COMPREHENSIVE ANNUAL FINANCIAL REPORT

FOR THE YEAR ENDED
DECEMBER 31, 2016

Dave Yost • Auditor of State

Board of Commissioners
Hancock County
300 S. Main St
Findlay, OH 45840

We have reviewed the *Independent Auditor's Report* of Hancock County, prepared by Julian & Grube, Inc., for the audit period January 1, 2016 through December 31, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Hancock County is responsible for compliance with these laws and regulations.

To the Citizens of Hancock County
and to The Board of County Commissioners:
The Honorable Mark Gazarek
The Honorable Brian Robertson, and
The Honorable Tim Bechtol

As Auditor of Hancock County, I am pleased to present the County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2016. This report conforms to accounting principles generally accepted in the United States of America (GAAP) and provides full and complete disclosure of the financial position and operations of the County.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal controls that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Included in this report, at the front of the financial section, is an unmodified opinion on Hancock County's financial statements for the year ended December 31, 2016, rendered by Julian & Grube, Inc. This Independent Auditor's Report, found on page one of the Financial Section, provides assurance that the financial statements are free of material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Hancock County

Hancock County was established and organized in 1820. The name Hancock was chosen in honor of the first signer of the Declaration of Independence, John Hancock. The County is located in northwestern Ohio abutting Hardin, Putnam, Seneca, Wood, and Wyandot counties in Ohio. It is approximately forty-five miles south of the City of Toledo and one hundred ten miles north of the City of Dayton. As a result of this location, in the so-called "I-75 Corridor", the County has been able to take advantage of its proximity to major population centers, its access to major transportation routes, and its rural location to create strong business and industrial growth. A number of major distribution centers have been constructed and opened in the County because of its location. The location of suppliers and related businesses in the County has been fostered by the presence of large facilities in Ohio, Michigan, and Kentucky, all of which are located close to I-75.

The County's 2010 census population of 74,782 placed it as the 35th most populous of the State's eighty-eight counties. The City of Findlay (the "City"), which is the County seat, has an estimated 2016 population of 41,908 and is the largest municipality in the County. In addition to the City, there is a portion of one other city, eleven villages or portions of villages, and seventeen townships located within the County.

The County's area is approximately five hundred thirty-two square miles broken down by land use as follows:

	Percent of Assessed Valuation for Real Property
Residential	61.85%
Commercial/Industrial	18.60
Public Utility	0.05
Governmental (including parks) and Other Tax Exempt	(a)
Agricultural	19.50

(a) Exempt from property taxation.

Cities and villages in the County provide various services pursuant to statutory authorizations and the constitutional grant to municipal corporations of "all powers of local self government". Among the services provided and powers generally exercised by cities and villages (and to some extent by townships) are public safety including police and fire, construction, maintenance and repair of streets and sidewalks, certain sanitation and health activities, recreation including parks, playgrounds and swimming pools, certain public service enterprises such as water and sewer systems, airports, and hospitals, and certain planning and zoning functions.

The County nonetheless has significant responsibilities in the areas of general government, administration of justice, road and bridge maintenance, health care, sanitation and public welfare, social services, and public assistance.

Educational services are provided by the various quality school districts within the County.

The Hancock Park District provides exceptional park and recreation facilities and programs for the County.

One daily newspaper serves the County. The County is within the broadcast area of five television stations and approximately twenty AM and FM radio stations. Time Warner Cable provides multi-channel cable television service including educational, governmental, and public access channels in the County's area.

The County is directly served by Blanchard Valley Regional Health Center, a one hundred fifty bed acute-care hospital located in the City, and one of the largest general hospitals in northwest Ohio. Blanchard Valley Health System is one of the largest employers in the area with 2,700+ associates and serves an eight-county area, which includes Hancock, Allen, Putnam, Henry, Wood, Seneca, Wyandot, and Hardin Counties. The Health Center is presently owned and operated by Blanchard Valley Health Association, a private nonprofit corporation. The County owns the land of the Health Center.

The County's area has a number of institutions of higher education. The University of Findlay, a four-year institution, has an approximate enrollment of 5,075 full- and part-time students. Owens Community College have campuses located in the County and account for enrollment of 1,277 students. Within commuting distance to the County are numerous public and private two-year and four-year colleges and universities, including Bowling Green State University, University of Toledo, James A. Rhodes State College, The Ohio State University-Lima Branch, Tiffin University, Ohio Northern University, Bluffton College, Heidelberg College, and University of Northwestern Ohio.

The Findlay Area Arts Partnership coordinates the activities of 14 member organizations in the fields of theater, art, music, and literature. It brings The Toledo Symphony and other nonresident artists, poets, writers, and dancers into area schools and annually sponsors the Findlay Art Walk in downtown Findlay.

New in the community is the Marathon Center for the Performing Arts (MCPA). It is Northwest Ohio's premier destination for diverse arts programming, education and entertainment. MCPA strives to enrich lives and strengthen the economic vitality of the community. Using Findlay's historic Central Middle School as both its structural and aesthetic foundation, MCPA features a beautifully renovated 960 seat performance space featuring a large proscenium stage.

The Findlay-Hancock County Public Library serves the County with the main library, two branches, and a bookmobile. Its collection includes well over 200,000 catalogued items. The Hancock Historical Center preserves the history of the area.

Major railroads serving the County include Conrail, Norfolk, and Southern. One interstate highway, and 12 State and U.S. highways that serve the County enable trucking companies to provide motor freight carrier service between the County and various points throughout the United States. In addition, the County constructed a connector road between the Tall Timbers International Industrial Park and I-75. This road serves as the first leg of a by-pass around the City and opened approximately 500 acres of land to development.

The County is served by the Findlay Airport, located in the City. Commercial air service is available at airports of the cities of Cleveland, Columbus, Toledo, Dayton, and Detroit, all less than a two-hour drive from the County.

The County has only those powers conferred upon it by Ohio statutes. The County is governed by a three member Board of County Commissioners. The Commissioners serve as the taxing authority, the contracting body, and the chief administrators of public services for the County. The Commissioners adopt the annual operating budget and prepare the annual appropriation resolution for expenditures of all County funds.

The Board of County Commissioners, by statute, adopts an annual appropriation measure for the County on or before the first day of January. All disbursements or transfers of cash between funds require appropriation authority from the County Commissioners. Budgets are controlled at the object level within a department or fund. The department head or the County Commissioners approve the purchase orders and the Auditor encumbers the funds. Any purchase order that exceeds the available appropriation is rejected until additional appropriation authority is secured. A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriation prior to authorizing additional purchases from a particular account.

The County Auditor serves as Chief Fiscal Officer for the County. No County contract or obligation may be made without the Auditor's certification that funds for that contract or obligation have been lawfully appropriated and are available for payment or are in the process of collection. As Chief Assessing Officer for the County, the Auditor is responsible for determining the fair market value on real estate for property tax purposes, establishing tax rates, and maintaining property record information. In addition, the Auditor serves as the County Sealer of Weights and Measures.

The County Treasurer is the custodian of all County funds and is responsible for collecting all tax monies and applying payments to the appropriate tax accounts. The Treasurer is also responsible for investing all County funds under the guidelines specified by Ohio law. Other elected officials serving four-year terms are the Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, and Clerk of Courts. Three Common Pleas Judges, one designated as Probate/Juvenile Judge, are elected to six-year terms.

For financial reporting purposes, the County includes all funds, agencies, boards, and commissions making up Hancock County (the Primary Government) and its component units in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 “The Financial Reporting Entity” and GASB Statement No. 39 “Determining Whether Certain Organizations Are Component Units - an amendment to GASB Statement No. 14” and GASB Statement No. 61 “The Financial Reporting Entity: Omnibus”. The County’s primary government includes the financial activities of the Hancock County Board of Alcohol, Drug, and Mental Health Services, the Board of Developmental Disabilities, the Job and Family Services Department, and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations which are fiscally dependent on the County or for which the County is financially accountable. The Blanchard Valley Industries, Hancock Community Housing, Inc. and Blanchard Valley Residential Services, Inc. have been included as discretely presented component units.

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., Hancock Regional Planning Commission, the Blanchard Valley Port Authority and Metropolitan Housing Authority are jointly governed organizations. The County participates in the Midwest Pool Risk Management Agency, Inc. and the Midwest Employee Benefit Consortium, which are insurance pools. The County Park District and the Findlay-Hancock County Public Library are related organizations.

The County serves as fiscal officer and custodian of funds, but is not financially accountable for, the Hancock Public Health Department, Hancock County Family First Council, the Hancock County Soil and Water Conservation District, Hancock Regional Planning Commission, and the Local Emergency Planning Commission whose activities are included as agency funds. The County Park District participates in the County’s investment pool.

A complete discussion of the County’s reporting entity is provided in Note 1.

Local Economy

Hancock County is home to many large, global companies such as Marathon Petroleum Corporation and Whirlpool Corporation. In 2016, our community continued to expand the industrial job market as well as fashion retailers, local restaurants, human resources and management, and retail automotive dealers. This influx of expanding/new business represents a significant capital investment and job creation in the community.

In the fall of 2016, McLane completed construction of its \$119 million, 337,831-square-foot grocery distribution center on Findlay’s north end. It will receive 50,000 grocery and convenience store products from across the country. It will then distribute the goods to stores, restaurants and merchants in Ohio, Michigan, Indiana and Pennsylvania. The 100-foot-tall warehouse has laser-wielding robots rise 10 stories to store and retrieve inventory. McLane has 22 other grocery distribution centers across the nation but the Findlay facility is only the second highly automated.

Blanchard Valley Health System, which started out in 1891 as Findlay’s first hospital, has seen incredible growth over recent years. What started out as Findlay’s first hospital in 1891 has now expanded into a primary hospital campus on South Main Street in Findlay. Additional services offered to the community include the Eastern Woods campus on Findlay’s east side, the Bluffton Hospital campus, and more than a dozen health-related enterprises including retirement communities, ambulance service, and a medical equipment company. In addition to these services, Blanchard Valley Health System has created a new medical spa that offers cosmetic treatments and spa services. In 2016, Blanchard Valley Health System implemented a new electronic health care information system. The intent of the system is to streamline data across the various services the health system provides, including focusing on patient safety, reducing costs, and encouraging preventative care.

Marathon Petroleum Corporation, has completed its \$80 million “campus” expansion, adding two office buildings, two multi-level parking garages, and a green space on property adjacent to their existing corporate headquarters in downtown Findlay. One of the new buildings serves as headquarters for their pipeline subsidiary MPLX LP, which has added 150 new jobs to Findlay. The second building contains warehouse/delivery space on the ground floor and offices above. The two parking garages offer a combined total of 2,500 parking spaces. The campus expansion also includes green spaces for employees, complete with Wi-Fi access from outdoor benches and tables. Construction of a \$20 million, 5-story hotel, appropriately named “The Hancock,” is in the process of being completed with plans to open in early 2018 with 100 rooms. Local businesses are anticipating Marathon’s expansion to increase sales in the downtown area.

In 2016, Whirlpool Corp. completed a \$40.6 million, 86,400-square-foot expansion last year at its Findlay dishwasher plant. It is starting to occupy the new space first quarter of 2017 and will have full occupancy by June 30, 2017. Whirlpool will add 50 jobs by 2019 related to the expansion.

Personal incomes in Hancock County increased by \$1.23 billion, or 33 percent over the last ten years. Hancock County is consistently ranked among the top counties in the State for the lowest unemployment rate; we ranked 4th out of 88 counties for 2015. Hancock County averaged 3.6 percent unemployment, remaining under the State average of 5.3 percent.

2016 was a revaluation year, which entailed a physical inspection of all real estate parcels in the County. Property values increased over the last six years as indicated by the County 2016 sexennial update with taxes payable in 2017. Most of this growth is related to residential real property and increased agricultural values within the County. Recently, the demand for housing can be attributed to new jobs coming to fruition. The number of homes offered for sale in the County decreased in 2016 slightly, thus creating competition among buyers. The result was an active housing market where the average sales price for residential property was increased from 2015 values to \$136,750 in 2016.

Long-Term Financial Planning

Hancock County management has been committed to maintaining, at a minimum, a year-end cash balance of \$2.5 million in the General Fund. This level of cash balance was achieved for the 2016 year-end, in addition to maintaining a Budget Stabilization fund.

The Commissioners established a Budget Stabilization Fund in 2010; the fund is only an insulator against short-term economic changes and, because of the limitations imposed by the Ohio Revised Code, could not reasonably protect an entity from long-term economic factors. The Commissioners maintain a proactive management approach by requesting quarterly meetings with the Budget Commission to review revenue. The Budget Commission members are the County Auditor, Prosecutor, and Treasurer. If actual revenue falls below the estimates, the Budget Commission has the statutory authority to decrease the revenue estimates. If the revenue estimates decrease, the appropriations are reviewed for potential adjustments to ensure that appropriations remain within the revenue estimates as required by statute. The Commissioners have reduced appropriations in the past to keep pace with the revenue estimates and end the year with a minimum cash balance of \$2.5 million in the General Fund.

The elected officials in the County continue to work together to establish a long-term operating plan. This plan will provide a decision-making tool to assist County officials with management decisions both presently and into the future. However, as with any long-term plan, constant monitoring and assessments must be done to ensure the plan remains viable. As economic and other factors change, Hancock County elected officials understand the need to investigate, plan, and respond in a manner which maintains a high level of services to our community. County officials meet regularly to address operational concerns that have an impact on the budget. Discussions have begun on the expiration of the 10 year 1/2% sales tax. This tax is set to expire at the end of 2018. One quarter of the sales tax is designated by Resolution for funding the flood control project, while the other quarter percent is used to supplement the County operations budget. Elected officials are evaluated the need to continue the sales tax after 2018.

