KNOX COUNTY

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2017**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Knox County (the County) under programs of the federal government for the year ended December 31, 2017. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - SUBRECIPIENTS

The County passes certain federal awards received from the Ohio Department of Jobs and Family Services to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE D - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) with REVOLVING LOAN CASH BALANCE

The current cash balance on the County's local program income account as of December 31, 2017 is \$15,010.

NOTE E - MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE F - TRANSFERS BETWEEN FEDERAL PROGRAMS

During fiscal year 2017, the County made allowable transfers of \$422,194 from the Temporary Assistance for Needy Families (TANF) (93.558) program to the Social Services Block Grant (SSBG) (93.667) program. The Schedule shows the County spent approximately \$1,531,403 on the TANF program. The amount reported for the TANF program on the Schedule excludes the amount transferred to the SSBG program. The amount transferred to the SSBG program is included as SSBG expenditures when disbursed. The following table shows the gross amount drawn for the TANF program during fiscal year 2017 and the amount transferred to the Social Services Block Grant program.

Temporary Assistance for Needy Families	\$2,019,476
Transfer to Social Services Block Grant	<u>(422,194)</u>
Total Temporary Assistance for Needy Families	<u>\$1,597,282</u>

NOTE G – MAC RECONCILIATION PAYMENT/LIABILITIES

During the calendar year, the Knox County Board of Developmental Disabilities received a settlement from the 2012 and 2013 Cost Report from the Ohio Department of Developmental Disabilities for the Medicaid Program (CFDA #93.778) in the amount of \$5,876.26 and \$5,824.89 respectively. The Cost Report Settlements were for settlement of the difference between the statewide payment rate and the rate calculated based upon actual expenditures for Medicaid services. This revenue is not listed on the County's Schedule of Expenditures of Federal Awards since the underlying expenses occurred in prior reporting periods.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Knox County
117 East High Street
Mount Vernon, Ohio 43050

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component unit and the remaining fund information of Knox County, Ohio, (the County) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 26, 2018.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Knox County
117 East High Street
Mount Vernon, Ohio 43050

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited the Knox County's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of the County's major federal programs for the year ended December 31, 2017. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Knox County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2017.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which Uniform Guidance requires us to report, described in the accompanying schedule of findings as item 2017-001. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to our noncompliance finding is described in the accompanying corrective action plan. We did not audit the County's response and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program's compliance requirement will not be prevented, or timely detected or corrected. A *significant deficiency in internal over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Therefore, we cannot assure we have identified all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. However, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness, described in the accompanying schedule of findings as item 2017-001.

The County's response to our internal control over compliance finding is described in the accompanying corrective action plan. We did not audit the County's response and, accordingly, we express no opinion on it.

This report only describes the scope of our tests of internal control over compliance and the results of this testing based on the Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely-presented component unit and the remaining fund information of Knox County (the County) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 26, 2018. We conducted our audit to opine on the County's basic financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

2 CFR § 2400.101 gives regulatory effect to the Department of Housing and Urban Development for **2 CFR § 200.328 (a)(b)** which states, in part, the non-Federal entity is responsible for oversight of the operations of the Federal award supported activities. The non-Federal entity must monitor its activities under Federal awards to assure compliance with applicable Federal requirements and performance expectations are being achieved. The non-Federal entity must submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity.

The County Commissioners are required to submit a Final Performance Report (FPR) for the Community Development Block Grant once per year for each project. During fiscal year 2017, the Ohio Development Services Agency (ODSA) implemented a new online system, Ohio Community and Energy Assistance Network (OCEAN) for submitting the FPRs. The FPRs for two different grant projects were submitted on November 7, 2017 (due October 31, 2017) and February 23, 2018 (due December 31, 2017), both of which were submitted late. In addition, there were no signoffs on the reports or in the OCEAN system to document the County Commissioners or County Administrator were monitoring the Final Performance Reports submitted by the contracted Grant Coordinator for the Community Development Block Grant program. The County Commissioners or County Administrator did not have access to the OCEAN system.

Failure to monitor the reporting function of a federal program and submit financial reports timely could jeopardize future funding.

We recommend the County Commissioners monitor or appoint the County Administrator to monitor the information being submitted in OCEAN for accuracy and timeliness. We also recommend they be aware of when reports need to be submitted and ensure reports are being submitted within the specified timeframe.

To the Citizens of Knox County
and to The Board of County Commissioners:
the Honorable Roger Reed
the Honorable Teresa A. Bemiller
the Honorable Thom Collier

I am pleased to present the Comprehensive Annual Financial Report (CAFR) of Knox County, Ohio, for the year ended December 31, 2017. This report was prepared in accordance with Generally Accepted Accounting Principles (GAAP) and provides full and complete disclosure of the financial position and operations of the County for the year ended December 31, 2017. The information contained in this report will assist County officials in making management decisions and will provide the taxpayers of Knox County with comprehensive financial data in a format that will enable them to gain a true understanding of the County's financial affairs. The general public as well as investors will be able to compare the financial position of Knox County and the results of its operations with other governmental entities. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the County, specifically the County Auditor's Office.

GAAP require the Management's Discussion and Analysis (MD&A), a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Knox County was created in 1808. The County has only those powers conferred upon it by Ohio statutes. A three-member board of County Commissioners is elected at large in even-numbered years for overlapping four-year terms. The Commissioners serve as the taxing authority, the contracting board, and the chief administrators of public services for the County. The Board of Commissioners creates and adopts the annual operating budget and makes the annual appropriation measure for expenditures of all County funds. In addition to the Board of Commissioners, the offices of County Auditor and County Treasurer are grouped under the category of general government and are of particular importance to the financial affairs of the County.

***Letter of Transmittal
For the Year Ended December 31, 2017***

The County Auditor is elected to a four year term and has as one of her most important functions, the task of assessing real property for tax purposes. Under state law, a complete reappraisal must be conducted every six years as well as a triennial update every third year between reappraisals. After the County Treasurer collects taxes, the County Auditor is responsible for distributing certain taxes to various government units. The Auditor is also the chief fiscal officer of the County, and no County contract or obligation may be made without her certification that funds for that contract or obligation have been lawfully appropriated, are available for payment, or are in the process of collection. In addition, no account may be paid except by the Auditor's warrant drawn upon the County Treasury. The Auditor is responsible for the County payroll and has other statutory accounting responsibilities. The Auditor is also in charge of the County's bond retirement fund. She is, by state law, secretary of the County Board of Revision and the County Budget Commission, and the administrator and supervisor of the County Data Processing Board.

The County Treasurer is required by state law to collect certain locally assessed taxes. She is the distributing agent for expenditures authorized by the Board upon the Auditor's warrant. The Treasurer must make daily reports showing receipt, payments and balances to the County Auditor, and the books of account must always balance with those of the County Auditor. The Treasurer is responsible for investing all funds of the County. The Treasurer is elected to a four year term. The Treasurer is a member of the County Board of Revision. In addition, the Treasurer, the Auditor and the Prosecuting Attorney form the County Budget Commission which plays an important part in the financial administration of County government as well as all local governments throughout the County.

The County Prosecuting Attorney is elected to a four year term and is responsible for all legal matters for the County and Township officials. He prosecutes all felonies, child support delinquencies and tax foreclosures. The office is also the contact for victim assistance.

The County Recorder is elected to a four year term and is responsible for recording all deeds, mortgages, and liens. The Recorder oversees the Microfilm/Retention Office and is Secretary of the Records Retention Board and the Microfilm Board for the County. The recorder's office had a decrease of 85 documents from 2016 with a total of 10,478 documents recorded in 2017.

The County Engineer is elected to a four year term and whose employees work in four major divisions under the Engineer. The Office Division is responsible for the tax map department and office operation. The Road Division is responsible for maintenance and upkeep of all the County roads, including resurfacing. The Bridge Division is responsible for the replacement and inspection of all bridges. The Garage Division is responsible for road signs on all County roads and maintenance on all vehicles.

***Letter of Transmittal
For the Year Ended December 31, 2017***

The County Sheriff is elected to a four year term and is the head of six divisions. The Patrol Division provides protection for a total of 532 square miles of Knox County. The Detective Division is responsible for investigating all major criminal cases in Knox County. The Jail Division runs a full service jail which houses both adult male and female prisoners charged with or convicted of felony and misdemeanor offenses. The Civil Process Division is responsible for serving all court processes.

