MEDINA COUNTY, OHIO

AUDIT REPORT

For the Year Ended December 31, 2016

Dave Yost • Auditor of State

Members of Council
City of Wadsworth
120 Maple Street
Wadsworth, Ohio 44281

We have reviewed the Independent Auditor's Report of the City of Wadsworth, Medina County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2016 through December 31, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Wadsworth is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

MEDINA COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Wadsworth (the City's) under programs of the federal government for the year ended December 31, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following either the cost principles contained in OMB Circular A-87 Cost Principles for State, Local, and Indian Tribal Governments (codified in 2 CFR Part 225), or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The City has elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) and HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) GRANT PROGRAMS WITH REVOLVING LOAN CASH BALANCE

The current cash balance on the City's local program income account as of December 31, 2016 is \$30,017.

NOTE D - MATCHING REQUIREMENT

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE E - PRIOR YEAR PROGRAM EXPENDITURE ADJUSTMENT FOR U.S. DEPARTMENT OF TRANSPORTATION - HIGHWAY PLANNING AND CONSTRUCTION

\$186,196 was a 2014 federal expenditure and should have been reported on the City's 2014 SEFA.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Wadsworth
Medina County
120 Maple Street
Wadsworth, Ohio 44281

To the Members of Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wadsworth, Medina County, Ohio (the City) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 20, 2017.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

City of Wadsworth
Medina County
120 Maple Street
Wadsworth, Ohio 44281

To the Members of Council:

Report on Compliance for the Major Federal Program

We have audited the City of Wadsworth's (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the City's major federal program for the year ended December 31, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the City's major federal program.

Management's Responsibility

The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the City's compliance for the City's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City's major program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on the Major Federal Program

In our opinion, the City of Wadsworth complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2016.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Wadsworth, Medina County, Ohio (the City) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 20, 2017. We conducted our audit to opine on the City's' basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

June 20, 2017

To Members of City Council and the
Residents of the City of Wadsworth, Ohio

It is our privilege to present to you the City of Wadsworth (the City) Comprehensive Annual Financial Report (CAFR). This CAFR represents the official report of the City's operations and financial position for the year ended December 31, 2016. It details the status of City finances to residents, elected officials, investment bankers, underwriters, rating agencies and all other interested parties. This report enables the City to comply with Ohio Administrative Code Section 117-2-03(B) which requires reporting on a Generally Accepted Accounting Principles (GAAP) basis and Ohio Revised Code (ORC) Section 117.38 which require cities reporting on a GAAP basis to file an unaudited annual report with the Auditor of State within 150 days of year end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from any material misstatements.

Charles E. Harris & Associates, Inc. has issued an unmodified ("clean") opinion on the City of Wadsworth's financial statements for the year ended December 31, 2016. Charles E. Harris & Associates, Inc.'s report is located at the front of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussions and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following Charles E. Harris & Associates' report.

Background

Wadsworth Ohio was founded in 1814 on land owned by the Connecticut Western Reserve and was named after General Elijah Wadsworth, primarily due to the amount of land he owned. In the early 1890's, a group of men founded the Ohio Injector Company and the Ohio Match Company. These world-wide companies were sold near the middle of the 20th Century and the valves and matches made by these companies are no longer produced locally. However, the City continued to grow with small manufacturing, farming, and committed residents.

Wadsworth became a statutory city on January 22, 1866. The statutory form of government allows for home rule but requires the municipality to abide by the laws

which govern municipalities enacted by the State Legislature. The City operates under the Mayor/Council form of government. The citizens of Wadsworth elect a mayor, auditor, law director, treasurer and eight members of council, including the president, three at-large council members and four ward council members. An appointed safety director and an appointed service director are responsible for various city departments. The City has considered all these departments for financial reporting purposes and the compilation of this CAFR.

The City reports financial activity based on a calendar year. The preparation of the annual budget is started by passing a Tax Budget in July of the preceding year. The Tax Budget generates the estimated resources for the next year and is certified by the Budget Commission of Medina County. These certified estimated resources are available for appropriations by City Council. The annual appropriations are passed in December of the preceding year through an ordinance and are in accordance with ORC 5705.38(C) which establishes the minimum level of budgetary control to "...each office, department, and division, and, within each, the amount appropriated for personal services and other." Appropriations are either supplemented or reduced during the period according to resource availability and/or timing of projects.

The City provides many services to residents and businesses. These services include: police; fire; EMS services; street maintenance; storm water management; water treatment and distribution; waste water collection and treatment; electric transmission and distribution; cable television (with community access); high speed internet access; VOIP telephone service; sanitation collection and disposal; recreational facilities; municipal court; and a center for older adults.

The Wadsworth City School District is a completely separate form of government and produces its own set of financial statements. The school district is highly rated in academics, athletics, and arts. Many residents are drawn to our community due in part to the excellent school system.

Local Economy

Our location offers ease of access without traffic congestion experienced by other communities. We have three interchanges on I-76 which are assets for business development. We are located within ten miles of I-77 and I-71 which makes highway travel convenient. The City owns and operates an airport, which is primarily used for recreation at this time. Wadsworth is a short commute to Cleveland Hopkins International and Akron-Canton Regional Airports. Travel and shipping to and from our City is smooth and simple.

Wadsworth has long been considered a "bedroom community" to both Akron and Cleveland. Residential growth has been constant in our community. Knowledgeable administrations and responsible council members have allowed the City to preserve the small town charm without jeopardizing services to residents and businesses. Planning for the future and maximizing the level of services to our citizens has always been the philosophy of the public administrators. In 2004, City Council approved the first Tax Increment Financing (TIF) district in Medina County.

It was in this district that Wal-Mart and Home Depot developed at the I-76 and S.R. 94 interchange. Two years later, City Council approved the second TIF district for the development of Kohl's, Target, and Lowe's located at the I-76 and S.R. 261 interchange. Our third interchange at I-76 and S.R. 57 has yet to be developed.

Significant business growth has occurred in the retail sector over the past years. Wadsworth's northern commercial area grew with the addition of Home Depot, Marie's Italian Restaurant, Wal-Mart, and two residential developments. National retail organizations, such as Bed Bath & Beyond, Kohl's, Lowe's, Office Max and Target opened in the City's newest retail development, Wadsworth Crossings, located east of town. Giant Eagle opened one of their higher volume locations across the street from Wadsworth Crossings. During 2016, the City continued to experience continued development, redevelopment and long range plans for future development. Along the High Street Corridor we've had extensive redevelopment in commercial locations including: Panera Bread, Starbucks, Kentucky Fried Chicken, Dunkin Donuts, Chipotle, Aldi's and GetGo Cafe & Market. In 2016 we've had a several manufacturers build or expand their facilities, providing additional job growth.

Public improvements including roads extending E. Smokerise and Park Centre Drive, new LaVern Drive, sidewalks, water mains, electric, communication, street lighting, sanitary sewer and storm sewer were constructed in 2016. The cost of public improvements, after developer contribution, will be financed by the issuance of bonds in anticipation of the levy of specials assessments against the four commercial sublots of Phase I.

Redevelopment of the former Ohio Injector facility on Main Street (S.R. 94) is complete. This project is an example of adaptive re-use for our community and provides start-up and growth opportunities for small businesses. The City has approximately 800 acres of industrial zoned property available for development. In 2014, the City completed an annexation of 280.2 acres of land that is ready for development. 216.4 acres is zoned industrial and 12.3 acres of this is currently being developed. 63.8 acres is zoned R-2 residential.

The Wadsworth School District completed the construction of four new school facilities in 2012. The highlight of their projects was the completion of the \$97 million high school campus. This campus contains the high school and a new community center. The community center features exercise facilities, a senior center, indoor pools, a Summa Healthcare facility and a satellite office for the Wadsworth Public Library. The City of Wadsworth completed construction of the new outdoor pool facility that is located at the Community Campus complex. This \$3 million project features two outdoor pools and a pool house.

Major Incentives

We look forward to continued business growth in the future. The City has many incentives to help companies be successful in Wadsworth. The most commonly used is

the Community Reinvestment Area agreement (CRA). All industrial zoned property in the City is within a CRA. This incentive gives companies an opportunity to save on their real property taxes on new investments for a term of up to twelve years. In February 2005, a City-wide Enterprise Zone (EZ) was certified. This incentive is available to commercial and industrial projects and involves potential abatement of a portion of real and personal property taxes. Wadsworth Corporate Park was certified as a Foreign Trade Zone (FTZ) in 2006.

In addition to these State and Federal incentives, the City has created the Local Job Creation Grant Program, which provides a grant to a company based on new payroll and the new investment. This incentive was created to attract large employers and to set Wadsworth apart from other communities. The City's income tax rate and property tax rates are very competitive when compared to other communities. The City of Wadsworth has been able to maintain its level of services with low tax rates due to growth in the community. The City and its many benefits are marketed in trade journals and through our website.

Long-Term Financial Planning & Financial Policies

It is the policy of the City to maintain operating budgetary fund balances at approximately 12% of annual operating expenses. This policy has allowed the City to maintain rate structures and services during economic downturns. City Council believes in the passage of a "balanced budget". This is defined as annual operating revenues exceeding annual operating expenditures. Budgetary appropriations may not exceed estimated resources and are monitored during the year to ensure compliance. Encumbered appropriations carry over to the next year and must be substantiated with a confirmed obligation of the City.

The City recognizes that one-time revenues are to be used for one-time expenses such as capital. These revenues are never used to pay for ongoing operational costs. All transfers of cash between funds require the approval of City Council. Some capital expenditures and small to medium capital projects are financed internally using interfund loans supported by one-year bond anticipation notes authorized by Council.

A cash reserve policy was passed by Council in 2009 for the City's General Fund and Income Tax fund. This policy requires that 20% of operating expenditures and 100% of the next years debt service is maintained in the fund's combined cash balances. In addition, a cash reserve policy was passed in 2009 for the City's Electric fund. This policy requires that 25% of operating expenditures, 10% of purchase power, and 100% of next year's debt service is maintained in the fund's cash balance. Included with these cash reserve policies are five-year financial projections. All known factors and historical experience is taken into consideration when making our projections. Council and the administration have found this type of financial planning necessary to making informed decisions.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Wadsworth, Ohio, for its comprehensive annual financial report for the year ended December 31, 2015. This was the eighth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

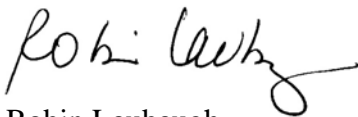

The City also recently received the Auditor of State Award with Distinction for filing a timely 2015 CAFR, having a "clean" audit report, that did not contain findings for recovery, material weaknesses, significant deficiencies, Single Audit findings or any questioned costs.

For the past thirty-two years, Wadsworth has retained the recognition of Tree City USA from the Arbor Day Foundation. This recognition promotes the City's public image and citizen pride which in turn benefits the community's economic growth and financial stability.