Additionally, the County is assessing current and future needs for the Probate/Juvenile Court that is housed in a 150-year old building. An evaluation of the condition and capacity of the current court rooms has been completed. The estimate for construction was \$900,000. Bids were received in excess of the allowed 110% of the estimate, therefore, further assessment is underway for alternatives for this building or a new building on County owned land.

Relevant Financial Policies

It is the County's policy to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Expenditures are set based upon available revenues with the County Commissioners determining the level of funding for each department or office within the primary government. The availability of resources is determined by the County's Budget Commission.

The County Treasurer manages the investment of County funds by adhering to the Investment Policy that has been approved by the County's Investment Advisory Committee. Any financial institution that holds County funds must also agree to the requirements of this policy. This policy details the objectives and allowable rules for the safekeeping of County funds.

The County Auditor's capital assets policy is designed to provide accountability and internal controls for the County's capital asset reporting. The Auditor's Office assists departments in gathering and maintaining information for the preparation of financial statements.

Major Initiatives

Flooding isn't an isolated problem; it can affect farmers, homeowners, and business owners alike; Hancock County is committed to finding a solution. The U.S. Army Corps of Engineers' preferred flood-control plan was released in April 2015. The plan recommends a 9.6-mile western diversion channel and a 1.5-mile levee southeast of Findlay, with an estimated cost of \$65.9 million. According to the corps, the proposed plan would save approximately \$3.8 million a year by reducing/preventing crop damage, infrastructure degradation, and real/personal property losses. The final stage of the Army Corps plan is known as the "Chief's Report," which is necessary to apply for federal funding of up to 65% of the total construction cost. Recently, the Army Corps announced an unexpected delay in the release of the Chief's Report. An outcry from local elected officials and the community resulted in the County Commissioners visiting the Army Corps of Engineers at their district office in Buffalo, New York. After that meeting, the Commissioners decided to interview independent engineering firms as an alternative to continuing with the Army Corps. Departing from the Army Corps and the Chief's Report means foregoing any federal funding, however federal funding was determined "unlikely" when our flood project was compared to other competing projects in the nation. The County Commissioners ultimately selected an independent engineering firm named Stantec to review the studies and plan(s) already completed by the Army Corps. This fresh "second look" by Stantec has produced an alternative flood-control plan which is under discussion for funding sources such as local and state dollars. The Maumee Watershed Conservancy District has agreed to proceed with Phase 1 of a flood reduction measure in the year 2017. This Phase is estimated to be \$20 million. A ¼% of the County sales tax has been placed into a capital fund for nine years and will be the source of funding Phase 1 through the City of Findlay. In addition to the overall flood-control plan, cleaning 10,000 dead ash trees and debris from the Blanchard River was completed in 2016 to maintain the river.

After lengthy discussions, Findlay and Hancock County's health departments consolidated into one combined general health district, Hancock Public Health, on January 1, 2016. Streamlining immunizations, physicals, birth records, and many other health services for Findlay and Hancock County residents are a top priority, therefore, any questions such as shared funding, office space/location, staffing, grant administration, and accreditation had to be resolved prior to the consolidation to avoid any disruption in services to the community. Additionally, state law now requires all boards of health to apply for accreditation by 2018 and achieve accreditation by 2020 to maintain state funding. Combining into one general health district alleviates the need for two separate boards to apply for and achieve the necessary accreditation. Hancock Public Health is committed to achieving accreditation and concurrently maintaining a full array of health services to the community.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hancock County for its comprehensive annual financial report for the year ended December 31, 2015. The Certificate of Achievement is a prestigious national award received for conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an efficiently organized Comprehensive Annual Financial Report that is both easy to read and satisfies all program standards. Such a report must also conform to generally accepted accounting principles and comply with applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting this report to GFOA.

The preparation of this report could not have been accomplished without the assistance and cooperation of every County elected office, department head, and their staff. The staff of the Auditor's Office works diligently each year to ensure accuracy and accountability in the financial report for Hancock County. I would like to thank my fiscal staff, Adam Witteman, Kim Boudrie, Nancy Hiatt, Chelsi Frankforther, and Valorie Gillig for their dedication and service. I am grateful to the County Commissioners for their continued support through adequate funding of the CAFR.

Respectfully submitted,

Independent Auditor's Report

Hancock County
300 South Main Street
Findlay, Ohio 45840

To the Board of Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hancock County, Ohio, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Hancock County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of Blanchard Valley Industries, Hancock Community Housing, Inc., and Blanchard Valley Residential Services, Inc., Hancock County's discretely presented component units, which represent 100%, 100%, and 100%, respectively, of the assets, net position, and revenues, of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Blanchard Valley Industries, Hancock Community Housing, Inc. and the Blanchard Valley Residential Services, Inc., is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement. The other auditors audited the financial statements of Blanchard Valley Industries and Blanchard Valley Residential Services, Inc., in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to Hancock County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of Hancock County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Independent Auditor's Report
Hancock County

Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hancock County, Ohio, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and Major Special Revenue Funds: Motor Vehicle License and Gas Tax Fund, Alcohol, Drug and Mental Health Fund, Job and Family Services Fund, and Board of Developmental Disabilities Fund, thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liability / net pension asset and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on Hancock County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Independent Auditor's Report
Hancock County

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2017, on our consideration of Hancock County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hancock County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 UNAUDITED

The management's discussion and analysis of Hancock County's (the "County") financial performance provides an overview of the County's financial activities for the year ended December 31, 2016. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

Using This Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements also provide detail of the County's financial position.

The County's basic financial statements are comprised of three components: the County-wide financial statements, the fund financial statements, and the notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

County-Wide Financial Statements

The county-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. The statement of activities presents information showing how the County's net position changed during 2016. These statements are prepared using the accrual basis of accounting similar to the accounting method used by most private sector companies. This basis of accounting considers all of the current year's revenues and expenses, regardless of when the cash is received or paid.

The change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished from the prior year. Over time, these increases and/or decreases are indicators of whether the financial position is improving or deteriorating. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of the County's capital assets may also have an impact on the change.

In the statement of net position and the statement of activities, the County is divided into three kinds of activities:

Governmental Activities - Most of the County's programs and services are reported here, including general government legislative and executive and judicial, public safety, public works, health, human services, economic development, and conservation and recreation. Primarily taxes and intergovernmental revenues, including federal and state grants and other shared revenues, fund these services.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's Sanitary Landfill, Agricultural Service Center, and BMV One-Stop building are reported here.

Component Units - The County's financial statements include financial data of the Blanchard Valley Industries, Inc., the Hancock Community Housing, Inc. and Blanchard Valley Residential Services, Inc. These component units are described in the notes to the financial statements. The component units are separate and may buy, sell, lease and mortgage property in their own name, and can sue or be sued in their own name.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, enterprise funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to our residents. The County's major governmental funds are the General Fund, Motor Vehicle and Gas Tax Fund, Alcohol, Drug, and Mental Health Fund, Job and Family Services Fund, Board of Developmental Disabilities Fund and Flood Mitigation Fund.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds. The reporting focuses on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the county-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the county-wide financial statements. By doing so, readers may better understand the long-term impact of the County's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in this report.

Proprietary Funds - The County's proprietary funds use the accrual basis of accounting, the same as used for the business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the Sanitary Landfill operations, the Agricultural Service Center, and the BMV One-Stop building. The County also maintains an internal service fund for the self insurance of workers' compensation.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the county-wide financial statements because the resources from these funds are not available to support the County's programs. The accounting method used for fiduciary funds is the accrual basis.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided on the county-wide and fund financial statements.

Required Supplementary Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's net pension asset/liability.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

During a previous year, the County adopted Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27" and GASB Statement 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68" which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 UNAUDITED

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the standards required by GASB 68, the net pension liability equals the County's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the County's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

Current and other assets for governmental activities decreased approximately \$300,000 from the previous year. Equity in pooled cash showed a decrease due to a reduction in cash reserves related to the Board of Development Disabilities. Due from other governments also decreased due less grant support in the Alcohol, Drug and Mental Health department and a decrease in local government support in the general fund. Capital assets decreased roughly \$1.5 million due to the donation of Distribution Dr. to a township within the County. Other liabilities in the governmental activities decreased due to accounts payable outstanding at year-end as well as a decrease in bond anticipation notes outstanding. Long-term liabilities increased due to an increase in the net pension liability at year-end.

HANCOCK COUNTY, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
UNAUDITED**

The current and other assets of the business-type activities increased approximately \$600,000 due primarily to an increase in equity in pooled cash and investments in the sanitary landfill activities and an increase restricted assets related to the landfill that held for closure costs. Capital assets of the business-type activities primarily decreased because of disposals made in the sanitary landfill fund. Other liabilities decreased due to a decrease in accounts payable related to sanitary landfill equipment purchased on account in a previous year. Long-term liabilities outstanding increased due to an increase in net pension liability.

Table 2 shows the changes in net position for 2016 and 2015.

The increase in charges for services can mainly be attributed to an increase in special assessment revenue received for ditch maintenance as well as an increase in conveyance and mapping fees. The operating grants and contributions decreased due to lower grant revenue received for the job and family services and the board of developmental disabilities programs. The decrease in capital grants and contributions is primarily the result of a decrease in grants received from the Ohio Department of Transportation and Ohio Public Works Commission grant money.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016
UNAUDITED

General revenues increased only slightly by about \$150,000 in 2016. The most significant increases were in the area of sales tax revenues and property taxes. Sales tax revenues increased roughly \$300,000 due to a rebound in the economy which resulted in better sales throughout the County. Property tax revenue increased due to better collections and a higher assessed value.

Many expense categories increased from prior year due primarily to wage and benefit increases. Overall expenses increased approximately \$3.5 million. Public safety increased due to increased spending in the sheriff's department related to wages increases and pension expense. Health decreased due to less money being spent by the Board of Development Disabilities department. Human services decreased due to less program money being expended by Job and Family Services. Conservation and recreation increased due to higher amounts being spent on flood mitigation.

Net position of the business-type activities increased due to operating revenues in these activities outpacing operating expenses.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Charges for services provided for 51.08% of the costs of the legislative and executive program which represents costs associated with the general administration of County government including the County Commissioners, Auditor, Treasurer, Recorder, and Prosecuting Attorney. Charges for services (primarily fines and forfeitures) provided for 42.47% of the costs of the judicial program. This program represents costs associated with the administration of the County's court system including the Common Pleas, Probate, and Juvenile courts.

Program revenues exceeded costs for the public works program due to the capital contributions from the state and federal governments for capitalized assets.

The health and human services programs are principally funded from operating grants, contributions, and interest. The net cost of services represents property tax revenues or allocations from the General Fund. Health services consist of mental health and mental disability expenses. Human services include expenses for the Job and Family Services and Children Services departments.

Governmental Funds Financial Analysis

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. The County's major governmental funds are the General Fund, Motor Vehicle and Gas Tax Fund, Alcohol, Drug, and Mental Health Fund, Job and Family Services Fund, Board of Developmental Disabilities Fund and Flood Mitigation fund.

The General Fund is the primary operating fund of the County. At the end of 2016, unassigned fund balance was \$4,804,145 while total fund balance was \$7,753,372. During 2016, the County's General Fund increased \$409,185 due primarily to an increase in sales tax revenue.

The Motor Vehicle and Gas Tax Fund increased \$723,193 due primarily to a decrease in expenditures. The Motor Vehicle and Gas Tax Fund decreased spending in the areas of personal services and materials and supplies in comparison to the previous year.

The Alcohol, Drug, and Mental Health Fund's fund balance increased by \$229,877. This fund experienced increases in intergovernmental revenues to go along with a decrease in spending from the previous year.

The increase in fund balance in the Job and Family Services Fund can be attributed to lower costs expended during the year to counteract decreased grant support.

The Board of Developmental Disabilities Fund showed a decrease in fund balance in 2016. While revenues decreased related to lower intergovernmental grant revenue, the fund's decreased its costs but also transferred out \$1.4 million for capital project costs.

The Flood Mitigation Fund increased due to transfers from the General Fund from increased sales tax revenues and a grant received during the year. This fund should continue to increase to offset any anticipated flood mitigation assessments.

Business-Type Activities Financial Analysis

The County's enterprise funds provide the same information found in the county-wide financial statements. The County's enterprise funds are the Sanitary Landfill, the Agricultural Service Center, and the BMV One-Stop Building.

The change in net position for the Sanitary Landfill Fund was mainly the result of operating revenues exceeding operating expenses. The fund was able to charge costs that exceeding an increase operating expenses, primarily in contract services.

The Agricultural Service Center Fund increased due an increase in charges for services as well as savings realized from the refunding of previous bonds outstanding.

The BMV One-Stop enterprise fund reported a positive change in net position due to operating revenues, consisting of charges for services, exceeding operating expenses.

Budgetary Highlights

The County prepares an annual budget of revenues and expenditures/expenses for all funds of the County for use by County officials and department heads. By State statute, the Board of County Commissioners adopts the annual operating budget for the County effective the first day of January. Elected officials meet regularly to evaluate budget status and prioritize the capital needs of the County.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 UNAUDITED

For the General Fund, the revenue and other financing sources increased from the original budget to the final budget by about \$1.6 million. This increase was the result of better sales tax collection estimates throughout the year and better than expected investment income returns. Actual receipts and other financing sources increased about \$1.9 million from the final budget. This increase was primarily the result of increases in sales taxes, charges for services and advances to be repaid which are not required to be budgeted by the County.

Appropriation changes from the original budget to the final budget were roughly \$1.8 million higher due to a large increase in transfers out of the increase in sales tax committed for flood mitigation. Actual expenditures and other financing uses were approximately \$700,000 less than the final budget. While all expenditure line items showed positive variances, advances out increased \$323,678 since the County is not required to budget these amounts. The most significant changes in the expenditures were in the areas of legislative and executive, judicial, public safety and human services. In legislative and executive, the most significant decrease from final budget to actual was in building and ground maintenance. Contractual services decreased due to conservative budgeting. In judicial, common pleas showed the most significant unused appropriation decrease. In public safety, the primary reason for the decrease was due to the sheriff and jail operations spending less than their budget. Human services showed a large decrease due to conservative spending in soldier's relief and veteran's services.