The Clerk of Courts is elected to a four year term and is responsible for the Legal Division and the Title Division. The Legal Division's main function is to file, process and preserve papers for cases that will be handled by the Knox County Common Pleas Court and Fifth District Court of Appeals. The Legal Division received 2,747 cases filed in 2017. Of those cases 518 were certificates of judgments. The Title Division's main function to issue vehicle titles, which serve as a person's only proof of ownership. In 2017, 29,127 vehicle titles were issued, an increase of 1,450 from 2016.

The Knox County Common Pleas Judge is elected to a six year term and is responsible for hearing all domestic relations, criminal and civil cases.

The Knox County Common Pleas Probate and Juvenile Judge is elected to a six year term and is responsible for hearing all probate and juvenile cases. In 2017, the estate cases totaled 255, which was a decrease of 45 cases from 2016. Overall cases filed in Probate Court totaled 777 in 2016, which was a decrease of 63 cases from 2016. In 2017, the Juvenile Court cases filed totaled 839, which was an increase of 21 over 2016. This court also performs miscellaneous tasks such as assigning foreign judges and appointing the Humane Officer and members to the Board of Development Disabilities, and the Knox County Metropolitan Housing Authority. The Probate Court houses old birth, death and marriage records where many people work on genealogy research.

The Knox County Coroner is elected to a four year term and is responsible for certifications of deaths. She orders autopsies and investigates suspicious deaths.

The Board of Elections is a statutory board, the same as the budget commission and the board of revision, with the exception that this board has no elected officials as board members. The four member board, made up of two Republicans and two Democrats, meets monthly to conduct board business. The Board of Elections oversees all primary, general and special elections. Registered voters in 2017 totaled 40,646 an increase of 346 from 2016.

The County provides its citizens with a wide range of services that include job and family services, health and community assistance related services, and other general and administrative support services. The County also operates enterprise funds which include water and wastewater systems and the landfill. For financial reporting purposes, the County's reporting entity includes the primary government, which is comprised of all funds and the agencies, boards and commissions that make up the County's legal entity, component units, which are legally separate organizations which are fiscally dependent on the County or for which the County is financially accountable, and any activities that need to be included to ensure that the financial statements are complete and not misleading.

The County's reporting entity includes the financial activities of the County Board of Development Disabilities. The mission of this Board is to establish support focused on the individual which will provide opportunities for informed choices. These choices will provide an opportunity for individuals to plan their futures in where they live, work, learn and develop social relationships. The County also reports one component unit, the Knox County Airport.

Excluded from the reporting entity because they are fiscally independent of the County are the Knox County Educational Service Center, the Knox County Humane Society, the Knox County Agricultural Society, the Knox County Extension Services, Knox County Park District, Knox County Regional Planning Commission and the Kno-Ho-Co Community Action Commission.

The County serves as fiscal agent but is not financially accountable for the Knox County General Health District, the Knox County Soil and Water Conservation District, the Knox County Park District, the Delaware, Knox, Marion and Morrow Joint Solid Waste District and the Knox County Regional Planning Commission whose activities are included in this report as agency funds.

The Emergency Management Agency, the Mental Health and Recovery for Licking and Knox Counties, and the Eastern Ohio Housing Corporation are governmental joint ventures. The Joint Solid Waste District, the Mid Eastern Ohio Regional Council, the Knox County Family and Children First Council, the Heart of Ohio Resource Conservation and Development Council, and the Perry Multi-County Juvenile Facility are jointly governed organizations. The Public Library of Mount Vernon and Knox County is a Related Organization. These organizations are discussed in Notes 1, 12 and 13 of the notes to the Basic Financial Statements.

The Communications Division handles Enhanced 9-1-1 dispatching, and is responsible for all communications for Knox County.

A complete discussion of the County's reporting entity is provided in Note 1 of the notes to the Basic Financial Statements.

Economic Condition and Outlook

Knox County has always been a large agricultural area and this is their eleventh year for the Farmers Market. The Mount Vernon Farmers Market itself had a good season, with strong turnout from buyers eager to get fresh produce. The Owl Creek Produce Auction, located outside of Waterford, entered its thirteenth year serving as a produce auction house selling everything from truckload quantities to grocery store chains, all the way down to individuals buying single vegetables.

Employee Relations

Knox County has seven separate unions, whose labor contracts commence at various times. The County Engineer has twenty-four members in the American Federation of State, County and Municipal Employees (A.F.S.C.M.E.) Local 2803. This contract commenced July 1, 2017, and it expires on June 30, 2020.

The County Sheriff has fifty-one members in the Fraternal Order of Police, Ohio Labor Council, Inc. This contract was signed for a three-year period. This contract commenced on January 1, 2018 for a three year period and expires on December 31, 2020.

The Cooks & Secretaries Union (Sheriff's Office) are members of the Fraternal Order of Police, Ohio Labor Council, Inc and has 3 members. This contract commenced on August 1, 2016 for a three year period and expires on July 31, 2019.

The Department of Job and Family Services has fifty-six members in the A.F.S.C.M.E. Local 657. This contract commenced on July 1, 2017 for a three-year period and expires on June 30, 2020.

The Emergency Management 9-1-1 has seventeen members in the Fraternal Order of Police, Ohio Labor Council, Inc. This contract commenced January 1, 2016 for a three-year period. It expires on December 31, 2018. The remaining departments along with department heads are not represented by any union.

The Water and Wastewater has six members in the American Federation of State, County and Municipal Employees (A.F.S.C.M.E.) Local 2803 (B). The contract commenced January 1, 2018 and it expires on December 31, 2020.

The Board of Developmental Disabilities has 21 members in the Knox New Hope Education Association (OEA) Union 1. This contract commenced on January 1, 2018, and it expires on December 31, 2020.

Major Initiatives

A ribbon-cutting ceremony took place on October 13, 2017 – “No more gravel” for the paving project on Wally Road. The project consisted of 4.14 miles of Wally Road that was paved and the project was funded largely with grant money, \$500,000 from OPWC and \$250,000 from CDBG. Local funds included in-kind/labor through the Knox County Engineer's Office.

The Commissioner's on October 31, 2017 passed a resolution to establish the Knox County Land Reutilization Corporation (the “Land Bank”). On December 12, 2017 the Commissioner's passed a resolution to designate the “Land Bank” as the agency. The Knox County Land Reutilization Corporation strengthens neighborhoods and preserves property value by strategically returning vacant, abandoned, tax-delinquent, and other properties to their most productive and highest-and-best uses through a transparent and fair process.

Internal Control, Budgetary Control and the Accounting System

Development of the County's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance of the following:

1. The County's assets are protected against loss and unauthorized use or disposition.
2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation.
2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the County administration and the Auditor's Office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the County's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

The Auditor's Office is responsible for the auditing and analysis of all purchase orders of the County. Personnel of the Auditor's Office carefully review purchase orders to ensure the availability of monies in the proper funds and accounts prior to the certification and subsequent payment of approved invoices. The County utilizes a fully automated accounting system as well as an automated system of controls for capital asset accounting and payroll. These systems, coupled with the review and examination performed by the County Auditor's Office, ensure that the financial information generated is both accurate and reliable.

Budgetary control is maintained at the object level for each department within each fund via legislation approved by the County Commissioners. Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year, which coincides with the calendar year.

Independent Audit

Included in this report is an unmodified audit opinion rendered on the County's financial statements as of and for the year ended December 31, 2017, by our independent auditor, Dave Yost, Auditor of State. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Federal Single Audit Act of 1996, related OMB Circular A-133 and Uniform Guidance, which results are not included in this report.

County management plans to continue to subject financial statements to an annual independent audit as part of the preparation of a CAFR. An annual audit also serves to maintain and strengthen the County's accounting and budgetary controls.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Knox County, Ohio, for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, in which the contents conform to program standards. The (CAFR) must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Knox County has received a Certificate of Achievement for the last twenty-seven consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA.

Acknowledgments

The publication of this Comprehensive Annual Financial Report for Knox County, Ohio, is the culmination of many hours of dedicated work in the research, analysis, and preparation of the financial statements and the related notes and narratives by the Fiscal Department of the Office of the Knox County Auditor.

The effort put forth so willingly by the various department heads and their staffs in providing the data needed for the report is greatly appreciated. Special recognition is given to Mandy Craze, Deputy Auditor, for her many hours, perseverance, and expertise in managing this project to completion. We are very appreciative of this effort.

***Letter of Transmittal
For the Year Ended December 31, 2017***

We thank Donald J. Schonhardt and Associates for their expert advice and technical assistance.

A final note of appreciation is extended to the auditing staff of the State Auditor's office for their cooperation and guidance for our twenty-eighth Comprehensive Annual Financial Report.

I ask for your continuing support of this project and in our efforts to promote good sound financial management for Knox County.