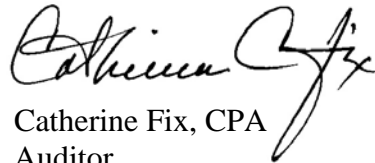

Acknowledgements

This report was a collaborative effort by the City's administration, department heads, Julian & Grube, Inc., and the employees of the Finance Department. We sincerely appreciate their dedication and loyalty. We also would like to thank City Council for their support in this effort and their continued attention to financial responsibility for the benefit of the residents and businesses of the City of Wadsworth.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

City of Wadsworth
Medina County
120 Maple Street
Wadsworth, Ohio 44281

To the Members of Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wadsworth, Medina County, Ohio (the City), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wadsworth, Medina County, Ohio, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2017 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

The management's discussion and analysis of the City of Wadsworth's (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2016. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- The total net position of the City increased \$7,995,650 in 2016 from \$126,532,654 in 2015 to the ending net position of \$134,528,304. Net position of governmental activities increased \$2,736,683 or 5.71% from 2015 and net position of business-type activities increased \$5,258,967 or 6.69% from 2015.
- General revenues accounted for \$15,483,830 or 68.33% of total governmental activities revenue. Program specific revenues accounted for \$7,175,412 or 31.67% of total governmental activities revenue.
- The City had \$18,774,885 in expenses related to governmental activities; \$7,175,412 of these expenses were offset by program specific charges for services, grants or contributions. The remaining expenses of the governmental activities of \$11,599,473 were offset by general revenues (primarily incomes taxes, property and other local taxes and unrestricted grants and entitlements) of \$15,483,830.
- The City's major governmental fund is the general fund. The general fund had revenues and other financing sources of \$10,895,334 in 2016. The general fund had expenditures and other financing uses of \$10,887,330 in 2016. The net increase in fund balance for the general fund was \$8,004 or less than 0.01%.
- Net position for the business-type activities, which is made up of the storm water, telecom, sewer, water, electric, and sanitation major enterprise funds, increased in 2016 by \$5,258,967. This increase in net position was due primarily to adequate charges for services revenue to cover operating expenses.
- In the general fund, the actual revenues and other financing sources were \$1,812,938 more than they were in the final budget. Actual expenditures and other financing uses were \$645,006 more than the amount in the final budget due to advances not being budgeted. Budgeted revenues increased \$16,500 from original to the final budget and budgeted expenditures increased \$25,759 from original to the final budget.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to these statements. These statements are organized so the reader can understand the City as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the City as a whole, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

Reporting the City as a Whole

Statement of Net Position and the Statement of Activities

While this document contains a large number of funds used by the City to provide programs and activities, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The statement of net position and the statement of activities answer this question. These statements include all (non-fiduciary) assets, deferred outflows, liabilities, deferred inflows, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and changes in that position. This change in net position is important because it tells the reader that, for the City as a whole, the financial position of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's tax base, current tax laws in Ohio restricting revenue growth, facility conditions, required community programs and other factors.

In the statement of net position and the statement of activities, the City is divided into two distinct kinds of activities:

Governmental activities - Most of the City's programs and services reported here include: public safety, street maintenance, capital improvements and general administration. These services are funded primarily by income taxes, property and other local taxes and intergovernmental revenues including federal and state grants and other shared revenues.

Business-type activities - These services are provided on a charge for services basis to recover all or a significant portion of the expenses of the services provided. The City's storm water, telecom, sewer, water, electric, and sanitation operations are reported here.

The City's statement of net position and statement of activities can be found on pages 21-23 of this report.

Reporting the City's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds. The analysis of the City's major governmental and proprietary funds begins on page 14.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a multitude of individual governmental funds. The City has segregated these funds into major funds and nonmajor funds. The City's major governmental fund is the general fund. Information for major funds is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single, aggregated presentation.

Proprietary Funds

The City maintains two different types of proprietary funds, enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its storm water, telecommunications, sewer, water, electric, and sanitation functions. The City's enterprise funds are considered major funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its self-insurance, information technology, and fleet maintenance.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Agency funds are the City's only fiduciary fund type.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's net pension liability.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the City's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The state pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability/asset not accounted for as deferred inflows/outflows.

CITY OF WADSWORTH, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)**

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2016, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$134,528,304. At year-end, net position was \$50,644,461 and \$83,883,843 for the governmental activities and the business-type activities, respectively.

Capital assets reported on the government-wide statements represent the largest portion of the City's net position. At year-end, capital assets net represented 71.75% of total assets. Capital assets include land, land improvements, buildings, building improvements, equipment, vehicles, intangible assets, construction in progress and infrastructure. The net investment in capital assets at December 31, 2016, was \$40,055,196 and \$65,930,713 in the governmental activities and business-type activities, respectively. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

As of December 31, 2016, the City's governmental activities unrestricted net position was \$1,615,807. A portion of the City's net position, \$8,973,458 represents resources that are subject to external restriction on how they may be used.

THIS SPACE LEFT BLANK INTENTIONALLY

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

Governmental Activities

Governmental activities net position increased \$2,736,683 in 2016.

General revenues totaled \$15,483,830, and amounted to 68.33% of total governmental revenues. These revenues primarily consist of income, property and other local tax revenue of \$13,605,921 which is 14.52% higher than 2015. This increase resulted from 2016 growth and timing of collections in 2015 from a change in the third party administrator for the collection of income tax. The other primary source of general revenues is grants and entitlements not restricted to specific programs, including local government funds, making up \$909,328. The City received \$1,932,178 in operating grants and contributions, primarily from the State and Federal government.

Governmental Activities - General and Program Revenues

The dependence upon general revenues for governmental activities is apparent, with 64.06% of expenses supported through taxes and other general revenues.

Security of persons and property, which primarily supports the operations of the police, fire, and EMS departments, accounted for \$6,645,484 or 35.40% of the total governmental expenses. These expenses were partially funded by \$1,429,331 in direct charges to users of the services and \$33,613 in operating grants and contributions. Transportation expenses totaled \$3,696,010 or 19.69% of total governmental expenses. These expenses were partially funded by \$363,561 in direct charges to users of the services, \$1,420,417 in operating grants and contributions, and \$477,433 in capital grants and contributions.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the program revenues for those services. That is, it identifies the cost of these services supported by tax revenue and unrestricted state grants and entitlements. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as unrestricted grants and entitlements to support its governmental activities.

Governmental Activities - Program Revenues vs. Total Expenses

Program expenses for security of persons and property decreased \$1,324,104 or 16.61% from 2015. This was a result of less pension expense in 2016. The amount of general revenues used to support this service was \$5,182,540 or 33.47%. Leisure time service costs increased \$1,008,916 or 110.56% as a result of capital outlay and a transfer to an agency fund to pay liability outstanding for construction of the community center. The amount of general revenues used to support this service was \$1,412,201 or 9.27%.

Governmental Activities

	Total Cost of Services <u>2016</u>	Total Cost of Services <u>2015</u>	Net Cost of Services <u>2016</u>	Net Cost of Services <u>2015</u>

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)

Business-type Activities

Business-type activities include the storm water, telecom, sewer, water, electric and sanitation enterprise funds. These programs had program revenues of \$51,147,469 and expenses of \$47,307,498 for 2016. The graph below shows the business-type activities assets, liabilities and net position at year-end 2016 and 2015.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at year-end.

The City's governmental funds (as presented on the balance sheet on page 24) reported a combined fund balance of \$14,276,656 which is \$3,230,436 less than last year's total of \$17,507,092. The schedule below indicates the fund balances and the total change in fund balances as of December 31, 2016 for all major and nonmajor governmental funds.

	Fund Balances <u>12/31/16</u>	Fund Balances <u>12/31/15</u>	Increase (Decrease)
General	\$ 6,290,474	\$ 6,282,470	\$ 8,004
Other nonmajor governmental funds	<u>7,986,182</u>	<u>11,224,622</u>	<u>(3,238,440)</u>
Total	<u>\$ 14,276,656</u>	<u>\$ 17,507,092</u>	<u>\$ (3,230,436)</u>

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)

The decrease in fund balance for other nonmajor governmental funds was a result of less income tax dollars being allocated to other governmental funds and increased capital outlay.

General Fund

The City's general fund balance increased \$8,004. The table that follows assists in illustrating the revenues of the general fund.

	<u>2016</u> <u>Amount</u>	<u>2015</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<u>Revenues</u>			
Taxes	\$ 8,250,096	\$ 6,845,826	20.51 %
Charges for services	437,204	214,035	104.27 %
Licenses and permits	492,599	500,437	(1.57) %
Fines and forfeitures	418,720	444,316	(5.76) %
Investment income	249,689	179,246	39.30 %
Intergovernmental	816,162	626,284	30.32 %
Other	<u>183,744</u>	<u>174,978</u>	5.01 %
Total	<u>\$ 10,848,214</u>	<u>\$ 8,985,122</u>	20.74 %

Tax revenue represents 76.05% of all general fund revenue.

The table that follows assists in illustrating the expenditures of the general fund.

	<u>2016</u> <u>Amount</u>	<u>2015</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<u>Expenditures</u>			
General government	\$ 3,108,084	\$ 3,234,892	(3.92) %
Security of persons and property	4,822,042	4,904,772	(1.69) %
Public health	121,906	119,332	2.16 %
Community and economic development	285,193	272,277	4.74 %
Leisure time services	1,812,318	1,191,095	52.16 %
Transportation	210	93	125.81 %

Debt service	<u>6,399</u>	<u>6,450</u>	(0.79) %
Total	<u>\$ 10,156,152</u>	<u>\$ 9,743,373</u>	4.24 %

Total expenditures increased 4.24% from 2015.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 (UNAUDITED)

Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund. From time to time during the year, the fund's budget may be amended as needs of conditions change.

The City made several revisions to the original appropriations approved by City Council. Overall, these changes resulted in an increase of \$1,050,075 from the original budgeted expenditures and other financing uses to the final budgeted expenditures and other financing uses. The increase was primarily for transfers to other funds. The City's general fund actual expenditures were 19.75% less than the final appropriations, excluding advances out, which are not legally required to be budgeted. Furthermore, the City's budgeting philosophy is conservative, as we budget expenditures higher than expected.

The City's actual revenues, excluding other financing sources, were \$933,938 or 9.68% greater than budgeted revenues. This was primarily due to an increase in income tax revenues.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, except in more detail. The only difference between the amounts reported as business-type activities and the amounts reported in the proprietary fund statements are interfund eliminations between proprietary funds and internal balances due from governmental activities for internal service activities.

The storm water fund had operating revenues of \$861,624 and operating expenses of \$1,047,280 in 2016. The storm water fund also had non-operating expense of \$34,489, transfers in \$1,671, and capital contributions of \$1,032,013. The net increase in net position for the storm water fund was \$813,539 or 6.28%.

The telecom fund had operating revenues of \$5,250,383 and operating expenses of \$4,967,954 in 2016. The telecom fund also had net non-operating revenues of \$5,235, non-operating expenses of \$4,937 and transfers in of \$5,356. The net increase in net position for the telecom fund was \$288,083 or 20.62%.

The sewer fund had operating revenues of \$4,088,798 and operating expenses of \$3,104,898 in 2016. The sewer fund also had non-operating revenues of \$903, non-operating expenses of \$470,624, and transfers in of \$14,387. The net increase in net position for the sewer fund was \$528,566 or 3.83%.

The water fund had operating revenues of \$4,201,249 and operating expenses of \$3,359,576 in 2016. The water fund also had non-operating expenses of \$478,653, transfers in of \$24,666, and capital contributions of \$876,439. The net increase in net position for the water fund was \$1,264,125 or 7.56%.

The electric fund had operating revenues of \$33,209,245 and operating expenses of \$31,692,221 in 2016. The electric fund also had non-operating revenues of \$9,641 and non-operating expenses of \$294,554. The electric fund also transfers in of \$430,235. The net increase in net position for the electric fund was \$1,662,346 or 5.31%.