Capital Assets and Debt Administration

Capital Assets - The County's capital assets for governmental and business-type activities as of December 31, 2016, were \$110,089,123 and \$10,295,542, respectively, (net of accumulated depreciation). This investment in capital assets includes land, easements, construction in progress, buildings, improvements other than buildings, equipment, vehicles, and infrastructure.

For governmental activities, major capital asset additions included land purchases, equipment, construction in progress, buildings and infrastructure. In business-type activities, the Landfill purchased new equipment. Note 12 to the basic financial statements provides additional information regarding capital assets.

Debt - At December 31, 2016, the County had total general obligation bonded debt outstanding of \$9,821,261. Of this amount, \$3,472,674 will be repaid from business-type activities. Other outstanding debt included special assessment bonds of \$618,680, OWDA loans of \$74,595, \$1,387,197 in other loans and OPWC loans of \$254,825.

Moody's has assigned an underlying rating of Aa2 and Standards & Poor's Corporation has assigned an underlying rating of AA- to the outstanding general obligation debt of the County.

In addition to the bonded debt, the County's long-term obligations include net pension liability, compensated absences and closure/postclosure costs. Notes 19 and 20 to the basic financial statements provide additional information regarding the County's debt.

Current Issues

For 2016, the County recognized approximately \$600,000 in additional sales tax revenue on a cash basis. This increase was attributed to a variety of factors which originated in 2016. First, several local companies made improvements to their facilities which, as a by-product, generated revenue. In early 2017, the County has shown a slight decrease in sales tax receipts which may prompt a further look into decreasing expenditures. As prior years' projects are winding down, fewer new projects are starting up.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2016 UNAUDITED

The County Commissioners awarded a contract for the construction of a new Engineer's maintenance garage in early 2014. The existing maintenance garage was undersized based on the current needs of the Engineer's Office, as well as heavily damaged during a windstorm. Construction of the new maintenance garage proceeded slowly due to unseasonable weather including subsequent windstorms, record-setting snowfall, and a polar vortex which created unprecedented sub-zero temperatures. Record cold temperatures continued into mid-March 2015. Throughout construction, the Engineer's maintenance staff worked in temporary facilities outfitted with plastic drop cloths and portable heaters to keep the plow/salt vehicles out on the county roads. Construction of the maintenance garage is complete.

In the mid-1990s, the County used tax increment financing to construct a connector road between Interstate 75 and the Tall Timbers International Industrial Park on Industrial Drive, opening about 500 acres to development. The project incorporated expanding parts of Hancock County 99 and Hancock County 212 to four lanes between I-75 and Hancock County 236. In 2016, the County's bonds for the I-75/ Tall Timber connector were paid off early in the amount of \$1,925,000. This long-term project has illustrated a huge success in drawing companies to Hancock County with the current infrastructure in place. Due to the success, the amount needed to call on the debt service was fully collected by 2015.

HANCOCK COUNTY, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2016

Net change in fund balances - total governmental funds \$ 2,811,862

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital asset additions	\$	3,806,458	
Current year depreciation		<u>(3,831,063)</u>	
Total			(24,605)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position. (1,501,071)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes		9,105	
Sales taxes		(46,507)	
Special assessments		(208,028)	
Charges for services		(33,073)	
Fines and forfeitures		(87,580)	
Intergovernmental		(153,057)	
Interest income		(189)	
Rental income		7,972	
Other		<u>(128,839)</u>	
Total			(640,196)

Proceeds of bonds and loans are reported as an other financing source in the governmental funds, however, in the statement of activities, they are not reported as revenues as they increase the liabilities on the statement of net position.

Bonds		(2,934,095)	
OWDA loans		<u>(22,707)</u>	
Total			(2,956,802)

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position.

General obligation bonds		2,285,000	
Special assessment bonds		189,999	
OWDA loans		56,997	
Guaranteed energy savings performance contract		224,772	
ADAMH loan		<u>5,755</u>	
Total			2,762,523

In the statement of activities, interest is accrued on outstanding bonds and loans, whereas in governmental funds, an interest expenditure is reported when due.

Accrued interest payable		(5,728)	
Amortization of bond premiums		46,082	
Amortization of bond discounts		(236)	
Amortization of deferred amounts on refunding		<u>(119,211)</u>	
Total			(79,093)

(Continued)

HANCOCK COUNTY, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2016
(CONTINUED)

Payment to refunded bond escrow agent for the retirement of bonds is an other financing use in the governmental funds but the payment reduces long-term liabilities on the statement of net position. Deferred charges related to bond refundings are amortized over the life of the issuance in the statement of activities. The following refunding transactions occurred during the year:

Bonds refunded	\$	2,355,000	
Premiums associated with bonds refunded		52,623	
Deferred charges on refundings		81,229	
Total	\$		2,488,852

Premiums on general obligation bonds are recognized as other financing sources in the governmental funds, however, they are amortized over the life of the issuance in the statement of activities. (347,885)

Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows. 2,179,502

Except for amounts reported as deferred inflows/outflows, changes in the net pension asset/liability are reported as pension expense in the statement of activities. (3,204,026)

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (99,403)

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the government-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities. 14,591

Change in net position of governmental activities **\$ 1,404,249**

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF THE COUNTY

Hancock County, Ohio (the "County"), was incorporated in 1828. The County is governed by a Board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditor, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, Treasurer, Clerk of Courts, two Common Pleas Court Judges and a Probate/Juvenile Court Judge. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County, including each of these departments.

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus". The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements of the County are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Hancock County, this includes the Board of Alcohol, Drug, and Mental Health Services, the Board of Developmental Disabilities, the Job and Family Services Department, Hancock Emergency Management Agency, and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt, or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading.

The component unit columns on the financial statements identify the financial data of the County's discretely presented component units. They are reported in separate columns to emphasize that they are legally separate from the County.

Blanchard Valley Industries: Blanchard Valley Industries (Industries) is a legally separate not-for-profit corporation served by a Board of Trustees whose appointment is approved by the Hancock County Board of Developmental Disabilities (DD). The Industries, under a contractual agreement with the Hancock County Board of DD, provides sheltered employment for handicapped adults in Hancock County. The Hancock County Board of DD provides the Industries with staff salaries, transportation, equipment (except that used directly in the production of goods or rendering of services), staff to administer and supervise training programs, and other funds as necessary for the operation of the Industries.

Based on the significant services and resources provided by the County to the Industries, and the Industries' sole purpose of providing assistance to handicapped adults of Hancock County, the Industries is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Blanchard Valley Industries, 1700 East Sandusky Street, Findlay, Ohio 45840.

FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 1 - DESCRIPTION OF THE COUNTY - (Continued)

Hancock Community Housing, Inc.: The Hancock Community Housing, Inc. is a legally separate not-for-profit corporation. It was created to develop dwellings and provide affordable housing in Hancock County for persons from the County with disabilities. The Hancock Community Housing, Inc., is governed by a five member Board of Trustees appointed by the Hancock County Board of DD. The Hancock Community Housing, Inc., under a contractual agreement with the Hancock County Board of DD, provides housing for handicapped adults in Hancock County. The Hancock County Board of DD provides Hancock Community Housing, Inc. with State grants to purchase property.

Based on the significant services and resources provided by the County to Hancock Community Housing, Inc., and their sole purpose of providing housing to handicapped adults of Hancock County, the Hancock Community Housing, Inc. is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Hancock Community Housing, Inc., 1700 East Sandusky Street, Findlay, Ohio 45840.

Blanchard Valley Residential Services, Inc.: Blanchard Valley Residential Services, Inc. is a non-profit organization incorporated in the State of Ohio. The Organization was formed in 2013 for the purpose of managing and operating Blanchard Valley Center which is comprised of three 8-bed residential facilities. The Hancock County Board of Developmental Disabilities (the "County") owns the facilities and holds the license to the 24 beds.

Based on the significant services and resources provided by the County, Blanchard Valley Residential Services, Inc., is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Blanchard Valley Residential Services, Inc. 1701 E. Main Cross, Findlay, Ohio 45840.

Jointly Governed Organizations - The County participates in four jointly governed organizations; the Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., the Metropolitan Housing Authority and the Blanchard Valley Port Authority (See Note 26).

Insurance Pools - The County participates in two insurance pools: the Midwest Pool Risk Management Agency, Inc. and the Midwest Employee Benefit Consortium (See Note 27).

Related Organizations - Hancock County officials are responsible for appointing a voting majority of the Board members of the County Park District, the Findlay-Hancock County Public Library and the Regional Planning Commission (See Note 28).

The County Treasurer, as custodian of public funds, invests all public moneys held on deposit in the County treasury. In the case of separate agencies, boards, and commissions, the County serves as fiscal agent, but is not financially accountable for the organization. The activity of the County Park District is presented as an investment trust fund. The activity of the remaining organizations is presented as agency funds within the County's financial statements:

- Hancock Public Health (formerly Hancock County General Health District)
- Hancock County Soil and Water Conservation District
- Local Emergency Planning Commission
- Hancock County Family First Council

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Hancock County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the County's accounting policies.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the County are presented in three categories; governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources less liabilities and deferred inflows of resources is reported as fund balance.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following are the County's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Motor vehicle and gas tax special revenue fund - This fund accounts for revenues derived from motor vehicle license and gasoline taxes that are restricted for public works programs.

Alcohol, drug and mental health fund - The fund accounts for a county-wide property tax levy and federal and State grants that are restricted for the cost of services provided by local mental health agencies to the public at large.

Job and family services fund - The fund accounts for various federal and State grants that are restricted to provide public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

Board of developmental disabilities fund - The fund accounts for a county-wide property tax levy and federal and state grants and entitlements that are restricted for operating the Blanchard Valley School, a residential center, and the costs of administering a facility for the developmentally disabled.

Flood mitigation fund - The fund accounts for transfers from the County general fund sales tax revenues and contributions from the City of Findlay that are committed and restricted, respectively, for capital improvements intended to reduce the risk of damage to County property due to severe flooding.

Other governmental funds of the County are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects, (c) financial resources that are restricted, committed, or assigned to expenditure for principal and interest and (d) to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the County's programs.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods and services. The following are the County's major enterprise funds:

Sanitary landfill fund - This fund accounts for fees collected at the County landfill for dumping waste. This fund also includes the activities for the recycling facility, Litter Landing.

Agricultural service center fund - This fund accounts for the rental of space in the agricultural service center. Rental fees are based on the costs of maintaining the building and annual debt service payments.

BMV one-stop fund - This fund accounts for the rental of space in the Bureau of Motor Vehicles building. Rental fees are based on the costs of maintaining the building and annual debt service payments.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Internal Service Fund - The internal service fund is used to account for the financing of goods or services provided by one department or agency or other departments or agencies of the County, or to other governments, on a cost-reimbursement basis. The only internal service fund of the County accounts for a self-insurance program for workers' compensation.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operation. The County's investment trust fund accounts for the external portion of the cash management pool which represents resources that belong to legally separate entities. The County's agency funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent, which include the Hancock County General Health District, the Hancock County Soil and Water Conservation District, the Local Emergency Planning Commission and the Hancock County Family First Council, and for taxes, State-levied shared revenues and fines and forfeitures collected and distributed to other political subdivisions.

C. Measurement Focus

Government-Wide Financial Statements - The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets, all deferred outflows of resources, all liabilities and all deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current deferred outflows of resources, current liabilities and current deferred inflows of resources are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the proprietary funds are accounted for using a flow of economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise activities.

The investment trust fund is accounted for using a flow of economic resources measurement focus.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; proprietary funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Revenues - Exchange and Nonexchange Transactions - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied (See Note 10). Revenue from sales taxes is recognized in the period in which the sales are made (See Note 8). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, State-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, interest and rent.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, See Note 16 for deferred outflows of resources related the County's net pension liability. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2016, but which were levied to finance 2017 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes, but is not limited to, sales taxes, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the County, See Note 16 for deferred inflows of resources related to the County's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position. In addition, deferred inflows of resources include a deferred gain on debt refunding. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

HANCOCK COUNTY, OHIO

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Expense/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department and object level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the County Commissioners.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

F. Cash and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

Cash and cash equivalents and investments that are held separately within departments of the County and not included in the County treasury are recorded as "cash and cash equivalents in segregated accounts" and "investments in segregated accounts". Retainage held in separate accounts is recorded as "cash with escrow agents".

During 2016, the County's investments included negotiable and nonnegotiable certificates of deposit, Federal Home Loan Bank (FHLB) bonds, Federal Home Loan Mortgage Corporation (FHLMC) bonds, Federal National Mortgage Association (FNMA) bonds, governmental money market, U.S. Treasury bonds and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Investments are reported at fair value, except for nonnegotiable certificates of deposit, which are reported at cost. Fair value is based on quoted market price or current shares price.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

During 2016, the County invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The County measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2016, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

Interest earnings are allocated to County funds according to State statutes and grant requirements. Interest revenue credited to the general fund during 2016 was \$369,232 which includes \$349,601 assigned from other County funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the County are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments, to the extent the investments were purchased from a specific fund rather than the pool.

G. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption. On the fund financial statements, reported inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

H. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The County maintains a capitalization threshold of \$5,000 for all capital assets except infrastructure. The capitalization threshold for infrastructure is \$10,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the assets or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets are depreciated, except for land, easements and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. The County reports all infrastructure, including that acquired prior to 1980. The County's infrastructure consists of roads, bridges and culverts. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Building Improvements	40 - 100 years
Improvements Other Than Buildings	5 - 20 years
Machinery and Equipment	5 - 20 years
Vehicles	6 - 20 years
Infrastructure	20 - 50 years

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2016, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. On the fund financial statements, reported prepayments are equally offset by a nonspendable fund balance in governmental funds which indicates that it does not constitute available expendable resources even though it is a component of net current assets.

