Independent Accountant's Report on Applying Agreed-Upon Procedures

Dr. Cheryl B. Schrader, President
Wright State University
Dayton, Ohio

We have performed the procedures enumerated below, which were agreed to by management of Wright State University (University), solely to assist you with respect to evaluating whether the accompanying statement of revenues and expenses of the University and the related notes are in compliance with the National Collegiate Athletic Association (NCAA) Bylaw 3.2.4.15 for the year ended June 30, 2018. The University is responsible for evaluating whether the statement of revenues and expenses (Statement) and the related notes are in compliance with those requirements. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and findings obtained are described below.

Statement of Revenues and Expenses

1. We obtained the Statement, as prepared by the Department of Athletics of the University (Athletics), for the year ended June 30, 2018. Wright State University
Notes to Statement of Revenues and Expenses
June 30, 2018

Note 1: Summary of Presentation Policies

The amounts in the accompanying statement of revenues and expenses were obtained from Wright State University's (University) general ledger, which is maintained on an accrual basis. All revenues and expenses directly related to various sports were disclosed as such, except items which were not applicable. The primary purpose of the agreed-upon procedures report is to ensure the president of the University is made aware of all financial activity (both internal and external) for athletics purposes and to assist the University in exercising control over the financial activity made by or on behalf of the intercollegiate athletics program.

Note 2: Property, Plant and Equipment

Capital assets include land, land improvements, infrastructure, buildings, machinery, equipment, software, library books, publications and construction in progress. They are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Building renovations that materially increase the value or extend the useful life of the structure are also capitalized. Normal repairs and maintenance are expensed in the year in which the expenses are incurred. The threshold for capitalizing moveable equipment with an estimated useful life of more than one year is \$5,000. Using the straight-line method, capital assets are depreciated over their estimated useful lives; generally, 40 years for buildings, 30 years for land improvements and infrastructure, 15 years for library books and publications, and 5 to 10 years for machinery and equipment. The University does not capitalize works of art or historical treasures that are held for exhibition, education, research and public service. These collections are not encumbered or sold for financial gain. Consequently, such collections are not recognized in the financial statements. Effective with the fiscal year ended June 30, 2015, the capitalization threshold for the purchase of moveable equipment may be waived when the acquisition is related to a major project. Moveable equipment items attributable to a major project may be capitalized and depreciated over a five-year useful life. A major project is defined as a project in which: (1) the total construction cost (building improvement, land improvement, infrastructure, etc.) is anticipated to be \$100,000 or more and the moveable capital equipment expenditures are expected to be at least \$100,000; or (2) although the construction costs are anticipated to be less than \$100,000, the total project costs, including moveable equipment, are anticipated to be at least \$200,000.

Note 3: Contributions from the Wright State University Foundation, Inc.

The Wright State University Foundation, Inc. (Foundation) receives gifts and contributions that are restricted for the related athletics programs. These funds are used when additional funds are needed for current expenses and/or special projects. Foundation revenues are recorded in the Statement in an amount equal to the amount expended during the fiscal year. There were no amounts greater than 10% of total contributions for athletics.