The sanitation fund had operating revenues of \$2,550,546 and operating expenses of \$1,913,060 in 2016. The sanitation fund also had transfers in of \$4,074 and non-operating expenses of \$9,133. The net increase in net position for the sanitation fund was \$632,427 or 40.81%. This was a result of decreased contractual services for disposal.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)

Capital Assets and Debt Administration

Capital Assets

At the end of 2016, the City had \$151,733,789 (net of accumulated depreciation) invested in land, construction in progress, land improvements, buildings, equipment, vehicles, intangible assets and infrastructure. Of this total, \$59,353,560 was reported in governmental activities and \$92,380,229 was reported in business-type activities. The following table shows 2016 capital asset balances compared to 2015:

**Capital Assets at December 31
(Net of Depreciation)**

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Land	\$ 8,274,311	\$ 8,157,829	\$ 992,627	\$ 985,797	\$ 9,266,938	\$ 9,143,626
Construction in progress	4,474,538	2,731,421	391,112	1,702,335	4,865,650	4,433,756
Intangible assets	17,404,950	17,822,771	569,818	642,561	17,974,768	18,465,332
Land improvements	1,942,209	955,552	131,950	136,734	2,074,159	1,092,286
Buildings	6,302,364	6,312,937	13,684,182	14,002,409	19,986,546	20,315,346
Equipment	1,027,594	1,055,326	9,168,029	7,880,318	10,195,623	8,935,644
Vehicles	1,609,618	1,620,075	2,932,418	2,552,727	4,542,036	4,172,802
Infrastructure	<u>18,317,976</u>	<u>16,510,889</u>	<u>64,510,093</u>	<u>64,007,869</u>	<u>82,828,069</u>	<u>80,518,758</u>
Totals	<u>\$ 59,353,560</u>	<u>\$ 55,166,800</u>	<u>\$ 92,380,229</u>	<u>\$ 91,910,750</u>	<u>\$ 151,733,789</u>	<u>\$ 147,077,550</u>

The City's largest capital asset category is infrastructure which includes roads, water lines, electric lines and sewer lines. These items are immovable and of value only to the City, however, the annual cost of purchasing these items is quite significant. The net book value of the City's infrastructure (cost less accumulated depreciation) represents approximately 54.59% of the City's total capital assets. See Note 12 to the basic financial statements for additional capital asset detail.

CITY OF WADSWORTH, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
(UNAUDITED)

Debt Administration

The City had the following long-term obligations outstanding at December 31, 2016 and 2015:

	<u>Governmental Activities</u>	
	<u>2016</u>	<u>2015</u>
Revenue bonds	\$ 17,630,000	\$ 16,535,000
Police and fire past service costs	<u>79,258</u>	<u>82,040</u>
Total long-term obligations	<u>\$ 17,709,258</u>	<u>\$ 16,617,040</u>
	<u>Business-type Activities</u>	
	<u>2016</u>	<u>2015</u>
General obligation bonds	\$ 8,945,000	\$ 9,505,000
OWDA loans	14,420,133	15,501,615
OPWC loans	78,432	84,034
AMP stranded costs	3,894,944	4,463,785
AMP Loan	<u>3,094,689</u>	<u>3,718,689</u>
Total long-term obligations	<u>\$ 30,433,198</u>	<u>\$ 33,273,123</u>

See Note 16 to the basic financial statements for detail on the City's long-term obligations.

Economic Factors

The City's annual budget utilizes conservative revenue estimates combined with limited spending increases. Residential citizens and businesses enjoy a wide range of utility services at competitive and sometimes below market prices. In tough economic times, the City strives to maintain services with minimal fee increases. The level of services remained consistent in 2016.

In 2016, the City change third party administrator's for the collection of income tax resulting in lower contractual services cost of about \$90,000 in the first year. Income tax revenues increased from compliance and economic growth within the community, both residential and industrial. The assessed valuation of the City increased by \$5,656,370 from 2015 due to residential, commercial and industrial sales and growth.

City council and administration continues to pursue new revenue sources, while reviewing the possibility of increasing existing revenue sources, in addition to a continued review of reducing expenditures. City council and administration seeks out ways to attract new businesses to Wadsworth through continued enhancements to utility services. A close watch of current economic conditions is ongoing to determine if increased revenues, or further reductions in expenditures, are necessary in order to maintain fiscal stability.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers and investors and creditors with a general overview of the city's finances and to show the city's accountability for the money it receives. Additional information about the City is available on our website www.wadsworthcity.org. If you have questions about this report or need additional financial information, please contact the Finance Office of Catherine C. Fix, City of Wadsworth, 120 Maple Street, Wadsworth, OH 44281, (330) 335-2746, cityauditor@wadsworthcity.org.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2016

Total governmental fund balances		\$	14,276,656
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>			
Capital assets used in governmental activities (excluding internal service funds capital assets) are not financial resources and therefore are not reported in the funds.			58,857,389
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds.			
Income taxes receivable	\$	3,039,001	
Real and other taxes receivable		61,826	
Accounts receivable		508,768	
Intergovernmental receivable		1,271,324	
Special assessments receivable		23,114	
Total		4,904,033	
An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net position.			812,106
Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds.			(46,421)
Unamortized premiums on bond issuances are not recognized in the governmental funds.			(585,337)
Unamortized deferred amounts on refundings are not recognized in the governmental funds.			1,468,749
The net pension asset is not available to pay for current period expenditures; therefore, the asset is not reported in the governmental funds.			20,215
The net pension liability is not due and payable in the current period; therefore, liability and related deferred inflows are not reported in governmental funds.			(9,459,124)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.			
Compensated absences		(1,894,547)	
Police past service costs		(79,258)	
Revenue bonds payable		(17,630,000)	
Total		(19,603,805)	
Net position of governmental activities		\$	50,644,461

MEDINA COUNTY, OHIO**

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2016

Net change in fund balances - total governmental funds	\$	(3,230,436)
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeds depreciation expense in the current period.		
Capital asset additions	\$ 5,426,971	
Capital asset contributions	477,433	
Current year depreciation	<u>(1,733,508)</u>	
Total		4,170,896
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(40,546)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Income taxes	1,839,207	
Real and other taxes	22,724	
Intergovernmental revenues	402,673	
Special assessments	(23,761)	
Charges for services	<u>12,261</u>	
Total		2,253,104
Proceeds of bonds are reported as an other financing source in the governmental funds, however, in the statement of activities, they are not reported as revenues as they increase the liabilities on the statement of net position.		
		(17,630,000)
Payment to refunded bond escrow agent for the retirement of bonds is an other use in the governmental funds but the payment reduces long-term liabilities on the statement of net position. Deferred charges related to bond refundings are amortized over the life of the issuance in the statement of activities. The following refunding transactions occurred during the year:		
Bonds refunded	16,535,000	
Deferred charges on refundings	<u>1,502,257</u>	
Total		18,037,257
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position.		
		2,782
Premiums on general obligation bonds are recognized as other financing sources in the governmental funds, however, they are amortized over the life of the issuance in the statement of activities.		
		(598,691)
In the statement of activities, interest is accrued on outstanding bonds and loans, whereas in governmental funds, an interest expenditure is reported when due.		
Decrease in accrued interest payable	10,776	
Amortization of deferred amounts on refunding	(33,508)	
Amortization of bond premiums and discounts	<u>(74,854)</u>	
Total		(97,586)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		(147,779)
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows.		
		1,174,522
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		
		(1,221,686)
The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the government-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.		
		<u>64,846</u>
Change in net position of governmental activities	\$	<u>2,736,683</u>

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF THE CITY

The City of Wadsworth, Ohio, (the "City") was incorporated in 1866 under the laws of the State of Ohio. The City operates under the Mayor-Council form of government.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City.

For the City of Wadsworth this includes police and fire-fighting forces, emergency medical services, sewage and water treatment plants, an electric utility, a cable utility, an internet utility, a street maintenance department, a parks and recreation system, a community access television program, a trash collection service, an airport, planning and zoning, and a staff to provide the necessary support for these services. The City also includes a municipal court with a jurisdiction extending beyond the boundaries of the City. These service departments and the Wadsworth Municipal Court are included as part of the primary reporting entity.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's Governing Board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the issuance of debt, or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the financial statements incomplete or misleading. The City has no component units.

The City is associated with the Ohio Municipal Electric Generation Agency Joint Venture 1, 2, 5 and 6 and the Woodlawn Union Cemetery, all of which are joint ventures. The City is also associated with the Municipal Energy Services Agency, which is defined as a jointly governed organization. These organizations are presented in Notes 19 and 20.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting-body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below:

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Government-wide Financial Statements - The Statement of Net Position and the Statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid “doubling up” revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City’s governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The following categories and fund types are used by the City:

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows and liabilities and deferred inflows is reported as fund balance.

The following is the City’s major governmental fund:

General Fund - The general fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Other governmental funds of the City are used to account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Storm Water Fund - The Storm Water Fund accounts for the regulation of the discharge, distribution and treatment of storm water within the City.

Telecomm Fund - The Telecomm Fund accounts for the provision of cable television and high-speed internet service to the residents and commercial users located within the City.

Sewer Fund - The Sewer Fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City and surrounding townships.

Water Fund - The Water Fund accounts for the provision of water treatment and distribution to its residential and commercial users located within the City.

Electric Fund - The Electric Fund accounts for the cost of operating the municipally-owned electric utility and the related revenue from charges for services.

Sanitation Fund - The Sanitation Fund accounts for the provision of trash collection and disposal services for residents and commercial users located within the City and surrounding areas.

Internal Service Funds - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service funds report on an equipment maintenance garage for city owned vehicles and equipment, an information technology support services department for city owned computers and networks, a self-insurance program for employee medical benefits, an insurance retention for employee liability, and a self-insurance workers' compensation.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The Fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City does not have trust funds. In addition to the other agency funds, three of the agency funds account for municipal court collections that are distributed to various local governments, maintaining the law library, and assisting in payment of individuals' utilities. The City's agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Fund Accounting

Government-Wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of the City are included on the Statement of Net Position.

Fund Financial Statements - All governmental fund types are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows and current liabilities and deferred inflows are generally included on the balance sheet.

The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all Proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of these funds are included on the Statement of Fund Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows and outflows and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within sixty days of year-end.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, intergovernmental, fines and forfeitures, interest, grants, fees and rentals.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, See Note 13 for deferred outflows of resources related the City's net pension liability. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2016, but which were levied to finance 2017 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes, but is not limited to, income taxes, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the City, See Note 13 for deferred inflows of resources related to the City's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the Tax Budget, the Certificate of Estimated Resources, and the Annual Appropriation Ordinance, all of which are prepared on the budgetary basis of accounting. The Certificate of Estimated Resources and the Annual Appropriation Ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. Except for agency funds, all funds are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund, department and object level (personal and other). Any budgetary modifications at this level may only be made by an ordinance of the City Council.

Tax Budget - In July, the City Administration presents the annual Tax Budget for the following year to City Council for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

Estimated Resources - The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official Certificate of Estimated Resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing year will not exceed the amount available as stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the Annual Appropriation Ordinance. On or about January 1, the Certificate of Estimated Resources is amended to include unencumbered fund balances at December 31 of the preceding year. The Certificate may be further amended during the year if the Auditor determines, and the Budget Commission agrees, that an estimate needs to be either increased or decreased. The amounts reported on the budgetary statements reflect the amount in the final amended official Certificate of Estimated Resources issued during 2016.

Appropriations - For management, a temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. The Annual Appropriation Ordinance must be passed by April 1 of each year for the period January 1 to December 31. Appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriations at any level of control. Any revisions that alter the appropriations of a fund must first be approved by City Council. Council may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent Certificate of Estimated Resources.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Formal budgetary integration is employed as a management control device during the year for all funds consistent with statutory provisions. Appropriation amounts are as originally adopted, or as amended by City Council throughout the year by supplemental appropriations which either reallocate or increase the original appropriation amounts. During the year, supplemental appropriation measures were legally enacted; however, none of these amendments were significant. The budgetary figures which appear in the statement of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Encumbrances - As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations at the legal level of budgetary control. On the GAAP basis, encumbered amounts will be included in the restricted, committed, and assigned fund balance classifications.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not re-appropriated.

F. Cash, Cash Equivalents and Investments

To improve cash management, cash received by the City is pooled. Monies for all funds, including the Proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the balance sheet.

For purposes of the Statement of Cash Flows and for presentation on the Statement of Net Position/Balance Sheet, investments with original maturities of three months or less at the time they are purchased by the City and investments of the cash management pool are considered to be cash equivalents. Investments with a maturity of more than three months are reported as investments. Nonparticipating investment contracts such as overnight repurchase agreements and nonnegotiable certificates of deposit are reported at cost. Investments other than nonparticipating investment contracts, are reported at fair value which is based on quoted market prices.

