INDEPENDENT AUDITOR'S REPORT

Wood County Educational Service Center
Wood County
1867 North Research Drive
Bowling Green, Ohio 43402-8835

To the Governing Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wood County Educational Service Center, Wood County, Ohio (the Center), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Centers preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Center's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Wood County Educational Service Center, Wood County, Ohio, as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Center's basic financial statements taken as a whole.

The schedules of revenues, expenditures and changes in fund balance – budget and actual General Fund and Community Centers Grant Fund present additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 12, 2018, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting

or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

The discussion and analysis of Wood County Educational Service Center's financial performance provides an overall review of the Educational Service Center's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the Educational Service Center's financial performance as a whole. Readers should also review the basic financial statements and notes to enhance their understanding of the Educational Service Center's financial performance.

Highlights

Highlights for fiscal year 2017 are as follows:

Total net position increased by \$661,514, or 4 percent from the prior fiscal year.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand Wood County Educational Service Center as a financial whole, or as an entire operating entity.

The statement of net position and the statement of activities provide information about the activities of the whole Educational Service Center, presenting both an aggregate view of the Educational Service Center's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for spending in the near future. The fund financial statements also look at the Educational Service Center's most significant funds, with all other non-major funds presented in total in a single column. For the Educational Service Center, the General Fund and the Community Centers Grant special revenue fund are the most significant funds.

Reporting the Educational Service Center as a Whole

The statement of net position and the statement of activities reflect how the Educational Service Center did financially during fiscal year 2017. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the Educational Service Center's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the Educational Service Center as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors include facility conditions, required educational programs, and other factors.

In the statement of net position and the statement of activities, all of the Educational Service Center's activities are reported as governmental activities including instruction, support services, non-instructional services, and intergovernmental activities.

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

Reporting the Educational Service Center's Most Significant Funds

Fund financial statements provide detailed information about the Educational Service Center's major funds. While the Educational Service Center uses many funds to account for its financial transactions, the fund financial statements focus on the Educational Service Center's most significant funds. The Educational Service Center's major funds are the General Fund and the Community Centers Grant special revenue fund.

Governmental Funds - All of the Educational Service Center's activities are reported in governmental funds which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the Educational Service Center's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

The Educational Service Center as a Whole

Table 1 provides a summary of the Educational Service Center's net position for fiscal year 2017 compared to fiscal year 2016:

| Table 1 Net Position | | Governmental Activities | |
|--|----------------|----------------------------|-------------|
| | 2017 | 2016 | Change |

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

The net pension liability is the largest liability reported by the Educational Service Center at June 30, 2017, and is reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions". For reasons discussed below, end users of these financial statements will gain a clearer understanding of the Educational Service Center's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

GASB standards are national standards and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB Statement No. 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability. GASB Statement No. 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB Statement No. 68 requires the net pension liability to equal the Educational Service Center's proportionate share of each plan's collective present value of estimated future pension benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange", that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Educational Service Center is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or in the case of compensated absences (i.e. vacation and sick leave) are satisfied through paid time off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability but are outside the control of the Educational Service Center. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB Statement No. 68, the Educational Service Center's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred outflows/inflows.

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

Pension related changes noted in the above table reflect a significant increase in deferred outflows and deferred inflows due to an increase in the difference between projected and actual earnings on investments related to the net pension liability. The increase in the net pension liability represents the Educational Service Center's proportionate share of the unfunded benefits. As indicated previously, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability.

Overall, net position increased 4 percent from the prior fiscal year. Note the increase in current and other assets is primarily due to an increase in cash and cash equivalents. There was an increase in revenues, most significantly in charges for services (based on services requested by the supported school districts). However, there was also an increase in expenses (which also fluctuate annually based on services requested by the supported school districts and grant funding). Despite a greater increase in expenses than revenues, total revenues continue to exceed expenses providing for the increase in net position. The increase in cash and cash equivalents is reflected in the increases in both restricted and unrestricted net position. The increase in current and other liabilities was primarily caused by increases in accounts payable and accrued wages and benefits payable, which was due to timing of payments to creditors and for payroll.

Table 2 reflects the changes in net position for fiscal year 2017 and fiscal year 2016.

Table 2
Changes in Net Position

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

Program revenues were 97 percent of total revenues for fiscal year 2017 and 98 percent for fiscal year 2016. Program revenues are primarily represented by charges for educational programs provided to the school districts served by the Educational Service Center. The services being charged to the school districts involve various instruction and support services. The Educational Service Center provides services to six local, two exempted village, and one city school district in Northwest Ohio, as well as some services to various other area school districts and agencies, both within and outside of Wood County. Charges for services were 73 percent of total revenues for fiscal year 2017. Note the increase in charges for services revenue from the prior fiscal year due increased services provided to the local school districts for fiscal year 2017. The increase in operating grants and contributions was mostly due to additional funding received through the Wood County Department of Job and Family Services for the Ohio Youth Works Grant and Comprehensive Case Management Employment Program (CCMEP) Grant.

Expenses related to the services charged to school districts are a large portion of the Educational Service Center's budget and dependent on the level of services requested by those school districts which vary from year to year. Overall expenses increased approximately 9 percent from the prior fiscal year.

Regular instruction costs (16 percent of total expenses) include opportunity programs, alternative programs, suspension programs, regular education substitute services, and intervention tutors.

Approximately 19 percent of overall expenses were related to special instruction activities including instruction in such areas as gifted, multiple disabled, hearing impaired, visual impaired, orthopedic impaired, autistic, emotional disturbed, cognitive and specific learning disabled, and preschool disabled children.

Pupil support services were over 41 percent of total expenses. These expenses include the costs of a nurse, school psychologists, speech language therapists, adapted physical education instructors, occupational therapists, physical therapists, and prevention specialists.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

Table 3
Governmental Activities

| | Total Cost of Services | | Net Cost of Services | |
|------------------------------------|------------------------|---------------------|----------------------|--------------------|
| | 2017 | 2016 | 2017 | 2016 |
| Instruction: | | | | |
| Regular | \$2,003,499 | \$1,947,303 | (\$959,143) | (\$1,014,458) |

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

All of the Educational Service Center's costs for providing services were supported by program revenues for fiscal year 2017.