J. Unamortized Bond Premium/Unamortized Bond Discount/Unamortized Deferred Loss/Unamortized Deferred Gain/Bond Issuance Costs

Bond premiums, bond discounts and accounting losses and gains are deferred and amortized over the term of the bonds using the bond outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds and bond discounts are presented as a reduction to the face amount of the bonds. Unamortized deferred losses on refundings are reported as a deferred outflow of resources on the statement of net position. Unamortized deferred gains on refundings are reported as a deferred inflow of resources on the statement of net position. On the governmental fund financial statements, bond premiums, bond discounts and deferred charges are recognized in the period when the debt is issued. Bond issuance costs are expensed when they occur.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the County's termination policy. The County records a liability for accumulated unused sick leave for employees with seven or more years of service at varying rates depending on County policy. Employees hired after March 10, 1994, must also be at least 55 years of age to be considered probable of receiving payment under the County's policy enacted in 1994.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Loans Receivable

Loans receivable represent the right to receive repayment for certain loans made by the County. These loans are based upon written agreements between the County and the various loan recipients.

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, net pension liability and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability in the fund financial statements when due.

N. Internal Activity

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

O. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivables/payables". Receivables and payables resulting from routine lag between the dates interfund goods and services are provided or reimbursed expenditures occur are classified as "due to/due from other funds". Receivables and payables resulting from long-term interfund loans are classified as "loans to other funds/loans from other funds". These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances. Receivables and payables resulting from activity between the primary government and agency funds are classified as "due to/due from external parties".

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for the self-insurance workers' compensation program, recycling services and collection fees for the sanitary landfill, and rent for the Agricultural Service Center and BMV One-Stop. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting this definition are reported as nonoperating.

Q. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets (primarily from developers), or from grants or outside contributions of resources restricted to capital acquisition and construction. The County did not receive any capital contributions during 2016.

R. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Commissioners (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the Board of Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes, but do not meet the criteria to be classified as restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the Board of Commissioners.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The County applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

S. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by the creditors, grantors or laws or regulations of other governments. As of December 31, 2016, there was no net position restricted by enabling legislation.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

T. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Certain resources set aside for the payment of closure and postclosure costs for the sanitary landfill are classified as restricted assets because their use is limited.

U. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

V. Pensions

For purposes of measuring the net pension asset and net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

W. Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

X. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County administration and that are either unusual in nature or infrequent in occurrence. The County had no extraordinary or special items during 2016.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For 2016, the County has implemented GASB Statement No. 72, "Fair Value Measurement and Application", GASB Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68", GASB Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments", GASB Statement No. 77, "Tax Abatement Disclosures", GASB Statement No. 78, "Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans" and GASB Statement No. 79, "Certain External Investment Pools and Pool Participants".

GASB Statement No. 72 addresses accounting and financial reporting issues related to fair value measurement. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The implementation of GASB Statement No. 72 did not have an effect on the financial statements of the County.

GASB Statement No. 73 improves the usefulness of information about pensions included in the general purposes external financial reports of state and local governments for making decisions and assessing accountability. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the County.

GASB Statement No. 76 identifies - in the context of the current governmental financial reporting environment - the hierarchy of generally accepted accounting principles (GAAP). This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The implementation of GASB Statement No. 76 did not have an effect on the financial statements of the County.

GASB Statement No. 77 requires governments that enter into tax abatement agreements to disclose certain information about the agreement. GASB Statement No. 77 also requires disclosures related to tax abatement agreements that have been entered into by other governments that reduce the reporting government's tax revenues. The implementation of GASB Statement No. 77 did not have an effect on the financial statements of the County.

GASB Statement No. 78 establishes accounting and financial reporting standards for defined benefit pensions provided to the employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan (cost-sharing pension plan) that meets the criteria in paragraph 4 of Statement 68 and that (a) is not a state or local governmental pension plan, (b) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (c) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). The implementation of GASB Statement No. 78 did not have an effect on the financial statements of the County.

GASB Statement No. 79 establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized cost. This Statement provides accounting and financial reporting guidance also establishes additional note disclosure requirements for governments that participate in those pools. The County participates in STAR Ohio which implemented GASB Statement No. 79 for 2016. The County incorporated the corresponding GASB 79 guidance into its 2016 financial statements; however, there was no effect on beginning net position/fund balance.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

B. Deficit Fund Balances

Fund balances at December 31, 2016 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Children services	\$ 125,168
Victim's assistance	3,647
Juvenile diversion	3,141
Water pollution control	1,390
Juvenile court special docket	2,619
Special improvements	90,835
Motor vehicle and gas tax capital projects	359,280
Distribution Dr. TIF	741,052

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances in the children services, victim's assistance, juvenile diversion, water pollution control and juvenile court special docket funds resulted from adjustments for accrued liabilities. The deficit fund balances in the special improvements, motor vehicle and gas tax capital projects and Distribution Dr. TIF capital projects funds are due to the reporting of bond anticipation notes as fund liabilities and accrued liabilities. The deficits will be alleviated when the debt is repaid.

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund, motor vehicle and gas tax fund, alcohol, drug and mental health fund, job and family services fund and board of developmental disabilities fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis);
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (f) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented:

Net Change in Fund Balance

	<u>General Fund</u>	<u>Motor Vehicle and Gas Tax Fund</u>	<u>Alcohol, Drug and Mental Health Fund</u>	<u>Job and Family Services Fund</u>	<u>Board of Developmental Disabilities Fund</u>
Budget basis	\$ (874,093)	\$ 462,602	\$ (95,170)	\$ (164,512)	\$ (2,759,714)
Net adjustment for revenue accruals	147,699	(5,020)	(70,869)	(60,194)	42,195
Net adjustment for expenditure accruals	(74,685)	53,190	132,577	83,382	652,073
Net adjustment for other sources/uses	145,163	-	-	-	-
Funds budgeted elsewhere	462,588	-	-	-	-
Adjustment for encumbrances	<u>602,513</u>	<u>212,421</u>	<u>263,339</u>	<u>166,108</u>	<u>1,422,043</u>
GAAP basis	<u>\$ 409,185</u>	<u>\$ 723,193</u>	<u>\$ 229,877</u>	<u>\$ 24,784</u>	<u>\$ (643,403)</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the sheriff police revolve fund, the County home donations fund the centennial fund, the budget stabilization fund, the certificate of title administration fund and the severance fund.

NOTE 5 - DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive.

Inactive monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

5. Time certificates of deposit including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items 1 and 2, above, and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool State Treasury Asset Reserve of Ohio (STAR Ohio);
8. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
9. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the County Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash and Cash Equivalents in Segregated Accounts

At year end, the County had \$2,268,661 in cash and cash equivalents deposited separate from the County's internal investment pool, which includes \$1,216,338 in restricted assets associated with the County sanitary landfill. This amount is included in the amount of deposits with financial institutions below.

B. Cash with Escrow Agents

At year end, the County had \$68,081 in cash with escrow agents. This amount is not included in the amount of deposits with financial institutions below.

C. Deposits with Financial Institutions

At December 31, 2016, the carrying amount of all County deposits, including cash in segregated accounts, was \$33,059,455. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2016, \$8,351,011 of the County's bank balance of \$35,584,588 was exposed to custodial risk as discussed below, while \$27,233,577 was covered by the Federal Deposit Insurance Corporation (FDIC).

The County has no deposit policy for custodial risk beyond the requirements of State statute. Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the County.

The weighted average maturity of investments is 2.40 years.

The County's investments in U.S. Government money markets are valued using quoted market prices (Level 1 inputs). The County's investments in federal agency securities (FHLB, FHLMC, FNMA), negotiable CDs and U.S. Treasury bonds are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

The following investments are held by the landfill enterprise fund and are restricted for the closure and post closure of the solid waste facility.

<u>Investment type</u>	<u>Landfill</u>

US Government money market	1,216,338
Total	<u>\$ 9,004,950</u>

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the County's investment policy limits investment portfolio maturities to five years or less. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County and that an investment must be purchased with the expectation that it will be held to maturity. Investments may not be redeemed prior to maturity without majority approval of the Advisory Committee.

Credit Risk: The County's investments in federal agency securities and U.S. treasury bonds were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. STAR Ohio and the government money market was rated AAAM by Moody's Investor Services. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard ratings service. The County has no investment policy dealing with investment credit risk beyond the requirements in State statute. Ohio law requires that no-load money market mutual funds be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities and the U.S. Treasury bonds are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the County's name. The County has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The County places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the County at December 31, 2016:

<u>Measurement/ Investment type</u>	<u>Measurement Value</u>	<u>% of Total</u>

NOTE 6 - INVESTMENT POOL

The County serves as fiscal agent for the Hancock County Park District, a legally separate entity. The County pools the monies of this entity with the County's monies for investment purposes. Participation in the pool is voluntary. The investment pool is not registered with the SEC as an investment company. The fair value of investments is determined annually. The pool does not issue shares. Each participant is allocated a pro rata share of each investment at fair value along with a pro rata share of the interest that it earns.

NOTE 7 - RECEIVABLES

Receivables at December 31, 2016, consisted of accounts (billings for user charged services); sales taxes; accrued interest; amounts due from other governments including grants, entitlements, and shared revenues; amounts due from external parties; interfund, payment in lieu of taxes; property taxes, loans (community development block grant moneys loaned to local businesses), and special assessments. All receivables are considered collectible in full and within one year, except for payment in lieu of taxes, property taxes, loans, and special assessments. Payment in lieu of taxes and property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Loans receivable represent low interest loans for development projects granted to eligible County businesses under the Federal CDBG program. The loans have an annual interest rate of 2 to 5.25 percent and are to be repaid over periods ranging from six to fifteen years. Loans outstanding at December 31, 2016, were \$761,162. Loans receivable, in the amount of \$686,713, will not be received within one year.

Special assessments relating to the payment of debt are not expected to be collected within one year. Special assessments, in the amount of \$2,758,446, will not be received within one year. Delinquent special assessments were \$191,623.

Receivables recorded on the County's financial statements are recorded to the extent the amounts are determined material and substantiated, not only by supporting documentation, but also by a reasonable systematic method of determining their existence, completeness, valuation and collectibility. Using this criteria, the County has elected to not record child support arrearages in the agency funds. These amounts, while potentially significant, are not considered measurable and, because collections are often significantly in arrears, the County is unable to determine a reasonable value.

A summary of the principal amounts due from other governments is as follows:

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 8 - PERMISSIVE SALES AND USE TAX

In 1983, the County Commissioners, by resolution, imposed a one-half of one percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property, including motor vehicles not subject to the sales tax. On November 3, 2009, County voters approved a .5 percent sales tax for ten years for general operations. The Commissioners' resolution further discerned that the .5 percent sales tax would be allocated as .25 percent for general operations provided by the County's general fund and .25 percent for flood mitigation. The additional sales taxes were effective January 1, 2010. Proceeds of the tax are credited to the general fund and transferred accordingly.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. A warrant payable to the County is to be made within five days of the certification.

A receivable is recognized at year end for amounts that will be received from sales which occurred during 2016. On the modified accrual basis, the amount of the receivable not collected within the available period is recorded as deferred inflows of resources. On the accrual basis, the full amount of the receivable is recognized as revenue.

NOTE 9 - PAYMENT IN LIEU OF TAXES

According to State law, the County has entered into agreements with a number of property owners under which the County has granted property tax abatements to those property owners and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the County to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid if their taxes had not been abated. The property owners' contractual promise to make these payments in lieu of taxes generally continues until the costs of the improvement have been paid or the agreement expires, whichever occurs first. Future development by those owners or others may result in subsequent agreements to make payments in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners.

NOTE 10 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the County. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2016 public utility property taxes became a lien December 31, 2015, are levied after October 1, 2016, and are collected in 2017 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 10 - PROPERTY TAXES - (Continued)

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2016 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by a deferred inflow of resources since the current taxes were not levied to finance 2016 operations and the collection of delinquent taxes has been offset by a deferred inflow of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The full tax rate for all County operations for the year ended December 31, 2016 was \$7.80 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2016 property tax receipts were based are as follows:

<u>Real property</u>	
Residential/agricultural	\$ 1,349,839,180
Commercial/industrial/mineral	323,966,590
<u>Public utility</u>	
Personal	<u>98,734,220</u>
Total assessed value	<u><u>\$ 1,772,539,990</u></u>

NOTE 11 - TAX ABATEMENTS

A. Tax Abatements Entered into by the County

The County has entered into a tax abatement agreement in Allen Township for the abatement of property taxes. The Enterprise Zone (E Zone) agreement entered into with HD Findlay Ohio Landlord, LLC was authorized under Ohio Revised Code (ORC) through the Ohio Development Services Agency. Under the agreement, new construction is eligible for the reduction of up to 100% of the assessed value on the improvements of the property. During 2016, the County abated \$30,561 in property taxes.

B. Tax Abatements Entered into by Other Governments

Within the County, the taxing district of the City of Findlay has entered into tax abatement agreements under the Community Reinvestment Area (CRA) program that forgo property taxes assessed to the County. During 2016, property taxes of the County were abated by \$16,200.

NOTE 14 - RISK MANAGEMENT

A. Property and Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Since 1992, the County has contracted with the Midwest Pool Risk Management Agency, Inc. for liability, property, and crime insurance. The program has a \$100,000 self-insured retention per occurrence, respectively.

The list below is a general description of insurance coverage; all policy terms, conditions, restrictions, exclusions, etc. are not included.