The City has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) and US Government Money Market Mutual Funds. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The City measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For 2016, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

Following Ohio statutes, the City has, by ordinance, specified the funds to receive an allocation of interest earnings. During the year 2016, interest revenue credited to the General Fund amount to \$249,689 which includes \$221,928 assigned from other City funds.

The City utilizes a fiscal agent to hold matured bonds and coupons. The balance in this account is presented on the balance sheet as "Cash with Fiscal and Escrow Agents".

G. Interfund Balances

On fund financial statements, interfund loans are classified as "Interfund Receivable/Payable" on the balance sheet, and are either restricted or committed fund balance. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

H. Inventory

On government-wide and fund financial statements, inventories are presented at cost on a first-in, first-out basis and are expensed when used. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure in the governmental fund types and proprietary funds when used.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2016 are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

J. Capital Assets

General capital assets are those capital assets which are associated with and generally arise from governmental activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements. Capital assets utilized by the Proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The City maintains a capitalization threshold for all items having a cost of five thousand dollars or more. Exceptions exist for items such as an interest in land, which is always capitalized. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, cable, irrigation systems and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Land Improvements	20 to 75 Years	20 to 75 Years
Buildings	25 to 100 Years	25 to 100 Years
Equipment	3 to 50 Years	3 to 50 Years
Vehicles	8 to 30 Years	8 to 30 Years
Infrastructure	3 to 110 Years	3 to 110 Years
Intangibles	50 Years	50 Years

K. Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributed to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all eligible employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the City's past experience of making termination payments. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The non-current portion of the liability is not reported.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Accrued and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from Proprietary funds are reported on the Proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and police past service costs are recognized as a liability on the fund financial statements when due.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes, but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of City Council, which includes giving the City Auditor the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The City applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Net Position

Net position represents assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources. Net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by the creditors, grantors or laws or regulations of other governments.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Proprietary funds. For the City, these revenues include charges for services for sewer, telecom, water, electric, sanitation, and storm water services. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund. Revenues and expenses not meeting those definitions are reported as nonoperating.

P. Contributions of Capital

Contributions of capital in Proprietary fund financial statements arise from outside contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction.

Q. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. The City had neither type of transaction during 2016.

S. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Bond Premium and Discount/Accounting Gain or Loss

Bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds. Bond discounts are presented as a reduction to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt reported in the government-wide financial statements and in the proprietary funds, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred inflow or deferred outflow of resources

On the governmental fund financial statements, bond premiums and discounts are recognized in the current period. The reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 16.

U. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

V. Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For 2016, the City has implemented GASB Statement No. 72, "Fair Value Measurement and Application", GASB Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68", GASB Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments", GASB Statement No. 77, "Tax Abatement Disclosures", GASB Statement No. 78, "Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans" and GASB Statement No. 79, "Certain External Investment Pools and Pool Participants".

GASB Statement No. 72 addresses accounting and financial reporting issues related to fair value measurement. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The City incorporated the corresponding GASB 72 guidance into its 2016 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 73 improves the usefulness of information about pensions included in the general purposes external financial reports of state and local governments for making decisions and assessing accountability. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the City.

GASB Statement No. 76 identifies - in the context of the current governmental financial reporting environment - the hierarchy of generally accepted accounting principles (GAAP). This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The implementation of GASB Statement No. 76 did not have an effect on the financial statements of the City.

GASB Statement No. 77 requires governments that enter into tax abatement agreements to disclose certain information about the agreement. GASB Statement No. 77 also requires disclosures related to tax abatement agreements that have been entered into by other governments that reduce the reporting government's tax revenues. The City incorporated the corresponding GASB 77 guidance into its 2016 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 78 establishes accounting and financial reporting standards for defined benefit pensions provided to the employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan (cost-sharing pension plan) that meets the criteria in paragraph 4 of Statement 68 and that (a) is not a state or local governmental pension plan, (b) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (c) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). The implementation of GASB Statement No. 78 did not have an effect on the financial statements of the City.

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE – (Continued)

GASB Statement No. 79 establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized cost. This Statement provides accounting and financial reporting guidance also establishes additional note disclosure requirements for governments that participate in those pools. The City participates in STAR Ohio which implemented GASB Statement No. 79 for 2016. The City incorporated the corresponding GASB 79 guidance into its 2016 financial statements; however, there was no effect on beginning net position/fund balance.

B. Deficit Fund Balances

Fund balances at December 31, 2016 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Recreation	\$ 810,362
Tax Increment Financing	2,184,390
Special Assessments	1,237,543
Airport Improvements	101,594

The general fund is liable for any deficit in this fund and provides transfers when cash is required, not when accruals occur. The deficit fund balance resulted from adjustments for accrued liabilities.

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law and described below is based upon accounting for certain transactions on a basis of cash receipts, disbursements, appropriations, and encumbrances.

The Statements of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the General Fund and Tax Increment Financing Fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget and to demonstrate compliance with State statute. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual;
2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP);
3. Outstanding year-end encumbrances are treated as expenditures (budget) rather than as part of restricted, committed, or assigned fund balance (GAAP);
4. Unreported cash represents amounts received, but not included as revenue on the budget basis operating statements. These amounts are included as revenue on the GAAP basis operating statement;

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING – (Continued)

5. Advances-in and advances-out are operating transactions (budget) as opposed to balance sheet transactions (GAAP); and,
6. Some funds included in the General Fund (GAAP basis) have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the budget basis statements to the GAAP basis statements for the General Fund.

Net Changes in Fund Balance

	<u>General Fund</u>
Budget Basis	\$ (824,698)
Net Adjustment for Revenue Accruals	(122,728)
Net Adjustment for Expenditure Accruals	(322,455)
Funds with Separate Legally Adopted Budgets	8,092
Net Adjustment for Other Sources/Uses	1,169,796
Encumbrances	99,997
GAAP Basis	\$ 8,004

NOTE 5 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the City Council has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one-year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool State Treasury Asset Reserve of Ohio (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Finance Director by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Finance Director or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At December 31, 2016, the carrying amount of all City deposits was \$35,165,547. As of December 31, 2016, \$25,396,300 of the City's bank balance of \$35,994,045 was exposed to custodial risk as discussed below, while \$10,597,745 was covered by the FDIC.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Ohio Revised Code, is held in collateral pools at Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

B. Investments

As of December 31, 2016, the City had the following investments and maturities:

<u>Measurement/ Investment type</u>	<u>Measurement Amount</u>	<u>Investment Maturities 6 months or less</u>
Amortized cost:		
STAR Ohio	\$ 5,295,129	\$ 5,295,129
Fair Value:		
US Government Mutual Fund	<u>7,004</u>	<u>7,004</u>
Total	<u>\$ 5,302,133</u>	<u>\$ 5,302,133</u>

The City's investments in US Government Money Market Mutual Funds are valued using quoted market prices (Level 1 inputs).

Interest Rate Risk: The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk by requiring the consideration of market conditions and cash flow requirements in determining the term of an investment.

Credit Risk: STAR Ohio and the US Government Money Market Mutual fund carry a rating of AAAM by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The City's investment policy does not specifically address credit risk beyond requiring the City to only invest in securities authorized by State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City has no investment policy dealing with investment custodial risk beyond the requirement in Ohio law that prohibits payments for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

The following table includes the percentage of each investment type held by the City at December 31, 2016:

<u>Measurement/ Investment type</u>	<u>Measurement Amount</u>	<u>% of Total</u>
Amortized cost:		
STAR Ohio	\$ 5,295,129	99.87%
Fair value:		
US Government Mutual Fund	<u>7,004</u>	<u>0.13%</u>
Total	<u>\$ 5,302,133</u>	<u>100.00%</u>

C. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of December 31, 2016:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 35,165,547
Investments	5,302,133
Cash with fiscal agent	1,472
Cash on hand	<u>1,620</u>
Total	<u>\$ 40,470,772</u>
<u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 14,520,543
Business-type activities	22,508,274
Agency funds	<u>3,441,955</u>
Total	<u>\$ 40,470,772</u>

NOTE 6 - RECEIVABLES

Receivables at December 31, 2016, consisted of taxes, accounts (billings for user charged services, rents and royalties), income taxes, interfund, accrued interest, notes, special assessments, and intergovernmental receivables arising from grants, entitlements and shared revenues. Accounts, taxes, interfund, accrued interest, special assessments and intergovernmental receivables are deemed collectible in full.

No allowance for doubtful accounts has been recorded because uncollectable amounts are expected to be insignificant.

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 7 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2016 public utility property taxes became a lien December 31, 2015, are levied after October 1, 2016, and are collected in 2017 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Auditor collects property taxes on behalf of all taxing districts in the County, including the City of Wadsworth. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes represent real property taxes, public utility taxes, tangible personal property taxes and outstanding delinquencies which are measurable as of December 31, 2016 and for which there is an enforceable legal claim.

The full tax rate for all City operations for the year ended December 31, 2016 was \$4.70 per \$1,000 of assessed value. The assessed values of real and tangible personal property for 2016 property tax were as follows:

<u>Real Property</u>	
Residential/agricultural	\$ 347,343,880
Commercial/industrial/mineral	107,552,360
Public utility personal property	<u>761,170</u>
Total assessed value	<u>\$ 455,657,410</u>

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 8 – TAX ABATEMENTS

As of December 31, 2016, the City provides tax abatements through Community Reinvestment Area (CRA). This program relates to the abatement of property taxes.

CRA - Under the authority of Ohio Revised Code (ORC) Section 3735.67, the CRA program is an economic development tool administered by municipal and county governments that provides real property tax exemptions for property owners who renovate existing or construct new buildings. CRA's are areas of land in which property owners can receive tax incentives for investing in real property improvements. Under the CRA program, local governments petition to the Ohio Development Services Agency (ODSA) for confirmation of a geographical area in which investment is desired. Once an area is confirmed by the ODSA, local governments may offer real property tax exemptions to taxpayers that invest in that area. Property owners in the CRA can receive temporary tax abatements for renovation of existing structures and new construction in these areas. Property owners apply to the local legislative authority for approval to renovate or construct in the CRA. The local legislative authority negotiates the terms of the CRA with the business, which may include job creation and/or tax sharing with the Board of Education. The local legislative authority must pass legislation to approve the Agreement. All agreements must be finalized before the project begins and may contain provisions for the recoupment of taxes should the individual or entity fail to perform. The amount of the abatement is deducted from the business's property tax bill.

The City has entered into four agreements to abate property taxes through this program. During 2016, the City's property tax revenues were reduced as a result of these agreements as follows:

<u>Purpose</u>	<u>Percentage of Taxes Abated during the Fiscal Year</u>	<u>Amount of Taxes Abated during the Fiscal Year</u>	<u>Term</u>
Expansion for manufacturing	40%	\$403	10 years
Expansion for manufacturing	40%	\$459	8 years
Expansion for warehousing and office space	40%	\$762	6 years
Expansion for manufacturing, warehousing, and R&D	65%	\$289	10 years

NOTE 9 - INCOME TAX

The City levies and collects an income tax on taxable income earned within the City as well as taxable incomes earned outside the City. The taxable income rate is 1.4%. For residents working outside the City, the City allows for a credit of income taxes paid to another municipality of up to 1.0%. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Income tax collections for 2016 and prior years received 60 days after year-end have been recognized as revenue in 2016.

Corporations and individual taxpayers are also billed for their estimated taxes quarterly. They must pay at least 90% by January 31st and must file an annual return by April 15th.

Income tax revenues are distributed, as needed, to the various funds of the City pursuant to Council ordinance. In 2016, income tax revenues were distributed to the following funds: General, Street Maintenance, Special Assessments, Airport Improvements, Street Improvement and General Capital Improvements.

In 2011, the voters of the City increased the income tax rate from 1.3% to 1.4%, effective January 1, 2012. This increase is for a ten year period and to be used for street improvements.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 10 - SPECIAL ASSESSMENTS

Special assessments include annually assessed service assessments. Service type special assessments are levied against all property owners who benefit from the provided service. Special assessments are payable by the time and in the manner stipulated in the assessing ordinance and are a lien from the date of the passage of the ordinance.

