contributions collected and maintained by the Program and, therefore, the majority of the claim risk remains with the Program.

The Program has purchased stop-loss insurance to help minimize its total risk exposure. During policy year 2016 stop-loss insurance limits was set at \$550,000 for specific claims expected for Anthem and United HealthCare. Each plan option has an effective policy year of October 1 through September 30 of the following calendar year.

As of June 30, 2016 the United HealthCare plan option had 28 participating member school districts with approximately 5,100 covered employees. The Anthem plan option had 48 participating member school districts with approximately 7,000 covered employees.

Benefits

The Program establishes and maintains the fund to provide health care and other benefits to employees of participating member school districts, their dependents and designated beneficiaries and to set aside funds for such purposes. Any amount of such benefits, as the Program may determine, may be provided in whole or in part through one or more insurance policies. Benefit levels are determined by the participating member school districts in consultation with the Program.

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

In addition, the Program offers a group life insurance plan option for member school districts. This plan offers life and accidental death and dismemberment coverage to employees of participating districts through fully insured policies with Sun Life Insurance Company. Coverage amounts are determined by the individual participating districts and all insurance contracts are between Sun Life Insurance Company and the districts. The Program collects and remits the flat rate, monthly policy premium to Sun Life Insurance Company for the participating districts. As of June 30, 2016 there were 57 participating districts in the program covering approximately 16,000 employees.

Contributions

Under the terms of the Program, participating member school districts make monthly premium payments to fund claims, claim processing expenses, stop-loss insurance premiums, administrative costs, as well as sufficiently fund adequate reserves.

Participating member school districts contribute an amount that is determined by the number of eligible employees and dependents for that month multiplied by funding amounts established by the Program at the October 1st renewal date. The funding amounts are based on claim experience, claims administration expenses, and needed reserve amounts. It has been the practice of the Program that every other year school districts are reassessed individually to ensure contributions are in line with average claim costs encountered over the previous two years. In the off year, all participating school districts receive the same renewal percentage change.

2. Summary of Accounting Policies:

The financial statements of the Program have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Program's accounting policies and practices are described below:

Basis of accounting:

The Program's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

The financial activity of the Program is accounted for within a single enterprise fund by the Council during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

Measurement focus:

The Program is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Program are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flow provides information about how the Program finances and meets the cash flow needs of its enterprise activity.

Basis of accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Program's financial statements are prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are accounted for as earned and expenses as incurred.

Cash and cash equivalents:

All deposits with financial institutions, and a State of Ohio depository institution, having an original maturity of 90 days or less are reported as cash and cash equivalents.

Investments:

Investments are carried at stated market value. Realized gains and losses are determined on the identified cost basis. Unrealized gains and (losses) are included as a component of investment earnings.

The investments of the Program follow the requirements of the Ohio Revised Code which permits investment in obligations of the United States Government, or other investments where the principal and interest are collateralized by the full faith and credit of the United States Government, bonds or other obligations issued by any federal agency or instrumentality, and bonds of the state of Ohio and its political subdivisions.

Claims Payable:

Provision for claims payable is based on information calculated by the TPA and the Program's actuary. This amount represents claims that have been processed but not yet presented for payment and an estimate of reported, unpaid claims, plus a provision for claims incurred but not reported. The Program believes this estimate of its liability for claims payable is reasonable and supported by valid actuarial calculations; however, actual incurred claim expense may not conform to the assumptions inherent in the determination of the liability. Accordingly, the ultimate settlement of claims may vary from the estimated amounts included in the accompanying financial statements.

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

Should the provisions for claims payable not be sufficient, the Program will utilize unrestricted net position to cover the excess claims. Future member contributions will be adjusted at the next renewal date, if necessary, to ensure adequate reserve coverage is maintained.

Unearned participant contributions:

Unearned participant contributions represent contributions from member school district's received prior to the end of the fiscal year but are intended to fund required contributions for the subsequent fiscal year.

Net position:

Net position represents the difference between assets and liabilities. It is displayed in three separate components as follows:

<u>Net Investment in Capital Assets</u> – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

<u>Restricted</u> – This consists of net position that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

<u>Unrestricted</u> – This consists of net position that do not meet the definition of "restricted" or "net investment in capital assets".

As of June 30, 2016, the Program does not have any net position meeting the definition of "net investment in capital assets" or "restricted" net position. As deemed appropriate by the Council, the Program may distribute all or part of the unrestricted net position to participating school districts during years when surplus funds are reported.

In the event of the termination of the Program, net position will be used to settle all claims and other obligations incurred by the Program, as well as establishing an appropriate reserve to settle any future claims. Any remaining net position will be distributed based on the discretion of the Council.

Classification of revenue:

The Program classifies its revenues as either operating or non-operating. Non-operating revenue is a result of the receipt of interest income. Contributions from participating school districts and prescription rebates are recognized on the accrual basis and are recorded as revenue in the period earned if determinable.

Tax status:

The Program is exempt from income taxes due to the fact that it is defined as a Council of Governments. According to the Internal Revenue Service filing requirements, due to its governmental status the plan is excluded from the Form 5500 filing requirements.

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

ERISA:

Due to the Program being deemed a governmental plan by the Internal Revenue Service, it is not covered by the rules and regulations of ERISA, Title I.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Program's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Implementation of New Accounting Principles:

For the fiscal year ended June 30, 2016, the Program has implemented Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application, GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments and GASB Statement No. 79, Certain External Investment Pools and Pool Participants.