Expenses for paraprofessionals are included in the instructional staff support services program. In contrast, instructional programs are charged to school districts and recorded by the Educational Service Center as charges for services revenue for activities related to regular and special instruction. The instruction programs appear to be over funded while support services programs seem to be quite under funded due to the allocation of professional and paraprofessional support staff charged against the support services programs relative to regular and special instruction.

The Educational Service Center's Funds

The Educational Service Center's governmental funds are accounted for using the modified accrual basis of accounting.

For fiscal year 2017, fund balance in the General Fund increased 4 percent. Both revenues and expenditures had similar increases (about 6 percent and 7 percent, respectively); however, revenues continued to exceed expenditures.

Fund balance in the Community Centers Grant Fund increased nearly 12 percent from the prior fiscal year despite a 6 percent decrease in revenues. There was also a 5 percent decrease in expenditures.

Capital Assets

At June 30, 2017, the Educational Service Center had \$1,590,031 net investment in capital assets. Additions consisted of computer equipment and disposals included computer and other office equipment. For further information regarding the Educational Service Center's capital assets, refer to Note 7 to the basic financial statements.

Current Issues

As part of Amended Substitute House Bill 49, the new fiscal year 2018-2019 Biennial State Operating Budget, educational service center funding was reduced by 3.85 percent to \$41 million in both fiscal years, a reduction of \$1.6 million. Educational service center funding is contained in an earmark within the 200-500 foundation line item in the budget.

For fiscal year 2018, once again, an educational service center may apply to the Ohio Department of Education to be designated as a high-performing educational service center which would generate \$26 per pupil instead of the standard amount of \$24 (subject to appropriation limits). However, as in years past, there is not enough funding in the appropriation to fund the increased amount. No educational service center will earn \$24 per student or \$26 per student, and the per pupil amounts will be prorated to fit within the appropriation. New language in the State Operating Budget places a moratorium on additional school districts aligning with educational service centers during fiscal years 2018 and 2019 which would further dilute the per pupil funding to educational service centers.

Wood County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
Unaudited

The Educational Service Center granted salary schedule years of experience increases and 1.75 percent salary raises in fiscal year 2017. The permanent elimination of health insurance benefits to paraprofessional staff in fiscal year 2012 continues to have a positive effect on holding down the costs for services sold.

Due to the implementation of the Affordable Health Care in fiscal year 2016, the Educational Service Center was required to offer health insurance to all employees who worked an average of thirty hours per week. This had a small affect on the cost of services sold in fiscal year 2016 as very few employees that qualified from the Affordable Health Care Act elected to participate in insurance offered by the Educational Service Center.

Contacting the Educational Service Center's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Educational Service Center's finances and to reflect the Educational Service Center's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Gina R. Fernbaugh, Treasurer/CFO, Wood County Educational Service Center, 1867 North Research Drive, Bowling Green, Ohio 43402-8835.

See Accompanying Notes to the Basic Financial Statements

Wood County Educational Service Center
 Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances
 of Governmental Funds to Statement of Activities
 For the Fiscal Year Ended June 30, 2017

Changes in Fund Balances - Total Governmental Funds \$483,053

Amounts reported for governmental activities on the statement of activities are different because of the following:

Governmental funds report capital outlays as expenditures.

However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current fiscal year.

| | | |
|----------------------------|----------|----------|
| Depreciable Capital Assets | 6,963 | |
| Depreciation | (63,458) | |
| | | (56,495) |

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.

| | | |
|-------------------|----------|--------|
| Intergovernmental | 60,242 | |
| Tuition and Fees | 2,624 | |
| Customer Services | (27,060) | |
| Miscellaneous | (1,518) | |
| | | 34,288 |

Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (31,363)

Except for amounts reported as deferred outflows/inflows, changes in the net pension liability are reported as pension expense on the statement of activities. (1,020,819)

Contractually required pension contributions are reported as expenditures in governmental funds. However, the statement of net position reports these amounts as deferred outflows or a reduction of the liability. 1,252,850

Change in Net Position of Governmental Activities \$661,514

Note 1 - Reporting Entity

The Wood County Educational Service Center (the “Educational Service Center”) is located in Bowling Green, Ohio, the county seat. The Educational Service Center supplies supervisory, special education, administrative, and other services to the Eastwood, Elmwood, Lake, Northwood, North Baltimore, and Otsego Local School Districts; Perrysburg and Rossford Exempted Village School Districts; and Bowling Green City School District. The Educational Service Center furnishes leadership and consulting services designed to strengthen these school districts in areas they are unable to finance or staff independently.

The Wood County Educational Service Center operates under a locally-elected Board of Education consisting of five members elected at-large for staggered four year terms. The Educational Service Center has four administrators, two hundred ninety-six classified employees, and one hundred sixty-eight certified employees who provide services to the local, exempted village, and city school districts.

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds, departments, boards, and agencies that are not legally separate from the Educational Service Center. For Wood County Educational Service Center, this includes general operations and student-related activities.

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization’s governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization’s resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Educational Service Center. There are no component units of the Wood County Educational Service Center.

The Educational Service Center participates in five jointly governed organizations and two insurance pools. These organizations are the Penta Career Center, the Northwest Ohio Computer Association, the Northern Buckeye Education Council, the Northwestern Ohio Educational Research Council, Inc., the Ohio Schools Council, the Ohio School Plan, and the Wood County Schools Benefit Plan Association. These organizations are presented in Notes 16 and 17 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

The financial statements of Wood County Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the Educational Service Center’s accounting policies.

Note 2 - Summary of Significant Accounting Policies (continued)

A. Basis of Presentation

The Educational Service Center's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Educational Service Center as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements usually distinguish between those activities of the Educational Service Center that are governmental activities (primarily supported by intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). However, the Educational Service Center has no business-type activities.

The statement of net position presents the financial condition of the government activities of the Educational Service Center at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Educational Service Center's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Educational Service Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental activity is self-financing or draws from the general revenues of the Educational Service Center.