The City's special assessments include the construction, repair or improvement of streets, sidewalks, waterlines and public parking lots which are billed by the County Auditor and collected by the County Treasurer. The County Auditor periodically remits these collections to the City. Special assessments collected in one calendar year are levied and certified in the preceding calendar year.

Special assessments receivable at December 31, 2016 was \$23,114.

NOTE 11 - RISK MANAGEMENT

A. Liability Insurance

The City is exposed to various risks of loss related to torts, theft, damage to or destruction of assets, errors or omissions, and natural disasters. Insurance against loss is provided as follows:

1. Blanket building and personal property insurance, with a \$2,500 deductible and a \$63,980,113 limit on buildings and property in the open and business personal property.
2. Vehicle liability insurance with physical damage, comprehensive and collision subject to a \$1,000,000 limit per accident or loss. A comprehensive deductible of \$500 for vehicles and a comprehensive deductible of \$2,000 apply to fire trucks.
3. Law enforcement liability coverage with a \$1,000,000 limit for each wrongful act/each occurrence/aggregate and a \$10,000 deductible.
4. Public officials' liability coverage with a \$1,000,000 for each claim/each occurrence/aggregate and a \$10,000 deductible.
5. Umbrella liability coverage of \$10,000,000 per occurrence/aggregate.

There were no reductions in insurance coverage from the previous year, nor have settlements exceeded insurance coverage in any of the prior three years.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 11 - RISK MANAGEMENT - (Continued)

B. Workers' Compensation

The City became self-insured on November 1, 2010. The City has specific stop loss coverage of \$500,000 for all employees.

The City maintains an Internal Service Fund named Workers' Compensation Retention. The fund is financed by assessing the City departments the amount necessary to cover all costs and maintain a reasonable fund balance. The City continues to build a cash reserve for future claims and other expenses related to self-insurance.

The City's third party administrator (TPA) is Sedgwick Inc. The claims liability reported in the workers' comp internal service fund at December 31, 2016 of \$176,890, is based on the requirements of GASB statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. A summary of the fund's claims liability during the past two years is as follows:

	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claims Payments</u>	<u>Balance at End of Year</u>
2016	\$ 176,890	\$ 43,642	\$ (43,642)	\$ 176,890
2015	42,078	195,125	(60,313)	176,890

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 11 - RISK MANAGEMENT - (Continued)

C. Health Insurance

The City has elected to provide employee medical, prescription, dental, and vision benefits through a self-insurance program with a Stop Loss Policy to insure against specific and aggregate losses. The City maintains a Self-Insurance Fund, to account for and finance its risk of loss. The specific stop loss amount is \$100,000 with a maximum claims aggregate of \$3,479,202. The aggregate amount is generally calculated on 120.0% of the expected claims.

The Fund is financed by assessing City departments the amount necessary to pay all costs and maintain a reasonable carryover balance. As of December 31, 2016, the Departments were assessed per each employee per month at the rate of \$725.00 per individual coverage and \$1,500.00 per family coverage. Following the health insurance renewal in 2016, non-bargaining employee contributions per bi-weekly pay period were \$30.00 for single coverage and \$60.00 for family for non-bargaining employees. Some bargaining unit employees pay a contribution rate at \$46.61 for single coverage and \$96.59 for family coverage. Other bargaining unit employees contribute \$50.49 for single coverage and \$104.63 for family coverage. Health coverage (i.e., medical and prescription) was administered by Medical Mutual. Dental coverage was provided through Delta Dental.

The plan provides comprehensive medical coverage with a \$300 deductible per individual and \$600 per family and subject to a 20% co-insurance payment for expenses out of the network.

The Dental Plan is subject to a \$25.00 deductible and no co-payment, with a maximum coverage of \$1,000 annually.

The City also provides prescription drug insurance to its employees through the self-insurance program. The plan pays the cost of prescriptions with a required co-payment of \$15.00 Tier 1 drugs, \$30.00 for Tier 2 drugs and \$60.00 for Tier 3 drugs at a retail pharmacy or through the mail order system.

The claims liability of \$348,988 reported in the self-insurance fund at December 31, 2016 is based on the requirements of GASB Statement No. 10 "Accounting and Financial Reporting for Risk Financing and Related Insurance Services" which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred, but not reported claims, be reported. The claims liability is based on an estimate supplied by the City's third party administrator. This estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. A summary of the fund's claims liability during the past two years is as follows:

	Balance at <u>Beginning of Year</u>	Current Year <u>Claims</u>	Claims <u>Payments</u>	Balance at <u>End of Year</u>
2016	\$ 304,542	\$ 2,857,055	\$ (2,812,609)	\$ 348,988
2015	193,668	2,933,559	(2,822,685)	304,542

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 12 - CAPITAL ASSETS - (Continued)

During 2010, the City acquired an intangible asset due to the agreement with the Wadsworth City School District. Per the agreement, the City has the right to occupy and use the Community Center (“CC”), subject to the terms and conditions of the agreement. The entire asset value was capitalized as of December 31, 2011. The construction of the Community Center was substantially complete by the end of the 2012.

The remaining amortization schedule is as follows:

Year Ending December 31	Governmental Activities
2017	\$ 365,800
2018	365,800
2019	365,800
2020	365,800
2021	365,800
2022 - 2026	1,829,000
2027 - 2031	1,829,000
2032 - 2036	1,829,000
2037 - 2041	1,829,000
2042 - 2046	1,829,000
2047 - 2051	1,829,000
2052 - 2056	1,829,000
2057 - 2061	1,829,000
Total	\$ 16,461,000

NOTE 13 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability/Asset

The net pension liability/asset reported on the statement of net position represents a liability or asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

The Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes any net pension liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits or overfunded benefits is presented as a long-term *net pension liability* or *net pension asset*, respectively, on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *due to other governments* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS' Traditional Pension Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Pension Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service.

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>	<u>Public Safety</u>	<u>Law Enforcement</u>
2016 Statutory Maximum Contribution Rates			
Employer	14.0 %	18.1 %	18.1 %
Employee	10.0 %	*	**
2016 Actual Contribution Rates			
Employer:			
Pension	12.0 %	16.1 %	16.1 %
Post-employment Health Care Benefits	<u>2.0 %</u>	<u>2.0</u>	<u>2.0</u>
Total Employer	<u>14.0 %</u>	<u>18.1 %</u>	<u>18.1 %</u>
Employee	<u>10.0 %</u>	<u>12.0 %</u>	<u>13.0 %</u>

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The City's contractually required contribution for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan was \$1,243,961 for 2016. Of this amount, \$55,786 is reported as due to other governments.

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	Police	Firefighters
2016 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee	12.25 %	12.25 %
 2016 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	0.50 %	0.50 %
 Total Employer	 19.50 %	 24.00 %
 Employee	 12.25 %	 12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OP&F was \$595,398 for 2016. Of this amount \$24,171 is reported as due to other governments.

In addition to current contributions, the City pays installments on a specific liability of the City incurred when the State of Ohio established the statewide pension system for police and fire fighters in 1967. As of December 31, 2016, the specific liability of the City was \$79,258 payable in semi-annual payments through the year 2038.

Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability and net pension asset for the OPERS Traditional Pension Plan and Combined Plan and Member-Directed Plan, respectively, were measured as of December 31, 2015, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2015, and was determined by rolling forward the total pension liability as of January 1, 2015, to December 31, 2015. The City's proportion of the net pension liability or asset was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

CITY OF WADSWORTH, OHIO

2019	1,027,026	593,807	1,620,833
2020	918,386	478,149	1,396,535
2021	(2,391)	190,042	187,651
Thereafter	(6,955)	36,105	29,150
Total	<u>\$ 3,701,341</u>	<u>\$ 2,485,719</u>	<u>\$ 6,187,060</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability/asset in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage inflation	3.75 percent
Future salary increases, including inflation	4.25 to 10.05 percent including wage inflation
COLA or ad hoc COLA	Pre 1/7/2013 retirees: 3 percent, simple Post 1/7/2013 retirees: 3 percent, simple through 2018, then 2.80% simple
Investment rate of return	8 percent
Actuarial cost method	Individual entry age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 401 (h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 0.40 percent for 2015.

The allocation of investment assets with the Defined Benefit portfolio is approved by the OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed income	23.00 %	2.31 %
Domestic equities	20.70	5.84
Real estate	10.00	4.25
Private equity	10.00	9.25
International equities	18.30	7.40
Other investments	18.00	4.59
Total	100.00 %	5.27 %

Discount Rate - The discount rate used to measure the total pension liability/asset was 8 percent for both the Traditional Pension Plan, the Combined Plan and Member-Directed Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate
- The following table presents the City's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 8 percent, as well as what the City's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net pension liability (asset):			
Traditional Pension Plan	\$ 21,950,930	\$ 13,777,505	\$ 6,883,478
Combined Plan	(890)	(43,300)	(77,413)
Member-Directed Plan	317	(121)	(317)

Changes Between Measurement Date and Report Date - In October 2016, the OPERS Board of Trustees adopted certain assumption changes which impacted their annual actuarial valuation prepared as of December 31, 2016. The most significant changes are a reduction in the expected investment return to 7.50% from 8.00%, the expected long-term average wage inflation was reduced to 3.25% from 3.75%, the expected long-term average price inflation was reduced to 2.50% from 3.00% and a change to various demographic assumptions. Although the exact amount of these changes is not known, the impact to the City's net pension liability is expected to be significant.

Actuarial Assumptions – OP&F

OP&F's total pension liability as of December 31, 2015 is based on the results of an actuarial valuation date of January 1, 2015, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2015, are presented below:

Valuation date	January 1, 2015
Actuarial cost method	Entry age normal
Investment rate of return	8.25 percent
Projected salary increases	4.25 percent to 11 percent
Payroll increases	3.75 percent
Inflation assumptions	3.25 percent
Cost of living adjustments	2.60 and 3.00 percent simple

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed for the five-year period ended December 31, 2011. The recommended assumption changes based on this experience study were adopted by OPF's Board and were effective beginning with the January 1, 2012 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF's target asset allocation as of December 31, 2015 are summarized below:

Asset Class	Target Allocation	10 Year Expected Real Rate of Return **	30 Year Expected Real Rate of Return **
Cash and Cash Equivalents	- %		
Domestic Equity	16.00	6.50 %	7.80 %
Non-US Equity	16.00	6.70	8.00
Core Fixed Income *	20.00	3.50	5.35
Global Inflation			
Protected Securities *	20.00	3.50	4.73
High Yield	15.00	6.35	7.21
Real Estate	12.00	5.80	7.43
Private Markets	8.00	9.50	10.73
Timber	5.00	6.55	7.35
Master Limited Partnerships	8.00	9.65	10.75
Total	120.00 %		

* levered 2x

** numbers include inflation

OPF's Board of Trustees has incorporated the "risk parity" concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The total pension liability was calculated using the discount rate of 8.25 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.25 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25 percent), or one percentage point higher (9.25 percent) than the current rate.

	1% Decrease (7.25%)	Discount Rate (8.25%)	1% Increase (9.25%)
City's proportionate share of the net pension liability	\$ 11,115,951	\$ 8,428,423	\$ 6,151,808

NOTE 14 - POSTRETIREMENT BENEFIT PLANS

A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension Plan and the Combined Plan. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 14 - POSTRETIREMENT BENEFIT PLANS - (Continued)

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2016, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2016 was 2.00%.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2016, 2015, and 2014 were \$212,774, \$203,956, and \$203,487, respectively; 96.17% has been contributed for 2016 and 100% has been contributed for 2015 and 2014. The remaining 2016 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the OP&F Pension Fund sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-employment health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at www.op-f.org.