GASB Statement No. 72 clarifies the definition of fair value for financial reporting purposes, establishes general principles for measuring fair value, provides additional fair value application guidance, and enhances disclosures about fair value measurements. These changes were incorporated in the Program's fiscal year 2016 note disclosures; however, there was no effect on beginning net position.

GASB Statement No. 73 establishes requirements for defined benefit pensions that are not within the scope of GASB Statement No. 68 as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also clarifies the application of certain provisions of GASB Statements 67 and 68. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the Program.

GASB Statement No. 76 reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The implementation of GASB Statement No. 76 did not have an effect on the financial statements of the Program.

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

GASB Statement No. 79 addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. The implementation of GASB Statement No. 79 did not have an effect on the financial statements of the Program.

3. <u>Deposits and Investments</u>:

Deposits

Custodial credit risk is the risk that in the event of bank failure, the Program's deposits may not be returned to it. The Council does not have a custodial risk policy. At year-end, the carrying amount of the Program's deposits was \$42,569,615.

Per Section 330.15 of the Federal Deposit Insurance Corporation (FDIC) regulations, all time and savings deposits owned by a public unit and held by the same official custodian in an insured depository institution within the State in which the public unit is located are added together and insured up to \$250,000. Time and savings deposits include NOW accounts and money market deposit accounts but does not include interest-bearing demand deposit accounts.

At year-end, the Southwestern Ohio Educational Purchasing Council (the Council) had bank deposits totaling \$47,547,848 Corporation (FDIC) covered \$250,000. The State of Ohio has established by statute a collateral pooling system for financial institutions acting as public depositories. Public depositories must pledge qualified securities with fair values equal to 105 percent or more of all public deposits to be secured by the collateral pool. Collateral is held by trustee including the Federal Reserve Bank and designated third parties of the financial institution but not in the name of the Council. This pooled collateral collateralizes the Council's uninsured bank deposits of \$47,297,848.

Investments

Investments are reported at fair value. As of June 30, 2016, the Program had the following investments:

		Percent of	N	Maturities (in Years	s)
	Measurement	Total	Less than	1 - 3	More than
Investment Type	Amount	Investments	1 year	Years	3 years
Federal Home Loan Bank	\$ 6,114,145	34.5%	\$ 1,000,780	\$ 4,113,546	\$ 999,819
Federal National Mortgage Association	7,003,340	39.5%	1,000,000	4,001,390	2,001,950
Federal Home Loan Mortgage Corporation	1,000,790	5.6%	0	0	1,000,790
Federal Farm Credit Bank	2,304,580	13.0%	0	0	2,304,580
Money Market - Governmental Portfolio	1,322,802	7.4%	1,322,802	0	0
Total	\$ 17,745,657	100.0%	\$ 3,323,582	\$ 8,114,936	\$ 6,307,139

Montgomery County, Ohio

Notes to the Basic Financial Statements June 30, 2016

The Program categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above table identifies the Program's recurring fair value measurements as of June 30, 2016. All other investments of the Program are valued using quoted market prices (Level 1 inputs).

Custodial Credit Risk: All investments shall be issued in the name of the Council per Ohio law.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from erosion of market value or change in market conditions, the Program's investment policy requires investments to mature no later than five years from the settlement date or on the date the invested funds are expected to be disbursed in satisfaction of an obligation of the Program, whichever is earlier.

Credit Risk: The Program's investment policy permits investment in all vehicles permitted by State Law. At June 30, 2016 the Program's investment in U.S. agencies (FHLB, FNMA, FHLMC and FFCB) were all rated AA+ by Standard & Poor's. In addition, the money market fund was rated AAAm by Standards & Poor's.

Concentration of Credit Risk: While no specific limit is placed on any one issuer, the investment policy of the Program requires the portfolio to be diversified in order to minimize potential losses with respect to individual securities.

4. Reserve for Claims Payable:

As discussed in Note 2, the Program establishes a reserve for claims payable for its self-insured plan option which includes both reported but unprocessed claims and incurred but unreported reported claims. The changes in the reserve for claims payable for the last two fiscal years are as follows:

	June	2 30
	2016	2015
Claims payable - beginning of year	\$ 11,572,000	\$ 11,795,415
Incurred claims and claim adjustments:		
Provision for insured events of the current year (net)	164,400,243	146,646,209
Change in provision for insured events of prior year	0	0
Total incurred claims and claim adjustments	164,400,243	146,646,209
Payments:		
Claim payments attributable to claims of current year	152,692,769	137,194,877
Claim payments attributable to claims of prior years	11,193,474	9,674,747
Total payments	163,886,243	146,869,624
Claims payable - end of year	\$ 12,086,000	\$ 11,572,000

6. Increase(decrease) in estimated incurred claims and expenses from end of policy year: (A)	0	1,742,142	0	0	0	0	0	0	0	0

Notes:

(A) Due to the nature of health claims, it is highly unlikely that any significant claim amount would remain unpaid at the end of the subsequent fiscal year. Therefore, there is no component included in the IBNR calculation for changes in prior years estimated claims and expenses.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON THE AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the Self-Insured Medical Insurance Benefits Program (the "Program") of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated September 29, 2016, wherein we noted the basic financial statements of the Program present only a portion of the enterprise funds of the Southwestern Ohio Educational Purchasing Council.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Program's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Southwestern Ohio Educational Purchasing Council's
Self-Insured Medical Insurance Benefits Program
Independent Auditor's Report On Internal Control Over Financial
Reporting And On Compliance And Other Matters
Based On The Audit of Financial Statements Performed
In Accordance with *Government Auditing Standards*Page 2 of 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Program's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