Sincerely,

Jonette Curry
Knox County Auditor

INDEPENDENT AUDITOR'S REPORT

Knox County
117 East High Street
Mount Vernon, Ohio 43050

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component unit and the remaining fund information of Knox County, Ohio (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component unit and the remaining fund information of Knox County, Ohio, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Public Assistance, Motor Vehicle and Gasoline Tax, Children Services Board and Developmental Disabilities Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2018, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The discussion and analysis of Knox County's financial performance provides an overall review of the County's financial activities for the fiscal year ended December 31, 2017. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the County's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2017 are as follows:

- ❑ In total, net position decreased \$3,879,048. Net position of governmental activities decreased \$3,841,376, which represents a 5.0% decrease from 2016. Net position of business-type activities decreased \$37,672 or 0.5% from 2016.
- ❑ General revenues accounted for \$23,670,187 in revenue or 46.1% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$27,706,384 or 53.9% of total revenues of \$51,376,571.
- ❑ The County had \$52,881,129 in expenses related to governmental activities; only \$25,463,005 of these expenses were offset by program specific charges for services, grants or contributions.
- ❑ Among major funds, the general fund had \$15,550,063 in revenues and \$14,464,331 in expenditures. The general fund's fund balance decreased \$55,545 to a balance of \$4,746,138. The fund balance of the general fund has not significantly changed.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management's discussion and analysis*, the *basic financial statements*, *required supplemental information*, and an optional section that presents *combining and individual statements* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the County:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the County's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the County, reporting the County's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County's net position and how they have changed. Net position (the difference between the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources) is one way to measure the County's financial health or position.

- Over time, increases or decreases in the County's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County you need to consider additional nonfinancial factors such as changes in the County's tax base and the condition of County capital assets also need to be evaluated.

The government-wide financial statements of the County are divided into two categories:

- ***Governmental Activities*** – Most of the County's programs and services are reported here including public safety, health, human services, and public works.
- ***Business-Type Activities*** – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The County's sewer district and landfill funds are reported as business activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant funds, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the County's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance County programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Management’s Discussion and Analysis
For the Year Ended December 31, 2017**

Unaudited

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The accounting used for fiduciary funds is much like that of the proprietary funds. We exclude these activities from the County’s other financial statements because the assets cannot be utilized by the County to finance its operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

The following table provides a summary of the County’s net position for 2017 compared to 2016:

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016

The implementation of GASB Statement 68, “Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27,” in 2015, significantly revised accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County’s actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan’s net pension liability. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio’s statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the County's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the County's statements are prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred inflows/outflows.

Governmental Activities

Net position of the County’s governmental activities decreased by \$3,841,376. This was due to an increase in the net pension liability for the Ohio Public Employees Retirement System.

Tax revenue accounts for \$18,694,392 of the \$49,080,259 in total revenues for governmental activities. Sales tax accounted for \$7,138,003, or approximately 38.2% of total tax revenue.

The County’s direct charges to users of governmental services totaled \$4,716,364. This amount represents 9.6% of total revenues for governmental activities and 18.5% of program specific revenues.

Revenue Sources	2017	Percent of Total
Intergovernmental Revenues	\$2,941,577	5.99%
Program Revenues	25,463,005	51.88%

Total Revenue	<u>\$49,080,259</u>	<u>100.00%</u>

Business-Type Activities

Net position of the business-type activities decreased by \$37,672. This decrease is attributable to a slight decrease in collections/grants and increased expenses. Business type activities receive no support from tax revenues and remain self-supporting.

General Fund – The County's General Fund balance decreased from 2016 to 2017. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2017 Revenues	2016 Revenues	Increase (Decrease)
Taxes	\$10,111,609	\$9,853,736	\$257,873
Intergovernmental Revenues	2,279,459	2,001,740	277,719
Charges for Services	2,188,704	2,349,563	(160,859)
Licenses and Permits	4,576	4,252	324
Investment Earnings	231,983	216,628	15,355

Expenditures increased by \$887,047 or 6.5% from the prior year. The main reason for the increase was an increase in Legislative and Executive as a result of salary increases and a change in the annual payment for Workers Compensation made by the Commissioners. Public Safety increased as a result of salary increases based on Union Contract and increased inmate care.

Public Assistance Fund – The County's Public Assistance Fund balance decreased by 22.9%. This decrease in fund balance was the result of increased expenditures for services.

Motor Vehicle and Gasoline Tax Fund – The County's Motor Vehicle and Gasoline Tax Fund balance increased by 16.4%. This increase in fund balance was the result of reduced expenditures.

Children Services Board Fund – The fund balance reported in the Children Services Board Fund decreased 82.8% due to increased needs for services and increased cost of care.

Development Disabilities Fund – The fund balance reported in the Development Disabilities Fund increased by 4.0%. This increase in fund balance was the result of reduced expenditures.

GENERAL FUND BUDGETING HIGHLIGHTS

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2017 the County amended its General Fund budget several times. The final budget of \$16.6 million did not significantly change from the original budget of \$16.4 million. The \$558,313 positive variance with the final budget was as a result of reduced expenditures.

For the General Fund, budget basis revenue of \$13.6 million did not significantly change compared to the original budget estimates. The \$1.8 million positive variance with the final budget was the result of conservative revenue estimates for sales and real estate taxes.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2017 the County had \$73,804,898 net of accumulated depreciation invested in land, buildings, equipment, vehicles and infrastructure. Of this total, \$61,776,091 was related to governmental activities and \$12,028,807 to the business-type activities. The following table shows 2017 and 2016 balances:

	Governmental Activities		Increase (Decrease)
	2017	2016	
Land	\$4,468,040	\$4,274,959	\$193,081

Totals	\$61,776,091	\$61,071,700	\$704,391

Land increased due to land acquisition for parking lot. Buildings and Improvements increased due to Memorial Building upgrades, real estate purchase for Public Defender/Probation, a new roof for the Service Center and an update to the control system at the Sheriff's Office. Infrastructure increased due to the repaving of Wally Road and the completion of the Heart of Ohio project. Vehicles increased based on the replacement of fleet vehicles for KAT. Construction in Progress decreased as a result of the Phase VII Heart of Ohio Trail which was completed in 2017, this was offset by the new construction for the Children's Resource Center.

***Reconciliation Of The Statement Of Revenues, Expenditures
And Changes In Fund Balances Of Governmental Funds
To The Statement Of Activities
For The Year Ended December 31, 2017***

Net Change in Fund Balances - Total Governmental Funds \$ 2,316,230

Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	3,737,289	
Depreciation Expense	<u>(3,418,495)</u>	318,794

Governmental Funds only report the disposal of assets to the extent proceeds are received from sale. In the statement of activities, the loss is reported for each disposal. (148,112)

Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources. 533,709

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (168,902)

Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows. 2,114,162

Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities. (6,348,649)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to government funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

General Obligation Bonds Payable Issued	(3,505,000)	
Premium on General Obligation Bonds Payable Issued	(108,493)	
General Obligation Bond Principal Payment	1,050,000	
Ohio Public Works Commission Principal Payment	71,161	
Local Government Innovation Loan Principal Payment	35,000	
Capital Lease Principal Payment	<u>194,127</u>	(2,263,205)

(Continued)

KNOX COUNTY, OHIO

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (7,925)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated Absences	18,954	
Change in Inventory	(226,695)	
Amortization of Bond Premium	13,580	
Amortization of Loss on Refunding	<u>(40,275)</u>	(234,436)

The internal service funds are used by management to charge the costs of services to individual funds is not reported in the statement of activities.

Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service funds are allocated among the governmental activities.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed in the preparation of these financial statements are summarized below. These policies conform to generally accepted accounting principles for local governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board and other recognized authoritative sources. The information generally relates to the primary government. Information related to the Airport is specifically identified.

A. Reporting Entity

Knox County, Ohio (The County) was created in 1808. The County is governed by a board of three commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the county auditor, treasurer, recorder, clerk of courts, coroner, engineer, prosecuting attorney, sheriff, a common pleas court judge, and a probate/juvenile court judge. The county commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County, including each of these departments.

The reporting entity is comprised of the primary government, a component unit and other organizations that are included to insure that the financial statements of the County are not misleading.

The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Knox County this includes the children services board, the board of development disabilities, the human services department, the emergency management agency and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and 1) the County is able to significantly influence the programs or services performed or provided by the organization or 2) the County is legally entitled to or can otherwise access the organization's resources, the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization, or the County is obligated for the debt of the organization. Component units may also include organizations for whom the County approves the budget, the levying of taxes or the issuance of debt.