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 14 - POSTRETIREMENT BENEFIT PLANS - (Continued)

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts, one account is for health care benefits under an Internal Revenue Code Section 115 trust and the other account is for Medicare Part B reimbursements administered as an Internal Revenue Code Section 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan into the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was .5% of covered payroll from January 1, 2016 thru December 31, 2016. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that the pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment healthcare benefits for police officers and firefighters were \$11,271 and \$3,795 for the year ended December 31, 2016, \$10,881 and \$3,299 for the year ended December 31, 2015, and \$10,092 and \$3,167, for the year ended December 31, 2014. 100% has been contributed for 2015 and 2014. 96.24% has been contributed for police and 100% has been contributed for firefighters for 2016. The remaining 2016 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

NOTE 15 - COMPENSATED ABSENCES

City employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has acquired at least one year of service with the City. Accumulated, unused sick leave is paid to a retiring employee up to a maximum of 160 days. As of December 31, 2016, the City's liability for compensated absences was \$2,048,605 for governmental activities and \$1,340,937 for business-type activities.

On September 30, 2009, the City issued \$3.875 million in general obligation bonds for capital improvements.

General obligation bonds are direct obligations of the City for which its full faith, credit and resources are pledged. These bonds were used to retire \$3.188 million in inter-fund loans, and to fund new street improvements (\$550,000) and stormwater drainage and management facilities (\$385,000). These bonds are to be paid by stormwater revenues, water revenues, electric revenues, hotel/motel tax, income tax, and ad valorem property taxes.

The business-type activities general obligation bonds will be paid from the storm water, water, and electric funds.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)

On February 4, 2010, the City issued \$18,290,000 in revenue bonds for the purpose of funding a portion of the costs of designing, constructing, furnishing and equipping a new community center, with related site improvements, and acquiring land. The bonds are payable solely from the income tax revenues in the recreation fund, which payment is secured by a pledge of the income tax revenues. These bonds were refunded during 2016.

On June 29, 2016, the City issued \$17,630,000 in income tax revenue bonds. The proceeds of these bonds were used to advance refund the \$16,535,000 in outstanding 2010 Community Center revenue bonds. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded 2010 Community Center revenue bonds at December 31, 2016, is \$16,075,000.

The reacquisition price exceeded the net carrying amount of the old debt by \$101,310. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. This advance refunding was undertaken to reduce the combined total debt service payments over the next 22 years by \$1,227,271 and resulted in an economic gain of \$1,190,101.

On March 1, 2003, the City and American Municipal Power, Inc. (AMP) amended and restated a loan agreement. In accordance with the agreement, AMP issued \$11,645,000 of bonds and loaned the proceeds received from the bonds to the City. The loan proceeds were issued to:

1. Refinance notes originally issued to pay the cost of financing the construction and installation of various capital improvements for the municipal electric utility and the telecommunications system to the City;
2. Providing funds for additional improvements to the telecommunications system;
3. Fund a debt service reserve; and,
4. Pay the costs of issuance of the 2003 bonds.

On April 1, 2012, the City and American Municipal Power, Inc. (AMP) amended and restated a loan agreement. In accordance with the agreement, AMP took out a loan under its credit agreement and loaned the proceeds received to the City. The loan proceeds were used to pay the redemption price of the 2002 bonds.

On January 27, 2005, the City obtained an OWDA loan for improvements to the waste water treatment plant. The loan will not have an accurate repayment schedule until the loan is finalized, and therefore, is not included in the schedule of future annual debt service requirements. The City has pledged future revenues net of expenditures to repay the OWDA loans. The loans are payable solely from revenues generated by the ownership and operation of the sewer utility system. Revenues include all revenues received by the sewer utility less all operating expenses other than depreciation expense. All debt is payable solely from net revenues and is payable through 2027. Annual principal and interest payments on the OWDA loans are expected to require 80.21% of net revenues and 38.19% of total revenues. The total principal and interest remaining to be paid on the debt is \$20,226,984. Principal and interest paid for the current year were \$1,081,482 and \$479,909, respectively. Total net revenues were \$1,946,744 and total operating revenues were \$4,088,798.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)

On October 14, 2010, the City issued \$9,420,000 in general obligation bonds for the purpose of constructing and installing various waterworks system improvements in the City, including, but not limited to a water tower, approximately six miles of water line and an automated meter reading system. The bonds are payable from a limited ad valorem tax on all real and personal property in the City subject to taxation by the City or the revenues generated by the ownership and operation of the water utility system. Revenues include all revenues received by the water utility less all operating expenses other than depreciation expense.

During 2015, the City obtained an OPWC loan in the amount of \$84,034 for storm water improvements. The loan has a zero percent interest rate, with semiannual payments and a final maturity of January 2031.

See Note 13 for detail on the net pension liability.

The liability for police past service costs relates to the City's liability to certain employees incurred prior to the establishment of the statewide Ohio Police and Fire Pension Fund. The City is required to make payments of approximately \$6,200 annually, which includes interest, through the year 2038. These past service costs are payable from taxes levied on all taxable property in the City.

Compensated absences will be paid from general operating revenues of the fund from which the employees' salaries are paid. The most significant of these funds are the general fund, street fund (a nonmajor governmental fund), EMS fund (a nonmajor governmental fund), water fund, sewer fund, electric fund, telecom fund, and storm water fund.

The amortization schedules for the AMP loan and stranded costs payable are not available. The annual requirement to amortize the remaining debt outstanding as of December 31, 2016, including interest payments in the Governmental Activities of \$131,293 for police past service costs, \$24,367,188 for revenue bonds, \$12,893,257 for the Business-Type Activities general obligation bonds, \$78,432 for OPWC loan and \$17,139,130 for the OWDA loan are as follows:

December 31 Year Ending	Service Costs		Revenue Bonds

Stranded Costs Payable

The City is a member of American Municipal Power (AMP) and has participated in the AMP Generating Station (AMPGS) Project. This project was intended to develop a pulverized coal power plant in Meigs County, Ohio. The City's project share was 34,650 kilowatts (kW) of a total 771,281 kW, giving the City a 4.49 percent project share. The AMPGS Project required participants to sign "take or pay" contracts with AMP. As such, the participants are obligated to pay any costs incurred for the project. In November 2009, the participants voted to terminate the AMPGS Project due to projected escalating costs. All project costs incurred prior to the cancellation and related to the cancellation were therefore deemed impaired and participants were obligated to pay those incurred costs. In prior years, payment of these costs was not required due to AMP's pursuit of legal action to collect them from Bechtel. As a result of a March 2014 legal ruling, the AMP Board of Trustees on April 15, 2014 and the AMPGS participants on April 16, 2014 approved the collection of the impaired costs and provided the participants with an estimate of their liability. The City's estimated share of the impaired costs at March 31, 2014 was \$6,014,238. The City received a credit of \$1,372,291 related to their participation in the AMP Fremont Energy Center (AFEC) Project and a credit of \$1,567,041 related to the AMPGS costs deemed to have future benefit for the project participants, classified as Plant Held for Future Use (PHFU). The City also made payments totaling \$425,037 leaving an estimated net impaired costs balance of \$2,649,869. Because payment is now probable and reasonably estimable, the City is reporting a payable to AMP in its business-type activities and in its electric enterprise fund for these impaired costs. AMP financed these costs on its revolving line of credit. Any additional costs (including line-of-credit interest and legal fees) or amounts received related to the project will impact the City's net impaired cost balance either positively or negatively. These amounts will be recorded as they become estimable.

In late 2016, AMP reached a Settlement in the Bechtel Corporation litigation. On December 8, 2016, at the AMPGS Participants meeting, options for the allocation of the Settlement funds were approved. The AMPGS Participants and the AMP Board of Trustees voted to allocate the Settlement among the participants and the AMP General Fund based on each participant's original project share in kW including the AMP General Fund's project share.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)

Since March 31, 2014 the City has made payments of \$681,004 to AMP toward its net impaired cost estimate. Also since March 31, 2014, the City's allocation of additional costs incurred by the project is \$60,375 and interest expense incurred on AMP's line-of-credit of \$67,056, resulting in a net impaired cost estimate at December 31, 2016 of \$2,096,296. The City does have a potential PHFU Liability of \$1,611,806 resulting in a net total potential liability of \$3,894,944, assuming the assets making up the PHFU (principally the land comprising the Meigs County site) have no value and also assuming the City's credit balance would earn zero interest. Stranded costs as well as PHFU costs are subject to change, including future borrowing costs on the AMP line of credit. Activities include items such negative items as property taxes as well as positive items revenue from leases or sale of all or a portion of the Meigs County site property.

The City has made a payment arrangement with AMP with a variable interest rate and an estimated time of completion of payment of December, 2022. Principal and interest payment are made from the electric fund.

NOTE 17 - NOTES PAYABLE

Changes in the City's note activity for the year ended December 31, 2016, were as follows:

NOTE 18 - INTERFUND TRANSACTIONS

Internal borrowings consist of internal notes and bonds issued by various funds to finance projects internally rather than through outside parties. Each internal note or bond is identified as to which fund is liable for repayment. However, the actual borrowing comes from a pool of funds rather than specific funds. The borrowings pay interest to specified funds based on the percentage of fund balances.

For reporting purposes, these interfund transactions were reflected as an interfund receivable and an interfund payable in the respective funds.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 18 - INTERFUND TRANSACTIONS - (Continued)

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed. The City transferred \$8,522 between nonmajor governmental funds for debt payments. In addition, the City had various transfers between funds related to capital assets. These transfers are only made on a GAAP-basis and are not reflected in the cash basis activity.

NOTE 19 - RELATED ORGANIZATIONS

On July 7, 2015, the City granted a franchise to Premier Flight Management, LTD for a period to end June 30, 2017, for the operation and maintenance of the Wadsworth Municipal Airport. On December 6, 2016, the franchise was assigned and transferred to Flight Services of Wadsworth, LLC. The City of Wadsworth pays four thousand four hundred forty one (\$4,441.00) dollars per month to the Premier Flight Management, LTD and pays for liability insurance not to exceed six thousand (\$6,000.00) dollars per year. Premier Flight Management, LTD agrees to pay the City of Wadsworth seven (\$0.07) cents per gallon of aviation fuel sold and participate in capital improvements at the airport.

NOTE 20 - JOINT VENTURES

OMEGA JV 1

The City's Electric enterprise fund has entered into an ongoing joint venture agreement with other Ohio municipal electric systems to form the Ohio Municipal Electric Generation Agency Joint Venture 1 (OMEGA JV 1) for the purpose of providing electric power and energy to its participants on a cooperative basis. Title to the six diesel powered generating units in OMEGA JV 1, were transferred to the municipal electrical systems from American Municipal Power, Incorporated (AMP), a membership organization comprised of communities throughout Ohio, West Virginia and Pennsylvania that own and operate electric systems. Each participant has a contract which provides for AMP to purchase the right to each participant's share of power and energy that is made available through the joint venture contract. The City's equity interest in JV 1 is reported in the City's electric enterprise fund. The City's undivided ownership of OMEGA JV 1 is 11.23%. The City's equity interest was \$38,632 for JV 1 at December 31, 2016.

The following is a summary of audited financial information of OMEGA JV1 for the year ended December 31, 2016:

	OMEGA JV 1
Total Assets	\$ 609,410
Total Liabilities	131,455
Deferred Inflow	133,935
Net Position	344,020
Total Revenues	429,635
Total Expenses	449,473
Change in Net Position	(19,838)

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - JOINT VENTURES - (Continued)

Additional financial information can be obtained from AMP, 2600 Airport Drive, Columbus, Ohio 43219. OMEGA JV 1 is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City.

OMEGA JV2

The City of Wadsworth is a Financing Participant and an Owner Participant with percentages of liability and ownership of 7.41% and 5.81% respectively and shares participation with thirty-five other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency (OMEGA JV2). Owner Participants own undivided interests, as tenants in common, in the OMEGA JV2 Project in the amount of their respective Project Shares. Purchaser Participants agree to purchase the output associated with their respective Project shares, ownership of which is held in trust for such Purchaser Participants.