Fund Financial Statements

During the fiscal year, the Educational Service Center segregates transactions related to certain Educational Service Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Educational Service Center at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The Educational Service Center uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Educational Service Center's funds are reported in two categories, governmental and fiduciary.

Note 2 - Summary of Significant Accounting Policies (continued)

Governmental Funds

Governmental funds are those through which all governmental functions of the Educational Service Center are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The Educational Service Center's major funds are the General Fund and the Community Centers Grant special revenue fund.

General Fund - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Educational Service Center for any purpose provided it is expended or transferred according to the general laws of Ohio.

Community Centers Grant Fund - The Community Centers Grant Fund is used to account for resources provided by the Wood County Department of Human Services and restricted to promote family literacy skills; to provide safe and supervised after-school, weekend, and summer activities for children grades PreK to 12; and to encourage formation and maintenance of strong families.

The other governmental funds of the Educational Service Center account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the Educational Service Center under a trust agreement for individuals, private organizations, or other governments and are not available to support the Educational Service Center's own programs. The Educational Service Center did not have any trust funds in fiscal year 2017. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Educational Service Center's agency funds account for the operations of Northwest Ohio Educational Training, a technology and professional development center, and for raising public awareness for the opioid epidemic in Wood County.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Educational Service Center are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Note 2 - Summary of Significant Accounting Policies (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Agency funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements, and donations. On the accrual basis, revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: grants, interest, tuition, fees, and customer services.

Note 2 - Summary of Significant Accounting Policies (continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the Educational Service Center, deferred outflows of resources are reported on the government-wide statement of net position for pension and explained in Note 11 to the basic financial statements.

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Educational Service Center, deferred inflows of resources includes unavailable revenue and pension. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the Educational Service Center, unavailable revenue includes intergovernmental revenue including grants, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. For further details on unavailable revenue, refer to the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities on page 14. Deferred inflows of resources related to pension are reported on the government-wide statement of net position and explained in Note 11 to the basic financial statements.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Cash and Investments

To improve cash management, cash received by the Educational Service Center is pooled. Monies for all funds are maintained in the pool. Individual fund integrity is maintained through Educational Service Center records. Interest in the pool is presented as “Equity in Pooled Cash and Cash Equivalents”.

During fiscal year 2017, investments included nonnegotiable certificates of deposit and STAR Ohio. Nonnegotiable certificates of deposit are reported at cost. STAR Ohio is an investment pool, managed by the State Treasurer’s Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, “Certain External Investment Pools and Pool Participants”. The Educational Service Center measures the investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

Note 2 - Summary of Significant Accounting Policies (continued)

For fiscal year 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given twenty-four hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant are combined for this purpose.

The Educational Service Center allocates interest according to State statutes. Interest revenue credited to the General Fund during fiscal year 2017 was \$63,582, which includes \$43,239 assigned from other Educational Service Center funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Educational Service Center are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2017, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

G. Capital Assets

All of the Educational Service Center's capital assets are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements.

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their acquisition value on the date donated. The Educational Service Center maintains a capitalization threshold of one thousand dollars. The Educational Service Center does not have any infrastructure. Improvements are capitalized.

All capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Description</u> | <u>Useful Lives</u> |
|------------------------------------|---------------------|
| Furniture, Fixtures, and Equipment | 5-7 years |
| Building | 40 years |

Note 2 - Summary of Significant Accounting Policies (continued)

H. Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from short-term interfund loans or services provided are classified as “Interfund Receivables/Payables”. Interfund balances within governmental activities are eliminated on the statement of net position.

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the Educational Service Center will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for accumulated unused vacation time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Educational Service Center has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees’ wage rates at fiscal year end, taking into consideration any limits specified in the Educational Service Center’s termination policy. The Educational Service Center records a liability for accumulated unused sick leave for all employees who have ten or more years of service with the Educational Service Center.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “Matured Compensated Absences Payable” in the fund from which the employees who have accumulated unpaid leave are paid.

J. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, net pension liability and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current fiscal year.

Note 2 - Summary of Significant Accounting Policies (continued)

K. Net Position

Net position represents the difference between all other elements on the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes consists of federal and state grants. The Educational Service Center's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

L. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Educational Service Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Governing Board. The committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned classification are intended to be used by the Educational Service Center for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by the Governing Board. The Governing Board has authorized the Treasurer to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The Governing Board has also assigned fund balance for various educational activities.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

Note 2 - Summary of Significant Accounting Policies (continued)

The Educational Service Center first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

M. Flow-Through Grants

The Educational Service Center is the primary recipient of grants which are passed through or spent on behalf of the local, exempted village, and city school districts. When the Educational Service Center has a financial or administrative role in the grants, the grants are reported as revenues and intergovernmental expenditures in a special revenue fund. For fiscal year 2017, these funds included the Miscellaneous State Grants, Preschool, and Early Childhood Education special revenue funds.

N. Interfund Transactions

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

O. Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the pension plans, and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

P. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 - Accountability

At June 30, 2017, the Alcohol, Tobacco, and Other Drug Prevention; Parent Mentor; Preschool; and Drug-Free Communities special revenue funds had deficit fund balances of \$6,794, \$470, \$952, and \$2,487, respectively, resulting from adjustments for accrued liabilities. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Note 4 - Deposits and Investments

Monies held by the Educational Service Center are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Educational Service Center treasury. Active monies must be maintained either as cash in the Educational Service Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Educational Service Center may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio and, with certain limitations, bonds and other obligations of political subdivisions of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

Note 4 - Deposits and Investments (continued)

6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
7. The State Treasurer's investment pool (STAR Ohio); and
8. Commercial paper and bankers' acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Educational Service Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the Educational Service Center will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$452,329 of the Educational Service Center's bank balance of \$6,027,551 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Educational Service Center to a successful claim by the FDIC.