The County participates in the **County Risk Sharing Authority (CORSA)**, a public entity risk sharing pool among thirty-three counties in Ohio. CORSA was formed as an Ohio non-profit corporation for the purpose of establishing the CORSA Insurance/self-insurance Program, a group primary and excess insurance/self-insurance and risk management program.

The County participates in the **County Commissioners Association of Workers' Compensation Group Rating Plan** established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool.

The KCFCFC is a jointly governed organization. The purpose is to promote the well-being of children and their families.

Heart of Ohio Resource Conservation and Development Council (HOCDC)

The HOCDC is a jointly governed organization among nine counties. The purpose is to enhance the quality of life in central Ohio by facilitating the use of natural resources for a sustainable future.

Perry Multi-County Juvenile Facility (JF)

The JF is a jointly governed organization among eight counties. The purpose is to rehabilitate juvenile offenders in lieu of commitment to the Ohio Department of Youth Services.

Further information regarding these joint ventures and jointly governed organizations is presented in Note 12 and Note 13.

Related Organization:

Public Library of Mount Vernon and Knox County

The Commissioners and Judge of Knox County Common Pleas appoint the governing board of the Library, however, the Commissioners and Judge cannot influence the Library's operation nor does the Library represent a potential financial benefit for or burden on the County. The Commissioners serve in a ministerial capacity as a taxing authority for the Library. Once the Library Board determines to present a levy to the voters, including the determination of its rate and duration, the Commissioners must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County during 2017.

Discretely Presented Component Units:

The component unit column in the financial statements identifies the financial data of the County's component unit, Knox County Airport. It is reported separately to emphasize that it is legally separate from the County. Knox County Airport does not issue separate financial statements.

Knox County Airport is situated on County owned land, and it is operated by a County appointed authority. The County has the ability to impose its will on the Airport and has issued loans on behalf of the airport for the construction of hangar bays and storage buildings as well as the purchase of land. The Airport is reflected as a component unit of the County.

Knox County Land Reutilization Corporation (the Land Bank) is a legally separate not-for-profit organization, created under Ohio Revised Code Section 5722.02 to 5722.15 and Chapter 1724 on November 17, 2017. The Purpose of the Land bank is to facilitate the effective reutilization of nonproductive land situated with Knox County's boundaries. The Land Bank has been designated as the County's agent for reclamation, rehabilitation, and reutilization of vacant, abandoned, tax-foreclosed or other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code. The Land Bank will assist and facilitate activities of governmental entities in clearing, assembling and clearing title to land for economic development purposes. The Land Bank operates under a five member Board of Directors, consisting of two County Commissioners, the County Treasurer, one representative from the municipal corporation with the largest population (City of Mount Vernon), and one representative from a Knox County township (Hilliard Township). Because the County makes up and/or appoints a voting majority of the Board of Directors, the County is able to impose its will on the operation of the Land Bank. As a result, the Land Bank will be reported as a discretely presented component unit of the County in accordance with GASB 14 as amended by GASB Statements No. 39 and 61. The Land Bank had no financial activity during 2017. As a result, no financial information is presented in the discretely presented component unit column for the Land Bank.

Agencies, Boards and Commissions:

As custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards and commissions listed below, the County serves as fiscal agent but is not financially accountable. Accordingly the activity of the following districts and agencies is presented as agency funds within the County's financial statements:

Knox County General Health District is governed by a five member board of health which oversees the operation of the health district and is elected by a regional advisory council. The board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

Knox County Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision of the State. The five supervisors of the Soil and Water Conservation District are appointed by elected officials and authorized to contract and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

Knox County Park District is governed by a three-citizen Board of Park Commissioners appointed to three-year terms by the Judge of the Probate Court of Knox County. The board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

The **Regional Planning Commission** is statutorily created as a separate and distinct political subdivision of the State. The Commission consists of representatives from the county, each township, and each municipality. The planning members adopt their own budget, authorize Commission expenditures, hire and fire staff, and do not rely on the County to finance deficits.

B. Basis of Presentation – Fund Accounting

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures/expenses. The following fund types are used by the County.

Governmental Fund Types:

Governmental funds are those through which most governmental functions of the County are financed. The acquisition, use and balances of the County's expendable financial resources and the related current liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The following are the County's major governmental funds:

***Notes to the Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation – Fund Accounting (Continued)

General Fund

The General Fund is used to account for all financial resources of the County except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Public Assistance Fund

This fund is used to account for various federal and state grants as well as transfers from the general fund used to provide public assistance to general relief recipients and to pay their providers of medical assistance, and for certain public social services.

Motor Vehicle and Gasoline Tax Fund

This fund is used to account for revenues derived from the sale of motor vehicle license, gasoline taxes and interests. Expenditures are restricted by state law to county road and bridge construction, maintenance and repairs. The County engineer currently expends the majority of the revenues for repairs.

Children Services Board Fund

This fund accounts for money from a tax levy, federal and state grants, support collection and social security. Major expenditures are for a boys' group home, emergency shelters, medical treatment, school supplies, counseling and parental training.

Development Disabilities Fund

This fund accounts for money received from a County-wide property tax levy and several federal and state grants and subsidies. This fund accounts for the operations of a school for the developmentally disabled.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose; the accumulation of resources for, and the payment of debt; and the acquisition or construction of major capital facilities.

Proprietary Fund Types:

Proprietary funds are used to account for the County's ongoing activities which are similar to those found in the private sector. The following are the County's proprietary fund types:

Enterprise Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Sewer District Fund – The Fund that accounts for provision of sewer and water services.

Landfill Fund – The Fund that accounts for the liability associated with landfill postclosure costs.

***Notes to the Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation – Fund Accounting (Continued)

Internal Service Fund

The internal service fund is used to account for the County’s self-insurance activity. Employee medical benefits are provided by the self-insurance fund to other County departments on a cost reimbursement basis.

Fiduciary Fund Types:

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. The County’s only fiduciary fund type is its agency funds. The County’s agency funds hold assets such as property and other taxes as well as other intergovernmental resources that have been collected by the County and will be distributed to other taxing districts located within the County. The County’s agency funds are custodial in nature (assets equal liabilities) and do not involve measurement or accounts of operations.

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund activity is eliminated to avoid “doubling up” revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County’s governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Certain indirect costs have been included as part of the program expenses reported for the various functional activities.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

Fund Financial Statements – Fund financial statements report detailed information about the County. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The modified accrual basis of accounting is followed for the governmental funds. Under this basis, revenues are recognized in the accounting period when they become both measurable and available. Available means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current year. The available period for the County is thirty days after year end. In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: earnings on investments, sales tax (see Note 8), federal and state grants and subventions, and charges for current services. Major revenue sources not susceptible to accrual include licenses and permits, and fines and forfeitures, which are not considered measurable until received.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. Principal and interest on general and special assessment long-term debt are recorded as fund liabilities when due, and costs of accumulated unpaid vacation and sick leave are reported as fund liabilities in the period in which they will be liquidated with available financial resources rather than in the period earned by employees. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, proprietary funds, and the agency funds. Revenues are recognized when they are earned and expenses are recognized when incurred. Unbilled service charges receivable are recognized as revenue at year end.

Component Unit

The Knox County Airport uses the full accrual basis of accounting similar to the proprietary funds of the County.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are required to be budgeted and appropriated. The Airport and six funds of the County are being reported as part of the statements prepared using generally accepted accounting principles but were not budgeted by the County because they are outside of the appropriated budget and do not maintain separate budgetary financial records. The funds are Commissary, Revolving Loan, Law Enforcement, Drug Enforcement, Work Release, and Landfill Development (Enterprise Fund). The primary level of budgetary control is at the object level within each department. Budgetary modifications may only be made by resolution of the County Commissioners.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

Tax Budget

A budget of estimated revenue and expenditures is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the County must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year. The certificate may be further amended during the year if the County Auditor determines that more or less revenue will be received than originally estimated. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2017.

Appropriations

A temporary appropriation resolution to control expenditures may be passed on or about January 1 of each year for the period of January 1 to March 31. An annual appropriation resolution must be passed by April 1 of each year for the period January 1 to December 31. The appropriation resolution fixes spending authority at the fund, department, and object level, the legal level of control. The appropriation resolution may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations among departments and objects within a fund may only be modified during the year by a resolution of the Commissioners. During 2017, supplemental appropriation resolutions were passed. The amounts reported as the original budget amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as final budget amounts in the statement of budgetary comparison represent the final appropriations amount including all amendments and modifications.

Lapsing of Appropriations

At the close of the year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be re-appropriated.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

Budgetary Basis of Accounting

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations.