Pursuant to the OMEGA JV2 Agreement (Agreement), the participants jointly undertook as either Financing Participants or Non-Financing Participants and as either Owner Participants or Purchaser Participants, the acquisition, construction, and equipping of OMEGA JV2, including such portions of OMEGA JV2 as have been acquired, constructed or equipped by AMP and to pay or incur the costs of the same in accordance with the Agreement.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Distributive Generation Bonds (Bonds) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. Under the terms of the Agreement each Financing Participant is to fix, charge and collect rates, fees and charges at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV2 debt service and any other outstanding senior lien electric system revenue obligations. As of December 31, 2016, the City of Wadsworth has met debt coverage obligation.

OMEGA JV2 was created to provide additional sources of reliable, reasonably priced electric power and energy when prices are high or during times of generation shortages or transmission constraints, and to improve the reliability and economic status of the participants' respective municipal electric utility system. The Project consists of 138.65 MW of distributed generation of which 134.081MW is the participants' entitlement and 4.569MW are held in reserve. On dissolution of OMEGA JV2, the net assets will be shared by the participants on a percentage of ownership basis. OMEGA JV2 is managed by AMP, which acts as the joint venture's agent. During 2001, AMP issued \$50,260,000 of 20 year fixed rate bonds on behalf of the Financing Participants of OMEGA JV2. The net proceeds of the bond issue of \$45,904,712 were contributed to OMEGA JV2. On January 3, 2011, AMP redeemed all of the \$31,110,000 OMEGA JV2 Project Distributive Generation Bonds then outstanding by borrowing on AMP's revolving credit facility. As such, the remaining outstanding bond principal of the OMEGA JV2 indebtedness was reduced to zero, with the remaining principal balance now residing on the AMP credit facility. As of December 31, 2016, the outstanding debt was \$4,142,633. The City's net obligation for these bonds at December 31, 2016 was \$306,969. The City's net investment and its share of operating results of OMEGA JV2 are reported in the City's electric fund (an enterprise fund). The City's net investment in OMEGA JV2 was \$773,596 at December 31, 2016. Complete financial statements for OMEGA JV2 may be obtained from AMP or from the State Auditor's website at www.ohioauditor.gov.

Total Expenses	16,388,271
Change in Net Position	(3,272,923)

OMEGA JV 5

The City of Wadsworth is a Financing Participant with an ownership percentage of 5.62%, and shares participation with forty-one other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency Joint Venture 5 (OMEGA JV5). Financing Participants own undivided interests, as tenants in common, without right of partition in the OMEGAJV5 Project.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - JOINT VENTURES - (Continued)

Pursuant to the OMEGA Joint Venture JV5 Agreement (Agreement), the participants jointly undertook as Financing Participants, the acquisition, construction, and equipping of OMEGA JV5, including such portions of OMEGA JV5 as have been acquired, constructed or equipped by AMP.

OMEGAJV5 was created to construct a 42 Megawatt (MW) run-of-the-river hydroelectric plant (including 40MW of backup generation) and associated transmission facilities (on the Ohio River near the Bellville, West Virginia Locks and Dam) and sells electricity from its operations to OMEGAJV5 Participants.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Beneficial Interest Certificates (Certificates) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. On dissolution of OMEGA JV5, the net assets will be shared by the financing participants on a percentage of ownership basis. Under the terms of the Agreement each participant is to fix, charge and collect rates, fees and charges at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV5 debt service and any other outstanding senior lien electric system revenue obligations. As of December 31, 2016, Wadsworth has met their debt coverage obligation.

The Agreement provides that the failure of any JV5 participant to make any payment due by the due date thereof constitutes a default. In the event of a default, OMEGA JV5 may take certain actions including the termination of a defaulting JV5 Participant's entitlement to Project Power. Each Participant may purchase a pro rata share of the defaulting JV5 Participant's entitlement to Project Power, which together with the share of the other non-defaulting JV5 Participants, is equal to the defaulting JV5 Participant's ownership share of the Project, in kilowatts ("Step Up Power") provided that the sum of any such increases shall not exceed, without consent of the non-defaulting JV5 Participant, an accumulated maximum kilowatts equal to 25% of such non-defaulting JV5 Participant's ownership share of the project prior to any such increases.

OMEGA JV5 is managed by AMP, which acts as the joint venture's agent. During 1993 and 2001 AMP issued \$153,415,000 and \$13,899,981 respectively of 30 year fixed rate Beneficial Interest Certificates (Certificates) on behalf of the Financing Participants of OMEGA JV5. The 2001 Certificates accrete to a value of \$56,125,000 on February 15, 2030. The net proceeds of the bond issues were used to construct the OMEGA JV5 Project. On February 17, 2004 the 1993 Certificates were refunded by issuing 2004 Beneficial Interest Refunding Certificates in the amount of \$116,910,000, which resulted in a savings to the membership of \$34,951,833 from the periods 2005 through 2024. On February 15, 2014, all of the 2004 BIRCs were redeemed from funds held under the trust agreement securing the 2004 BIRCs and the proceeds of a promissory note issued to AMP by OMEGA JV5. This was accomplished with a draw on AMP's revolving credit facility. The resulting balance was \$65,891,509 at February 28, 2014. On January 29, 2016, OMEGA JV5 issued the 2016 Beneficial Interest Certificates ("2016 Certificates") in the amount of \$49,745,000 for the purpose of refunding the promissory note to AMP in full. The outstanding amount on the promissory note had been reduced to \$49,243,377 at the time of refunding as compared to its value at December 31, 2015 of \$49,803,187. The promissory note represented the February 2014 redemption of the 2004 Certificates from funds held under the trust agreement securing the 2004 BIRCs.

The City's net investment and its share of operating results of OMEGA JV5 are reported in the City's electric fund (an enterprise fund). The City's net investment to date in OMEGA JV5 was \$167,918 at December 31, 2016. Complete financial statements for OMEGA JV5 may be obtained from AMP or from the State Auditor's website at www.ohioauditor.gov.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - JOINT VENTURES - (Continued)

The following is a summary of audited financial information of OMEGAJV5 for the year ended December 31, 2016:

	<u>OMEGA JV 5</u>
Total Assets	\$ 123,943,574
Total Liabilities	81,774,195
Deferred Inflows	39,181,492
Net Position	2,987,887
Total Revenues	20,869,026
Total Expenses	20,869,026
Change in Net Position	-

OMEGA JV 6

The City of Wadsworth is a Financing Participant with an ownership percentage of 3.47%, and shares participation with nine other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency Joint Venture 6 (OMEGA JV6). Financing Participants, after consideration of the potential risks and benefits can choose to be Owner Participants or Purchaser Participants. Owner Participants own undivided interests, as tenants in common in the Project in the amount of its Project Share. Purchaser Participants purchase the Project Power associated with its Project Share.

Pursuant to the OMEGA Joint Venture JV6 Agreement (Agreement), the participants agree jointly to plan, acquire, construct, operate and maintain the Project, and hereby agree, to pay jointly for the electric power, energy and other services associated with the Project.

OMEGA JV6 was created to construct four (4) wind turbines near Bowling Green Ohio. Each turbine has a nominal capacity of 1.8 MW and sells electricity from its operations to OMEGA JV6 Participants.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Adjustable Rate Revenue Bonds (Bonds) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. On dissolution of OMEGA JV6, any excess funds shall be refunded to the Non-Financing Participants in proportion to each Participant's Project Share and to Financing Participant's respective obligations first by credit against the Financing Participant's respective obligations. Any other excess funds shall be paid to the Participants in proportion to their respective Project Shares. Under the terms of the Agreement each financing participant is to fix, charge and collect rates, fees, charges, including other available funds, at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV6 debt service and any other outstanding senior lien electric system revenue obligations. As of December 31, 2016, Wadsworth has met their debt coverage obligation.

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - JOINT VENTURES - (Continued)

The Agreement provides that the failure of any JV6 participant to make any payment due by the due date constitutes a default. In the event of a default and one in which the defaulting Participant failed to cure its default as provided for in the Agreement, the remaining participants would acquire the defaulting Participant's interest in the project and assume responsibility for the associated payments on a pro rata basis up to a maximum amount equal to 25% of such non-defaulting Participant's Project share ("Step Up Power").

OMEGA JV6 is managed by American Municipal Power, Inc., which acts as the joint venture's agent. On July 30, 2004 AMP issued \$9,861,000 adjustable rate bonds that mature on August 15, 2019. The interest rate on the bonds will be set every six months until maturity. No fixed amortization schedule exists. The net proceeds of the bond issues were used to construct the OMEGA JV6 Project. On August 15, 2015 the remaining balance was paid on the OMEGA JV6 Bonds.

The City's net investment and its share of operating results of OMEGA JV6 are reported in the City's electric fund (an enterprise fund). The City's net investment to date in OMEGA JV6 was \$189,393 at December 31, 2016. Complete financial statements for OMEGA JV6 may be obtained from AMP or from the State Auditor's website at www.ohioauditor.gov.

The ten participating subdivisions and their respective ownership shares at December 31, 2016 are:

<u>Participant</u>	<u>KW Amount</u>	<u>% of Financing</u>
Bowling Green	4,100	56.94%
Cuyahoga Falls	1,800	25.00%

The following is a summary of audited financial information of OMEGA JV 6 for the year ended December 31, 2016:

	<u>OMEGA JV 6</u>
Total Assets	\$ 7,716,382
Total Liabilities	832,016
Total Deferred Inflows	1,426,320
Net Position	5,458,046
Total Revenues	503,211
Total Expenses	802,921
Excess of Revenue Over Expenses	(299,710)

Woodlawn Union Cemetery

The City is a participant along with Wadsworth Township in a joint venture to establish and manage the Woodlawn Union Cemetery. This establishment is allowable under Ohio Revised Code Section 759.27. This joint venture is considered a separate reporting entity by the City and has not been included in these basic financial statements. Complete financial statements for the Woodlawn Cemetery can be obtained from the Secretary-Treasurer of the Cemetery. Financial information for the Cemetery for the year ended December 31, 2016 was as follows:

Total Receipts	\$ 278,553
Total Disbursements	<u>(314,596)</u>
Change in Net Income	<u>\$ (36,043)</u>

The Cemetery has no outstanding debt.

NOTE 21 - JOINTLY GOVERNED ORGANIZATION

Municipal Energy Services Agency (MESA)

The Municipal Energy Services Agency (MESA) is a jointly governed organization among the City and 30 other municipal electric systems. MESA was formed to provide access to a pool of personnel experienced in the planning, management, engineering, construction, safety training and other technical aspects of the operation and maintenance of municipal electric and other utility systems. The continued existence of MESA is not dependent on the City's continued participation and the City does not have an equity interest in or financial responsibility for MESA. MESA has no outstanding debt.

CITY OF WADSWORTH, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 22 - CONTINGENCIES

A. Grants

The City received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2016.

B. Litigation

The City is not currently a party to any legal proceedings that would have a materially adverse effect on the financial statements at December 31, 2016.

C. Community Center

The City is currently in negotiations with the School District regarding the final payment and close-out of the Community Center project. The City has funds set aside for this final payment; however, there may be a need for other resources. The final amount has not been determined nor can it be reasonably estimated.

NOTE 23 - OTHER COMMITMENTS

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the City's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year End Encumbrances</u>
General fund	\$ 74,925
Nonmajor governmental funds	<u>518,454</u>
Total	<u>\$ 593,379</u>

CITY OF WADSWORTH, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 24 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all nonmajor governmental funds are presented below:

<u>Fund balance</u>	<u>General</u>	<u>Nonmajor Governmental Funds</u>	<u>Total Governmental Funds</u>

**COMBINING STATEMENTS
AND INDIVIDUAL FUND SCHEDULES**

CITY OF WADSWORTH, OHIO

COMBINING STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Capital Projects Funds

Airport Improvements Fund

To account for the federal grant dollars and local matches used for the capital improvements of the Wadsworth Municipal Airport.