The Educational Service Center has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Educational Service Center or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

Investments

As of June 30, 2017, the net asset value of funds on deposit with STAR Ohio was \$1,475,604. The Educational Service Center's investment in STAR Ohio had an average maturity of 45.5 days. STAR Ohio carries a rating of AAA by Standards and Poor's. The Educational Service Center has no policy regarding interest rate or credit risk beyond the requirements of State statute. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 5 - State Funding

The Educational Service Center, under State law, provides supervisory services to the local school districts within its territory. Each city and exempted village school district that entered into an agreement with the Educational Service Center is considered to be provided supervisory services. The cost of the supervisory services is determined by formula under State law. The State Department of Education apportions the costs for all supervisory services among the Educational Service Center's school districts based on each school district's total student count. The State Department of Education deducts each school district's amount from their State Foundation Program settlements and remits the amount to the Educational Service Center. The Educational Service Center may provide additional supervisory services if the majority of the school districts agree to the services and the apportionment of the costs.

The Educational Service Center also receives funding from the State Department of Education, in the amount of \$35 multiplied by the average daily membership of the Educational Service Center. Average daily membership includes the total student counts of all of the local school districts served by the Educational Service Center. This amount is paid from State resources. The State Department of Education also deducts from the State Foundation Program settlements of each of the school districts served by the Educational Service Center an amount equal to \$6.50 multiplied by the school district's total student count and remits this amount to the Educational Service Center.

The Educational Service Center may contract with local, city, exempted village, joint vocational, or cooperative education school districts to provide special education and related services or career-technical education services. The individual boards of education pay the costs for these services directly to the Educational Service Center.

Note 6 - Receivables

Receivables at June 30, 2017, consisted of accounts, accrued interest, intergovernmental, and interfund receivables. All receivables are considered collectible in full and within one year.

A summary of the principal items of intergovernmental receivables follows:

| | <u>Amounts</u> |
|------------------------------|----------------|
| Major Funds | |
| General Fund | |
| Tuition | \$12,616 |
| Customer Services | 17,942 |
| Intergovernmental | 45,438 |
| Total General Fund | <u>75,996</u> |
| Community Centers Grant Fund | |
| Community Centers Grant | 25,211 |
| Total Major Funds | <u>101,207</u> |

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 6 - Receivables (continued)

| | Amounts |
|---|-----------|
| Other Governmental Funds | |
| Alcohol, Tobacco, and Other Drug Prevention | \$59,118 |
| Early Childhood Education | 36,000 |
| Private Industry Council | 77,583 |
| Title I | 19,125 |
| Preschool | 3,654 |
| 21 st Century | 50,195 |
| Drug-Free Communities | 6,029 |
| Project Aware | 53,245 |
| Total Other Governmental Funds | 304,949 |
| Total Intergovernmental Receivables | \$406,156 |

Note 7 - Capital Assets

Capital asset activity for the fiscal year ended June 30, 2017, was as follows:

| | Balance at 6/30/16 | Additions | Reductions | Balance at 6/30/17 |
|------------------------------------|-----------------------|------------|------------|-----------------------|
| Governmental Activities | | | | |
| Nondepreciable Capital Assets | | | | |
| Land | \$112,500 | \$0 | \$0 | \$112,500 |
| Depreciable Capital Assets | | | | |
| Furniture, Fixtures, and Equipment | 392,806 | 6,963 | (29,434) | 370,335 |
| Building | 2,149,640 | 0 | 0 | 2,149,640 |
| Total Depreciable Capital Assets | 2,542,446 | 6,963 | (29,434) | 2,519,975 |
| Less Accumulated Depreciation | | | | |
| Furniture, Fixtures, and Equipment | (363,528) | (9,717) | 29,434 | (343,811) |
| Building | (644,892) | (53,741) | 0 | (698,633) |
| Total Accumulated Depreciation | (1,008,420) | (63,458) | 29,434 | (1,042,444) |
| Depreciable Capital Assets, Net | 1,534,026 | (56,495) | 0 | 1,477,531 |
| Governmental Activities | | | | |
| Capital Assets, Net | \$1,646,526 | (\$56,495) | 0 | \$1,590,031 |

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 7 - Capital Assets (continued)

Depreciation expense was charged to governmental functions as follows:

| | |
|----------------------------|-----------------|
| Instruction: | |
| Regular | \$10,223 |
| Special | 5,937 |
| Support Services: | |
| Pupils | 16,316 |
| Instructional Staff | 6,775 |
| Administration | 17,137 |
| Fiscal | 6,161 |
| Central | 909 |
| Total Depreciation Expense | <u>\$63,458</u> |

Note 8 - Interfund Assets/Liabilities

At June 30, 2017, the General Fund had an interfund receivable, in the amount of \$92,734, from other governmental funds; \$32,984 for services provided and \$59,750 to provide cash flow resources until the receipt of grant monies. The Community Centers Grant special revenue fund had an interfund receivable, in the amount of \$4,283, from other governmental funds for services provided. These amounts are expected to be repaid within one year.

Note 9 - Risk Management

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

During fiscal year 2017, the Educational Service Center contracted for the following insurance coverage.

Coverage provided by the Ohio School Plan:

| | |
|------------------------------|-------------|
| General Liability | |
| Per Occurrence | \$3,000,000 |
| Aggregate | 5,000,000 |
| Comprehensive Auto Liability | 1,000,000 |
| Property | 5,304,617 |
| Cyber | 1,000,000 |

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from the prior fiscal year.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 9 - Risk Management (continued)

For fiscal year 2017, the Educational Service Center participated in the Ohio School Plan (Plan), an insurance purchasing pool. Each participant enters into an individual agreement with the Plan for insurance coverage and pays annual premiums to the Plan based on the types and limits of coverage and deductibles selected by the participant.

The Educational Service Center participates in the Wood County Schools Benefit Plan Association (Association), a public entity shared risk pool consisting of six local school districts, two exempted village school districts, a city school district, a joint vocational school, and the Educational Service Center. The Educational Service Center pays monthly premiums to the Association for employee medical and dental benefits. The Association is responsible for the management and operations of the program and the payment of all claims. Upon withdrawal from the Association, a participant is responsible for the payment of all liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

Note 10 - Contractual Commitments

At fiscal year end, the amount of significant encumbrances expected to be honored upon performance by the vendor in fiscal year 2018 are as follows:

| | |
|------------------------------|-------------------------|
| General Fund | \$25,873 |
| Community Centers Grant Fund | 32,172 |
| Other Governmental Funds | 288,703 |
| Total | <u><u>\$346,748</u></u> |

Note 11 - Defined Benefit Pension Plans

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions are provided to an employee on a deferred payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that have already occurred.