Liability

General, Automotive and Law Liability	
Combined (Per Occurrence)	\$ 7,000,000
Public Official Errors and Omissions	
Aggregate	7,000,000
Property including Automotive Comprehensive and Collision (Per Occurrence)	78,425,000
Flood and Earthquake (Annual Aggregate)	36,000,000
Boiler and machinery (Per Occurrence)	50,000,000
Crime Protection Insurance (Per Occurrence)	500,000

The County pays all elected officials' bonds by statute.

NOTE 14 - RISK MANAGEMENT - (Continued)

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in coverage from the prior year.

B. Health Care

The County participates in the Midwest Employee Benefit Consortium (MEBC), a public entity shared risk pool consisting of five counties. Each member pays premiums to MEBC for employee medical and life insurance premiums. MEBC is responsible for the management and operation of the program. Upon withdrawal, the County is responsible for the payment of all MEBC liabilities to its employees, dependents, and designated beneficiaries accruing as a result of the withdrawal. Upon termination of MEBC, all member claims will be paid without regard to the member's account balance. The MEBC Board of Trustees has the right to return monies to an exiting member subsequent to the settlement of all expenses and claims.

C. Workers' Compensation

The County participates in the Ohio Bureau of Workers' Compensation (BWC) Group Experience Rating Program (the "Program"). The Program permits both public and private employers with better-than-average claim histories to join together through a sponsoring organization. This results in BWC rating each employer the group as one. By participating in group rating, employers potentially may enjoy much lower premium rates than they could attain on their own. The County's workers' compensation coverage is still through BWC; however, BWC does not form the groups. To be eligible for the Program, the County must meet several criteria to be accepted into a group. A separate internal service fund was established to account for the operation of the Program, including a reserve balance based on sound actuarial principles to cover actual claims costs. The Program is intended to achieve lower workers' compensation premiums and claims costs by promoting safe working conditions and environments for the employees.

The County has agreed to pay all claims up to a maximum of \$200,000 of what the County would have paid had the County remained an experience-rated risk. Claims exceeding these limits will be paid by the State. Each year, the County pays the State a "minimum premium" for retaining the risk of having claims which exceeded the County's maximum claims limit.

The claims liability of \$17,824 reported on the basic financial statements at December 31, 2016, is based on an estimate provided by the third party administrator and the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claim. Changes in the internal service fund's claims liability amounts in the past two years follows:

<u>Year</u>	Balance at <u>Beginning of Year</u>	Current Year <u>Claims</u>	Claims <u>Payments</u>	Balance at <u>End of Year</u>
2016	\$ 63,746	\$ 8,539	\$ (54,461)	\$ 17,824

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability/Asset

The net pension liability/asset reported on the statement of net position represents a liability or asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes any net pension liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits or overfunded benefits is presented as a long-term *net pension liability* or *net pension asset*, respectively, on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *due to other governments* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS' Traditional Pension Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group.

NOTE 16 - DEFINED BENEFIT PENSION PLANS - (Continued)

The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Pension Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - DEFINED BENEFIT PENSION PLANS - (Continued)

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service.

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local	Public Safety	Law Enforcement
2016 Statutory Maximum Contribution Rates			
Employer	14.0 %	18.1 %	18.1 %
Employee	10.0 %	*	**
2016 Actual Contribution Rates			
Employer:			
Pension	12.0 %	16.1 %	16.1 %
Post-employment Health Care Benefits	2.0 %	2.0	2.0
Total Employer	14.0 %	18.1 %	18.1 %
Employee	10.0 %	12.0 %	13.0 %

* This rate is determined by OPERS' Board and has no maximum rate established by ORC.

** This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan was \$2,271,161 for 2016. Of this amount, \$98,241 is reported as due to other governments.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - County licensed teachers participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 11.5% of the 13% member rate goes to the DC Plan and the remaining 1.5% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

NOTE 16 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For January 1, 2016 through June 30, 2016, plan members were required to contribute 13 percent of their annual covered salary. For July 1, 2016 through December 31, 2016, plan members were required to contribute 14 percent of their annual covered salary. The County was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2016 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$41,562 for 2016. Of this amount, \$1,399 is reported as due to other governments.

Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability and net pension asset for the OPERS Traditional Pension Plan and Combined Plan and Member-Directed Plan, respectively, were measured as of December 31, 2015, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. STRS's total pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability or asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

NOTE 16 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability/asset in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage inflation	3.75 percent
Future salary increases, including inflation COLA or ad hoc COLA	4.25 to 10.05 percent including wage inflation Pre 1/7/2013 retirees: 3 percent, simple Post 1/7/2013 retirees: 3 percent, simple through 2018, then 2.80% simple
Investment rate of return	8 percent
Actuarial cost method	Individual entry age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 401 (h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 0.40 percent for 2015.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 16 - DEFINED BENEFIT PENSION PLANS - (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed income	23.00 %	2.31 %
Domestic equities	20.70	5.84
Real estate	10.00	4.25
Private equity	10.00	9.25
International equities	18.30	7.40
Other investments	18.00	4.59
Total	<u>100.00 %</u>	<u>5.27 %</u>

Discount Rate - The discount rate used to measure the total pension liability/asset was 8 percent for both the Traditional Pension Plan, the Combined Plan and Member-Directed Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 8 percent, as well as what the County's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
County's proportionate share of the net pension liability (asset):			
Traditional Pension Plan	\$ 40,176,616	\$ 25,216,858	\$ 12,598,776
Combined Plan	(954)	(46,424)	(82,999)
Member-Directed Plan	816	(312)	(816)

Changes Between Measurement Date and Report Date - In October 2016, the OPERS Board of Trustees adopted certain assumption changes which impacted their annual actuarial valuation prepared as of December 31, 2016. The most significant changes are a reduction in the expected investment return to 7.50% from 8.00%, the expected long-term average wage inflation was reduced to 3.25% from 3.75%, the expected long-term average price inflation was reduced to 2.50% from 3.00% and a change to various demographic assumptions. Although the exact amount of these changes is not known, the impact to the County's net pension liability is expected to be significant.

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return *</u>
Domestic Equity	31%	8.00%
International Equity	26%	7.85%
Alternatives	14%	8.00%
Fixed Income	18%	3.75%
Real Estate	10%	6.75%
Liquid Reserves	1%	3.00%
 Total	 <u>100%</u>	 <u>7.61%</u>

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.50% and does not include investment expenses. The total fund long-term expected return reflects diversification among the asset classes and therefore is not a weighted average return of the individual asset classes.

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2016. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2016.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
County's proportionate share of the net pension liability	\$ 1,251,820	\$ 941,984	\$ 680,619

Changes Between Measurement Date and Report Date - In March 2017, the STRS Board adopted certain assumption changes which impacted their annual actuarial valuation prepared as of July 1, 2016. The most significant changes are a reduction in the expected investment return to 7.45% from 7.75% and a change to updated generational mortality tables. Although the exact amount of these changes is not known, the impact to the County's net pension liability is expected to be significant.

NOTE 17 - POSTRETIREMENT BENEFIT PLANS

A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension Plan and the Combined Plan. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2016, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2016 was 2.00%.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 17 - POSTRETIREMENT BENEFIT PLANS - (Continued)

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2016, 2015, and 2014 were \$387,531, \$348,324, and \$436,086, respectively; 96.50% has been contributed for 2016 and 100% has been contributed for 2015 and 2014. The remaining 2016 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00% of the employer contributions toward the health care fund after the end of the transition period.

B. State Teachers Retirement System of Ohio

Plan Description - The County contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2016, STRS did not allocate any percentage of employer contributions to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2016, 2015 and 2014 were \$0, \$0 and \$3,095, respectively. The full amount has been contributed for 2014.

NOTE 18 - COMPENSATED ABSENCES

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Accumulated, unused sick leave is paid, up to a maximum of 120 days, depending on length of service to employees hired before March 10, 1994, who retire, leave, or due to death. Accumulated, unused sick leave is paid, up to a maximum of 30 days, depending on length of service to employees who retire or due to death for employees hired on or after March 10, 1994.

General Obligation Bonds

On April 1, 2002, the County issued \$3,145,000 in various purpose refunding bonds with interest rates ranging from 3.5 percent to 4.75 percent. The bonds were issued to advance refund \$1,590,000 in Library Improvement general obligation bonds, \$865,000 in Job and Family Services general obligation bonds, and \$415,000 in Beechwood water and sewer special assessment bonds. All of the refunded bonds have been retired by the escrow agent.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - LONG-TERM DEBT - (Continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$195,983. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equals the life of the new debt. This refunding was undertaken to reduce the combined total debt service payments by \$231,471 resulting in an economic gain of \$178,235.

The Job and Family Services refunding bonds pledge the full faith and credit of the County for the payment of the debt. The Job and Family Services refunding bonds will be paid from rental charges from the Job and Family Services Department.

The term bonds maturing on December 1, 2017, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the County. The mandatory redemption is to occur on December 1 from 2012 through 2016 (with the balance of \$55,000 to be paid at stated maturity on December 1, 2017) at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, according to the following schedule:

<u>Year</u>	<u>Amount</u>
2013	\$ 60,000
2014	55,000
2015	60,000
2016	55,000

On March 14, 2013, the County issued \$2,595,000 in general obligation bonds with interest rates ranging from 0.35-3.375%. The bonds were issued to retire bond anticipation notes originally issued to construct, furnish and equip the engineer's garage.

On March 14, 2013, the County issued \$1,715,000 in Series 2013 BMV one-stop refunding bonds. The bonds were issued to refund \$1,605,000 of the BMV one-stop bonds issued in 2003. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds at December 31, 2016 was \$1,320,000.

The reacquisition price exceeded the net carrying amount of the old debt by \$79,885. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2026. This advance refunding was undertaken to reduce the combined total debt service payments by \$404,358 and resulted in an economic gain of \$345,344.

On November 10, 2005, the County issued \$8,085,000 in various purpose improvement and refunding bonds with interest rates ranging from 3.5 percent to 5 percent. The various purpose improvement bonds were issued to retire notes originally issued for Alcohol, Drug Addiction, and Mental Health Services to purchase a new office building and to construct East Melrose Road. The refunding portion of the issue refunded the I-75/Tall Timbers Connector, Courthouse Restoration, Justice Center, and Agricultural Service Center general obligation bonds and the US 224 Water, CR 88/SR 12 Sewer, and SR 12 West water special assessment bonds. There are no further obligations on the Justice Center portion, the US 224 Water, CR88/SR 12 Sewer or the SR 12 West water. At December 31, 2016, \$1,900,000 of the refunded bonds being held by the escrow agent is still outstanding.

During 2016, the \$1,925,000 balance of the I-75/Tall Timers Connector portion was paid off early and \$95,000 of the ADAMHS and \$420,000 of the Agriculture Service Center were refunded by the Series 2016 refunding bonds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - LONG-TERM DEBT - (Continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$613,925. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equals the life of the new debt. This refunding was undertaken to reduce the combined total debt service payments by \$317,722 resulting in an economic gain of \$255,166.

The alcohol, drug addiction and mental health services bonds will be paid with transfers from the alcohol, drug addiction and mental health services special revenue fund.

The I-75/Tall Timbers Connector refunding bonds will be paid from payments in lieu of taxes. The Agriculture Service Center refunding bonds will be paid from tenants who rent the facilities.

The US 224 Water, CR 88/SR 12 Sewer, and SR 12 West Water special assessment refunding bonds will be paid from the proceeds of special assessments levied against the benefited property owners. In the event the property owners do not pay their assessment, the County will be responsible for the debt payments.

On October 31, 2007, the County issued \$3,805,000 in general obligation bonds with interest rates ranging from 3.40 to 4.50 percent. The bonds were issued for additional infrastructure improvements for US 224 and County Road 300 and for improvements to CR 95/CR 18 sewer district. The bonds will be paid from payments in lieu of taxes the County receives related to the projects. During 2016, the balance of \$1,820,000 of the term bonds related to the US 224 and County Road 300 and the balance of \$440,000 of the term bonds related to the CR95/CR18 sewer district were refunded by the Series 2016 refunding bonds.

On November 4, 2009, the County issued \$3,935,000 in various purpose limited tax general obligation bonds, with interest rates ranging from 2.0 percent to 4.00 percent. The bonds were issued to retire notes originally issued for the Engineers Garage, Jail Security System, Sheriff's Department Radios, County Landfill Improvements and County Landfill Equipment.

On March 14, 2013, the County issued a total of \$1,285,000 in general obligation bonds with interest rates ranging from 0.35-3.375%. The bonds were issued to retire bond anticipation notes originally issued for Landfill Leachate, Landfill Land Acquisition and Landfill Equipment.

On October 25, 2016, the County issued \$3,350,000 in Various Purpose Improvement and Refunding Bonds, Series 2016 for the following purposes: (i) to refund \$95,000 of the Series 2005 bonds related to the ADAMHS building, (ii) to refund \$1,820,000 of the Series 2007 bonds related to the US 224/CR 300 construction, (iii) to refunding a portion of the Series 2015 bond anticipation notes outstanding related to Distribution Dr. and the Beach Joint Ditch, (iv) to refund \$440,000 of the Series 2007 bonds related to the CR95/CR18 sewer district and (v) to refund \$420,000 of Series 2005 bonds related to the agriculture service center. At December 31, 2016, \$2,775,000 of the refunded bonds being held by the escrow agent is still outstanding.

The reacquisition price exceeded the net carrying amount of the old debt by \$108,945. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equals the life of the new debt. This refunding was undertaken to reduce the combined total debt service payments by \$279,493 resulting in an economic gain of \$263,697.

Special Assessment Bonds and OWDA Loans

On November 1, 2004, special assessment bonds were issued with interest rates ranging from 4 percent to 5 percent for various water and sewer projects. The bonds will be paid from the proceeds of special assessments levied against the benefited property owners. In the event the property owners do not pay their assessment, the County will be responsible for the debt payments.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 20 - LONG-TERM DEBT - (Continued)

On March 14, 2013, the County issued \$695,000 in Series 2013 special assessment refunding bonds. The bonds were issued to refund \$630,000 of the Griffith heights water/sewer project, CR 220 sanitary sewer/Van Buren, US 224 W/Trenton Avenue sewer and McKinley Street waterline special assessment bonds issued in 2004. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds at December 31, 2016 was \$515,000.