Community Center Project Fund

To account for Income Tax Revenue Bond proceeds, the construction of a new community center and to receive lease payments and income tax revenues to service the bonds.

General Capital Improvements Fund

To account for income tax dollars used for various capital improvements and to account for dollars reserved for vehicle replacements.

EMS Reserve Fund

To account for EMS levy dollars set aside for EMS capital improvements.

Fire Levy Fund

To account for the Fire Levy dollars for the purpose of providing and maintaining fire apparatus, appliances, buildings, or sites.

Park Land Acquisition Fund

To account for fees paid in lieu of residential subdivision land dedication for public use by the developers and exclusively used for park land acquisition as determined by City Council.

Street Improvement Fund

To account for the costs associated with the street improvements made using income tax dollars.

West Street Improvements Fund

To account for the construction costs related to improvements made to West Street primarily paid for with a grant from the State of Ohio.

Special Assessments Fund

To account for transfers and cash payments by property owners related to sidewalk improvements that are assessed to the property owner.

Nonmajor Debt Service Funds

Special Assessment Bond Retirement Fund

To account for the money collected by the County Auditor for the payment of the bonds issued for the assessed projects.

CITY OF WADSWORTH, OHIO

COMBINING STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The following are the special revenue funds which the City operates:

Recreation Fund

To account for income tax revenue, lease payments, contributions & donations related to the construction, operations, and debt service of the Community Center.

Street Maintenance Fund

To account for the income tax revenue, a portion of the gasoline excise tax, a portion of the motor vehicles license tax, and miscellaneous street related sales used in the operations of the Street Department.

Emergency Medical Services Fund

To account for the EMS levy collections, charges for services, interest and donations used to support the operations of EMS.

Municipal Court Special Programs Fund

To account for a portion of the fines collected from civil and criminal court orders used to maintain and purchase computer software and equipment for the municipal court. Accounts for the fees paid by individuals that have been court ordered to do community service. These fees are used to pay for a portion of the personal services of the Director of the Community Service Program. Also, accounts for municipal court fines collected on criminal cases and used to support the activities of the Probation Officer.

Municipal Court Improvements Fund

To account for a portion of the fines collected from civil and criminal court orders used to provide the municipal court with furniture, equipment and building maintenance.

Developers Shade Tree Fund

To account for the collection of fees for street trees in lieu of planting such street trees. This fee is generally paid for by developers when the City's Engineering department does a plat of a new development. These fees are used to pay for new plantings and maintenance of existing trees.

Drug Law Enforcement Fund

To account for drug fines and donations used to support the annual safety forces camp and drug prevention programs.

Law Enforcement & Education Fund

To account for the collection of DUI Fines received by the Municipal Court and used to purchase items that will assist the Police Department in enforcing the law.

Indigent Drivers Alcohol Treatment Fund

To account for fines received through the criminal cases and for monies received from the State of Ohio for the purpose of treating indigent drivers for alcohol abuse.

CITY OF WADSWORTH, OHIO

COMBINING STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Special Revenue Funds - (continued)

Law Enforcement Trust Fund

To account for seized property by Federal, State, and local governments used to enhance law enforcement.

Permissive Motor Vehicle License Fund

To account for the collection of the local motor vehicle license tax used to plan, construct, maintain, and repair public roads, highways and streets.

State Highway Fund

The State Highway is required by the Ohio Revised Code to account for State gasoline tax and motor vehicle registration fees designated for maintenance of State highways within the City.

Abatement of Public Nuisance Fund

To account for costs associated with the reduction of public nuisances supported by General Fund transfers and special assessments.

Chippewa Creek Well Reserve Fund

To account for funds set aside per the settlement agreement between the City and the County of Wayne to be used for the purpose of water well restoration for property owners in Wayne County whose wells have been dewatered as a result of the development and use of groundwater resources in the Chippewa Creek buried valley aquifer by the City.

Community Reinvestment Fund

To account for the annual fee paid by local businesses associated with their community reinvestment agreement and for the administration of the tax incentive program.

Fire Department Education Grant Fund

To account for State of Ohio grant dollars and donations received for the education of fire department employees.

Police Continuing Professional Training Fund

To account for the activity associated with a grant provided by the State of Ohio Attorney General's Office. These dollars are to be used for paying the cost of continuing professional training programs per ORC 109.802.

Community Development Block Grant (CDBG) Fund

To account for federal grant monies used for various capital projects within the City.

Community Housing Improvement Program (CHIP) Fund

To account for federal grant dollars used in various programs administered by the City for the community improvements.

CITY OF WADSWORTH, OHIO

COMBINING STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Special Revenue Funds - (continued)

CHIP Revolving Loan Fund

To account for the portion of CHIP loans required to be paid back to the City and reused for other home improvement loans in the future per State of Ohio requirements.

Economic Development Fund

To account for a portion of motel taxes and other contributions made by various funds used for costs related to economic development.

Recreation Tax Fund

To account for taxes collected related to residential building permits and used for the development of city owned recreation sites and facilities within the city.

Revolving Loan Fund

To account for transfers and money received from the State of Ohio Development Services Agency to assist eligible businesses within the City limits.

Tax Increment Financing Fund

To account for the collection of Tax Increment Financing dollars related to the Heritage Development (Wal-Mart & Home Depot) and Wadsworth Crossings Development (Lowe's, Target, & Kohl's) used to pay for the construction of city owned infrastructure.

MAJOR FUNDS

The following funds are being reported as part of the General Fund

Street/Utility Maintenance Guarantees Fund

To account for the collection of money from subdivision developers as a performance guarantee on dedicated streets and utilities.

Parking Fund

To account for parking fines as defined in City ordinances used to improve and maintain City owned parking lots.

WCTV Fund

To account for the franchise fee paid by Time Warner Cable and Wadsworth Cable and the advertising charges for services provided by the Wadsworth Community Television (WCTV). These revenues support the daily operations of the cable studio, production of community channels, and the annual Clapper Awards public event.

Fire Dept HazMat Clean Up Fund

To account for the collection of dollars received by third parties for the containment and disposal of hazardous conditions.

CITY OF WADSWORTH, OHIO

Fund Descriptions – Proprietary Funds

Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those found in the private sector. The measurement focus is upon determination of net income, financial position, and cash flow.

Internal Service Funds

Equipment Maintenance

To account for the costs associated with the maintenance and repair of City owned vehicles and equipment. All the funds that benefit from these services pay their direct costs and their proportionate share of overhead costs.

Information Technology

To account for the costs associated with the purchase, maintenance and repair of City owned networks and computer systems. All the funds that benefit from these services pay their proportionate share of direct and overhead costs based on the number of servers, network devices, and storage.

Health Insurance Retention

To account for payments of City employee health insurance claims, third party administrative costs, and stop loss insurance premiums. All funds that have employees covered under the City's health insurance are charged a premium based on the number of employees and the coverage.

Liability Insurance Retention

To account for monies used to pay for liabilities that are below third party insurance deductibles or not covered under certain policies.

Workers' Compensation Retention

To account for payments of City employee workers' compensation claims, third party administrative costs, and stop loss insurance premiums. All funds that have employees covered under the City's self-insured workers' compensation program are charged a premium based on the amount of gross wages.

CITY OF WADSWORTH, OHIO

FUND DESCRIPTIONS - FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the city in a trustee capacity, or as an agency for individuals, private organizations, other governments and/or funds. The following are the city's fiduciary fund types:

Agency Funds

These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Escrow Accounts

To account for monies posted for development performance on various items. These monies are returned after final approval by the City of Wadsworth.

Medina County Law Library

To account for one half of the Ohio State Patrol fines collected by the Wadsworth Municipal Court in criminal related cases. These monies are forwarded to the Medina County Law Library on a monthly basis.

Memorial Park Trust

To account for third party monies used to purchase memorial trees, benches, and the like based on the third party's wishes.

Unclaimed Funds Muni Court

To account for staled dated checks issued by the City of Wadsworth for various expenses. These dollars are held in this fund until a legal claim is made.

Unclaimed Funds-City

To account for staled dated checks issued by the City of Wadsworth for various expenses. These dollars are held in this fund until a legal claim is made.

Utility Assistance Fund

To account for charitable money collected through utility bills to assist less fortunate residents pay their utility bills per the instruction by various charitable organizations within Wadsworth.

Community Center Project

To account for monies returned to the City by the Wadsworth City School District due to bid day savings.

Clearing Fund

To account for all purely custodial monies received by the City of Wadsworth that are not already accounted for in another fund.

Payroll Fund

To account for custodial monies related to payroll due to a third party.

Water Assessment Trust

To account for money collected by the City of Wadsworth for the portion of water line construction and due to a third party.

Sewer Deferred Assessment

To account for money paid to the City of Wadsworth for the portion of sewer line construction that is owed to the third party that originally constructed the sewer line.

Clearing - Utility Assessment

To temporarily account for water and sewer charges assessed to the property owner's tax duplicate and collected by the County. This money is then posted to the respective utility funds.

Muni Court

To account for civil cases and traffic/criminal cases within the court's jurisdiction.

Customer Deposits

To account for utility service deposits made by renters and/or delinquent accounts. These funds are held until the final bill is paid or the tenant becomes the owner of the property.

City of Wadsworth, Ohio

Statistical Section

This part of the City of Wadsworth's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the City's overall health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	S1 - S12
Revenue Capacity These schedules contain information to help the reader assess the factors affecting the City's most significant local revenue sources: the property tax and the municipal income tax.	S13 - S19
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	S20 - S26
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	S27 - S28
Operating Information These schedules contain services and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	S29 - S39
Sources: Sources of the information presented in this section are provided at the bottom of each schedule. The City implemented the new reporting model prescribed by GASB Statement 34 for the year ended December 31, 2003.

NOTES:

(1) In 2011, the City implemented GASB 54 which caused a restatement of Net Position for 2010. The storm water fund was reclassified from governmental activities to business type activities.

(2) The City implemented GASB 68 during 2015, and as a result 2014 was restated.

Property in the county is reassessed annually.

(a) Real property is assessed at 35% of actual value. Real property taxes collected in a calendar year are levied as of January 1 of that year based on assessed values as of January 1 of the preceding year.

(b) Public utility is assessed at 88% of actual value. Public utility real and tangible property taxes collected in a calendar year are levied in the preceding calendar year based on assessed values determined as of December 31 of the second preceding year.

(c) For 2005 and prior, tangible personal property was assessed at 25% of true value for capital assets and 23% of true value for inventory.

For 2006, tangible personal property tax was assessed at 18.75% of property value, including inventory.

For 2007, tangible personal property tax was assessed at 12.50% of property value, including inventory.

For 2008, tangible personal property tax was assessed at 6.25% of property value, including inventory.

For 2009, tangible personal property tax was eliminated, except for telephone companies and inter-exchange telecommunications companies. Tax was assessed at 10% of property value.

For 2010, tangible personal property tax was assessed at 5% of property value.

For 2011 and future years, tangible personal property tax will be assessed at zero.

(d) Tax exempt information was not available prior to tax year 2009.

(e) Does not include tax-exempt property.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The City's basic property tax rate may be increased only by a majority vote of the City's residents. Real property tax rates for voted levies are reduced so that inflationary increases in values do not generate additional revenue. Overlapping rates are those of local and county governments that apply to property owners within the City.

Legal Debt Margin Within Limitations	<u>\$25,061,158</u>	<u>\$47,844,028</u>

Note: Under State of Ohio finance law, the City of Wadsworth's outstanding general obligation debt that is supported through real estate value should not exceed 10.5 percent of total assessed property value. In addition, the outstanding general obligation debt net of voted debt should not exceed 5.5 percent of total assessed property value. By law, the general obligation debt subject to the limitation is offset by amounts set aside for repaying general obligation bonds.