The net pension liability represents the Educational Service Center's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

The Ohio Revised Code limits the Educational Service Center’s obligation for this liability to annually required payments. The Educational Service Center cannot control benefit terms or the manner in which pensions are financed; however, the Educational Service Center does receive the benefit of employees’ services in exchange for compensation, including pension.

GASB Statement No. 68 assumes the liability is solely the obligation of the employer because (1) they benefit from employee services and (2) State statute requires all funding to come from the employers. All contributions to date have come solely from the employer (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within thirty years. If the amortization period exceeds thirty years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the fiscal year is included as an intergovernmental payable on both the accrual and modified accrual basis of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description - Educational Service Center classified employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about SERS’ fiduciary net position. The report can be obtained by visiting the SERS website at www.ohsers.org under employers/audit resources.

Age and service requirements for retirement are as follows.

| | Eligible to retire on or before August 1, 2017 * | Eligible to retire on or after August 1, 2017 |
|------------------------------|--|---|
| Full Benefits | Any age with 30 years of service credit | Age 67 with 10 years of service credit; Age 57 with 30 years of service credit |
| Actuarially Reduced Benefits | Age 60 with 5 years of service credit; Age 55 with 25 years of service credit | Age 62 with 10 years of service credit; Age 60 with 25 years of service credit |

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over thirty years. Final average salary is the average of the highest three years of salary.

Note 11 - Defined Benefit Pension Plans (continued)

One year after an effective benefit date, a benefit recipient is entitled to a 3 percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Educational Service Center is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2017, the allocation to pension, death benefits, and Medicare B was 14 percent. No allocation was made to the Health Care Fund.

The Educational Service Center's contractually required contribution to SERS was \$683,779 for fiscal year 2017. There was no liability outstanding at the end of the fiscal year.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Educational Service Center licensed teachers and other certified faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. The report can be obtained by writing to STRS, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). Benefits are established by Ohio Revised Code Chapter 3307.

The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by 2 percent of the original base benefit. For members retiring August 1, 2013, or later, the first 2 percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age sixty with five years of qualifying service credit, at age fifty-five with twenty-six years of service credit, or thirty-one years of service credit regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age sixty-five or thirty-five years of service credit and at least age sixty.

Note 11 - Defined Benefit Pension Plans (continued)

The DCP allows members to place all their member contributions and 9.5 percent of the 14 percent employer contribution into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The CP offers features of both the DBP and the DCP. In the CP, 12 percent of the 14 percent member rate goes to the DCP and the remaining 2 percent is applied to the DBP. Member contributions to the DCP are allocated among investment choices by the member and contributions to the DBP from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DBP. The defined benefit portion of the CP payment is payable to a member on or after age sixty with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age fifty or later.

New members who choose the DCP or CP will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's CP account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB Statement No. 68 reporting purposes.

A DBP or CP member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2017, the employer rate was 14 percent and the plan members were also required to contribute 14 percent of covered salary. The statutory member contribution rate was increased 1 percent to 14 percent on July 1, 2016. The fiscal year 2017 contribution rates were equal to the statutory maximum rates.

The Educational Service Center's contractually required contribution to STRS was \$569,071 for fiscal year 2017. Of this amount, \$100,166 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Educational Service Center's proportion of the net pension liability was based on the Educational Service Center's share of contributions to the pension plan relative to the contributions of all participating entities.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

Following is information related to the proportionate share and pension expense.

| | <u>SERS</u> | <u>STRS</u> | <u>Total</u> |
|---|--------------------|--------------------|--------------|
| Proportion of the Net Pension Liability Prior Measurement Date | 0.13520220% | 0.05183839% | |
| Proportion of the Net Pension Liability Current Measurement Date | <u>0.14229990%</u> | <u>0.03806780%</u> | |
| Change in Proportionate Share | <u>0.00709770%</u> | <u>0.01377059%</u> | |
| | | | |
| Proportionate Share of the Net Pension Liability | \$10,415,039 | \$12,742,440 | \$23,157,479 |
| Pension Expense | \$1,117,958 | (\$97,139) | \$1,020,819 |

At June 30, 2017, the Educational Service Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

| | <u>SERS</u> | <u>STRS</u> | <u>Total</u> |
|--|--------------------|--------------------|--------------------|
| Deferred Outflows of Resources | | | |
| Differences Between Expected and Actual Experience | \$140,475 | \$514,856 | \$655,331 |
| Changes of Assumptions | 695,261 | 0 | 695,261 |
| Net Difference Between Projected and Actual Earnings on Pension Plan Investments | 859,090 | 1,057,965 | 1,917,055 |
| Changes in Proportionate Share and Difference Between ESC Contributions and Proportionate Share of Contributions | 299,474 | 0 | 299,474 |
| ESC Contributions Subsequent to the Measurement Date | <u>683,779</u> | <u>569,071</u> | <u>1,252,850</u> |
| Total Deferred Outflows of Resources | <u>\$2,678,079</u> | <u>\$2,141,892</u> | <u>\$4,819,971</u> |
| | | | |
| Deferred Inflows of Resources | | | |
| Net Difference Between Projected and Actual Earnings on Pension Plan Investments | \$0 | \$0 | \$0 |
| Changes in Proportionate Share and Difference Between ESC Contributions and Proportionate Share of Contributions | <u>160,439</u> | <u>3,909,340</u> | <u>4,069,779</u> |
| Total Deferred Inflows of Resources | <u>\$160,439</u> | <u>\$3,909,340</u> | <u>\$4,069,779</u> |

\$1,252,850 reported as deferred outflows of resources related to pension resulting from Educational Service Center contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2018.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows.

| Fiscal Year Ended June 30, | SERS | STRS | Total |
|----------------------------|--------------------|----------------------|--------------------|
| 2018 | \$458,885 | (\$791,314) | (\$332,429) |
| 2019 | 458,266 | (791,315) | (333,049) |
| 2020 | 669,757 | (385,343) | 284,414 |
| 2021 | 246,953 | (368,547) | (121,594) |
| Total | <u>\$1,833,861</u> | <u>(\$2,336,519)</u> | <u>(\$502,658)</u> |