The Statements of Revenues, Expenditures, and Changes in Fund Balances, Budget and Actual (Budget Basis), are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Outstanding year end encumbrances are treated as expenditures/expenses (budget basis) rather than as restricted, committed, or assigned fund balance for governmental fund types (GAAP basis).
4. Proceeds from and principal payments on short-term note obligations are reported on the operating statement (budget basis) rather than as balance sheet transactions (GAAP basis).

A reconciliation of results of operations on the GAAP basis to the budget basis appears in Note 4.

F. Cash and Cash Equivalents and Investments

To improve cash management, cash received by the County Treasurer is pooled in a central bank account. Moneys for all funds, including proprietary funds, are maintained in this account or are temporarily used to purchase short term investments. Individual fund integrity is maintained through the County's records. Interest revenue earned by the primary government during 2017 amounted to \$325,774.

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, *"Accounting and Financial Reporting for Certain Investments and for External Investment Pools"*, the County reports its investments at fair value, except for nonparticipating investment contracts (certificates of deposit) which are reported at cost, which approximates fair value. The changes in the fair value of investments are netted against investment earnings in the operating statements. Fair value is determined by quoted market prices.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents and Investments (Continued)

The County's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the County. The County measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. For 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

For purposes of the statement of cash flows and for presentation on the financial statements, investments of the cash management pool are considered to be cash equivalents.

G. Inventories

Inventories of governmental funds are valued at cost on a first-in, first-out basis using the purchase method while inventories of governmental activities and enterprise funds are valued at lower of cost or market using the consumption method.

Reported supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available expendable resources even though it is a component of net current assets.

Component Unit:

Inventory of the Knox County Airport is valued at the lower of cost or market on a first-in, first-out basis and is expensed when used.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2017, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it is consumed.

***Notes to the Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Capital Assets and Depreciation

Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 except for land which is all capitalized.

1. Property, Plant and Equipment – Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Donated capital assets are recorded at their acquisition value as of the date received. Capital asset values were determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing current market costs back to the estimated year of acquisition.

2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds, and component units, are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Donated capital assets are recorded at their acquisition value as of the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

Depreciation has been provided on a straight-line basis over the following estimated useful lives:

<u>Description</u>	<u>Primary Government</u>	<u>Airport</u>
Buildings and Improvements	10-50 Years	10-50 Years
Machinery and Equipment	5-30 Years	5-30 Years
Vehicles	5-10 Years	5 Years
Computer Equipment	5 Years	5 Years
Sewer and Water Lines	50 Years	N/A
Infrastructure	12-100 Years	N/A
Runway	N/A	50 Years

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Compensated Absences

The County complies with the provisions of GASB Statement No. 16, “Accounting for Compensated Absences”. Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the County will compensate employees for the benefits through time off or some other means. Sick leave benefits are accrued using the termination payment method. An accrual for earned sick leave is made to the extent it is probable that the benefits will result in termination payments. The liability is an estimate based on the County’s past experience of making termination payments.

For governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “compensated absences payable” in the fund from which the employees who have accumulated unpaid leave are paid. In proprietary funds, and the government-wide Statement of Net Position, the entire amount of compensated absences is reported as a fund liability. In the government-wide statement of net position, “Compensated Absences Payable” is recorded within the “Due within one year” account and the long-term portion of the liability is recorded within the “Due in more than one year” account.

This space intentionally left blank.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Long-Term Liabilities

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
General Obligation Bond	Bond Retirement Fund, Sewer District Fund
Ohio Public Works Commission Loans	Motor Vehicle and Gas Tax Fund, Sewer District Fund
Ohio Water Development Authority Loans	Sewer District Fund
Loan Payable	General Fund, Bond Retirement Fund, 911 Emergency Calling System Fund
Capital Leases Payable	General Fund, Motor Vehicle and Gas Tax Fund
Compensated Absences	General Fund, Public Assistance Fund, Motor Vehicle and Gas Tax Fund, Children Services Board Fund, Development Disabilities Fund, Dog and Kennel Fund, Probate Juvenile Special Projects Fund, Juvenile Court Social Workers Fund, Delinquent Tax Assessment Fund, VOCA and SVAA Grant Fund, Byrne Drug Court Fund, 911 Emergency Calling System Fund, Youth Service Grant Fund, Emergency Management Agency Fund, Knox Area Transit, Sewer District Fund

L. Net Position

Net position represents the difference between assets, deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Interfund services provided and used are not eliminated in the process of consolidation. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – The fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners remove or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Fund Balance (Continued)

Assigned - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. The County Commissioners may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenues and appropriations in the subsequent year's appropriated budget. State statute authorizes the County Auditor to assign fund balance for purchases on order provided such amounts have been lawfully appropriated.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned. The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are sewer and water treatment and distribution, and interfund charges for the internal service funds. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

P. Risk Management

The County provides insurance coverage combined with its own risk management activities to organizations outside its reporting entity, however, the County is by far the predominant participant and the activity is reported as an internal service fund.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. For the County, deferred outflows of resources are reported on the government-wide statement of net position for deferred charges on refunding and for pension. A deferred charge on refunding results from the difference in the carrying value of refunding debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension are explained in Note 15.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes, pension, and unavailable revenue. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, unavailable amounts, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, sales taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources related to pension are reported on the government-wide statement of net position explained in Note 15.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deduction from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

S. Fair Market Value

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLES

For 2017, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 73, “Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68,” Statement No. 74, “Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans,” Statement No. 80, “Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14,” Statement No. 81, “Irrevocable Split-Interest Agreements,” and Statement No. 82, “Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73.”

GASB Statement No. 73 establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, Accounting and Financial Reporting for Pensions, as well as for the assets accumulated for purposes of providing those pensions.

GASB Statement No. 74 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities.

GASB Statement No. 80 amends the blending requirements for the financial statement presentation of component units of all state and local governments.

GASB Statement No. 81 addresses irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

GASB Statement No. 82 addresses certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB Statements 67 and 68.

These changes were incorporated in the County’s 2017 financial statements; however, there was no effect on beginning net position/fund balance.

NOTE 5 – COMPLIANCE AND ACCOUNTABILITY

Fund Deficit - The fund deficits of \$29,783 in the Emergency Calling System, \$104,868 the KAT Fund and \$1,064 in the Community Development Block Grant Fund arose from the recognition of expenditures on the modified accrual basis which are greater than expenditures recognized on the budgetary basis. A deficit does not exist under the cash basis of accounting. Transfers are provided when cash is required, not when accruals occur. The Landfill Development Fund had deficit net position of \$308,847 as of December 31, 2017. The deficit in the Landfill Development Fund is the result of the recognition of payables in accordance with generally accepted accounting principles. The deficit will be eliminated when the liability is fully paid. Transfers are provided when cash is required, not when accruals occur.

NOTE 6 – DEPOSITS AND INVESTMENTS

Primary Government

The County maintains a cash and investment pool used by all funds. Each fund's portion of this pool is displayed on the financial statements as "Cash and Cash Equivalents." The County has adopted an Investment Policy that follows Ohio Revised Code Chapter 135 and applies the prudent person standard. The prudent person standard requires the Auditor and Treasurer to exercise the care, skill and experience that a prudent person would use to manage his/her personal financial affairs and to seek investments that will preserve principal while maximizing income.

Ohio law requires the classification of monies held by the County into two categories. The first classification consists of "active" monies, those monies required to be kept in a "cash" or "near-cash" status for current demands upon the County Treasury, in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

The second classification consists of "inactive" monies. Inactive monies may be deposited or invested in the following securities:

1. Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest;
2. Bond, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality;
3. Written repurchase and reverse repurchase agreements in the securities enumerated above;
4. Time certificates of deposits or savings or deposit accounts;
5. Bonds and other obligations of the State of Ohio, its political subdivisions, or other units or agencies of the State or its political subdivisions;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreement secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool (STAR Ohio).
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value.
9. Commercial paper notes, corporate notes, and banker's acceptances; and,
10. Debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 6 – DEPOSITS AND INVESTMENTS (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the County has not purchased these types of investments or issued these types of notes. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio Law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105% of the carrying value of the deposits being secured, or participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year-end, \$13,106,499 of the County's bank balance of \$15,039,331 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all state statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

B. Cash with Fiscal Agents

In addition to deposits and investments, the County has uninsured and uncollateralized cash in the amount of \$6,118,510 being held by MEORC and the County had cash with fiscal agents in the amount of \$25,255 held by an insurance service provider, of which all was insured by FDIC.

