CAREERS WITH A PURPOSE

OPPORTUNITIES WITH OHIO'S AUDITOR OF STATE

As the first Certified Public Accountant to serve as Ohio's Auditor of State, I am able to put nearly 20 years of professional experience to work for Ohio's citizens.

The Auditor of State's office offers a career path to those starting out in this profession or to anyone looking to add a fulfilling dimension of public service to their work. I encourage you to consider joining us in our mission to hold government accountable, to fight fraud and abuse and to help public officials make the most efficient use of Ohio tax dollars.

If our staffing needs and high standards match your professional goals and abilities, this is the place where you can begin building a career with a purpose.

OUR OFFICE

The Ohio Auditor of State's office is a nationally recognized leader in the accounting and auditing field, earning prestigious national honors from the Government Finance Officers Association, the National White Collar Crime Center and the National State Auditor's Association. With more than 800 auditors and other professionals, our statewide team serves as the watchdog of more than 5,600 taxpayer-funded government units – an exciting assortment of clients that includes state agencies, cities, counties, townships, villages, schools and universities.

AUDITING and ACCOUNTING

The professional skills of our financial audit team are essential to the Auditor of State's commitment to hold government accountable for the way public dollars are managed and spent. Each year, our staff identifies millions of dollars in wasteful or illegal government spending. Through performance audits and other services, we provide valuable training, consultation and recommendations that help government agencies and school systems operate more efficiently. As a member of our audit team, you can play an integral role in this process, while gaining experience needed for long-term career success.

"It is rewarding to work for an organization that has such a favorable reputation with its clients."

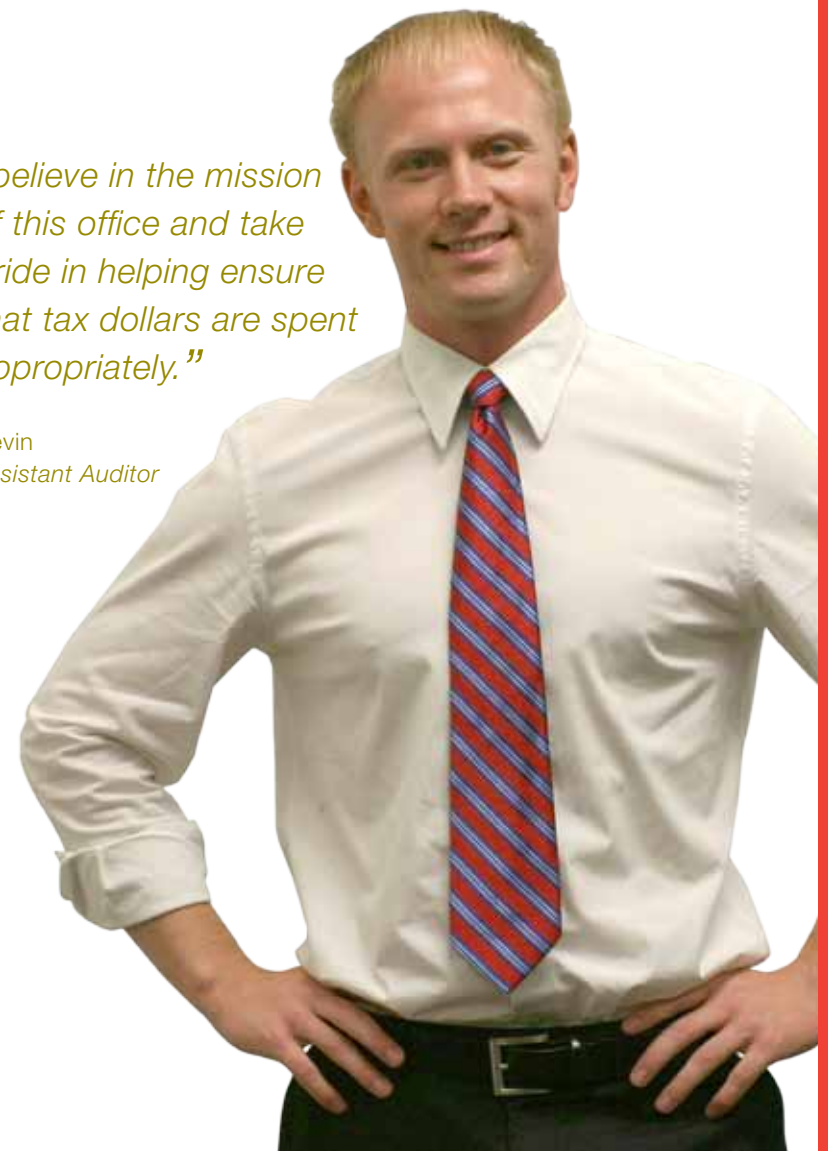

Trisha
Assistant Auditor

FELLOWSHIP INTERN PROGRAM

Fellowship interns help to enhance our success as a public office. The Auditor of State's fellowship intern program is comprised of college students who gain valuable hands-on experience. Each intern works with a team of auditors in one of eight regional offices throughout Ohio. Because of this broad experience, fellowship interns are frequently considered for permanent positions with the Auditor of State's office upon graduation.

"I believe in the mission of this office and take pride in helping ensure that tax dollars are spent appropriately."

Devin
Assistant Auditor

ADDITIONAL OPPORTUNITIES

Auditing is just one component of the Auditor of State's overall mission to ensure accountability and transparency on behalf of Ohio taxpayers. We also lead dozens of criminal investigations each year and help put white-collar criminals behind bars. We also work with local officials to make public records more accessible and we serve as consultants to local governments and school systems facing financial challenges.