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67 as part of the annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation prepared as of June 30, 2016, compared with June 30, 2015, are presented below.

| | June 30, 2016 | June 30, 2015 |
|--|---|--|
| Wage Inflation | 3 percent | 3.25 percent |
| Future Salary Increases, including inflation | 3.5 percent to 18.2 percent | 4 percent to 22 percent |
| COLA or Ad Hoc COLA | 3 percent | 3 percent |
| Investment Rate of Return | 7.5 percent net of investment expenses, including inflation | 7.75 percent net of investment expenses, including inflation |
| Actuarial Cost Method | entry age normal | entry age normal |

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

For 2016, the mortality assumptions are that mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projections and a five year set back for both males and females. For 2015, the mortality assumptions were based on the 1994 Group Annuity Mortality Table set back one year for both males and females. Special mortality tables were used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the pension plan investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes.

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|------------------------|-------------------|--|
| Cash | 1.00% | 0.50% |
| U.S. Stocks | 22.50 | 4.75 |
| Non-U.S. Stocks | 22.50 | 7.00 |
| Fixed Income | 19.00 | 1.50 |
| Private Equity | 10.00 | 8.00 |
| Real Assets | 15.00 | 5.00 |
| Multi-Asset Strategies | 10.00 | 3.00 |
| Total | 100.00% | |

Discount Rate - The total pension liability was calculated using the discount rate of 7.5 percent. A discount rate of 7.75 percent was used in the prior measurement period. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.5 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the Educational Service Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate and to illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 7.5 percent as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.5 percent) or one percentage point higher (8.5 percent) than the current rate.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

| | 1% Decrease (6.5%) | Current Discount Rate (7.5%) | 1% Increase (8.5%) |
|---|-----------------------|------------------------------------|-----------------------|
| Educational Service Center's Proportionate Share of the Net Pension Liability | \$13,788,863 | \$10,415,039 | \$7,591,009 |

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement.

| | |
|-----------------------------------|--|
| Inflation | 2.75 percent |
| Projected Salary Increases | 12.25 percent at age 20 to 2.75 percent at age 70 |
| Investment Rate of Return | 7.75 percent, net of investment expenses, including inflation |
| Cost of Living Adjustments (COLA) | 2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date |

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022-Scale AA) for males and females. Males ages are set back two years through age eighty-nine and no set back for age ninety and above. Females younger than age eighty are set back four years, one year set back from age eighty through eighty-nine, and no set back from age ninety and above.

Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study effective July 1, 2012.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the retirement board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows.

| Asset Class | Target Allocation | Long-Term Expected Rate of Return * |
|----------------------|----------------------|---|
| Domestic Equity | 31.00% | 8.00% |
| International Equity | 26.00 | 7.85 |
| Alternatives | 14.00 | 8.00 |
| Fixed Income | 18.00 | 3.75 |
| Real Estate | 10.00 | 6.75 |
| Liquidity Reserves | 1.00 | 3.00 |
| | 100.00% | |

* 10 year annualized geometric nominal returns include the real rate of return and inflation of 2.25 percent and does not include investment expenses. The total fund long-term expected return reflects diversification among the asset classes and, therefore, is not a weighted average return of the individual asset classes.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 11 - Defined Benefit Pension Plans (continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are excluded. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2016. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2016.

Sensitivity of the Educational Service Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the Educational Service Center's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent as well as what the Educational Service Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the current rate.

| | 1% Decrease (6.75%) | Current Discount Rate (7.75%) | 1% Increase (8.75%) |
|---|------------------------|-------------------------------------|------------------------|
| Educational Service Center's Proportionate Share of the Net Pension Liability | \$16,933,668 | \$12,742,440 | \$9,206,893 |

Changes Between Measurement Date and Report Date

In March 2017, the STRS Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of June 30, 2017. The most significant change is a reduction in the discount rate from 7.75 percent to 7.45 percent. In April 2017, the STRS Board voted to suspend cost of living adjustments granted on or after July 1, 2017. Although the exact amount of these changes is not known, the overall decrease to the Educational Service Center's net pension liability is expected to be significant.

Social Security

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. As of June 30, 2017, one of the Board of Education members has elected Social Security. The Board's liability is 6.2 percent of wages paid.

Note 12 - Postemployment Benefits

School Employees Retirement System (SERS)

Health Care Plan Description - The Educational Service Center contributes to the SERS Health Care Fund administered by SERS for classified retirees and their beneficiaries. For GASB Statement No. 45 purposes, this plan is considered a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan. SERS offers several types of health care plans from various vendors including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health care coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained by visiting the SERS website at www.ohsers.org under employers/audit resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). The SERS Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2017, no allocation of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount; prorated if less than a full year of service credit was earned. For fiscal year 2017, this amount was \$23,500. State statute provides that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS covered payroll for the health care surcharge. For fiscal year 2017, the Educational Service Center's surcharge obligation was \$69,067.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate is the amount assigned to the Health Care Fund. The Educational Service Center's contribution for health care for the fiscal years ended June 30, 2017, 2016, and 2015 was \$0, \$0, and \$33,376, respectively. The full amount has been contributed for all three fiscal years.

State Teachers Retirement System (STRS)

Plan Description - The Educational Service Center participates in a cost-sharing multiple-employer defined benefit health care plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer the plan. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the STRS financial report which can be obtained by visiting the STRS website at www.strsoh.org or by calling (888) 227-7877.

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 12 - Postemployment Benefits (continued)

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the health care plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the health care plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions. For fiscal years ended June 30, 2017, 2016, and 2015, STRS did not allocate any employer contributions to postemployment health care.

Note 13 - Other Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per year, depending on length of service. Accumulated unused vacation time is paid to classified employees, the superintendent, and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, the superintendent, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred days. Upon retirement, payment is made for one-fourth of accrued but unused sick leave credit to a maximum of forty-seven days for all employees.