C. Investments

The County's investments at December 31, 2017 were as follows:

	Fair Value	Credit Rating	Investment Maturities (in Years)		
			less than 1	1-3	3-5
FHLMC	\$5,962,197	AA+ ¹	\$0	\$2,207,000	\$3,755,197

Total Investments	<u>\$24,855,283</u>		<u>\$9,107,475</u>	<u>\$7,698,611</u>	<u>\$8,049,197</u>

¹ Standard & Poor's

² All are fully FDIC insured and therefore have an implied AAA credit rating

The County's investments in federal agency securities (FHLMC, FNMA, FFCB, FHLB) and negotiable CD's are valued using quoted prices in markets that are not considered to be active dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The County has no policy that limits investment purchases beyond the requirements of the Ohio Revised Code.

Investment Credit Risk – The County has no investment policy that limits its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The County places no limit on the amount the County may invest in one issuer. Of the County's total investments, 24.0% are FHLMC, 10.1% are FNMA, 10.7% are FFCB, 3.8% are FHLB, 46.6% are negotiable CD's, and 4.8% is STAR Ohio.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The County has no policy dealing with custodial credit risk beyond the requirements of ORC 135.14 (M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee."

Component Unit

At year end, Knox County Airport's bank balance was \$302,363. \$250,000 of the bank balance was covered by federal depository insurance. Cash and deposits of the Airport are presented on the financial statements as "Cash and Cash Equivalents in Segregated Accounts."

NOTE 7 – PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the County. Taxes collected on real property (other than public utility) in one calendar year are levied as of October 1 in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued every six years. The last revaluation was completed in 2014. Real property taxes are payable annually or semiannually. The first payment was due February 3, 2017, with the remainder payable by July 7, 2017.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the year preceding the tax collection year, the lien date. Certain public utility tangible personal property currently is assessed at eighty-eight percent of its true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County.

Accrued property taxes receivables represent delinquent taxes outstanding and real and public utility taxes which were measurable as of December 31, 2017. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31 and are not intended to finance 2017 operations. The receivable is therefore offset by a credit to deferred inflows of resources.

The full tax rate for all County operations for the year ended December 31, 2017, was \$12.99 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2017 property tax receipts were based are as follows:

Real Property	\$1,297,529,940
Public Utility Personal Property	<u>82,076,680</u>
Total Assessed Value	<u>\$1,379,606,620</u>

Real Estate Tax Abatements

As of December 31, 2017, the County provides tax abatements through two programs—Community Reinvestment Area (CRA) and Enterprise Zone (Ezone). These programs relate to the abatement of property taxes.

KNOX COUNTY, OHIO

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 7 – PROPERTY TAXES (Continued)

CRA - Under the authority of Ohio Revised Code (ORC) Section 3735.67, the CRA program is an economic development tool administered by municipal and county governments that provides real property tax exemptions for property owners who renovate existing or construct new buildings. CRA’s are areas of land in which property owners can receive tax incentives for investing in real property improvements. Under the CRA program, local governments petition to the Ohio Development Services Agency (ODSA) for confirmation of a geographical area in which investment in housing is desired. Once an area is confirmed by the ODSA, local governments may offer real property tax exemptions to taxpayers that invest in that area. Property owners in the CRA can receive temporary tax abatements for renovation of existing structures and new construction in these areas. Property owners apply to the local legislative authority for approval to renovate or construct in the CRA. Upon approval and certification of completion, the amount of the abatement is deducted from the individual or entity’s property tax bill.

Ezone - Under the authority of ORC Sections 5709.62 and 5709.63, the Ezone program is an economic development tool administered by municipal and county governments that provides real and personal property tax exemptions to businesses making investments in Ohio. An Ezone is a designated area of land in which businesses can receive tax incentives in the form of tax exemptions on qualifying new investment. An Ezone’s geographic area is identified by the local government involved in the creation of the zone. Once the zone is defined, the local legislative authority participating in the creation must petition the OSDA. The OSDA must then certify the area for it to become an active Enterprise Zone. The local legislative authority negotiates the terms of the Enterprise Zone Agreement (the “Agreement”) with the business, which may include tax sharing with the Board of Education. Legislation must then be passed to approve the Agreement. All Agreements must be finalized before the project begins and may contain provisions for the recoupment of taxes should the individual or entity fail to perform. The amount of the abatement is deducted from the business’s property tax bill.

The County has entered into agreements to abate property taxes through these programs. During 2017, the County’s property tax revenues were reduced as a result of these agreements as follows:

<u>Tax Abatement Program</u>	<u>County Taxes Abated</u>
Ezone	48,785
Total	<u>\$ 48,785</u>

The County also incurs a reduction in property taxes by agreements entered into by other governments that reduce the County’s taxes. The County’s property taxes were reduced by the same programs mentioned above that were entered into by other governments. During 2017, the County’s property tax revenues were reduced under agreements entered into by other governments as follows:

<u>Government Entering Into Agreement</u>	<u>Tax Abatement Program</u>		<u>County Taxes Abated</u>
	<u>CRA</u>	<u>Ezone</u>	
City of Mount Vernon	\$ 3,889	\$ 43,146	\$ 47,035

NOTE 8 - PERMISSIVE SALES AND USE TAX

In 1971, the County Commissioners by resolution imposed a one-half percent sales tax. In 1993, the County Commissioners imposed an additional one quarter percent tax on all retail sales to fund the 9-1-1 Emergency Calling System and, in 1994, the County Commissioners imposed a quarter percent tax on all retail sales made in the County for the general operations of the County. The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of the month.

Amounts that are measurable and available at year-end are accrued as revenue in governmental funds. Sales tax revenue in 2017 amounted to \$7,207,240 with \$5,406,467 credited to the General Fund and \$1,800,773 credited to the 9-1-1 Emergency Calling System Special Revenue Fund.

NOTE 10 - CAPITAL LEASES – LESSOR DISCLOSURE

The County acts as lessor in a direct financing lease with the Knox County District Board of Health. The Board of Health is required to pay the cost of maintaining and operating the leased facility. Lease payments from the Board of Health are substantially equal to the debt service to be paid by the County for retirement of the bonds associated with the facility. The County has recognized the future minimum lease payments, less unearned interest income to be received for capitalized leases as Leases Receivable in the Bond Retirement Fund. That portion not available at year end is classified as Deferred Inflows of Resources.

The following is a schedule of future minimum lease payments under the capital leases to be received by the County and the components of the net investment in the direct financing lease as of December 31, 2017:

NOTE 12 - JOINT VENTURES

A. Emergency Management Agency

The Emergency Management Agency is a joint venture among the County, twenty-two townships located within the County, six villages and one corporation. The Board is composed of at least the following seven members: One county commissioner representing the board of county commissioners entering into the agreement; five chief executives representing the municipal corporations and townships entering into the agreement; and one non-elected representative.

The Agency does not have any outstanding debt. The County did contribute \$24,000 to the Agency during 2017. The County has an ongoing financial responsibility for the agency in that the existence of the Agency depends upon the continuing participation of the County. The Agency is not accumulating significant financial resources nor experiencing fiscal stress that may cause an additional benefit or burden to the County.

B. Mental Health and Recovery for Licking and Knox Counties (MHR)

The MHR is a joint venture between Knox and Licking counties. The headquarters for the MHR is in Licking County. The MHR provides community services to mentally ill and emotionally disturbed persons. Statutorily created, the MHR is made up of 15 members, with 10 appointed by the county commissioners and five by the State Director of Mental Health. These appointments are based on county population, with the largest county in population having the most appointed members. With respect to the county's population, two of the five members appointed by the State Director of Mental Health are from Knox County, and three of the 10 appointed by the county commissioners are from Knox County. Revenues to provide mental health services are generated through a one mill district wide tax levy and through state and federal grants. The MHR does not have any outstanding debt. The MHR is not accumulating significant financial resources nor experiencing fiscal stress that may cause an additional benefit or burden to the County. The existence of the MHR depends upon the continuing participation of the County. The County collected \$1,000,266 in property taxes for the MHR during 2017. Separate financial statements may be obtained by contacting the MHR at 1435 W Main St, Ste B, Newark, Ohio.

C. Eastern Ohio Housing Corporation

The Knox County Board of Development Disabilities, along with five other county boards of Development Disabilities entered into a contract with the Eastern Ohio Housing Corporation. This Corporation is a non-profit charitable corporation which is responsible for developing dwellings, providing affordable housing and managing a range of residential alternatives and support services to persons with disabilities. The housing purchases are financed by State grants that are distributed to each Development Disabilities Board and then to the Corporation. No contributions were made by the County during 2017. The Corporation is a joint venture among the Counties because of the potential liability for the housing loans upon the Corporation's default on loans or dissolution. Upon dissolution of the Corporation, the Corporation shall distribute all remaining assets of the operation to the participating County Boards of Development Disabilities. Information can be obtained from Eastern Ohio Housing Corporation, 340 Fox Shannon Place, St. Clairsville, Ohio.