The reacquisition price exceeded the net carrying amount of the old debt by \$53,142. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2024. This advance refunding was undertaken to reduce the combined total debt service payments by \$60,632 and resulted in an economic gain of \$56,914.

The OWDA loans will be paid from the proceeds of special assessments levied against the benefited property owners and with transfers from the general fund for the County's portion of the projects. In the event the property owners do not pay their assessment, the County would be responsible for the debt payments.

The special assessment bonds and OWDA loans will be paid from special assessment collections. In the event special assessments are not sufficient to cover the principal and interest payments, the general fund will be responsible for making principal and interest payments. The total principal remaining to be paid on the special assessment bonds and OWDA loans are \$605,000 and \$74,595, respectively. Principal and interest for the current year and total assessments received were \$266,200 and \$198,469, respectively.

ADAMH Taxable Affordable Housing Revenue Note

The County issued a \$100,000 taxable affordable housing revenue note on November 24, 2009 to pay a portion of the costs of the Melrose Efficiency Apartment Complex, a supervised living facility owned and operated by ADAMH. Principal and interest payments are payable May 25 and November 25 of each year at an interest rate of 8.50% commencing May 25, 2010. The scheduled maturity date is November 25, 2024.

Guaranteed Energy Savings Contract

On May 1, 2008, the County entered into a GES Performance Contract (Contract) for the acquisition of and installation of energy conservation measures and related improvements. The Contract will be paid from the Energy Savings Gateway nonmajor debt service fund. The scheduled maturity date is December 15, 2018.

OPWC Loans

During 2011, The County received an Ohio Public Works Commission (OPWC) interest free loan for the purpose of building a sanitary sewer at the County landfill. The final maturity date of the loan is July 1, 2031.

Net Pension Liability

See Note 16 for details.

Compensated Absences

The compensated absences liability will be paid mainly from the General Fund, Motor Vehicle and Gas Tax, Alcohol, Drug Addiction, and Mental Health, Job and Family Services, Board of Developmental Disabilities, Child Support Enforcement Agency, Real Estate Assessment, Community Corrections, Felony Delinquent Juvenile Care and Custody, Jail Diversion, Emergency Management Agency, Juvenile Diversion, Law Library, Delinquent Real Estate Tax Assessment Collection, Victim's Assistance, COP-CAR Grant, Common Pleas Court General Special Projects and Probation Improvements Special Revenue Funds and the Sanitary Landfill and Agricultural Service Center enterprise funds.

NOTE 20 - LONG-TERM DEBT - (Continued)

Debt Margin

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors should not exceed 1 percent of the total assessed valuation of the County. The Revised Code further provides that the total voted and unvoted net debt of the County less the same exempt debt should not exceed a sum equal to 3 percent of the first \$100,000,000, plus 1.5 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5 percent of such valuation in excess of \$300,000,000.

The effect of the debt limitations described above is an overall debt margin of \$42,168,500 at December 31, 2016.

Conduit Debt

In 1998, the County issued \$8,115,000 in multi-family housing revenue bonds and \$3,500,000 in multi-family housing mortgage revenue bonds. The proceeds were used to acquire, construct, improve, and equip real and personal property as a multi-family housing complex for Pedcor Investments. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. During 2007, \$5,855,000 of the multi-family housing revenue bonds and \$2,524,000 of the multi-family housing mortgage revenue bonds were refunded. As of December 31, 2016, \$1,334,000 of these bonds was outstanding.

In 2004, the County issued \$110,875,000 in hospital facilities revenue bonds. The proceeds were used to acquire, construct, equip, and improve hospital facilities at an acute health care facility for Blanchard Valley Regional Health Center. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$99,700,000 of these bonds was outstanding.

In 2007, the County issued \$5,855,000 in multi-family housing refunding revenue bonds and \$215,000 in multi-family housing revenue bonds to acquire, construct, improve, and equip real and personal property as a multi-family housing complex for Pedcor Investments. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$5,642,530 of these bonds was outstanding.

In 2007, the County issued \$2,520,000 in multi-family housing refunding revenue bonds and \$100,000 in multi-family housing revenue bonds to acquire, construct, improve, and equip real and personal property as a multi-family housing complex for Pedcor Investments. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$2,435,483 of these bonds was outstanding.

In 2007, the County entered into a \$6,756,000 capital lease agreement of Independence House, which is comprised of a skilled nursing facility, rehabilitation facility and independent living apartments located in Fostoria, Ohio. The leasing arrangement will provide hospital facilities to service the residents of the County. The County is not obligated in any way to pay the lease charges on the lease from any of its funds, and therefore, the lease has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$5,008,967 of the lease was outstanding.

NOTE 21 - CLOSURE AND POSTCLOSURE OF LANDFILL

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the County reports a portion of these closure and postclosure costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$6,156,972 reported as landfill closure and postclosure costs payable at December 31, 2016, represents the cumulative amount reported to date based on the use of 40.22% of the estimated capacity of the landfill. The County will recognize the remaining cost of closure and postclosure care of \$9,150,186 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2016. The County expects to close the active cell of the landfill in 2032. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County is required by State and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. The County is in compliance with these requirements, and, at December 31, 2016, cash and cash equivalents and investments of \$9,004,950 are held for these purposes. These are reported as restricted assets on the statement of fund net position.

The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenues.

NOTE 22 - INTERFUND TRANSFERS

During 2016, the following transfers were made:

Transfers In	Transfers Out						Total
	General	Motor Vehicle and Gas Tax	Alcohol, Drug and Mental Health	Job and Family Services	Board of Developmental Disabilities	Other Governmental	
Flood Mitigation	\$ 3,706,927	\$ -	\$ -	\$ -	\$ -	\$ 549,894	\$ 4,256,821

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The transfers out of the Motor Vehicle and Gas Tax fund, Alcohol, Drug and Mental Health fund (\$20,909) and other governmental funds (\$1,533,008) were for debt service payments. The transfer out of the Alcohol, Drug and Mental Health fund (\$5,000) was to fund the substance abuse fund, a nonmajor governmental fund. The transfers out of the Job and Family Services fund were to fund the Child Support Enforcement Agency fund (\$91,350) and the Children Services fund (\$29,597), both nonmajor governmental funds. The transfers out of the Board of Developmental Disabilities fund were to fund capital projects.

All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16. Transfers between governmental funds are eliminated on the government-wide financial statements.

Transfers between governmental activities and business-type activities are reported as transfers on the statement of activities.

NOTE 25 - COMPONENT UNITS

A. Blanchard Valley Industries, Inc.

Nature of Activities - Blanchard Valley Industries, Inc. (BVI, Inc.) is an Ohio nonprofit corporation and is a training and vocational facility designed to place individuals with developmental disabilities in an industrial atmosphere. BVI, Inc. serves residents of Hancock County. Revenues of BVI, Inc. are generated by sub assembly work, cleaning, clerical, and artwork performed by these individuals. Additionally, BVI, Inc. occasionally serves in a financial agency capacity for various related parties and earns fees associated with delivery of those agency services. BVI, Inc. operates in facilities owned by and with a staff provided by the Hancock County Board of Developmental Disabilities.

Basis of Presentation - BVI, Inc. is required to report information regarding its financial position and activities according to three classes of net position: unrestricted net position, temporarily restricted and permanently restricted. As of December 31, 2016, all net position was unrestricted, except for \$9,740 which is temporarily restricted by the donor for marketing purposes only.

Basis of Accounting - Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. BVI, Inc.'s financial statements are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents - BVI, Inc. considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. BVI, Inc.'s cash and cash equivalents are held at financial institutions in interest bearing accounts and are covered under standard Federal deposit insurance, up to \$250,000. BVI, Inc. does not expect to incur any losses resulting from cash held in financial institutions.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 24 - COMPONENT UNITS - (Continued)

Cash Restricted Under Fiduciary Agency Agreements; Agency Liabilities - The Organization occasionally serves as a fiduciary agent for Blanchard Valley Center, (BVC) a sub-division of Hancock County, Ohio. Blanchard Valley Center is a related party. Fiduciary funds held by BVI, Inc. as an agent for BVC are reflected as restricted cash and the related amounts are shown as an agency liability on the statement of net position. Cash received from grantors and donors to BVC under agency agreements are not reflected in the Organization's statement of activities when BVI, Inc. does not meet the criteria for recognition of the related revenues and expenses. BVI, Inc. has no variance power or other discretion over any of the assets accounted for under these agency agreements.

Accounts Receivable - Accounts receivable are stated at net invoice amounts. An allowance for doubtful accounts is established based on specific assessment of all invoices that remain unpaid following normal payment periods. All amounts deemed to be uncollectible are charged against the allowance for doubtful accounts in the period that determination is made. There was no bad debt expense for the year ended December 31, 2016.

Functional Allocation of Expenses - BVI, Inc. allocates its expenses on a functional basis among its various programs, including management and general. Certain expenses that can be identified with a specific program are allocated directly according to their natural expenditure classification. Other expenses that are common to several programs are allocated on staff time distribution and other factors.

Property and Equipment - Property and equipment, purchased and donated, are assigned original acquisition cost. It is BVI, Inc.'s policy to capitalize expenditures for items with a useful life in excess of three years and having a value of over \$500. Donated capital assets are capitalized at fair value on the date donated. Amounts not meeting this policy are expensed. The cost of depreciable property is computed on the straight line method with useful lives as follows:

Building and Improvements	5-30 Years
Machinery and Equipment	5-10 Years
Furniture and Fixtures	5-10 Years
Computer Software	5 Years
Vehicles	5 Years

Long Term Restricted Cash - The Organization maintains a certificate of deposit required by the Ohio Department of Job and Family Services. As long as the Organization maintains the certificate of deposit, they are allowed to pay for actual claims for unemployment.

Support and Revenue - BVI, Inc. receives revenue from the Hancock County Board of Developmental Disabilities ("HCDD") and other government and nongovernmental entities by providing services to them at competitive rates. The two primary types of services are production-providing value-added services to others' products and janitorial services. The fee for these services is determined by contract, based on service hours or units produced by adults with developmental disabilities. Additionally, BVI, Inc. earns agency income from providing fiscal agency services for related parties. Such revenues typically are in the amount of 10 percent of all funds handled under the agency agreement.

Government payment systems are related funding for development disabilities programs, are subject to periodic review and modification by governmental payors. Changes to these payment systems and the effects are uncertain and, therefore, such changes could have a material impact on BVI, Inc.'s future financial condition, results of operation and cash flows.

In Kind Support - Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 25 - COMPONENT UNITS - (Continued)

Tax Exempt Status - The Internal Revenue Service has determined the Organization to be exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has further determined that the Organization is not a private foundation within the meaning of Section 509 (a) of the Code.

BVI, Inc. is no longer subject to Federal, state or local income tax examinations by tax authorities for years before 2013.

Investments - The Organization's short-term investments are comprised of equity securities, all of which are classified as trading securities and are carried at their fair value based on the quoted market prices of the securities at December 31, 2016. Net unrealized gains on trading securities are included in the statements of activities. For purpose of determining realized gains and losses, the cost of securities sold is based on specific identification. The composition of trading securities, classified as current assets, is as follows at December 31, 2016:

Mutual funds:	
Equity	\$ 258,436
Fixed income	<u>160,792</u>
Total Investments	<u>\$ 419,228</u>
Net realized gain from sale of investments	\$ 4,703
Interest and dividend income	11,280

Net investment income	<u>\$ 29,141</u>

Fair Value Measurements

Fair Value Hierarchy

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although BVI, Inc. believes its valuation techniques are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 25 - COMPONENT UNITS - (Continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The major categories of assets and liabilities measured at fair value, on a recurring basis, included mutual funds all valued at Level 1 of the fair value hierarchy at December 31, 2016.

In Kind Contribution - Contributions of donated services that create or enhance non-financial assets or that require specialized skills, provided by individuals possessing those skills are typically recorded at their estimated fair values in the period received. For the year ended December 31, 2016, the Hancock County Board of Developmental Disabilities provided services and the use of their building to BVI, Inc. at no charge. The value of the services for the year ended December 31, 2016 was \$1,024,887 and is recorded as an operating grant and contribution on the statement of activities. Donated services are recorded at the same amount under expenses.

Concentrations - BVI, Inc. is dependent on the economy of the Findlay, Ohio market and their continued support of the Organization's operations.

During the year ended December 31, 2016, the Company had three customers who received 53% of the services provided by BVI, Inc. Amounts included in accounts receivable with the customers totaled \$19,983 at December 31, 2016.

During the year ended December 31, 2016, BVI, Inc. derived approximately 17% of its total revenue from BVC and 27% from Medicaid. Amounts due from BVC included in accounts receivable totaled \$25,759. Amounts due from Medicaid included in accounts receivable totaled \$55,788.

BVI, Inc. is dependent upon the support and assistance of the HCBDD to provide staffing and facilities for their mission.

Temporarily Restricted Net Position - Temporarily restricted net position was restricted for the following purposes for the years ended December 31, 2016:

Adult habilitation	<u>\$ 9,740</u>
--------------------	-----------------

B. Hancock Community Housing, Inc.

Purpose of the Organization - The Hancock Community Housing, Inc. (the Organization) was incorporated on October 18, 2001 as a 501 C (3) nonprofit organization in the State of Ohio. The entity was created to develop dwellings and provide affordable housing in Hancock County for the occupancy by persons from the county including persons with disabilities. The Organization's main source of revenue is rent income.