B. Health Care Benefits

The Educational Service Center offers medical and dental benefits to full-time employees through the Wood County Schools Benefit Plan Association. The Educational Service Center also offers life insurance to all employees through American United Life Insurance.

Note 14 - Long Term Obligations

Changes in the Educational Service Center's long-term obligations during fiscal year 2017 were as follows:

| | Balance at 6/30/16 | Additions | Reductions | Balance at 6/30/17 | Amounts Due Within One Year |
|-------------------------------|-----------------------|--------------------|--------------------|-----------------------|-----------------------------------|
| Governmental Activities | | | | | |
| General Long-Term Obligations | | | | | |
| Net Pension Liability | | | | | |
| SERS | \$7,714,768 | \$2,700,271 | \$0 | \$10,415,039 | \$0 |
| STRS | 14,326,615 | 0 | 1,584,175 | 12,742,440 | 0 |
| Total Net Pension Liability | 22,041,383 | 2,700,271 | 1,584,175 | 23,157,479 | 0 |
| Compensated Absences | 446,445 | 79,315 | 47,952 | 477,808 | 73,932 |
| Total Long-Term Obligations | <u>\$22,487,828</u> | <u>\$2,779,586</u> | <u>\$1,632,127</u> | <u>\$23,635,287</u> | <u>\$73,932</u> |

Wood County Educational Service Center
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

Note 14 - Long Term Obligations (continued)

Net Pension Liability

There is no repayment schedule for the net pension liability; however, employer pension contributions are made from the General Fund; Community Centers Grant; Alcohol, Tobacco, and Other Drug Prevention; Alternative School; Private Industry Council; Parent Mentor; 21st Century; and Project Aware special revenue funds. For additional information related to the net pension liability, see Note 11 to the basic financial statements.

Compensated absences will be paid from the General Fund and the Community Centers Grant special revenue fund.

Note 15 - Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Educational Service Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

| Fund Balance | General | Community Centers Grant | Other Governmental | Total Governmental |
|---------------------------|-------------|----------------------------|-----------------------|-----------------------|
| Nonspendable for: | | | | |
| Prepaid Items | \$25,840 | \$1,201 | \$5,162 | \$32,203 |
| Restricted for: | | | | |
| Alternative School | 0 | 0 | 186,111 | 186,111 |
| Community Learning Center | 0 | 2,964,868 | 4,302 | 2,969,170 |
| Drug Abuse Education | 0 | 0 | 2,820 | 2,820 |
| Remedial Reading | 0 | 0 | 51,547 | 51,547 |
| Wellness Activities | 0 | 0 | 78,639 | 78,639 |
| Workforce Improvement | 0 | 0 | 63,294 | 63,294 |
| Total Restricted | 0 | 2,964,868 | 386,713 | 3,351,581 |
| Committed for: | | | | |
| Termination Benefits | 94,573 | 0 | 0 | 94,573 |
| Assigned for: | | | | |
| Educational Activities | 4,854 | 0 | 0 | 4,854 |
| Unpaid Obligations | 19,022 | 0 | 0 | 19,022 |
| Total Assigned | 23,876 | 0 | 0 | 23,876 |
| Unassigned (Deficit) | 2,979,192 | 0 | (12,288) | 2,966,904 |
| Total Fund Balance | \$3,123,481 | \$2,966,069 | \$379,587 | \$6,469,137 |

Note 16 - Jointly Governed Organizations

A. Penta Career Center

The Penta Career Center (Career Center) is a distinct political subdivision of the State of Ohio which provides vocational education to students. The Career Center is operated under the direction of a Board consisting of nine board members appointed from participating School Districts' or Educational Service Centers' elected Board of Education. The Board consists of one representative from each exempted village and/or city school district: Bowling Green, Maumee, Perrysburg, and Rossford; one representative from each of the three least populous counties: Fulton, Ottawa, and Lucas; and two representatives from the most populous county: Wood. The Board possesses its own budgeting and taxing authority. Financial information can be obtained from the Penta Career Center, 9301 Buck Road, Perrysburg, Ohio 43551.

B. Northwest Ohio Computer Association

The Educational Service Center is a participant in the Northwest Ohio Computer Association (NWOCA), which is a computer consortium. NWOCA is an association of educational entities within the boundaries of Defiance, Fulton, Henry, Lucas, Williams, and Wood Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member educational entities.

The NWOCA Assembly consists of a superintendent from each participating educational entity and a representative from the fiscal agent. The Assembly elects the governing Council of two representatives from each of the six counties in which member educational entities are located and the representative from the member educational entity serving as fiscal agent for NWOCA. The degree of control exercised by any participating educational entity is limited to its representation on the Board. During fiscal year 2017, the Educational Service Center paid \$61,872 to NWOCA for various services. Financial information can be obtained from the Northwest Ohio Computer Association, 209 Nolan Parkway, P.O. Box 407, Archbold, Ohio 43502.

C. Northern Buckeye Education Council

The Northern Buckeye Education Council (NBEC) was established in 1979 to foster cooperation among educational entities located in Defiance, Fulton, Henry, Lucas, Williams, and Wood Counties. NBEC is organized under Ohio laws as a regional council of governments pursuant to a written agreement entered into by its member educational entities and bylaws adopted by the representatives of the member educational entities. NBEC is governed by an elected Board consisting of two representatives from each of the six counties in which the member educational entities are located. The Board is elected from an Assembly consisting of a representative from each participating educational entity. Financial information can be obtained from the Northern Buckeye Education Council, 209 Nolan Parkway, P.O. Box 407, Archbold, Ohio 43502.

Note 16 - Jointly Governed Organizations (continued)

D. Northwestern Ohio Educational Research Council, Inc.

The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research Council, Inc., 441 East Market Street, Celina, Ohio, 45822.

E. Ohio Schools Council

The Ohio Schools Council Association (Council) is a jointly governed organization among school districts, educational service centers, joint vocational districts, and Developmental Disabilities Boards which was formed to purchase quality products and services at the lowest possible cost to participants. The Council is governed by a board consisting of nine superintendents from the participants. The degree of control exercised by any participant is limited to its representation on the Board. Financial information can be obtained from the Ohio Schools Council Association, 6393 Oak Tree Boulevard, Suite 377, Independence, Ohio 44131.