NOTE 13 - JOINTLY GOVERNED ORGANIZATIONS

A. Joint Solid Waste District

The Joint Solid Waste District is a jointly governed organization among Delaware, Knox, Marion and Morrow Counties. Each of these governments supports the District. The County made no contributions during 2017. The degree of control exercised by any participating County is limited to its representation on the Board. The Board of Directors consists of twelve members, the three county commissioners of each of the four counties. The District does not have any outstanding debt. The District is self-sufficient, operating entirely on collected fees.

B. Mid Eastern Ohio Regional Council (MEORC)

The Mid Eastern Ohio Regional Council of Governments (MEORC) is a jointly governed organization among eighteen counties in Ohio. MEORC provides services to the developmentally disabled residents in the participating counties. The Council is made up of the superintendents of each county's Board of Development Disabilities. Revenues are generated by fees and state grants that are paid to MEORC as part of a contract with the participating counties for the purposes of funding Provider Contracts and other services and support for individuals referred by the County Boards to MEORC. Any surplus funds may be returned to the County Boards, or spent at the direction of the Boards in compliance with applicable laws and MEORC policies. At December 31, 2017, MEORC maintained a balance of \$6,118,510 of the Knox County Board's funds. These funds are reported as Cash and Cash Equivalents with Fiscal Agent on Knox County's financial report. The Council does not have any outstanding debt. No contributions were made by the County in 2017.

C. Knox County Family and Children First Council (KCFCFC)

The mission of the KCFCFC is to promote and facilitate collaboration among community agencies serving children and their families and to unite the community in promoting the well-being of children and their families through leadership advocacy, and coordination of services. The Board of Trustees is made up of 16 individuals from various organizations including 5 from the County.

D. Heart of Ohio Resource Conservation and Development Council (HOCDC)

The HOCDC is a jointly governed organization created to enhance the quality of life in central Ohio by facilitating the use of natural resources for a sustainable future. The HOCDC is composed of twenty-seven members from nine member counties. The HOCDC consists of one representative from each county's Board of commissioners, one representative from each county's Soil and Water Conservation District, and one member-at-large representative from each county, jointly appointed by the Board of Commissioners and the Soil and Water Conservation District. Continued existence of the HOCDC is not dependent upon the County's continued participation, no equity interest exists, and no debt is outstanding.

NOTE 13 - JOINTLY GOVERNED ORGANIZATIONS (Continued)

E. Perry Multi-County Juvenile Facility (JF)

The JF is a jointly governed organization created to rehabilitate juvenile offenders in lieu of commitment to the Ohio Department of Youth Services. The JF has an eight member Governing Board that consists of one juvenile court judge, or designee, from each of the eight counties. The JF also has an executive Committee that handles the daily operations of the JF and reports to the Governing Board. The Executive Committee shall be composed of the officers of the Governing Board. The JF's revenues will consist of an annual grant applied for the Director of the JF and charges for services from the participating counties. In 2017, the County made no payments to the JF for housing of juvenile offenders. Continued existence of the Facility is not dependent upon the County's continued participation, no equity interest exists, and no debt is outstanding.

NOTE 14 - RISK MANAGEMENT

County Risk Sharing Authority, Inc. (CORSA) is a public entity risk sharing pool among sixty-one counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine board of directors. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. The County paid \$231,959 in the form of insurance premiums during 2017 to CORSA.

NOTE 14 - RISK MANAGEMENT (Continued)

The County is exposed to various risks of loss related to torts; damage to, and theft or destruction of assets; errors and omissions; injuries to employees and natural disasters. The County contracted with County Risk Sharing Authority (CORSA) for liability, property and crime insurance. The CORSA program has a \$2,500 deductible. Coverages provided by CORSA are as follows:

General Liability	\$1,000,000
Auto Liability	1,000,000
Law Enforcement Liability	1,000,000
Public Officials Errors and Omissions Liability	1,000,000
Property	Replacement

Motortruck Cargo	Cost
Flood and Earthquake	100,000
Auto Physical Damage	Replacement
Automatic Acquisition	Cost Value
Crime	1,000,000
Boiler and Machinery	5,000,000

With the exception of health insurance, workers' compensation, and all elected officials bonds, all insurance is held with CORSA. The amount of settlements has not exceeded insurance coverage in any of the past three years. There has been no significant reduction in insurance coverage from the previous year.

The County has elected to provide employee medical/surgical and dental benefits through a self insured program. The County maintains a self-insurance internal service fund to account for and finance its uninsured risks of loss in this program.

The liability for unpaid claims costs of \$575,659 reported in the fund at December 31, 2017 is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The liability is based on an estimate provided by the third party administrator.

<u>Fiscal Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year Liability</u>

NOTE 14 - RISK MANAGEMENT (Continued)

The County participates in the Workers' Compensation program provided by the State of Ohio. The County belongs to a pool with 50 other Ohio counties (County Commissioners Association of Ohio) for a workers' compensation group rating program. The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the Plan. A group executive committee consists of seven members and is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing fees, and determining eligibility of each participant.

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>	<u>Public Safety</u>	<u>Law Enforcement</u>
2017 Statutory Maximum Contribution Rates			
Employer	14.0 %	18.1 %	18.1 %
Employee	10.0 %	*	**
2017 Actual Contribution Rates			
Employer:			
Pension	13.0 %	17.1 %	17.1 %
Post-employment Health Care Benefits	<u>1.0</u>	<u>1.0</u>	<u>1.0</u>
Total Employer	<u>14.0 %</u>	<u>18.1 %</u>	<u>18.1 %</u>
Employee	<u>10.0 %</u>	<u>12.0 %</u>	<u>13.0 %</u>

* This rate is determined by OPERS' Board and has no maximum rate established by ORC.

** This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$2,162,777 for 2017. Of this amount, \$276,730 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>
Proportionate Share of the Net Pension Liability	\$29,618,291
Proportion of the Net Pension Liability -2017	0.130429%
Proportion of the Net Pension Liability -2016	<u>0.129128%</u>
Percentage Change	<u>0.0013010%</u>
Pension Expense	\$6,497,092

***Notes to the Basic Financial Statements

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

At December 31, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>
Deferred Outflows of Resources	
Net difference between projected and actual earnings on pension plan investments	\$4,410,846
Changes of assumptions	4,697,824
Differences between expected and actual experience	40,146
Change in proportionate share	72,533
County contributions subsequent to the measurement date	<u>2,167,777</u>
Total Deferred Outflows of Resources	<u><u>\$11,389,126</u></u>
Deferred Inflows of Resources	
Differences between expected and actual experience	\$176,273
Change in proportionate share	<u>5,534</u>
Total Deferred Inflows of Resources	<u><u>\$181,807</u></u>

\$2,167,777 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>OPERS</u>
Year Ending December 31:	
2018	\$3,758,405
2019	3,842,468
2020	1,567,962
2021	<u>(129,293)</u>
Total	<u><u>\$9,039,542</u></u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2018. 2.15 percent simple, thereafter
Investment Rate of Return	7.5 percent
Actuarial Cost Method	Individual Entry Age

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2016, OPERS managed investments in four investment portfolios: the Defined Benefit portfolio, the 401(h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The 401(h) Health Care Trust portfolio was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. The Defined Benefit portfolio historically included the assets of the Member-Directed retiree medical accounts funded through the VEBA Trust. However, the VEBA Trust was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio is 8.3% for 2016.

NOTE 15 - DEFINED BENEFIT RETIREMENT PLANS (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2016 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.75 %
Domestic Equities	20.70	6.34
Real Estate	10.00	4.75
Private Equity	10.00	8.97
International Equities	18.30	7.95
Other investments	18.00	4.92
Total	100.00 %	5.66 %

Discount Rate The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the County’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the County’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
County's proportionate share of the net pension liability	\$45,248,555	\$29,618,291	\$16,593,224

NOTE 16 - POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System

Plan Description – OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. This trust is also used to fund health care for Member Directed Plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, Member-Directed Plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. Please see the Plan Statement in the OPERS 2016 CAFR for details.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml#CAFR>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

Funding Policy – The ORC provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2017, local government employers contributed at a rate of 14.00% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for local government employers. Active members do not make contributions to the OPEB plan.

NOTE 16 - POSTEMPLOYMENT BENEFITS (Continued)

Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0% during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0.0% for both plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited for Member-Directed Plan participants for 2017 was 4.0%.