Basis of Accounting - The Organization's operates as a self-supporting governmental enterprise and uses accounting policies applicable to governmental enterprise funds. All transactions are accounted for in a single enterprise fund. The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles (GAAP) as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

There were no additions (purchases) or disposals of capital assets this year. However, a reclassification was made, mainly, for the reduction of estimated imputed interest that was capitalized last year. As the Warrington St. home was not occupied in 2016, a reduction in the value of the home and a corresponding reduction in note payable to the Hancock County Developmental Disability Board was made. This had no effect on the net position of the Organization.

Depreciation was taken on the buildings over a twenty-seven and a half year life.

Risk Management

The Organization is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, and natural disasters.

The Organization does not have a "self-insurance" fund with formalized risk management programs. During 2016, the Organization purchased property liability insurance from the Erie Insurance Group.

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from last year.

Tax-Exempt Status

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Service Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending 2014, 2015, and 2016 are subject to examination by the IRS, generally for three years after they are filed.

Unearned Grant Income

In 2005, the Organization received a grant of \$322,815 from the Ohio Department of Developmental Disabilities (ODDD). The proceeds were to provide affordable housing in Hancock County for occupancy by persons from the county including persons with disabilities. The agreement with the ODDD requires the property be used for the project for fifteen years after the property is purchased. Should the property not be used for the project, the ODDD shall be reimbursed on a pro rata basis for the amount of the community assistance funds used to purchase the property. The Organization recognizes 1/15th or \$21,544 of grant income each year. Unearned grant income is \$48,850 at December 31, 2016.

C. Blanchard Valley Residential Services, Inc.

Description of organization - Blanchard Valley Residential Services, Inc. (the "Organization") is a non-profit organization incorporated in the State of Ohio. The Organization was formed in 2013 for the purpose of operating and managing the ICF/residential program, formerly known as Blanchard Valley Residential, which is comprised of 20 intermediate care facility (ICF) beds (effective January 4, 2017 four ICF beds were converted to waiver beds). The Hancock County Board of Developmental Disabilities (the "County") owns the facilities and holds the license to the 20 beds. The Organization has entered into an agreement with the County to provide residential waiver, supported living and related services for adults with developmental disabilities in the Findlay, Ohio area.

The Ohio Department of Developmental Disabilities (DODD) regulates intermediate care facilities for individuals with intellectual disabilities (ICF/IID) facilities through state licensure. DODD approved the County's license to continue to operate as a ICF/IID through November 2017. The Organization expects the license to continually be renewed by DODD in future years.

During 2016, the Organization and the County began the process of transferring the license to the 20 beds from the County to the Organization. A change of ownership was granted by the DODD effective January 1, 2017. Subsequent to December 31, 2016, the Ohio Department of Medicaid (ODM) approved the Ohio Provider Agreement for the Organization, effective January 1, 2017, granting the Organization the ability to bill and collect service fees under the State of Ohio Medicaid program for the ICF program.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Cash - The Organization's cash is held at financial institutions in interest bearing accounts and is covered under standard Federal deposit insurance, up to \$250,000. At December 31, 2016 and periodically throughout the period, the Organization maintained balances in various accounts in excess of federally insured limits. The Organization does not expect to incur any losses resulting from cash held in financial institutions.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 25 - COMPONENT UNITS - (Continued)

Accounts receivable - Accounts receivable and operating revenue are recorded at established billing rates as services are rendered. Reductions are currently provided for as contractual adjustments representing the difference between establishing billing rates and amounts established by management as realizable under current payment systems. Accounts receivable are due primarily from the State of Ohio Medicaid Program. Accounts receivable are recorded at the amount expected to be collected. In evaluating the collectability of accounts receivable, the Organization makes an assessment of all amounts that remain unpaid following normal payment periods. Based on this evaluation, management has determined an allowance for doubtful accounts is not necessary at December 31, 2016.

Client held funds - Separate checking accounts are maintained and held in trusts for clients. These are included as current assets on the statement of financial position. An equal offsetting liability is included in the current liabilities section of the statement of net position.

Property and equipment, net - Additions of property and equipment are recorded at cost or at fair value if acquired by gift. Maintenance and repairs are charged to operations when incurred. When property and equipment is sold or otherwise disposed of, the asset and related accumulated depreciation are relieved, and any gain or loss is included in gain (loss) on disposal of assets. The cost of property and equipment is depreciated over the following useful lives of the related assets using the straight-line method.

Furniture and equipment	5 - 20 years
Transportation equipment	5 years

The Organization reports contributions of long-lived assets (land, buildings, and equipment) as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expiration of donor restrictions when the donated or acquired long-lived assets are placed in service.

Classification of net position - Net position of the Organization is classified as permanently restricted, temporarily restricted or unrestricted depending on the presence and characteristics of donor-imposed restrictions limiting the Organization's ability to use or dispose of contributed assets or the economic benefits embodied in those assets. Donor-imposed restrictions that expire with the passage of time or that can be removed by meeting certain requirements result in temporarily restricted net position. Permanently restricted net position result from donor-imposed restrictions that limit the use of net position in perpetuity. Earnings, gains and losses on restricted net assets are classified as unrestricted unless specifically restricted by the donor or by applicable state law. The Organization had no temporarily restricted or permanently restricted net position at December 31, 2016.

Service revenue - The Organization receives substantially all of its revenue from participation in the Ohio Medicaid program (through the County, see description of the Organization) and the Individual Option (I/O) Waiver program under Medicaid.

The payment methodology and amounts earned related to the Medicaid and I/O Waiver programs are based on cost and clinical assessments that are subject to review and final approval by Medicaid. Any adjustment that is a result of this final review and approval will be recorded in the period in which the adjustment is made. In the opinion of management, adequate provision has been made for any adjustments that may result from such third party review.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 25 - COMPONENT UNITS - (Continued)

The following paragraphs describe the reimbursement systems in place pertaining to the Organization's service revenue sources:

ICF/IID revenue - Medicaid reimbursement for an ICF/IID is based on cost and clinical assessments with a rate cap based on the statewide average Medicaid rate for ICF/IIDs. The Medicaid payment system in Ohio is a prospective one, whereby rates for the following state fiscal year beginning July 1 are based upon filed cost reports for the preceding calendar year. Future reimbursement changes are subject to legislative approval. The continuity of this system is subject to the uncertainty of the fiscal health of the state of Ohio, which can directly impact future rates and the methodology currently in place. Any significant change in rates, or the payment system itself, could have a material impact on future Medicaid funding to providers.

Waiver revenue - DODD provides a home and community-based services waiver wherein services are provided to the individual based on a profiling mechanism which places the individual receiving services into a funding range. DODD determines the rate at which the provider is to be reimbursed for each range of services.

Laws and regulations governing the Medicaid program are complex and subject to interpretation. Management believes it and the County are in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoings. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties and exclusion from the Medicaid program.

Contributions - Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net position if the restriction expires or is met in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of revenue, expenses and changes net position – modified cash basis as net position released from restrictions.

In-kind contributions - In-kind contributions consist of contributed services, use of certain property and equipment, and the annual provider franchise permit fee and are recognized if the services or goods received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received.

Advertising costs - The Organization expenses advertising costs to operations as incurred.

Income taxes - The Organization is a tax-exempt organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from Federal income taxes on related income pursuant to Section 501(a) of the Code.

The Organization is subject to Federal income tax examinations by tax authorities since they were formed in 2013.

Performance indicator - The statement of activities and changes in position include revenue in excess of expense, which is considered the performance indicator in accordance with the AICPA Audit and Accounting Guide, *Health Care Entities*.

NOTE 25 - COMPONENT UNITS - (Continued)

Subsequent events - In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through April 26, 2016, the date the Organization's financial statements were available to be issued.

Property and equipment, net - The following is a summary of property and equipment, net at December 31, 2016:

	<u>2016</u>
Furniture and equipment	\$ 139,550
Transportation equipment	179,532
Less: accumulated depreciation	<u>(21,485)</u>
	<u>\$ 297,597</u>

Functional expenses - The costs of providing program and support services are reported below on a functional basis. Indirect costs have been allocated between the various programs and support services based on estimates by management. Although the methods of allocation used are considered appropriate, other methods could be used that would produce different amounts. Functional expenses for the Organization for the year ended December 31, 2016 was as follows:

	<u>2016</u>
Program services	\$ 2,592,143
General and administrative	<u>696,368</u>
	<u>\$ 3,288,511</u>

Contract with Hancock County Board of Developmental Disabilities - During May 2014, the Organization entered into a contract (the "contract") with the County to provide residential waiver, ICF-110 and supported living services to individuals with disabilities in Hancock County. The contract has been renewed through December 31, 2016. The contract automatically renews on an annual basis if no notice is given to terminate by either party. The Organization has agreed to provide residential ICF services to the individuals residing in two facilities owned by the County, known as the Graf Home and Eibling Home. The Organization has agreed to provide residential waiver and supported living services to the individuals residing in two homes owned by the Hancock Community Housing, Inc. As part of the contract, the Organization is permitted to use certain property (including a building known as Angus Home for office space), equipment and vehicles owned and maintained by the County.

Effective January 1, 2017, the Organization entered into an agreement with the County to lease the three buildings from the County.

During 2016, the Organization and the County executed and submitted to ODM a successor liability agreement as a result of the change in ownership of the licensed beds. The Organization agrees to assume the total actual amount of debt the County will owe to ODM and the Centers for Medicare and Medicaid Services under the Medicaid program pursuant to applicable law beginning January 1, 2017. The County will remain liable for all pre-existing amounts arising from transactions that occurred prior to January 1, 2017.

The Organization was owed \$1,050 from the County at December 31, 2016 for room and board relating to the Medicaid program. The Organization owed the County \$30,438 at December 31, 2016 for certain operating expense paid for by the County.

Retirement plan - ORC provides OPERS statutory authority to set employee and employer contributions. The required contribution rate (as a percentage of covered payroll) for plan members is 14%. These contributions totaled \$92,113 for the year ended December 31, 2016, which were funded by the County. In addition to the required contribution rate, the Organization contributed an additional 10% of covered payroll which totaled \$65,795 for the year ended December 31, 2016.

In-kind contributions - Contributions of donated services and goods that create or enhance non-financial assets or that require specialized skills, provided by the individuals possessing those skills are typically recorded at their estimated fair values in the period received. For the year ended December 31, 2016, the County provided services and the use of certain property and equipment to the Organization at no charge. The County also covered the cost of the annual provider franchise permit fee as required for participation in the Medicaid program. The value of the services and the use of certain property and equipment was \$208,640 for the year ended December 31, 2016, and is recorded as contributions under operating revenues on the statement of activities and changes in net position.

Operating leases - The Organization leases office equipment under a noncancelable operating lease, which expires in June 2018. Future minimum payments of base rent under the non-cancelable operating lease at December 31, 2016 total \$2,725 for years 2017 through 2018 and \$1,362 for 2019.

Effective January 1, 2017, the Organization entered into an agreement to lease three buildings at \$76,913 per year. The agreement is for one year with a three year renewal option.

NOTE 26 - JOINTLY GOVERNED ORGANIZATIONS

A. Joint Board of County Commissioners for the Blanchard River Stream Enhancement Program

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project (Board) is a jointly governed organization among six counties. The Board consists of eighteen members; the three county commissioners of each of the six counties. The Board was formed to approve construction and maintenance for clearing the Blanchard River of logjams and debris. Revenues are generated by assessments and a state grant. Hancock County's portion of the assessments was collected in 1996 for construction and maintenance. Separate financial statements may be obtained from the Blanchard River Stream Enhancement Project, 7868 CR 140, Findlay, Ohio 45840.

B. West Central Partnership, Inc.

The West Central Partnership, Inc. (Partnership) is a jointly governed organization among Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam, and Van Wert counties. The Partnership was formed to administer local loan programs in these counties for the State of Ohio Department of Development using state funds and to raise money for such purposes and to expend, contribute, disburse, or otherwise handle and dispose of the same for such purposes. The Board of Trustees consists of nine members, including a County Commissioner from each of the member counties and the Director of Region 3, West Central SBDC Partnership. Separate financial statements may be obtained from the West Central Partnership, Inc., 915 West Market Street, Lima, Ohio 45805.

C. Metropolitan Housing Authority

The Metropolitan Housing Authority (Authority) is a jointly governed organization between Hancock County and the City of Findlay. The Authority was established under Section 3735.27 of the Ohio Revised Code to monitor housing accommodations to insure safe and sanitary housing is available to the citizens. Two members of the Board of Trustees are appointed by the Probate Court Judge, two members are appointed by the mayor of the City of Findlay, and one member is appointed by the County Commissioners. Separate financial statements may be obtained from the Metropolitan Housing Authority, 1800 North Blanchard Street, Findlay, Ohio, 45840.

D. Blanchard Valley Port Authority

The Blanchard Valley Port Authority (the "Authority") was established in 2007 and is a jointly governed organization between the City of Findlay and the County. The Authority was established pursuant to Ohio Revised Code Section 4582.21. The purpose of the Authority is to better provide for the improvement and development of the County and the City of Findlay into the foreseeable future.

The Authority is governed by a Board consisting of seven appointed members. The City of Findlay and the Board of County Commissioners shall appoint three Board Members each and the seventh appointed Board Member shall be made jointly by the City of Findlay Mayor with the approval of a majority of the members of the Findlay City Council and the Board of County Commissioners of Hancock County.

The Authority may be dissolved at any time upon the enactment of an ordinance by the City of Findlay Council and resolution by the County Board of Commissioners provided that upon dissolution, any real or personal property or combination thereof which has been received from or made available by the City of Findlay or the County shall be returned to the subdivision from which it was received or made available. In the event of the dissolution, after paying all expenses, debts or funds or any remaining real or personal property belonging to the Authority shall be distributed to the City of Findlay and the County equally.

During 2016, the County did not make any contributions to the Authority. Financial information can be obtained from the Blanchard Valley Port Authority 1660 Tiffin Ave., Findlay, Ohio 45840.