Note 17 - Insurance Pools

A. Ohio School Plan

The Educational Service Center participates in the Ohio School Plan (Plan), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. The Plan is an unincorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. The Plan's business and affairs are conducted by a fifteen member board consisting of superintendents, treasurers, the president of Harcum-Schuett Insurance Agency, Inc., and a member of the Hylant Group, Inc.

The Hylant Group, Inc. is the Plan's administrator and is responsible for processing claims. Harcum-Schuett Insurance Agency serves as the sales and marketing representative which establishes agreements between the Plan and its members. Financial information can be obtained from Harcum-Schuett Insurance Agency, 246 East Sycamore Street, Columbus, Ohio 43206.

Note 17 - Insurance Pools (continued)

B. Wood County Schools Benefit Plan Association

The Wood County Schools Benefit Plan Association (Assosiation) is a public entity shared risk pool consisting of six local school districts, two exempted village school districts, a city school district, a joint vocational school, and the Educational Service Center. The Association is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical, dental, and other benefits to the employees of the participating entities. Each participating entity's superintendent is appointed to an Administrative Committee which advises the Trustee, Huntington Bank, concerning aspects of the administration of the Association.

Each entity decides which plans offered by the Administrative Committee will be extended to its employees. Participation in the Association is by written application subject to acceptance by the Administrative Committee and payment of the monthly premiums. Financial information can be obtained from Huntington Retirement Plan Services, 519 Madison Avenue, 3rd Floor, Toledo, Ohio 43604.

Note 18 - Contingencies

A. Grants

The Educational Service Center received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Educational Service Center at June 30, 2017.

B. Litigation

There are currently no matters in litigation with the Educational Service Center as defendant.

Changes in Assumptions - SERS

Amounts reported for fiscal year 2017 incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2016 and prior are presented below.

| | Fiscal Year 2017 | Fiscal Year 2016 and Prior |
|---|--|---|
| Wage Inflation | 3 percent | 3.25 percent |
| Future Salary Increases, including inflation | 3.5 percent to 18.2 percent | 4 percent to 22 percent |
| Investment Rate of Return | 7.5 percent net of investment expenses, including inflation | 7.75 percent net of investment expenses, including inflation |

Amounts reported for fiscal year 2017 use morality assumptions that are based on the RP-2014 Blue Collar Mortality Table with fully generational projections and a five year set back for both males and females. Amounts reported for fiscal year 2016 and prior use mortality assumptions based on the 1994 Group Annuity Mortality Table set back one year for both males and females. Special mortality tables were used for the period after disability retirement.

See Accompanying Notes to the Supplemental Section

Wood County Educational Service Center
Notes to the Supplemental Section
For the Fiscal Year Ended June 30, 2017

Note 1 - Budgetary Process

There are no budgetary requirements for Educational Service Centers identified in the Ohio Revised Code nor does the State Department of Education specify any budgetary guidelines to be followed.

The Educational Service Center's Board budgets for resources estimated to be received during the fiscal year. The estimated revenues may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary schedules reflect the amounts of the estimated revenues when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary schedules reflect the amounts of the estimated revenues in effect at the time final appropriations were passed by the Board.

The Educational Service Center's Board adopts an annual appropriations resolution, which is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The level of control has been established by the Board at the fund level for all funds. The Treasurer has been authorized to allocate appropriations to the function and object level within all funds.

Throughout the fiscal year, appropriations may be amended or supplemented as circumstances warrant. The amounts reported as the original budgeted amounts on the budgetary schedules reflect the amounts on the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts on the budgetary schedules represent the final appropriation amounts passed by the Board during the fiscal year.

Note 2 - Budgetary Basis of Accounting

While the Educational Service Center is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund and the Community Centers Grant special revenue fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

Wood County Educational Service Center
Notes to the Supplemental Section
For the Fiscal Year Ended June 30, 2017

Note 2 - Budgetary Basis of Accounting (continued)

The adjustments necessary to reconcile the GAAP and budgetary basis statements are as follows:

| | Changes in Fund Balance | |
|--|-------------------------|----------------------------|
| | General | Community Centers Grant |
| GAAP Basis | \$122,374 | \$310,163 |
| <u>Increases (Decreases) Due To</u> | | |
| Revenue Accruals: | | |
| Accrued FY 2016, Received in Cash FY 2017 | 162,305 | 121,180 |
| Accrued FY 2017, Not Yet Received in Cash | (101,082) | (78,266) |
| Expenditure Accruals: | | |
| Accrued FY 2016, Paid in Cash FY 2017 | (1,139,267) | (29,735) |
| Accrued FY 2017, Not Yet Paid in Cash | 1,209,341 | 29,091 |
| Prepaid Items | (24,313) | (1,201) |
| Advances In | 22,245 | 0 |

**WOOD COUNTY EDUCATIONAL SERVICE CENTER
WOOD COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Wood County Educational Service Center (the Center's) under programs of the federal government for the year ended June 30, 2017. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Center, it is not intended to and does not present the financial position or changes in net position of the Center.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The Center has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – CHILD NUTRITION CLUSTER

The Center commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Center assumes it expends federal monies first.

NOTE D – FOOD DONATION PROGRAM

The Center reports commodities consumed on the Schedule at the entitlement value. The Center allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Wood County Educational Service Center
Wood County
1867 North Research Drive
Bowling Green, Ohio 43402-8835

To the Governing Board:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wood County Educational Service Center, Wood County, Ohio (the Center) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements and have issued our report thereon dated March 12, 2018.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Center's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Center's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Wood County Educational Service Center
Wood County
1867 North Research Drive
Bowling Green, Ohio 43402-8835

To the Governing Board:

Report on Compliance for the Major Federal Program

We have audited Wood County Educational Service Center, Wood County, Ohio's (the Center) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Wood County Educational Service Center's major federal programs for the year ended June 30, 2017. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Center's major federal program.

Management's Responsibility

The Center's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the Center's compliance for the Center's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Center's major program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on the Major Federal Program

In our opinion, Wood County Educational Service Center complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2017.

Report on Internal Control Over Compliance

The Center's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Center's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