The County's contributions for health care to the OPERS for the years ending December 31, 2017, 2016, and 2015 were \$193,291, \$382,671, and \$359,853, respectively, which were equal to the required contributions for each year.

NOTE 17 - OTHER EMPLOYEE BENEFITS

Compensated Absences - County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time and compensatory time is paid upon separation if the employee has acquired at least one year of service with the County. Twenty-five percent up to a maximum of thirty days accumulated unused sick leave is paid to employees upon retirement after ten years of service. As of December 31, 2017, the liability for compensated absences was \$1,182,927 for the entire County.

NOTE 18 - CAPITAL LEASES - LESSEE DISCLOSURE

Two capital leases were entered into during 2015 for 4 new trucks and for new radios and one lease in 2016 for a hydraulic excavator. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13 "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments are reflected as debt service expenditures in the basic financial statements for the governmental funds. Equipment acquired by lease has been capitalized in the governmental activities capital assets in the amount of \$623,000 for the 4 trucks, \$168,265 for the radios and \$123,972 for the excavator, which is equal to the lesser of the fair market value or the present value of the future minimum lease payments at the time of acquisition. A corresponding liability was recorded in the governmental activities long-term liabilities.

Future minimum lease payments as of December 31, 2017 are as follows:

<u>Year Ending December 31,</u>	<u>Governmental Activities</u>
2018	209,804
2019	209,804
Minimum Lease Payments	419,608
Less amount representing interest at the County's incremental borrowing rate of interest	(15,953)
Present value of minimum lease payments	<u>\$403,655</u>

The capital leases will be paid from the general fund and a special revenue fund. The JFS Training Center bonds will be paid from the Department of Job and Family Services, which is mostly funded by grants. The Facilities Refunding bonds are paid from several sources including general fund monies, the Department of Job and Family Services and the Boy's Village Inc. If Boy's Village Inc. does not pay their portion, the bonds will be paid by Children Services monies. The Columbus Road, 911 Equipment, Fairgrounds Rd and Voting Machines general obligation bonds are being paid from general fund, EMA 911 monies and by the County Fair Board, respectively. The Local Government Innovation Loan used for 911 system upgrades will also be paid from the 911 Emergency Calling System Fund. The governmental OPWC loans are for street improvement and bridge replacement projects and funds are provided by the Motor Vehicle and Gasoline Tax Fund.

The OWDA loan for the water treatment plant will be paid through special assessments. The Recovery Zone Economic Development Bonds were refunded with the General Obligation Bonds Payable. The bonds were originally issued to pay for wastewater system improvements. They, along with the business-type OPWC and Jelloway OWDA loan will be repaid from operating revenues of the sewer district. Compensated absences are reported as long-term liabilities and will be paid from the fund from which the employee is paid.

NOTE 19 - LONG-TERM LIABILITIES (Continued)

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

B. Defeased Debt

In December 2017, the County defeased \$5,160,000 of Recovery Zone Economic Development Bonds Payable dated August, 2010 (the "2010 Bonds") through the issuance of \$5,150,000 of Wastewater General Obligation Bonds. The net proceeds of the 2017 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$5,160,000 at December 31, 2017, are not included in the County's outstanding debt since the County has in-substance satisfied its obligations through the advance refunding. The refunding was undertaken to reduce total debt service payments over the next 13 years by \$1,021,668 and resulted in an economic gain of \$87,538.

NOTE 20 - BONDS PAYABLE AND LOANS PAYABLE

Component Unit

On July 28, 2005 the Airport secured a loan with the United States Department of Agriculture - Rural Development (USDA) for \$775,000 for the purpose of airplane hanger construction which began in 2005. The loan is secured by Airport Revenue Bonds issued by the Airport and purchased by the USDA. The loan is being paid in installments over the next 18 years at an interest rate of 4.125%. At December 31, 2017, \$570,200 has been included in the long term liability section of the Airport's statement of net position.

At December 31, 2017, the Knox County Airport also had \$11,800 in revenue bonds outstanding which were used to remove and replace fuel tanks. The original bonds issued were for \$158,000 and the bonds bear an interest rate of 4.75 percent. The bonds will mature in 2018. The Knox County Airport also has loans payable to the Primary Government outstanding at December 31, 2017, in the amount of \$90,000 that were issued to construct new hangar bays, storage building and land purchase. These loans will be repaid over the next 9 years and are non-interest bearing. They are reported as Long-term Liabilities.

Transfers are used to move revenues from the funds that statute or budget requires to collect them to the funds that statute or budget requires to expend them; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

NOTE 22 - CONTINGENT LIABILITIES

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

The County is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The County's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the County.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 23 - CONTRACTUAL COMMITMENTS - LANDFILL CLOSURE

The County closed the landfill in compliance with the requirements set by the Environmental Protection Agency (EPA) on September 30, 1993. The recognition of a liability for closure and postclosure care costs is based on landfill capacity used to date. The County is at 100% capacity. The County Commissioners have awarded contracts as of December 31, 2017 for engineering, monitoring, and testing the landfill closure requirements to Bennett & Williams, Inc. and MASI, Inc. to ensure that requirements are being met. No assets are restricted for payment of closure and postclosure care costs. There is an estimate for postclosure care costs until the year 2023. The estimated costs of postclosure care are subject to changes corresponding to the effects of inflation, revision of laws and other variables. The costs of monitoring the Landfill will be covered by a transfer from the General Fund to the Landfill Development Fund. The County has met State required postclosure care financial assurance requirements.

NOTE 24 - RELATED PARTY TRANSACTIONS

Knox County granted a loan to the Knox County Airport, a discretely presented component unit of Knox County, for the construction of airport hangar bays and storage buildings, and the purchase of land. Loans Receivable from the Component Unit are reflected in the General Fund of the County for the balance of the loan. See Note 20 for further information.

NOTE 25 - CONDUIT DEBT OBLIGATIONS

The County has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, nor the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Also, at December 31, 2017, Industrial Revenue Bonds outstanding for Knox Community Hospital totaled \$11,640,000.

The fund accounts for the District Board of Health for which the county auditor is the ex officio fiscal agent as required under Section 1515.23, Ohio Revised Code.

Soil and Water Conservation Fund

The fund accounts for the funds of the Soil and Water Conservation District, established under Chapter 1515, Ohio Revised Code, for which the county auditor is the fiscal agent.

Corporation Fund

The fund accounts for the portion of permissive taxes and local government money distributed to the City of Mount Vernon and villages in the County.

Local Government Fund

The fund accounts for money received from sales and rental of tangible personal property and selected services, distributed by the State of Ohio under Ohio Revised Code, Chapters 5739 and 5741. An alternative formula distributes all income to the County, City, Villages, Townships and Park Districts, for general operation.

Library Support Fund

The fund accounts for the collection of shared revenues from the State of Ohio that represents a portion of state income taxes which is returned to the County for use by district libraries. These monies are apportioned to the libraries on a monthly basis, allocated by the budget commission according to a formula.

Lodging Tax Fund

The fund accounts for a 3% excise tax on lodging furnished to transient guests. The auditor's office receives 5% and the remaining 95% is distributed to the Knox County Visitors Bureau.

Cigarette Tax Fund

The fund accounts for cigarette license money collected by the State and distributed by the County to certain local governments.

Agency Funds

Manufactured Home Tax Fund

The fund accounts for the collection of first and second half manufactured home taxes which are distributed to certain local governments.

County Court Agency Fund

The fund accounts for money received and distributed by the Court for the following court activities:

1. Clerk of Courts auto title fees, and legal (court related) receipts, and dispositions;
2. Probate Court related receipts and disbursements; and
3. Juvenile Court related receipts and disbursements.

Undivided Personal Property Tax Fund

The fund accounts for the first and second half collections of tangible personal property taxes and delinquent tangible tax to be distributed following state statute to cities, villages, townships, and the County itself.

Undivided Real Estate Tax Fund

The fund accounts for the first and second half collection of real estate taxes and special assessments from real estate owners. These collections are periodically apportioned to local governments in the County.

Regional Planning Commission Fund

The fund was established by Knox County Regional Planning Commission with revenue generated based on cents per capita from all municipalities and townships within Knox County. The expenses are to contract or plan such information and reports as may be necessary to operate the Commission.

Workers Compensation Fund

The fund accounts for workers' compensation payments collected from local governments in the County and paid to the State.

Public Defender Indigent Fund

The fund was established for the collection of fees to be remitted to the Ohio Public Defender's Office.

Inmate Fund

The fund accounts for monies held by the sheriff's department that belong to the prisoners. The money is distributed to the commissary or to the prisoner upon release.