NOTE 27 - INSURANCE POOLS

A. Midwest Pool Risk Management Agency, Inc.

The Midwest Pool Risk Management Agency, Inc., (Pool) is an Ohio not-for-profit corporation established by five counties for the purpose of establishing a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by the Pool. These coverages include comprehensive general liability, automobile liability, certain property insurance, and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Pool are managed by an elected Board of not more than five trustees. Only county commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of the Pool is limited to its voting authority and any representation it may have on the Board of Trustees.

B. Midwest Employee Benefit Consortium

The County participates in the Midwest Employee Benefit Consortium (MEBC), a public entity shared risk pool consisting of five counties. The County pays premiums to the MEBC for employee medical and life insurance benefits. The MEBC is responsible for the administration of the program and for processing of all claims for each member.

The MEBC is governed by a Board of Trustees consisting of one county commissioner from each participating member. Each participant decides which plans offered by the Board of Trustees will be extended to its employees. Participation in the MEBC is by written application subject to acceptance by the Board of Trustees and payment of the monthly premiums.

NOTE 28 - RELATED ORGANIZATIONS

A. County Park District

The Hancock County Park District (District) is a distinct political subdivision of the State of Ohio. The District is governed by a Board of Trustees appointed by the Hancock County Probate Court Judge. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Hancock County Auditor, 300 South Main Street, Findlay, Ohio 45840-3345.

B. Findlay-Hancock County Public Library

The Findlay-Hancock County Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the County Commissioners. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Findlay-Hancock County Public Library, 206 Broadway Street, Findlay, Ohio 45840.

C. Regional Planning Commission

The Regional Planning Commission (Commission) is statutorily created as a separate and distinct political subdivision of the State. The nineteen members of the Commission consist of ten members appointed by the County Commissioners, including one commissioner, and nine members appointed by the City of Findlay. The County and the City each pay for half of the operating costs of the Commission. The Commission adopts its own budget, authorizes expenditures, hires and fires staff, does not rely on the County to finance deficits and the County cannot impose its will on the Commission; therefore, the County's role is limited to a ministerial function. Financial information can be obtained from the Hancock Regional Planning Commission, City of Findlay Municipal Building, 318 Dorney Plaza Room 304, Findlay, Ohio, 45840.

HANCOCK COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 29 - RELATED PARTY TRANSACTIONS

Blanchard Valley Industries, a discretely presented component unit of Hancock County, received contributions from the County for facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of its programs. In 2016, these contributions were \$1,024,887.

Blanchard Valley Residential Services Inc., a discretely presented component unit of Hancock County, received in-kind contributions from the County to facilitate uninterrupted ICF-IID services. In 2016, these contributions were \$208,640.

NOTE 30 - CONTINGENT LIABILITIES

The County has received federal and State grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

NOTE 31 - OTHER REVENUE

For the year ended December 31, 2016, other revenue in the job and family service major special revenue fund consists primarily of reimbursements from the child support enforcement agency and children services nonmajor special revenue funds.

**COMBINING STATEMENTS
AND INDIVIDUAL FUND SCHEDULES**

HANCOCK COUNTY, OHIO

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - MAJOR FUNDS

GENERAL FUND

The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Major Special Revenue Funds

Motor Vehicle License and Gas Tax

This fund accounts for revenues derived from motor vehicle licenses and gasoline taxes that are restricted for public works programs.

Alcohol, Drug, and Mental Health

The fund accounts for a County-wide property tax levy and federal and State grants that are restricted for the cost of services provided by local mental health agencies to the public at large.

Job and Family Services

The fund accounts for various federal and State grants that are restricted to provide public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

Board of Developmental Disabilities (DD)

This fund accounts for a county-wide property tax levy and federal and state grants and entitlements that are restricted for operating the Blanchard Valley School, a residential center, and the costs of administering a facility for the developmentally disabled.

Major Capital Projects Fund

Flood Mitigation

This fund accounts for transfers from the County general fund sales tax revenues and contributions from the City of Findlay that are committed and restricted, respectively, for capital improvements intended to reduce the risk of damage to County property due to severe flooding.

Major Enterprise Funds

Sanitary Landfill

This fund accounts for fees collected at the County landfill for dumping waste. This fund also includes the activities for the recycling facility, Litter Landing.

Agricultural service center fund

This fund accounts for the rental of space in the agricultural service center. Rental fees are based on the costs of maintaining the building and annual debt service payments.

BMV one-stop fund

This fund accounts for the rental of space in the Bureau of Motor Vehicles building. Rental fees are based on the costs of maintaining the building and annual debt service payments.

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS**

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The following are the special revenue funds which the County operates:

Nonmajor Special Revenue Funds

Child Support Enforcement Agency (CSEA)

The fund accounts for poundage fees and earned incentives collected by the Child Support Enforcement Agency. Monies are restricted by State statute to finance the operation of the CSEA. The fund also accounts for Title IV-D grants that reimburse expenditures for support enforcement. The CSEA is managed by the Department of Job and Family Services.

Dog and Kennel

The fund accounts for revenues that are restricted for the dog warden's operations. This fund is financed by fine collections and the sale of dog tags and kennel permits.

Children Services

The fund accounts for monies received from federal and State grants, support collections, and social security that are restricted to children service expenditures. Major expenditures are for foster homes, emergency shelters, medical treatment, school supplies, counseling, and parental training.

Real Estate Assessment

The fund accounts for State mandated County-wide real estate reappraisals that are funded by charges to the political subdivisions located within the County and are restricted for legislative and executive programs.

Community Development Block Grant

The fund accounts for housing rehabilitation, tenant-based rental payment assistance, and home buyer down payment assistance through grants received from the Department of Housing and Urban Development. This fund is restricted for economic and development programs.

Community Corrections

The fund accounts for monies received from the Bureau of Rehabilitation and Correction and used to pay the cost of probation officers to rehabilitate high risk people on probation. Expenditures are restricted to salaries, supplies, and equipment.

Felony Delinquent Juvenile Care and Custody

The fund accounts for monies received from the Department of Youth Services that are restricted for training, treatment, and rehabilitation of juveniles who have committed felonies.

Agency on Aging Levy

The fund accounts for the collection and distribution of real estate taxes that are restricted for senior services provided by the agency on aging.

National Emergency Grant

This fund accounts for grant monies that are restricted for national emergencies.

HANCOCK COUNTY, OHIO

COMBINING STATEMENTS FUND DESCRIPTIONS - FIDUCIARY FUNDS

The agency funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, and/or other governments. The following are the County's fiduciary funds:

Investment Trust Fund

External Investment Pool

To account for the funds and subfunds of the Hancock County Park District. This fund is not included in the entity for which the appropriated budget is adopted; therefore, no budgetary statement is presented.

Agency Funds

Agency funds are purely custodial (assets equal liabilities) and therefore do not involve the measurement of results of operation. The following are the County's agency funds:

Subdivision

The fund accounts for the flow of property taxes and State-levied shared revenues that are allocated to the various political subdivisions of the County.

Payroll

The fund accounts for payroll withholdings that are distributed to other governmental units and private organizations.

Real Estate Taxes

The fund accounts for the collection and distribution of real estate taxes and special assessments to local governments in the County.

Personal Taxes

The fund accounts for the collection and distribution of tangible personal property taxes to local governments in the County.

Library/Local Government Support

The fund accounts for shared revenues from the State that represent a portion of State income taxes returned to the County for use by district libraries and park districts. These moneys are apportioned on a monthly basis.

Local Government

The fund accounts for shared revenues from the State that represent a portion of State income taxes, State sales taxes, and corporate franchise taxes. These moneys are apportioned to local governments on a monthly basis.

County Court

The fund accounts for money received and distributed by the Court for the following court activities:

1. Clerk of Courts auto title fees, and legal (court related) receipts and dispositions;
2. Probate Court related receipts and disbursements; and
3. Juvenile Court related receipts and disbursements.

Notes:

Real property is reappraised every six years with a State mandated updated of the current market value in the third year following each appraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of actual value of railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property is assessed at 25 percent of actual value for machinery and equipment and 23 percent for inventory. The general business tangible personal property tax is being phased out beginning in 2006. The percentage is 18.75 percent for 2006, 12.5 percent for 2007, and 6.25 percent for 2008. For 2009, tangible personal personal property tax is assessed at 0.00% of property value, including inventory, except for telephone tangible personal property, which is assessed at 10.0%.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

Notes:

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each appraisal.

Overlapping rates are those of local governments that apply to property owners within Hancock County. Not all overlapping rates apply to all County property owners. Property tax rates for all overlapping governments are based on the original voted levy.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Notes:

- (1) The amounts shown as collected include the collection of current taxes and the state reimbursement (rollback and homestead) amounts.
- (2) The tax system utilized by the County is unable to identify delinquent tax collections by tax year. Therefore, the County is only able to provide a total of delinquent tax collections by year. The County will need more time to make appropriate tax system changes to track delinquent tax collections by tax year.
- (3) In tax year 2007 and prior, the County was unable to separate current tax levy collections from delinquent tax collections. Therefore, all amounts are included in the current year tax collections column.

Notes:

- (1) The sales tax rate increase to 1.25 percent in January 2009 due to an imposed increase of .75 percent to the .50 percent sales tax rate.
- (2) The sales tax rate decreased to 1 percent for 2010. The previously imposed increase of .75 percent expired in December 2009. However, voters approved a 10-year increase in sales tax of .50 percent effective January 2010.

Sales tax is remitted to the Ohio Department of Taxation. The portion pertaining to the County is remitted on a monthly basis approximately two months after collection at the source.

Information for the principal taxpayers is not provided to the County by the Ohio Department of Taxation.

- (1) The debt limitation is calculated as follows:
 Three percent of first \$100,000,000 of assessed value.
 1 1/2 percent of next \$200,000,000 of assessed value.
 2 1/2 percent of amount of assessed value in excess of \$300,000,000.

Note: The amount of debt presented as subject to the limit are balances used to compute the margin as specified by statute (i.e., the gross balances) not amounts that are net of premiums or discounts. On deep discount or capital appreciation bonds, this is the original issue amount.

HANCOCK COUNTY, OHIO

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2016**

(A) This schedule includes the federal award activity of Hancock County under programs of the federal government for the year ended December 31, 2016 and is prepared in accordance with the cash basis of accounting. The information on this schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Hancock County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Hancock County.

(B) The County has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on this schedule. Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on this schedule. These loans are collateralized by mortgages on the property. The County incurred \$10,289 in administrative costs during 2016, which are included as disbursements on the schedule.

Beginning loans receivable as of January 1, 2016	\$ 787,367
Loans Disbursed	40,000
Loans Repaid	<u>(66,205)</u>
Ending loans receivable as of December 31, 2016	<u>\$ 761,162</u>
Cash balance on hand as of December 31, 2016	\$ 131,509
Delinquent amounts due as of December 31, 2016	\$ -

(C) Included as part of the "Workforce Investment Act Cluster" in determining major programs.

(D) Pass-through grant numbers were unable to be obtained for these grants.

(E) This portion of the grant was passed through Ohio Department of Mental Health.

(F) This portion of the grant was passed through Ohio Department of Developmental Disabilities.

(G) This portion of the grant was passed through Ohio Department of Alcohol and Drug Addiction Services.

(H) Included as part of the "Special Education Cluster" in determining major programs.

(I) The County passes certain federal awards received from various agencies to other governments or not-for-profit agencies (subrecipients). As Note A describes, the County reports expenditures of Federal awards to subrecipients when paid in cash. As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

(J) These grant amounts include cash-basis expenditures from previous years that were inadvertently omitted from previous Schedules of Expenditures of Federal Awards. The table below summarizes those federal expenditures from previous years:

(K) CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. The County has elected not to use the 10% de minimis indirect cost rate.

**Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Required by *Government Auditing Standards***

Hancock County
300 South Main Street
Findlay, Ohio 45840

To the Board of Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hancock County, Ohio, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Hancock County's basic financial statements and have issued our report thereon dated June 22, 2017. Our report refers to other auditors who audited the financial statements of Hancock Community Housing, Inc., a discretely presented component unit, as described in our report on Hancock County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported. Our report also refers to other auditors who audited the financial statements of Blanchard Valley Industries, a discretely presented component unit, and Blanchard Valley Residential Services, Inc., a discretely presented component unit, as described in our report on Hancock County's financial statements. This report does not include the results of the other auditors' testing of internal controls over financial reporting or compliance and other matters that those auditors separately reported. The financial statements of Blanchard Valley Industries and Blanchard Valley Residential Services, Inc., were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered Hancock County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of Hancock County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of Hancock County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of Commissioners
Hancock County

Compliance and Other Matters

As part of reasonably assuring whether Hancock County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of Hancock County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering Hancock County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance With Requirements Applicable
to Each Major Federal Program and on Internal Control Over Compliance
and the Schedule of Expenditure of Federal Awards Required by *Uniform Guidance***

Hancock County
300 South Main Street
Findlay, Ohio 45840

To the Board of Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Hancock County's compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Hancock County's major federal programs for the year ended December 31, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies Hancock County's major federal programs.

Management's Responsibility

Hancock County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on Hancock County's compliance for each of Hancock County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about Hancock County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of Hancock County's major programs. However, our audit does not provide a legal determination of Hancock County's compliance.

Opinion on Each Major Federal Program

In our opinion, Hancock County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2016.

Board of Commissioners
Hancock County

Report on Internal Control Over Compliance

Hancock County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered Hancock County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of Hancock County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely-presented component units, each major fund and the aggregate remaining fund information of Hancock County, Ohio as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Hancock County's basic financial statements. We issued our unmodified report thereon dated June 22, 2017. We conducted our audit to opine on Hancock County's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. Our opinion also explained that the aggregate discretely presented component units were audited by other auditors.
